Item 8.01 Other Events.

General Electric Capital Corporation (GECC) is filing this Form 8-K to update financial information in the Company's Annual Report on Form 10-K for the year ended December 31, 2011 (2011 10-K) to reflect our revised financial information and disclosures as a result of our merger with our former parent, General Electric Capital Services, Inc. (GECS).

As described in our Form 8-K filed February 22, 2012, we completed our previously announced merger (the "Merger") with our direct parent company, GECS, pursuant to which GECS merged with and into GECC. The Merger was implemented pursuant to the Agreement and Plan of Merger, dated as of January 19, 2012, by and between GECC and GECS (the "Merger Agreement"). Pursuant to the terms of the Merger Agreement, GECC is the surviving corporation and has succeeded to and assumed all GECS's rights and obligations and GECC is now wholly-owned directly by General Electric Company ("GE"). At the effective time of the Merger, GECS's subsidiaries, other than GECC (into which GECS was merged), became subsidiaries of GECC. GECC's continuing operations now include the run-off insurance operations previously held and managed in our former parent, GECS, and which are reported in corporate items and eliminations. The operating businesses that are reported as segments, including Commercial Lending and Leasing (CLL), Consumer, Real Estate, Energy Financial Services and GE Capital Aviation Services (GECAS), are not affected by the merger.

Because both GECS and GECC were wholly-owned either directly or indirectly by GE, the merger was accounted for as a transfer of assets between entities under common control. Transfers of net assets or exchanges of shares between entities under common control are accounted for at historical value, and as if the transfer occurred at the beginning of the period. Prior periods are retrospectively adjusted to furnish comparative information. As a result, GECC is providing revised consolidated financial statements to include the financial results of GECS for all periods presented.

In addition, during the first quarter of 2012, we announced the planned disposition of the Consumer mortgage lending business in Ireland. This disposition is reported as a discontinued operation, which requires retrospective restatement of prior periods to classify the assets, liabilities and operations of these businesses as discontinued operations.

This report is being filed solely for the purpose described above. The following exhibits filed with this Form 8-K and incorporated herein by reference update and supersede those portions of our 2011 10-K that are most affected by our recent merger.

Other information in our 2011 10-K has not been updated for events or developments that occurred subsequent to the filing of the 2011 10-K with the U.S. Securities and Exchange Commission. For additional information related to developments since the filing of the 2011 10-K, please refer to the Company's Quarterly Report on Form 10-Q for the period ended March 31, 2012 and the Company's Forms 8-K filed since the filing of the 2011 10-K. The information in this Form 8-K, including the exhibits, should be read in conjunction with the 2011 10-K and subsequent SEC filings.

Forward-Looking Statements

This document contains “forward-looking statements” – that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance and financial condition, and often contain words such as “expect,” “anticipate,” “intend,” “plan,” “believe,” “seek,” “see,” or “will.” Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, particular uncertainties that could cause our actual results to be materially different than those expressed in our forward-looking

statements include: current economic and financial conditions, including volatility in interest and exchange rates, commodity and equity prices and the value of financial assets; potential market disruptions or other impacts arising in the United States or Europe from developments in the European sovereign debt situation; the impact of conditions in the financial and credit markets on the availability and cost of our funding and on our ability to reduce our asset levels as planned; the impact of conditions in the housing market and unemployment rates on the level of commercial and consumer credit defaults; changes in Japanese consumer behavior that may affect our estimates of liability for excess interest refund claims (Grey Zone); pending and threatened litigation against WMC, including increased activity by securitization trustees; our ability to maintain our current credit rating and the impact on our funding costs and competitive position if we do not do so; our plan to resume dividends to our parent, General Electric Company, which is subject to Federal Reserve review; the level of demand and financial performance of the major industries we serve, including, without limitation, air transportation, real estate and healthcare; the impact of regulation and regulatory, investigative and legal proceedings and legal compliance risks, including the impact of financial services regulation; strategic actions, including acquisitions, joint ventures and dispositions and our success in completing announced transactions and integrating acquired businesses; the impact of potential information technology or data security breaches; and numerous other matters of national, regional and global scale, including those of a political, economic, business and competitive nature. These uncertainties may cause our actual future results to be materially different than those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.
