Legion Partners Holdings, LLC, Macellum Advisors GP, LLC and Ancora Advisors, LLC, together with the other participants named herein (collectively, the “Participants”), intend to file a preliminary proxy statement and an accompanying WHITE proxy card with the Securities and Exchange Commission to be used to solicit proxies for the election of their slate of director nominees at the 2019 annual meeting of shareholders of Bed Bath & Beyond Inc., a New York corporation (the “Company”).

Item 1: On April 9, 2019, the Participants issued the following press release:

### **INVESTOR GROUP CALLS FOR INCREASED TRANSPARENCY AT BED BATH & BEYOND AT Q4 EARNINGS CALL**

**NEW YORK – 4/9/2019** – Legion Partners Holdings, LLC (“Legion Partners Holdings” together with its affiliates, “Legion Partners”), Macellum Advisors GP, LLC (together with its affiliates, “Macellum”), and Ancora Advisors, LLC (together with its affiliates, “Ancora” and, together with Legion Partners and Macellum, “the Investor Group”) today publicly called on the Board of Directors (the “Board”) and management team of Bed Bath & Beyond Inc. (NASDAQ: BBBY) (“Bed Bath” or the “Company”) to increase its level of disclosure and transparency when it reports fourth quarter results on April 10, 2019.

The Investor Group believes that Bed Bath has long exhibited substandard disclosures that are far below the level provided by its public peers. Shareholders deserve better – which is why Legion Partners Holdings has nominated sixteen highly-qualified, independent candidates to the Board at the 2019 Annual Meeting of Shareholders. The Investor Group today issued a series of questions that should be answered by Bed Bath.

#### **Ten Questions for Bed Bath Management - Shareholders Deserve to Know:**

- What are the same-store sales, revenues, online sales, gross margins, operating margins, capital expenditures, depreciation, assets and square footage broken out by each of the larger business concepts (Bed Bath & Beyond, Cost Plus World Markets, buybuy BABY, Christmas Tree Shops, and That! and Harmon)?
- What are the key drivers impacting same-store sales over the last one and three-year periods, including: traffic, conversion, units per transaction and average unit retail (“AUR”)?
- What is the current coupon attachment rate and how has coupon value and attachment rate trended over time? On a related point, what percentage of sales are associated with the Beyond+ loyalty program and how has this trended over the last three years?
- Please quantify the 500-basis point deterioration in gross margin since 2013. How much is attributable to mix shift, promotional activity, lower AUR, increased clearance and changes in initial mark-up (“IMU”)?
- Please provide a detailed breakdown of historical capital expenditures annually for the last five years between new stores, remodels, distribution centers and technology/IT investments. In addition, what are the estimates of

cash-on-cash returns and payback periods for new store investments by each concept?

What are the major categories of spending comprising SG&A and provide a detailed view of how this expense line has increased by 27% since fiscal year-end 2013? What are the increases in the non-advertising buckets including number of employees, increased wages and expenditures on consultants? What is the dollar breakdown between the field offices versus the headquarters? As for advertising, please help shareholders understand where the additional spending was allocated.

Given the announcement on the third quarter call that a third party was reviewing leases, please quantify your initial estimate of how much opportunity exists in rent savings. To the extent there are store closures, how much savings will that generate?

8. Does current management have a new store format that has experienced a trend change greater than that of the chain? If so, what is the time table to roll out the new format and what is the expense?

9. On both direct sourcing and private label, what percentage of the assortment does management expect will be derived from each and what gross margin gains will be generated from these initiatives?

10. What specific performance can the management point to that explains why they are “ahead of plan”?

Investors and analysts have been asking many of these questions for years and received little in the way of actual answers. The Investor Group believes this lack of transparency when combined with the gravity of corporate governance issues and rapid deterioration in operational performance necessitates complete and immediate change in the composition of the Board. The slate Legion Partners Holdings has nominated for election to the Board of Bed Bath are highly qualified individuals who, unlike the incumbent Board, will commit to enhanced disclosures and transparency for all shareholders.
