Tax Redemption

The Notes may be redeemed, at the option of the Issuer, as a whole but not in part, at any time prior to maturity, upon the giving of a notice of redemption as described below if the Issuer determines that, as a result of any change in or amendment to the laws (or any regulations or rulings promulgated thereunder) of the United States or of any political subdivision or taxing authority thereof or therein affecting taxation, or any change in official position regarding the application or interpretation of such laws, regulations or rulings, which change or amendment becomes effective on or after the Original Issue Date, the Issuer has or will become obligated to pay Additional Amounts with respect to such Notes as described under "Additional Information -- Payment of Additional Amounts" below. then due and payable. However, the Issuer will not be required to make any payment of Additional Amounts to any such holder for or on account of:

(a) any such tax, assessment or other governmental charge which would not have been so imposed but for (i) the existence of any present or former connection between such holder (or between a fiduciary, settlor, beneficiary, member or shareholder of such holder, if such holder is an estate, a trust, a partnership or a corporation) and the United States, including, without limitation, such holder (or such fiduciary, settlor, beneficiary, member or shareholder) being or having been a citizen or resident thereof or being or having been engaged in a trade or business or present therein or having, or having had, a permanent establishment therein or (ii) the presentation by the holder of any such Note for payment on a date more than 15 days after the date on which such payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;

(b) any estate, inheritance, gift, sales, transfer or personal property tax or any similar tax, assessment or governmental charge;

(c) any tax, assessment or other governmental charge which is payable otherwise than by withholding from payments on or in respect of any Note;

(d) any tax, assessment or other governmental charge which would not have been imposed but for the failure to comply with certification, information or other reporting requirements concerning the nationality, residence or identity of the holder or beneficial owner of such Note, if such compliance is required by statute or by regulation of the United States or of any political subdivision or taxing authority thereof or therein as a precondition to relief or exemption from such tax, assessment or other governmental charge;

(e) any tax, assessment or other governmental charge imposed by reason of such holders past or present status as the actual or constructive owner of 10% or more of the total combined voting power of all classes of stock entitled to vote of the Issuer or as a direct or indirect affiliate of the Issuer;

(f) any tax, assessment or other governmental charge required to be deducted or withheld by any Trustee from a payment on a Note or coupon, if such payment can be made without such deduction or withholding by any other Trustee;

(g) any tax, duty, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal of, or interest on, any Note, if such payment can be made without such withholding by any other paying agent in a member state of the European Union; or

(h) any tax, duty, assessment or other governmental charge required to be imposed or withheld on a payment to an individual and such deduction or withholding is required to be made pursuant to any European Union Directive on the taxation of savings or any law implementing or complying with, or introduced in order to conform to, such Directive; or

nor shall Additional Amounts be paid with respect to any payment on a Note to a United States Alien Holder who is a fiduciary or partnership or other than the sole beneficial owner of such

payment to the extent such payment would be required by the laws of the United States (or any political subdivision thereof) to be included in the income, for tax purposes, of a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner who would not have been entitled to the Additional Amounts had such beneficiary, settlor, member or beneficial owner been the holder of the Note.

The term "United States Alien Holder" means any holder of a Note who is not a United States Person. As used herein, a "United States Person" means (i) a citizen or resident of the United States, (ii) a corporation, partnership or other entity created or organized in or under the laws of the United States or any political subdivision thereof, (iii) an estate the income of which is subject to United States federal income taxation regardless of its source, or (iv) a trust if a court within

the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust or if such trust has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

#### Non-U.S. Holders

The interest income that a non-resident alien individual or a foreign corporation (a "non-U.S. holder") derives in respect of the Notes generally will be exempt from United States federal withholding tax. This exemption will apply to a non-U.S. holder provided that:

- a. it does not actually or constructively own 10 percent or more of the combined voting power of all classes of the stock of the Issuer and the non-U.S. holder is not a controlled foreign corporation that is related, directly or indirectly, to the Issuer through stock ownership; and
- b. the beneficial owner provides a statement (generally, an Internal Revenue Service Form W-8BEN) signed under penalties of perjury that includes its name and address and certifies that it is a non-U.S. person in compliance with applicable requirements (or satisfies certain documentary evidence requirements for establishing that it is a non-U.S. person).

Any gain a non-U.S. holder realizes on a sale, exchange or other disposition of the Notes generally will be exempt from United States federal income tax, including withholding tax. This exemption will not apply if the gain of a non-U.S. holder is effectively connected with its conduct of a trade or business in the United States or it is an individual holder and is present in the United States for 183 days or more in the taxable year of the disposition and either its gain is attributable to an office or other fixed place of business that it maintains in the United States or if it

has a tax home in the United States.

Dated November 20, 2006 (Originally dated November 15, 2006)

Registration Statement No. 333-132807

For the purposes of a Note held by an entity that is treated as fiscally transparent (for example, a partnership) for U.S. federal income tax purposes, the beneficial owner means each of the ultimate beneficial owners of the entity.

#### Information Reporting and Backup Withholding

The paying agent must file information returns with the Internal Revenue Service in connection with payments made on the Notes to certain U.S. holders. A U.S. holder will not generally be subject to United States backup withholding tax on such payments if it provides its tax taxpayer identification number to the paying agent and certifies under penalties of perjury that it has provided the correct taxpayer identification number, it is not subject to back-up withholding, and

it is a U.S. person (including a U.S. registered person). It may also be subject to information reporting and backup withholding tax requirements with respect to the proceeds from a sale of the Notes. A non-U.S. holder may have to comply with certification procedures to establish its non-U.S. status in order to avoid information reporting and backup withholding tax requirements. The certification procedures required to claim the exemption from withholding tax on interest income will satisfy these requirements. The amount of any backup withholding from a payment to a holder may be allowed as a credit against the holders U.S. federal income tax liability and may

entitle the holder to a refund, provided that the required information is furnished to the Internal Revenue Service, as more fully set out in the Prospectus Supplement.

#### General

At September 30, 2006, the Issuer had outstanding indebtedness totaling \$398.803 billion, consisting of notes payable within one year, senior notes payable after one year and subordinated notes payable after one year. The total amount of outstanding indebtedness at September 30, 2006, excluding subordinated notes payable after one year, was equal to \$394.061 billion.

#### Consolidated Ratio of Earnings to Fixed Charges

The information contained in the Prospectus under the caption "Consolidated Ratio of Earnings to Fixed Charges" is hereby amended in its entirety, as follows:

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

<u>Year Ended December 31</u>					<u>Nine Months Ended</u>
<u>2001</u>	<u>2002</u>	<u>2003</u>	<u>2004</u>	<u>2005</u>	<u>September 30, 2006</u>
1.56	1.62	1.71	1.82	1.66	1.62

For purposes of computing the consolidated ratio of earnings to fixed charges, earnings consist of net earnings adjusted for the provision for income taxes, minority interest and fixed charges.

Fixed charges consist of interest and discount on all indebtedness and one-third of rentals, which the Issuer believes is a reasonable approximation of the interest factor of such rentals.
