ITEM 5. OTHER EVENTS AND REGULATION FD DISCLOSURE

Manufactured Home Communities, Inc. (NYSE: MHC) today announced preliminary guidance for 2005. MHC's management projects continued growth in core property performance along historical trends. Results for 2005 will be impacted by i) continued competitive housing options impacting occupancy levels at certain communities, ii) variability in income from home sales operations,

Edgar Filing: MANUFACTURED HOME COMMUNITIES INC - Form 8-K

and iii) potential acquisitions. In age-qualified communities, home sales results could be impacted by the ability of potential homebuyers to sell their existing residences as well as by financial markets volatility. In the all-age communities, results from home sales and occupancy will continue to be impacted by local economic conditions, lack of affordable manufactured home financing and competition from alternative housing options including site-built, single-family housing. Based upon these factors and excluding potential acquisitions, MHC projects that fully diluted FFO per share should be between \$2.20 and \$2.25 for the full year of 2005. In addition, quarter-to-quarter results during the year are impacted by the seasonality at certain of the communities.

The forward-looking statements contained herein are subject to certain risks and uncertainties including, but not limited to, the Company's ability to maintain rental rates and occupancy with respect to properties currently owned or pending acquisitions; the Company's assumptions about rental and home sales markets; the completion of pending acquisitions and timing with respect thereto; the effect of interest rates as well as other risks indicated from time to time in the Company's filings with the Securities and Exchange Commission. The Company assumes no obligation to update or supplement forward-looking statements that become untrue because of subsequent events.

Manufactured Home Communities, Inc. owns or has an interest in 209 quality communities in 23 states consisting of 80,028 sites. MHC is a self-administered, self-managed, real estate investment trust (REIT) with headquarters in Chicago.
