PROXY STATEMENT
for
Annual Meeting of Shareholders

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

To Be Held October 28, 2010

INTRODUCTION

Your proxy (the "Proxy") is solicited by the Board of Directors of Techne Corporation (the "Company") for use at the Annual Meeting of Shareholders to be held on October 28, 2010 and at any adjournment thereof, for the purposes set forth in the attached Notice of Annual Meeting. A Notice of Internet Availability of Proxy Materials was mailed to certain shareholders on or about September 14, 2010. For the remaining shareholders and shareholders who had previously requested hard copies, the Notice of Annual Meeting, Proxy Statement, 2010 Annual Report to Shareholders and proxy card are being mailed on or about September 21, 2010.

If you are a shareholder of record, you can vote in person at the annual meeting or by Proxy. There are two ways to vote by Proxy. You can vote over the Internet at www.proxyvote.com or if you received your proxy materials by mail, you can vote by mail by completing, signing and dating the enclosed proxy card and returning it promptly in the envelope provided.

The cost of soliciting Proxies, including preparing, assembling and mailing the Proxies and soliciting material, will be borne by the Company. Directors, officers and regular employees of the Company may, without compensation other than their regular compensation, solicit Proxies personally or by telephone.

Proxies not revoked will be voted in accordance with the choice specified by shareholders by means of the ballot provided on the Proxy for that purpose. Proxies which are signed but which lack any such specification will, subject to the following, be voted in favor of the proposals set forth in the Notice of Annual Meeting and in favor of the number and slate of directors proposed by the Nominations and Governance Committee of the Board of Directors and listed herein. If a shareholder abstains from voting as to any matter, then the shares held by such shareholder shall be deemed present at the meeting for purposes of determining a quorum and for purposes of calculating the vote with respect to such matter, but shall not be deemed to have been voted in favor of such matter. Abstentions, therefore, as to any proposal, other than election of directors, will have the same effect as votes against such proposal. If a shareholder withholds authority to vote for a particular director nominee, such withheld authority will not count as an affirmative vote for such nominee. Assuming that a quorum is present and proposal one is approved by shareholders, the nine candidates for election that receive a plurality of the vote of the shares present and entitled to vote in the affirmative will be elected. If a quorum is present and proposal one is not approved by shareholders, the eight candidates for election that receive a plurality of the vote of the shares present and entitled to vote in the affirmative will be elected. If a broker returns a "non-vote" Proxy, indicating a lack of voting instruction by the beneficial holder of the shares and a lack of discretionary authority on the part of the broker to vote on a particular matter, then the shares covered by such non-vote shall not be deemed present at the meeting for purposes of determining a quorum and shall not be deemed to be represented at the meeting for purposes of calculating the vote required for approval of such matter. You may revoke your Proxy by sending a written statement to that effect to the Corporate Secretary of the Company, submitting a properly signed proxy card with a later date, or filing a notice of termination of your Proxy and voting in person at the Annual Meeting. If you need directions to the Annual Meeting, please contact the Company at 612-379-8854. The mailing address of the Company's principal executive office is 614 McKinley Place N.E., Minneapolis,

PROPOSAL NO. 3: 2010 EQUITY INCENTIVE PLAN

The Company is asking its shareholders to approve the Company's 2010 Equity Incentive Plan (the "2010 Plan") under which 3,000,000 shares of the Company's Common Stock will be reserved for issuance. The Board has approved the 2010 Plan, subject to approval from shareholders at the Annual Meeting. Our named executive officers have an interest in this proposal.

The Company designed the 2010 Plan to facilitate the continued use of incentive and nonqualified stock option awards, which are currently provided under separate plans, and to permit the use of other types of awards. The 2010 Plan will replace the 1997 Incentive Stock Option Plan (the "1997 Plan"), which permitted awards of incentive stock options, and the 1998 Nonqualified Stock Option Plan (the "1998 Plan"), which permitted awards of nonqualified stock options. Consequently, the 2010 Plan will permit awards of both incentive and nonqualified stock options, as well as awards of restricted stock, restricted stock units, performance shares, performance units and stock appreciation rights (collectively referred to as an "Award" or "Awards").

The Board of Directors intends that all future options will be granted under the 2010 Plan. Therefore, if the shareholders approve the 2010 Plan, no further options will be granted under either the 1997 Plan or the 1998 Plan; however, any options outstanding under these plans will remain subject to their terms and conditions. In addition, any shares reserved for the 1997 Plan or the 1998 Plan not currently subject to outstanding options or not issued upon the exercise of such options will not be used for the grant of any future options. The 1997 Plan currently has 126,797 shares reserved for options currently outstanding and 2,322,089 shares available for grant. The 1998 Plan currently has 307,170 shares reserved for options currently outstanding and 749,688 shares available for grant. If the shareholders do not approve the 2010 Plan, future stock options will continue to be granted under the 1997 Plan and the 1998 Plan.

Description of Plan

A general description of the 2010 Plan is set forth below, but this description is qualified in its entirety by reference to the full text of the 2010 Plan, a copy of which is attached as Appendix A to this proxy statement.

Purpose. The purpose of the 2010 Plan is to promote the success of the Company by facilitating the employment and retention of competent personnel and by furnishing incentives to officers, directors, employees, consultants and advisors upon whose efforts the success of the Company will depend to a large degree.

Administration. The 2010 Plan is administered by the Board of Directors or a committee appointed by the Board (the "Administrator"). Any committee appointed by the Board to administer the 2010 Plan shall consist of at least two non-employee directors (as defined in Rule 16b-3, or any successor provision, of the General Rules and Regulations under the Securities Exchange Act of 1934). Currently, the Board has appointed the Executive Compensation Committee (the "Committee") to administer the 2010 Plan.

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

The 2010 Plan gives broad powers to the Administrator to administer and interpret the 2010 Plan, including the authority: (i) to establish rules for the administration of the 2010 Plan; (ii) to select the individuals to be granted Awards ("Participants"); and (iii) to prescribe the particular form and conditions of each Award granted.

Term. Incentive stock options may be granted under the 2010 Plan for a period of 10 years from the date of adoption of the 2010 Plan by the Board. Other Awards may be granted pursuant to the Plan from time to time after the effective date of the Plan and until the Plan is discontinued or terminated by the Administrator.

Eligibility. All officers, directors, employees, consultants and advisors of the Company or any affiliate are eligible to receive Awards pursuant to the 2010 Plan. As of September 3, 2010, the Company and its subsidiaries had approximately 730 employees (of which three are named executive officers) and eight non-employee directors.

7

Shares Available. The maximum aggregate number of shares of Common Stock reserved and available for Awards to Participants is 3,000,000. If any Awards granted under the 2010 Plan expire or terminate prior to exercise or otherwise lapse, or if any Awards are settled in cash, the shares subject to such portion of the Award are available for subsequent grants of Awards. Further, shares of stock used to pay the exercise price under any Award or used to satisfy any tax withholding obligation attributable to any Award, whether withheld by the Company or tendered by the Participant, will continue to be reserved and available for Awards granted under the 2010 Plan.

The total number of shares and the exercise price per share of Common Stock that may be issued pursuant to outstanding Awards are subject to adjustment by the Board upon the occurrence of a stock dividend, stock split, consolidation, or a similar event in which the Company receives no consideration. The Board may also provide for the protection of Participants in the event of a merger, liquidation, reorganization, divestiture (including a spin-off) or similar transaction.

Amendment. The Board may from time to time suspend or discontinue the 2010 Plan or revise or amend it in any respect; provided, however, that no such revision or amendment may impair the terms and conditions of any outstanding Award to the material detriment of the Participant without the consent of the Participant except as authorized in the event of merger, consolidation or liquidation of the Company. Further, the 2010 Plan may not, without any required approval of the shareholders, be amended in any manner that will (a) materially increase the number of shares subject to the 2010 Plan except as provided in the case of stock splits, consolidations, stock dividends or similar events; (b) change the designation of the class of employees eligible to receive Awards; (c) decrease the price at which options will be granted; (d) materially increase the benefits accruing to Participants under the 2010 Plan; or (e) cause incentive stock options to fail to meet the requirements of Code Section 422.

Types of Awards Available Under the Plan

Options. Options granted under the 2010 Plan may be either "incentive" stock options within the meaning of Section 422 of the Internal Revenue Code (the "Code") or "nonqualified" stock options that do not qualify for special tax treatment of Code Section 422.

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

When an option is granted under the 2010 Plan, the Administrator, in its discretion, specifies the option price and the number of shares of Common Stock which may be purchased upon exercise of the option. However, the exercise price of an incentive stock option may not be less than 100% of the fair market value of the Company's Common Stock on the date of grant, or 110% of the fair market value of the Company's Common Stock on the date of grant if granted to a 10% or greater Company shareholder. The exercise price of a nonqualified stock option also may not be less than the fair market value of the Company's Common Stock on the date of grant, unless otherwise determined by the Administrator. The closing sale price of the Company's Common Stock as reported by Nasdaq on September 3, 2010 was \$60.00 per share.

The Administrator will establish the term during which the option may be exercised and whether the option will be exercisable immediately, in stages or otherwise; provided, however, that the term of an incentive stock option generally may not exceed ten years from the date of grant. Moreover, the Administrator may also determine the effect that the termination of a Participant's relationship with the Company may have on the exercisability of an option. Each incentive or nonqualified stock option granted under the 2010 Plan is generally nontransferable during the lifetime of the Participant; however, a nonqualified stock option may, if permitted by the Administrator, be transferred to certain family members, family limited partnerships and family trusts.

Participants may pay for shares upon exercise of options in cash, with a personal or certified check, with Common Stock of the Company valued at the stock's then fair market value, or through a broker-assisted cashless exercise.

In no event may a Participant be granted stock options or stock appreciation rights covering in the aggregate more than 100,000 shares of Common Stock, subject to adjustment as described above; provided, however, that a share of stock subject to a stock appreciation right that is granted in tandem with an option shall count as one share against this limitation. In addition, each non-employee director will automatically be granted a nonqualified stock option to purchase 5,000 shares of Common Stock on the date of such director's election or re-election to the Board, which option will be immediately exercisable in full.

8

Restricted Stock Awards and Restricted Stock Unit Awards. The 2010 Plan also permits awards of restricted stock and restricted stock units. The Administrator will determine the number of shares covered by each restricted stock and restricted stock unit award granted under the 2010 Plan, and may also, in its discretion, establish continued employment, achievement of performance criteria, or other conditions that must be satisfied for the risks of forfeiture on restricted stock and restricted stock units to lapse. A restricted stock award or restricted stock unit award may not be transferred by a Participant until the risks of forfeiture have lapsed. Restricted stock units may be paid in cash or in shares of the Company's Common Stock, or any combination thereof, in the Administrator's discretion.

In no event shall a Participant be granted restricted stock awards, or, to the extent payable in or measured by the value of shares of Common Stock, restricted stock unit awards during any fiscal year of the Company covering in the aggregate more than 100,000 shares of Common Stock, subject to adjustment as described above.

Performance Share Awards and Performance Unit Awards. The Administrator

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

is also authorized to grant performance share and performance unit awards under the 2010 Plan. Performance share awards generally provide the Participant with the opportunity to receive shares of the Company's Common Stock and performance units generally provide recipients with the opportunity to receive cash awards, but only if certain performance criteria are achieved over specified performance periods. A performance share award or performance unit award may not be transferred by a Participant except by will or the laws of descent and distribution. To the extent payable in or measured by the value of shares of Common Stock, in no event shall a Participant be granted performance awards during any fiscal year of the Company covering in the aggregate more than 100,000 shares of Common Stock.

Stock Appreciation Rights. The 2010 Plan permits awards of stock appreciation rights, which may be granted independent of or in tandem with a previously or contemporaneously granted stock option, as determined by the Administrator. The Administrator will determine the term of the stock appreciation right and how it will become exercisable. Generally, upon the exercise of a stock appreciation right, the Participant will receive cash, shares of Common Stock, or some combination thereof, having a value equal to the excess of (i) the fair market value of a specified number of shares of the Company's Common Stock, over (ii) a specified exercise price. If the stock appreciation right is granted in tandem with a stock option, the exercise of the stock appreciation right will generally cancel a corresponding portion of the option, and, conversely, the exercise of the stock option will cancel a corresponding portion of the stock appreciation right. A stock appreciation right may not be transferred by a Participant except by will or the laws of descent and distribution. In no event shall a Participant be granted options or stock appreciation rights during any fiscal year of the Company covering in the aggregate more than 100,000 shares of Common Stock, subject to adjustment as provided above; provided, however, that a share of stock subject to stock appreciation right that is granted in tandem with an option shall count as one share against this limitation.

Federal Income Tax Consequences of the Plan

Options. Nonqualified stock options granted under the 2010 Plan are not intended to and do not qualify for favorable tax treatment available to incentive stock options under Code Section 422. Generally, no income is taxable to the Participant (and the Company is not entitled to any deduction) upon the grant of a nonqualified stock option. When a nonqualified stock option is exercised, the Participant generally must recognize compensation taxable as ordinary income equal to the difference between the option price and the fair market value of the shares on the date of exercise. The Company normally will receive a deduction equal to the amount of compensation the Participant is required to recognize as ordinary income and must comply with applicable tax withholding requirements.

9

Incentive stock options granted under the 2010 Plan are intended to qualify for favorable tax treatment to the Participant under Code Section 422. Under Code Section 422, no taxable income is reportable by the Participant when the incentive stock option is granted. Moreover, if the Participant has been an employee of the Company at all times from the date of grant until three months before the exercise date, the Participant generally will recognize no taxable income when the incentive stock option is exercised. The alternative minimum tax may be applicable in the year of exercise, however, depending upon the Participant's individual circumstances. If the Participant does not dispose of shares acquired upon exercise for a period of two years from the grant date and one year after the exercise date,

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

the Participant will report any gain upon sale of the shares as capital gain. However, if the Participant disposes of the shares prior to expiration of the two- or one-year holding periods described above, the Participant will be deemed to have received compensation taxable as ordinary income in the year of the early sale in an amount equal to the lesser of the difference between the fair market value of the Company's Common Stock on the date of exercise (or the sale price, if less) and the exercise price of the shares.

The Company ordinarily is not entitled to any income tax deduction upon the grant or exercise of an incentive stock option, but may be entitled to an income tax deduction in an amount equal to the ordinary income recognized by the Participant in the event of an early sale of shares.

Restricted Stock Awards. Generally, no income is taxable to the Participant in the year a restricted stock award is granted. Instead, the Participant will recognize compensation taxable as ordinary income equal to the fair market value of the shares in the year in which the transfer restrictions lapse. Alternatively, if the Participant makes a "Section 83(b) Election," the Participant will, in the year that the restricted stock award is granted, recognize compensation taxable as ordinary income equal to the fair market value of the shares on the date the restricted stock award is granted. Unless limited by Code Section 162(m), as discussed below, the Company generally will receive a deduction equal to the amount of compensation the Participant is required to recognize as ordinary taxable income, and must comply with applicable tax withholding requirements.

Restricted Stock Unit Awards. A Participant will recognize compensation taxable as ordinary income equal to the value of the shares of Common Stock or cash received in the year that the restricted stock units vest. Unless limited by Code Section 162(m), as discussed below, the Company generally will receive a deduction equal to the amount of compensation the Participant is required to recognize as ordinary taxable income, and must comply with applicable tax withholding requirements.

Performance Share and Performance Unit Awards. A Participant will recognize compensation taxable as ordinary income equal to the value of the shares of Common Stock or the cash received, as the case may be, in the year that the Participant receives payment. Unless limited by Code Section 162(m), as discussed below, the Company generally will receive a deduction equal to the amount of compensation the Participant is required to recognize as ordinary taxable income, and must comply with applicable tax withholding requirements.

Stock Appreciation Rights. Generally, a Participant will recognize compensation taxable as ordinary income equal to the value of the shares of Common Stock or the cash received in the year that the stock appreciation right is exercised. Unless limited by Code Section 162(m), as discussed below, the Company generally will receive a deduction equal to the amount of compensation the Participant is required to recognize as ordinary taxable income, and must comply with applicable tax withholding requirements.

Section 162(m) of the Code

Special rules limit the deductibility of compensation paid to the Company's Chief Executive Officer and to each of the Company's three other most highly compensated executive officers (excluding the Chief Financial Officer). Under Section 162(m) of the Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, the Company can preserve the deductibility of certain compensation in excess of \$1,000,000 for performance-based compensation if the conditions of Section 162(m) are met.

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

These conditions include (i) obtaining shareholder approval of the Plan; (ii) placing limits on the size of Awards an individual can receive; and (iii) establishing performance criteria that must be met before the Award will vest or be paid. The Plan has been designed to permit the Plan Administrator to grant certain awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting the Company to continue to receive a federal income tax deduction in connection with such awards.

10

For purposes of the 2010 Plan, the performance criteria that must be met before an Award will vest or be paid may be any one or more of the following performance criteria, or derivations of such performance criteria, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or subsidiary, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Committee: (i) revenue, (ii) net income, (iii) earnings per share, (iv) return on equity, (v) return on assets, (vi) increase in revenue, (vii) increase in share price or earnings, (viii) return on investment, or (ix) increase in market share. The performance goal applicable to an Award will be selected by the Committee and established not later than 90 days after the commencement of the period of service to which the performance goal relates, and while the outcome is substantially uncertain; provided, however, that no performance goal shall be established after 25% of the period of service has elapsed. The Committee shall certify the extent to which any performance goal has been satisfied, and the amount payable as a result thereof, prior to the payment, settlement or vesting of any Award that is intended to satisfy the requirements of Code Section 162(m). In determining the amounts earned by a Participant pursuant to such an Award, the Committee, in its discretion, will have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance on a formula or discretionary basis, or any combination thereof.

By approving the 2010 Plan, shareholders will be approving, among other things, the eligibility requirements for participation by employees in the 2010 Plan; the performance criteria on which specific goals applicable to certain Awards would be based; and the limits on the number of shares which may be awarded to Participants under the 2010 Plan.

Awards to be Granted

Awards under the 2010 Plan are subject to the Administrator's discretion, and, therefore, future grants of Awards and the number of Awards that a Participant may receive cannot be determined at this time. As of September 3, 2010, no Awards have been granted under the 2010 Plan.

Vote Required

Approval of the 2010 Plan requires the affirmative vote of the holders of the greater of (1) a majority of the voting power of the shares represented in person or by proxy at the Annual Meeting with authority to vote on such matter or (2) a majority of the voting power of the minimum number of shares that would constitute a quorum for the transaction of business at the Annual Meeting. The effect of an abstention is the same as that of a vote against the proposal. Unless you indicate otherwise, your proxy will vote "FOR" the

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

proposal. THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE PROPOSAL.

CORPORATE GOVERNANCE

Code of Ethics and Business Conduct and Financial Fraud Hotline

The Company has adopted a Code of Ethics and Business Conduct, which is applicable to all directors, officers and employees of the Company. A copy is available for review at the Company's website, www.techne-corp.com. The Company sponsors a financial fraud hotline that is available to all employees, is operated on a confidential basis by a third party, and is supervised with full powers of investigation by the Audit Committee of the Board of Directors.

Board Independence

The Board has determined that all of the Company's non-employee directors are "independent" as such term is defined in applicable law and regulations of the Securities and Exchange Commission and Nasdaq. Mr. Oland is not independent based on his service as the Company's Chief Executive Officer and President. In making its independence determinations, the Board reviewed transactions and relationships between the director, or any member of his or her immediate family, and the Company and its subsidiaries based on information provided by the director, Company records and publicly available information.

Board Leadership Structure

Currently, the Company's Chief Executive Officer, Mr. Oland, also serves as Chairman of the Board of Directors. The Company's Board has determined that this structure is the most effective leadership structure for the Company. The Board believes that Mr. Oland is the director best situated to identify strategic opportunities for the Company and to focus the activities of the Board due to his full-time commitment to the business and his long tenure with the Company. The Board also believes that Mr. Oland's dual roles as Chairman of the Board and Chief Executive Officer promotes effective execution of the Company's business strategy and facilitates information flow between management and the Board. The Board has determined that maintaining the independence of a majority of directors helps maintain the Board's independent oversight of management and ensures that the appropriate level of independence is applied to all Board decisions. In addition, The Audit, Executive Compensation and Nominations and Governance Committees each consist entirely of independent directors.

In July 2010, the Board appointed Mr. Howard O'Connell to be the Lead Director. Mr. O'Connell has been a member of the Board since 1985. His duties and responsibilities are determined by the Nominations and Governance Committee of the Board, and include, but are not limited to, presiding at executive sessions of the Board and working with the Chairman to set Board agendas.

Risk Oversight

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

Risk is an integral part of Board and committee deliberations throughout the year. The Company's Board administers its risk oversight function directly and through its committees. The Audit Committee has oversight responsibility with respect to the Company's financial risk assessment and financial risk management. The Audit Committee meets regularly with management and the Company's independent auditors to review the Company's risk exposures, the potential financial impact those risks may have on the Company, the steps management takes to address those risks, and how management monitors emerging risks. With respect to the Company's compensation plans and programs, the Executive Compensation Committee structures such plans and programs to balance risk and reward, while mitigating the incentive for excessive risk taking by the Company's officers and employees. The Executive Compensation Committee has concluded that the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. The Nominations and Governance Committee oversees the management of risks associated with the composition and independence of the Company's Board. The full Board has oversight responsibility for all other risks, such as strategic, technology and operational risks,

12

Directors' Meetings and Committees

The Board has scheduled meetings each quarter prior to the Company's quarterly earnings release and may from time-to-time hold additional meetings. During fiscal 2010, the Board held four meetings. While a director during fiscal 2010, each director attended 75% or more of the total number of meetings of the Board and of Committees of which he or she was a member. Executive sessions of independent directors, meetings of outside directors without any member of management present, are held in conjunction with regularly scheduled meetings of the Board. It is the policy of the Company that all directors should attend the Company's annual meeting of shareholders. All then incumbent members did attend the annual meeting in 2009.

The Company's Board of Directors has three standing Committees, the Audit Committee, the Executive Compensation Committee and the Nominations and Governance Committee. All members of all Committees are "independent" as such term is defined in applicable law and regulations of the Securities and Exchange Commission and Nasdaq. In addition all members of the Audit Committee meet the additional independence standards applicable to its members. The Company also has a Scientific Subcommittee which was formed to advise the Board regarding research strategies, the scientific merit of technology or products involved in licensing and acquisition opportunities and emerging science and technology issues, as well as meet with and mentor key scientific employees. Members of the Scientific Subcommittee are Dr. Dinarello (Chair) and Drs. Steer, Holbrook and Nusse.

The Audit Committee, whose members are Mr. Baumgartner (Chair), Mr. O'Connell, Dr. Steer, Mr. Higgins and Mr. Herbert (through October 2009), operates under a written charter established by the Company's Board of Directors. A copy of the charter is available for review at the Company's website, www.techne-corp.com. The Audit Committee is responsible for the appointment and supervision of the Company's independent registered public accounting firm and for reviewing the Company's internal audit procedures, the quarterly and annual financial statements of the Company and the results of the annual audit. The Audit Committee also pre-approves all related party transactions, establishes and oversees the implementation of the Company's cash investment policy and monitors the Company's financial fraud hotline. The Board of Directors has determined that for fiscal 2010 all Audit

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

Committee members are "audit committee financial experts" as such term is defined in Section 407 of the Sarbanes-Oxley Act, and all such members are "independent" under applicable law and regulations of the SEC and Nasdaq. The Audit Committee met six times during fiscal 2010. The Committee's report is included in this Proxy Statement.

The Executive Compensation Committee, whose members are Dr. Steer (Chair), Mr. O'Connell, Mr. Baumgartner, Mr. Higgins and Mr. Herbert (through October 2009), determines compensation for executive officers of the Company. The Committee operates under a written charter. A copy of the charter is available for review at the Company's website, www.techne-corp.com. The Executive Compensation Committee establishes both overall policies for executive compensation and reviews the performance of the executive officers. The Committee works with Mr. Oland, the Chief Executive Officer of the Company, to establish performance goals for the other executive officers and, acting independently, establishes the performance goals for Mr. Oland. The Committee determines the annual base compensation of all officers and awards bonuses, both cash and equity, to all officers based on performance. The Committee met four times during fiscal 2010. The Committee's report is included in this Proxy Statement.

The Nominations and Governance Committee, chaired by Dr. Holbrook, is composed of all "independent" directors, currently all directors except Mr. Oland. The Committee operates under a written charter. A copy of the charter is available for review at the Company's website, www.techne-corp.com. The functions of the Committee are to recruit well-qualified candidates for the Board, select persons to be proposed in the Company's proxy statement for election as directors at annual meetings of shareholders, and establish governance standards and procedures to support and enhance the performance and accountability of management and the Board. The Nominations and Governance Committee assesses the appropriate size of the Board of Directors, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominations and Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Committee through current members of the Board of Directors, professional search firms, shareholders or other persons and may be considered at any point during the year. Dr. Nusse, who was appointed to the Board in May 2010, was someone whom the Board was familiar with through Dr. Nusse's scientific reputation prior to his consideration by the Nominations and Governance Committee.

13

The Nominations and Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. Candidates for the Board are considered and selected on the basis of outstanding achievement in their professional careers, experience, wisdom, personal and professional integrity, their ability to make independent, analytical inquiries, and their understanding of the business environment. Candidates must have the experience and skills necessary to understand the principal operational and functional objectives and plans of the Company, the results of operations and financial condition of the Company, and the position of the Company in its industry. Candidates must have a perspective that will enhance the Board's strategic discussions and be capable of and committed to devoting adequate time to Board duties. While the Company does not have a formal diversity policy for board membership, the Company seeks directors who represent a mix of backgrounds and experiences that will enhance the quality of the Board of Directors' deliberations and decisions. The Nominations and Governance Committee considers, among other factors, diversity with respect to perspectives, backgrounds, skills and experience in its evaluation of

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

candidates for board membership. Such diversity considerations are discussed by the Committee in connection with the general qualifications of each potential nominee. The Committee will consider all nominees for director recommended by shareholders of the Company, applying the same criteria as is used for nominees recommended by other sources. Recommendations may be sent to the Committee at the Company's address: 614 McKinley Place N.E., Minneapolis, MN 55413. The Committee met once during fiscal 2010.

The Committee, meeting as part of the July 2010 Board meeting, has recommended to shareholders the re-election of the incumbent directors of the Company.

Compensation Committee Interlocks and Insider Participation

None of the members of the Executive Compensation Committee was an officer or employee of the Company during fiscal 2010, or was formerly an officer of the Company. None of the members of the Executive Compensation Committee had any relationship requiring disclosure as a related party transaction. No executive officer of the Company during fiscal 2010, served on the Compensation Committee or the board of any company that employed any member of the Company's Executive Compensation Committee or Board of Directors.

Related Party Transactions

In accordance with the Audit Committee Charter, the Audit Committee reviews and approves all related party transactions involving our directors and executive officers or their immediate family members to determine whether such transactions meet applicable legal requirements and are appropriately disclosed in the Proxy. In the course of its review and approval of a related party transaction, the Committee considers the material terms of the transaction, the importance of the transaction to the related person, the importance of the transaction to the Company, whether the transaction would impair the judgment of a director or executive officer to act in the best interest of the Company and any other matters the Committee deems appropriate.

During fiscal 2010, Mr. Oland's daughter, Paige Jensen, Ph.D., J.D., served as the Company's Associate General Counsel. Dr. Jensen was originally hired by the Company after approval by the Executive Compensation Committee. Dr. Jensen's base salary for fiscal 2010 was \$117,000. The Company also provided medical and other benefits generally available to all Company employees. During fiscal 2010, Dr. Jensen exercised stock options approved and granted by the Executive Compensation Committee in fiscal 2005. Dr. Jensen sold the shares exercised at a net gain of approximately \$58,000. Dr. Jensen is not an executive officer of the Company.

Shareholder Communications with Directors

Shareholders may communicate directly with the Board of Directors. All communications should be directed to the Company at 614 McKinley Place N.E., Minneapolis, MN 55413, and should prominently indicate on the outside of the envelope that it is intended for the Board of Directors, for non-management directors, or for a particular director. Unless other distribution is specified, the communication will be forwarded to the entire Board. The communication will not be opened before being forwarded to the intended recipient, but it will go through normal security procedures.

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

(2) Amounts represent the total fair value of equity-based compensation for stock option awards granted in fiscal 2010 calculated in accordance with the Financial Accounting Standards Board's Accounting Standards Codification (ASC) Topic 718. Assumptions used in the calculation of these amounts are described in Note I to the Company's audited financial statements for the fiscal year ended June 30, 2010, included in the Company's Annual Report on Form 10-K that was filed with the Securities and Exchange Commission on August 27, 2010. Pursuant to the Company's 1998 Nonqualified Stock Option Plan, each of the above directors, with the exception of Dr. Nusse, received an automatic option grant for 5,000 shares of Company Common Stock on the date of the 2009 Annual Shareholder Meeting. Dr. Nusse received options to purchase 10,000 shares of the Company's Common Stock upon his appointment to the Board in fiscal 2010 of which 5,000 vested in fiscal 2010 and 5,000 will vest in fiscal 2011. As of June 30, 2010, the following non-employee directors held options to purchase the following number of shares of the Company's Common Stock: Dr. Lucas - 35,000; Dr. Steer - 15,000; Mr. Baumgartner - 35,000; Dr. Dinarello - 26,500; Dr. Holbrook - 25,000; Mr. Higgins - 15,000; Dr. Nusse - 10,000. Family trusts, of which Mr. O'Connell is a trustee and beneficiary, held options to purchase 53,000 shares as of June 30, 2010.

(3) Mr. Herbert did not stand for re-election at the fiscal 2009 Annual Meeting and therefore his term of office as a Director of the Company expired on that date.

(4) The Company's R&D Systems, Inc. subsidiary paid Dr. Nusse \$24,000 in fiscal 2010 for scientific consulting in addition to his director fees.

Fees for non-employee directors include \$25,000 per year for service on the Board and Committees of the Board. Directors are paid an additional \$1,000 for each meeting of the Board other than its regularly scheduled quarterly meetings and for each meeting of a Committee on which the director serves other than Committee meetings held in conjunction with a meeting of

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

the full Board. If appointed to the Board or retired during the fiscal year, the non-employee director receives a prorated annual fee.

15

Under the Company's 1998 Nonqualified Stock Option Plan, non-employee directors automatically receive options to purchase 5,000 shares of Company Common Stock upon each re-election to the Board. The options have a term of 10 years and vest immediately. Upon initial election or appointment to the Board, new non-employee directors receive options, which vest immediately, for 5,000 shares of the Company's Common Stock prorated based on the time remaining until the next annual meeting of shareholders. Dr. Nusse, at the Executive Compensation Committee's discretion, received options to purchase 10,000 shares of the Company's Common Stock upon his appointment to the Board in fiscal 2010. The grant included the automatic pro rata grant of 3,000 shares and an additional discretionary grant of 7,000 in recognition of his qualifications, including his esteemed scientific background and experience. Half of the options vested immediately upon his appointment to the Board and the remaining 5,000 options vest on the first anniversary date of his appointment. All non-employee directors elected at the Company's 2010 Annual Meeting of Shareholders will receive options to purchase 5,000 shares of Common Stock with an exercise price equal to the fair market value on the date of the 2010 Annual Meeting.

Overview

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

The Executive Compensation Committee of the Board of Directors is responsible for establishing the compensation programs of the Company's Chief Executive Officer and other executive officers, including but not limited to the executive officers named in the summary compensation table of this Proxy Statement (the "named executive officers"). The Committee participates in the consideration and employment of prospective executive officers of the Company. The Committee also administers the Company's stock option plans and has the authority to grant options to purchase shares of the Company's Common Stock, and to determine all terms and conditions of such options.

Compensation Objectives

The Executive Compensation Committee has designed the compensation packages of the Company's executive officers to achieve the following objectives:

- to recruit and retain highly qualified executive officers by offering overall compensation that is competitive with that offered for comparable positions in the local market;
- to motivate executives to achieve important business and individual performance objectives and to reward them when such goals are met; and
- to align the interest of executive officers with the long-term interest of shareholders through participation in the Company's stock option plans.

The Executive Compensation Committee is responsible for assuring that compensation for the executive officers is consistent with the Company's compensation philosophy. The Executive Compensation Committee reviews the compensation philosophy and trends in the local market to ensure that the executive compensation program is competitive and attracts and retains talented management, motivates the executives to achieve short term and long term corporate objectives, and aligns the motivation and interests of the executives with the interests of the Company's shareholders. The Executive Compensation Committee also administers the Company's equity-based compensation and performance-based bonus plan for the executive officers. The Executive Compensation Committee reviews and approves each executive's base pay, bonus, and equity incentives annually.

The Committee views the various components of its compensation program as related, but distinct. Although the Executive Compensation Committee does review and consider total compensation for each executive officer as a whole, it does not believe that significant compensation derived from one component should necessarily negate or reduce compensation from other components. The Committee determines the appropriate level for each compensation component based on overall compensation objectives. The Executive Compensation Committee has not adopted any policies or guidelines for allocating compensation among the different elements of the compensation program.

The Company's Executive Compensation Committee has not historically retained a compensation consultant in connection with its decisions and did not utilize consultants in establishing fiscal 2010 executive compensation. The Executive Compensation Committee also does not compare the compensation of the Company's executives to any industry peer group because the Company's competitors are either privately-held or subsidiaries or divisions of large publicly-held companies that have complex and substantially more generous executive compensation programs for their executive officers. Although the Executive Compensation Committee uses local comparative data from a variety of industries to evaluate base salaries and total compensation, it is not a material component of its decision-making process. This comparative data is derived from locally-published business journals and newspaper reports that

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

annually measure and rank compensation levels of chief executive and financial officers for public companies of various industries in the Company's geographical region.

17

At the beginning of each fiscal year, the Executive Compensation Committee assesses the base compensation and the potential compensation that the named executive officers could earn by achieving the Company's financial targets and their individual personal goals. As part of this assessment, the Chief Executive Officer makes recommendations to the Executive Compensation Committee regarding the base compensation to be paid to the executive officers that report to him. Such recommendations take into account internal pay equity, position within an internal compensation range, changes in responsibilities, local compensation levels for similar positions in all industries and duties and other factors the Chief Executive Officer considers important in establishing competitive compensation for the executives that report to him. Among these other factors is a philosophy that there should be a reasonable relationship between executive salaries and the average employee or mid-level manager salaries within an organization; the percentage increase in base salary for executives should not be greater than the percentage increase paid to a company's other employees; executive bonuses should be based on performance; and incentives should be long-term equity based arrangements that are tied to the long-term improvements in financial results and appreciation in the Company's stock price.

In making the final decisions regarding the type and amount of compensation to be paid to the named executive officers, the Executive Compensation Committee not only considers the Chief Executive Officer's recommendations but also conducts an independent review of local comparative data for all industries, considers internal pay equity and responsibilities and makes its own assessment as to the type and amount of compensation to be paid.

The Executive Compensation Committee does not target a particular percentile range for the base salaries or total compensation for the Company's named executive officers, but typically approves compensation that is conservative compared to local data among a variety of industries. The Company's compensation for its executives has been historically among the lowest among local public companies, including many that are smaller and less profitable than the Company. The Executive Compensation Committee feels that the compensation is, nevertheless, competitive due to the benefits and equity incentive plans available to all of the Company's employees. Although the Executive Compensation Committee considers the compensation levels implied by comparative data derived from locally published executive compensation reports, such comparative data is only one factor considered in the overall compensation decision-making process and is not a material factor. The Company's Chief Executive Officer waived an increase in his base compensation for fiscal years 2007 through 2009. No increase in base compensation was given to any named executive officer for fiscal 2010 as a result of a company-wide freeze on salary increases for all employees with annual salaries over \$100,000.

Role of the Chief Executive Officer in Compensation Decisions

During meetings with the Executive Compensation Committee held each year, the Company's President and Chief Executive Officer presents to the Committee recommendations regarding compensation for the executive officers (other than himself). The Committee discusses the recommendations and accepts or adjusts them, in whole or in part. The executive officers are not present during the Committee's final discussion and determination of their compensation.

Elements of the Compensation Program

The Company's executive compensation program is comprised of base salaries, annual performance bonuses comprised of both cash and stock option components, and various benefits, including the Company's Profit Sharing and Savings Plan and Stock Bonus Plan in which all qualified employees of the Company participate. In addition, the Executive Compensation Committee from time to time may award special cash bonuses or stock options related to non-recurring, extraordinary performance. The Executive Compensation Committee typically also awards stock options upon retention of a new executive officer.

Base salary. A competitive base salary is provided to each executive officer recognizing the skills and experience each individual brings to the Company, the length of time with the Company and the performance contributions each makes. Salaries are reviewed on an annual basis and are made in connection with annual performance reviews. In July 2010, the Executive Compensation Committee approved base salaries of \$290,000 for Mr. Melsen and \$185,000 for Mr. Veronneau for fiscal 2011. Mr. Oland waived an increase in his base compensation for fiscal 2011 and will again receive annual base compensation of \$254,100.

18

Performance-based bonus plan. Under the Company's Executive Officer's Incentive Bonus Plan put into effect for fiscal 2010, each executive officer may earn a potential cash bonus of up to 40% of his or her annual salary. The eligible cash bonus each executive officer could earn for fiscal 2010 was: Mr. Oland - \$101,640, Mr. Melsen - \$110,000 and Mr. Veronneau - \$67,000. In addition to the cash bonuses, each executive officer earns stock options with a fair value equal to the amount of his cash bonus.

The plan provides that 70% of the executive officers cash bonus is based upon the percentage of increase in consolidated revenues and net earnings from the prior fiscal year and 30% of the bonus is based upon achievement of qualitative personal goals set for each named executive officer. The Executive Compensation Committee believes this bonus plan focuses the executives on sustaining high quality revenue growth, bringing new products to market, increasing market share and expanding market presence, as well as balancing increased research and development with expense control.

The Company's fiscal 2010 consolidated revenues and net earnings were \$269 million and \$ 110 million, respectively, increases of 1.93% and 4.31%, respectively, from fiscal 2009. A weighting factor of 0.5 is applied to the consolidated revenue increase and a weighting factor of 1.0 is applied to the consolidated net earnings increase in calculating the cash portion of the executive officers bonus. The Executive Compensation Committee has, therefore, determined that based on the Company's consolidated results, each executive officer earned a cash bonus of 5.28% of his base salary for fiscal 2010. As the 5.28% bonus equates to 70% of the total cash bonus for fiscal 2010, the maximum cash bonus percentage for fiscal 2010 was 7.54% (5.28% cash bonus from financial results / 70% = 7.54%). Therefore, the maximum cash bonus each executive officer could earn based on achievement of 100% of his personal goals is 2.26% of his base salary (7.54% total cash bonus less 5.28% cash bonus from financial results).

The personal goals for the named executive officers are generally qualitative in nature and position-specific. These personal goals are established annually by the Executive Compensation Committee taking into

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

account each executive's responsibilities at the Company and the recommendations of the Chief Executive Officer as to the executives who report to him. Following each fiscal year end, the Executive Compensation Committee assesses the achievement of the personal goals by each named executive officer, which assessment includes the recommendations of the Chief Executive Officer as to the achievement of the personal goals of the executives who report to him.

The personal goals set for fiscal 2010 for Mr. Oland related to:

- accomplishment of the Company's strategic objectives;
- succession planning;
- leadership development; and
- personnel matters

Mr. Oland waived any cash bonus for fiscal 2010.

The personal goals set for fiscal 2010 for Mr. Melsen related to:

- objectives within the information systems function, including transition of departmental leadership, improvement of service levels and reduction in consulting costs;
- the management of BiosPacific, Inc., the Company's sales subsidiary that services diagnostic customers, including succession planning and achievement of financials goals;
- objectives within the research and development function, including administrative support, analysis of economic opportunities and communication and enhancement of knowledge regarding Company products and processes; and
- objectives within the accounting and finance and facilities functions, including leadership development and operational efficiencies

The Executive Compensation Committee, with input from the Chief Executive Officer, determined that Mr. Melsen met 80% of his personal goals and, therefore, earned an additional cash bonus of 1.80% of his base salary (80% of personal goals achieved times 2.26%). Mr. Melsen's total cash bonus for fiscal 2010 was \$19,478 (7.08% of his base salary of \$275,000).

19

The personal goals set for fiscal 2010 for Mr. Veronneau related to the management of the Company's Hematology Division, including:

- the achievement of division revenue and pre-tax earnings and gross margin targets of \$17.5 million, \$5.9 million, and 72.6%, respectively;
- the introduction of new hematology products;
- the improvement of quality control programs;
- regulatory compliance; and
- personnel matters

The Executive Compensation Committee, with input from the Chief Executive Officer of the Company, determined that Mr. Veronneau met 83% of his personal goals and, therefore, earned an additional cash bonus of 1.87% of his base salary (83% of personal goals achieved times 2.26%). Mr. Veronneau's total cash bonus for fiscal 2010 was \$11,978 (7.15% of his base salary of \$167,500).

In addition to the above cash bonuses, each executive officer earns stock options with a fair value equal to the amount of his cash bonus. The number

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

of options each executive officer receives is calculated based on his cash bonus divided by the fair value of the options on the date of grant, calculated in accordance with FASB ASC Topic 718. The stock option grant date is the date the Executive Compensation Committee determines the officer's cash bonus amount based on financial results and the achievement of individual qualitative personal goals. The stock options vest immediately with an exercise price equal to the closing price of the Company's stock on the date of grant. The stock options earned for fiscal 2010 were granted to the executive officers on July 30, 2010 under the Company's 1997 Incentive Stock Option Plan and 1998 Nonqualified Stock Option Plan. The fair value of the stock options on the grant date was determined to be \$9.35 per share. Therefore, Mr. Melsen was granted stock options for 2,083 shares of stock (\$19,478 cash bonus divided by \$9.35) and Mr. Veronneau was granted stock options for 1,281 shares of stock (\$11,978 cash bonus divided by \$9.35). The exercise price of the stock options are \$58.40 per share.

Other compensation. The Company provided medical and insurance benefits to its executive officers, which are the same as those generally available to all Company employees. The Company has a Profit Sharing and Savings Plan and a Stock Bonus Plan in which all qualified employees, including executive officers, participate subject to statutory limitations on contributions for highly compensated individuals. The amount of the Company's contribution to the plans is based on the increase in revenues and after tax earnings from the prior fiscal year. For fiscal 2010, the profit sharing percentage was approximately 1.70%. The Company contributed to each of the Profit Sharing and Savings Plan and the Stock Bonus Plan an amount equal to 0.85% of total gross wages, respectively. The contribution to the Stock Bonus Plan is in the form of Company common stock. The Company does not provide any other significant perquisites or executive benefits to its named executive officers.

Accounting and Tax Treatment

The Company accounts for equity-based compensation paid to employees under FASB ASC Topic 718, which requires the Company to estimate and record an expense over the service period of an option award. Thus, the Company may record an expense in one year for awards granted in earlier years. Accounting rules also requires the recording of cash compensation as an expense at the time the obligation is accrued.

Section 162(m) of the Internal Revenue Code of 1986 generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to a company's chief executive officer and three other most highly-paid executive officers (other than its chief financial officer). Qualifying performance-based compensation will not be subject to the deduction limitation if certain requirements are met. Because the potential amount of base salary and non-equity-based incentive compensation that the executive officers can earn is less than \$1 million, Section 162(m) has not been material to the Executive Compensation Committee decisions.

Employment Contracts and Change in Control Arrangements

The Company has an employment agreement effective through June 30, 2014 with Mr. Melsen. The agreement provides for a base salary subject to annual review, bonuses as described above, benefits as provided to all employees and severance compensation under certain circumstances. The severance payment is triggered if employment with the Company is terminated in connection with a merger, sale, or change in control of the Company. A "change in control" means the acquisition in one or more transactions by a single party, or any number of parties acting in concert, of a majority of the outstanding shares of voting stock of the Company. The severance compensation is a lump sum amount equal to the base salary and cost of benefits which would otherwise have been paid under the terms of the employment agreement had the agreement continued to be enforced for twelve months from the date of termination and a pro-rata portion of the management incentive bonus he would have been entitled to, if any, during the fiscal year in which termination occurred provided he executes and does not rescind a release agreement.

The Company had a formal employment agreement effective through June 30, 2010 with Mr. Veronneau. There are no written employment agreements with Mr. Oland.

For each named executive officer, the estimated amount of potential payments at June 30, 2010, assuming the executive's employment terminates in connection with a merger, sale or change in control of the Company is as

For purposes of this definition, a person, entity or group shall be deemed to "Own," to have "Owned," to be the "Owner" of, or to have acquired "Ownership" of securities if such person, entity or group directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise, has or shares voting power, which includes the power to vote or to direct the voting, with respect to such securities.

(i) Any person, entity or group becomes the Owner, directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the combined voting power of the Company's then outstanding securities other than by virtue of a merger, consolidation or similar transaction. Notwithstanding the foregoing, a Change in Control shall not be deemed to occur (A) on account of the acquisition of securities of the Company by an investor, any affiliate thereof or any other person, entity or group from the Company in a transaction or series of related transactions the primary purpose of which is to obtain financing for the Company through the issuance of equity securities or (B) solely because the level of Ownership held by any person, entity or group (the "Subject Person") exceeds the designated percentage threshold of the outstanding voting securities as a result of a repurchase or other acquisition of voting securities by the Company reducing the number of shares outstanding, provided that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of voting securities by the Company, and after such share acquisition, the Subject Person becomes the Owner of any additional voting securities that, assuming the repurchase or other acquisition had not occurred, increases the percentage of the then outstanding voting securities Owned by the Subject Person over the designated percentage threshold, then a Change in Control shall be deemed to occur;

(ii) There is consummated a merger, consolidation or similar transaction involving (directly or indirectly) the Company and, immediately after the consummation of such merger, consolidation or similar transaction, the stockholders of the Company immediately prior thereto do not Own, directly or indirectly, either (A) outstanding voting securities representing more than fifty percent (50%) of the combined outstanding voting power of the surviving entity in such merger, consolidation or similar transaction or (B) more than fifty percent (50%) of the combined outstanding voting power of the parent of the surviving entity in such merger, consolidation or similar transaction, in each case in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such transaction;

(iii) There is consummated a sale, lease, exclusive license or other disposition of all or substantially all of the total gross value of the consolidated assets of the Company and its subsidiaries, other than a sale, lease, license or other disposition of all or substantially all of total

gross value of the consolidated assets of the Company and its subsidiaries to an entity, more than fifty percent (50%) of the combined voting power of the voting securities of which are Owned by stockholders of the Company in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such sale, lease, license or other disposition (for purposes of this Section 1(d)(iii), "gross value" means the value of the assets of the Company or the value of the assets being disposed of, as the case may be, determined without regard to any liabilities associated with such assets); or

(iv) Individuals who, at the beginning of any consecutive twelve-month period, are members of the Board (the "Incumbent Board") cease for any reason to constitute at least a majority of the members of the Board at any time during that consecutive twelve-month period; (provided, however, that if the appointment or election (or nomination for election) of any new Board member was approved or recommended by a majority vote of the members of the Incumbent Board then still in office, such new member shall, for purposes of this Plan, be considered as a member of the Incumbent Board).

For the avoidance of doubt, the term Change in Control shall not include a sale of assets, merger or other transaction effected exclusively for the purpose of changing the domicile of the Company. To the extent required, the determination of whether a Change of Control has occurred shall be made in accordance with Internal Revenue Code Section 409A and the regulations, notices and other guidance of general applicability issued thereunder.

(e) "Committee" shall mean a Committee of two or more directors who shall be appointed by and serve at the pleasure of the Board. To the extent necessary for compliance with Rule 16b-3, or any successor provision, each of the members of the Committee shall be a "non-employee director." Solely for purposes of this Section 1(e), "non-employee director" shall have the same meaning as set forth in Rule 16b-3, or any successor provision, as then in effect, of the General Rules and Regulations under the Securities Exchange Act of 1934, as amended. Further, to the extent necessary for compliance with the limitations set forth in Code Section 162(m), each of the members of the Committee shall be an "outside director" within the meaning of Code Section 162(m) and the regulations issued thereunder.

SECTION 2. PURPOSE

The purpose of the Plan is to promote the success of the Company and its Affiliates by facilitating the employment and retention of competent personnel and by furnishing incentive to officers, directors, employees, consultants, and advisors upon whose efforts the success of the Company and its Affiliates will depend to a large degree.

It is the intention of the Company to carry out the Plan through the granting of Options which will qualify as "incentive stock options" under the provisions of Section 422 of the Internal Revenue Code, or any successor provision, pursuant to Section 9 of this Plan; through the granting of "nonqualified stock options" pursuant to Section 10 of this Plan; through the granting of Restricted Stock Awards and Restricted Stock Unit Awards pursuant to Section 11 of this Plan; through the granting of Performance Awards pursuant to Section 12 of this Plan; and through the granting of Stock Appreciation Rights pursuant to Section 13 of this Plan. Adoption of this Plan shall be and is expressly subject to the condition of approval by the shareholders of the Company within twelve (12) months before or after the adoption of the Plan by the Board of Directors. Awards may be granted prior to the date this Plan is approved by the shareholders of the Company; provided, however, that any incentive stock options granted after adoption of the Plan by the Board of Directors shall be treated as nonqualified stock options if shareholder approval is not obtained within such twelve-month period.

SECTION 3. EFFECTIVE DATE OF PLAN

The Plan shall be effective as of the date of adoption by the Board of Directors, subject to approval by the shareholders of the Company as required in Section 2.

SECTION 4. ADMINISTRATION

The Plan shall be administered by the Board of Directors of the Company (hereinafter referred to as the "Board") or by a Committee which may be appointed by the Board from time to time to administer the Plan (hereinafter collectively referred to as the "Administrator"). Except as otherwise provided herein, the Administrator shall have all of the powers vested in it under the provisions of the Plan, including but not limited to exclusive authority to determine, in its sole discretion, whether an Award shall be granted; the individuals to whom, and the time or times at which, Awards shall be granted; the number of shares subject to each Award; the option price; and the performance criteria, if any, and any other terms and conditions of each Award. The Administrator shall have full power and authority to administer and interpret the Plan, to make and amend rules, regulations and guidelines for administering the Plan, to prescribe the form and conditions of the respective agreements evidencing each Award (which may

vary from Participant to Participant), and to make all other determinations necessary or advisable for the administration of the Plan. The Administrator's interpretation of the Plan, and all actions taken and determinations made by the Administrator pursuant to the power vested in it hereunder, shall be conclusive and binding on all parties concerned.

No member of the Board or the Committee shall be liable for any action taken or determination made in good faith in connection with the administration of the Plan. In the event the Board appoints a Committee as provided hereunder, any action of the Committee with respect to the administration of the Plan shall be taken pursuant to a majority vote of the Committee members or pursuant to the written resolution of all Committee members.

SECTION 5. PARTICIPANTS

The Administrator shall from time to time, at its discretion and without approval of the shareholders, designate those employees, officers, directors, consultants, and advisors of the Company or of any Affiliate to whom Awards shall be granted under this Plan; provided, however, that consultants or advisors shall not be eligible to receive Awards hereunder unless such consultant or advisor is a natural person, renders bona fide services to the Company or any Affiliate and such services are not in connection with the offer or sale of securities in a capital raising transaction and do not directly or indirectly promote or maintain a market for the Company's securities. The Administrator shall, from time to time, at its discretion and without approval of the shareholders, designate those employees of the Company or any Affiliate to whom Awards, including incentive stock options, shall be granted under this Plan. The Administrator may grant additional Awards, including incentive stock options, under this Plan to some or all Participants then holding Awards, or may grant Awards solely or partially to new Participants. In designating Participants, the Administrator shall also determine the number of shares to be optioned or awarded to each such Participant and the performance criteria applicable to each Performance Award. The Administrator may from time to time designate individuals as being ineligible to participate in the Plan.

SECTION 6. STOCK

The Stock to be optioned under this Plan shall consist of authorized but unissued shares of Common Stock. The maximum aggregate number of shares of Stock reserved and available for Awards under the Plan is Three Million (3,000,000); provided, however, that all shares of Stock reserved and available under the Plan shall constitute the maximum aggregate number of shares of Stock that may be issued through incentive stock options. The following shares of Stock shall continue to be reserved and available for Awards granted pursuant to the Plan: (i) any outstanding Award that expires for any reason, (ii) any portion of an outstanding Option or Stock Appreciation Right that is terminated prior to exercise, (iii) any portion of an Award that is terminated prior to the lapsing of the risks of forfeiture on such Award, (iv) shares of Stock used to pay the exercise price under any Award, (v) shares of Stock used to satisfy any tax withholding obligation attributable to any Award, whether such shares are withheld by the Company or tendered by the Participant, and (vi) shares of Stock covered by an Award to the extent the Award is settled in cash.

Notwithstanding anything in the Plan to the contrary, for any Awards granted under the Plan that are intended to qualify as "performance-based

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

compensation" under Code Section 162(m), the following limits will apply:

(a) In no event shall a Participant be granted Options or Stock Appreciation Rights during any fiscal year of the Company covering in the aggregate more than One Hundred Thousand (100,000) shares of Stock, subject to adjustment as provided in Section 15; provided, however, that a share of Stock subject to a Stock Appreciation Right that is granted in tandem with an Option shall count as one share against this limitation.

(b) In no event shall a Participant be granted Restricted Stock Awards or, to the extent payable in or measured by the value of shares of Stock, Restricted Stock Unit Awards during any fiscal year of the Company covering in the aggregate more than One Hundred Thousand (100,000) shares of Stock, subject to adjustment as provided in Section 15.

(c) To the extent payable in or measured by the value of shares of Stock, in no event shall a Participant be granted Performance Awards during any fiscal year of the Company covering in the aggregate more than One Hundred Thousand (100,000) shares of Stock, subject to adjustment as provided in Section 15.

SECTION 7. DURATION OF PLAN

Incentive stock options may be granted pursuant to the Plan from time to time during a period of ten (10) years from the effective date as defined in Section 3. Other Awards may be granted pursuant to the Plan from time to time after the effective date of the Plan and until the Plan is discontinued or terminated by the Administrator.

SECTION 8. PAYMENT

Participants may pay for shares upon exercise of Options granted pursuant to this Plan (i) in cash, or with a personal check or certified check, (ii) by the transfer from the Participant to the Company of previously acquired shares of Common Stock, (iii) through the withholding of shares of Stock from the number of shares otherwise issuable upon the exercise of the Option (e.g., a net share settlement), (iv) through broker-assisted cashless exercise, or (v) by a combination thereof. Any stock tendered as part of such payment shall be valued at such stock's then-current Fair Market Value, or such other form of payment as may be authorized by the Administrator. In the event the Optionee elects to pay the exercise price in whole or in part with previously acquired shares of Common Stock or through a net share settlement, the Fair Market Value of the shares of Stock delivered or withheld shall equal the total exercise price for the shares being purchased in such manner. The Administrator may, in its sole discretion, limit the forms of payment available to the Participant and may exercise such discretion any time prior to the termination of the Option granted to the Participant or upon any exercise of the Option by the Participant. "Previously-owned shares" means shares of the Company's Common Stock which the Participant has owned for at least six (6) months prior to the exercise of the Option, or for such other period of time, if any, as may be required by generally accepted accounting principles.

With respect to payment in the form of Common Stock of the Company, the Administrator may require advance approval or adopt such rules as it deems necessary to assure compliance with Rule 16b-3, or any successor provision, as then in effect, of the General Rules and Regulations under the Securities Exchange Act of 1934, if applicable.

SECTION 9.
TERMS AND CONDITIONS OF INCENTIVE STOCK OPTIONS

Each incentive stock option granted pursuant to this Section 9 shall be evidenced by a written incentive stock option agreement (the "Option Agreement"). The Option Agreement shall be in such form as may be approved from time to time by the Administrator and may vary from Participant to Participant; provided, however, that each Participant and each Option Agreement shall comply with and be subject to the following terms and conditions:

(a) Number of Shares and Option Price. The Option Agreement shall state the total number of shares covered by the incentive stock option. Except as permitted by Code Section 424(a), or any successor provision, the option price pe
