Item 2.01 Completion of Acquisition or Disposition of Assets.

Spectrum Pharmaceuticals, Inc. (the “Company”) previously announced on January 17, 2019, that it had entered into an agreement, by and among Acrotech Biopharma LLC, a Delaware limited liability company (the “Buyer”), Aurobindo Pharma USA, Inc., a Delaware corporation (the “Parent Guarantor”), and the Company (the “Purchase Agreement”). Pursuant to the Purchase Agreement the Buyer would acquire certain assets and liabilities related to various hematology/oncology products of the Company, including BELEODAQ®, EVOMELA®, FOLOTYN®, MARQIBO®, FUSILEV®, KHAPZORY™ and ZEVALIN® (the “Product Portfolio”). The Purchase Agreement also required the Buyer to make offers of employment to certain employees of the Company that provide services relating to the Product Portfolio, as further discussed below.

On March 1, 2019, the Company completed this previously announced sale under the terms of the Purchase Agreement (the “Completed Transaction”); consequently, the Company received an upfront cash payment of \$158.8 million from the Buyer, of which \$4 million will be held in escrow for six months to settle potential liabilities, as defined in the Purchase Agreement. The Company is also entitled to receive additional contingent milestone payments of up to \$140 million from the Buyer. These contingent milestone payments are triggered upon the achievement of certain milestones, including the receipt of certain U.S. Food and Drug Administration regulatory approvals related to MARQIBO® and the achievement of certain net sales targets related to MARQIBO® and KHAPZORY™ by the Buyer. The milestones must be achieved within the five-year period following March 1, 2019. Additionally, on March 1, 2019, under the terms of the Purchase Agreement, 89 then-Company employees were (or will be) terminated within 90 days. However, the majority of these individuals have transitioned to the Buyer as its new employees, concurrent with the Completed Transaction. The Company has retained a core group of commercial leadership talent for the future launches of ROLONTIS® and poziotinib.

The Company intends to use the proceeds from the Completed Transaction to advance and expand its in-development drug pipeline, as well as providing for general working capital requirements.

Item 8.01 Other Events
