The time and place of the Annual Meeting are set forth in the accompanying Notice of Annual Meeting of Shareholders. All expenses of preparing, printing and mailing the proxy and all materials used in the solicitation thereof will be borne by the Corporation. In addition to the use of the mail, proxies may be solicited in person or by telephone by directors, officers and other personnel of the Corporation or its subsidiary, First Farmers and Merchants Bank (the Bank), none of whom will receive additional compensation for such services. The Corporation will also request custodians and nominees to forward soliciting materials to the beneficial owners of common stock of the Corporation, \$10.00 par value per share (Common Stock), held of record by them and will pay reasonable expenses of such persons for forwarding such material. The date on which this Proxy Statement and the accompanying proxy card are first being mailed to shareholders of the Corporation is March 23, 2013.

PURPOSES OF THE MEETING

The Annual Meeting will be held for the purposes of (i) electing directors, and (ii) transacting whatever other business may properly be brought before the meeting or any adjournment thereof.

QUORUM AND VOTING

At the close of business on March 1, 2013, the Corporation had 5,180,000 shares of Common Stock issued and outstanding. Only holders of record of Common Stock at the close of business on March 1, 2013 are entitled to notice of and to vote on matters that properly come before the Annual Meeting or any adjournment thereof. A shareholder is entitled to one vote in person or by proxy at the Annual Meeting for each share of Common Stock held of record in his or her name.

The presence in person or by proxy of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting or any adjournment thereof. Abstentions and broker non-votes are included for purposes of determining if a quorum exists. Abstentions will not constitute a vote for or against any of the matters presented for shareholder approval at the annual meeting and will be disregarded in the calculation of a plurality or of votes cast for each of the matters presented. Broker non-votes occur when a broker or nominee returns a proxy but does not have discretionary authority to vote on a particular proposal because the proposal does not concern a routine matter and the broker has not received voting instructions from the beneficial holder. For purposes of determining the outcome of any matter as to which a broker or nominee has physically indicated on the proxy that it does not have discretionary authority to vote, those shares will be treated as not entitled to vote with respect to that matter.

If a quorum is not present at the time of the Annual Meeting, the Chairman of the meeting or a majority of shares entitled to vote, represented in person or by proxy, have the power to adjourn the Annual Meeting until a quorum shall be present or represented by proxy.

If the enclosed proxy is properly executed, returned and not revoked, it will be voted in accordance with the instructions, if any, given by the shareholder. Unless shares are held by a broker, if a proxy is executed and returned but no specification is made, the proxy will be voted **FOR** the election of all nominees as directors of the Corporation. If any other business is properly presented at the meeting, the proxy holders will vote your proxy in accordance with their discretion.

Any shareholder has the power to revoke his or her proxy at any time, prior to the vote being taken at the Annual Meeting, by written notice or subsequently dated proxy received by the Corporation, or by revocation by the shareholder in person at the Annual Meeting or any adjournment thereof. If you wish to attend the Annual Meeting and need directions to the First Farmers and Merchants Northside Branch, Columbia, Tennessee, please contact Michelle Gardner, Secretary of the Corporation, at (931) 388-3145.

PROPOSAL 1: ELECTION OF DIRECTORS

The Board of Directors has nominated the 11 individuals below for election as directors to serve until the annual meeting of shareholders in 2014 or until their successors are qualified and elected. Article III, Section 2 of the Corporation's Amended and Restated By-laws (the Bylaws) provide that there shall be no fewer than five directors. The Board of Directors believes it is in the best interest of the Corporation that there be 11 directors of the Corporation at this time. Proxies cannot be voted for a greater number of persons than the nominees named.

Directors are elected by a plurality of the votes cast by the shares of Common Stock entitled to vote at the Annual Meeting, if a quorum is present. Neither abstentions nor broker non-votes will have the effect of voting for or in opposition to a director. The Corporation's charter does not provide for cumulative voting and, accordingly, shareholders do not have cumulative voting rights with respect to the election of directors. Consequently, each shareholder of record may only cast one vote per share of Common Stock for each nominee.

Unless a proxy specifies otherwise or there is a broker non-vote, the persons named in the proxy will vote the shares covered thereby **FOR** the nominees listed below. Should any nominee become unavailable for election, shares covered by a proxy will be voted for a substitute nominee selected by the current Board of Directors.

All of the 11 nominees are currently serving as directors and have served as a director since the 2012 annual meeting of shareholders. Directors are chosen based on their business skills, knowledge, experience, leadership skills and understanding of the Bank's business. Kenneth A. Abercrombie, James L. Bailey, Jr. and Dan C. Wheeler, who are presently members of the Board of Directors, have reached retirement age and, therefore will not stand for re-election. In addition, Dr. Joseph W. CORPORATE GOVERNANCE

Director Qualifications

The Board of Directors has not established formal qualification guidelines for its members. The Board considers only potential nominees who have several years of relevant business experience. Non-management director nominees generally need to be independent, as defined by the listing standards of the New York Stock Exchange. Any nominee must be willing to serve for the nominal director's compensation paid by the Corporation. In addition, the Board of Directors evaluates nominees with the goal of maintaining a diversity of background and experience that complements the other directors.

Any shareholder, by written notice submitted to the Corporate Secretary, can nominate candidates for election to the Board of Directors of the Corporation. The written notice should be provided in accordance with the process contained in the Bylaws as more fully described in the GENERAL INFORMATION Items of Business for 2014 Annual Meeting of Shareholders section of this Proxy Statement. Candidates nominated by shareholders are evaluated in the same manner as the candidates nominated by the Board of Directors.

Director Independence

The Board has determined that nine of its 11 existing directors are independent in accordance with the listing standards of the New York Stock Exchange. The two individuals who are not independent, Messrs. Stevens and Pettus, are both executive officers of the Corporation.

During 2012, there were no relationships or transactions that the Board of Directors discussed in making its independence determinations with respect to each director identified as independent and no relationships or transactions precluded any such directors from being independent. The Corporation is not aware of any family relationships among any of its directors and executive officers.

Board Leadership Structure and Role in Risk Oversight and Management

Mr. Stevens has served as both the Chairman of the Board of Directors and the Chief Executive Officer of the Corporation since 2005. The Board believes that a unified chairman and chief executive officer position has provided clarity of leadership and operating efficiencies. Additionally, Mr. Stevens' management experience and close relationship with the other officers of the Corporation improves the Board's effectiveness in its role of monitoring the management of the Corporation. The Board does not have a lead independent director. The Board is actively involved in oversight of risks that could affect the Corporation. Although the full Board has retained responsibility for general oversight of risks, this oversight is conducted primarily through committees of the Board, as disclosed in the description of each of the committees below and in the charters of each of the committees. The Board receives full reports by each committee chair regarding the committee's considerations and actions, as well as regular reports directly from officers responsible for oversight of particular risks within the Corporation.

Committees of the Board of Directors

The Board of Directors conducts its business through its own meetings and through committees of the Bank's Board of Directors, which are described below. There are no standing committees of the Board of Directors of the Corporation because the principal business of the consolidated company is conducted by the Bank rather than the Corporation, which is a bank holding company. The Board of Directors of the Bank is identical to the Board of Directors of the Corporation.

The Corporation does not have a standing nominating committee. The entire Board of Directors of the Corporation fulfills the role of a nominating committee. Factors such as the Corporation's size and the nature of its business, the consistently high rate of participation in meetings by each director, the fact that a majority of the Corporation's

directors are independent (as defined by the listing standards of the New York Stock Exchange) and are individuals who come from diverse backgrounds, and the infrequent historical turnover in the membership of the Board of Directors contribute to the belief of the Board of Directors that a separate, independent nominating committee is not necessary. The entire Board of Directors serving as a nominating committee currently does not have a charter and, as noted above, not all of the directors are independent, as defined by the listing standards of the New York Stock Exchange. Furthermore, the Board of Directors has not specifically adopted a policy regarding the consideration of shareholder nominees for directors, but its general policy is to welcome and consider any recommendations for future nominees. The Board of Directors will consider for nomination as director of the Corporation any director candidate recommended or nominated by shareholders in accordance with the process outlined under the section below entitled GENERAL INFORMATION Items of Business for 2014 Annual Meeting of Shareholders.

The Bank's Board of Directors has five standing committees:

- Audit/Compliance/CRA Committee;
- Compensation Committee;
- Executive Committee;
- Oversight Committee; and
- Trust Committee.

Audit/Compliance/Community Reinvestment Act (CRA) Committee

Number of 2012 meetings: 10

The Bank has a separately designated standing Audit/Compliance/CRA Committee (the Audit Committee). This committee provides assistance to the Bank s Board of Directors in fulfilling its responsibilities related to internal control monitoring, accounting procedures, reporting practices, regulatory compliance and quality and integrity of the financial reports of the Bank. The charter of the Audit Committee was attached as an appendix to the Corporation s

proxy statement for the 2010 annual meeting. The Audit Committee is composed solely of directors who are independent, based on the listing standards of the New York Stock Exchange and are free of any relationship that, in the opinion of the Board of Directors, would interfere with their exercise of independent judgment as a committee member. Mr. Scoggins serves as the Audit Committee Financial Expert pursuant to Section 407 of the Sarbanes Oxley Act of 2002 and the rules promulgated by the Securities and Exchange Commission (SEC) thereunder.

The Audit Committee's primary responsibilities fall into three broad categories:

Monitoring the preparation of quarterly and annual financial reports prepared by the management of the Corporation and the Bank, which includes discussing draft financial statements and accounting and reporting matters with management and the Corporation's independent registered public accounting firm.

Responsibility for matters concerning the relationship between the Corporation and the Bank and the Corporation's independent auditors. This relationship includes:

- recommending the appointment or removal of the Corporation's independent auditors;
- reviewing the scope of their audit services and related fees, as well as any other services being provided; and
- determining whether the Corporation's auditors are independent.

Overseeing management's implementation of effective systems of internal controls, including the review of the activities and recommendations of the Bank's internal auditing program.

The Audit Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the committee's charter. The Audit Committee Charter is available on the About Us Investor Relations page of the Corporation's website at www.myfirstfarmers.com.

Compensation Committee

Number of 2012 meetings: 8

The Compensation Committee's primary duties and responsibilities include establishing and monitoring compensation and benefit plan policies of the Bank and making recommendations regarding compensation and benefits for the officers of the Bank. The Compensation Committee has the authority to conduct or authorize investigations into any matters within the scope of its responsibilities and has the authority to retain such outside counsel, experts, and other advisors as it deems appropriate to assist it in conducting of any such investigation. This committee recommends to the Board of Directors of the Corporation and the Bank fees for board and committee meetings. The Compensation Committee reviews, evaluates and recommends to the Board of Directors of the Bank the officers' compensation program and deferred profit-sharing contributions for all eligible employees. The charter of the Compensation Committee is available on the About Us Investor Relations page of the Corporation's website at www.myfirstfarmers.com.

Executive Committee

Number of 2012 meetings: 43

The Executive Committee reviews and recommends to the Bank's Board of Directors for its approval selected actions with regard to the general direction and conduct of the Corporation and the Bank. This committee acts on loan applications and reviews overdrafts, cash items, loans, lines of credit and loan reviews in accordance with the Bank's policies that have been approved by the Board of Directors.

Oversight Committee

Number of 2012 meetings: 3

The Oversight Committee ensures prompt action by the Bank in response to recommendations from, and reviews the results of examinations performed by, the Bank's regulatory agencies. It also reviews management's response to reports of examination and periodically monitors the action taken by management in response to examination findings.

Trust Committee

Number of 2012 meetings: 12

The Trust Committee supervises the operations of the Trust and Financial Management Department of the Bank to ensure proper exercise of the fiduciary powers of the Bank.

Directors Attendance at Meetings

The Board of Directors of the Corporation met three times during 2012. Each member of the Board of Directors of the Bank and the Corporation attended at least 75% of the aggregate meetings of the Board of Directors and committees of which he or she was a member.

The Corporation does not have a policy regarding director attendance at annual meetings of shareholders because of the willingness of each director to be present at all annual meetings and the historical attendance of each director. All directors attended the 2012 annual meeting of shareholders.

Shareholder Communication with the Board of Directors

The Board of Directors of the Corporation has adopted a process to facilitate written communications by shareholders or other interested parties to the Board of Directors. Persons wishing to write to the Board of Directors of the Corporation or a specified director or committee of the Bank Board of Directors should send correspondence to the Corporate Secretary at First Farmers and Merchants Corporation, P.O. Box 1148, Columbia, Tennessee, 38402-1148.

All communications properly received from shareholders or other interested parties will be forwarded to the members of the Board of Directors, or to a specific director or committee if so designated by such person. Any shareholder who wishes to communicate with a specific Board member should send instructions asking that the material be forwarded to the director. Solicitations, junk mail and frivolous communications will not be forwarded but will be made available to any director who wishes to review them.

Code of Ethics

The Board of Directors of the Corporation has not adopted a Code of Ethics, as defined by the rules and regulations of the SEC, because the principal business of the consolidated company is conducted by the Bank rather than the Corporation, which is a bank holding company. The Board of Directors of the Bank, however, has adopted a Code of Ethics for all employees of the Bank. A copy of this Code of Ethics is available on the About Us Investor Relations page of the Corporation's website at www.myfirstfarmers.com or can be obtained without charge by a written request to Human Resources Director, First Farmers and Merchants Bank, P.O. Box 1148, Columbia, Tennessee, 38402-1148.

COMPENSATION DISCUSSION AND ANALYSIS

The executive officers of the Corporation do not receive compensation for service as executive officers of the Corporation but instead receive compensation from the Bank for service as executive officers of the Bank. The Compensation Committee of the Bank designs and implements compensation programs to attract, retain and motivate officers, employees and directors by offering attractive and competitive compensation elements and amounts. These goals are balanced against the need to control expenses for the benefit of the shareholders of the Corporation. The compensation programs are designed to reward production and foster loyalty to the Bank and the Corporation. To be competitive, the Bank seeks to provide salaries and benefits comparable to the median of those provided by other banking companies of similar asset size in the Bank's peer group. The Bank strives to be competitive using peer benchmark analysis of current market levels of compensation. The Compensation Committee believes that, in large part because of the Bank's compensation system, it has been able to assemble a team of effective and productive officers and employees.

General Compensation Philosophy

Decisions with respect to the compensation of the Bank's executive officers, including the Named Executive Officers, are made by the Compensation Committee. The Compensation Committee believes that the actions of each executive officer have the potential to impact the short-term and long-term profitability of the Corporation and the Bank. Consequently, the Compensation Committee places considerable importance on its task of designing and administering an executive compensation program.

The Bank has an executive compensation program that considers factors such as shareholder value and the overall performance of the Corporation and the Bank, as further described below under Cash Bonus Plan. The main components of the executive compensation program are base salary, cash bonus plan, employee benefits and perquisites. The Corporation and the Bank currently do not have an equity incentive compensation program. The Compensation Committee believes that an equity incentive program is not currently in the best interest of the Corporation or the Bank.

In 2012, the Compensation Committee engaged Meyer-Chatfield Compensation Advisors to advise the Compensation Committee with respect to the compensation of the Corporation's executive officers. In 2012, the Bank paid \$5,000 to Meyer-Chatfield Compensation Advisors in connection with executive compensation consulting services. The Compensation Committee has considered the relationships that Meyer-Chatfield Compensation Advisors has had with the Corporation, the members of the Compensation Committee and the Corporation's executive officers, as well as the policies that Meyer-Chatfield Compensation Advisors has in place to maintain its independence and objectivity, and determined that the work of Meyer-Chatfield Compensation Advisors as the Compensation Committee's compensation consultant in 2012 did not raise any conflicts of interest.

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and related SEC rules, in connection with the 2011 annual meeting of shareholders, the Corporation solicited advisory votes by shareholders on executive compensation and on the frequency with which the advisory vote on executive compensation would be

solicited. The Corporation's Board of Directors recommended that the advisory vote on executive compensation be solicited every three years, and this frequency of shareholder vote received the greatest number of votes from shareholders. The Board of Directors has determined that the Corporation will hold an advisory vote on the compensation of the Named Executive Officers every three years until the next shareholder advisory vote on this matter, which will occur at the annual meeting of shareholders in 2017.

Components of Compensation*Base Salary*

Base salary represents a fixed labor cost and is designed so that the executive officers receive acceptable salaries, helping the Bank keep talent needed to meet the challenges in the financial service industry. Many factors are included in determining base salaries such as job responsibilities, the scope of the position, length of service with the Bank, individual performance and compensation for similar positions in the Bank's peer group. All base salaries are reviewed annually. The Bank has adopted a salary administration program for determining base salary. In this system, all positions are assigned a position level and each position level has a salary range that is defined by a minimum, mid-point and maximum salary. The minimum of each salary range is typically 75% of the mid-point of the applicable salary range and the maximum of each salary range is typically 125% of the mid-point. The salary ranges are adjusted for the Bank according to its asset size and geographic location. The salary ranges have been and will be used only as a guide for setting base salaries and will not reflect any incentive pay, benefits or other executive perquisites. All base salaries can be expressed as a percentage of the mid-point of the salary range applicable to each position level (the Compa-Ratio). In 2012, each of the Named Executive Officers received a base salary increase compared to 2011 base salary as follows, based on a combination of the above-mentioned factors:

Name	Salary Increase
T. Randy Stevens	6.65%
Patricia P. Bearden	3.85%
Timothy E. Pettus	5.22%
John P. Tomlinson, III	2.84%
N. Houston Parks	2.84%

In 2012, representatives of Meyer-Chatfield Compensation Advisors provided the Compensation Committee with an in-depth market analysis of the relative competitiveness of the salaries and total compensation of the Corporation's executive officers. The analysis revealed that Mr. Stevens' salary was at 84% of the market median and his total compensation was at 52% of the market median. It also revealed that Ms. Bearden's salary was at 67% of the market median and her total compensation was at 45% of the market median. As a result of this analysis, the Compensation Committee salary increases of \$45,000 and \$30,000 for Mr. Stevens and Ms. Bearden, respectively.

The Compensation Committee has set the base salary for each of the Named Executive Officers for 2013 as follows:

Name	2013 Base Salary	Increase from 2012
-------------	-------------------------	---------------------------

Edgar Filing: FIRST FARMERS & MERCHANTS CORP - Form DEF 14A

T. Randy Stevens	\$365,697	14.03%
Patricia P. Bearden	165,000	22.22%
Timothy E. Pettus	257,000	6.20%
John P. Tomlinson, III	187,000	3.31%
N. Houston Parks	187,000	3.31%

For 2013, the base salary of each of the Named Executive Officers had the following Compa-Ratio:

Name	Compa-Ratio
T. Randy Stevens	90.4%
Patricia P. Bearden	98.9%
Timothy E. Pettus	97.0%
John P. Tomlinson, III	96.3%
N. Houston Parks	96.3%

Cash Bonus Plan

The second component in the executive compensation program is a cash bonus plan. The cash bonus plan is used as a short-term incentive to drive achievement of annual Bank performance goals. This plan determines the bonuses for all eligible employees including officers as a percentage of their salary and is based on an evaluation of each executive's performance as well as the Bank's performance in various categories, including the following that were used in 2012:

- Return on assets;
- Delinquencies and non-accruals;
- Gross loan growth;
- Net deposit growth; and
- Net income.

During 2012, the Compensation Committee established performance goals under the cash bonus plan. The cash bonus plan is used as a short-term incentive to drive achievement of annual Bank performance goals. The maximum performance goal multiplier under each performance goal was 20%. The sum of the performance goal multipliers (which equals 100% if the maximum target level for each performance goal is achieved) was 24% for 2012. Performance goal multipliers ranging from 4% to 20% were assigned to varying target levels for each performance goal as follows (dollars in millions):

<u>Performance Goal</u>	Performance Goal Multiplier Based on 2012 Target Levels					2012 Projected Performance
	4%*	8%	12%	16%	20%	
Return on assets	≥ .75%	≥ .80%	≥ .85%	≥ .90%	≥ 1.00%	0.80%
Delinquencies and non-accruals	-	-	-	-	≤ 1.50%	2.30%
Gross loan growth	≥ 1.00%	≥ 2.00%	≥ 3.00%	≥ 4.00%	≥ 5.00%	3.00%
Net deposit growth	≥ 1.00%	≥ 2.00%	≥ 3.00%	≥ 4.00%	≥ 5.00%	7.40%

Net income	≥ \$8.00	≥ \$8.30	≥ \$8.60	≥ \$8.90	≥ \$9.10	\$8.30
------------	----------	-----------------	----------	----------	----------	---------------

* If the minimum target level was not achieved for a performance goal, then 0% was allocated to that performance goal multiplier.

The Compensation Committee also established maximum bonus percentages based on the position of each Named Executive Officer in accordance with four different levels, which maximum bonus percentage was higher for positions with more responsibility: Chief Executive Officer (70%); President (50%); Senior Executive (35%); and Chief Financial Officer (25%). The sum of the performance goal multipliers (24% for 2012) was multiplied by the maximum bonus percentage resulting in the aggregate bonus multiplier. The aggregate bonus multiplier was then multiplied by the respective base salary for each Named Executive Officer and the product was the Named Executive Officer's bonus for 2012.

The following bonuses were paid to the Named Executive Officers based on achievement of the performance goals for 2012:

<i>Name</i>	Bonus	Actual Bonus as Percentage of Base Salary	Maximum Potential Bonus (Percentage of Base Salary)
T. Randy Stevens	\$114,117	35.6%	70%
Patricia P. Bearden	16,200	12.0%	25%
Timothy E. Pettus	58,080	24.0%	50%
John P. Tomlinson, III	30,408	16.8%	35%
N. Houston Parks	30,408	16.8%	35%

All of these bonuses were in the same range as the bonus levels of the Bank's peer group for executives with similar positions.

Employee Benefits

The Bank provides the following benefits for all employees of the Bank, including the Named Executive Officers:

- In 1996, the Bank established an officer group term replacement/split-dollar plan to provide life insurance benefits that continue after retirement. A single premium universal life insurance policy was purchased to fund the plan and a split-dollar agreement was made with an irrevocable trust that specified the portion of the insurance proceeds that would become part of the trust. For additional information, see the section below entitled *Split-Dollar Arrangements and Deferred Compensation Agreements*.
- The Bank offers health insurance, life insurance and disability insurance at a minimal cost to full-time employees and makes available health insurance for each employee's family, the premiums for which are shared by the employee and the Bank. Each employee receives personal copies of these insurance plans detailing the coverage provided. Any eligible employee who becomes disabled can continue coverage under the Bank's health insurance and life insurance plans. The disabled employee must pay the same premiums as employees who have the same coverage and who are actively at work. This coverage will continue to be provided by the Bank for the entire period of time that the employee is eligible and receives compensation under the Bank's group long-term disability insurance policy.
- The Bank has adopted the Deferred Profit Sharing Plan, which is a tax-qualified profit sharing retirement plan that has been approved by the Internal Revenue Service. All employees of the Bank are eligible to participate who are at least 20 years old and who have completed one year of service with the Bank. An individual account is maintained for participants to record contributions by the Bank on their behalf and adjustments for gains and losses on investments. Participant accounts are subject to forfeiture upon termination of employment prior to vesting. Accounts become vested over a period of six years, with 25% vested after two years of service, an additional 15% after the third year of service and 20% each year thereafter until the benefit is 100% vested at the end of sixth year. The Bank's contribution to the plan is determined by the annual performance of the Bank and is subject to annual approval by the Board of Directors of the Bank. Contributions are allocated to participant accounts pro rata to their compensation each year. The aggregate amount the Bank contributed to the Deferred Profit Sharing Plan for the 278 participants during 2012 was

\$1,019,174.

- The Bank offers dental insurance coverage for all eligible employees and makes dental insurance available for eligible dependents at the employee's expense.

- The Bank pays for one physical examination each year for all officers of the Bank, including the Named Executive Officers. The Bank pays for flu immunizations annually for all officers and employees. Payment is made upon the presentation of an itemized statement from the physician providing the services.
- The Bank provides long-term disability insurance to eligible employees at no cost to the employee.
- The Bank offers vision insurance coverage for all eligible employees and makes vision insurance coverage available for eligible dependents at the employee's expense.
- The Bank offers a Cafeteria Plan under Internal Revenue Code Section 125 that gives employees the opportunity to pay for certain benefits on a pre-tax basis rather than on an after-tax basis. Expenses that are eligible for the Section 125 Plan include certain insurance premiums, certain out-of-pocket medical expenses and dependent care expenses. Money spent for these items included in the Section 125 Plan is not subject to Social Security or federal income taxes.

Perquisites

In addition to salaries, bonus opportunities and employee benefits, the Bank provides to certain executive officers, including four of the Named Executive Officers, certain perquisites so that the Bank remains competitive in its ability to hire and retain talented employees. These perquisites include the use of a company vehicle or a vehicle allowance, certain club memberships and the payment of dues for those clubs. The Bank currently provides these perquisites to all of the Named Executive Officers except Ms. Bearden. The Bank's policy for providing perquisites is based on the number of years of experience within the banking industry and the executive's position with the Bank. The Compensation Committee periodically reviews perquisites that are made available to the executive officers, including the Chief Executive Officer, to ensure that they are in line with market practice.

Split-Dollar Arrangements and Deferred Compensation Agreements

The Bank provides certain split-dollar insurance and/or deferred compensation agreements to fund death benefits (the Plan) for directors and certain officers of the Bank in order to encourage their continued employment and service with the Bank and to reward them for their past service and contribution.

The Bank has entered into separate agreements with each of its directors and the Named Executive Officers relating to the Plan. For the directors, each participant is entitled to designate a beneficiary to receive an amount of death benefits equal to a specified amount or the net-at-risk insurance portion of the proceeds (defined as total proceeds minus the cash surrender value of the policy). For the Named Executive Officers, each participant is entitled to designate a beneficiary to receive an amount of death benefits equal to the lesser of two and one-half times the participant's base annual salary at the effective date of the Plan or the net-at-risk insurance portion of the proceeds. A director or Named Executive Officer shall forfeit his or her right to the benefits provided by this Plan if he or she is terminated for cause, removed under certain other circumstances or violates the non-compete or confidentiality restrictive covenants contained in his or her agreement with the Bank. The non-compete provisions generally provide that the Plan participant may not, without the prior written consent of the Corporation, directly or indirectly (i) become employed by, participate in or be connected in any manner with the ownership, management, operation or control of any bank, savings and loan or similar financial institution if the participant's responsibilities will include providing banking or other financial services within a 25-mile radius of any office maintained by the Corporation as of the date of termination of service, (ii) participate in any way in hiring or otherwise engaging, or assisting any other person in hiring or otherwise engaging, any individual who was employed by the Corporation as of the date of termination of service, (iii) assist, advise or serve in any capacity any third party in any action against or transaction involving the Corporation, or (iv) sell, offer to sell, provide banking or other financial services, assist any other person in selling or providing banking or other financial services, or solicit or otherwise compete for any orders, contract or accounts for services of a kind or nature like or substantially similarly to those sold by the Corporation to or from any person from whom the participant or the Corporation, to the knowledge of the participant, provided banking or other financial services or such other services during the three-year period immediately prior to the termination of the participant's service.

Because Messrs. Pettus and Stevens are directors and Mr. Tomlinson is a former director, each of them also has Director Deferred Compensation Agreements. For a description of these agreements, see the section below entitled **COMPENSATION OF DIRECTORS** Deferred Compensation Agreements and Split-Dollar Arrangements.

Group Term Carve-Out Plans

The Bank owns certain life insurance policies on the lives of participating executive officers and pays the premiums on these policies. Under the Bank's Group Term Carve-Out Plans, the Bank has agreed to pay certain death proceeds under these life insurance policies to a beneficiary designated by each participating executive. In general, if a participant dies while employed by the Bank, the participant's beneficiary will be entitled to a benefit equal to two and one-half times the deceased participant's base annual salary at the effective date of the plan. All of the Named Executive Officers participate in the Bank's 2002 Group Term Carve-Out Plan except Ms. Bearden, who participates

in the Bank's 2007 Group Term Carve-Out Plan. The Named Executive Officers' beneficiaries are entitled to the following respective benefits under the Group Term Carve-Out Plans:

Name	Benefit Under Group Term Carve-Out Plan
T. Randy Stevens	\$450,000
Patricia P. Bearden	262,500
Timothy E. Pettus	250,000
John P. Tomlinson, III	325,000
N. Houston Parks	250,000

Risk Management Considerations

The Compensation Committee believes that the Bank's performance-based cash bonus program creates incentives to create long-term shareholder value. Several elements of the program are designed to promote the creation of long-term value and thereby discourage behavior that leads to excessive risk:

- Rather than determining cash bonus awards based on a single metric, the Compensation Committee applies a structured, principled framework that considers a balanced set of financial performance metrics that collectively best indicate successful management; and
- The performance metrics used to determine the amount of an executive's bonus are metrics that the Compensation Committee believes drive long-term shareholder value. Moreover, the Compensation Committee attempts to set goals for these metrics that encourage success without encouraging excessive risk taking to achieve short-term results.

In addition, under the Sarbanes-Oxley Act of 2002, if the Corporation is required to restate its financial results as a result of material noncompliance with financial reporting requirements under the securities laws as a result of misconduct, the chief executive officer and the chief financial officer must generally repay any bonus or other incentive-based compensation (including profits realized from the sale of Common Stock) received during the 12-month period following the filing of the erroneous financial results.

The Bank generally uses the same performance metrics for its cash bonus programs for the Named Executive Officers, other executive officers and non-executive employees.

Management and the Compensation Committee periodically evaluate the risks involved with all compensation programs and do not believe that any of the Bank's compensation programs create risks that are reasonably likely to pose a material adverse impact to the Corporation.

Named Executive Officer Compensation

The executive compensation program described above is applied in setting the Named Executive Officer's compensation. The Compensation Committee reviews the executive compensation program in relation to the performance of the Corporation's net income. Mr. Stevens participates in the same executive compensation program available to the other Named Executive Officers. Although Mr. Stevens is a member of the Compensation Committee, he does not participate in discussions regarding his compensation as the Chief Executive Officer of the Bank. None of the Named Executive Officers have employment, severance or change-of-control agreements. The Named Executive Officers serve at the will of the Board of Directors, which enables the Bank to terminate their employment with discretion as to the terms of any severance arrangement. This is consistent with the Bank's performance-based philosophy.

Conclusion

The Compensation Committee believes that this mix of market-based salaries, cash bonuses, employee benefits and perquisites represents a balance that will motivate the management team to continue to produce strong returns. The Compensation Committee further believes this program strikes an appropriate balance with the interests and needs of the Corporation and the Bank in operating a financial service business.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors of the Bank has reviewed and discussed the Compensation Discussion and Analysis required by SEC Regulation S-K, Item 402(b) with management. (1) Messrs. Stevens and Pettus receive compensation for serving as members of the Board of Directors of the Corporation and the Bank and certain committees of the Bank Board as described above in the section entitled EXECUTIVE COMPENSATION Summary Compensation Table.

(2) Represents interest earned on deferred compensation accounts.

During 2012, each director of the Corporation received an annual retainer of \$5,000 and was paid a fee of \$650 for each Board meeting attended. Each Bank director received \$650 for each Bank Board of Directors meeting attended and each honorary Bank director received \$400 for each Bank Board of Directors meeting attended. Each member of the Bank's Executive Committee received \$450 for each meeting attended. Each committee chair received \$650 and each committee member received \$450 for attendance at any scheduled or formally called committee meeting of any standing or specially appointed committee. During 2012, the Corporation and the Bank together paid total cash directors' fees of \$221,325 and directors' fees in the amount of \$370,450 were deferred. The method of

compensating directors is the same for management and non-management directors.

Deferred Compensation Agreements and Split-Dollar Arrangements

Directors of the Corporation may defer fees payable to them for their service as directors by entering into a Director Deferred Compensation Agreement with the Corporation. Directors of the Bank may defer fees under similar agreements with the Bank. Under these agreements, a director may defer all or some portion of his or her director's fees. Amounts so deferred are accounted for separately on the books of the Corporation or the Bank, as the case may be, segregated from other assets owned by the applicable entity and subject to the claims of general creditors of the applicable entity. Deferred amounts generally earn interest at *The Wall Street Journal's* published prime rate on the last day of the previous calendar year plus 300 basis points. Deferred amounts are generally payable to the director on the first to occur of (i) termination of the director's Board service for reasons other than death or (ii) termination of the corresponding Director Deferred Compensation Agreement. If, however, the director dies while serving on the Board of Directors, his or her beneficiary will be paid the greater of the deferred amount or the projected benefit, which is a fixed amount based on actuarial calculations. Hardship payments may be made out of the deferred amounts in the sole discretion of the Board of Directors upon request of a director. These agreements may be terminated by the Corporation or the Bank, as the case may be, at any time upon 90 days' advance written notice to the effected director. In general, the agreements have similar terms but not all of the agreements have identical terms.

For a description of the split-dollar arrangements with the directors, see the section above entitled COMPENSATION DISCUSSION AND ANALYSIS Components of Composition Split-Dollar Arrangements and Deferred Compensation Agreements.

Based on the terms of the Director Deferred Compensation Agreements and the Director Split-Dollar Agreements, the directors of the Corporation have the following death benefits:

Members of the Compensation Committee may, from time to time, have banking relationships in the ordinary course of business with the Bank, as described in the section below entitled **RELATED PERSON TRANSACTIONS**.

RELATED PERSON TRANSACTIONS

During 2012, the Bank engaged in customary banking transactions and had outstanding loans, deposits and repurchase agreements to certain of the Corporation's and Bank's directors, executive officers and members of their immediate families. The directors, executive officers, affiliates, family and companies in which they hold 10% or more ownership had outstanding loan balances of \$3,831,279 at December 31, 2012. These loans were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other borrowers, and did not involve more than the normal risk of collectability or present other unfavorable features.

Neither the Corporation nor the Bank has any written policies or procedures for the review, approval or ratification of any related person transaction required to be reported. Nonetheless, management of the Corporation and the Bank is responsible for reviewing and approving any transaction between the Corporation or the Bank and any director or officer of the Corporation, the Bank or members of their immediate family or entities with which they are affiliated. In addition, on an annual basis each director and executive officer of the Corporation and the Bank is obligated to complete a **Director and Officer Questionnaire**, which requires the director or executive officer to disclose any related person transactions or business relationships involving the Corporation or its subsidiaries that are required to be disclosed pursuant to Item 404 of SEC Regulation S-K. During 2012, there were no transactions with related persons other than the loans described above.

On December 20, 2011, the Audit Committee of the Bank dismissed KraftCPAs PLLC as the Corporation's registered independent accounting firm. The audit report of KraftCPAs PLLC on the consolidated financial statements of the Corporation as of and for the years ended December 31, 2011 and 2010 contained no adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles.

On April 5, 2012, the Audit Committee engaged BKD, LLP as the Corporation's independent registered accounting firm. During the preceding two most recent fiscal years, and any subsequent interim period prior to engaging BKD, LLP, neither the Corporation, nor anyone on its behalf, consulted BKD, LLP regarding the application of accounting principles to any transaction, or the type of audit opinion that might be rendered on the Corporation's financial statements, and no written report or oral advice was provided to the Corporation that BKD, LLP concluded was an important factor considered by the Corporation in reaching a decision as to the accounting, auditing, or financial reporting issue. Further, during such period, neither the Corporation, nor anyone on its behalf, consulted BKD, LLP regarding the any matter that was either the subject of a disagreement or a reportable event.
