Pre-Paid Legal Announces First Quarter 2005 Financial Results

ADA, OK, April 25, 2005 - Pre-Paid Legal Services, Inc. (NYSE:PPD), announced financial results for the first quarter ended March 31, 2005. Primarily due to an increase in commission expense of \$2.4 million caused by more new memberships sold during the 2005 first quarter and an increase in associate services and direct marketing expenses of \$1.4 million caused by a promotional entry fee during most of the quarter, net income decreased 16% to \$8.9 million from \$10.6 million for the prior year's first quarter. Membership revenues increased 7% to a record \$92.5 million from \$86.8 million for the same period last year. Diluted earnings per share for the quarter decreased 10% to 57 cents per share from 63 cents per share for the prior year's comparable quarter, less than the net income decline due to the 6% decrease in the weighted average

number of outstanding shares.

Given the 16% decline in net income, it is appropriate to review our accounting method to put this in proper perspective. During the 2005 first quarter we had, for the first time in a while, a meaningful increase in both membership production and new sales associates enrolled during the quarter (increase of 258%) from the comparable 2004 period. Commissions increased due to the 11% increase in new membership sales and the 22% increase in "add-on" Identity Theft membership sales during the first quarter of 2005 from the comparable 2004 period. Because we expense commission advances over the first month of the related membership, increases in production will reduce current earnings but, all else equal, this accounting methodology will increase future earnings as the revenues from the increased production are earned and recorded without the corresponding commission expense, which will have already been paid and expensed.

Net cash provided from operating activities for the quarter ended March 31, 2005 remained relatively unchanged at \$17.4 million compared to \$17.0 million for the comparable period of 2004. During the first quarter, the Company repurchased 288,900 shares for \$10.0 million, at an average share price of \$34.50. Since April 1999, the Company has purchased more than 9.4 million shares at a cost of \$220.8 million, or an average share cost of \$23.58 reducing the number of outstanding shares by more than 35% to 15.4 million shares outstanding. In addition, the Company paid or declared cash dividends of \$12.4 million. At March 31, 2005, the Company owed \$23.6 million on its stock purchase loan and \$17.0 million on its loan for its new office construction and had unpledged cash and investment balances exceeding \$46 million.

First quarter 2005 membership fees increased 1% to \$92.5 million from \$91.3 million for the fourth quarter of 2004. Associate services revenues increased during the 2005 first quarter by approximately \$748,000 to \$7.0 million from \$6.3 million for the 2004 fourth quarter and associate services and direct marketing expenses increased by \$1.4 million during the same period. Membership benefits totaled \$32.7 million in the first quarter of 2005 compared to \$31.4 million for the 2004 fourth quarter and represented 35% and 34%, respectively, of membership fees for the two periods. Commissions to associates totaled \$31.7 million in the 2005 first quarter compared to \$29.8 million for the 2004 fourth quarter and represented 34% and 33%, respectively, of membership fees for the two periods. General and administrative expenses decreased during the 2005 first quarter to \$11.1 million compared to \$11.7 million for the 2004 fourth quarter and represented 12% and 13%, respectively, of membership fees for the two periods.
