Item 5. Other Events

On December 15, 2003 Exelon Corporation (Exelon), parent company of Exelon Thermal Technologies, announced that it has entered into an agreement to sell Exelon Thermal to Macquarie Bank Limited of Australia for \$135 million before considering the tax impacts on the gain on the sale, transaction costs and the debt repayment. The transaction is expected to close during the first quarter of 2004 and will result in an after-tax gain of approximately \$20 million. The sale does not impact operating earnings guidance for 2004 that has been previously disclosed. The estimated net cash proceeds will be approximately \$75 million and will be used for general corporate purposes. The news release is attached to this report as Exhibit 99.
