PROXY STATEMENT

For the Annual Meeting of Stockholders
To be held on Tuesday, October 25, 2005

This proxy statement is furnished in connection with the solicitation by the Board of Directors of proxies to be voted at the annual meeting of stockholders to be held on Tuesday, October 25, 2005 at 10:00 a.m., at conference room 9-A of the McConnell Valdés law offices located at 270 Muñoz Rivera Avenue, San Juan, Puerto Rico, and at any adjournment or postponement thereof, for the purposes set forth herein. This proxy statement is expected to be mailed to stockholders on or about October 7, 2005.

Each proxy solicited hereby, if properly signed and returned to us and not revoked prior to its use, will be voted in accordance with the instructions contained therein. If no contrary instructions are given by you, each proxy received will be voted for the matters described below. Any stockholder giving a proxy has the power to revoke it at any time before it is exercised by: (i) filing with the Chairman of the Board of Directors written notice thereof (addressed to: José Enrique Fernández, Chairman of the Board, Oriental Financial Group Inc., P.O. Box 195115, San Juan, Puerto Rico 00919-5115); (ii) submitting a duly executed proxy bearing a later date; or (iii) by appearing in person at the annual meeting and giving the Chairman notice of his or her intention to vote in person. Proxies solicited hereby may be exercised only at the annual meeting, including any adjournment or postponement thereof, and will not be used for any other purpose.

Each proxy solicited hereby also confers discretionary authority on the Board of Directors to vote the proxy with respect to: (i) the approval of the minutes of the last annual meeting of stockholders; (ii) the election of any person as director if any nominee is unable to serve or, for good cause, will not serve; (iii) matters incident to the conduct of the annual meeting; and (iv) such other matters as may properly come before the annual meeting. Except with respect to procedural matters incident to the conduct of the annual meeting, we are not aware of any business that may properly come before the meeting other than those matters described in this proxy statement. However, if any other matters should properly come before the annual meeting, it is intended that proxies solicited hereby will be voted with respect to those other matters in accordance with the judgment of the persons voting the proxies.

SOLICITATION OF PROXIES

The cost of solicitation of proxies will be borne by us. We have retained the services of American Stock Transfer & Trust Company, New York, New York, who acts as our transfer agent and registrar, to assist us in the solicitation of proxies for the annual meeting. The fee to be paid to such firm for these services is not expected to exceed \$1,500, plus reimbursement of all reasonable out-of-pocket expenses. We will also reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in sending proxy materials to the beneficial owners of our shares of common stock. In addition to solicitations by mail, our directors, officers and employees, including those of our subsidiaries, may solicit proxies personally, by telephone or otherwise without additional compensation.

**VOTING STOCK OUTSTANDING
AND VOTE REQUIRED FOR APPROVAL**

Only holders of shares of common stock of record at the close of business on September 26, 2005 (that is, the voting record date) will be entitled to vote at the annual meeting. The total number of shares of common stock outstanding on the voting record date and eligible to cast votes at the annual meeting is 24,867,011. On the voting record date, there were outstanding 1,340,000 shares of 7.125% Noncumulative Monthly Income Preferred Stock, Series A, \$1.00 par value per share (the Series A Preferred Stock) and 1,380,000 shares of 7.0% Noncumulative Monthly Income Preferred Stock, Series B, \$1.00 par value per share (the Series B Preferred Stock). The shares of Series A Preferred Stock and Series B Preferred Stock are not entitled to vote at the annual meeting.

Table of Contents

The presence, either in person or by proxy, of at least a majority of the outstanding shares of common stock is necessary to constitute a quorum at the annual meeting. For purposes of determining quorum, abstentions and broker non-votes will be treated as shares that are present and entitled to vote. A broker non-vote results when a broker or nominee has expressly indicated that it does not have discretionary authority to vote on a particular matter. Action with respect to the election of directors shall be taken by a majority of the votes cast. Therefore, abstentions and broker non-votes will not have an effect on the election of directors. With respect to this proposal, each holder of shares of common stock has the right to cumulate his or her votes as described below under the heading Cumulative Voting in the Election of Directors.

PROPOSAL: ELECTION OF DIRECTORS

Our by-laws provide that the Board of Directors shall consist of such number of directors as shall be fixed from time to time by resolution of the Board. The number of directors, as established by resolution, is presently eleven. Our articles of incorporation and by-laws also provide that the Board of Directors shall be divided into three classes of directors as nearly equal in number as possible. The members of each class are to be elected for a term of three years and until their successors are duly elected and qualified. Only one class of directors is to be elected annually.

Other than José Enrique Fernández's non-executive chairman agreement, which requires the Board of Directors to nominate him for election as a director and, if elected, as Chairman of our Board of Directors (including the Board of Directors of Oriental Bank and Trust), and José Rafael Fernández's employment agreement, which requires the Board of Directors to nominate him and recommend to the stockholders his election as a director, there are no arrangements or understandings between us and any person pursuant to which such person has been elected a director. Except for José Enrique Fernández, who is the father of José Fernández-Richards, an executive vice president, no other director is related to any of our directors or executive officers, by blood, marriage or adoption (excluding those that are more remote than first cousin).

He is a licensed Professional Engineer registered in Puerto Rico, and has served terms as a member of the Board of Directors of the Puerto Rico chapter of the Association of General Contractors of America.

If any person named as a nominee is unable or unwilling to stand for election at the time of the annual meeting, the proxies will nominate and vote for a replacement nominee or nominees recommended by the Board of Directors. At this time, the Board knows of no reason why any of the nominees listed above may not be able to serve as a director if elected.

**The Board of Directors Recommends
that Stockholders Vote For this Proposal.**

Table of Contents**CUMULATIVE VOTING IN THE ELECTION OF DIRECTORS**

Pursuant to our by-laws, holders of shares of common stock have the right to cumulate their votes at annual meetings in which more than one director is being elected. Cumulative voting entitles each holder of common stock to a number of votes equal to the number of shares of common stock held by him or her multiplied by the number of directors to be elected. As a holder of shares of common stock, you may cast all or any number of such votes for one nominee or distribute such votes among any two or more nominees as you desire. Thus, for example, for the election of the six nominees being considered at this annual meeting, a stockholder owning 1,000 shares of common stock is entitled to 6,000 votes, and may distribute such votes equally among the nominees for election, cast them for the election of only one of such nominees, or otherwise distribute such votes as he or she desires.

In the absence of any express indication that the shares to be voted should be cumulated in a particular fashion, the votes represented by executed proxies will be distributed equally among the six nominees designated by the Board of Directors or in such other fashion as will most likely ensure the election of all the nominees.

BOARD INDEPENDENCE

Except for the Chairman of the Board and the President and CEO, all of our directors are independent pursuant to the corporate governance standards adopted by the New York Stock Exchange (NYSE) for companies listed thereon.

In determining independence, the Board of Directors has affirmatively determined whether each director has a material relationship with the company. When assessing the materiality of a director's relationship with the company, the Board considers all relevant facts and circumstances, not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. Material relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable and familiar relationships, among others.

The NYSE standards for director independence are as follows:

(i) A director who is an employee, or whose immediate family member is an executive officer, of the company is not independent until three years after the end of such employment relationship.

(ii) A director who receives, or whose immediate family member receives, more than \$100,000 per year in direct compensation from the listed company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$100,000 per year in such compensation.

(iii) A director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the company is not independent until three years after the end of the affiliation or the employment or auditing relationship.

Table of Contents

(iv) A director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the listed company's present executives serve on that company's compensation committee is not independent until three years after the end of such service or the employment relationship.

(v) A director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company that makes payments to, or receives payments from, the listed company for property or services in an account which, in any single fiscal year, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross reserves, is not independent until three years after falling below such threshold.

Applying these standards, the Board of Directors has determined that, except for its Chairman and the President and CEO, the other members of the Board, including nominees for director, are independent.

Pursuant to the rules adopted by the Securities and Exchange Commission (SEC) applicable to audit committees of companies listed on the NYSE, in order to be independent, and in addition to the standards listed above, each audit committee member may not, other than in his or her capacity as a member of the audit committee, board of directors, or any other board committee:

(i) Accept directly or indirectly any consulting, advisory, or other compensatory fee from the company or any subsidiary thereof, provided that, unless the rules of the NYSE provide otherwise, compensatory fees do not include the receipt of fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with the company (provided that such compensation is not contingent in any way on contingent service); or

(ii) Be an affiliated person (that is, a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the company) of the company or any subsidiary thereof.

Applying these rules, the Board of Directors has determined that each member of its Audit Committee is independent.

BOARD MEETINGS

The Board of Directors held fourteen meetings during the fiscal year ended June 30, 2005. During fiscal 2005, directors received a fee of \$1,000 for each Board meeting attended and \$450 for each Board committee meeting attended. Only directors who are not officers of the company, including its subsidiaries, received fees for attendance at such meetings. No director attended fewer than 75% of the meetings held in fiscal 2005, including meetings of Board committees on which he or she served during the year. Board members are required to attend the company's annual meeting of stockholders. All Board members then in office attended last year's meeting.

EXECUTIVE MEETINGS OF NON-MANAGEMENT DIRECTORS

The Board of Directors holds regular meetings of non-management directors (that is, directors who are not executive officers of the company) to promote open discussions and better communication among such directors. José Enrique Fernández, the Chairman of the Board, has been chosen to preside at such meetings.

BOARD COMMITTEES

The Board of Directors has three standing committees: the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee.

The Audit Committee assists the Board of Directors in its oversight of our financial reporting process and internal controls. It fulfills its oversight responsibilities by reviewing: (a) the integrity of the financial reports and other financial information provided by the company to any governmental body or to the public; (b) the company's systems of internal controls regarding finance, accounting, legal compliance, and ethics that management and the Board of Directors have established; and (c) the company's auditing, accounting, and financial reporting processes generally. The members of this committee are José J. Gil de Lamadrid, CPA, Chairman, Efraín Archilla, and Miguel Vázquez-Deynes. The Board of Directors has determined that each member of this committee is financially literate and has designated Mr. Gil de Lamadrid as audit committee financial expert, as such term is defined by the SEC. The committee met fourteen times in fiscal 2005.

The Audit Committee operates pursuant to a written charter that has been approved and adopted by the Board of Directors, a current copy of which is attached hereto as Exhibit A and is also available on our website at www.orientalonline.com and in print to any stockholder who requests it. This committee is composed entirely of independent directors as required by the NYSE and the SEC.

The Compensation Committee discharges the responsibilities of the Board of Directors relating to compensation of our directors and executive officers. Its general responsibilities are: (a) reviewing and approving corporate goals and objectives relevant to the compensation of the chief executive officer, and evaluating the chief executive officer's performance in light of those goals and objectives; (b) making recommendations to the Board of Directors with respect to non-CEO compensation, incentives compensation plans and equity-based plans; (c) producing a committee report on executive compensation; and (d) conducting an annual performance evaluation thereof. The committee also administers our various stock option plans and is given absolute discretion to, among other things, construe and interpret the plans; to prescribe, amend and rescind rules and regulations relating to the plans; to select the persons to whom options will be granted; to determine the number of shares subject to each option; and to determine the terms and conditions to which each grant and/or exercise of options is subject. The members of this committee are Julian S. Inclán, Chairman, Emilio Rodríguez and Maricarmen Aponte, Esq. The committee met twenty times in fiscal 2005.

The Compensation Committee operates pursuant to a written charter that has been approved and adopted by the Board of Directors, a current copy of which is available on our website at www.orientalonline.com and in print to any stockholder who requests it. This committee is composed entirely of independent directors as required by the NYSE.

The Corporate Governance and Nominating Committee assists the Board of Directors by: (a) identifying individuals qualified to become directors consistent with criteria approved by the Board; (b) selecting or recommending that the Board select the director nominees for the next annual meeting of stockholders; (c) developing and recommending to the Board a set of corporate governance principles applicable to the company that are consistent with sound corporate governance practices and in compliance with applicable legal, regulatory, or other requirements; (d) monitoring and reviewing any other corporate governance matters which the Board may refer to this committee; and (e) overseeing the evaluation of the Board and management. The members of this committee are Francisco Arriví, Chairman, Pablo I. Altieri, M.D., Juan Carlos Aguayo, P.E., M.S.C.E., and Maricarmen Aponte, Esq. The committee met five times in fiscal 2005.

The Corporate Governance and Nominating Committee operates pursuant to a written charter that has been approved and adopted by the Board of Directors, a current copy of which is available on our website at www.orientalonline.com and in print to any stockholder who requests it. Pursuant to our by-laws, no nominations for directors, except those made by the Board of Directors upon the recommendation of the Corporate Governance and Nominating Committee, will be voted upon at the annual meeting unless other nominations by stockholders are made in writing, together with the nominee's qualifications for service and evidence of his or her willingness to serve on the Board of Directors, and delivered to the Secretary of the Board at least 120 days prior to the anniversary date of the mailing of proxy materials in connection with last year's annual meeting. Ballots bearing the names of all of the persons nominated by the Board of Directors and by stockholders, if properly made, will be provided for use at the annual meeting. The Corporate Governance and Nominating Committee has not established any specific, minimum qualifications that it believes must be met by a nominee recommended by such committee for a position on the Board of Directors. The committee instead considers general factors, including, without limitation, the candidate's experience with other businesses and organizations, the interplay of such experience with the experience of other Board members, and the extent to which the candidate would be a desirable addition to the Board and any committee thereof.

The Corporate Governance and Nominating Committee generally identifies qualified candidates on the basis of recommendations made by existing directors or management. There are no differences in the manner in which the committee evaluates nominees for director based on whether the nominee is recommended by a stockholder. The committee will consider potential nominees by management, stockholders or other members of the Board, and develop and evaluate information from a variety of sources regarding the potential nominee before making a decision.

CORPORATE GOVERNANCE GUIDELINES

We have developed and adopted a set of Corporate Governance Guidelines to promote the functioning of the Board of Directors and its committees, to protect and enhance stockholder value, and to set forth a common set of expectations as to how the Board, its various committees, individual directors and management should perform their functions. We have also developed and adopted a Code of Business Conduct and Ethics that reaffirms our basic policies of business conduct and ethics for our directors, officers, employees and agents. The Code consists of basic and general standards of business as well as personal conduct. Current copies of the Corporate Governance Guidelines and the Code of Business Conduct and Ethics are available on our website at www.orientalonline.com. You may also obtain a written copy of these documents, including the charters of the Board committees, by sending us a written request addressed as follows: Oriental Financial Group Inc., Investor Relations c/o Anreder & Company, 10 E. 40th Street, Suite 1308, New York, NY 10016; Telephone: (212) 532-3232 or (800) 421-1003; Facsimile: (212) 679-7999; E-mail: ofg@anreder.com.

The Board of Directors has adopted a procedure by which stockholders and employees may communicate directly with the independent members of the Board or report possible legal or ethical violations, including concerns regarding questionable accounting or auditing matters. Any such stockholder or employee may direct his or her written communication or report, anonymously, to the Chairman of the Audit Committee. Non-Executive Chairman and Employment Agreements

José Enrique Fernández

On April 4, 2005, we entered into a non-executive chairman agreement with José Enrique Fernández for a term of three years commencing on January 1, 2005 and terminating on December 31, 2007, which supersedes and replaces a previous employment agreement dated April 4, 2002, between Oriental Bank and Trust and Mr. Fernández. The agreement provides for an annual base fee of \$300,000 in the first year of the agreement, \$225,000 in the second year of the agreement, and \$150,000 in the third year of the agreement. The agreement provides that Mr. Fernández will be paid an annual cash bonus of \$200,000 in each of the first and second years of the agreement and \$150,000 in the third year. The bonus must be paid to him not later than January 15 of each year. The agreement also provides that we will give Mr. Fernández a car allowance of \$30,000 in the first year of the agreement and \$24,000 in the second year. The agreement further provides that we will pay for

Table of Contents

Mr. Fernández's membership in such social and business clubs that in his judgment are reasonably appropriate for the performance of his duties. We will also pay for a 10-year term life insurance policy in the amount of \$2 million, covering the life of Mr. Fernández, for the benefit of his estate. Pursuant to the agreement, we will furnish Mr. Fernández with private office facilities and provide all necessary secretarial services and such other suitable assistance and accommodations. The agreement also provides that, during its term, the Board of Directors will nominate and recommend to the stockholders the election of Mr. Fernández as a director at any election of directors in which his term as a director will expire, and, if elected, the Board of Directors will elect Mr. Fernández to the position of Chairman of our Board of Directors (including the Board of Directors of Oriental Bank and Trust).

The agreement may be terminated by the Board of Directors for just cause (as such term is defined in the agreement) at any time. In the event it is terminated for just cause, Mr. Fernández will have no right to compensation or other benefits for any period after such termination. If it is terminated by the Board of Directors, other than for just cause and other than in connection with a change in control of the company, or if Mr. Fernández terminates the agreement for good reason, we are required to pay him an amount equal to two times the aggregate annual compensation paid or payable to him, including base fee, bonus (equal to the highest cash bonus paid to him in any of the two fiscal years prior to the termination date), car allowance, and the value of any other benefits provided to Mr. Fernández during the year in which the termination occurs. The payment is to be made in a lump sum on or before the fifth day following the date of termination. The term good reason includes: (i) failure by us to comply with any material provision of the agreement, which failure has not been cured within ten days after notice thereof has been given by Mr. Fernández; and (ii) any purported termination of the agreement which is not effected pursuant to a notice of termination satisfying certain requirements set forth in the agreement.

The agreement contains provisions restricting Mr. Fernández's ability to engage or participate in, become a director of, or render advisory or other services to any firm or entity competitive with us. The agreement does not contain any provision restricting Mr. Fernández's right to compete against us upon termination of the agreement.

José Rafael Fernández

On April 4, 2005, we entered into an employment agreement with José Rafael Fernández for a term of thirty-six months effective on January 1, 2005 and terminating on December 31, 2007. Notwithstanding the foregoing, the agreement provides that no less than 120 days before the expiration date, the parties will determine whether to extend the term, and, if extended, under which terms and conditions. The agreement provides for the following salary: (i) an annual base salary of \$325,000 equivalent to \$27,083.33 per month from January 1 to June 30, 2005; (ii) an annual base salary of \$350,000 equivalent to \$29,166.66 per month from July 1, 2005 to June 30, 2006; (iii) an annual base salary of \$400,000 equivalent to \$33,333.33 per month from July 1, 2006 to June 30, 2007; and (iv) an annual base salary of \$450,000 equivalent to \$37,500 per month from July 1 to December 31, 2007. The agreement further provides that he will receive an annual car allowance in the amount of \$30,000 and \$18,000 per year for membership expenses for such social and business clubs and professional or training expenses which in his judgment are reasonably appropriate to the performance of his duties as President and CEO. The agreement also provides that the base salary for any extension of the term of the agreement will be mutually agreed by the Compensation Committee and Mr. Fernández; provided, however, that at no time will such base salary be reduced below the amount set forth above for the second year of the agreement. Pursuant to the agreement, Mr. Fernández is entitled to participate in, and receive the benefits of, any stock option plan, profit sharing plan or other plans, benefits and privileges given to our employees and executives for which he may qualify. Such benefits will be provided to Mr. Fernández while he is employed under the terms of the agreement or any extension thereof. In contemplation of the agreement, on November 29, 2004, we granted to Mr. Fernández an option to purchase 20,000 shares of common stock. Pursuant to the agreement, we will grant to Mr. Fernandez options to purchase 20,000 shares of our common stock on January 1, 2006 and January 1, 2007. The options may be exercised by Mr. Fernández during a period commencing on the first and ending on the tenth anniversary of the grant. Notwithstanding the above limitations, these options will become immediately exercisable if Mr. Fernández dies, is disabled or retires, or if there occurs a change in control of the company. The options will survive one year after termination of the agreement, unless termination is the result of Mr. Fernández's willful and continued failure to perform his duties, illegal conduct or gross misconduct materially injurious to the company,

a regulatory order, or as a result of appointment by court or other public authority of a legal custodian for the company for the purpose of liquidation.

The agreement may be terminated by the Board of Directors for just cause (as such term is defined in the agreement) at any time. In the event that employment is terminated for just cause, Mr. Fernández will have no right to compensation or other benefits for any period after such termination.

The agreement also provides that Mr. Fernández may terminate his employment for good reason, which includes: (i) failure by us to comply with any material provision of the agreement, which failure has not been cured within ten days after notice thereof has been given by Mr. Fernández; or (ii) any purported termination of Mr. Fernández's employment which is not effected pursuant to a notice of termination satisfying certain requirements set forth in the agreement. If Mr. Fernández terminates his employment for good reason, we are required to pay him as severance an amount equal to two times the aggregate annual compensation paid or payable to him (including salary, bonus, car allowance and the value of any other benefits provided to him) during the year in which the termination occurs. The severance payment is to be made in a lump sum on or before the fifth day following the date of termination.

The agreement contains provisions restricting Mr. Fernández's ability to engage or participate in, become a director of, or render advisory or other services to any firm or entity competitive with us. The agreement does not contain any provision restricting Mr. Fernández's right to compete against us upon termination of employment. The agreement further contains provisions protecting our confidential information and trade secrets.

Change in Control Compensation Agreements

We have entered into change in control compensation agreements with José Enrique Fernández, José Rafael Fernández, Héctor Méndez, Néstor Vale, Carlos J. Nieves, Ganesh Kumar, Carlos Vélez, Norberto González and José Fernández-Richards. Each agreement is in full force and effect so long as the person is employed by the company.

Under the agreements, the aforementioned persons are entitled to certain cash payment compensation in the event there is a change in control of the company and as a result thereof or within one year after the change in control, the person's employment is terminated by us or our successor in interest. The cash compensation will be an amount equal to two times the sum of such person's annual base salary at the time the termination of his employment occurs and his last cash bonus paid prior to the termination of his employment.

For purposes of the agreements, a change in control of the company shall be deemed to have occurred if any person or persons acting as a group within the meaning of Sections 13(d) and 14(d) of the Securities Exchange Act of 1934 is or becomes the beneficial owner (as defined in Rule 13d-3 under the Securities Exchange Act of 1934), directly or indirectly, of our securities representing 25% or more of either the then outstanding shares of our common stock or the combined voting power of our then outstanding securities and if individuals who on the date of the agreements are members of our Board of Directors cease for any reason to constitute at least a majority thereof, unless the appointment, election or nomination of each new director who was not a director on the date of the agreements has been approved by at least two-thirds of the directors in office on the date of the agreements.

year. The matching contribution is invested in our shares of common stock. The 401(k)/1165(e) Plan became effective on January 1, 1992. During fiscal 2005, we contributed 8,807 shares of common stock to the 401(k)/1165(e) Plan valued at approximately \$134,394 at June 30, 2005.

Non-Qualified Deferred Compensation Plan

We also offer our executive officers a non-qualified deferred compensation plan, where such executives are allowed to defer taxable income. The plan is not subject to ERISA contribution limits nor to discrimination tests in terms of who must be included therein. Under the plan, the executive's current taxable income is reduced by the amount being deferred. Funds contributed thereto can accumulate without current income tax to the individual. Taxes are due when the funds are withdrawn at the then current income tax rate applicable to the individual, which may be lower than his or her current income tax bracket.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The following report does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other filing of the company under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the company specifically incorporates it by reference.

Oriental Financial Group Inc. operates in a highly competitive industry where the quality, creativity and professionalism of its executive officers is of utmost importance to the success, profitability and growth of the company. Accordingly, its compensation program, which is managed by the Compensation Committee of the Board of Directors, is intended to retain and appropriately reward experienced and well-trained executive officers, align the long-term interests of the executive officers with those of the stockholders and tie total compensation opportunities to the achievement of the company's institutional goals and the achievement of goals for each of its subsidiaries.

The Compensation Committee evaluates the performance of management, reviews the compensation levels of members of management, and evaluates and reviews all aspects of compensation for the company's executive officers. In evaluating the performance and compensation of all of the executive officers, the Compensation Committee reviews available peer group information for comparable financial institutions or bank holding companies in Puerto Rico and the United States, and assesses the performance in accordance with the overall attainment of the company's goals for such fiscal year, which are set forth in the company's three-year business plan that is updated and approved by the Board of Directors every fiscal year.

The Compensation Committee's responsibilities are more fully described in its charter, a copy of which is available on the company's website at www.orientalonline.com.

Bonus

The compensation program for the company's executive officers provides for a performance bonus, which purpose is to maximize the efficiency and effectiveness of its operations. The bonuses that are paid to the executive officers are linked to the performance of the company as an institution as well as to the performance of each of its subsidiaries. In addition, in the event the institutional and individual goals are achieved, the bonus amounts that are generally paid to the executive officers are determined so that the total salary and bonus compensation paid to them is competitive with the amounts paid by comparable financial institutions or bank holding companies in Puerto Rico and the United States.

Long-Term Compensation

The compensation program for the executive officers also contemplates long-term incentive compensation in the form of stock options granted under the company's incentive stock option plans. The incentive stock option plans provide for ownership of the shares of common

Table of Contents

stock which, in turn, creates a direct relationship between the performance of the company, as reflected by the market value of its shares of common stock, and executive compensation, and further creates a direct link between the interests of the executive officers and the interests of the stockholders.

The awards are made by the administrators of the company's stock option plans, which are the members of the Compensation Committee. The plan administrators are given absolute discretion to select which of the eligible persons will be granted stock options and the amount of stock options to be granted to such persons. In general terms, the plan administrators, in determining such amounts, consider total compensation information obtained from various comparable financial institutions or bank holding companies in Puerto Rico and the United States that they track, as well as the general trend in total compensation in the financial services industry.

Certain contractual provisions required the company to adjust stock options granted to certain executive officers pursuant to their employment agreements to avoid any form of dilution, including dilution resulting from stock dividends, cash dividends and additional offerings of common stock of the company. Although all stock options granted to such executives had been adjusted pursuant to the anti-dilution provisions of the company's incentive stock option plans to account for stock dividends, the stock options granted to such executives pursuant to their employment agreements had not been adjusted as contractually mandated for additional events of dilution, such as the company's issuance of common stock in 1994 and 2004, the quarterly cash dividends declared on its common stock, and the granting of stock options from time to time to other participants thereunder.

After an evaluation on the merits, the Compensation Committee determined during the fourth quarter of fiscal 2005 that such executives were entitled to compensation for the implied value of their exercised options by crediting them the amount of such implied value upon future exercises of stock options granted under the company's incentive stock option plans and by issuing to each executive the number of additional stock options required to account for the events of dilution with respect to unexercised options and expired options granted to them under their employment agreements.

As a result thereof, the company increased the number of options used in the calculation of fully diluted shares by 363,325 for the first three quarters of fiscal 2005 and for fiscals 2004 and 2003, which represents the company's calculation of the additional options affecting these periods. The additional options reduced diluted per share results by approximately one cent per share for fiscal 2005 and four cents per share for fiscals 2004 and 2003.

On June 30, 2005, the Compensation Committee approved the acceleration of the vesting of all outstanding options to purchase shares of the company's common stock that were held by employees, officers and directors as of that date. As a result thereof, options to purchase approximately 1,219,333 shares became exercisable. The purpose of the acceleration was to enable the company to avoid recognizing in its income statement compensation expense associated with these options in future periods upon adoption of Statement 123(R) published on December 16, 2004 by the Financial Accounting Standards Board, which requires that the compensation cost relating to share-based payment transactions be recognized in financial statements.

Compensation of Certain Persons

José Rafael Fernández, who serves as our President and CEO, also negotiated the terms of his employment agreement at arm's length with the Compensation Committee. The terms of his agreement, including his salary and certain other compensation arrangements, are also described herein under the heading "Executive Compensation Non-Executive Chairman and Employment Agreements."

INDEBTEDNESS OF MANAGEMENT

Certain transactions involving loans and deposits were transacted during fiscal 2005 between Oriental Bank and Trust, some of its directors and executive officers, including those of its affiliates, and persons related to or affiliated with such persons. All such transactions were made in the ordinary course of business on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for comparable transactions with other persons, and did not involve more than the normal risk of uncollectability or other unfavorable features. At present, none of the loans to such directors and executive officers, including persons related to or affiliated with such persons, is non-performing.

The Board of Directors recognizes that the market price of our shares of common stock is influenced by many factors, only one of which is our financial performance. The stock price performance graph shown above is not necessarily indicative of future price performance.

INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors has not yet selected an accounting firm to audit our financial statements for the current fiscal year. It is considering several accounting firms. Deloitte & Touche LLP has served as our independent public accountants since fiscal 2002. Services provided to us and our subsidiaries by Deloitte & Touche in fiscal 2005 included the examination of our consolidated financial statements, limited revisions of our quarterly reports, audits of our subsidiaries, audits of our employee benefits plan, services related to our filings with the SEC and other regulatory agencies, and consultations on various tax and accounting matters.

The Audit Committee reviewed and approved all non-audit services rendered by Deloitte & Touche to the company and its subsidiaries, and concluded that the provision of such services was compatible with the maintenance of Deloitte & Touche's independence in the conduct of its auditing functions. The Audit Committee has adopted a pre-approval policy regarding the procurement of audit and non-audit services, which is available on our website at www.orientalonline.com. The Audit Committee intends to review such policy periodically.

The aggregate fees billed by Deloitte & Touche in fiscals 2005 and 2004 for the various services provided to us were as follows:

Type of Fees	2005	2004
Audit Fees	\$ 803,850	\$ 346,480
Audit-Related Fees	118,650	87,950
Tax Fees	16,140	91,095
All Other Fees	0	0
	\$ 938,640	\$ 525,525

As defined by the SEC, (i) audit fees are fees for professional services rendered by the company's principal accountant for the audit of the company's annual financial statements, including the audit of the company's internal control over financial reporting as required by Section 404 of the Sarbanes-Oxley Act of 2002, and review of financial statements included in the company's Form 10-Q, or for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years; (ii) audit-related fees are fees for assurance and related services by the company's principal accountant that are reasonably related to the performance of the audit or review of the company's financial statements and consisted of employee benefit plan audits and accounting consultations; (iii) tax fees are fees for professional services rendered by the company's principal accountant for tax compliance, tax advice, and tax planning; and (iv) all other fees are fees for products and services provided by the company's principal accountant, other than the services reported under audit fees, audit-related fees, and tax fees.

We expect that Deloitte & Touche will have representatives present at the annual meeting who will have an opportunity to make a brief statement if they desire to do so, and who will be available to respond to appropriate questions.

In their discretion, the proxies are authorized to vote this proxy with respect to (i) the approval of the minutes of the last meeting of stockholders; (ii) the election of any person as director if any nominee is unable to serve or, for good cause, will not serve; (iii) matters incident to the conduct of the annual meeting; and (iv) such other matters as may properly come before the annual meeting. Except with respect to procedural matters incident to the conduct of the annual meeting, management at present knows of no other business to be brought before the meeting other than those matters described in the accompanying proxy statement.

Shares of common stock of the Company will be voted as specified in this proxy. In the absence of any express indication that the shares to be voted should be cumulated in a particular fashion, the votes represented by executed proxies will be distributed equally among the six nominees or in such other fashion as will most likely ensure the election of the nominees. If no specification is made above, shares will be voted **FOR** the election of directors. This proxy cannot be voted for any person who is not a nominee of the Company's Board of Directors.

The undersigned hereby acknowledges receipt of the accompanying proxy statement for the annual meeting prior to signing this proxy.
