PROSPECTUS
February 14, 2011

EAGLE FINANCIAL SERVICES, INC.

DIVIDEND INVESTMENT PLAN
250,000 SHARES OF COMMON STOCK

Dear Shareholders:

We are pleased to send you this prospectus describing the Dividend Investment Plan of Eagle Financial Services, Inc. The Plan offers our shareholders the opportunity to purchase shares of our common stock with automatically reinvested dividends, without payment of brokerage commissions, fees or service charges. This prospectus updates and replaces our prospectus dated February 15, 2006 with respect to the Plan.

Shares of common stock purchased through the Plan will be purchased at a discounted price, which will equal 95% of their market value, either from us or in the open market. Dividends will be reinvested when paid by us, and shareholders who choose to participate in the Plan may participate with respect to all or any portion of their shares. We pay all brokerage commissions, fees, service charges and other expenses in connection with the Plan, except brokerage fees incurred upon the sale of fractional shares when a participant withdraws from the Plan.

You may enroll in the Plan at any time by completing an Authorization Card and returning it to American Stock Transfer & Trust Company, the Plan's agent. If you choose not to participate in the Plan, you will continue to receive cash dividends, when and if declared by our Board of Directors. The Plan does not represent a change in our dividend policy or a guaranty of future dividends. The declaration of dividends by our Board of Directors will continue to depend on earnings and other factors.

We are offering shares of our common stock under this prospectus only to residents of Virginia and other states where the shares that we are offering have been registered under applicable securities laws or where an exemption from registration exists. A listing of those states is available from us or the Plan's agent upon request.

Our common stock is quoted on the OTC Bulletin Board under the symbol "EFSI." The closing price of our common stock on February 10, 2011 was \$16.45. Our corporate headquarters are located at 2 East Main Street, Berryville, Virginia 22611, and our telephone number is (540) 955-2510.

Investing in our common stock involves certain risks. Before investing in our common stock, you should carefully read the information set forth in our discussion of "Risk Factors" on page 3 as well as the risk factors described in periodic reports we file with the Securities and Exchange Commission, including our Annual Report on Form 10-K and our Quarterly Reports on Form 10-Q.

Neither the Securities and Exchange Commission nor any state securities commission has approved these securities or determined that this prospectus is accurate or complete. Any representation to the contrary is a criminal offense.

This prospectus describes the Plan as currently in effect, and you are urged to read it carefully before deciding whether to participate.

DESCRIPTION OF THE PLAN

The following, in question and answer form, describes the Plan. If you do not wish to participate in the Plan, you will receive cash dividends, if and when declared by our Board of Directors.

A shareholder that is presently participating in the Plan need take no further action to continue to participate in the Plan.

Purposes and Advantages

1. What is the purpose of the Plan?

The purpose of the Plan is to give eligible shareholders a simple and convenient method of acquiring additional shares of our common stock. By electing to participate in the Plan, participants will invest their future cash dividends in shares of our common stock, without paying brokerage commissions, service charges or other expenses.

In the case of shares purchased directly from us, we will receive additional funds for our general corporate purposes.

2. What are the advantages of the Plan?

Participants in the Plan may:

- increase their equity ownership in us without brokerage commissions or other charges.
- acquire shares of common stock at 95% of their fair market value, as described below, and thus acquire more shares than could be acquired through a purchase on the open market.
- invest the full available amount of all dividends as the Plan provides for fractional interests in the shares held in the Plan.
- avoid safekeeping requirements and record-keeping costs through the free custodial service and reporting provisions of the Plan.

Participation

3. Who is eligible to participate?

Any record or beneficial holder of shares of our common stock is eligible to participate in the Plan with respect to any or all of his or her shares. A holder of record is a person who owns shares of our common stock registered in his or her name on our records. A beneficial holder is a person who owns shares of our common stock in "street name," such as through a broker or other nominee.

4. How does an eligible shareholder become a participant in the Plan?

An eligible shareholder may join the Plan by signing the Authorization Card and returning it to the Plan's agent. An Authorization Card may be obtained at any time by request to the Plan's agent or to us. (See Question #6 on page 5 below for the name and address of the Plan's agent.)

5. When may a shareholder join the Plan?

An eligible shareholder may join the Plan at any time.

If an Authorization Card specifying reinvestment of dividends is received by the Plan's agent at least five business days before the record date established for payment of a particular dividend, reinvestment will start with that dividend payment. If the Authorization Card is received less than five business days before the record date established for payment of a particular dividend, the reinvestment of dividends through the Plan will begin with the next dividend.

Administration

6. Who administers the Plan for participants?

American Stock Transfer & Trust Company, a stock transfer company that we have selected, acts as the Plan's agent and administers the Plan for participants, arranges for the custody of share certificates, keeps records, sends statements of account to participants and performs other duties relating to the Plan.

We may change the Plan's agent at any time.

All correspondence relating to the Plan should include your account number and should be addressed as follows:

American Stock Transfer & Trust Company
59 Maiden Lane
Plaza Level
New York, New York 10038

You can call the Plan's agent at (718) 921-8283 or (800) 278-4353 if you have any questions.

(See Question #21 on page 9 below for additional information regarding the responsibilities of the Plan's agent.). Other inquiries regarding the Plan and Eagle Financial Services, Inc. should be directed to Kathleen J. Chappell, Vice President and Chief Financial Officer, Eagle Financial Services, Inc., 2 East Main Street, P.O. Box 391, Berryville, Virginia 22611.

Costs

7. Are there any expenses to participants in connection with purchases under the Plan?

No. Participants will not incur any brokerage commissions or service charges for the purchases made under the Plan. We will pay all of the Plan's administrative expenses, but we will not pay brokerage commissions and taxes, if any, when fractional shares are sold for a participant's account upon withdrawal from the Plan. (See Question #15 on page 8 below for information on a participant's expenses for the liquidation of fractional interests.)

Purchase of Shares

8. How many shares of our common stock will be purchased for participants?

If you become a participant in the Plan, the number of shares that we will purchase for your account depends on the amount of your dividends and the market price of shares of our common stock. Your account will be credited with that number of shares, including fractional interests computed to three decimal places, equal to the total amount to be invested, divided by a purchase price per share equal to 95% of the fair market value of our common stock as determined by us. (See Question #9 on page 6 below for an explanation of the purchase price.)

9. When and at what price will shares of our common stock be purchased under the Plan?

Purchases with reinvested dividends will be made on the applicable dividend payment date. Participants will become owners of the shares purchased for them under the Plan on the date when the shares are purchased. The holding period for federal income tax purposes, however, will begin on the following day. (See Question #17 on page 8 below for an explanation of certain federal income tax consequences.)

The Plan offers a discount for purchases of shares of our common stock with reinvested dividends. At our option, shares of our common stock will be purchased either from us or in the open market, as follows:

- The purchase price of shares of our common stock purchased directly from us with reinvested dividends will be 95% of the market price on the applicable purchase date.
- The purchase price of shares of our common stock purchased in the open market will be 95% of the market price on the applicable purchase date.

The market price will equal the last sales price of our common stock, as reported through the Over-the-Counter Bulletin Board (or other authoritative sources), on the applicable purchase date.

No purchases may be made directly from us in the event that the purchase price per share is less than the par value of shares of our common stock, which is \$2.50 per share. In that event, any dividends payable will be used to purchase shares of our common stock in the open market.

10. Will certificates be issued for shares of our common stock purchased under the Plan?

Unless requested by a participant, separate certificates for shares of our common stock purchased under the Plan will not be issued to participants. Certificates for shares purchased will be issued to and held by a nominee of and for the benefit of the Plan's participants. The number of shares purchased for your account under the Plan will be shown on your statement of account. This feature protects against loss, theft or destruction of stock certificates.

Certificates for any number of whole shares credited to a participant's account under the Plan will be issued without charge upon the participant's written request. Any remaining full shares and fractional interests will continue to be credited to the participant's account. Certificates representing fractional interests will not be issued under any circumstances. (See Question #14 on page 7 below for instructions on certificate issuance.)

Reports to Participants

11. What kind of reports will be sent to participants in the Plan?

As soon as practicable after each purchase, a participant will receive a report of all transactions since the last report. The report will include a statement of the number of shares allocated to the participant's account, the amount of dividends received that are allocable to the participant, the number of shares of our common stock purchased and the price paid. These statements will provide a record of the cost of the purchases under the Plan and should be retained for tax purposes. In addition, each participant will receive copies of our annual and quarterly reports to shareholders, proxy statements and information for income tax reporting purposes.

Dividends

12. Will participants be credited with dividends on shares held in their accounts under the Plan?

Yes. The Plan's agent will receive dividends for all shares held in the Plan on a dividend record date and will credit those dividends to participants' accounts on the basis of full shares and fractional interests credited to those accounts. The dividends will be automatically reinvested in additional shares of our common stock.

Discontinuation of Dividend Reinvestment

13. How does a participant discontinue the reinvestment of dividends under the Plan?

A participant may discontinue the reinvestment of dividends under the Plan by notifying the Plan's agent in writing to that effect. Any notice of withdrawal received within five business days of a dividend record date will not be effective until dividends paid for that record date have been reinvested and the shares purchased have been credited to the participant's Plan account.

Withdrawal of Shares in Plan Accounts

14. How may a participant withdraw shares purchased under the Plan?

A participant who has purchased shares of our common stock under the Plan may withdraw all or a portion of his or her shares from a Plan account by notifying the Plan's agent in writing to that effect and specifying in the notice the number of shares to be withdrawn. This notice should be mailed to the Plan's agent at the address set forth in Question #6 on page 5 above.

A participant who changes his or her place of residence must promptly notify the Plan's agent of the change of address. (See Question #21 on page 9 below.) If a participant moves to a state where the shares offered pursuant to the Plan are not registered or exempt from registration under applicable securities law, that participant will be deemed to have withdrawn from the Plan as to all shares held by the participant in the Plan.

Certificates for whole shares of our common stock withdrawn from the Plan will be registered in the name of, and issued to, the participant. Certificates representing fractional shares will not be issued. Any notice of withdrawal received within five business days of a dividend record date will not be effective until dividends paid for that record date have been reinvested and the shares credited to the participant's Plan account.

Withdrawal from the Plan will not prevent re-enrollment, although we reserve the right to reject re-enrollment in any case where we deem that there have been excessive withdrawals and re-enrollment.

15. What happens to any fractional interest when a participant withdraws all shares from the Plan?

Any fractional interest withdrawn will be liquidated, and a cash payment will be made promptly from the resulting proceeds, less brokerage commissions and transfer taxes, if any. The Plan's agent will mail net sales proceeds for any fractional interest together with certificates for whole shares directly to the withdrawing participant.

16. What happens to a participant's Plan account if all shares in the participant's own name are transferred or sold?

If you dispose of all shares of our common stock that are registered in your own name but not held in your Plan account, the Plan's agent will continue to reinvest the dividends on the shares held in your Plan account, unless you also withdraw the shares held in your account under the Plan.

Federal Income Tax Consequences

17. What are the federal income tax consequences of participation in the Plan?

The Plan offers a discount for purchases of shares of our common stock with reinvested dividends. For income tax purposes, a participant who reinvests his or her dividends will be deemed to have received dividend income equal to 100% of the "fair market value" of all full and fractional shares of common stock credited to their accounts, even though the price per share used for computing the number of shares credited to the participant's account is 95% of the "fair market value" of such shares. In addition, a shareholder will be taxed on any broker commissions, fees or service charges that we pay for in connection with a purchase of our common stock for the shareholder under the Plan.

To the extent that distributions by us to our shareholders are treated as made from our earnings and profits, the distributions will be dividends taxable as ordinary income. At the present time, we expect to have sufficient earnings and profits so that participating shareholders can expect that the full amount of any distribution under the Plan will be taxable as a dividend. If we do not have enough earnings and profits for the distributions under the Plan to be taxable as dividends to participating shareholders, that portion of the distribution which is not a dividend shall be applied against and reduce a participating shareholder's basis in its stock, and that portion of the distribution which is not a dividend to the extent it exceeds a participating shareholder's basis in its stock, shall be treated as gain from the sale or exchange of property.

In the case of corporate shareholders, the full amount of dividends reinvested will be eligible for the dividends-received deduction available under the Internal Revenue Code.

In the case of foreign shareholders whose taxable income under the Plan is subject to federal income tax withholding and in the case of any other shareholders as to whom federal income tax withholding on dividends is required, we will make dividend reinvestment net of the amount of tax required to be withheld. For dividends made after December 31, 2012 that are a withholdable payment to a foreign financial institution under Section 501(a) of the Hiring Incentives To Restore Employment Act of 2010, we will make the dividend reinvestment net of the amount of tax required to be withheld.

The tax basis of any shares acquired through the Plan will be the fair market value on the applicable purchase date. The holding period for shares acquired through the Plan will begin on the day after the purchase date.

This disclosure is only a summary of the general federal tax consequences to participants. Participants should consult their own tax advisors as to the tax consequences of Plan transactions. Certain tax information will be provided to participants by the Plan's agent as described in Question #11 on page 7 above.

Other Information

18. What happens if we have a common stock rights offering, issue a stock dividend or declare a stock split?

Participation in any rights offering will be based upon both the shares registered in participants' names and the shares (including fractional interests) credited to participants' Plan accounts. Any stock dividend or share resulting from stock splits with respect to full shares and fractional interests credited to participants' accounts will be added to their accounts. Any securities other than shares of our common stock or rights to subscribe for securities other than shares of our common stock received in respect of the shares held in the accounts of participants will be distributed by the Plan's agent to the participants and will not become part of the Plan.

19. How will a participant's Plan shares be voted at a meeting of shareholders?

Each participant will receive proxy materials covering the whole shares of common stock credited to his or her account. All shares of our common stock credited to your account under the Plan will be voted as you direct. When you return an executed proxy, it will be voted with respect to all shares credited to you. Or, if you elect, you may direct the vote of all of your shares in person at the shareholders' meeting.

20. What procedures should be followed to sell or pledge shares held in the Plan?

A participant who wishes to sell or pledge shares from his or her account must request the withdrawal of such shares as described in Question #14 on page 7 above.

21. What is the responsibility of the Plan's agent?

The Plan's agent receives the participants' dividend payments, invests the amounts in additional shares of our common stock, maintains continuing records of each participant's account, and advises participants as to all transactions in and the status of their accounts. The Plan's agent acts in the capacity of agent for the participants.

All notices from the Plan's agent to a participant will be addressed to the participant at his or her last address of record with the Plan's agent. The mailing of a notice to a participant's last address of record will satisfy the Plan's agent's duty of giving notice to that participant. Therefore, participants must promptly notify the Plan's agent of any change of address.

The Plan's agent, a participant's nominee or nominees, and we will not have any responsibility for acts taken or not taken in connection with the Plan, including, for example, any claim for liability arising out of failure to terminate a participant's account upon the participant's death or adjudicated incompetency prior to receipt of notice in writing of such death or adjudicated incompetency. In addition, these parties will not have any duties, responsibilities or liabilities except for those that the Plan expressly provides for.

The Plan's agent had no responsibility with respect to the preparation or content of this Prospectus.

The participant should recognize that neither we nor the Plan's agent can provide any assurance that shares purchased under the Plan will be worth, at any particular time, more or less than their purchase price.

All transactions in connection with the Plan shall be governed by the laws of the Commonwealth of Virginia.

22. May the Plan be changed or discontinued?

While we hope to continue a dividend reinvestment plan indefinitely, our Board of Directors reserves the right to suspend or terminate the Plan at any time. It also reserves the right to make modifications to the Plan. Participants will be notified of any suspension, termination or modification. We also may adopt reasonable procedures for the administration of the Plan.

USE OF PROCEEDS

We do not know the number of shares of our common stock that ultimately will be purchased under the Plan or the prices at which shares will be sold. If the Plan purchases shares of common stock directly from us, the net proceeds from these transactions will be added to our general funds and used for general corporate purposes.

INDEMNIFICATION

Our Articles of Incorporation, as well as the statutes of the Commonwealth of Virginia, contain provisions providing for the indemnification of our directors and officers against certain liabilities, including liabilities arising under the Securities Act of 1933. To the extent that indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons, we have been informed that, in the opinion of the SEC, that indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

EXPERTS

The consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2009, which we have incorporated by reference into this prospectus, have been audited by Smith Elliott Kearns & Company, LLC, independent certified public accountants, as stated in their report included in the Form 10-K, and have been incorporated by reference in reliance upon such report given upon the authority of that firm as experts in accounting and auditing.

Those financial statements and schedules will have been audited to the extent and for the periods set forth in those reports by the firm or firms rendering the reports and, to the extent so audited and consent to incorporation by reference is given, will be incorporated by reference in reliance upon those reports given upon the authority of the firm or firms as experts in accounting and auditing.

Item 15. Indemnification of Directors and Officers

Article 10 of Chapter 9 of Title 13.1 of the Code of Virginia (the "Code") permits a Virginia corporation to indemnify any director or officer for reasonable expenses incurred in any legal proceeding in advance of final disposition of the proceeding, if the director or officer furnishes the corporation a written statement of his or her good faith belief that he or she has met the standard of conduct prescribed by the Code and furnishes the corporation a written undertaking to repay any advance if it is ultimately determined that he or she did not meet the standard of conduct, and a determination is made by the board of directors that such standard has been met. In a proceeding by or in the right of the corporation, no indemnification shall be made in respect of any matter as to which an officer or director is adjudged to be liable to the corporation, unless the court in which the proceeding took place determines that, despite such liability, such person is reasonably entitled to indemnification in view of all of the relevant circumstances. In any other proceeding, no indemnification shall be made if the director or officer is adjudged liable to the corporation on the basis that he or she improperly received a personal benefit. Corporations are given the power to make any other or further indemnity, including advance of expenses, to any director or officer that may be authorized by the articles of incorporation or any bylaw made by the shareholders, or any resolution adopted, before or after the event, by the shareholders, except an indemnity against willful misconduct or a knowing violation of the criminal law.

Unless limited by its articles of incorporation, indemnification of a director or officer is mandatory when he or she entirely prevails in the defense of any proceeding to which he or she is a party because he or she is or was a director or officer.

The Articles of Incorporation of the Registrant contain provisions indemnifying the directors and officers of the Registrant to the full extent permitted by Virginia law. In addition, the Articles of Incorporation of the Registrant eliminate the personal liability of the Registrant's directors and officers to the Registrant or its shareholders for monetary damages to the full extent permitted by Virginia law.
