### FOR IMMEDIATE RELEASE

 ${\tt ManTech}\ {\tt Reports}\ {\tt Record}\ {\tt Second}\ {\tt Quarter}\ {\tt Results}\ {\tt and}\ {\tt Final}\ {\tt Integration}\ {\tt of}\ {\tt Acquisitions}$ 

FAIRFAX, Virginia, July 30, 2003 - ManTech International Corporation (Nasdaq: MANT), a leading provider of information technology and technical services solutions to the Department of Defense and the intelligence community, today announced record operating results for the second quarter and increased earnings and revenue guidance for the full year 2003. ManTech's revenue for the second quarter 2003 was \$177.1 million, an increase of 48.6% over the same period in 2002, and fully diluted Earnings Per Share (EPS) rose 55.6% to \$0.28. The company also announced the completion of the integration of its recently acquired companies and the consolidation of operations across the enterprise.

"ManTech's strong second quarter results demonstrate the value of our unified business platform—we have completed the integration of all four acquisitions and carried out additional consolidation among these acquisitions and the other ManTech operations," stated George J. Pedersen, Chairman of the Board, CEO and President of ManTech International Corporation. "The Company is now optimized to take advantage of strong budget and spending trends on priority national security programs—we see continued strong top line growth and solid margins. ManTech's success in this quarter affirms our strategy to focus our business development and acquisition efforts on high priority work for the national

security community, where we continue to have excellent revenue visibility. We expect favorable spending and budget trends to continue to sustain our growth well into 2005."

ManTech International Corporation reported revenue for the quarter ending June 30, 2003 of \$177.1 million, up from \$119.2 million for the same period in 2002, an increase of 48.6%. The results reflect an organic growth rate of 13.0% over the \$156.7 million in pro forma revenue for the comparable period in 2002 which includes the revenue for each period of the companies acquired by ManTech since that time. This revenue growth was primarily attributable to new business supporting national security programs for the intelligence community and Department of Defense.

Operating income for the quarter was \$15.3 million, an increase of 64.1% over 2002. Operating margin for the quarter expanded to 8.6% compared with 7.8% for the same period in 2002. The margin expansion in the quarter is attributable both to higher margin

ManTech Reports Record Second Quarter Results and Final Integration of Acquisitions July 30, 2003 Page 8 contributions from acquired companies and to operating efficiencies. Net income for the quarter rose 82.6% to \$8.9 million from \$4.9 million in 2002. Fully diluted EPS were \$0.28, up from \$0.18 in 2002.

ManTech also announced the completion of the integration of the four companies it had acquired in the past year, as well as the consolidation of various operations across the enterprise. The National Security Solutions Group (NSSG), the primary group supporting intelligence community customers, consolidated six business units into three core operations focusing on mission critical systems development, security, and intelligence operations. ManTech also announced the formation of the Defense Systems Group (DSG), a consolidation of DoD-related operations from NSSG and the Systems Engineering Group, to focus on Department of Defense Armed Services customers. The company's Information Technology Group will continue to focus on enterprise support services for federal agencies.

ManTech reported recent contract awards and contract expansions with an estimated value in excess of \$250 million, including previously unannounced classified contract awards and existing contract expansions totaling approximately \$150 million. Demonstrating the capabilities of the Company in both expansion of existing customer relationships and in leveraging its enhanced market position provided through its acquisitions, ManTech highlighted its second quarter contract announcements which included the \$88.6 million contract award in support of State Department IT modernization efforts and the \$6.8 million Air Force award that resulted from a joint business development effort by an established ManTech operation and a newly acquired company.

ManTech reported backlog of \$1.5 billion as of June 30, 2003, compared with \$1.1 billion on the same date in 2002. Funded backlog as of June 30, 2003 was \$342.2 million, an increase of 69.3% over the same date in 2002. GSA schedule contract value at June 30, 2003 was estimated at \$1.1 billion, up from \$939.2 million on the same date in 2002. At the end of the second quarter, ManTech had approximately \$700 million in proposals under evaluation and a pipeline of qualified opportunities exceeding \$4.5 billion.

ManTech derived 90.1% of its revenue during the quarter ended June 30, 2003 from prime contracts, and approximately 39% of its revenue for the period came from work under GSA schedule contracts. Revenue from the Department of Defense and the intelligence community accounted for 88.7% of revenue for the second quarter ending June 30, 2003. Revenue from work in secure systems and information technology solutions increased to 81.7% of revenue in the second quarter 2003

from 74.7% in 2002.

ManTech increased 2003 fiscal year guidance to reflect strong performance in the first half of the year and positive spending trends in its core intelligence community and DoD markets:

#### Conference Call

ManTech has scheduled a conference call for 5:00 p.m., EDT July 30, 2003, during which executive management will discuss second quarter results and respond to questions. Interested parties may access the call by dialing (800) 759-3578 or (706) 679-7301. The conference call will be Webcast (listen only) simultaneously via the Internet at www.mantech.com. Interested parties should dial in or log on approximately ten minutes prior to the start time of the call.

A replay of the call will also be available beginning at 9:00 p.m. on July 30, 2003, and will remain available through midnight on August 6, 2003. To access the replay, call 1-800-642-1687 or 706-645-9291. The confirmation code for the replay is 1578232. A replay will also be available on ManTech's Website approximately two hours after the conclusion of the call.

About ManTech International Corporation:

Headquartered in Fairfax, Virginia, ManTech International Corporation delivers a broad array of information technology and technical services solutions to U.S. federal government customers, focusing primarily on critical national defense programs for the intelligence community and Department of Defense. ManTech designs, develops, procures, implements, operates, tests and maintains mission-critical, enterprise information technology and communication systems and infrastructures for federal government customers in the United States and 34 countries worldwide. Additional information can be found at www.mantech.com or by calling 703-218-8200.

This press release contains forward-looking statements that involve substantial risks and uncertainties. You can identify these statements by forward-looking words such as "may," "will," "expect," "intend," "anticipate," "believe," "estimate," "continue" and other similar words. You should read statements that contain these words carefully because they discuss the Company's future expectations, make projections of the company's future results of operations or financial condition or state other forward-looking information. Examples of such forward-looking statements include the company's expected future earnings as suggested by backlog and GSA schedule value estimates; updated guidance projections; and the company's belief that there will be increased defense and intelligence spending in the future. Such statements are subject to factors that could cause actual results to differ materially from anticipated results. The factors that could cause actual results to differ materially from those

anticipated include, but are not limited to the following: failure of government customers to exercise options under contracts; funding decisions of U.S. Government projects; government contract procurement (such as bid protest) and termination risks; competitive factors such as pricing pressures and/or competition to hire and retain employees; the company's ability to identify, execute or effectively integrate future acquisitions; the company's ability to successfully raise additional capital; changes to the tax laws relating to the treatment and deductibility of goodwill or any change in tax rates; additional costs related to compliance with the Sarbanes-Oxlev Act of 2002, any revised NASDAQ listing standards, SEC rule changes or other corporate governance issues; failure to experience continued positive defense and intelligence budget and spending trends; material changes in laws or regulations applicable to the company's businesses and other risk factors discussed in the company's filings with the Securities and Exchange Commission. The statements in this press release are made as of July 30, 2003, and the company undertakes no obligation to update any of the forward looking statements made herein, whether as a result of new information, future events, changes in expectations or otherwise.

NOTE: EBITDA is defined as net income plus the loss from discontinued operations, interest expense, income taxes, depreciation and amortization, other expense, minority interest, and minus interest income and other income.

EBITDA as calculated by us may be calculated differently than EBITDA for other companies. We have provided EBITDA because we believe it is a commonly used measure of financial performance in comparable companies and is provided to help investors evaluate companies on a consistent basis, as well as to enhance an understanding of our operating results. EBITDA should not be construed as either an alternative to net income as an indicator of our operating performance or as an alternative to cash flows as a measure of liquidity.
