NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2011**

NOTE 1 DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business: Immediatek, Inc. (Immediatek) was originally organized as a corporation on August 6, 1998, under the laws of the State of Nevada. Prior to October 1, 2007, Immediatek, through its wholly-owned, operating subsidiary, DiscLive, Inc., recorded live content, such as concerts and conferences, for sale. On October 1, 2007, DiscLive, Inc. ceased retail sales of its products in conjunction with the decision not to further pursue that line of business. It was determined that Immediatek re-entered the development stage at that time. On August 29, 2007, Immediatek formed a wholly-owned subsidiary, IMKI Ventures, Inc. IMKI Ventures, Inc. acquired certain assets from a related party on August 31, 2007. Those acquired assets were developed into an e-commerce product called RadicalBuy, which was launched on October 23, 2007. As of September 30, 2010 we determined that it was in the best interest of Immediatek to cease operation of the RadicalBuy product.

On December 16, 2009, Immediatek, Officeware Corporation (Officeware), Timothy Rice, Chetan Jaitly, Radical Holdings LP and Radical Investments LP entered into a Stock Exchange Agreement, or the Agreement. On April 1, 2010, Immediatek, Officeware, Timothy Rice, Chetan Jaitly, Radical Holdings LP, Radical Investments LP, Darin Divinia, Dawn Divinia, Robert Hart, Kimberly Hart, Martin Woodall and Officeware Acquisition Corporation (Merger Sub), entered into an Amendment to that Agreement dated December 16, 2009 (as so amended, the Merger Agreement). Under the Merger Agreement, Merger Sub, a wholly-owned subsidiary of Immediatek, merged with and into Officeware on April 1, 2010. As a result of such merger, Immediatek became the sole shareholder of Officeware and Officeware shareholders received 12,264,256 shares of Immediatek common stock for all of the outstanding shares of stock of Officeware. Due to the merger, it was determined that Immediatek ceased to be in the development stage as of April 1, 2010.

Officeware provides online back-up, file storage and other web-based services for individuals, businesses and governmental organizations. Officeware offers three primary services. First, Officeware operates the website FilesAnywhere.com, primarily designed for individuals and small businesses to allow them to establish a self-service account, enabling them to, among other things, store files on Officeware servers, share and collaborate on documents with other people online, and backup their computers to FilesAnywhere cloud storage. Second, for larger business users, Officeware offers three customized products, called the FilesAnywhere Private Site, Dedicated Server, and Enterprise Server. These corporate offerings are designed to meet the specific requirements of each business customer or organization. The Private Site, Dedicated Server, and Enterprise Server products provide flexible cloud storage and unlimited scalability for users, groups and internet applications, along with client-specific branding and web interfaces, customer data interfaces, and tailored security for mixed corporate environments. Third, Officeware also provides specialized information technology services related to the development of web based databases and data storage on a contract basis for clients.

Officeware's operations are primarily based in Bedford, Texas and additionally, Officeware has one employee and several consultants performing research and development in India. The cost of the India operations was approximately \$94,704 and \$288,925 for the three and nine months ended September 30, 2011 and approximately \$88,611 and \$191,082 for the three and nine months ended September 30, 2010. These costs are included in research and development expenses in Immediatek's consolidated statement of operations.

Basis of Presentation: The accompanying unaudited condensed consolidated financial statements of the Company have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and formatted disclosures normally included in financial statements prepared in accordance with Generally Accepted Accounting Principles (GAAP) have been omitted pursuant to SEC rules and regulations. These condensed consolidated financial statements include the accounts of Immediatek's wholly-owned subsidiaries, Officeware, DiscLive, Inc. and IMKI Ventures, Inc. (collectively, the Company). All significant intercompany accounts and transactions have been eliminated in these condensed consolidated financial statements. The Company follows the Financial Accounting Standard Board's Accounting Standards Codification (the Codification or ASC). The Codification is the single source of authoritative accounting principles applied by nongovernmental entities in the

preparation of financial statements in conformity with GAAP.

Table of Contents

**IMMEDIATEK, INC.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2011**

The Company's condensed consolidated balance sheet at September 30, 2011 and condensed consolidated statements of operations for the three and nine months ended September 30, 2011 and 2010 and condensed consolidated statements of cash flows for the nine months ended September 30, 2011 and 2010 are unaudited. Certain accounts have been reclassified to conform to the current period's presentation. In the opinion of management, these financial statements have been prepared on the same basis as the audited consolidated financial statements and include all adjustments necessary for the fair presentation of the Company's financial position, results of operations and cash flows. These adjustments were of a normal, recurring nature. The results of operations for the periods presented in this Quarterly Report on Form 10-Q are not necessarily indicative of the results that may be expected for the entire year. Additional information is contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010, which was filed with the SEC on March 31, 2011 and should be read in conjunction with this Quarterly Report on Form 10-Q.

Net Loss per Share: Net loss was used in the calculation of both basic and diluted loss per share. The weighted average number of shares of common stock outstanding was the same for calculating both basic and diluted loss per share. Series A and Series B Convertible Preferred Stock convertible into 14,794,999 shares of common stock outstanding at September 30, 2011 and September 30, 2010 were not included in the computation of diluted loss per share, as the effect of their inclusion would be anti-dilutive.

Comprehensive Loss: For all periods presented, comprehensive loss is equal to net loss.

Reclassifications: Certain prior year amounts have been reclassified to conform with current year presentation.

NOTE 2 MERGER WITH OFFICWARE CORPORATION

On April 1, 2010, a wholly-owned subsidiary of Immediatek merged with and into Officeware. Officeware provides online back-up, file storage and other web-based services for individuals, businesses and governmental organizations. The merger with Officeware provides the Company increased operations and a source of operating cash flow. As a result of such merger, Immediatek became the sole shareholder of Officeware and Officeware shareholders received 12,264,256 shares of Immediatek common stock in exchange for all of the outstanding shares of common stock of Officeware. Radical Investments LP, an affiliate of Radical Holdings LP, owned 24.6% of the Officeware common stock. Radical Holdings LP owns the Company's Series A and Series B preferred stock. The Immediatek common stock exchanged was valued at \$4,000,000, or approximately \$0.33 per share, as determined by negotiations among the parties and an independent third party valuation. Due to the closely held nature and extremely limited trading of the Company's stock, management does not believe the quoted value of its common stock was indicative of the value of the restricted common shares issued in conjunction with the merger.

On December 16, 2009, Immediatek, Officeware, Tim Rice, Chetan Jaitly, Radical Holdings LP, and Radical Investments LP entered into a Stock Exchange Agreement. On April 1, 2010, Immediatek, Officeware, Timothy Rice, Chetan Jaitly, Radical Holdings LP, Radical Investments LP, Darin Divinia, Dawn Divinia, Robert Hart, Kimberly Hart, Martin Woodall and Officeware Acquisition Corporation, or the Merger Sub, entered into an Amendment to that Agreement dated December 16, 2009, or, the Merger Agreement. Under the Merger Agreement, Merger Sub, a wholly-owned subsidiary of Immediatek, merged with and into Officeware on April 1, 2010. As a result of such merger, Immediatek became the sole shareholder of Officeware and Officeware shareholders received 12,264,256 shares of Immediatek common stock for all of the outstanding shares of stock of Officeware. Radical Investments LP, an affiliate of Radical Holdings LP, owned 24.6% of the Officeware common stock. Radical Holdings LP owns the Company's Series A and Series B preferred stock. In addition, subject to the terms and conditions of the Merger Agreement, Immediatek issued and sold, and Radical Holdings LP, Darin Divinia, Dawn Divinia, Robert Hart, Kimberly Hart and Martin Woodall collectively purchased, 3,066,064 shares of Immediatek common stock for an aggregate purchase price of \$1.0 million, or approximately \$0.33 per share. Due to the merger, it was determined that the Company ceased to be in the development stage as of April 1, 2010.

Currently, the Company primarily operates in one business segment: e-commerce. Our services and products are primarily offered through Officeware. Officeware provides online back-up, file storage and other web-based services for individuals, businesses and governmental organizations. Officeware offers three primary services. First, Officeware operates the website FilesAnywhere.com, primarily designed for individuals and small businesses to allow them to establish a self-service account, enabling them to, among other things, store files on Officeware servers, share and collaborate on documents with other people online, and backup their computers to FilesAnywhere cloud storage. Second, for larger business users, Officeware offers three customized products, called the FilesAnywhere Private Site, Dedicated Server, and Enterprise Server. These corporate offerings are designed to meet the specific requirements of each business customer or organization. The Private Site, Dedicated Server, and Enterprise Server products provide flexible cloud storage and unlimited scalability for users, groups and internet applications, along with client-specific branding and web interfaces, customer data interfaces, and tailored security for mixed corporate environments. Third, Officeware also provides specialized information technology services related to the development of web based databases and data storage on a contract basis for clients.

Table of Contents

Officeware's operations are primarily based in Bedford, Texas and additionally, Officeware has one employee and several consultants performing research and development in India.

As a result of services provided to larger business users, our business can depend on one or a few major customers which could potentially expose the Company to concentration of credit risk. Our revenue and receivables are comprised principally of amounts due from customers throughout the United States.

Our subsidiary, IMKI Ventures, provided an e-commerce product called RadicalBuy. The Company determined that it would be in the best interest of Immediatek to cease operation of the RadicalBuy product.

History of Operating Losses

The following tables present our net loss and cash provided by or used in operating activities for the periods indicated.

	For the Three Months Ended September 30,	
	2011 (unaudited)	2010 (unaudited)
Net loss	\$ (193,168)	\$ (224,101)
Net cash provided by (used in) operating activities	\$ (207,571)	\$ 132,074

	For the Nine Months Ended September 30,	
	2011 (unaudited)	2010 (unaudited)
Net loss	\$ (416,253)	\$ (713,164)
Net cash provided by operating activities	\$ 109,974	\$ 26,963

Our existence and operations are dependent upon our ability to generate sufficient funds from operations to fund operating activities.

We funded our operations during the three and nine months ended September 30, 2011, primarily from the income generated by Officeware. With the Officeware merger on April 1, 2010, operating cash flows have generally been positive for the Company. However, no assurances can be given that we will be able to maintain the accretive results of the Officeware merger.

Our Objectives and Areas of Focus

Officeware Increase Users. We are focused on increasing the number of users of the various online back-up, file storage and other web-based services for individuals, businesses and governmental organizations offered through Officeware. We may pursue aggressive advertising campaigns or other promotions primarily aimed at new users. Additionally, we are focusing on efficiently integrating the Officeware business with our business.

Acquisitions. In addition to the Officeware acquisition which was consummated on April 1, 2010, we may identify and pursue additional potential acquisition candidates to support our strategy of growing and diversifying our business through selective acquisitions. No assurances can be given, however, that we will be successful in identifying any potential targets and, when identified, consummating their acquisition.

Table of Contents***Challenges and Risks***

Operating in this area provides unique opportunities; however, challenges and risks accompany those opportunities. Our management has identified the following material challenges and risks that will require substantive attention from our management (*see* Liquidity and Capital Resources and Financial Position Liquidity beginning on page 15).

Utilizing Funds on Hand in a Manner that is Accretive. If we do not manage our assets aggressively and apply available capital judiciously, we may not generate sufficient cash from our operating activities to fund our operations going forward, which would require us to seek additional funding in the future.

Growing Users. In order to be successful with the products and services offered through Officeware, we will be required to attract new customers and deepen the current customer relationships which we currently have. Our largest clients require customized solutions, which in turn requires us to anticipate their needs.

Competition. There are companies in this industry that have far more financial resources and a larger market share than us. In order to compete with these companies, we will be required to be innovative and create more attractive functions and features.

Additionally, see Risk Factors in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010, which was filed with the SEC on March 31, 2011.

Challenges and risks, including those described above, if not properly addressed or managed, may have a material adverse effect on our business. Our management, however, is endeavoring to properly manage and address these challenges and risks.

Revenues and Cost of Revenues. Revenues have increased for the three month period ended September 30, 2011 compared to the three month period ended September 30, 2010 as we continue to attract users and rollout enhancements to our product offering. We are actively working on additions and improvements to our FilesAnywhere product that should result in increased users and, consequently, increased sales. No assurances, however, can be given that we will be able to attract a significant number of additional users or sales. Cost of revenues also increased as we are still developing the base infrastructure and service support for our customers in order to efficiently scale our business. We are actively working to establish a business model which is able to more efficiently translate growth in revenues directly into growth in margins.

Research and Development. Research and development expenses increased slightly for the three month period ended September 30, 2011, as compared to the three month period ended September 30, 2010. The difference is primarily a result of differences in timing of various development projects in the two periods. We anticipate that we will continue to expend material amounts on new products and enhancements to our existing products.

Sales and Marketing. Sales and Marketing expenses increased compared to the same period last year. We anticipate that we will continue to grow our sales and marketing function while our challenge will be to ensure that such additions result in increases to our revenues. No assurances can be given that we will be successful in growing this function.

General and Administrative Expense. General and administrative expense decreased for the three month period ended September 30, 2011, as compared to the three month period ended September 30, 2010. The difference was a result of a change in the staff of the company.

Non-Cash Consulting Expense – Related Party. Many services are provided under the Management Services Agreement with Radical Ventures L.L.C., an affiliate of Radical Holdings LP. Pursuant to this Management Services Agreement, personnel of Radical Ventures L.L.C. will provide certain management services to the Company, including, among others, legal, financial, marketing and technology. These services are provided to us at a cost of \$3,500 per month; however, the Company will not be required to pay these fees or reimburse expenses and, accordingly, will account for these costs of services and expenses as deemed contributions to the Company. This agreement may be terminated upon 30 days written notice by Radical Ventures L.L.C. for any reason or by the Company for gross negligence. The Company also agreed to indemnify and hold harmless Radical Ventures L.L.C. for its performance of these services, except for gross negligence and willful misconduct. Further, the Company limited Radical Ventures L.L.C.'s maximum aggregate liability for damages under this agreement to the amounts deemed contributed to the Company by virtue of this agreement during twelve months prior to that cause of action.

Other Income – Related Party. On February 28, 2008, we entered into an Agreement for Project Staffing Services with HDNet Fights, Inc., an affiliate of Radical Holdings LP. On February 6, 2009, we entered into an Agreement for Project Staffing Services with Silver Cinemas Acquisition Co., an affiliate of Radical Holdings LP. These agreements provided that we provide personnel, as independent contractors on an hourly-fee basis, to perform computer software programming, system analysis, design, project management, consulting, and education and training for HDNet Fights, Inc. and Silver Cinemas Acquisition Co. As of October 31, 2010, we do not anticipate performing further services under this agreement.

Interest Expense – Related Party. On March 25, 2009, the Company received \$750,000 from Radical Holdings LP, a related party, under an unsecured Demand Promissory Note bearing interest, calculated on the basis of a 365-day year, at a rate per annum equal to three percent (3%) due on March 24, 2010. On March 24, 2010, this note was refinanced through the issuance of a new Amended and Restated Demand Promissory Note due on March 23, 2012. The principal amount of this new Amended and Restated Demand Promissory Note was \$772,500 and included accrued interest through the date of the amendment. This Amended and Restated Demand Promissory Note was prepaid in whole on December 17, 2010. The early repayment was made without premium or penalty. This expense reflects the interest accrued on the Demand Promissory Note for the three month period ended September 30, 2010.

The merger with Officeware was effective on April 1, 2010. Thus, operations of Officeware are included in the Company's results for the nine months ended September 30, 2011. However, operations of Officeware are only included in the Company's results for the six months ended September 30, 2010. The increases from the six month period of 2010 are primarily related to Officeware's operations. Management expects future quarterly results to be comparable. However, no assurances can be given that we will be able to maintain the accretive results of the Officeware merger.

Liquidity and Capital Resources and Financial Position**General**

On March 25, 2009, the Company received \$750,000 from Radical Holdings LP under an unsecured Demand Promissory Note bearing interest, calculated on the basis of a 365-day year, at a rate per annum equal to three percent

(3%) due on March 24, 2010. On March 24, 2010, Radical Holdings LP agreed to the Amended and Restated Demand Promissory Note in the principal amount of \$772,500, bearing interest, calculated on the basis of a 365-day year, at a rate per annum equal to three percent (3%) to evidence a loan from Radical Holdings LP of \$772,500 due March 23, 2012. This Amended and Restated Demand Promissory Note was prepaid in whole on December 17, 2010. The early repayment was made without premium or penalty.

On April 1, 2010, we closed the merger with Officeware and stock sale described above under "Our Business" General and in Note 2 "Merger with Officeware Corporation."

As of September 30, 2011, we had \$1,454,336 of cash, which management anticipates will sustain our operations.

Management anticipates that the operating cash flows of the Company will be positive for the fiscal year ending December 31, 2011. However, no assurances can be given that we will ever achieve profitability. If we need to seek additional funds, our ability to obtain financing will depend, among other things, on our development efforts, business plans, operating performance and condition of the capital markets at the time we seek financing. No assurances can be given that additional financing will be available to us on favorable terms when required, or at all. If we raise additional funds through the issuance of equity, equity-linked or debt securities, those securities may have rights, preferences or privileges senior to the rights of our common stock, and our stockholders may experience dilution.

Table of Contents

Our goal is to grow the products and services offered through Officeware, which we expect will generate revenue to support our operations. No assurances, however, can be given that these lines of business will generate sufficient operating funds to support our operating activities. In addition, we are exploring whether other companies may have interest in utilizing our technology to deliver their content and allow for interactivity with their customers or users across these various platforms.

We may also pursue various acquisition targets that could provide us with operating funds to support our activities. In the event that we acquire a target, depending on the nature of that target, we may require additional funds to consummate the acquisition or support our operations going forward. No assurances, however, can be given that we will be able to identify a potential target, consummate the acquisition of the target and, if consummated, integrate the target company and realize funds from operations.

Operating Activities. Cash provided by operations was \$109,974 in the nine months ended September 30, 2011, as compared to \$26,963 for the nine months ended September 30, 2010. The increase was primarily a result of the Officeware operations included for the nine months ended September 30, 2011.

Investing Activities. Cash used for investing activities was \$207,042 for the nine months ended September 30, 2011, as compared to cash provided by investing activities of \$1,136,399 for the nine months ended September 30, 2010. The decrease was primarily a result of the Officeware cash acquired in the merger on April 1, 2010 and the purchase of certain fixed assets during the most recent nine-month period.

Financing Activities. Cash used for financing activities was \$41,280 for the nine months ended September 30, 2011, as compared to cash provided by financing activities of \$971,557 for the nine months ended September 30, 2010. The decrease was primarily the result of the stock issuance proceeds used in the acquisition of Officeware.

Liquidity

We believe that the funds received from the issuance of common stock, the cash received in the merger with Officeware, and funds generated by the operation of Officeware will provide us with the necessary funds to operate our business. While we are also undertaking various plans and measures that we believe will increase funds generated from operating activities, no assurances can be given that those plans and measures will be successful.
