ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

General

The following information should be read in conjunction with the financial statements and the notes thereto and in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations in our Annual Report on Form 10-K for the fiscal year ended October 31, 2017.

Forward-Looking Statements

This Quarterly Report on Form 10-Q includes forward-looking statements within the meaning of the Private Securities Reform Act of 1995. All statements other than statements of historical fact, including statements regarding future results of operation, made in this Quarterly Report on Form 10-Q are forward-looking statements. We use words such as expects, believes, intends, and similar expressions to identify forward-looking statements. Forward looking-looking statements reflect management's current expectations and are inherently uncertain. Actual results could differ materially for a variety of reasons, including, among others, an adverse outcome in our legal matter with the Federal Trade Commission, competition in our cold weather markets, our inability to secure sufficient funding to maintain and/or expand our current level of operations and the seasonality of our cold weather product line. These risks and uncertainties, as well as other risks and uncertainties that could cause our actual results to differ significantly from management's expectations, are described in greater detail in our Annual Report on Form 10-K for the fiscal year ended October 31, 2017. The Company undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise except as required by law.

Revenues for the three month period ended April 30, 2018 were \$17,163 compared to revenues of \$39,162 for the three month period ended April 30, 2017. The decrease in revenue is attributable to the FTC matter with regard to our House Wrap products as we no longer advertise the insulating quality of these products. The decrease in revenue for our apparel products is attributable, in part, to the fact that we are devoting significant portion of our limited resources to the FTC matter and the fact that this period is normally a slow period for apparel sales on account of the season. See Note 10 of the Notes to the Condensed Financial Statements appearing elsewhere in this Report for a description of our segment products sales. Our net loss for the three month period ended April 30, 2018 was (\$158,023).

Our selling, general and administrative expenses were \$154,888 for the three month period ended April 30, 2018 compared to \$170,741 for the three month period ended April 30, 2017. Professional fees for the period ended April

30, 2018 were \$32,099 compared to \$84,894 for the three month period ended April 30, 2017. The majority of our professional fees relate to the legal fees incurred in connection to the FTC matter. We expect our professional fees to continue to be substantial during the course of this legal matter.

Revenues for the six month period ended April 30, 2018 were \$133,366 compared to revenues of \$208,372 for the six month period ended April 30, 2017. The decrease is caused, by the decrease in our apparel sales and the sales in our House Wrap product line. The apparel sales were adversely affected by warm weather. In December 2016, we voluntarily ceased advertising our House Wrap products as a result of the legal action brought by the Federal Trade Commission ("FTC"). See Note 9 of the Notes to the Condensed Financial Statements appearing elsewhere in this Report for a description of our segment product sales. During the six month period ended April 30, 2018 House Wrap sales totaled \$37,194 in comparison with \$50,511 during the six month period ended April 30, 2017. Our net loss for the six month period ended April 30, 2018 was (\$304,272).

Our selling, general and administrative expenses were \$345,699 for the six months ended April 30, 2018 compared to \$378,212 for the six month period ended April 30, 2017. The decrease was a result, in part, by lower seasonal help

expense and less advertising and promotional expense and a significant decrease in professional fees. We do not expect our seasonal help expense or advertising and promotional expenses to increase in the current fiscal year ending October 31, 2018.

Liquidity and Capital Resources

During the period ended April 30, 2018, we funded our operations from revenues from sales and sale of our common stock. During the three month period ended April 30, 2018 we sold our common stock in private transactions and raised \$105,000 from the sales.

Subsequent to the period, in May we sold our common stock in a private transaction and raised \$5,000. Also, in May we entered into a loan agreement for \$50,000. See Note 12 of the Notes to the Financials Statements appearing elsewhere in this Report.

Short Term: We will continue to fund our operations from sales and the sale of our securities. We continue to pay our creditors when payments are due. We will require more funds to be able to order the material for our INSULTEX products and to purchase equipment needed for the manufacture of the INSULTEX product. The Company reached an agreement with the manufacturer of the INSULTEX material to purchase a machine capable of producing the INSULTEX material. Also included in the proposed agreement will be the propriety formula that creates INSULTEX. The Company took delivery of the equipment in December 2015. The Company will have to have the machine installed and ensure that it can be operated in compliance with all environmental rules and regulations. The Company has not made an estimate of the cost required for bringing the operation of the machine into compliance with the environmental regulations but it is considered to be a substantial amount. We are in the permitting stage relating to environmental issues necessary to begin the installation of the equipment. However, given our current limited financial resources we are not devoting the resources needed to complete the permitting process. The Company has currently made deposits of \$600,000 on the equipment. The Company has incurred \$17,000 of additional expenses related to shipping. The Company will produce INSULTEX under its own brand name. See Note 9 of the Notes to the Condensed Financial Statements.

Long Term: The Company will continue to fund its operations from revenues, borrowings from private parties and the possible sale of our securities. Should we not be able to rely on the private sources for borrowing and /or increased sales, our operations would be severely affected as we would not be able to fund our purchase orders to our suppliers for finished goods and our efforts to produce our own INSULTEX would be delayed.

The Company is engaged in a matter with the Federal Trade Commission. A Form 8-K filed November 4, 2016, describing this matter is incorporated herein by reference.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

During the six-month period ended April 30, 2018, the Company sold 707,250 shares of common stock to three investors for total proceeds of \$216,560. The stock was issued for prices from \$0.25 - \$0.32 per share. In addition, the Company issued 105,000 shares to two individuals for services performed during the period. The shares issued were valued at \$0.18 and \$0.40 per share for a total price of \$29,900. We believe that Section 4(2) of the Securities Act of 1933, as amended, was available because these transactions did not involve a public offering and there was no general solicitation or general advertising involved in these transactions. We placed legends on the stock certificates stating that the securities were not registered under the Securities Act and set forth the restrictions on their transferability and sale.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a smaller reporting company, we are not required to provide the information otherwise required by this Item.

ITEM 4T. CONTROLS AND PROCEDURES

Management has developed and implemented a policy and procedures for reviewing, on a quarterly basis, our disclosure controls and procedures. During the period ended April 30, 2018, our principle executive/financial officer concluded that these controls and procedures were ineffective. At this time we do not have the financial resources to employ a financial staff with accounting and financial expertise. Once we have the necessary financial resources, we plan to hire and designate an individual responsible for identifying reportable developments and to implement procedures designed to remediate the material weakness by focusing additional attention and resources in our internal accounting functions. During the first and second quarters of 2018, the Company was not able to close the books and records in a timely fashion. Consequently, the Company was unable to file its Form 10-Q for the period ended January 31, 2018 and April 30, 2018 within the timeline established by the SEC and was required to seek an extension for filing the form.

INNOVATIVE DESIGNS, INC.

During the most recent fiscal quarter, there were no changes in the Company's internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13(a)-15 or 15d-15 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
