Chairman's
LETTER TO SHAREHOLDERS

I am very pleased to report that for the year ended December 31, 2005, your Fund continued to provide you with attractive monthly distributions and diversified exposure to the real estate investment marketplace. For more information on the Fund's performance, please read the Portfolio Managers' Comments, the Distribution and Share Price Information, and the Performance Overview sections of this report.

Portfolio diversification is a recognized way to try to reduce some of the risk that comes with investing. Since one part of your portfolio may be going up when another is going down, portfolio diversification may help smooth your investment returns over time. In addition to providing regular monthly cash flow, a real estate oriented investment like your Fund may help you achieve and benefit from greater portfolio diversification. Your financial advisor can explain these potential advantages in more detail. I urge you to contact him or her soon for more information on this important investment strategy.

"IN ADDITION TO PROVIDING REGULAR MONTHLY CASH FLOW, A REAL ESTATE ORIENTED INVESTMENT LIKE YOUR FUND MAY HELP YOU ACHIEVE AND BENEFIT FROM GREATER PORTFOLIO DIVERSIFICATION."

As you look through this report, be sure to review the inside front cover. This contains information on how you can receive future Fund reports and other Fund information faster by using e-mails and the Internet. Sign up is quick and easy - just follow the step-by-step instructions.

As we noted in our last shareholder report, The St. Paul Travelers Companies, Inc., which had owned 79% of Nuveen Investments, Inc. (the parent of your Fund's investment adviser), had sold a substantial portion of its stake in Nuveen. Since then, St. Paul has sold the balance of its shares to Nuveen Investments or to others. Please be assured that these transactions only affected Nuveen's corporate structure, and they do not have any impact on the investment objectives or management of your Fund.

At Nuveen Investments, our mission continues to be to assist you and your financial advisor by offering investment services and products that can help you to secure your financial objectives. We are grateful that you have chosen us as a partner as you pursue your financial goals, and we look forward to continuing to earn your trust in the months and years ahead. Sincerely,

/s/Timothy R. Schwertfeger

Nuveen Real Estate Income Fund
(JRS)

Portfolio Managers'
COMMENTS

The Nuveen Real Estate Income Fund is subadvised by a team of real estate investment professionals at Security Capital Research & Management Incorporated, a wholly-owned subsidiary of J. P. Morgan Chase & Co. Anthony R. Manno Jr. and Kenneth D. Statz, who each have more than 22 years' experience in managing real estate investments, lead the team. Here they review the economic environment, key investment strategies and performance of the Fund for the 12-month period ended December 31, 2005.

WHAT WERE THE GENERAL ECONOMIC CONDITIONS AND TRENDS IN THE REAL ESTATE SECURITIES MARKET OVER THE COURSE OF 2005?

During 2005, real estate stocks generated attractive returns driven by healthy job growth, moderate levels of new construction, and broadly-based investment demand for real estate assets. Unlike the uneven operating environment in 2004, most property markets experienced solid increases in occupancy and improved rental rates in 2005.

In contrast, 2005 proved to be a tough year in the fixed-income markets, with yields rising (and prices falling) at most points on the yield curve. This challenging environment was reflected in the lackluster performance of many REIT preferred stocks over this period.

There was a wave of privatization in 2005, with announced or completed M&A transactions involving public real estate companies totaling \$35.0 billion. While elevated from longer-term historical levels, these 2005 transaction totals only moderately exceeded the \$29.7 billion recorded in 2004. However, they were uniquely characterized by the large number of platform privatization announcements, including Arden Realty, one of the largest investments in the JRS portfolio. Arden, AMLI Residential Properties (another large Fund holding) and at least 12 other public companies drew the attention of institutional investors in pursuit of attractive asset portfolios, development pipelines and management capabilities.

With abundant and attractively priced private joint venture capital, real estate companies evidenced discipline in 2005 in their use of public common equity capital, particularly in light of attractive stock pricing. Issuance of new common equity totaled \$9.1 billion in 2005 including \$2.2 billion during the fourth quarter as compared to 2004 totals of \$13.3 billion and \$2.5 billion, respectively.

4

WHAT STRATEGIES AND TACTICS DID YOU USE TO MANAGE THE FUNDS' ASSETS?

During the year, we continued to focus on those securities that we believed were

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSR

best positioned to generate sustainable income and potential price appreciation over the long run. In managing the portfolio, we sought to maintain significant diversification while taking into account company credit quality, sector and geographic exposure and security-type allocations. Every investment decision was based on a multi-layered analysis of the company, the real estate it owns, its management, and the relative price of the security.

The ability to shift allocations between preferred and common stocks of real estate companies, based on the relative attractiveness of these two distinct markets, remained an important tool in managing JRS for income and long-term capital appreciation. Beginning in 2004, an environment characterized by rising interest rates indicated a shift in the risk and reward characteristics of common stocks versus preferred stocks. As a result, we significantly tilted the portfolio toward common stocks, especially those of companies exhibiting the greatest potential in an improving economy. We maintained the portfolio's tilt toward common stocks in 2005. At year end, the portfolio continued to emphasize companies and property types with a cyclical orientation associated with shorter lease terms. In addition, we favored the strongest markets and locations where we believed there was value enhancement potential, as well as the potential for a real inflation hedge over the long term. In addition, last year's portfolio trading activity included participation in seven initial public offerings. Among these were three during the fourth quarter - Newkirk Realty Trust (an owner and acquirer of net lease properties), Cogdell Spencer (an acquirer and developer of medical office properties), and Republic Property Trust (an owner and developer of office properties focused in the Washington D.C. metropolitan area).

As of December 31, 2005, the portfolio allocations were 70.6% to common stocks, 29.0% to preferred stocks, of which 2.8% was in convertible preferred securities, and 0.4% was in short-term repurchase agreements.

5

HOW DID THE FUND PERFORM?

Fund performance results, as well as the performance of two real estate indexes, are shown in the accompanying table.

TOTAL RETURNS ON NET ASSET VALUE

For the 12-month period ended December 31, 2005

JRS	7.42%

Comparative benchmark1	7.50%

Dow Jones Wilshire Real Estate Securities Index2	13.85%

Past performance does not guarantee future results. Returns do not reflect the deduction of taxes that a shareholder may have to pay on Fund distributions or upon the sale of Fund shares. Current performance may be higher or lower than the data shown.

Since 2003, we have been gradually and selectively shifting the portfolio's property type weightings from a largely defensive posture to one better positioned with respect to a growing economy, while at all times remaining highly focused on the current objectives of the Fund. During 2005 we pursued this strategy by increasing the portfolio's allocation toward more cyclically sensitive multifamily companies as well as mall companies. This research-based

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSR

theme performed relatively well, as our specific selections within these sectors outperformed the respective sector components of the comparative benchmark.

Conversely, in seeking to maintain the income objective of the Fund, our investments in the higher yielding, but historically defensive Health Care sector underperformed the comparative benchmark as a whole.

In addition, it is important to note that investing in preferred stock remains an important component of the income and appreciation strategy of JRS. Preferred securities are included in the comparative benchmark, but not in broader real estate securities indices, like the Dow Jones Wilshire Real Estate Securities Index (WARESI). These securities remained a significant allocation in the Fund's portfolio over the course of the year.

As noted earlier, the rising interest rate environment experienced during 2005 constrained the performance of many real estate preferred stocks. While we believe holding these securities helped the Fund's overall risk profile, it did create a drag on performance when compared to an all common stock index like the WARESI.

- 1 The comparative benchmark return is calculated using the preferred stock and highest 50% yielding (based on market capitalization) common stock securities in the SNL Financial L C real estate database.
- 2 The Dow Jones Wilshire Real Estate Securities Index is an unmanaged index comprised of common shares of publicly-traded REITs and other real estate operating companies.

6

Distribution and Share Price INFORMATION

In addition to owning preferred stocks, the Fund has issued its own preferred shares, called FundPreferred™. This provides a degree of financial leverage that can increase share price volatility, but also can enhance Fund returns and supplement the income available to pay common shareholder distributions. This leveraging strategy provided incremental income and helped enhance shareholder distributions over the 12-month period.

The Fund has a managed distribution policy designed to provide relatively stable monthly cash flow to investors. The Fund declared a monthly distribution increase in September to \$0.1450 per share.

Under its managed distribution policy, the Fund pays monthly distributions that are derived from a variety of sources for income tax reporting purposes. These may include ordinary income, net realized capital gains, and, under certain circumstances, a return of capital. Every month, the Fund prepares an estimate of the sources for tax purposes of that month's distribution, and then posts that estimate on the Nuveen Funds' website at www.nuveen.com/etf. The final determination of the tax characteristics of all of a calendar year's distributions are made after December 31 each year, and this information is then reported on Form 1099-DIV early in the following year. The final tax characterization of distributions may vary from the estimates provided monthly throughout the course of the year. At the end of 2005, 18.22% of the Fund's distributions to Common shareholders represented ordinary income and 81.78% represented net realized long-term capital gains. In addition, these final tax

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSR

characteristics of distributions likely will vary from the sources identified in the Fund's financial statements, because the rules governing determination of tax characteristics of distributions differ in many respects from generally accepted accounting principles.

As of December 31, 2005, the Fund was trading at a -10.68% discount to its net asset value, compared with an average discount of -9.82% for the entire 12-month period.

1 Market yield is based on the Fund's current annualized monthly distribution divided by the Fund's current market price. REIT distributions received by the Fund are generally comprised of investment income, long-term and short-term capital gains and a REIT return of capital. The Fund's monthly distributions to its shareholders may be comprised of ordinary income, net realized capital gains and, if at the end of the calendar year the Fund's cumulative net ordinary income and net realized gains are less than the amount of the Fund's distributions, a return of capital for tax purposes.

PUBLIC ACCOUNTING FIRM

THE BOARD OF TRUSTEES AND SHAREHOLDERS
NUVEEN REAL ESTATE INCOME FUND

We have audited the accompanying statement of assets and liabilities, including the portfolio of investments, of Nuveen Real Estate Income Fund as of December 31, 2005, and the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the periods indicated therein. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audit.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Fund's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of December 31, 2005, by correspondence with the custodian and brokers. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Nuveen Real Estate Income Fund at December 31, 2005, and the results of its operations for the year then ended, changes in its net assets for each of the two years in the period then ended, and its financial highlights for the periods indicated therein in conformity with U.S. generally accepted accounting principles.

FINANCIAL STATEMENTS

1. GENERAL INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

Nuveen Real Estate Income Fund (the "Fund") is a non-diversified, closed-end management investment company registered under the Investment Company Act of 1940, as amended. The Fund's Common shares are listed on the American Stock Exchange and trade under the ticker symbol "JRS." The Fund was organized as a Massachusetts business trust on August 27, 2001.

The Fund seeks to provide high current income by investing primarily in a portfolio of income-producing common stocks, preferred stocks, convertible

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSR

preferred stocks and debt securities issued by real estate companies, such as Real Estate Investment Trusts ("REITs").

Effective January 1, 2005, Nuveen Institutional Advisory Corp. ("NIAC"), the Fund's previous Adviser, and its affiliate, Nuveen Advisory Corp. ("NAC"), were merged into Nuveen Asset Management ("NAM"), each wholly owned subsidiaries of Nuveen Investments, Inc. ("Nuveen"). As a result of the merger, NAM is now the Adviser to all funds previously advised by either NIAC or NAC.

The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements in accordance with U.S. generally accepted accounting principles.

Investment Valuation

Exchange-listed securities are generally valued at the last sales price on the securities exchange on which such securities are primarily traded. Securities traded on a securities exchange for which there are no transactions on a given day or securities not listed on a securities exchange are valued at the mean of the closing bid and asked prices. Securities traded on Nasdaq are valued at the Nasdaq Official Closing Price. Prices of derivative instruments are also provided by an independent pricing service approved by the Fund's Board of Trustees. If the pricing service is unable to supply a price for a derivative instrument the Fund may use a market quote provided by a major broker/dealer in such investments. If it is determined that market prices for an investment are unavailable or inappropriate, the Board of Trustees of the Fund, or its designee, may establish fair value in accordance with procedures established in good faith by the Board of Trustees. In establishing fair value, the Board of Trustees, or its designee, will use a wide variety of market data including yields or prices of comparable securities, indications of value from security dealers, general market conditions and other information and analysis. Short-term investments are valued at amortized cost, which approximates market value.

Investment Transactions

Investment transactions are recorded on a trade date basis. Realized gains and losses from investment transactions are determined on the specific identification method. Investments purchased on a when-issued or delayed delivery basis may have extended settlement periods. Any investments so purchased are subject to market fluctuation during this period. The Fund has instructed the custodian to segregate assets with a current value at least equal to the amount of the when-issued and delayed delivery purchase commitments. At December 31, 2005, the Fund had no such outstanding purchase commitments.

Investment Income

Dividend income is recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Federal Income Taxes

The Fund intends to distribute substantially all net investment income and net capital gains to shareholders and to otherwise comply with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies. Therefore, no federal income tax provision is required.

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSR

Dividends and Distributions to Common Shareholders

Distributions to Common shareholders are recorded on the ex-dividend date. The amount and timing of distributions are determined in accordance with federal income tax regulations, which may differ from U.S. generally accepted accounting principles.

The Fund makes monthly cash distributions to Common Shareholders of a stated dollar amount based on the Fund's net investment income, net realized capital gains and/or on net unrealized capital gains in the Fund's portfolio (stated in terms of a fixed cents per Common Share dividend rate) ("Managed Distribution Policy"). The Fund seeks to maintain a stable distribution level, subject to approval and oversight by the Fund's Board of Trustees. Distributions will be made only after paying any accrued dividends or making any redemption or liquidation payments to Taxable Auctioned Preferred shares, if any, and interest and required principal payments on borrowings, if any. Under the Managed Distribution Policy, if, for any monthly distribution, net investment income and net realized capital gain were less than the amount of the distribution, the difference would be distributed from the Fund's assets and would be treated by shareholders as a return of capital for tax purposes. The final determination of the source of all distributions for the year are made after the end of the year and reflected in the accompanying financial statements.

Real Estate Investment Trust ("REIT") distributions received by the Fund are generally comprised of ordinary income, long-term and short-term capital gains, and a return of REIT capital. The actual character of amounts received during the period are not known until after the fiscal year-end. For the fiscal year ended December 31, 2005, the character of distributions to the Fund from the REITs was 55.38% ordinary income, 32.12% long-term and short-term capital gains, and 12.50% return of REIT capital. For the fiscal year ended December 31, 2004, the character of distributions to the Fund from the REITs was 58.07% ordinary income, 25.75% long-term and short-term capital gains, and 16.18% return of REIT capital.

For the fiscal years ended December 31, 2005 and December 31, 2004, the Fund applied the actual character of distributions reported by the REITs in which the Fund invests to its receipts from the REITs. If a REIT held in the portfolio of investments did not report the actual character of its distributions during the period, the Fund treated the distributions as ordinary income.

For the fiscal years ended December 31, 2005 and December 31, 2004, the Fund applied the actual character of distributions reported by the REITs in which the Fund invests to the distributions paid to the Fund shareholders.

Taxable Auctioned Preferred Shares

The Fund has issued and outstanding 1,720 Series M, 1,720 Series T, 1,720 Series W and 1,720 Series F, Taxable Auctioned Preferred shares, \$25,000 stated value per share, as a means of effecting financial leverage. The dividend rate paid by the Fund on each Series is determined every seven days, pursuant to a dutch auction process overseen by the auction agent, and is payable at the end of each rate period.

Interest Rate Swap Transactions

The Fund may invest in certain derivative financial instruments. The Fund's use of interest rate swap transactions is intended to mitigate the negative impact that an increase in short-term interest rates could have on Common share net earnings as a result of leverage. Interest rate swap transactions involve the

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSR

Fund's agreement with the counterparty to pay a fixed rate payment in exchange for the counterparty paying the Fund a variable rate payment that is intended to approximate the Fund's variable rate payment obligation on Taxable Auctioned Preferred shares or any variable rate borrowing. The payment obligation is based on the notional amount of the interest rate swap contract. Interest rate swaps do not involve the delivery of securities or other underlying assets or principal. Accordingly, the risk of loss with respect to the swap counterparty on such transactions is limited to the net amount of interest payments that the Fund is to receive. Interest rate swap positions are valued daily. Although there are economic advantages of entering into interest rate swap transactions, there are also additional risks. The Fund helps manage the credit risks associated with interest rate swap transactions by entering into agreements only with counterparties the Adviser believes have the financial resources to honor their obligations and by having the Adviser continually monitor the financial stability of the swap counterparties.

Repurchase Agreements

In connection with transactions in repurchase agreements, it is the Fund's policy that its custodian take possession of the underlying collateral securities, the fair value of which exceeds the principal amount of the repurchase transaction, including accrued interest, at all times. If the seller defaults, and the fair value of the collateral declines, realization of the collateral may be delayed or limited.

Custodian Fee Credit

The Fund has an arrangement with the custodian bank whereby certain custodian fees and expenses are reduced by credits earned on the Fund's cash on deposit with the bank. Such deposit arrangements are an alternative to overnight investments.

Indemnifications

Under the Fund's organizational documents, its Officers and Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Fund. In addition, in the normal course of business, the Fund enters into contracts that provide general indemnifications to other parties. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. However, the Fund has not had prior claims or losses pursuant to these contracts and expects the risk of loss to be remote.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets applicable to Common shares from operations during the reporting period. Actual results may differ from those estimates.

2. FUND SHARES

The Fund did not engage in transactions in its own shares during the fiscal year ended December 31, 2005, nor during the fiscal year ended December 31, 2004.

3. INVESTMENT TRANSACTIONS

Purchases and sales of investments (excluding short-term investments and derivative transactions) during the fiscal year ended December 31, 2005, aggregated \$101,860,076 and \$107,524,096, respectively.

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSR

Notes to
FINANCIAL STATEMENTS (continued)

4. INCOME TAX INFORMATION

The following information is presented on an income tax basis. Differences between amounts for financial statement and federal income tax purposes are primarily due to timing differences in recording income and timing differences in recognizing certain gains and losses on investment transactions.

At December 31, 2005, the cost of investments owned was \$572,360,536.

The net unrealized appreciation of investments at December 31, 2005, aggregated \$225,775,767, of which \$228,404,453 related to appreciated securities and \$2,628,686 related to depreciated securities.

The tax components of undistributed net ordinary income and net realized gains at December 31, 2005, were as follows:

Undistributed net ordinary income *	\$13,172,759
Undistributed net long-term capital gains	--

* Net ordinary income consists of net taxable income derived from dividends, interest, and net short-term capital gains, if any.

The tax character of distributions paid during the fiscal years ended December 31, 2005 and December 31, 2004, was designated for purposes of the dividends paid deduction as follows:

2005

Distributions from net ordinary income *	\$ 9,490,892
Distributions from net long-term capital gains **	42,608,613

* Net ordinary income consists of net taxable income derived from dividends, interest, and net short-term capital gains, if any.

** The Fund designated as a long-term capital gain dividend, pursuant to Internal Revenue Code Section 852(b)(3), the amount necessary to reduce the earnings and profits of the Fund related to net capital gain to zero for the tax period ended December 31, 2005.

2004

Distributions from net ordinary income *	\$20,708,231
Distributions from net long-term capital gains	18,932,319
Tax return of capital	3,983,421

* Net ordinary income consists of net taxable income derived from dividends, interest, and net short-term capital gains, if any.

20

5. MANAGEMENT FEE AND OTHER TRANSACTIONS WITH AFFILIATES

The Fund's management fee is separated into two components - a complex-level component, based on the aggregate amount of all fund assets managed by the Adviser, and a specific fund-level component, based only on the amount of assets

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSR

within the Fund. This pricing structure enables Nuveen fund shareholders to benefit from growth in the assets within each individual fund as well as from growth in the amount of complex-wide assets managed by the Adviser.

The annual fund-level fee, payable monthly, for the Fund is based upon the average daily Managed Assets of the Fund as follows:

AVERAGE DAILY MANAGED ASSETS	FUND-LEVEL FEE RATE
For the first \$500 million	.7000%
For the next \$500 million	.6750
For the next \$500 million	.6500
For the next \$500 million	.6250
For Managed Assets over \$2 billion	.6000

The annual complex-level fee, payable monthly, which is additive to the fund-level fee, for all Nuveen sponsored funds in the U.S., is based on the aggregate amount of total fund assets managed as stated in the table below. As of December 31, 2005, the complex-level fee rate was .1895%.

COMPLEX-LEVEL ASSETS(1)	COMPLEX-LEVEL FEE RATE
For the first \$55 billion	.2000%
For the next \$1 billion	.1800
For the next \$1 billion	.1600
For the next \$3 billion	.1425
For the next \$3 billion	.1325
For the next \$3 billion	.1250
For the next \$5 billion	.1200
For the next \$5 billion	.1175
For the next \$15 billion	.1150
For Managed Assets over \$91 billion (2)	.1400

(1) The complex-level fee component of the management fee for the funds is calculated based upon the aggregate Managed Assets ("Managed Assets" means the average daily net assets of each fund including assets attributable to all types of leverage used by the Nuveen funds) of Nuveen-sponsored funds in the U.S.

(2) With respect to the complex-wide Managed Assets over \$91 billion, the fee rate or rates that will apply to such assets will be determined at a later date. In the unlikely event that complex-wide Managed Assets reach \$91 billion prior to a determination of the complex-level fee rate or rates to be applied to Managed Assets in excess of \$91 billion, the complex-level fee rate for such complex-wide Managed Assets shall be .1400% until such time as a different rate or rates is determined.

The management fee compensates the Adviser for overall investment advisory and administrative services and general office facilities. The Adviser has entered into a Sub-Advisory Agreement with Security Capital Research & Management Incorporated ("Security Capital"), under which Security Capital manages the investment portfolio of the Fund. Security Capital is compensated for its services to the Fund from the management fee paid to the Adviser.

The Fund pays no compensation directly to those of its Trustees who are affiliated with the Adviser or to its officers, all of whom receive remuneration for their services to the Fund from the Adviser or its affiliates. The Board of Trustees has adopted a deferred compensation plan for independent Trustees that enables Trustees to elect to defer receipt of all or a portion of the annual compensation they are entitled to receive from certain Nuveen advised Funds.

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSR

Under the plan, deferred amounts are treated as though equal dollar amounts had been invested in shares of select Nuveen advised Funds.

For the first ten years of the Fund's operations, the Adviser has agreed to reimburse the Fund, as a percentage of average daily Managed Assets, for fees and expenses in the amounts and for the time periods set forth below:

YEAR ENDING NOVEMBER 30,		YEAR ENDING NOVEMBER 30,	

2001*	.30%	2007	.25%
2002	.30	2008	.20

* From the commencement of operations.

The Adviser has not agreed to reimburse the Fund for any portion of its fees and expenses beyond November 30, 2011.

FINANCIAL STATEMENTS (continued)

6. ANNOUNCEMENT REGARDING PARENT COMPANY OF ADVISER

In early April, 2005, The St. Paul Travelers Companies, Inc. ("St. Paul Travelers"), which owned 79% of Nuveen, (A) completed a public offering of a substantial portion of its equity stake in Nuveen, (B) sold Nuveen \$200 million of its Nuveen shares, (C) entered into an agreement with Nuveen to sell an additional \$400 million of its Nuveen shares on a "forward" basis with payment for and settlement of these shares delayed for several months, and (D) entered into agreements with two unaffiliated investment banking firms to sell an amount equal to most or all of its remaining Nuveen shares for current payment but for future settlement. Transactions (C) and (D) above were settled in late July, which effectively reduced St. Paul Travelers' controlling stake in Nuveen and was deemed an "assignment" (as defined in the 1940 Act) of the investment management agreement between the Fund and the Adviser, which resulted in the automatic termination of the agreement under the 1940 Act. In anticipation of such deemed assignment, the Board of Trustees had approved a new ongoing investment management agreement for the Fund and the submission of the agreement for approval by the Fund's shareholders, which shareholder approval was received prior to the settlement of transactions (C) and (D). The new ongoing management agreement took effect upon such settlement.

7. SUBSEQUENT EVENT -- DISTRIBUTIONS TO COMMON SHAREHOLDERS

The Fund declared a distribution of \$.1450 per Common share which was paid on February 1, 2006, to shareholders of record on January 15, 2006.

Reinvest Automatically
EASILY AND CONVENIENTLY

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSR

Sidebar text: NUVEEN MAKES REINVESTING EASY. A PHONE CALL IS ALL IT TAKES TO SET UP YOUR REINVESTMENT ACCOUNT.

NUVEEN EXCHANGE-TRADED CLOSED-END FUNDS DIVIDEND REINVESTMENT PLAN

Your Nuveen Exchange-Traded Closed-End Fund allows you to conveniently reinvest dividends and/or capital gains distributions in additional fund shares. By choosing to reinvest, you'll be able to invest money regularly and automatically, and watch your investment grow through the power of compounding. It is important to note that an automatic reinvestment plan does not ensure a profit, nor does it protect you against loss in a declining market.

EASY AND CONVENIENT

To make recordkeeping easy and convenient, each month you'll receive a statement showing your total dividends and distributions, the date of investment, the shares acquired and the price per share, and the total number of shares you own.

HOW SHARES ARE PURCHASED

The shares you acquire by reinvesting will either be purchased on the open market or newly issued by the Fund. If the shares are trading at or above net asset value at the time of valuation, the Fund will issue new shares at the greater of the net asset value or 95% of the then-current market price. If the shares are trading at less than net asset value, shares for your account will be purchased on the open market. Dividends and distributions received to purchase shares in the open market will normally be invested shortly after the dividend payment date. No interest will be paid on dividends and distributions awaiting reinvestment. Because the market price of the shares may increase before purchases are completed, the average purchase price per share may exceed the market price at the time of valuation, resulting in the acquisition of fewer shares than if the dividend or distribution had been paid in shares issued by the Fund. A pro rata portion of any applicable brokerage commissions on open market purchases will be paid by Plan participants. These commissions usually will be lower than those charged on individual transactions.

FLEXIBLE

You may change your distribution option or withdraw from the Plan at any time, should your needs or situation change. Should you withdraw, you can receive a certificate for all whole shares credited to your reinvestment account and cash payment for fractional shares, or cash payment for all reinvestment account shares, less brokerage commissions and a \$2.50 service fee.

You can reinvest whether your shares are registered in your name, or in the name of a brokerage firm, bank, or other nominee. Ask your investment advisor if his or her firm will participate on your behalf. Participants whose shares are registered in the name of one firm may not be able to transfer the shares to another firm and continue to participate in the Plan.

The Fund reserves the right to amend or terminate the Plan at any time. Although the Fund reserves the right to amend the Plan to include a service charge payable by the participants, there is no direct service charge to participants in the Plan at this time.

Other Useful
INFORMATION

In April, 2005, The St. Paul Travelers Companies, Inc. ("St. Paul Travelers") sold the majority of its controlling equity interest in Nuveen Investments, Inc. ("Nuveen") to the general public. Nuveen is the parent of Nuveen Asset Management ("NAM"), which is each Fund's investment manager. This sale was deemed to be an "assignment" of the investment management agreement between each Fund and NAM and, if applicable, of the sub-advisory agreement between NAM and the Fund's sub-adviser. As required by law, the shareholders of each Fund were asked to approve a new investment management agreement and, if applicable, a new subadvisory agreement that reflected this change in ownership. The shareholders of each Fund voted this approval at a Shareholders' Meeting on July 26, 2005. There were no changes to the investment objectives or management of any Fund as a result of these actions.

QUARTERLY PORTFOLIO OF INVESTMENTS AND PROXY VOTING INFORMATION

Each Fund's (i) quarterly portfolio of investments, (ii) information regarding how the Funds voted proxies relating to portfolio securities held during the 12-month period ended June 30, 2005, and (iii) a description of the policies and procedures that the Funds used to determine how to vote proxies relating to portfolio securities are available without charge, upon request, by calling Nuveen Investments toll-free at (800) 257-8787 or on Nuveen's website at www.nuveen.com. You may also obtain this and other Fund information directly from the Securities and Exchange Commission ("SEC"). The SEC may charge a copying fee for this information. Visit the SEC on-line at <http://www.sec.gov> or in person at the SEC's Public Reference Room in Washington, D.C. Call the SEC at 1-202-942-8090 for room hours and operation. You may also request Fund information by sending an e-mail request to publicinfo@sec.gov or by writing to the SEC's Public References Section at 450 Fifth Street NW, Washington, D.C. 20549.

CEO CERTIFICATION DISCLOSURE

Each Fund's Chief Executive Officer has submitted to the New York Stock Exchange the annual CEO certification as required by Section 303A.12(a) of the NYSE Listed Company Manual.

Each Fund has filed with the Securities and Exchange Commission the certification of its Chief Executive Officer and Chief Financial Officer required by Section 302 of the Sarbanes-Oxley Act.

DISTRIBUTION INFORMATION

The Fund designates 0% of dividends declared from net investment income as dividends qualifying for the 70% dividends received deduction for corporations and 7.80% as qualified dividend income for individuals under the Jobs and Growth Tax Relief Reconciliation Act of 2003.

ITEM 2. CODE OF ETHICS.

As of the end of the period covered by this report, the registrant has adopted a code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. There were no amendments to or waivers from the Code during the period covered by this report. The registrant has posted the code of ethics on its website at www.nuveen.com/etf. (To view the code, click on the Investor Resources drop down menu box, click on Fund Governance and then click on Code of Conduct.)

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

The registrant's Board of Directors or Trustees determined that the registrant has at least one "audit committee financial expert" (as defined in Item 3 of Form N-CSR) serving on its Audit Committee. The registrant's audit committee financial expert is Jack B. Evans, Chairman of the Audit Committee, who is "independent" for purposes of Item 3 of Form N-CSR.

Mr. Evans was formerly President and Chief Operating Officer of SCI Financial Group, Inc., a full service registered broker-dealer and registered investment adviser ("SCI"). As part of his role as President and Chief Operating Officer, Mr. Evans actively supervised the Chief Financial Officer (the "CFO") and actively supervised the CFO's preparation of financial statements and other filings with various regulatory authorities. In such capacity, Mr. Evans was actively involved in the preparation of SCI's financial statements and the

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSR

resolution of issues raised in connection therewith. Mr. Evans has also served on the audit committee of various reporting companies. At such companies, Mr. Evans was involved in the oversight of audits, audit plans, and the preparation of financial statements. Mr. Evans also formerly chaired the audit committee of the Federal Reserve Bank of Chicago.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

Nuveen Real Estate Income Fund

The following tables show the amount of fees that Ernst & Young LLP, the Fund's auditor, billed to the Fund during the Fund's last two full fiscal years. For engagements with Ernst & Young LLP the Audit Committee approved in advance all audit services and non-audit services that Ernst & Young LLP provided to the Fund, except for those non-audit services that were subject to the pre-approval exception under Rule 2-01 of Regulation S-X (the "pre-approval exception"). The pre-approval exception for services provided directly to the Fund waives the pre-approval requirement for services other than audit, review or attest services if: (A) the aggregate amount of all such services provided constitutes no more than 5% of the total amount of revenues paid by the Fund to its accountant during the fiscal year in which the services are provided; (B) the Fund did not recognize the services as non-audit services at the time of the engagement; and (C) the services are promptly brought to the Audit Committee's attention, and the Committee (or its delegate) approves the services before the audit is completed.

The Audit Committee has delegated certain pre-approval responsibilities to its Chairman (or, in his absence, any other member of the Audit Committee).

The above "All Other Fees" are fees paid to audit firms to perform agreed upon procedures required by the rating agencies to rate fund preferred shares. The above "Tax Fees" were billed for professional services for tax advice, tax compliance, and tax planning.

SERVICES THAT THE FUND'S AUDITOR BILLED TO THE

ADVISER AND AFFILIATED FUND SERVICE PROVIDERS

The following tables show the amount of fees billed by Ernst & Young LLP to Nuveen Asset Management ("NAM" or the "Adviser"), and any entity controlling, controlled by or under common control with NAM ("Control Affiliate") that provides ongoing services to the Fund ("Affiliated Fund Service Provider"), for engagements directly related to the Fund's operations and financial reporting, during the Fund's last two full fiscal years.

The tables also show the percentage of fees subject to the pre-approval exception. The pre-approval exception for services provided to the Adviser and any Affiliated Fund Service Provider (other than audit, review or attest services) waives the pre-approval requirement if: (A) the aggregate amount of all such services provided constitutes no more than 5% of the total amount of revenues paid to Ernst & Young LLP by the Fund, the Adviser and Affiliated Fund Service Providers during the fiscal year in which the services are provided that would have to be pre-approved by the Audit Committee; (B) the Fund did not recognize the services as non-audit services at the time of the engagement; and (C) the services are promptly brought to the Audit Committee's attention, and the Committee (or its delegate) approves the services before the Fund's audit is completed.

FISCAL YEAR ENDED	AUDIT-RELATED FEES BILLED TO ADVISER AND AFFILIATED FUND SERVICE PROVIDERS	TAX FEES BILLED TO ADVISED AND AFFILIATED FUND SERVICE PROVIDERS	BI AND SE
December 31, 2005	\$ 0	\$ 282,575	
Percentage approved pursuant to pre-approval exception	0%	0%	
December 31, 2004	\$ 0	\$ 0	
Percentage approved pursuant to pre-approval exception	0%	0%	

The above "Tax Fees" are primarily fees billed to the Adviser for Fund tax return preparation.

NON-AUDIT SERVICES

The following table shows the amount of fees that Ernst & Young LLP billed during the Fund's last two full fiscal years for non-audit services. For engagements entered into on or after May 6, 2003, the Audit Committee is required to pre-approve non-audit services that Ernst & Young LLP provides to the Adviser and any Affiliated Fund Services Provider, if the engagement related directly to the Fund's operations and financial reporting (except for those subject to the de minimis exception described above). The Audit Committee requested and received information from Ernst & Young LLP about any non-audit services that Ernst & Young LLP rendered during the Fund's last fiscal year to the Adviser and any Affiliated Fund Service Provider. The Committee considered

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSR

this information in evaluating Ernst & Young LLP's independence.

FISCAL YEAR ENDED	TOTAL NON-AUDIT FEES BILLED TO FUND	TOTAL NON-AUDIT FEES BILLED TO ADVISER AND AFFILIATED FUND SERVICE PROVIDERS (ENGAGEMENTS RELATED DIRECTLY TO THE OPERATIONS AND FINANCIAL REPORTING OF THE FUND)
December 31, 2005	\$ 4,764	\$ 282,575
December 31, 2004	\$ 7,350	\$ 0

The above "Non-Audit Fees billed to Adviser" for 2005 include "Tax-Fees" billed to Adviser in the amount of \$282,575 from previous table.

Audit Committee Pre-Approval Policies and Procedures. Generally, the Audit Committee must approve (i) all non-audit services to be performed for the Fund by the Fund's independent accountants and (ii) all audit and non-audit services to be performed by the Fund's independent accountants for the Affiliated Fund Service Providers with respect to operations and financial reporting of the Fund. Regarding tax and research projects conducted by the independent accountants for the Fund and Affiliated Fund Service Providers (with respect to operations and financial reports of the Fund) such engagements will be (i) pre-approved by the Audit Committee if they are expected to be for amounts greater than \$10,000; (ii) reported to the Audit Committee chairman for his verbal approval prior to engagement if they are expected to be for amounts under \$10,000 but greater than \$5,000; and (iii) reported to the Audit Committee at the next Audit Committee meeting if they are expected to be for an amount under \$5,000.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

The registrant's Board of Directors or Trustees has a separately designated Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (15 U.S.C. 78c(a)(58)(A)). The members of the audit committee are Robert P. Bremner, Lawrence H. Brown, Jack B. Evans, William J. Schneider and Eugene S. Sunshine.

ITEM 6. SCHEDULE OF INVESTMENTS.

See Portfolio of Investments in Item 1.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The Adviser has engaged Security Capital Research & Management Incorporated ("Security Capital" or "Sub-Adviser") as Sub-Adviser to provide discretionary investment advisory services. As part of these services, the Adviser has also delegated to the Sub-Adviser the full responsibility for proxy voting and related duties in accordance with the Sub-Adviser's policy and procedures. The Adviser periodically will monitor the Sub-Adviser's voting to ensure that they are carrying out their duties. The Sub-Adviser's proxy voting policies and procedures are summarized as follows:

Security Capital may be granted by its clients the authority to vote the proxies of the securities held in client portfolios. To ensure that the proxies are

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSR

voted in the best interests of its clients, Security Capital has adopted detailed proxy voting procedures ("Procedures") that incorporate detailed proxy guidelines ("Guidelines") for voting proxies on specific types of issues.

Pursuant to the Procedures, most routine proxy matters will be voted in accordance with the Guidelines, which have been developed with the objective of encouraging corporate action that enhances shareholder value. For proxy matters that are not covered by the Guidelines (including matters that require a case-by-case determination) or where a vote contrary to the Guidelines is considered appropriate, the Procedures require a certification and review process to be completed before the vote is cast. That process is designed to identify actual or potential material conflicts of interest and ensure that the proxy is cast in the best interest of clients.

To oversee and monitor the proxy-voting process, Security Capital will establish a proxy committee and appoint a proxy administrator. The proxy committee will meet periodically to review general proxy-voting matters, review and approve the Guidelines annually, and provide advice and recommendations on general proxy-voting matters as well as on specific voting issues.

A copy of the Security Capital's proxy voting procedures and guidelines are available upon request by contacting your client service representative.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

SECURITY CAPITAL

C. POTENTIAL MATERIAL CONFLICTS OF INTEREST

As shown in the above tables, the portfolio managers may manage accounts in addition to the registrant. The potential for conflicts of interest exists when portfolio managers manage other accounts with similar investment objectives and strategies to the registrant ("Similar Accounts"). Potential conflicts may include, for example, conflicts between investment strategies and conflicts in the allocation of investment opportunities.

Responsibility for managing Security Capital's clients' portfolios is organized according to investment strategies within asset classes. Generally, client portfolios with similar strategies are managed using the same objectives, approach and philosophy. Therefore, portfolio holdings, relative position sizes and sector exposures tend to be similar across similar portfolios which minimizes the potential for conflicts of interest.

Security Capital may receive more compensation with respect to certain Similar Accounts than that received with respect to the registrant or may receive compensation based in part on the performance of certain Similar Accounts. This may create a potential conflict of interest for Security Capital or its portfolio managers by providing an incentive to favor these Similar Accounts when, for example, placing securities transactions. Potential conflicts of interest may arise with both the aggregation and allocation of securities transactions and allocation of limited investment opportunities. Allocations of aggregated trades, particularly trade orders that were only partially completed due to limited availability, and allocation of investment opportunities generally, could raise a potential conflict of interest, as Security Capital may have an incentive to allocate securities that are expected to increase in value to favored accounts. Initial public offerings, in particular, are frequently of very limited availability. Security

Capital may be perceived as causing accounts it manages to participate in an offering to increase Security Capital's overall allocation of securities in that offering. A potential conflict of interest also may be perceived to arise if transactions in one account closely follow related transactions in a different account, such as when a purchase increases the value of securities previously purchased by another account, or when a sale in one account lowers the sale price received in a sale by a second account. If Security Capital manages accounts that engage in short sales of securities of the type in which the Funds invests, Security Capital could be seen as harming the performance of the Funds for the benefit of the accounts engaging in short sales if the short sales cause the market value of the securities to fall.

Security Capital has policies and procedures designed to manage these conflicts described above such as allocation of investment opportunities to achieve fair and equitable allocation of investment opportunities among its clients over time. For example:

Orders for the same equity security are aggregated on a continual basis throughout each trading day consistent with Security Capital's duty of best execution for its clients. If aggregated trades are fully executed, accounts participating in the trade will be allocated their pro rata share on an average price basis. Partially completed orders will be allocated among the participating accounts on a pro-rata average price basis as well.

D. FUND MANAGER COMPENSATION

The Portfolio Managers participate in a highly competitive compensation program that is designed to attract and retain outstanding people. The total compensation program includes base salary and cash incentives. These elements reflect individual performance and the performance of the business as a whole. Base salaries are fixed for each Portfolio Manager. Cash bonuses are variable and are focused extensively on the profitability of the business as a whole as well as portfolio investment performance. Base salaries are not based on the performance of any account. Cash bonuses are based on the profitability of the business as a whole as well as the investment performance of all accounts managed by the Portfolio Manager. Portfolio Manager compensation is not based on the value of assets held in the Funds portfolio.
