NOTE 4. PARTNERSHIP INTERESTS AND CONCENTRATION OF CREDIT RISK

The limited partnership interests consist of Consulier's investment in AVM, L.P. and BioSafe Systems, LLC.

AVM, L.P

Consulier owns approximately 10% of AVM's capital as of June 30, 2002 and December 31, 2001. Based on capital and earnings distributions provided in the partnership agreement, Consulier was allocated approximately 9% and 8%, respectively, of AVM's earnings during the three-month periods ended June 30, 2002 and 2001.

Under the partnership agreement, Consulier may withdraw all or any portion of its capital account upon 30 days written notice. AVM's general partner may also expel Consulier from the partnership through payment of the balance of Consulier's capital account.

In April 2002, AVM, as a result of the departure of one of the members of the general partner and in accordance with its partnership agreement, distributed

Edgar Filing: CONSULIER ENGINEERING INC - Form 10QSB

\$346,151 to Consulier, thereby enabling Consulier to maintain its same pro-rata percentage ownership in AVM.

Following is a summary of the results of operations of AVM (in thousands):

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

RESULTS OF OPERATIONS

THE FOLLOWING COMPARES THE RESULTS OF OPERATIONS FOR THE SIX MONTHS ENDED JUNE 30, 2002 TO THE SIX MONTHS ENDED JUNE 30, 2001:

During the six months ended June 30, 2002, sales and cost of goods sold decreased \$272,946 and \$197,140, respectively, from the comparable amounts recorded during the six months ended June 30, 2001. Gross profit for the six months ended June 30, 2002 decreased \$75,806 compared to the six months ended June 30, 2001. Net Income for the first six months of 2002 was \$477,720, or \$0.10 per share, compared to \$1,188,902, or \$0.24 per share, in the second quarter of 2001. The decrease in net income is related primarily to a combination of a one-time insurance recovery of \$1.75 million in 2001, an increase of \$318,537 in investment income from related parties, and an increase

Edgar Filing: CONSULIER ENGINEERING INC - Form 10QSB

of \$136,334 in undistributed income of equity investee.

Interest expense declined by \$56,704 due to the reduction in notes payable banks and the partial redemption of bonds payable in the second quarter of 2001.

Other income consisting of investment income and interest income/expense decreased \$1,251,139, to \$866,710 in the first six months of 2002 compared to \$2,117,849 in 2001, primarily attributable to the \$318,537 increase in investment income from AVM and the \$136,334 increase in undistributed income of BioSafe, offset by an insurance recovery of \$1.75 million in 2001. Income before income taxes decreased \$1,066,182 from income of \$1,815,902 in the six months of 2001 to income of \$749,720 in the six months of 2002.

The effective tax rate increased to approximately 36.3% in the six months of 2002 compared to 34.5% in 2001.

Consulier's consolidated net income for six months ended June 30, 2002 was \$477,720, or \$0.10 basic and diluted earnings per share compared to income of \$1,188,902, or \$0.24 basic and diluted earnings per share, for the first six months of 2001.

THE FOLLOWING COMPARES THE RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED JUNE 30, 2002 TO THE THREE MONTHS ENDED JUNE 30, 2001:

During the quarter ended June 30, 2002, sales and cost of goods sold decreased \$220,544 and \$165,567, respectively, from the comparable amounts recorded during the quarter ended June 30, 2001. Gross profit for the three months ended June 30, 2002 decreased \$54,977 compared to the three months ended June 30, 2001. Net Income for the second quarter of 2002 was \$206,639, or \$0.04 per share, compared to \$1,185,056, or \$0.24 per share, in the second quarter of 2001. The decrease in net income is related primarily to an increase of \$90,215 in investment income from related parties and of \$73,869 in undistributed income of equity investee, offset by an insurance recovery of \$1.75 million dollars in 2001.

Interest expense declined \$26,362 due to the reduction in notes payable banks and the partial redemption of bonds payable in the second quarter of 2001.

9

Other income consisting of investment income and interest income/expense decreased \$1,563,868, from \$382,507 in the second quarter of 2002 compared to \$1,946,375 in 2001, primarily attributable to the \$90,215 increase in investment income from AVM, the \$73,869 increase in undistributed income of BioSafe and an insurance recovery of \$1.75 million in 2001. Income before income taxes decreased \$1,478,146 from income of \$1,804,623 in the second quarter of 2001 to income of \$326,477 in the second quarter of 2002.

The effective tax rate increased to approximately 36.7% in the second quarter of 2002 compared to 34.3% in 2001.

Consulier's consolidated income for the quarter ended June 30, 2002 was \$206,639, or \$0.04 basic and diluted earnings per share compared to income of \$1,185,056, or \$0.24 basic and diluted earnings per share, for second quarter 2001.

AUTOMOTIVE PARTS DISTRIBUTION - Net sales of Consulier's Southeast automotive parts distribution represented 98.5% and 93.3% of Consulier's net sales in the

Edgar Filing: CONSULIER ENGINEERING INC - Form 10QSB

second quarters of 2002 and 2001, respectively. This segment's sales decreased by 19.6%, or \$168,658, in the 2002 second quarter to \$691,755, compared to \$860,413 in the 2001 second quarter. This decrease can be attributed primarily to the adverse impact of the current economic conditions in the United States, Latin America and South America.

The automotive parts distribution segment had income before income taxes of \$60,274 in the second quarter of 2002 compared to \$1,710,789 in the second quarter of 2001. The decrease is primarily attributable to an insurance recovery of \$1.75 million in second quarter 2001.

HOUSEHOLD AND TOOL PRODUCTS - C-6 incurred a net loss of \$6,188 in the second quarter of 2002, consisting primarily of freight charges, compared to a net loss of \$7,000 in the second quarter of 2001.

INVESTMENT IN AVM - Investment income from Consulier's AVM limited partnership interest was \$337,797 in the second quarter of 2002, a 36.44% increase from the comparable 2001 quarter's income of \$247,582. This represents annualized returns of 78% and 48%, respectively, on Consulier's average investment during each year.

INVESTMENT IN BIOSAFE - Equity in income of BioSafe was \$8,854 in the second quarter of 2002, a 113.6% increase over the comparable 2001 quarter's equity in loss of \$65,015. This represents the Company's 40% interest in BioSafe's net income of approximately \$27,000 in the second quarter of 2002, compared to a net loss of approximately \$145,000 in the second quarter of 2001.

10

LIQUIDITY AND CAPITAL RESOURCES

At June 30, 2002, Consulier's cash totaled \$133,814 as compared to \$150,032 at December 31, 2001, a decrease of \$16,218. Net cash used in operations increased to \$1,351,771 in the first six months of 2002 compared to \$1,569,108 of net cash provided in the first six months of 2001. Net cash provided by investing activities increased to \$1,335,553 in the first six months of 2002, compared to \$133,479 of net cash used in the first six months of 2001, resulting primarily from an increase in the change in due from principal shareholder of \$594,220 and an increase in the change in distributions from partnership interest of \$660,509.

The ability of Consulier to continue to generate cash flow in excess of its normal operating requirements depends almost entirely on the performance of its limited partnership investment in AVM. Consulier cannot, with any degree of assurance, predict whether there will be a continuation of the net return experienced in the period that the AVM limited partnership interest has been owned. However, Consulier does not expect that the rate of return will decline to the point where Consulier has negative cash flow. Furthermore, although AVM has given Consulier no indication of any intention on its part to redeem the partnership interest, there can be no assurance that AVM will not do so in the future.

During the second quarter of 2002, a significant portion of the Company's excess cash funds continued to be advanced to the Company's principal shareholder, under demand receivables.

On April 16, 2002, the Company entered into agreement granting a line of credit of up to \$900,000 to Asset Assistance Group, LLC. The line of credit expires one year from April 16, 2002 and approximately \$310,000, including approximately

Edgar Filing: CONSULIER ENGINEERING INC - Form 10QSB

\$3,000 in accrued interest, is outstanding at June 30, 2002. Sources for funding the line of credit are expected to be investment income from AVM and repayments of outstanding amounts/advances by the principal shareholder.

11

CONSULIER ENGINEERING, INC. AND SUBSIDIARIES

FUTURE OUTLOOK

Based on AVM's recent operations and operating results over the past five years, management expects continued positive annualized returns in 2002 on Consulier's limited partnership investment. However, there is no guarantee that the returns of the past can be maintained.

Sales in the automotive parts distribution segment are expected to increase in the second half of 2002 due to the reorganization of the sales department and training of salespeople, strengthening of existing product lines, and increased marketing and promotion. Southeast is scheduled to attend numerous trade shows in key locations around the world to promote and sell its products.

In December 2000, Consulier entered into a multi-year strategic alliance and distribution agreement with Norpak Manufacturing Inc. (Norpak) of Toronto, Canada and its related company Veridien Corp. (Veridien) of St. Petersburg, Florida. Veridien has a full line of top quality cleaning products that they manufacture and distribute to national and regional retailers and distributors.

Norpak also with a full line of cleaning products and retail as well as distribution sources, has been contracted to be the main distributor for the soap in Canada. Norpak is responsible for the sales, marketing, retailing and distribution of the soap in Canada. These agreements include pricing schedules for products at distributorship levels.

Veridien and Norpak are working with Consulier to launch the product to national and regional retailers and major distributors.

In addition to the above, Consulier maintains a sales and marketing department developing new retail and distribution outlets nationally and internationally. There are several trade shows scheduled for marketing the soap throughout 2002 and the internet web site continues to be a good lead generator with applications for distribution being received through the site from countries all over the world.
