PROXY STATEMENT

DATED APRIL 19, 2002

ANNUAL MEETING OF STOCKHOLDERS

MAY 23, 2002

This proxy statement is being furnished to stockholders of Abercrombie & Fitch Co. (the "Company") in connection with the solicitation of proxies by the board of directors of the Company for use at the annual meeting of stockholders to be held on Thursday, May 23, 2002, or any adjournment. The annual meeting

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

will be held at 10:00 a.m., local time in Columbus, Ohio, at the Company's executive offices located at 6301 Fitch Path, New Albany, Ohio 43054. This proxy statement and the accompanying form of proxy were first sent or given to stockholders on or about April 19, 2002.

A form of proxy for use at the annual meeting accompanies this proxy statement and is solicited by the board of directors of the Company. You may ensure your representation by completing, signing, dating and promptly returning the enclosed form of proxy. A return envelope, which requires no postage if mailed in the United States, has been provided for your use. Alternatively, stockholders holding shares registered directly with the Company's transfer agent, National City Bank, may appoint proxies to vote electronically via the Internet or by using the toll-free telephone number stated on the form of proxy. The deadline for transmitting voting instructions electronically via the Internet or telephonically is 11:59 p.m., local time in Columbus, Ohio, on May 22, 2002. The Internet and telephone voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been properly recorded. Stockholders voting through the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that will be borne by such stockholders.

Stockholders holding shares in "street name" with a broker, bank or other holder of record should review the information provided to them by the holder of record. This information will set forth the procedures to be followed in instructing the holder of record how to vote the "street name" shares and how to revoke previously given instructions.

You may revoke your proxy at any time before it is actually voted at the annual meeting by giving notice of revocation to the Company in writing, by accessing the Internet site, by using the toll-free number stated on the form of proxy or in open meeting (but only if you are the registered stockholder). You may also change your vote by executing and returning to the Company a later-dated proxy, by a later-dated vote through the Internet site, by using the toll-free telephone number stated on the form of proxy, or by voting at the open meeting. Attendance at the annual meeting will not, in itself, constitute revocation of your proxy.

All properly executed proxies received by the board of directors, and properly authenticated electronic votes recorded through the Internet or by telephone, will be voted as directed by the stockholders. All properly executed proxies and properly authenticated electronic votes received by the board of directors which do not specify how shares should be voted will be voted "FOR" the election as directors of the nominees listed below under "ELECTION OF DIRECTORS" and "FOR" re-approval of the material terms of the performance goals under the Abercrombie & Fitch Co. Incentive Compensation Performance Plan.

The expense of preparing, assembling, printing and mailing the proxy materials used in the solicitation of proxies by the board of directors will be paid by the Company. In addition to the use of the mails, solicitation may be made by associates of the Company by telephone, mailgram, facsimile, telegraph, cable and personal contact. The Company has retained Georgeson Shareholder Communications Inc., New York, New York, to aid in the solicitation of proxies with respect to shares held by brokerage houses, custodians, fiduciaries and other nominees for a fee of approximately \$5,500, plus expenses. The Company will reimburse its transfer agent, banks, brokers, and other custodians, nominees and fiduciaries for their reasonable costs in sending proxy materials to stockholders.

Our annual report to stockholders for the fiscal year ended February 2,

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

2002 (the "2001 fiscal year") is being delivered with this proxy statement.

VOTING AT ANNUAL MEETING

The shares entitled to vote at the annual meeting consist of shares of the Class A Common Stock, par value \$.01 per share (the "Common Stock"), of the Company, with each share entitling the holder of record to one vote. There are no cumulative voting rights in the election of directors. At the close of business on March 28, 2002, the record date for the annual meeting, there were outstanding 99,035,648 shares of Common Stock. A quorum for the annual meeting is one-third of the outstanding shares of Common Stock.

The results of stockholder voting will be tabulated by the inspectors of election appointed for the annual meeting. Shares of Common Stock represented by properly executed proxies returned to the Company prior to the Annual Meeting or represented by properly authenticated electronic votes recorded through the Internet or by telephone will be counted toward the establishment of a quorum for the annual meeting even though they are marked "ABSTAIN" or "AGAINST" or to withhold authority on one or more or all matters or are not marked at all. Broker non-votes count toward the establishment of a quorum for the annual meeting.

2

PRINCIPAL HOLDERS OF SHARES

The following table furnishes information regarding the beneficial ownership of shares of Common Stock by each person known to the Company to beneficially own more than 5% of the outstanding shares of Common Stock as of March 28, 2002 (unless otherwise indicated):

NAME AND ADDRESS OF BENEFICIAL OWNER -----	AMOUNT AND NATURE OF BENEFICIAL OWNERSHIP -----	PERCENT OF CLASS(1) -----
FMR Corp. 82 Devonshire Street Boston, MA 02109(2)	8,754,427(2)	8.8%
J. P. Morgan Chase & Co. 270 Park Avenue New York, NY 10017(3)	7,538,478(3)	7.6%
Mellon Financial Corporation One Mellon Center Pittsburgh, PA 15258(4)	6,351,385(4)	6.4%

(1) The percent of class is based on 99,035,648 shares of Common Stock outstanding on March 28, 2002.

(2) Based on information contained in filings with the Securities and Exchange Commission (the latest of which is dated February 14, 2002), as of December 31, 2001, Fidelity Management & Research Company ("Fidelity"), a wholly-owned subsidiary of FMR Corp. and registered investment adviser, was

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

the beneficial owner of 8,587,230 shares of Common Stock of the Company as a result of acting as investment adviser to various registered investment companies (the "Fidelity Funds"). Each of Edward C. Johnson 3d, FMR Corp., through its control of Fidelity, and the Fidelity Funds has sole power to dispose of the 8,587,230 shares of Common Stock owned by the Funds. Neither FMR Corp. nor Edward C. Johnson 3d has the sole power to vote or direct the voting of the shares owned directly by the Fidelity Funds, which power resides with the Funds' Boards of Trustees. Fidelity carries out the voting of the shares under written guidelines established by the Funds' Boards of Trustees. Fidelity has the same address as FMR Corp.

Fidelity Management Trust Company, a wholly-owned bank subsidiary of FMR Corp., was the beneficial owner of 111,870 shares of Common Stock of the Company as a result of its serving as investment manager of institutional account(s). Each of Edward C. Johnson 3d and FMR Corp., through its control of Fidelity Management Trust Company, has sole dispositive power over and sole power to vote or to direct the voting of 111,870 shares of Common Stock owned by the institutional account(s) as reported above. Fidelity Management Trust Company has the same address as FMR Corp.

Strategic Advisers, Inc., a wholly-owned subsidiary of FMR Corp. and registered investment adviser which has the same address as FMR Corp., provides investment advisory services to individuals. Strategic Advisers, Inc. does not have sole power to vote or direct the voting of certain securities held for clients and has sole dispositive power over such securities. As such, FMR Corp.'s beneficial ownership includes 27 shares of Common Stock of the Company beneficially owned through Strategic Advisers, Inc.

Members of the Edward C. Johnson 3d family are the predominant owners of Class B shares of common stock of FMR Corp., representing approximately 49% of the voting power. Mr. Johnson 3d owns 12.0% and Abigail Johnson owns 24.5% of the aggregate outstanding voting stock of FMR Corp. Mr. Johnson 3d is Chairman of FMR Corp. and Abigail P. Johnson is a director of FMR Corp. The

3

Johnson family group and all other Class B shareholders have entered into a shareholders' voting agreement under which all Class B shares will be voted in accordance with the majority vote of Class B shares. Accordingly, through their ownership of voting common stock and the execution of the shareholders' voting agreement, members of the Johnson family may be deemed, under the Investment Company Act of 1940, to form a controlling group with respect to FMR Corp.

Fidelity International Limited ("FIL"), Pembroke Hall, 42 Crowlane, Hamilton, Bermuda, and various foreign-based subsidiaries provide investment advisory and management services to a number of non-U.S. investment companies (the "International Funds") and certain institutional investors. FIL was the beneficial owner of 55,300 shares of Common Stock of the Company. FIL has sole voting power and sole dispositive power as to these shares.

A partnership controlled by Edward C. Johnson 3d and members of his family owns shares of FIL voting stock with the right to cast approximately 39.89% of the total votes which may be cast by all holders of FIL voting stock. Mr. Johnson 3d is Chairman of FMR Corp. and FIL. FMR Corp. and FIL are of the view that they are not acting as a "group" for purposes of Section 13(d) under the Securities Exchange Act of 1934 and that they are not otherwise required to attribute to each other the beneficial ownership of securities

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

beneficially owned by the other corporation within the meaning of Rule 13d-3 promulgated under the Exchange Act. Therefore, they are of the view that the shares held by the other corporation need not be aggregated for purposes of Section 13(d). However, FMR Corp. has voluntarily made its filings as if all of the shares are beneficially owned by FMR Corp. and FIL on a joint basis.

- (3) Based on information contained in filings with the SEC (the latest of which is dated February 11, 2002), as of December 31, 2001, J. P. Morgan Chase & Co., the parent holding company for JP Morgan Chase Bank, JP Morgan Trust Co., N.A., J. P. Morgan Investment Management, Inc. and Robert Fleming Holdings Ltd., had sole power to vote or direct the vote as to 5,954,498 shares of Common Stock, shared power to vote or direct the vote as to 350 shares, sole power to dispose or direct the disposition as to 7,240,176 shares and shared power to dispose or direct the disposition as to 298,302 shares.

Shareholders are therefore cautioned against drawing any conclusions

from the appreciation data shown, aside from the fact that option holders will only realize value from the option grants shown if the price of the Company's Common Stock appreciates.

The following table summarizes information concerning options exercised during the Company's 2001 fiscal year by each of the named executive officers and the number and value of shares of Common Stock subject to unexercised options held as of the end of the 2001 fiscal year by those individuals.

COMPENSATION OF DIRECTORS

During the 2001 fiscal year, directors who are not associates of the Company ("non-associate directors") received an annual retainer of \$25,000 (increased by \$3,000 for each committee chair held), plus a fee of \$1,000 for each board meeting attended (\$400 for a telephonic meeting) and, as committee members, received \$600 for each committee meeting attended (\$200 for a telephonic meeting). Each action in writing taken by the board or any committee entitled and will entitle each non-associate director to be paid \$200. Each non-associate director receives 50% of the annual retainer in the form of shares of Common Stock. Associates and officers who are directors receive no additional compensation for services rendered as directors.

Under the Company's 1996 Stock Plan for Non-Associate Directors (1998 Restatement), each non-associate director first elected prior to July 16, 1998 was granted, on July 16, 1998, an option to purchase 10,000 shares of Common Stock. Each non-associate director first elected on or after July 16, 1998 and

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

prior to October 26, 2000, was granted, on the date first elected, an option to purchase 10,000 shares of Common Stock. Any non-associate director first elected on or after October 26, 2000 will be granted, on the date first elected, an option to purchase 20,000 shares of Common Stock. On the first business day of each fiscal year, beginning after July 16, 1998 and prior to October 26, 2000, each non-associate director then serving was granted an option to purchase 2,000 shares of Common Stock. On the first business day of each fiscal year beginning after October 26, 2000, each non-associate director then serving was and will be granted an option to purchase 4,000 shares of Common Stock. On November 15, 2001, each non-associate director who had served as such for at least three years was granted an option to purchase 20,000 shares of Common Stock. After November 15, 2001, each non-associate director then serving will be granted an option to purchase 20,000 shares of Common Stock on (a) the first business day immediately following the third anniversary of his or her first election or appointment to the board of directors and (b) the first

13

business day immediately following each subsequent anniversary of his or her first election or appointment which is a multiple of three.

The exercise price of each option has been and will be equal to the fair market value of the shares of Common Stock on the grant date. Each option granted prior to November 1, 2001 vested and will vest as to 25% of the shares of Common Stock subject thereto on the first through fourth anniversaries of the grant date, subject to continued service as a director. Each option granted on or after November 1, 2001 vested and will vest as to 25% of the shares of Common Stock subject thereto on the grant date and the first through third anniversaries thereof, subject to continued service as a director. The options become fully exercisable in the event of defined changes of control of the Company or upon the death or total disability of a director. The options remain exercisable until the earlier to occur of (a) the tenth anniversary of the grant date, (b) the first anniversary of the date the non-associate director ceases to be a member of the board of directors other than by reason of total disability; or (c) nine months after the non-associate director has been determined to be totally disabled.

Effective October 1, 1998, the Company established the Abercrombie & Fitch Co. Directors' Deferred Compensation Plan (the "Directors' Plan"). Voluntary participation in the Directors' Plan enables a non-associate director of the Company to defer all or a part of his or her director's fees, including federal income tax thereon. The deferred fees will be credited to a stock account where they will be converted into shares of Common Stock. Distribution of the deferred funds is made in a single lump sum transfer of the whole shares (plus cash representing the value of fractional shares) commencing within 30 days of the earlier of (a) the date specified by a director at the time a deferral election is made or (b) the date the director ceases to serve on the board.

EMPLOYMENT AGREEMENTS AND OTHER TRANSACTIONS WITH CERTAIN EXECUTIVE OFFICERS

In 1997, the Company entered into individual employment agreements with Mr. Jeffries and Mr. Johnson. Pursuant to these agreements, Mr. Jeffries serves as the Company's Chairman and Chief Executive Officer and Mr. Johnson serves as the Company's Executive Vice President -- Chief Operating Officer. Under Mr. Jeffries' agreement, the Company is obligated to cause Mr. Jeffries to be nominated as a director. The initial term of each agreement is six years, with automatic one-year extensions thereafter unless either party gives written notice to the contrary. Mr. Jeffries' agreement provides for a base salary of \$600,000 per year or such larger amount as the Company's Board of Directors may from time to time determine (his base salary for the 2001 fiscal year was \$1,000,000). Mr. Johnson's agreement provides for a base salary of \$265,000 per

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

year or such larger amount as the Company's Board of Directors may from time to time determine (his base salary for the 2001 fiscal year was \$600,000). Mr. Jeffries' agreement also provides for life insurance coverage in the amount of \$10 million. Each agreement also provides for incentive compensation performance plan participation as determined by the board. Mr. Jeffries' cash bonus opportunity is to be at least 100% of his base salary upon attainment of target (his cash bonus opportunity was 120% of his base salary for the 2001 fiscal year). Under each agreement, upon the failure of the Company to extend the initial term of the agreement or the termination of the executive's employment either by the Company other than for "cause" (as defined in each agreement) or by the executive for "good reason" (as defined in each agreement), the executive will continue to receive his then current base salary and medical and dental benefits for one year after the termination date. In addition, the Company would continue to pay the premiums on Mr. Jeffries' life insurance policy until May 13, 2005. If the executive's employment is terminated by the Company for cause, by the executive other than for good reason, or by reason of the executive's death, or if the executive gives written notice not to extend the term

14

of the agreement, the Company will pay the executive any base salary and other compensation earned but not yet paid under his employment agreement. In addition, if Mr. Jeffries gives written notice not to extend the term of the agreement, the Company would continue to pay the premiums on his life insurance policy until May 13, 2005. Under the agreements, Mr. Jeffries and Mr. Johnson agree not to compete with the Company or solicit its employees or customers during the employment term and for one year thereafter. Each agreement provides for disability benefits in addition to the benefits available under the Company's disability plans. In the event any "parachute" excise tax is imposed on Mr. Jeffries or Mr. Johnson, he will be entitled to tax reimbursement payments.

On January 1, 2002, the Company loaned the amount of \$4,953,833 to Mr. Jeffries pursuant to the terms of a replacement promissory note which matures on December 31, 2002. If the Company records net sales of at least \$1,156,100,000 during the period from February 3, 2002 through November 30, 2002, the outstanding principal under the note will not bear interest. If the Company does not record net sales exceeding that threshold, the outstanding principal under the note will bear interest from January 1, 2002 at the rate of 4.5% per annum. This note constitutes a replacement of, and substitute for, the replacement promissory note dated as of May 18, 2001 in the amount of \$4,817,146 and bearing interest at the rate of 4.5% per annum, which has been cancelled. The replacement promissory note dated May 18, 2001 constituted a replacement of, and substitute for, the replacement promissory note dated as of August 28, 2000 in the amount of \$4.5 million and bearing interest at the rate of 6.5% per annum. The August 28, 2000 replacement promissory note constituted a replacement of, and substitute for, promissory notes dated March 1, 2000 and May 19, 2000 in the amounts of \$1.5 million and \$3.0 million, respectively, which were cancelled. The May 19, 2000 note had constituted a replacement of, and substitute for, a promissory note dated November 17, 1999 in the amount of \$1.5 million which had been cancelled. As of February 2, 2002, the aggregate amount of principal and interest outstanding under the January 1, 2002 replacement promissory note was \$4,953,833. The purpose of the loan (and those which it replaced) was to enable Mr. Jeffries to maintain his ownership position in the Company's shares of Common Stock.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Company's board of directors reviews and approves the Company's executive compensation philosophy and policies and the application of those policies to the compensation of executive officers. The

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

Company and the Compensation Committee have also retained independent compensation consultants to assist in developing, and periodically assessing the reasonableness of, the Company's executive officer compensation program.

COMPENSATION PHILOSOPHY

The Company seeks to apply a consistent philosophy to compensation for all leadership associates, including senior executives. The primary goal of the compensation program is to link total executive compensation to performance that enhances stockholder value. Accordingly, total compensation for leadership individuals is structured to provide a lower proportion as fixed compensation and a much higher variable proportion keyed to business and stock performance.

15

The Company's philosophy is built on the following basic principles:

To Pay for Outstanding Performance

The Company believes in paying for results. Individuals in leadership roles are compensated based on a combination of total company, and individual performance factors. Total company performance is evaluated primarily based on the degree to which financial targets are met. Individual performance is evaluated based on several factors, including continuing to build the Company's brands, attainment of specific merchandise and financial objectives, building and developing a strong leadership team, developing an infrastructure to support future business growth, and controlling expenses. In addition, a significant portion of total compensation is in the form of equity-based award opportunities to directly tie any increased compensation to increased stockholder value.

To Pay Competitively

The Company is committed to providing a total compensation program designed to attract the best senior leaders to the business and retain the best, consistently highest performers. To achieve this goal, the Company sets guidelines based on what it believes to be competitive with the compensation paid by other companies that compete with the Company for executive officers and other key employees having the experience and abilities that are necessary to manage the Company's business.

PRINCIPAL COMPENSATION ELEMENTS

The principal elements of executive compensation at the Company are base salary, short-term performance-based cash incentive compensation and equity-based incentive plans. Decisions for each compensation element of the Company's executive officers generally are made by the Compensation Committee although compensation levels for executive officers other than the Chief Executive Officer are recommended to the Compensation Committee by the Chief Executive Officer, who has substantially greater knowledge of the contributions made by the other executive officers. Subject to the needs of the Company, its policy is to attempt to design all cash incentive and equity-based compensation plans to meet the requirements for deductibility under the Internal Revenue Code of 1986, as amended (the "Code").

Base Salary

The Compensation Committee annually reviews and approves the base salary of each executive officer and the Chief Executive Officer. In determining salary adjustments, the Compensation Committee considers the size and responsibility of the individual's position, the Company's overall performance, the individual's overall performance and future potential, and the base salaries paid by

competitors to employees in comparable positions. This comparative data may not include the compensation paid by all of the companies that are included in the Standard & Poor's Apparel Retail Composite Index which is used for comparative purposes in the STOCKHOLDER RETURN GRAPH. Individual performance is measured against the following factors: seasonal and annual business goals; business growth and profitability; and the recruitment and development of future leadership talent. These factors are considered subjectively in the aggregate, and none of these factors is accorded a formula weight.

16

Performance-Based Cash Incentive Compensation

The Company has employed a short-term performance-based cash incentive compensation plan for specified key leadership positions that provides for incentive payments for each six-month operating season, based on the extent to which pre-established objective goals are attained.

The goals under this plan have been based on net income. However, goals also may be based on other objectives and/or criteria, depending on the Company's business strategy. These goals are set at the beginning of each six-month operating season, and are based on an analysis of historical performance and growth expectations for the Company and progress toward achieving the Company's strategic plan.

Target cash incentive compensation opportunities are established annually for eligible executives stated as a specified percentage of base salary. The amount of performance-based incentive compensation earned by participating executives can range from zero to double their incentive target, based upon the extent to which the pre-established financial goals are met or exceeded.

Equity-Based Incentive Programs

The Compensation Committee believes that continued emphasis on equity-based compensation opportunities encourages performance that enhances stockholder value, thereby further linking leadership and stockholder objectives. In 2001, the Compensation Committee awarded equity-based incentive compensation under two programs: an option program and a restricted share program under which restricted shares of Common Stock are granted and earned based on seasonal and annual financial performance. The Compensation Committee believes that restricted share awards, which are earned based on financial performance and the ultimate vesting of which is subject to continued employment, assist the Company in retaining key high performing executives.

Award opportunities for each eligible participant are based on guidelines which include the individual's responsibility level, competitive practices and the market price of the Company's Common Stock. In determining the award for an executive officer, the Compensation Committee evaluated competitive practices and the executive officer's performance and criticality to the business.

Options

During the 2001 fiscal year, options were granted to the named executive officers in the amounts shown in the OPTION GRANTS IN 2001 FISCAL YEAR table. The option program utilizes vesting periods to encourage retention of key executive officers. The options granted to the individuals named in the table vest over varying periods ranging from four to five years beginning on the grant date, subject to continued employment with the Company. The exercise price for each option granted is equal to the fair market value of the underlying Common Stock on the grant date.

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

Performance-Based Restricted Shares

During the 2001 fiscal year, the Compensation Committee continued a program under which executives, including the executive officers named in the Summary Compensation Table, are eligible to receive restricted shares of Common Stock based on the achievement of pre-established financial goals. Executive officers can earn from zero to double their targeted number of restricted shares of Common Stock based upon the extent to which financial goals are met or exceeded. If earned, these restricted shares of Common Stock vest over four years, subject to continued employment.

17

CEO COMPENSATION

Mr. Jeffries and the Company entered into an employment agreement in 1997 with an initial term of six years, under which Mr. Jeffries receives a minimum base salary of \$600,000 per year plus certain other benefits. The employment agreement also entitles Mr. Jeffries to participate in the performance-based cash incentive compensation plan at a level of at least 100% of base salary upon attainment of the goals.

The Compensation Committee can increase Mr. Jeffries' base salary and performance-based cash incentive target above the levels established by the employment agreement to reflect the Company's performance.

In 2001, as in prior years, in reviewing Mr. Jeffries' compensation package, the Compensation Committee considered competitive practices, the extent to which the Company achieved net income and earnings growth objectives and the continued brand growth strategy and execution. These factors were considered subjectively in the aggregate and none of these factors was accorded specific weight.

As a result, Mr. Jeffries' base salary for the 2001 fiscal year was increased 5.3% from \$950,000 to \$1,000,000, and his performance-based cash incentive target increased from 100% to 120%. Mr. Jeffries received an option grant covering 489 shares of Common Stock that vests ratably over four years beginning on the first anniversary of the grant date, subject to his continued employment with the Company. Mr. Jeffries was also granted 21,360 restricted shares of Common Stock based on the Company's financial performance for the 2001 fiscal year. These restricted shares of the Common Stock will vest over four years, subject to Mr. Jeffries' continued employment with the Company.

The Compensation Committee believes that under Mr. Jeffries' leadership, the Company's performance over the past nine years has been exceptional. Specifically, in 2001, despite a difficult sales environment, the Company posted a net sales increase of 10%, a net income increase of 7%, and an earnings per share increase of 6% over the prior year.

PROPOSAL TO RE-APPROVE THE MATERIAL TERMS
 OF THE PERFORMANCE GOALS UNDER
 THE ABERCROMBIE AND FITCH CO.
 INCENTIVE COMPENSATION PERFORMANCE PLAN

INTRODUCTION

At the annual meeting, the Company's stockholders will be requested to consider and act upon a proposal to re-approve the material terms of the performance goals under the Abercrombie & Fitch Co. Incentive Compensation Performance Plan (the "Incentive Plan").

On March 21, 1997, the board of directors adopted the Incentive Plan, subject to approval by the Company's stockholders who in turn approved the Incentive Plan on May 20, 1997. The purpose of the Incentive Plan is to give the Company a competitive advantage in attracting, retaining and motivating key executives and to provide the Company with the ability to provide incentive compensation that is linked to financial measures, which incentive compensation is not subject to the deduction limitation rules described below.

DESCRIPTION

The following summary of certain important features of the Incentive Plan and the performance goals thereunder that stockholders are being asked to re-approve, does not purport to be complete and is qualified in its entirety by the terms of the Incentive Plan, a copy of which is attached hereto as Annex B.

The Incentive Plan is administered by the Compensation Committee. The Compensation Committee selects those key executives of the Company with

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

significant operating and financial responsibility who are likely to be "covered employees" (within the meaning of Section 162(m) of the Code) in respect of the relevant fiscal year, to be eligible to earn seasonal or annual cash incentive compensation payments under the Incentive Plan. During the 2001 fiscal year, 97 individuals participated in the Incentive Plan and 107 individuals have been selected to participate for the 2002 fiscal year. The Company expects a comparable number will be selected for participation in the Incentive Plan in future years.

Under the Incentive Plan, performance goals are established by the Compensation Committee in respect of each Spring and/or Fall selling season or fiscal year. The performance goals selected by the Compensation Committee are based on any one or more of the following: price of the Company's Common Stock, stockholder return, return on equity, return on investment, return on capital, sales productivity, comparable store sales growth, economic profit, economic value added, net income, operating income, gross margin, sales, free cash flow, earnings per share or market share. These factors will have a minimum performance standard below which, and a maximum performance standard above which, no payments will be made. Any performance goals established may be based on an analysis of historical performance and growth expectations for the Company, financial results of other comparable businesses and progress toward achieving the Company's long-range strategic plan. These performance goals and determination of results are based entirely on financial measures. After performance goals are established, discretion may not be used to modify award results except as permitted under Section 162(m) of the Code.

Annual incentive compensation targets established for eligible executives range from 10% to 150% of base salary. Executives earn their target incentive compensation if the pre-established performance goals are achieved. The target incentive compensation percentage for each executive is based on the level and functional responsibility of his or her position, size of the business for which the executive is responsible

20

and competitive practices. The amount of incentive compensation paid to executives can range from zero to double their targets, based upon the extent to which performance goals are achieved or exceeded. Except as otherwise permitted by Section 162(m) of the Code, the minimum level at which an executive will earn any incentive payment, and the level at which an executive will earn the maximum incentive payment of double the target, will generally be established by the Compensation Committee prior to the commencement of each bonus period. Actual payouts will be based on either a straight-line or pre-established graded interpolation based on these minimum and maximum levels and actual performance.

The maximum dollar amount which may be paid in any year under the Incentive Plan to any participant is \$3,000,000.

The board of directors of the Company may amend the Incentive Plan at any time.

REASON FOR STOCKHOLDER APPROVAL

The Incentive Plan has been designed to take into account certain limits on the ability of a public corporation to claim tax deductions for compensation paid to certain highly compensated executive officers. Code Section 162(m) generally denies a corporate tax deduction for annual compensation exceeding \$1 million paid to the chief executive officer and the four other most highly compensated officers of a public corporation. However, "qualified performance-based compensation" is exempt from this limitation. Qualified performance-based compensation is compensation paid based solely upon the achievement of objective performance goals, the material terms of which are

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

approved by the stockholders of the paying corporation. The rules pertaining to Section 162(m) require stockholder re-approval of the material terms of the performance goals at least once every five years. Inasmuch as the Company's stockholders approved the Incentive Plan in May 1997, the stockholders of the Company are thus now being asked to re-approve the material terms of the performance goals under the Incentive Plan, as described above. The Board of Directors believes that in the absence of an incentive cash compensation plan such as the Incentive Plan, the Company would have difficulty attracting and retaining senior level executives having the experience and abilities necessary to manage the Company's businesses.

BENEFITS UNDER THE INCENTIVE PLAN

The following table sets forth the aggregate cash incentive compensation payments made under the Incentive Plan for the 2001 fiscal year to the named executive officers and certain other groups. Each of the

21

named executive officers has been granted incentive compensation opportunities for the 2002 fiscal year under the Incentive Plan.

Re-approval of the performance goals under the Incentive Plan requires the affirmative vote of a majority of the total voting power represented by the outstanding shares of the Common Stock present or represented at the annual meeting and entitled to vote. Broker non-votes will not be counted as shares entitled to vote and abstentions will have the same effect as votes against the proposal.

THE BOARD OF DIRECTORS BELIEVES THAT RE-APPROVAL OF THE PERFORMANCE GOALS UNDER THE INCENTIVE PLAN IS IN THE BEST INTERESTS OF ALL STOCKHOLDERS AND, ACCORDINGLY, RECOMMENDS A VOTE FOR THIS PROPOSAL.

AUDIT COMMITTEE MATTERS

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

In compliance with the requirements of the New York Stock Exchange's corporate governance standards, the board of directors had adopted the Amended and Restated Charter of the Audit Committee of the Board of Directors of Abercrombie & Fitch Co. which sets forth the requirements for the composition of the Audit Committee, the qualifications of its members, the frequency of meetings (including the need for meetings in executive session) and the responsibilities of the Audit Committee. The Amended and Restated Charter of the Audit Committee is set forth in Annex A to this proxy statement.

In addition, in accordance with the SEC's regulations, the Audit Committee has issued the following report:

REPORT OF THE AUDIT COMMITTEE FOR THE FISCAL YEAR ENDED FEBRUARY 2, 2002

Management has the responsibility for the consolidated financial statements and the financial reporting process, including the systems of internal accounting and financial controls. The independent accountants PricewaterhouseCoopers LLP ("PwC") are responsible for performing an audit of the Company's

22

consolidated financial statements in accordance with generally accepted auditing standards and for expressing an opinion on those consolidated financial statements based on their audit. On behalf of the Company's board of directors, the Audit Committee monitors the Company's financial reporting process and systems of internal controls, the independence and the performance of the independent accountants, and the performance of the accountants performing the internal audit function.

Management and PwC have represented to the Audit Committee that the Company's consolidated financial statements as of and for the fiscal year ended February 2, 2002, were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with the Company's management and PwC.

The Audit Committee has discussed with management, PwC, the Company's principal independent accountants, and Deloitte & Touche LLP, the accountants which perform the internal audit function for the Company, the adequacy and effectiveness of the Company's internal accounting and financial controls. In addition, the Audit Committee has discussed and reviewed with PwC all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, and, with and without management present, discussed and reviewed the results of PwC's examination of the consolidated financial statements. The Audit Committee has also discussed the results of any internal audit findings with Deloitte & Touche LLP.

The Audit Committee has received from PwC the written disclosures and a letter describing all relationships between PwC and the Company that might bear on PwC's independence consistent with Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. The Audit Committee has discussed with PwC any relationships or services that may impact the objectivity and independence of PwC. The Audit Committee has also considered whether the provision of the services described below under the caption "FEES OF PRINCIPAL INDEPENDENT ACCOUNTANTS -- All Other Fees" is compatible with maintaining the independence of PwC.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the board of directors (and the board approved) that the Company's audited consolidated financial statements be included in the Company's

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

Annual Report on Form 10-K for the fiscal year ended February 2, 2002 to be filed with the SEC.

SUBMITTED BY THE AUDIT COMMITTEE OF THE COMPANY'S BOARD OF DIRECTORS:

John A. Golden, Chair Russell M. Gertmenian Kathryn D. Sullivan, Ph.D.

FEES OF PRINCIPAL INDEPENDENT ACCOUNTANTS

Audit Fees

The aggregate fees billed for professional services rendered by PwC for the audit of the Company's annual consolidated financial statements for the 2001 fiscal year and the reviews of the consolidated financial statements included in the Company's Quarterly Reports on Form 10-Q for the 2001 fiscal year (collectively, the "Audit Services") were \$186,000.

Financial Information Systems Design and Implementation Fees

PwC rendered no professional services to the Company or its subsidiaries during the 2001 fiscal year in connection with the design and implementation of financial information systems.

23

All Other Fees

The aggregate fees billed for services rendered by PwC, other than Audit Services, for the 2001 fiscal year were \$302,875. These fees were primarily for tax services.

PRINCIPAL INDEPENDENT ACCOUNTANTS

As noted above, PwC served as the Company's principal independent accountants during the 2001 fiscal year and in that capacity rendered a report on the Company's consolidated financial statements as of and for the fiscal year ended February 2, 2002. The Audit Committee annually reviews and recommends to the board of directors the selection of the Company's principal independent accountants. No recommendation or selection has yet been made for the current fiscal year.

Representatives of PwC are expected to be present at the annual meeting. They will be available to respond to appropriate questions and may make a statement if they so desire.

STOCKHOLDER PROPOSALS

Stockholders of the Company seeking to bring business before the 2003 annual meeting of stockholders, or to nominate candidates for election as directors at that annual meeting, must provide timely notice thereof in writing. To be timely, a stockholder's notice must be delivered to or mailed and received at the principal executive offices of the Company no later than December 20, 2002. The Company's Amended and Restated Bylaws specify certain requirements for a stockholder's notice to be in proper written form. In addition, a stockholder who seeks to have any proposal included in the Company's proxy statement related to the 2003 annual meeting must comply with the requirements of Regulation 14A under the Exchange Act, including Rule 14a-8 thereof. Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form DEF 14A

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

The SEC recently implemented new rules regarding the delivery of proxy materials (annual reports, proxy statements, proxy statements combined with a prospectus, or any information statements provided to stockholders) to households. This new method of delivery, often referred to as "householding," would permit the Company to send a single annual report and a single proxy statement to any household at which two or more different stockholders reside if the Company believes such stockholders are members of the same family or otherwise share the same address or in which one stockholder has multiple accounts, in each case if such stockholder(s) have not opted out of the householding process. Each stockholder will continue to receive a separate notice of the meeting and proxy card. The householding procedure reduces the volume of duplicate information you receive and reduces the Company's expenses. The Company plans to institute this procedure for all relevant accounts for the 2003 proxy season. If you agree to householding, you will help reduce printing and mailing costs for the Company. A notice is being sent with this proxy statement to registered stockholders who will be affected by householding.

Many brokerage firms and other holders of record have instituted householding. If your family has one or more "street name" accounts under which you beneficially own shares of Common Stock of the Company, you may have received householding notification from your broker, bank or other nominee last

24

year or earlier this year. Please contact the holder of record directly if you have questions, require additional copies of the proxy statement or our annual report to stockholders for the 2001 fiscal year, or wish to revoke your decision to household and thereby receive multiple copies. These options are available to you at any time.

OTHER MATTERS

As of the date of this proxy statement, the board of directors knows of no matter that will be presented for action by the stockholders at the annual meeting other than those discussed in this proxy statement. If any other matter requiring a vote of the stockholders properly comes before the annual meeting, the individuals acting under the proxies solicited by the board of directors will vote and act according to their best judgments in light of the conditions then prevailing.

By Order of the Board of Directors,

/s/ Michael S. Jeffries

In carrying out these responsibilities, the Audit Committee will:

- Review and recommend to the Board the independent accountants to be selected to audit the financial statements of the Company and its subsidiaries and divisions. ANNEX B

ABERCROMBIE & FITCH CO. INCENTIVE COMPENSATION PERFORMANCE PLAN

The Abercrombie & Fitch Co. Incentive Compensation Performance Plan (the "Incentive Plan") is intended to satisfy the applicable provisions of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). The Incentive Plan shall be administered by the Compensation Committee (the "Committee") of the Board of Directors of Abercrombie & Fitch Co. (the "Company"). The Committee shall select those key executives of the Company with significant operating and financial responsibility and who are likely to be "covered employees" (within the meaning of Section 162(m) of the Code) for the relevant fiscal year, to be eligible to earn seasonal or annual cash incentive compensation payments to be paid under the Incentive Plan.

In respect of each Spring and/or Fall selling season or fiscal year, the Committee may establish performance goals for the Company. The performance goals selected by the Committee shall be based on any one or more of the following: price of the Company's Class A Common Stock, stockholder return, return on equity, return on investment, return on capital, sales productivity, comparable store sales growth, economic profit, economic value added, net income, operating income, gross margin, sales, free cash flow, earnings per share or market share. These factors shall have a minimum performance standard below which, and a maximum performance standard above which, no payments will be made. These performance goals may be based on an analysis of historical performance and growth expectations for the Company, financial results of other comparable businesses and progress toward achieving the Company's long-range strategic plan. These performance goals and determination of results shall be based entirely on financial measures. The Committee may not use any discretion to modify award results except as permitted under Section 162(m) of the Code.

Annual incentive compensation targets may be established for eligible executives ranging from 10% to 150% of base salary. Executives may earn their target incentive compensation if the pre-established performance goals are achieved. The target incentive compensation percentage for each executive will be based on the level and functional responsibility of his or her position, size of the business for which the executive is responsible and competitive practices. The amount of incentive compensation paid to participating executives may range from zero to double their targets, based upon the extent to which performance goals are achieved or exceeded. Except as otherwise permitted by Section 162(m) of the Code, the minimum level at which a participating executive will earn any incentive payment, and the level at which an executive will bear the maximum incentive payment of double the target, must be established by the Committee prior to the commencement of each bonus period. Actual payouts must be based on either a straight-line or pre-established graded interpolation based on these minimum and maximum levels and the performance goals.

The maximum dollar amount to be paid for any year under the Incentive Plan to any participant may not exceed \$3,000,000.
