NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

(1) GENERAL

The unaudited interim consolidated financial statements included for A. Schulman, Inc. (the “Company”) reflect all adjustments, which are, in the opinion of management, necessary for a fair statement of the results of the interim periods presented. All such adjustments are of a normal recurring nature. The fiscal year-end consolidated balance sheet data was derived from audited financial statements, but does not include all disclosures required by accounting principles generally accepted in the United States of America. The unaudited consolidated financial information should be read in conjunction with the consolidated financial statements and notes thereto incorporated in the Company's Annual Report on Form 10-K for the fiscal year ended August 31, 2016.

The results of operations for the three and six months ended February 28, 2017 are not necessarily indicative of the results expected for the fiscal year ending August 31, 2017.

The accounting policies for the periods presented are the same as described in Note 1 – Business and Summary of Significant Accounting Policies to the consolidated financial statements contained in the Company's Annual Report on Form 10-K for the fiscal year ended August 31, 2016.

Restricted Cash

Restricted cash of \$1.6 million as of February 28, 2017 represents cash and cash equivalents held in an escrow account for the future cash settlement of a commitment to a local government. The cash will be paid over the next 16 months. Restricted cash of \$8.1 million as of August 31, 2016 included proceeds from tax return refunds for certain Citadel acquisition entities for periods prior to the Company's ownership. These tax refunds were repaid to the seller during the second quarter of fiscal 2017.

Assets Held for Sale

During the second quarter of fiscal 2017, the Company began actively marketing for sale certain properties and machinery and equipment at recently closed plants in the U.S. and Europe. As a result of that decision, we have reclassified \$9.7 million of net book value related to these properties along with certain machinery and equipment as assets held for sale in the balance sheet. We expect the sale of those assets to be completed within the next twelve months and have, accordingly, presented the held for sale assets as current. Proceeds from the sale of the assets will be used for general Corporate purposes. Based on the present real estate market and discussions with the Company's real estate adviser, no impairment of the recorded amounts has occurred as of February 28, 2017.

Certain items previously reported in specific financial statement captions have been reclassified to conform to the fiscal 2017 presentation.

(2) GOODWILL AND OTHER INTANGIBLE ASSETS

The changes in the Company's carrying value of goodwill are as follows:

Long-term debt	\$921,312	\$919,349

On May 26, 2015, the Company issued \$375.0 million aggregate principal amount of 6.875% Senior Notes due 2023 (the “Notes”) in a private transaction initially exempt from the registration requirements of the Securities Act of 1933 (the “Securities Act”). In connection with the sale of the Notes, the Company entered into a Registration Rights Agreement with the representatives of the initial purchasers of the Notes (the “Registration Rights Agreement”) that, among other things, obligated the Company to complete an offer to exchange the Notes for a new issue of substantially identical exchange notes (the “Exchange Offer”) registered under the Securities Act. The interest rate on the Notes temporarily increased in accordance with the terms of the Registration Rights Agreement during the period between November 16, 2016 to, but not including, the date of the completion of the Exchange Offer on March 21, 2017. The Company did not receive any proceeds from the Exchange Offer.

For a detailed discussion of the Company's long-term debt and credit arrangements, refer to Note 5 in the Company's Annual Report on Form 10-K for the fiscal year ended August 31, 2016.

The Company is in compliance with its debt covenants as of February 28, 2017.

The Company prepaid \$56.0 million on its term debt, in addition to normal required payments of \$6.8 million, during the six months ended February 28, 2017.

(4) FAIR VALUE MEASUREMENT

The following table presents information about the Company's assets and liabilities measured at fair value:

	February 28, 2017				August 31, 2016				
	Total	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3	
	(In thousands)								
Assets recorded at fair value:									
Foreign exchange forward contracts	\$2,558	\$	—\$2,558	\$	—\$487	\$	—\$487	\$	—
Liabilities recorded at fair value:									
Foreign exchange forward contracts	\$1,865	\$	—\$1,865	\$	—\$951	\$	—\$951	\$	—
Liabilities not recorded at fair value:									
Long-term fixed-rate debt	\$397.031	\$	—\$397.031	\$	—\$378.750	\$	—\$378.750	\$	—

Cash and cash equivalents are recorded at cost, which approximates fair value. Additionally, the carrying value of the Company's variable-rate debt approximates fair value.

The Company measures the fair value of its foreign exchange forward contracts using an internal model. The model maximizes the use of Level 2 market observable inputs including interest rate curves, currency forward and spot prices, and credit spreads. The total contract value of foreign exchange forward contracts outstanding was \$165.1 million and \$115.9 million as of February 28, 2017 and August 31, 2016, respectively. The amount of foreign exchange forward contracts outstanding as of the end of the period is indicative of the exposure of current balances and the forecasted change in exposures for the following quarter. Any gains or losses associated with these contracts as well as the offsetting gains or losses from the underlying assets or liabilities are included in the foreign currency transaction (gains) losses line in the Company's consolidated statements of operations. The fair value of the Company's foreign exchange forward contracts is recognized in other current assets or other accrued liabilities in the consolidated balance sheets based on the net settlement value. The foreign exchange forward contracts are entered into with creditworthy financial institutions, generally have a term of three months or less, and the Company does not hold or issue foreign exchange forward contracts for trading purposes. There were no foreign exchange forward contracts designated as hedging instruments as of February 28, 2017 and August 31, 2016.

Long-term fixed-rate debt as of February 28, 2017 and August 31, 2016 represents the Senior Notes, due 2023, recorded at cost and presented at fair value for disclosure purposes. The Level 2 fair value of the Company's fixed-rate debt was estimated using prevailing market interest rates on debt with similar creditworthiness, terms and maturities. As of February 28, 2017 and August 31, 2016, the carrying value of the Company's long-term fixed-rate debt recorded on the consolidated balance sheets was \$375.0 million.

For a discussion of the Company's fair value measurement policies under the fair value hierarchy, refer to Note 1 in the Company's Annual Report on Form 10-K for the fiscal year ended August 31, 2016. The Company has not changed its valuation techniques for measuring the fair value of any financial assets or liabilities during fiscal 2017, and transfers between levels within the fair value hierarchy, if any, are recognized at the end of each quarter. There were no transfers between levels during the period presented.

Additionally, the Company remeasures certain assets to fair value, using Level 3 measurements, as a result of the occurrence of triggering events. There were no significant assets or liabilities that were remeasured at fair value on a non-recurring basis during the period presented.

(5) INCOME TAXES

The effective tax rate was 17.6% and 34.4% for the three and six months ended February 28, 2017, respectively, and (36.0)% and 28.8% for the three and six months ended February 29, 2016, respectively. The increase in the effective tax rate for the three and six months ended February 28, 2017 as compared with the same periods last year was driven primarily by an increase in uncertain tax positions as well as a benefit recorded in the prior period from the extension of certain expired tax provisions.

We record quarterly taxes based on overall estimated annual effective tax rates. The difference between our effective tax rate and the U.S. statutory federal income tax rate in the current year is primarily attributable to our overall foreign rate being less than the U.S. statutory federal income tax rate partially offset by an increase in the amount of uncertain tax positions recorded.

As of February 28, 2017, the Company's gross unrecognized tax benefits totaled \$4.4 million. If recognized, \$3.4 million of the total unrecognized tax benefits would favorably affect the Company's effective tax rate. The Company reports interest and penalties related to income tax matters in income tax expense. As of February 28, 2017, the Company had \$1.3 million of accrued interest and penalties on unrecognized tax benefits.

The Company's statute of limitations is open in various jurisdictions as follows: Germany - from 2005 onward, France - from 2010 onward, U.S. - from 2013 onward, Belgium - from 2014 onward, other foreign jurisdictions - from 2011 onward.

The increase in uncertain tax positions during the six months ended February 28, 2017 relates to various ongoing examinations in the EMEA region. In connection with these examinations, it is reasonably possible that the amount of unrecognized tax benefits could change by approximately \$1.0 million in the next 12 months.

(6) PENSION AND OTHER POSTRETIREMENT BENEFIT PLANS

The components of the Company's net periodic benefit cost for defined benefit pension and other postretirement benefit plans are shown below:

(9) SHARE-BASED INCENTIVE COMPENSATION PLANS

During the six months ended February 28, 2017, the Company granted 234,620 and 227,220 shares of time-based and performance-based awards, respectively, with a weighted-average grant date fair value of \$29.47 and \$32.55 per share, respectively. Vesting of the ultimate number of shares underlying a portion of these performance-based awards, if any, will be dependent upon the Company's return on invested capital ("ROIC") while vesting for the remaining performance-based awards, if any, will be dependent upon the Company's cumulative earnings per share ("Cumulative EPS"), both over a three-year performance period.

In the first quarter of fiscal 2017, the Company granted 25,000 shares of unrestricted common stock to Joseph M. Gingo related to the terms and conditions of his new employment agreement as the Chief Executive Officer and President of the Company in the first quarter of fiscal 2017. The Company also granted non-employee directors a total of 16,317 shares of unrestricted common stock in the second quarter of fiscal 2017.

Additionally, in the second quarter of fiscal 2017, the Company granted 173,200 stock options with a weighted average exercise price of \$32.55 and a weighted average fair value of \$10.41. The fair value of the stock options was estimated using a Black Scholes model using the following assumptions:

Expected term: 6.5 years

Risk-free rate: 2.22%

Volatility: 39.1%

Dividend yield: 2.52%

The following table summarizes the impact to the Company's consolidated statements of operations from share-based incentive compensation plans, which is primarily included in selling, general and administrative expenses in the accompanying consolidated statements of operations:

	Three months ended February 28, 2017		Six months ended February 28, 2017

Unrestricted awards	531	564	1,253	564
Total share-based incentive compensation	\$1,045	\$ 1,406	\$2,668	\$ 1,831

Total unrecognized compensation cost, including a provision for estimated forfeitures, related to non-vested stock-based compensation arrangements as of February 28, 2017 was \$10.1 million. This cost is expected to be recognized over a weighted-average period of 1.9 years.

As of February 28, 2017, there were 259,011 shares of common stock available for grant pursuant to the Company's 2010 Rewards Plan and 703,521 shares of common stock available for grant pursuant to the Company's 2014 Equity Incentive Plan. For further discussion of the Company's share-based incentive compensation plans, refer to Note 11 in the Company's Annual Report on Form 10-K for the fiscal year ended August 31, 2016.

(10) EARNINGS PER SHARE

Basic earnings per share is computed by dividing income available to common stockholders by the weighted-average number of shares outstanding for the period. Diluted earnings per share reflects the potential dilution that could occur if common stock equivalents are exercised as well as the impact of restricted stock awards expected to vest, which combined would then share in the earnings of the Company.

Dividends on convertible special stock that an issuer has paid or intends to pay are deducted from net income or added to the amount of a net loss in computing income available to common stockholders.

The difference between basic and diluted weighted-average shares results from the assumed exercise of outstanding stock options and vesting of restricted stock awards, calculated using the treasury stock method, and the inclusion of the convertible special stock dividends, calculated using the if-converted method.

The Company computes income available to common stockholders by deducting dividends accumulated on the convertible special stock from net income attributable to A. Schulman, Inc. The convertible special stock does not impact the denominator of basic EPS. The dilutive effect of convertible special stock is reflected in diluted EPS by application of the if-converted method. In applying the if-converted method, conversion shall not be assumed for purposes of computing diluted EPS if the effect would be anti-dilutive. The convertible special stock is anti-dilutive whenever the amount of the dividend declared in or accumulated for the current period per share on conversion exceeds basic EPS. For the three and six months ended February 28, 2017, the accumulated dividend per share on conversion exceeded basic EPS, therefore the 2,388,913 shares related to the convertible special stock were considered anti-dilutive.

The following table presents the number of incremental weighted-average shares used in computing diluted per share amounts:

	Three months ended February 28, 2017		Six months ended February 28, 2017	
	2016	2017	2016	2017
	(In thousands)			
Weighted-average shares outstanding:				
Basic	29,394	29,292	29,378	29,257
Incremental shares from equity awards	109	—	92	198
Incremental shares from convertible special stock	—	—	—	—
Diluted	29,503	29,292	29,470	29,455

Diluted weighted average shares outstanding for the three and six months ended February 28, 2017 excludes 94,298 and 88,225 shares, respectively, related to equity awards, as their inclusion would have been anti-dilutive. Diluted weighted-average shares outstanding for the three and six months ended February 29, 2016 excludes 165,141 and 6,638 shares, respectively, related to equity awards, as their inclusion would have been anti-dilutive.

(11) SEGMENT INFORMATION

The Company considers its operating structure and the types of information subject to regular review by its President and Chief Executive Officer ("CEO"), who is the Chief Operating Decision Maker ("CODM"), to identify reportable segments. The CODM makes decisions, assesses performance and allocates resources by the following current reportable segments: Europe, Middle East and Africa ("EMEA"), United States & Canada ("USCAN"), Latin America ("LATAM"), Asia Pacific ("APAC"), and Engineered Composites ("EC").

The CODM uses net sales to unaffiliated customers, segment gross profit and segment operating income in order to make decisions, assess performance and allocate resources to each segment. Segment operating income does not include items such as interest income or expense, other income or expense, foreign currency transaction gains or losses, restructuring and related costs including accelerated depreciation, asset impairments, or costs and inventory

step-up charges related to business acquisitions. Corporate expenses include the compensation of certain personnel, certain audit expenses, Board of Directors related costs, certain insurance costs, costs associated with being a publicly traded entity and other miscellaneous legal and professional fees.

(12) RESTRUCTURING

Fiscal 2017 Restructuring Plans

USCAN Plan

During the second quarter of fiscal 2017, the Company approved plans to close its plant in Fontana, California and shift production to other U.S. facilities. The Company plans to reduce headcount by approximately 10 as a result of this plan. The Company recorded \$0.5 million of pre-tax employee-related costs during the three and six months ended February 28, 2017. The Company expects to incur approximately \$1.5 million of pre-tax employee-related costs and other charges during the remainder of fiscal 2017 for this plan and has a balance of \$0.4 million accrued for this plan as of February 28, 2017. Cash payments associated with this plan are expected to occur through fiscal 2017 as the plan is completed.

Global Product Family Simplification Plan

During the first quarter of fiscal 2017, the Company announced plans to reduce middle management and consolidate the number of product families from six to three. This action simplified the management structure and processes of the product families and allowed the Company to refocus on the priority of sales growth. The Company has eliminated approximately 60 positions during fiscal 2017, primarily in EMEA and USCAN. The Company recorded \$6.3 million of pre-tax employee-related costs during the six months ended February 28, 2017, a majority of which was recorded during the first quarter of fiscal 2017. As of February 28, 2017, the company has a balance of \$2.5 million accrued for this plan. The Company does not expect any additional charges related to this plan. Cash payments associated with this plan are expected to occur through fiscal 2017 as the plan is completed.

EMEA Plans

During the second quarter of fiscal 2017, the Company announced plans to close its plant in L'Arbresle, France and shift production to other EMEA facilities. The Company plans to reduce headcount by approximately 20 as a result of this plan. The Company recorded \$1.4 million of pre-tax employee-related costs during the three and six months ended February 28, 2017. The Company expects to incur minimal charges during the remainder of fiscal 2017 for this plan and has a balance of \$1.3 million accrued for this plan as of February 28, 2017. Cash payments associated with this plan are expected to occur through fiscal 2018 as the plan is completed.

In the first quarter of fiscal 2017, the Company approved plans to further streamline EMEA operations and back-office functions. The Company reduced headcount in EMEA by approximately 30 as a result of this plan. During the six months ended February 28, 2017, the Company recorded \$1.8 million of pre-tax employee-related costs, the majority of which was recorded during the first quarter of fiscal 2017. As of February 28, 2017, the Company has a balance of \$0.6 million accrued for this plan. The Company anticipates recording approximately \$1.0 million of additional pre-tax employee-related charges during the remainder of fiscal 2017 for this plan. Cash payments associated with this plan are expected to occur through fiscal 2017 as the plan is completed.

For discussion of the Company's previous restructuring plans, refer to Note 16 in the Company's Annual Report on Form 10-K for the fiscal year ended August 31, 2016.

(13) COMMITMENTS AND CONTINGENCIES

In the normal course of business, the Company is at times subject to pending and threatened legal actions, some for which the relief or damages sought may be substantial. Although the Company is not able to predict the outcome of such legal actions, after reviewing all pending and threatened legal actions with counsel and based on information currently available, management believes that the outcome of such actions, individually or in the aggregate, will not have a material adverse effect on the results of operations, financial position or cash flows of the Company. However, it is possible, that the ultimate resolution of such matters, if unfavorable, may be material to the results of operations in a particular future period as the time and amount of any resolution of such legal actions and its relationship to the future results of operations are not currently known.

Reserves are established for legal claims only when losses associated with the claims are judged to be probable, and the loss can be reasonably estimated. In many lawsuits and arbitrations, it is not considered probable that a liability has been incurred or it is not possible to estimate the ultimate or minimum amount of that liability until the case is close to resolution, in which case no reserve would be recognized until that time.

There were no material changes to the Company's future contractual obligations as previously reported in the Company's Annual Report on Form 10-K for the fiscal year ended August 31, 2016.

Lucent Matter

As previously reported by the Company in its filings with the SEC, on June 1, 2015, the Company completed the acquisition of Citadel and its subsidiaries, including its indirect wholly owned subsidiary Lucent Polymers, Inc. In August 2015, the Company discovered discrepancies between laboratory data and certifications provided by Lucent to customers and also discovered inaccuracies in materials and information provided by Lucent employees to an independent certification organization. The Company took immediate decisive actions following its initial discoveries, including, but not limited to, remediation measures, notifications to affected customers, and notification to Underwriter Laboratories. The Company also commenced an internal investigation, which revealed that the discrepancies and inaccuracies initially identified were due to practices at Lucent under its prior ownership. As a result, the Company has reformulated and rebranded its products and ceased the use of certain tradenames associated with Citadel, which resulted in the impairment of certain finite-lived intangible assets during the fourth quarter of fiscal 2016. In addition, the Engineered Plastics business, which is now part of the Performance Materials product family, did not meet volume and revenue expectations in fiscal 2016 and the product had lower margins than planned due primarily to the remediation and changes in business practices undertaken to address the Lucent quality matter. The deterioration of results due to the aforementioned factors and economic conditions soon after the acquisition resulted in the impairment of the acquired goodwill during the fourth quarter of fiscal 2016. For a discussion of the goodwill and intangible asset impairments, refer to the Company's Annual Report on Form 10-K for the fiscal year ended August 31, 2016.

To date, no customers or other parties have initiated recalls or have made material claims against the Company. Although to date, no significant customers have terminated their relationships with the Company or its subsidiaries because of the Lucent quality matter, the matter has resulted in decreased volume and revenue, including reductions by certain significant customers.

As no customer or other parties have initiated recalls, or have made material claims against the Company or its subsidiaries from the date we identified this issue in August 2015 through the date of filing, we are currently unable to conclude that losses related to recalls or claims are probable or to estimate the potential range of losses. The Company is currently unable to determine whether such issues will have any future material adverse effect on our financial position, liquidity, or results of operations.

In addition, the Company previously provided a written claim notice to the sellers and to the escrow agent with respect to the indemnity escrow established in connection with the stock purchase agreement pursuant to which the Company acquired Citadel and its subsidiaries. As of February 28, 2017, approximately \$31.0 million remained in such indemnity escrow.

As Lucent was effectively acquired by Citadel in December of 2013, the Company also submitted written claim notices pursuant to the Agreement and Plan of Merger, dated December 6, 2013, among The Matrixx Group, Incorporated, LPI Merger Sub, Inc., LPI Holding Company, River Associates Investments, LLC and certain stockholders of LPI Holding Company, pursuant to which Citadel initially acquired Lucent. The Company also submitted written claim notices pursuant to a \$3.8 million representations and warranties insurance policy issued in connection with that acquisition.

In June 2016, the Company filed a complaint in the Delaware Chancery Court against Citadel Plastics (the "Citadel Complaint"), as well as certain funds affiliated with the sellers and other former executives of Citadel and Lucent (the "Citadel Defendants"). In January 2017, the Court denied the defendants motion to dismiss seventeen of twenty claims. The Court's ruling sustained claims for breach of contract, fraudulent inducement, civil conspiracy and violations of blue sky laws in Illinois, Ohio, California and Indiana. On February 16, 2017, the Court entered a stipulated order establishing an equitable lien over all pre-closing tax refunds payable by the Company to Citadel Plastics under the stock purchase agreement until resolution of litigation. The funds currently subject to the equitable lien are \$7.5 million. The Company is seeking rescission, damages, rescissory damages, disgorgement or any other remedy deemed

proper for the alleged violations as well as seeking attorneys' fees for bringing suit. In November 2016, the Company, through its Matrixx subsidiary, filed a separate Complaint in the Delaware Chancery Court against River Associates (the "River Complaint"), as well as certain funds affiliated with the sellers and other former executives of Lucent (the "River Defendants"). In general, the River Complaint alleges similar theories (except securities violations) and seeks similar relief (except rescission) as the Citadel Complaint.

(14) ACCOUNTING PRONOUNCEMENTS

Accounting Standards Adopted In The Current Period

In November 2016, the Financial Accounting Standards Board ("FASB") issued an accounting standard update requiring that a statement of cash flows explain the change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. Therefore, amounts generally described as restricted cash would be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. This amendment is effective for public companies for fiscal years beginning after December 15, 2017, including interim periods. Early adoption is permitted. The Company has early adopted this standard effective December 1, 2016. The Company has \$1.6 million and \$8.1 million of restricted cash on its consolidated balance sheet as of February 28, 2017 and August 31, 2016, respectively, whose cash flow statement classification changed to align with the new guidance.

In April 2015, and as subsequently updated, the FASB issued new accounting guidance that requires entities to present debt issuance costs related to a recognized debt liability as a deduction from the carrying amounts of that debt liability. Debt issuance costs incurred in connection with line of credit arrangements will continue to be presented as an asset. Previous guidance classified all debt issuance costs as an asset. The standard is effective for fiscal years beginning after December 15, 2015. The Company has adopted this standard effective September 1, 2016 and applied it retrospectively. The amount of debt issuance costs related to term notes retrospectively reclassified from the deferred charges and other noncurrent assets line to the long-term debt line in the consolidated balance sheet was \$10.2 million at August 31, 2016.

In August 2014, the FASB issued new accounting guidance regarding how a company considers its ability to continue as a going concern, regardless of the Company's performance or financial position. In connection with preparing financial statements for each annual and interim reporting period, an entity's management should evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern within one year after the date that the financial statements are issued. The Company has adopted this standard effective September 1, 2016 and noted no additional disclosures.

Accounting Standards Issued, To Be Adopted By The Company In Future Periods

In March 2017, the FASB issued an accounting standard update requiring that an employer report the pension service cost component in the same line items as compensation costs, but report all other components of net periodic pension cost in a line below operating income. This amendment is effective for public companies for fiscal years beginning after December 15, 2017, including interim periods. Early adoption is permitted. The Company had pension service cost of \$2.7 million and \$2.6 million during the six months ended February 28, 2017 and six months ended February 29, 2016, respectively. Total net periodic pension cost was \$5.1 million during the six months ended February 28, 2017 and six months ended February 29, 2016. The Company is currently evaluating its plans regarding the adoption date.

In March 2016, the FASB issued new guidance which is intended to simplify several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification on the statement of cash flows, and accounting for forfeitures. The standard is effective for fiscal years beginning after December 15, 2016, including interim periods. Early application is permitted. The Company is currently evaluating the effects this standard will have on its consolidated financial statements together with evaluating the adoption date.

In February 2016, the FASB issued new accounting guidance which requires companies to recognize a lease liability and right-of-use asset on the balance sheet for operating leases with a term greater than one year. The standard is effective for fiscal years beginning after December 15, 2018. Early application is permitted. The Company regularly enters into operating leases which previously did not require recognition on the balance sheet. The Company is currently evaluating the effects this standard will have on its consolidated financial statements and plans to adopt this standard September 1, 2019.

In May 2014, and as subsequently updated, the FASB issued new accounting guidance that creates a single revenue recognition model, while clarifying the principles for recognizing revenue. The standard is effective for fiscal years beginning after December 15, 2017, including interim periods. The Company will adopt the new guidance on September 1, 2018. The new revenue standard may be applied using either of the following transition methods: (1) a full retrospective approach reflecting the application of the standard in each prior reporting period with the option to elect certain practical expedients, or (2) a modified retrospective approach with the cumulative effect of initially adopting the standard recognized at the date of adoption (which includes additional footnote disclosures). The Company preliminarily expects to use the modified retrospective method. However, the Company is continuing to evaluate the impact of the standard, and the planned adoption method is subject to

change. Currently, the Company is in the process of reviewing historical sales contracts to analyze the impact that the adoption of the standard may have, if any, on the consolidated financial statements.

No other new accounting pronouncements issued or with effective dates during fiscal 2017 had or are expected to have a material impact on the Company's consolidated financial statements.

(15) CONSOLIDATING FINANCIAL INFORMATION

Certain of our subsidiaries have guaranteed our obligations under the \$375.0 million outstanding principal amount of 6.875% Senior Notes due June 2023 (the "Notes"). The following presents the condensed consolidating financial information separately for:

- (i) A. Schulman Inc. ("Parent"), the issuer of the guaranteed obligations;
- (ii) Guarantor subsidiaries ("Guarantors"), on a combined basis, as specified in the indentures related to the Company's obligations under the Notes;
- (iii) Non-guarantor subsidiaries ("Non-Guarantors"), on a combined basis;
- (iv) Eliminations representing adjustments to (a) eliminate intercompany transactions between or among Parent, Guarantors and Non-Guarantors and (b) eliminate the investments in our subsidiaries;
- (v) A. Schulman, Inc. and Subsidiaries on a consolidated basis ("Consolidated").

Each Guarantor is 100% owned by Parent for each period presented. The Notes are fully and unconditionally guaranteed on a joint and several basis by each Guarantor. The guarantees of the Guarantors are subject to release in limited circumstances only upon the occurrence of certain customary conditions. Each entity in the consolidating financial information follows the same accounting policies as described in the notes to the consolidated financial statements, except for the use by Parent and Guarantors of the equity method of accounting to reflect ownership interests in subsidiaries which are eliminated upon consolidation. Changes in intercompany receivables and payables related to operations, such as intercompany sales or service charges, are included in cash flows from operating activities. Intercompany transactions reported as investing or financing activities include the sale of the capital stock of various subsidiaries, loans and other capital transactions between members of the consolidated group.

Certain Non-Guarantors are limited in their ability to remit funds to it by means of dividends, advances or loans due to required foreign government and/or currency exchange board approvals or limitations in credit agreements or other debt instruments of those subsidiaries.

Item 2 – Management’s Discussion and Analysis of Financial Condition and Results of Operations

This Management’s Discussion and Analysis of Financial Condition and Results of Operations (“MD&A”) is intended to help investors understand our results of operations, financial condition and current business environment. The MD&A is provided as a supplement to, and should be read in conjunction with, our unaudited consolidated financial statements and related notes included elsewhere in this Quarterly Report and the Company’s Annual Report on Form 10-K for the fiscal year ended August 31, 2016.

The MD&A is organized as follows:

- Overview: From management’s point of view, we discuss the following:

Summary of our business and the markets in which we operate; and

Significant events during the current fiscal year.

Results of Operations: An analysis of our results of operations as reflected in our consolidated financial statements.

Throughout this MD&A, the Company provides operating results exclusive of certain items such as costs related to acquisitions and integration, restructuring and related expenses, asset impairments and asset write-downs, which are considered relevant to aid analysis and understanding of the Company’s results and business trends. The Company believes that operating income before certain items is a useful measure to investors and management in understanding current profitability levels that may serve as a basis for evaluating future performance and facilitating comparability of results. In addition, operating income before certain items is important to management as it is a component of the Company’s annual and long-term employee incentive compensation plans.

Liquidity and Capital Resources: An analysis of our cash flows, working capital, debt structure, contractual obligations and other commercial commitments.

Overview

Business Summary

A. Schulman, Inc. is an international supplier of high-performance plastic formulations, resins and services headquartered in Fairlawn, Ohio. The Company’s customers span a wide range of markets such as packaging, mobility, building & construction, electronics & electrical, agriculture, personal care & hygiene, custom services, and sports, leisure & home. The Chief Operating Decision Maker (“CODM”) makes decisions, assesses performance and allocates resources by the following five reportable segments:

• Europe, Middle East and Africa (“EMEA”),

• United States & Canada (“USCAN”),

• Latin America (“LATAM”),

• Asia Pacific (“APAC”), and

• Engineered Composites (“EC”).

As of February 28, 2017, the Company has approximately 4,800 employees and 54 manufacturing facilities worldwide. Globally, the Company operates in three product families: Engineered Composites, Custom Concentrates and Services, and Performance Materials.

Lucent Matter

As previously reported by the Company in its filings with the SEC, on June 1, 2015, the Company completed the acquisition of Citadel and its subsidiaries, including its indirect wholly owned subsidiary Lucent Polymers, Inc. In August 2015, the Company discovered discrepancies between laboratory data and certifications provided by Lucent to customers and also discovered inaccuracies in materials and information provided by Lucent employees to an independent certification organization. The Company took immediate decisive actions following its initial discoveries, including, but not limited to, remediation measures, notifications to affected customers, and notification to Underwriter Laboratories. The Company also commenced an internal investigation, which revealed that the discrepancies and inaccuracies initially identified were due to practices at Lucent under its prior ownership. As a result, the Company has reformulated and rebranded its products and ceased the use of certain tradenames associated with Citadel, which resulted in the impairment of certain finite-lived intangible assets during the fourth quarter of fiscal 2016. In addition, the Engineered Plastics business, which is now part of the Performance Materials product family, did not meet volume and revenue expectations in fiscal 2016 and the product had lower margins than planned due primarily to the remediation and changes in business practices undertaken to address the Lucent quality matter. The deterioration of results due to the aforementioned factors and economic conditions soon after the acquisition resulted in the impairment of the acquired goodwill during the fourth quarter of fiscal 2016. For a discussion of the goodwill and intangible asset impairments, refer to the Company's Annual Report on Form 10-K for the fiscal year ended August 31, 2016.

To date, no customers or other parties have initiated recalls or have made material claims against the Company. Although to date, no significant customers have terminated their relationships with the Company or its subsidiaries because of the Lucent quality matter, the matter has resulted in decreased volume and revenue, including reductions by certain significant customers.

The Company incurred the following costs related to the Lucent matter that negatively impacted the Company's operating results in the three and six months ended February 28, 2017 and three and six months ended February 29, 2016:

	Three months ended February 28, 2017		Six months ended February 29, 2017

Litigation related costs	596	—	1,260	—
Total Lucent Matter costs	\$1,462	\$ 2,141	\$3,107	\$ 6,976

As no customer or other parties have initiated recalls, or have made material claims against the Company or its subsidiaries from the date we identified this issue in August 2015 through the date of filing, we are currently unable to conclude that losses related to recalls or claims are probable or to estimate the potential range of losses. The Company is currently unable to determine whether such issues will have any future material adverse effect on our financial position, liquidity, or results of operations.

In addition, the Company previously provided a written claim notice to the sellers and to the escrow agent with respect to the indemnity escrow established in connection with the stock purchase agreement pursuant to which the Company acquired Citadel and its subsidiaries. As of February 28, 2017, approximately \$31.0 million remained in such indemnity escrow.

As Lucent was effectively acquired by Citadel in December of 2013, the Company also submitted written claim notices pursuant to the Agreement and Plan of Merger, dated December 6, 2013, among The Matrixx Group, Incorporated, LPI Merger Sub, Inc., LPI Holding Company, River Associates Investments, LLC and certain stockholders of LPI Holding Company, pursuant to which Citadel initially acquired Lucent. The Company also submitted written claim notices pursuant to a \$3.8 million representations and warranties insurance policy issued in connection with that acquisition.

In June 2016, the Company filed a complaint in the Delaware Chancery Court against Citadel Plastics (the “Citadel Complaint”), as well as certain funds affiliated with the sellers and other former executives of Citadel and Lucent (the “Citadel Defendants”). In January 2017, the Court denied the defendants motion to dismiss seventeen of twenty claims. The Court's ruling sustained claims for breach of contract, fraudulent inducement, civil conspiracy and violations of blue sky laws in Illinois, Ohio, California and Indiana. On February 16, 2017, the Court entered a stipulated order establishing an equitable lien over all pre-closing tax refunds payable by the Company to Citadel Plastics under the stock purchase agreement until resolution of litigation. The funds currently subject to the equitable lien are \$7.5 million. The Company is seeking rescission or rescissory damages, damages, disgorgement or any other remedy deemed proper for the alleged violations as well as seeking attorneys’ fees for bringing suit. In

November 2016, the Company, through its Matrixx subsidiary, filed a separate Complaint in the Delaware Chancery Court against River Associates (the “River Complaint”), as well as certain funds affiliated with the sellers and other former executives of Lucent (the “River Defendants”). In general, the River Complaint alleges similar theories (except securities violations) and seeks similar relief (except rescission) as the Citadel Complaint.

Fiscal Year 2017 Significant Events

The following represent significant events during fiscal year 2017:

1. Restructuring Plans. During the first six months of fiscal 2017, the Company announced restructuring actions that will simplify its product families, consolidate its manufacturing footprint, and optimize its back-office support functions. The Company expects to reduce headcount by approximately 120 from its fiscal 2017 plans and realize annual savings of approximately \$11.0 million.

2. CFO Transition. On November 1, 2016, John W. Richardson was appointed as the Company’s Executive Vice President and Chief Financial Officer, succeeding Joseph J. Levanduski. Mr. Richardson had most recently served as Chief Financial Officer for Qwest Communications International. Prior to that, Mr. Richardson served in progressively senior financial roles at Goodyear Tire & Rubber Company, including Vice President - Corporate Finance and Chief Accounting Officer, and as Chairman and General Manager of the company’s British subsidiary, spanning a 35-year career at Goodyear.

3. EC Expansion. On October 18, 2016, the Company announced plans to expand its EC operations in EMEA. The Company will expand its compounding capacity with the addition of a new sheet molding compound production line in Germany. The new line will be operational by the end of 2017. The new production line will allow the Company to produce its entire range of glass and carbon fiber sheet molding compounds in Europe, including its Quantum Engineered Structural Composites® portfolio.

4. USCAN Distribution Center Expansion. On February 27, 2017, the Company announced it will open a distribution center at its idle Stryker, Ohio plant to serve customers located in Indiana, Illinois, Michigan, Ohio and Wisconsin. This is an extension to the Company’s existing warehousing and distribution business in order to address the needs of the local market. The Stryker distribution center will be operational by the end of fiscal 2017.

5. Chief Commercial Officer. On December 14, 2016, Gary Phillips was appointed as the Company’s Chief Commercial Officer. In this capacity, Mr Phillips’ newly created organization will work closely with all of the critical stakeholders, in order to build a customer centric, growth oriented sales culture. Mr. Phillips’ ability to create impactful relationships with colleagues and customers alike will be critical to the Company’s success in reinvigorating its growth plan in fiscal 2017 and beyond. Prior to joining A. Schulman, Mr. Phillips served as the Vice President and General Manager of Comcast Cable in West Palm Beach, Florida from 2014 through 2016 and various roles of increasing responsibility with CenturyLink, and its predecessor company Qwest Communications, from 2001 through 2012, where he ultimately served as the Vice President of business markets/central region.

EMEA net sales for the three months ended February 28, 2017 were \$276.9 million, a decrease of \$13.4 million compared with the prior year period. Excluding the unfavorable impact of foreign currency translation of \$13.2 million, net sales were approximately the same as the prior year period.

EMEA gross profit was \$39.1 million for the three months ended February 28, 2017, relatively consistent with the prior year quarter. Excluding the unfavorable impact of foreign currency translation of \$1.6 million, segment gross profit increased by \$1.8 million, or 4.6%, primarily due to improved product mix, lower raw material costs early in the quarter, and savings from prior restructuring actions.

EMEA operating income for the three months ended February 28, 2017 was \$16.5 million, an increase of \$0.9 million compared with the prior year quarter. Excluding the unfavorable impact of foreign currency translation of \$0.6 million, segment operating income increased by \$1.5 million, or 9.5%. Segment operating income increased primarily due to improved gross profit as noted above and savings from the product family restructuring actions completed earlier in the year.

EMEA net sales for the six months ended February 28, 2017 were \$573.0 million, a decrease of \$45.5 million compared with the prior year period. Excluding the unfavorable impact of foreign currency translation of \$22.7 million, net sales decreased by 3.7% primarily due to a variety of factors including decreased demand for certain products, customers sourcing products in-house, and competitive pricing pressure partially offset by improved product mix.

EMEA gross profit was \$83.8 million for the six months ended February 28, 2017, a decrease of \$2.8 million compared with the prior year period. Excluding the unfavorable impact of foreign currency translation of \$2.8 million, segment gross profit was comparable with the prior year period.

EMEA operating income for the six months ended February 28, 2017 was \$36.3 million, an increase of \$0.5 million compared with the prior year period. Excluding the unfavorable impact of foreign currency translation of \$1.2 million, segment operating income increased by \$1.8 million, or 5.0%. Segment operating income increased primarily due to lower selling, general and administrative ("SG&A") expense of \$3.4 million. Excluding the favorable impact of foreign currency of \$1.5 million, SG&A expense decreased by \$1.9 million primarily due to savings from the product family restructuring actions completed earlier in the year.

Three months ended February 28, 2017

USCAN net sales for the three months ended February 28, 2017 were \$151.9 million, a decrease of \$18.9 million or 11.1% compared with the prior-year period. The decrease is primarily due to lower volume in the Performance Materials product family of 6.4% and 5.5% in Custom Concentrates and Services, respectively. The decrease in Performance Materials was primarily the result of plant consolidation complexity. The decrease in Custom Concentrates and Services was primarily due to the discontinuation of certain low margin commodity business and delays associated with qualifications on new and upgraded lines.

USCAN gross profit was \$20.1 million for the three months ended February 28, 2017, a decrease of \$7.2 million from the comparable period last year. The decrease was mainly due to the volume impact as noted above, plant consolidation costs associated with reformulation and processing consistency to meet the Company's standards in Performance Materials, and costs associated with qualification of products on newly invested Custom Concentrates and Services manufacturing lines.

USCAN operating income for the three months ended February 28, 2017 was \$5.4 million compared with \$10.4 million in the same quarter of fiscal 2016. Segment operating income decreased due to the lower segment gross profit as noted above, partially offset by decreased SG&A expenses of \$2.2 million. The SG&A expense decrease was primarily due to lower compensation expense of \$1.4 million related to savings from prior restructuring actions and reduced incentive compensation expense and \$1.0 million of decreased amortization expense related to the write-down of intangible assets in the fourth quarter of fiscal 2016.

Six months ended February 28, 2017

USCAN net sales for the six months ended February 28, 2017 were \$308.3 million, a decrease of \$40.8 million or 11.7% compared with the prior-year period. The decrease was due to lower volume in the Performance Materials product family of 8.8% and Custom Concentrates and Services of 6.6%. The decrease in Performance Materials is primarily the result of plant consolidation complexity and a decrease in flame retardant business associated with Lucent when compared to the same period in the prior year. On an annualized basis, the Company estimates lost sales of approximately \$20 million - \$25 million due to the Lucent matter. The decrease in Custom Concentrates and Services was due to delays associated with qualifications on new and upgraded manufacturing lines and the discontinuation of certain low margin commodity business.

USCAN gross profit was \$44.6 million for the six months ended February 28, 2017, a decrease of \$13.0 million from the comparable period last year. The decrease was mainly due to the volume impact as noted above and plant consolidation costs associated with reformulation and processing consistency to meet the Company's standards, partially offset by cost savings from previous plant consolidation efforts in Performance Materials. The increased costs associated with qualification of products on newly invested Custom Concentrates and Services manufacturing lines also contributed to the year-over-year decline in gross profit.

USCAN operating income for the six months ended February 28, 2017 was \$13.9 million compared with \$22.6 million in the same quarter of fiscal 2016. Segment operating income decreased due to the lower segment gross profit as noted above, partially offset by lower SG&A expenses of \$4.3 million. The SG&A expense decrease was primarily due to lower compensation expense of \$2.4 million related to savings from prior restructuring actions, and decreased amortization expense of \$1.9 million related to the write-down of intangible assets in the fourth quarter of fiscal 2016.

LATAM gross profit was \$9.6 million for the three months ended February 28, 2017, a increase of \$1.1 million or 13.3% from the comparable period last year. Segment gross profit increased primarily due to improved product mix and savings generated from plant operational efficiencies.

LATAM operating income for the three months ended February 28, 2017 was \$5.5 million. Compared with the same quarter of fiscal 2016, segment operating income increased due to higher segment gross profit as noted above.

LATAM net sales for the six months ended February 28, 2017 were \$81.9 million compared to \$83.4 million in the prior-year period, a decrease of 1.8%. Excluding the favorable impact of foreign currency of \$1.7 million, net sales decreased 3.9% compared with the prior year period. LATAM net sales decreased primarily driven by decreased volume in the Custom Concentrates and Services product family of 10.5% due to reduced sales of commoditized products, partially offset by volume growth in the Performance Materials product family of 15.3% due to increased sales of value-added products primarily in the automotive market.

LATAM gross profit was \$19.0 million for the six months ended February 28, 2017, a increase of \$0.8 million or 4.6% from the comparable period last year. Segment gross profit increased primarily due to product mix and savings generated from plant operational efficiencies.

LATAM operating income for the six months ended February 28, 2017 was \$10.9 million. Compared with the same quarter of fiscal 2016, segment operating income increased due to higher segment gross profit, as noted above.

APAC net sales for the three months ended February 28, 2017 were \$48.9 million, an increase of \$3.9 million or 8.5% compared with the same prior-year period. Excluding the negative foreign currency translation of \$1.3 million, net sales increased by 11.5%, as volumes increased in the Performance Materials product family, primarily in the electronics & electrical and mobility markets, and in the Custom Concentrates and Services product family, primarily in the personal care & hygiene market.

APAC gross profit for the three months ended February 28, 2017 was \$8.9 million, an increase of \$0.7 million compared with the prior-year period. Segment gross profit benefited from increased sales, as noted above, and improved product mix.

APAC operating income for the three months ended February 28, 2017 was \$4.9 million compared with \$4.7 million in the prior-year comparable quarter. The increase in segment operating income was primarily due to the aforementioned increase in gross profit.

Excluding the negative foreign currency translation of \$1.8 million, net sales increased by 11.9%, as volumes increased in the Custom Concentrates and Services and Performance Materials product families, primarily in the personal care & hygiene, electronics & electrical, and mobility markets.

APAC gross profit for the six months ended February 28, 2017 was \$18.0 million, an increase of \$2.0 million compared with the prior-year period. Segment gross profit benefited from increased sales, as noted above, and improved product mix.

APAC operating income for the six months ended February 28, 2017 was \$9.9 million compared with \$9.0 million in the prior-year comparable period. The increase in segment operating income was primarily due to the aforementioned increase in gross profit, partially offset by increased variable compensation.

EC net sales for the three months ended February 28, 2017 were \$51.3 million, an increase of \$3.9 million or 8.2% over the prior-year comparable period. The increase in sales was primarily due to a strong sales mix as the portfolio continues to shift to highly specialized products. EC's price per pound increased 8.9% attributed to a stronger sales mix in the sports, leisure & home and oil & gas markets.

EC gross profit for the three months ended February 28, 2017 was \$12.8 million, an increase of \$1.8 million or 16.8% over the prior year. Segment gross profit increased primarily due to the increased sales as noted above.

EC operating income for the three months ended February 28, 2017 was \$4.1 million, an increase of \$2.7 million over the prior year. The increase in segment operating income was primarily due to increased gross profit as noted above and decreased SG&A expenses of \$0.8 million primarily related to savings from the EC restructuring actions completed in the prior year partially offset by higher incentive compensation.

EC net sales for the six months ended February 28, 2017 were \$105.8 million, an increase of \$6.5 million or 6.5% over the prior-year comparable period. The increase in sales was primarily due to increased volumes of 1.0% driven by strong sales in the sports, leisure & home, oil & gas, and electrical & electronic markets and increased price per pound of 5.5%, primarily linked to oil and gas market sales and strong second quarter sales mix.

EC gross profit for the six months ended February 28, 2017 was \$26.8 million, an increase of \$2.6 million or 10.8% over the prior year period. Segment gross profit increased primarily due to the increased sales as noted above.

EC operating income for the six months ended February 28, 2017 was \$9.2 million, an increase of \$3.7 million over the prior year. The increase in segment operating income was primarily due to increased gross profit as noted above and decreased SG&A expenses of \$1.1 million related to decreased intangible amortization expense related to the write-down of intangible assets in the fourth quarter of fiscal 2016 and due to savings from the EC restructuring actions completed in the prior year.

Restructuring expenses included in restructuring expense in the Company's statements of operations include costs permitted under ASC 420, Exit or Disposal Obligations, such as severance costs, outplacement services and contract termination costs.

Three months ended February 28, 2017

Consolidated net sales for the three months ended February 28, 2017 were \$568.7 million compared with \$591.8 million for the prior period. The sales decrease of \$23.1 million was primarily due to lower volume in USCAN and unfavorable foreign currency translation of \$12.6 million. These decreases are partially offset by increased sales in APAC and EC.

Operating income increased by \$5.3 million for the three months ended February 28, 2017 compared with the same prior-year period, primarily due to improved product mix in nearly all segments, as discussed above, and decreased SG&A expenses of \$5.6 million. Total operating income before certain items for the three months ended February 28, 2017 was \$27.4 million, a decrease of \$1.3 million compared with the same prior-year period. The decrease in total operating income before certain items was primarily due to decreased gross profit as noted in USCAN above and the negative impact of foreign currency translation of \$1.1 million. This decrease is partially offset by improved product mix and decreased SG&A expense, excluding certain items, of \$2.0 million as noted below.

The Company's SG&A expenses for the three months ended February 28, 2017 were \$66.0 million compared to \$71.6 million in the prior year period. The Company's SG&A expenses, excluding certain items, decreased by \$2.0 million for the three months ended February 28, 2017 compared with the same prior year period. The decrease was primarily

attributable to decreased compensation related expense of \$2.8 million related to prior restructuring activities and decreased intangible amortization expense of \$1.4 million related to the write-down of intangible assets in the fourth quarter of fiscal 2016, partially offset by increased variable incentive compensation of \$1.5 million. Certain items excluded from SG&A expenses consist of \$2.8 of expense primarily related to acquisition and integration activities, restructuring and related costs and Lucent costs for the three months ended February

Six months ended February 28, 2017

Consolidated net sales for the six months ended February 28, 2017 were \$1,168.7 million compared with \$1,241.0 million for the prior period. The 5.8% decrease in net sales was primarily due to lower volume in USCAN and EMEA, and unfavorable foreign currency translation of \$21.9 million. These decreases are partially offset by increased sales in APAC and EC.

Operating income decreased by \$1.7 million for the six months ended February 28, 2017 compared with the same prior-year period, primarily due to the decreased results within the USCAN segment as discussed above and higher restructuring expenses, partially offset by decreased SG&A expenses. Total operating income before certain items for the six months ended February 28, 2017 was \$62.4 million, a decrease of \$4.2 million compared with the same prior-year period. The decrease in total operating income before certain items was primarily due to decreased gross profit as noted in the USCAN segment above and the negative impact of foreign currency translation of \$2.0 million, partially offset by improved product mix and decreased SG&A expense, excluding certain items, of \$6.2 million as noted below.

The Company's SG&A expenses for the six months ended February 28, 2017 were \$138.3 million compared to \$148.8 million in the prior year period. The Company's SG&A expenses, excluding certain items, decreased by \$6.2 million for the six months ended February 28, 2017 compared with the same prior year period. The decrease was primarily attributable to decreased

- 37 -

compensation related expense of \$4.8 million related to prior restructuring activities, decreased intangible amortization expense of \$2.6 million related to the write-down of intangible assets in the fourth quarter of fiscal 2016, decreased legal and professional fees of \$2.2 million, and the favorable impact of foreign currency translation of \$1.2 million, partially offset by increased variable incentive compensation of \$4.0 million. Certain items excluded from SG&A expenses consist of \$8.5 million of expense related to acquisition and integration activities, restructuring and related costs, CEO transition costs, asset impairment and Lucent costs for the six months ended February 28, 2017 and \$12.8 million of expense related to acquisition and integration activities, restructuring and related costs and Lucent costs for the prior period.

Additional consolidated results

Interest expense decreased \$0.7 million and \$1.1 million for the three and six months ended February 28, 2017, respectively, compared with the same period in the prior year as the Company continues to reduce its debt related to the fiscal 2015 Citadel acquisition.

The Company experienced foreign currency transaction losses of \$1.1 million and \$1.6 million for the three and six months ended February 28, 2017, respectively. Generally, the foreign currency transaction gains or losses relate to the changes in the value of the U.S. dollar compared with the Euro and other local currencies throughout all regions, and changes between the Euro and other non-Euro European currencies. The Company may enter into foreign exchange forward contracts to reduce the impact of changes in foreign exchange rates on the consolidated statements of operations. These contracts reduce exposure to currency movements affecting the remeasurement of foreign currency denominated assets and liabilities primarily related to trade receivables and payables, as well as intercompany activities. Any gains or losses associated with these contracts, as well as the offsetting gains or losses from the underlying assets or liabilities, are recognized on the foreign currency transaction line in the consolidated statements of operations. There were no foreign exchange forward contracts designated as hedging instruments as of February 28, 2017 and August 31, 2016.

Net income (loss) available to the Company's common stockholders was \$3.2 million and \$4.2 million for the three and six months ended February 28, 2017, respectively, compared to a loss of \$0.3 million and income of \$4.9 million for the three and six months ended February 29, 2016.

Product Families

Globally, the Company operates in three product families: Engineered Composites, Custom Concentrates and Services, and Performance Materials. The amount and percentage of consolidated net sales for these product families are as follows:

Accrual balance as of February 28, 2017	\$6,146	\$241	\$ 6,387

For discussion of the Company's fiscal 2017 restructuring plans, refer to Note 12 in this Form 10-Q.

Income Tax

The effective tax rate was 17.6% and 34.4% for the three and six months ended February 28, 2017, respectively, and (36.0)% and 28.8% for the three and six months ended February 29, 2016, respectively. The increase in the effective tax rate for the six months ended February 28, 2017 as compared with the same period last year was driven primarily by an increase in uncertain tax positions as well as a benefit recorded in the prior period from the extension of certain expired tax provisions.

We record quarterly taxes based on overall estimated annual effective tax rates. The difference between our effective tax rate and the U.S. statutory federal income tax rate in the current year is primarily attributable to our overall foreign rate being less than the U.S. statutory federal income tax rate partially offset by an increase in the amount of uncertain tax positions recorded.

Goodwill

Goodwill is tested for impairment annually during the fiscal fourth quarter as of June 1. Management uses judgment to determine whether to use a qualitative analysis or a quantitative fair value measurement approach that combines the income and market valuation techniques for each of the Company's reporting units that carry goodwill. These valuation techniques use estimates and assumptions including, but not limited to, the determination of appropriate market comparables, projected future cash flows (including timing and profitability), discount rate reflecting the risk inherent in future cash flows, perpetual growth rate, and projected future economic and market conditions.

As of June 1, 2016, the Company completed its annual goodwill impairment test for fiscal 2016. Refer to the Annual Report on Form 10-K for the fiscal year ended August 31, 2016 for additional information on the Company's annual goodwill impairment test. During the first quarter of fiscal 2017, the Company realigned its product families, which resulted in a change in the Company's reporting units. Goodwill now exists in the Custom Concentrates and Services and Performance Materials reporting units in EMEA, USCAN, and APAC, the Custom Concentrates and Services reporting unit in LATAM and within the Engineered Composites reporting unit.

If circumstances change between annual tests that would more likely than not reduce the fair value of a reporting unit below its carrying value, the Company would test goodwill for impairment. Factors which would necessitate an interim goodwill impairment assessment include a sustained decline in the Company's stock price, prolonged negative industry or economic trends, and significant under-performance relative to historical or projected future operating results. Given recent financial performance, the Company is closely monitoring the USCAN reporting units to determine if the short-term results are indicative of long-term trends. No such indicators of impairment exist as of February 28, 2017.

Liquidity and Capital Resources

Net cash provided from operations was \$40.1 million and \$30.6 million for the six months ended February 28, 2017 and February 29, 2016, respectively. The increase is primarily due to year-over-year improvement in working capital. The Company's cash, cash equivalents and restricted cash increased \$6.1 million from August 31, 2016. This increase was driven primarily by cash generated from operations of \$40.1 million and net borrowings of \$6.7 million, partially offset by capital expenditures of \$24.5 million, and dividend payments of \$15.8 million.

The Company's approximate working capital days are summarized as follows:

	February 28, 2017	August 31, 2016	February 29, 2016
Days in receivables	60	56	59
Days in inventory	54	48	55
Days in payables	66	56	56
Total working capital days	48	48	58

The following table summarizes certain key balances on the Company's consolidated balance sheets and related metrics:

Total A. Schulman, Inc. stockholders' equity	\$143,669	\$159,269	\$(15,600)	(9.8) %

⁽¹⁾ Long-term debt, Total debt and Net debt at August 31, 2016 have been recast to include debt issuance costs recognized as a deduction from the carrying amount of that debt liability. The debt issuance costs were previously classified as deferred charges and other noncurrent assets on the Company's consolidated balance sheet. Refer to Note 14, Accounting Pronouncements, for additional information.

⁽²⁾ Net debt, a non-GAAP financial measure, represents total debt less cash and cash equivalents and restricted cash. The Company believes that net debt provides useful supplemental liquidity information to investors.

As of February 28, 2017 and August 31, 2016, the Company held 94% and 97% of the Company's cash and cash equivalents at its foreign subsidiaries, respectively. The majority of these foreign cash balances are associated with earnings that we have asserted are permanently reinvested and which we plan to use to support continued growth plans outside the U.S. through funding of capital expenditures, acquisitions, operating expenses or other similar cash needs of foreign operations. From time to time, we repatriate cash from foreign subsidiaries to the U.S. through intercompany dividends for normal operating needs and service of outstanding debt. These dividends are paid out of current year earnings. A significant portion of our cash and cash equivalents are in the Company's bank accounts that are part of the Company's established global cash pooling system. In addition, excess cash in the U.S. and EMEA is generally used to repay outstanding debt. The Company prepaid \$56.0 million on its term debt, in addition to normal required payments of \$6.8 million, during the six months ended February 28, 2017. The pre-payments were facilitated by the Company borrowing on its revolving credit facility in Europe and transferring approximately \$40.0 million in a tax efficient manner to the U.S. in the first quarter of fiscal 2017.

Working capital, excluding cash and assets held for sale, was \$255.8 million as of February 28, 2017, a decrease of \$4.9 million from August 31, 2016. Increases in accounts receivable and inventory were offset by an increase in accounts payable.

Capital expenditures for the six months ended February 28, 2017 were \$24.5 million compared with \$20.4 million last year. The Company continued regular and ongoing investments in its global manufacturing facilities and technical innovation centers.

Foreign short-term lines of credit	14,179	27,959
Total available funds from credit lines	\$230,730	\$307,079

Total available funds from credit lines represents the total capacity from credit lines less outstanding borrowings of \$94.4 million and \$26.6 million as of February 28, 2017 and August 31, 2016, respectively, and issued letters of credit of \$4.5 million and \$4.3 million as of February 28, 2017 and August 31, 2016, respectively.

During the three and six months ended February 28, 2017, the Company declared and paid quarterly cash dividends of \$15.00 and \$30.00, respectively, per share to special stockholders. The total amount of these dividends was \$1.9 million and \$3.8 million, respectively. During the three and six months ended February 28, 2017, the Company declared and paid quarterly cash dividends of \$0.205 and \$0.410, respectively, per share to common stockholders. The total amount of these dividends was \$6.0 million and \$12.1 million, respectively.

For a discussion of the Company's share repurchase programs, refer to Note 18 in the Company's Annual Report on Form 10-K for the fiscal year ended August 31, 2016. As of February 28, 2017, shares valued at \$51.7 million remain authorized for repurchase. This program expired on April 2, 2017 and was not renewed.

The Company has foreign currency exposures primarily related to the Euro, British pound sterling, Polish zloty, Mexican peso, Brazilian real, and Argentine peso, among others. The assets and liabilities of the Company's foreign subsidiaries are translated into U.S. dollars using current exchange rates. Income statement items are translated at average exchange rates prevailing during the period. The resulting translation adjustments are recorded in the accumulated other comprehensive income (loss) account in stockholders' equity. Accumulated other comprehensive income decreased by \$9.9 million during the six months ended February 28, 2017 primarily due to the strengthening of the U.S. dollar against various foreign currencies.

Cash flow from operations, borrowing capacity under the credit facilities and cash and cash equivalents are expected to provide sufficient liquidity to maintain and grow the Company's current operations and capital expenditure requirements, pay dividends, and reduce outstanding debt.

Contractual Obligations

As of February 28, 2017, there were no material changes to the Company's future contractual obligations as previously reported in the Company's Annual Report on Form 10-K for the fiscal year ended August 31, 2016. The Company's outstanding commercial commitments as of February 28, 2017 are not material to the Company's financial position, liquidity or results of operations.

Off-Balance Sheet Arrangements

The Company does not have any off-balance sheet arrangements as of February 28, 2017.

Critical Accounting Policies

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. Management bases its estimates on historical experience and other factors it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results could differ from those estimates. The Company's critical accounting policies are the same as discussed in the Company's Annual Report on Form 10-K for the fiscal year ended August 31, 2016.

Accounting Pronouncements

For a discussion of accounting pronouncements, refer to Note 14 of this Form 10-Q.

Cautionary Statements

A number of the matters discussed in this document that are not historical or current facts deal with potential future circumstances and developments and may constitute “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by the fact that they do not relate strictly to historic or current facts and relate to future events and expectations. Forward-looking statements contain such words as “anticipate,” “estimate,” “expect,” “project,” “intend,” “plan,” “believe,” and other words and terms of similar meaning in connection with any discussion of future operating or financial performance. Forward-looking statements are based on management’s current expectations and include known and unknown risks, uncertainties and other factors, many of which management is unable to predict or control, that may cause actual results, performance or achievements to differ materially from those expressed or implied in the forward-looking statements. Important factors that could cause actual results to differ materially from those suggested by these forward-looking statements, and that could adversely affect the Company’s future financial performance, include, but are not limited to, the following:

- worldwide and regional economic, business and political conditions, including continuing economic uncertainties in some or all of the Company’s major product markets or countries where the Company has operations;
- the effectiveness of the Company’s efforts to improve operating margins through sales growth, price increases, productivity gains, and improved purchasing techniques;
- competitive factors, including intense price competition;
- fluctuations in the value of currencies in areas where the Company operates;
- volatility of prices and availability of the supply of energy and raw materials that are critical to the manufacture of the Company’s products, particularly plastic resins derived from oil and natural gas;
- changes in customer demand and requirements;
- effectiveness of the Company to achieve the level of cost savings, productivity improvements, growth and other benefits anticipated from acquisitions and the integration thereof, joint ventures and restructuring initiatives;
- escalation in the cost of providing employee health care;
- uncertainties and unanticipated developments regarding contingencies, such as pending and future litigation and other claims, including developments that would require increases in our costs and/or reserves for such contingencies;
- the performance of the global automotive market as well as other markets served;
- further adverse changes in economic or industry conditions, including global supply and demand conditions and prices for products;
- operating problems with our information systems as a result of system security failures such as viruses, cyber-attacks or other causes;
- our current debt position could adversely affect our financial health and prevent us from fulfilling our financial obligations; and
- failure of counterparties to perform under the terms and conditions of contractual arrangements, including suppliers, customers, buyers and sellers of a business and other third parties with which the Company contracts.

The risks and uncertainties identified above are not the only risks the Company faces. Additional risk factors that could affect the Company’s performance are set forth in the Company’s Annual Report on Form 10-K for the fiscal year ended August 31, 2016. In addition, risks and uncertainties not presently known to the Company or that it believes to be immaterial also may adversely affect the Company. Should any known or unknown risks or uncertainties develop into actual events, or underlying assumptions prove inaccurate, these developments could have material adverse effects on the Company’s business, financial condition and results of operations.

Item 3 – Quantitative and Qualitative Disclosure about Market Risk

In the ordinary course of business, the Company is subject to interest rate, foreign currency, and commodity risks. Information related to these risks and management of these exposures is included in Part II, ITEM 7A, QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK, in the Company’s Annual Report on Form 10-K for the fiscal year ended August 31, 2016. Exposures to market risks have not changed materially since August 31, 2016.

Item 4 – Controls and Procedures

a) Evaluation of Disclosure Controls and Procedures

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Company's reports filed or submitted under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. Management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As previously disclosed under "Item 9A - Controls and Procedures" in our Annual Report on Form 10-K for our fiscal year ended August 31, 2016, the Company concluded that our disclosure controls and procedures were not effective as of August 31, 2016 based on the material weaknesses identified related to information technology program applications at certain of our acquired Citadel locations. During the first quarter ended November 30, 2016, management concluded that remediation was complete for the material weaknesses identified related to information technology applications at certain of our acquired Citadel locations.

Additionally, we did not maintain a sufficient number of professionals with an appropriate level of knowledge, training and experience to properly analyze and record accounting matters at the Company's European Shared Service Center ("SSC"), which contributed to additional material weaknesses related to the segregation of duties over certain accounting functions, including the

review and approval of manual journal entries, ineffective controls over cash disbursements related to accounts payable and ineffective controls over revenue.

As a result of the existing material weaknesses related to our European SSC, our CEO and CFO have concluded that, as of the quarter ended February 28, 2017, our disclosure controls and procedures were not effective. In light of the material weaknesses in internal control over financial reporting, prior to filing this Quarterly Report on Form 10-Q, we completed substantive procedures, including validating the completeness and accuracy of the underlying data. The substantive procedures have allowed us to conclude that, notwithstanding the material weaknesses in our internal control over financial reporting described above, the consolidated financial statements in this Quarterly Report on Form 10-Q fairly state, in all material respects, our financial position, results of operations, and cash flows for the periods presented in conformity with U.S. GAAP.

Management's Remediation Initiatives

We are making progress toward achieving the effectiveness of our internal controls over financial reporting. Remediation generally requires making changes to how controls are designed and executed and then adhering to those changes for a sufficient period of time such that the effectiveness of those changes is demonstrated with an appropriate amount of consistency. We have assigned process remediation owners, who are responsible for implementing and monitoring our short-term and long-term remediation plans, as well as executive owners to oversee the necessary remedial changes to the overall design of our internal control environment and to address the root causes of our remaining material weaknesses.

Our initiatives, summarized below, are intended to remediate our remaining material weaknesses at our European SSC and to continue to enhance our internal control over financial reporting.

Control owners were educated and re-trained regarding risks, controls and maintaining adequate evidence.

We clarified and communicated appropriate roles and responsibilities for process and systems controls for both information technology and business users, including ensuring effective mitigating controls to reduce the related segregation of duties risks.

Process owners are ensuring that procedures for appropriate review and approval of cash disbursements and revenue transactions, including approval of product pricing, subsequent issuances of credit memos and accounting for rebate arrangements, are being followed.

(b) Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting identified in connection with the evaluation required by Rules 13a-15 and 15d-15 under the Exchange Act that occurred during the quarter ended February 28, 2017 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1 – Legal Proceedings

During the three months ended February 28, 2017, there have been no material developments from the legal proceedings disclosed in our Annual Report on Form 10-K for our fiscal year ended August 31, 2016, except as disclosed below:

Lucent Matter

In June 2016, the Company filed a complaint in the Delaware Chancery Court against Citadel Plastics (the “Citadel Complaint”), as well as certain funds affiliated with the sellers and other former executives of Citadel and Lucent (the “Citadel Defendants”). In January 2017, the Court denied the defendants motion to dismiss seventeen of twenty claims. The Court's ruling sustained claims for breach of contract, fraudulent inducement, civil conspiracy and violations of blue sky laws in Illinois, Ohio, California and Indiana. On February 16, 2017, the Court entered a stipulated order establishing an equitable lien over all pre-closing tax refunds payable by the Company to Citadel Plastics under the stock purchase agreement until resolution of litigation. The funds currently subject to the equitable lien are \$7.5 million. The Company is seeking rescission, damages, rescissory damages, disgorgement or any other remedy deemed proper for the alleged violations as well as seeking attorneys’ fees for bringing suit. In November 2016, the Company, through its Matrixx subsidiary, filed a separate Complaint in the Delaware Chancery Court against River Associates (the “River Complaint”), as well as certain funds affiliated with the sellers and other former executives of Lucent (the “River Defendants”). In general, the River Complaint alleges similar theories (except securities violations) and seeks similar relief (except rescission) as the Citadel Complaint.

Item 1A – Risk Factors

There are certain risks and uncertainties in the Company’s business that could cause our actual results to differ materially from those anticipated. In “ITEM 1A. RISK FACTORS” of Part I of the Company’s Annual Report on Form 10-K for the fiscal year ended August 31, 2016, the Company included a detailed discussion of its risk factors. There are no material changes from the risk factors previously disclosed.

Item 2 – Unregistered Sales of Equity Securities and Use of Proceeds

Issuer Purchases of Equity Securities

The Company did not repurchase any shares of common stock during the second quarter of fiscal 2017, as the Board indefinitely suspended the 10b5-1 plan during the fourth quarter of fiscal 2015. Shares valued at \$51.7 million remain authorized for repurchase as of February 28, 2017. This program expired on April 2, 2017 and was not renewed. For further discussion of the Company's Share Repurchase program, refer to Note 18 in the Company's Annual Report on Form 10-K for the fiscal year ended August 31, 2016.

Items 3, 4 and 5 are not applicable or the answer to such items is negative; therefore, the items have been omitted and no reference is required in this Quarterly Report.
