Note 3 Accounting Treatment of the Merger

The transaction will be accounted for under the acquisition method of accounting in accordance with FASB Accounting Standards Codification (ASC) Topic 805, Business Combinations. Although the business combination of Watson Wyatt and Towers Perrin is a merger of equals, generally accepted accounting principles require that one of the two companies in the transaction be designated as the acquirer for accounting purposes. Based on several factors, Watson Wyatt will be treated as the acquiring entity for accounting purposes. Accordingly, the historical financial statements of Watson Wyatt will become the historical financial statements of the Holding Company. As the transaction has not yet closed, the results of Watson Wyatt's and Towers Perrin's operations are not included in the Holding Company's results for the three months ended September 30, 2009.

Note 4 Capital Stock

The Holding Company has the authority to issue an aggregate of 1,000 shares, all of which are voting shares of Holding Company common stock, par value \$0.01 per share. As of December 23, 2009, there were 200 shares of common stock outstanding.

Note 5 Recent Accounting Pronouncements

Adopted

In June 2009, the Financial Accounting Standards Board (FASB) issued its final Statement of Financial Accounting Standards (SFAS) No. 168 *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles a replacement of FASB Statement No. 162*. SFAS No. 168 made the FASB Accounting Standards Codification (the Codification) the single source of U.S. GAAP used by nongovernmental entities in the preparation of financial statements, except for rules and interpretive releases of the SEC under authority of federal securities laws, which are sources of authoritative accounting guidance for SEC registrants. The Codification is meant to simplify user access to all authoritative accounting guidance by reorganizing U.S. GAAP pronouncements into roughly 90 accounting topics within a consistent structure; its purpose is not to create new accounting and reporting guidance. The Codification supersedes all existing non-SEC accounting and reporting standards and was effective for the Holding Company beginning July 1, 2009. Following SFAS No. 168, the FASB will not issue new standards in the form of Statements, FASB Staff Positions, or Emerging Issues Task Force Abstracts; instead, it will issue Accounting Standards Updates.

The FASB will not consider Accounting Standards Updates as authoritative in their own right; these updates will serve only to update the Codification, provide background information about the guidance, and provide the bases for conclusions on the changes in the Codification.

Accounting Standards Codification (ASC) 805, Business Combinations, is a revision of accounting provisions that changed the application of the acquisition method in a number of significant aspects. Acquisition costs will generally be expensed as incurred; noncontrolling interests will be valued at fair value at the acquisition date; restructuring costs associated with a business combination will generally be expensed subsequent to the acquisition date; contingent consideration will be recognized at its fair value on the acquisition date and, for certain arrangements, changes in fair value will be recognized in earnings until settled, and changes in deferred tax asset valuation allowances and income tax uncertainties after the acquisition date generally will affect income tax expense. ASC 350-30-35-1, Determination of the Useful Life of Intangible Assets amends the factors that should be considered in developing renewal or extension assumptions used to determine the useful life of recognized intangible assets under ASC 350, Goodwill and Other Intangible Assets. ASC 805-20-25-18A, Accounting for Assets Acquired and Liabilities Assumed in a Business Combination That Arise from Contingencies amends and clarifies the accounting for acquired contingencies and is effective upon the adoption of ASC 805, Business Combinations. The Holding Company adopted these provisions on July 1, 2009. The Holding Company expects that in relation to the Merger, the application of these provisions will be significant to the Holding Company's financial position and results of operations primarily as a result of expensing acquisition costs in the period incurred.

ASC 810, Noncontrolling Interests in Consolidated Financial Statements an amendment of ARB No. 51 requires the recognition of a noncontrolling interest (minority interest) as equity in the consolidated financial statements and separate from the parent's equity. The amount of net income attributable to the noncontrolling interest will be included in consolidated net income. It also amends certain consolidation procedures for consistency with the requirements of

ASC 805, Business Combinations. The provisions also include expanded disclosure requirements regarding the interests of the parent and its noncontrolling interest. The Holding Company adopted these provisions on July 1, 2009 and the adoption did not have an impact on the Holding Company's financial position or results of operations.

ASC 820, Fair Value Measurements defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. The Holding Company

Table of Contents

adopted these provisions for financial assets and liabilities and for nonfinancial assets and liabilities on July 1, 2009, these adoptions did not have an impact on the Holding Company's financial position or results of operations.

Not yet adopted

ASC 715-10-50, *Employers' Disclosures about Postretirement Benefit Plan Assets* provides guidance on the objectives an employer should consider when providing detailed disclosures about assets of a defined benefit pension plan or other postretirement plan. These disclosure objectives include investment policies and strategies, categories of plan assets, significant concentrations of risk and the inputs and valuation techniques used to measure the fair value of plan assets. These provisions are effective for our fiscal year ending June 30, 2010. The Holding Company is currently evaluating the effects that these provisions may have on its financial statements.

ASC 810 *Amendments to FASB Interpretation No. 46 (R)* which amends the evaluation criteria to identify the primary beneficiary of a variable interest entity provided by FASB Interpretation 46(R), *Consolidation of Variable Interest Entities-An Interpretation of ARB No. 51*. Additionally, the provisions require ongoing assessment of whether an enterprise is the primary beneficiary of the variable interest entity. We will adopt these provisions on July 1, 2010. The Holding Company is currently evaluating the effects that these provisions may have on its financial statements.

Additional details about this transaction are described in the Current Report filed by Watson Wyatt on Form 8-K with the SEC on October 9, 2009.

Amendment No. 1 to the Agreement and Plan of Merger dated October 19, 2009

On October 19, 2009, the Holding Company, Towers Perrin and Watson Wyatt entered into an amendment (*Amendment No. 1*) to the Merger Agreement.

The terms of Amendment No. 1 include the following provisions among others: certain adjustments to restricted stock, stock awards and employee stock options issued by Towers Perrin and Watson Wyatt and conversion into the Holding Company's Class A common stock; certain adjustments to the exchange ratio applicable to the conversion of Towers Perrin stock at the effective time of the Merger, to account for the Watson Wyatt options converted in the Merger; the extension of the required retirement date for retiring Towers Perrin employees from the effective time of the Merger to thirty days thereafter; and approval of the Holding Company amended restated certificate of incorporation and bylaws that will go into effect at the effective time of the Merger. Additional details about this amendment are described in the Current Report filed by Watson Wyatt on Form 8-K with the SEC on October 19, 2009.

Registration Statement on Form S-4 declared effective

Watson Wyatt and Towers Perrin Merger cleared by European Commission

On December 4, 2009, Towers Perrin and Watson Wyatt announced that they have been granted conditional clearance from the European Commission to allow the parties to proceed with the Merger. U.S. antitrust authorities previously cleared the transaction. As part of the European Commission's clearance decision, Watson Wyatt has committed to sell its life

insurance actuarial software, *VIP itech*. However, the European Commission has agreed that the merged company may retain a license to use the *VIP itech* software, which will allow it to continue to serve those clients that have implemented this software. Watson Wyatt is currently preparing the software for sale and will be issuing more information in due course.

Towers Perrin is a defendant in a putative class action lawsuit

On December 9, 2009, Watson Wyatt was informed by Towers Perrin that Towers Perrin had received a settlement demand from the plaintiffs in a putative class action lawsuit filed by former shareholders of Towers Perrin. Although the complaint does not contain a quantification of the damages sought, plaintiffs' settlement demand, which was orally communicated on December 8, 2009 and later in writing on December 9, 2009, sought a payment of \$800 million to settle the action on behalf of the entire class, as defined in the complaint, and requested that the settlement demand be communicated to Watson Wyatt. Towers Perrin believes the claims are without merit and intends to vigorously defend the action. Towers Perrin and/or Towers Watson could incur significant costs defending against this claim. The outcome of this legal proceeding is inherently uncertain and could be unfavorable to Towers Perrin and/or Towers Watson.

The lawsuit was previously reported in Amendment No. 3 to the Registration Statement on Form S-4/A (File No. 333-161705) filed on November 9, 2009 by the Holding Company (the "Registration Statement"). As reported in the Registration Statement, the complaint was filed on November 5, 2009 against Towers Perrin, members of its board of directors, and certain members of senior management in the United States District Court for the Eastern District of Pennsylvania. The plaintiffs in the action Alan H. Dugan, Ronald P. Giesinger, Marvin H. Greene, John G. Kneen, John T. Lynch, Bruce R. Pittenger, J. Russell Southworth, C. Roland Stichweh, Jacobus J. Van de Graaf and John C. Von Hagen are former members of the Towers Perrin's senior management, who voluntarily retired from Towers Perrin at various times between 1995 and 2000. Pursuant to the corporation's bylaws as then in effect, the Towers Perrin shares held by each of these plaintiffs were redeemed by Towers Perrin at book value upon their retirement. The plaintiffs purport to sue on behalf of themselves and a class of former Towers Perrin shareholders who separated from service on or after January 1, 1971, whose shares were redeemed upon retirement, and who otherwise meet certain specified criteria. The complaint alleges that by agreeing to sell their shares back to Towers Perrin at book value upon retirement, the plaintiffs and other members of the putative class relied upon a commitment that Towers Perrin would remain privately owned in perpetuity, which commitment, they allege, will be violated by the consummation of the Merger. The complaint asserts claims for breach of contract, breach of express trust, breach of fiduciary duty, promissory estoppel, quasi-contract/unjust enrichment, and constructive trust, and seeks equitable relief including an accounting, disgorgement, rescission and/or restitution, and the imposition of a constructive trust.

On December 17, 2009, four former Towers Perrin shareholders Dale Allen, Candace Block, Deborah Dubois, and Betsy Scattergood each of whom voluntarily retired in May or June 2005 and is excluded from the proposed class as defined in the former shareholder putative class action complaint, commenced a separate legal proceeding in the United States District Court for the Eastern District of Pennsylvania alleging the same claims in substantially the same form as those alleged in the putative class action. These plaintiffs are proceeding in their individual capacities and do not purport to represent a proposed class.

Watson Wyatt and Towers Perrin shareholders adopted the Merger Agreement

On December 18, 2009, Towers Perrin and Watson Wyatt announced that at their respective special meetings of shareholders, each held on that date, their shareholders adopted the Merger Agreement pursuant to which the companies will combine their businesses. In addition, Watson Wyatt shareholders approved the combined company's long term incentive plan.
