Corporate Notes and Your Business A few companies, like GE Capital, offer businesses the ability to directly invest in their unsecured debt through corporate bonds or notes. When your business invests in the corporate notes of GE Capital, you will receive the following benefits: Higher interest rates than many other cash alternatives like FDIC insured savings accounts, short term CDs, and money market mutual funds. The flexibility to redeem at anytime without a penalty. Free electronic transfers between linked bank accounts and the ability to wire funds 24/7 investment account access via internet and automated telephone service. If this sounds like a flexible way to grow your company's available cash, you can get started now. Why does my business get such terrific interest rates? Plain and simple, these short term investments are not FDIC insured. And unlike short term bond funds or money market mutual funds, they are the unsecured debt of a single company. So, your risk (and your return) is higher. Plus we service the investment online or by phone. That saves us money in operating costs because we don't have a branch network. When you buy these notes, your company is joining over 120,000 individuals and businesses. Some of them are current and former employees of GE or GE Capital who believe in the strength, stability, and long term success of GE Capital. But please, read our prospectus first. GE Interest Plus for Businesses is an investment in the strict, unsecured debt of the General Electric Capital Corporation. You should note that GE Interest Plus for Businesses Notes Interest Plus for Businesses is not FDIC insured deposit. GE Interest Plus for Businesses is not Guaranteed under the FDIC's Temporary Liquidity Guarantee Program. It is possible to lose money if GE Capital is unable to pay interest on its investment. Information. The issuer has filed a registration statement (including prospectus) with the SEC for the offering to which this communication relates. Before you invest, you should read the prospectus in that registration statement and the documents the issuer has filed with the SEC. For more information, visit www.edgar.gov and this website. You may get these documents free by visiting EDGAR on the SEC website at www.edgar.gov or by clicking here. Alternatively, the issuer, any underwriter, or any dealer participating in the offering will arrange to mail you the prospectus if you request it by clicking here or calling toll free 1-800-413-7413. Yield reflects the annual effective return on your investment. It assumes that interest is accrued daily and paid monthly, and that there are no additional investments or redemptions. The portion of your investment that is greater than \$5 million will earn a rate of .25% 3-month LIBOR + a yield of .25%.
