Cautionary Statements Concerning Forward-Looking Statements

This filing, the press release and the Company's statements herein and in the attached press release contain "forward-looking" statements as defined in the Private Securities Litigation Reform Act of 1995. These statements are based on management's current expectations or predictions of future conditions, events or results based on various assumptions and management's estimates of trends and economic factors in the markets in which we are active, as well as our business plans. Words such as "expects", "anticipates", "intends", "plans", "believes", "seeks", "estimates", "projects", "forecasts", "may", "should", variations of such words and similar expressions are intended to identify such forward-looking statements. The forward-looking statements may include, without limitation, statements regarding product development, product potential or financial performance. Our ability to retain an auditor and the impact any change in auditor could have on the timing of our financial reporting constitute "forward-looking" statements that could be subject to change as circumstances may warrant. The forward-looking statements are subject to risks and uncertainties, which may cause results to differ materially from those set forth in the statements. Forward-looking statements in this filing and in the attached press release should be evaluated together with the many uncertainties that affect the business of PDL and its markets, particularly those discussed in the risk factors and cautionary statements contained in the Company's annual report filed with the SEC on March 3, 2014, as updated by subsequent quarterly reports. All forward-looking statements are expressly qualified in their entirety by such factors. The forward-looking statements are representative only as of the date they are made, and PDL assumes no responsibility to update any forward-looking statements, whether as a result of new information, future events or otherwise.
