This proxy statement contains information related to the 2005 Annual Meeting of Stockholders of Spectrum Pharmaceuticals, Inc. (the Company, Spectrum, we or us) to be held on Friday, June 10, 2005, beginning at 1:30 p.m., PDT, at our corporate office located at 157 Technology Drive, Irvine, California, 92618, and at any postponements or adjournments thereof. QUESTIONS AND ANSWERS ABOUT THE 2005 ANNUAL MEETING AND VOTING

What is the purpose of the Annual Meeting?

At our Annual Meeting, stockholders will act upon the matters outlined in the notice of Annual Meeting on the cover page of this proxy statement, including the election of five directors, each for a term of one year. In addition, following the Annual Meeting, management will report on the performance of the Company during fiscal 2004 and respond to questions from stockholders.

Who is entitled to vote at the Annual Meeting?

Only stockholders of record at the close of business on April 18, 2005, the record date for the Annual Meeting, are entitled to receive notice of and to participate in the Annual Meeting. If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the Annual Meeting, or any postponements or adjournments of the Annual Meeting. A list of such stockholders will be available for examination by any stockholder at the Annual Meeting and, for any purpose germane to the Annual Meeting, at the principal business office of the Company, 157 Technology Drive, Irvine, California, 92618, for a period of ten days prior to the Annual Meeting.

How many shares of the Company's Common Stock and Preferred Stock are outstanding and what are the voting rights of the holders of those shares?

On April 18, 2005, the record date for the Annual Meeting, 15,352,949 shares of the Company's common stock (the Common Stock), 157 shares of the Company's Series D 8% Cumulative Convertible Voting Preferred Stock (the Series D Preferred Stock) and 291 shares of the Company's Series E Convertible Voting Preferred Stock (the Series E Preferred Stock) (the Series D Preferred Stock and Series E Preferred Stock together, the Preferred Stock) were outstanding. Each of the holders of the outstanding shares of the Common Stock will be entitled to one vote on each matter for each share of Common Stock held. Each of the holders of the Preferred Stock has full voting rights and powers equal to the voting rights and powers of holders of Common Stock and shall be entitled to vote with respect to any question upon which holders of Common Stock have the right to vote, voting together with the holders of Common Stock as one class. Each holder of the Preferred Stock shall be entitled to the number of votes equal to the number of shares of Common Stock into which such shares of Preferred Stock could be converted on the record date at the then current conversion value as determined pursuant to the Certificate of Designations, Rights and Preferences of the Series D and Series E Preferred Stock (Certificate of Designations), which results in 4,255 votes per share of Series D Preferred Stock and 2,000 votes per share of Series E Preferred Stock on

Table of Contents

April 18, 2005. However, pursuant to the Certificate of Designations, the maximum number of votes that each holder, or group of holders as defined in Section 13D of the Securities Exchange Act of 1934, as amended (the Exchange Act), of shares of Preferred Stock shall be entitled to shall not exceed 4.95% of the total number of shares of Common Stock then outstanding. Therefore, the holders of the Series D Preferred Stock shall have a total of 336,170 votes and the holders of the Series E Preferred Stock shall have a total of 342,000 votes on each matter at the Annual Meeting, for a total of 16,031,119 votes that may be cast by all stockholders at the Annual Meeting.

Who can attend the Annual Meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the Annual Meeting. Registration will begin at 1:00 p.m., and seating will begin immediately thereafter. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport. Please also note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the Annual Meeting.

What constitutes a quorum?

The presence at the Annual Meeting of the holders of a majority of the outstanding shares of the Common Stock and the number of shares of Common Stock for which the holders of the shares of Preferred Stock have voting rights, present in person or by proxy and entitled to vote, will constitute a quorum, permitting the Annual Meeting to conduct its business. Proxies marked withheld as to any director nominee or abstain as to a particular proposal and broker non-votes (as defined below) are counted by the Company for purposes of determining the presence or absence of a quorum at the Annual Meeting for the transaction of business.

How do I vote?

If you complete and properly sign the accompanying proxy card and return it to the Company, it will be voted as you direct. If you are a registered stockholder (that is, if you hold your stock in certificate form or otherwise directly and not through a broker or other nominee) and attend the Annual Meeting, you may deliver your completed proxy card in person. We encourage you, however, to submit the enclosed proxy card in advance of the Annual Meeting. In addition, ballots will be available for registered stockholders to vote in person at the Annual Meeting. Stockholders who hold their shares in street name may vote in person at the Annual Meeting only by obtaining a proxy form from the broker or other nominee that holds their shares.

Can I vote by telephone or electronically?

If you are a registered stockholder you may not vote by telephone or electronically since we do not have that capability. If your shares are held in street name, i.e., by a broker or other nominee please check the voting instruction card you received from your broker or nominee or contact your broker or nominee to determine whether you will be able to vote by telephone or electronically and what deadlines may apply to your ability to vote your shares by telephone or electronically.

Can I change my vote after I return my proxy card?

Yes. As a registered stockholder, you may change your vote at any time before the proxy is voted at the Annual Meeting by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the Annual Meeting in person and request that your proxy be suspended, although attendance at the Annual Meeting will not by itself revoke a previously granted proxy. If your shares are held in street name, please check the voting instruction card you received from your broker or nominee or contact your broker or nominee to determine how to change your vote.

Table of Contents***What are the Board's recommendations?***

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth together with the description of each proposal in this proxy statement. In summary, the Board recommends a vote:

FOR election of the five director nominees, each for a term of one year (see Proposal 1).

With respect to other business that may properly come before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

What vote is required to approve the Proposal?

The director nominees receiving the highest number of affirmative votes cast, in person or by proxy, at the Annual Meeting, up to the number of directors to be elected at the Annual Meeting (five directors), will be elected as directors. Accordingly, abstentions will have no effect in determining which directors receive the highest number of votes. The election of directors is a matter on which a broker or other nominee has discretionary voting authority. Accordingly, no broker non-votes will result from this proposal.

As of the 2005 Annual Meeting, our Board of Directors will consist of five annually elected directors. The Nominating and Corporate Governance Committee nominated Stuart M. Krassner, Anthony E. Maida, Dilip J. Mehta, Rajesh C. Shrotriya and Julius A. Vida for election to the Board. Dr. Ann C. Kessler and Mr. Armin M. Kessler will not be standing for re-election to the Board. The Company is appreciative of Dr. and Mr. Kessler for their service on the Board and their many contributions to our progress over the years.

On December 13, 2004, Stuart M. Krassner, Sc.D., Psy.D., was elected to the Board to fill the vacancy created by the passing of Dr. Paul Silverman in July 2004. Under Delaware law, a director elected by the Board of Directors to fill a vacancy serves until the next annual meeting of stockholders and until his successor is elected and qualified.

Unless you specifically withhold authority in the attached proxy for the election of any of these directors, the persons named in the attached proxy will vote FOR the election of Drs. Krassner, Mehta, Shrotriya, and Vida and Mr. Maida. Each director will be elected to serve a one-year term expiring at the annual meeting in 2006 and until his or her successor has been duly elected and qualified, or until his or her earlier resignation or removal.

Each of the nominees has consented to serve if elected. If any of them becomes unavailable to serve as a director, the Board may designate a substitute nominee. In that case, the proxy holders will vote for the substitute nominee designated by the Board. The Board of Directors has no reason to believe that any of the nominees will be unable to serve.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is comprised of Drs. Kessler, Krassner, Mehta, and Vida and Messrs. Kessler and Maida. The Nominating and Corporate Governance Committee's responsibilities include, but are not limited to: the identification and recommendation to nominees for election as directors by the stockholders, the identification and recommendation of candidates to fill any vacancies on the Board, and the recommendation to the Board of a set of corporate governance guidelines and principles applicable to the Company. The Nominating and Corporate Governance Committee met 1 time in 2004. It acts pursuant to a written charter which is posted on the Company's website at www.spectrumpharm.com.

In selecting and making recommendations to the Board for director nominees, the Nominating and Corporate Governance Committee may consider suggestions from many sources, including the Company's stockholders. Any such director nominations, together with appropriate biographical information and qualifications, should be submitted by the stockholder(s) to the Chairman of the Nominating and Corporate Governance Committee of the Board of Directors, c/o Spectrum Pharmaceuticals, Inc., 157 Technology Drive, Irvine, CA 92618. Director nominees submitted by stockholders are subject to the same review process as director nominees submitted from other sources such as other Board members or senior management.

The Nominating and Corporate Governance Committee will consider a number of factors when reviewing potential nominees for the Board. The factors which are considered by the Committee include, but are not limited to the following: the candidate's ability and willingness to commit adequate time to Board and committee matters, the fit of the candidate's skills and personality with those of other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of the Company, the candidate's personal and professional integrity, ethics and values, the candidate's experience in corporate management, such as serving as an officer or former officer of a publicly held company, the candidate's experience in the Company's industry and with relevant social policy concerns, the candidate's experience as a board member of another publicly held company, whether the candidate would be independent under applicable standards, whether the candidate has practical and mature business judgment, and the candidate's academic expertise in an area of the Company's operations.

In identifying, evaluating and selecting future potential director nominees for election at each annual meeting of stockholders and nominees for directors to be elected by the Board to fill vacancies and newly created directorships, the Nominating and Corporate Governance Committee engages in a selection process. The Committee will consider as potential director nominees candidates recommended by various sources, including any member of the Board, any stockholder of the Company or senior management. The Committee may also hire a search firm if deemed appropriate. All potential new director nominees will be initially reviewed by the Chairman of the Committee, or in the Chairman's absence, any other member of the Committee delegated to initially review director candidates. The reviewing Committee member will make an initial determination in his or her own independent business judgment as to the qualifications and fit of such director candidates based on the criteria set forth above. If the reviewing member determines that it is appropriate to proceed, the Chief Executive Officer and at least one member of the Committee will interview the prospective director candidate(s). The full Committee may interview the candidates as well. The Committee will provide informal progress updates to the Board and will meet to consider and recommend final director candidates to the entire Board. The Board determines which candidates are nominated or elected to fill a vacancy.

Based in part upon Dr. Krassner's affiliation with former director, Dr. Paul Silverman, and his association as a member of Spectrum's Scientific Advisory Board between 1996 and 2001, Dr. Krassner was initially identified to the Nominating and Corporate Governance Committee by our Chief Executive Officer as a potential candidate to fill the vacancy on the Board created by the passing of Dr. Silverman. Upon the recommendation of the Nominating and Corporate Governance Committee, the Board elected Dr. Krassner as a director to fill the vacancy in December 2004.

An overview of the determination of executive compensation follows:

General: The Compensation Committee evaluated the Company's 2004 performance as excellent insofar as the Company continued to execute on its strategy that was initiated in late 2002. Some of the important goals accomplished during 2004 included the raising of over \$25 million in equity financing, the launching of new clinical trials, the re-listing of the Company's Common Stock on the NASDAQ National Market, the tight control of the Company's burn rate and the expansion and diversification of the drug product portfolio, including the acquisition of a promising proprietary drug candidate and the filing of several abbreviated new drug applications for generic products. In light of the foregoing, certain compensation adjustments were made.

In evaluating the amount of individual adjustments the Committee engaged in November 2004 a nationally recognized independent compensation-consulting firm to provide compensation trends and compensation information for executive officers of our peer group of companies which are listed in the New Custom Composite Index included in the Comparison of Cumulative Total Returns Chart in this proxy statement.

Base Salary and Bonuses. The base salaries for 2004 for the executive officers were set at the end of 2003 based upon the factors that were discussed in our report in last year's proxy statement. At the end of 2004, the compensation of each executive officer was reviewed by the Committee, with reference to the executive's level of responsibility, experience and performance, the Company's performance, and also by reference to salary ranges paid to executives with comparable duties in our peer group of companies. Based upon its review, the Committee increased the salary levels for 2005 of the Company's Chief Scientific Officer from \$280,500 to \$310,000 and Vice President, Finance, from \$200,000 to \$220,000. In addition, the Committee awarded bonuses to both of these executive officers for their outstanding performance in 2004 as detailed in the Executive compensation section of this proxy statement.

Table of Contents

Stock Option Grants. The Committee endorses the position that granting stock options to the Company's executive officers can be very beneficial to stockholders because it aligns management's and stockholders' interests in the enhancement of stockholder values. In addition, stock options are an important compensation tool to utilize in attracting and retaining high caliber professionals. For these reasons and the Company's performance in 2004, the Committee granted stock options to executive officers in July 2004 and in January 2005.

Chief Executive Officer Compensation. The Committee subscribes to the notion that an emerging growth company, like Spectrum Pharmaceuticals, Inc., achieves success and ultimately substantial returns for its stockholders, based on the vision and dedication of its management team, especially its CEO. Dr. Rajesh C. Shrotriya, the Company's Chief Executive Officer and President, set forth a new vision for Spectrum when he was appointed Chief Executive Officer in 2002 and the Committee believes he, and the team he has assembled, has done an excellent job in implementing that vision over the past two years. In addition, Dr. Shrotriya's qualifications as a scientist and his ability to lead the Company and to manage its scientific programs and business strategy make him critical to the continued successful implementation of that vision. The Compensation Committee considered these factors as well as the same factors discussed above under "General" in setting the compensation of Dr. Shrotriya. The Committee also made reference to a survey of the compensation of chief executive officers of similarly sized companies in the pharmaceutical industry in order to ensure that the total compensation paid by the Company to Dr. Shrotriya, including salary, bonus, stock options, benefits and other compensation, was highly competitive. The Committee believes that a highly competitive compensation package is necessary because of the importance of a CEO to a small emerging growth company and in particular, one with the background, experience and track record of Dr. Shrotriya. Based upon its review, the Committee maintained the base salary of Dr. Shrotriya unchanged at \$500,000 per annum for 2005. In recognition of his continued excellent performance during 2004, Dr. Shrotriya was awarded a cash bonus of \$250,000 for 2004. In addition, on July 10, 2004 he was granted an option to purchase 450,000 shares of our Common Stock at an exercise price of \$6.05 per share vesting every six months over two years and on January 3, 2005 was granted an option to purchase 500,000 shares of our Common Stock at an exercise price of \$6.66 per share vesting annually in four equal amounts, with the first twenty-five percent vesting on the date of grant. More information is available in the Executive Compensation section of this proxy statement.

Policy with Respect to Section 162(m). Section 162(m) of the Code currently imposes a \$1 million limitation on the deductibility, for Federal income tax purposes, of certain compensation paid to each of our five highest paid executives. In light of the Company's significant net operating losses, Section 162(m) is not considered to be a significant factor for the foreseeable future.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee is comprised of Drs. Kessler, Krassner, Mehta and Vida. None of the members of the Board's Compensation Committee is or has been an officer or employee of the Company. None of the Company's executive officers has served as a director or Compensation Committee member of any other entity, any of whose executive officers served as a director or Compensation Committee member of our board of directors.

Table of Contents**EMPLOYMENT AND SEVERANCE AGREEMENTS**

We have entered into employment agreements with two of our Named Executive Officers, Dr. Shrotriya and Dr. Lenaz. The agreements require each executive to devote his full working time and effort to the business and affairs of the Company during the term of the agreement. The agreements provide for an annual base salary with annual increases, periodic bonuses and option grants as determined by the Compensation Committee of our Board of Directors.

Each officer's employment may be terminated by us with or without cause as defined in the agreement. The agreements provide for certain guaranteed severance payments and benefits if the officer's employment is terminated without cause, if the officer's employment is terminated due to a change in control or is adversely affected due to a change in control and the officer resigns or if the officer decides to terminate his employment due to a disposition of a significant amount of assets or business units. The guaranteed severance payment includes a payment equal to the officer's annual base salary and other cash compensation, and any approved bonus. The officer is also entitled to two years medical, dental and other benefits for two years following termination. In addition, all options held by the officer shall immediately vest and will be exercisable for one year from the date of termination; provided, however, if the Board determines that the officer's employment is being terminated for the reason that the shared expectations of the officer and the Board are not being met, in the Board's judgment, then the options currently held by the officer will vest in accordance with their terms for up to one year after the date of termination, with the right to exercise those options, when they vest, for approximately thirteen (13) months after the date of termination. The agreements also provide that, upon his retirement, all options held by the officer will become fully vested.

Following termination of the officer's employment, the officer shall be permitted to continue in his usual occupation and shall not be prohibited from competing with us except during the two (2) year severance period and in the specific industry market segments in which we compete and which represent twenty percent (20%) or more of our revenues.

The following table sets forth information regarding the employment agreements for each Named Executive Officer, including each Named Executive Officer's current base salary and each agreement's ending date:

<u>Name</u>	<u>Current Base Salary</u>	<u>Ending Date⁽¹⁾</u>

Luigi Lenaz	\$ 310,000	July 1, 2006

- (1) The employment agreement automatically renews for a one-year term unless either party gives written notice at least 90 days prior to the commencement of the next year of such party's intent not to renew the agreement.

Edgar Filing: SPECTRUM PHARMACEUTICALS INC - Form DEF 14A

The number represents 676,000 shares of Common Stock issuable upon exercise of warrants issued to non-employees of the Company under equity compensation plans approved by our Board of Directors that we believe are not required to be approved by our stockholders pursuant to the rules of the NASDAQ Stock Market. We issued these warrants in circumstances that enable us to adequately compensate, without the payment in cash, for outside consultant services, primarily placement agents who assist us in raising funds for our operations, in order to conserve our cash for operating activities. The number of securities remaining available for future issuance under these types of equity compensation plans is zero; however, the Board of Directors may approve additional issuance of warrants under circumstances that it decides are appropriate. These warrants are typically exercisable for five years and have equitable anti-dilution rights for stock splits, stock dividends, reclassifications, compulsory share
