AMENDMENT NO. 1 TO PROXY STATEMENT

EXPLANATORY NOTE

This Amendment No. 1 to Schedule 14A ("Amendment No. 1") amends the definitive proxy statement of Columbus McKinnon Corporation (the "Company") for its 2017 Annual Meeting of Stockholders ("Proxy Statement"), which was filed with the Securities and Exchange Commission on June 14, 2017, in order to add additional Proposal 4 to the original Proxy Statement. In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934, as amended (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act), and the related rules of the SEC, the Company is providing stockholders a non-binding advisory vote to approve the frequency of stockholder advisory votes on the compensation of our named executive officers. At the 2011 Annual Meeting of Stockholders, our stockholders indicated their preference for us to hold advisory votes on executive compensation on an annual basis. The Board of Directors subsequently determined that we would hold an annual advisory vote on executive compensation.

CHANGES TO PROXY STATEMENT

This change affects the Notice of Annual Meeting of Stockholders; amends the Proxy Statement to add the new Proposal 4; and adds Proposal 4 to the Proxy Card. All other items of the Proxy Statement are unchanged. Hereinafter, "Proxy" or "Proxy Statement" refer to the Proxy Statement, as amended by this No. 1 Amendment.

PROXY STATEMENT

This Proxy Statement and the accompanying form of proxy are being furnished in connection with the solicitation by the Board of Directors of Columbus McKinnon Corporation, a New York corporation ("our Company", "we" or "us"), of proxies to be voted at the Annual Meeting of Shareholders (the "Annual Meeting") to be held at the Four Seasons Hotel Chicago, 120 East Delaware Place, Chicago, Illinois, on July 24, 2017, at 10:00 a.m., local time, and at any adjournment or adjournments thereof. This Proxy Statement and other proxy materials are first being sent or given to shareholders on or about June 14, 2017.

The close of business on June 1, 2017 has been fixed as the record date for the determination of shareholders entitled to receive notice of and to vote at the meeting. At the close of business on June 1, 2017, we had outstanding 22,596,824 shares of our common stock, \$.01 par value per share, the holders of which are entitled to one vote per share on each matter properly brought before the Annual Meeting.

The shares represented by all valid proxies in the enclosed form will be voted if received in time for the Annual Meeting in accordance with the specifications, if any, made on the proxy card. If no specification is made, the proxies will be voted (i) FOR the nominees for Director named in this Proxy Statement, (ii) FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year ending March 31, 2018, (iii) FOR the approval of the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis, the compensation tables and the related disclosure as contained elsewhere in this Proxy Statement, and (iv) FOR a shareholder advisory vote on such executive compensation to be held every year.

In order for business to be conducted, a quorum must be present at the Annual Meeting. A quorum is a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting. Abstentions, broker non-votes and

withheld votes will be counted in determining the existence of a quorum at the Annual Meeting. Directors will be elected by a plurality of the votes cast at the Annual Meeting, meaning the eight nominees receiving the most votes will be elected. Votes cast FOR the nominees will count as "yes votes;" and WITHHOLD votes will be excluded entirely from the vote and will have no effect. A majority of the votes cast is required to approve the selection of the Company's auditors and the approval of a non-binding, advisory resolution regarding executive compensation. Votes may be cast FOR,

4

AGAINST or ABSTAIN on the approval of these proposals. Abstentions are not counted in the number of votes cast and will have no effect on the results of the vote. Proxy cards that are executed and returned without any designated voting direction will be voted in the manner stated on the proxy card.

Recent changes in regulations have eliminated the ability of a shareholder's bank or broker to vote uninstructed shares in the election of directors and on executive compensation on a discretionary basis. Thus, if a shareholder holds shares in street name and does not instruct his, her or its bank or broker how to vote in the election of directors or the one advisory vote on executive compensation, no votes will be cast on such shareholder's behalf with respect to these matters. If a shareholder holds shares in his, her or its own name and does not vote, no votes will be cast on such shareholder's behalf on any of the items of business at the Annual Meeting.

The execution of a proxy will not affect a shareholder's right to attend the Annual Meeting and to vote in person. A shareholder who executes a proxy may revoke it at any time before it is exercised by giving written notice to the Secretary, by appearing at the Annual Meeting and so stating, or by submitting another duly executed proxy bearing a later date.

PROPOSAL 1

NEW BOARD DEVELOPMENTS

On February 28, 2017, Timothy T. Tevens, former President and Chief Executive Officer and Director, elected retirement. His successor, Mark D. Morelli, was duly elected President and Chief Executive Officer and Director on February 28, 2017.

On May 10, 2017, Ms. Linda Goodspeed notified the Board of Directors that she would not stand for re-election to the Board at the 2017 Annual Meeting and that her term on the Board would end effective May 31, 2017. Ms. Goodspeed was a member of the Company's Corporate Governance and Nomination Committee and Compensation and Succession Committee. Ms. Goodspeed's decision to no longer serve on the Board does not arise from any disagreement or dispute with the Company or management. Pursuant to the Company's bylaws, its Directors may serve on the boards of directors of no more than four publicly traded companies inclusive of the Company's Board. On May 9, 2017 Ms. Goodspeed was elected to serve as a director for another company. PROPOSAL 3

ADVISORY VOTE ON THE COMPENSATION
OF OUR NAMED EXECUTIVE OFFICERS

We are required pursuant to Section 14A of the Exchange Act to provide a non-binding stockholder vote on our executive compensation as described in this proxy statement (commonly referred to as "Say-on-Pay").

The advisory vote on executive compensation is a non-binding vote on the compensation of the Company's named executive officers, as described in the Compensation Discussion and Analysis section, the compensation tables, and the accompanying narrative disclosure, set forth in this proxy statement.

We maintain a compensation program that is comprehensive, consisting of base salary, annual incentives, long-term incentives and benefits, in support of our objective of providing superior value to shareholders and customers. Our program is designed to motivate and reward our executives for sustained superior performance through the use of variable compensation tied to short, intermediate and long-term results. Our business success depends on our ability to attract and retain executive talent through competitive compensation opportunities provided by our program.

For the reasons discussed above, the Board of Directors unanimously recommends that shareholders vote in favor of the following resolution:

“RESOLVED, that the shareholders hereby APPROVE, on a non-binding, advisory basis, the compensation paid to the Company’s named executive officers, as disclosed in the Company’s proxy statement prepared in connection with its 2017 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission in the Company’s Proxy Statement for the 2017 Annual Meeting of Shareholders (which disclosure includes the Compensation Discussion and Analysis, the executive compensation tables and narrative discussion).”

THE BOARD OF DIRECTORS RECOMMENDS UNANIMOUSLY A VOTE “FOR” THE APPROVAL OF THE COMPANY’S COMPENSATION OF ITS NAMED EXECUTIVE OFFICERS.

PROPOSAL 4

NON-BINDING ADVISORY VOTE ON THE FREQUENCY
OF A SHAREHOLDER VOTE ON THE COMPENSATION
OF OUR NAMED EXECUTIVE OFFICERS

We are also required pursuant to Section 14A of the Exchange Act to provide every six (6) years a non-binding, advisory vote whether the non-binding advisory shareholder vote on the compensation of our named executive officers should occur every one, two or three years. A shareholder has the right to vote for any one of the three options, or to abstain on the matter.

The Board of Directors has given serious consideration to the recommended frequency of the advisory vote on the compensation of our named executive officers. After considering the benefits and consequences of each option for holding the advisory vote on the compensation of our named executive officers, the Board of Directors recommends that shareholders approve holding the advisory vote on the compensation of our named executive officers once every year.

An annual advisory vote on the compensation of our named executive compensation will allow us to obtain information on shareholders' views of the compensation of our named executive officers on a consistent basis. Additionally, an annual advisory vote on the compensation of our named executive officers will provide the Board of Directors and the Compensation and Succession Committee with more direct input from shareholders on our executive compensation policies, practices and procedures. Finally, an annual advisory vote on the compensation of our named executive officers is consistent with our objectives of engaging in regular dialogue with our shareholders on corporate governance matters, including our executive compensation philosophy, policies and programs.

For the reasons discussed above, the Board of Directors recommends that shareholders vote in favor of holding an advisory vote on the compensation of our named executive officers at an annual meeting of shareholders. When voting on this shareholder vote on the frequency of the advisory vote on the compensation of our named executive officers, shareholders should understand that they are not voting "for" or "against" the recommendation of the Board of Directors to hold the advisory vote once every year. Rather, shareholders will have the option to choose whether to approve holding future advisory votes on the compensation of our named executive officers every one, two or three years, or to abstain entirely from voting on the matter.

The option that receives the most votes from shareholders will be the frequency of the advisory vote on the compensation of our named executive officers that shareholders recommend. This advisory vote is another means for shareholders to provide input on our compensation programs for named executive officers. Although your vote is not binding on the Board of Directors, the Board values the views of shareholders. The Board of Directors will review and give serious consideration to the outcome of this vote when making its determination as to the frequency of future advisory shareholder votes on the compensation of our named executive officers.

Shareholders are being asked to vote on the following resolution:

For the reasons discussed above, the Board of Directors unanimously recommends that shareholders vote in favor of the following resolution:

"RESOLVED, that a non-binding advisory vote of the Company's shareholders to approve the compensation of the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission (which disclosure includes the Compensation Discussion and Analysis, the executive compensation tables and narrative discussion) shall be held at an annual meeting of shareholders: (i) every year, or (ii) every two years, or (iii) every three years."

THE BOARD OF DIRECTORS RECOMMENDS UNANIMOUSLY THAT A NON-BINDING ADVISORY VOTE TO APPROVE THE COMPENSATION OF ITS NAMED EXECUTIVE OFFICERS BE HELD EVERY YEAR.

CORPORATE GOVERNANCE

General Corporate Governance Policy

Our Board of Directors believes that its overriding responsibility is to offer guidance and the benefit of its collective experience to help our management understand the risks confronting, and opportunities available to, our Company. In furtherance of this responsibility, our Board of Directors has adopted a General Corporate Governance Policy setting forth certain policies, guidelines and procedures it deems important to the successful satisfaction of this responsibility. These policies and procedures include guidelines as to the eligibility, independence, evaluation, education, succession planning, compensation and indemnification of our Directors, as well as with respect to specific transactions requiring the prior formal approval of our Board of Directors. A copy of our General Corporate Governance Policy is posted on the Investor Relations section of the Company's website at www.cmworks.com.

Board Leadership Structure

The roles of the Company's Chairman of the Board and President and Chief Executive Officer have been served by separate individuals since 1998 which will continue under the newly appointed President and Chief Executive Officer, Mark D. Morelli. This leadership structure supports our belief that it is the President and Chief Executive Officer's responsibility to manage the Company and the Chairman's responsibility to manage the Board. Since Mr. Verebelyi's election as our Chairman of the Board in August 2005, that position has been filled by an independent Director. As directors continue to have more oversight responsibilities than ever before, we believe it is beneficial to have an independent Chairman whose sole job is leading the Board.

We believe our President and Chief Executive Officer and Chairman of the Board have had an excellent working relationship which will continue under Mr. Morelli's tenure. By separating the roles of the Chairman of the Board and President and Chief Executive Officer positions, we ensure there is no duplication of effort between them. We believe this provides strong leadership for our Board of Directors, while also positioning our President and Chief Executive Officer as the leader of the Company in the eyes of our customers, employees and other stakeholders. As part of our annual Board of Directors self-evaluation process, we evaluate our leadership structure to ensure that it continues to provide the optimal structure for our Company and shareholders. A Chair rotation and succession schedule is reviewed and updated annually by the Board in addition to the Chairman conducting individual reviews with the Directors on their interests and thoughts around Chair candidates, rotation and succession. We believe our current leadership structure is the optimal structure for our Company at this time.

Board Composition and Diversity

Our Corporate Governance and Nomination Committee is responsible for developing the general criteria, subject to approval by our Board of Directors, for use in identifying, evaluating and selecting qualified candidates for election or re-election to the Board. The Governance and Nomination Committee annually reviews the appropriate skills and characteristics required of Board members in the context of the current composition of the Board including, reviewing and updating a Board competency skills matrix for each Director. The Corporate Governance and Nomination Committee, in recommending candidates for election or re-election to the Board, seeks to create a Board that is strong in its collective knowledge and has a diversity of skills and experience with respect to accounting and finance, management and leadership, vision and strategy, business operations, business judgment, industry knowledge, corporate governance and global markets. When the Corporate Governance and Nomination Committee review a potential new candidate, it looks specifically at the candidate's qualifications in light of the needs of the Board and the Company at that time, given the attributes of the existing Directors.

Although the Company has no policy regarding diversity, the charter of the Corporate Governance and Nomination Committee includes as a statement of responsibility that the Committee assure that the composition of the Board of Directors includes appropriate breadth, depth and diversity of experience and capabilities. In identifying candidates for

Director, the Corporate Governance and Nomination Committee and the Board of Directors take into account (i) the comments and recommendations of Directors made in connection with the Board's annual self-evaluation regarding the qualifications and effectiveness of the existing Board of Directors or additional qualifications that may be required when selecting new board members, (ii) the requisite expertise and sufficiently diverse backgrounds of the Board of Directors' overall composition, (iii) the independence of outside Directors and other possible conflicts of interest of existing and potential members of the Board of Directors and (iv) all other factors it considers appropriate.

Board of Directors Independence

Our Board of Directors has determined that each of its current members, other than Mr. Morelli, is independent within the meaning of the NASDAQ Stock Market, Inc., listing standards as currently in effect. In addition, each member of the Audit Committee, the Corporate Governance and Nominating Committee and the Compensation and Succession Committee is independent.

Board of Directors Meetings and Attendance

The Board of Directors and its committees meet regularly throughout the year and also hold special meetings and act by written consent from time to time as appropriate. All Directors are expected to attend each meeting of the Board of Directors and the committees on which he or she serves, and are also invited, but not required, to attend the Annual Meeting. Agendas for meetings of the Board of Directors include executive sessions for the independent Directors to meet without the management Director present. During the fiscal year ended March 31, 2017, our Board of Directors held nine (9) meetings. Each Director, other than Mr. Morelli, has attended at least 75% of the aggregate number of meetings of our Board of Directors and meetings held by all committees of our Board of Directors on which he or she served and attended the 2016 Annual Shareholder Meeting.

Risk Oversight

Our Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance shareholder value. A fundamental part of the Company's risk management is not only understanding the risks it faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. The involvement of the full Board of Directors in setting the Company's business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company.

While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Audit Committee oversees the Company's enterprise risk management process, as well as focuses on financial and fraud risks, including internal controls, and receives an annual risk assessment report from the Company's General Counsel and internal auditors. The Company's General Counsel and his staff also assist the Board of Directors in fulfilling its oversight responsibility with respect to regulatory compliance and legal issues that affect the Company. In addition, in setting compensation, the Compensation Committee strives to create incentives that encourage a level of appropriate risk-taking behavior consistent with the Company's business strategy and goals.

Audit Committee

Our Board of Directors has a standing Audit Committee comprised of Mr. Trumbull, as Chairman, and Messrs. Rabinowitz, Fleming, McCarthy and Mitts. Each member of our Audit Committee is independent as defined under Section 10A(m) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") and section 3 of the Sarbanes-Oxley Act of 2002, and under the NASDAQ Stock Market, Inc., rules currently in effect. In addition, pursuant to the requirements of Section 407 of the Sarbanes-Oxley Act of 2002, our Board of Directors has determined that Messrs. Trumbull, Fleming and Mitts qualify as "audit committee financial experts." The duties of our Audit Committee consist of (i) appointing or replacing our independent auditors, (ii) pre-approving all auditing and permitted non-audit services provided to us by our independent auditors, (iii) reviewing with our independent auditors and our management the scope and results of our annual audited financial statements, our effectiveness of internal control over financial reporting, our quarterly financial statements and significant financial reporting issues and judgments made in connection with the preparation of our financial statements, (iv) reviewing our management's assessment of the effectiveness of our internal controls, (v) reviewing insider and affiliated party transactions (vi)

establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting or internal controls and (vii) overseeing the enterprise risk management system. The Audit Committee is governed by a written charter approved by the Board of Directors. A copy of this charter is posted on the Investor Relations section of our website at www.cmworks.com . Our Audit Committee held seven (7) meetings during the fiscal year ended March 31, 2017.

Compensation and Succession Committee

COMPENSATION DISCUSSION AND ANALYSIS

Overview

We are a leading worldwide designer, manufacturer and marketer of material handling products, systems and services, which efficiently and ergonomically move, lift, position and secure materials. Key products include hoists, cranes, actuators, rigging tools and digital power and motion control systems. We are focused on commercial and industrial applications that require the safety and quality provided by our superior design and engineering know-how.

The successful execution of our business strategy depends on our ability to attract, motivate, reward and retain executive talent with the skills to foster innovative product and service development and grow the business in developing markets with the greatest opportunity. Our executive compensation program is designed to support this strategy by:

attracting and retaining key executive talent by offering a competitive compensation program;
motivating executive actions that lead to sustained superior performance; and
aligning executive compensation with returns delivered to shareholders.

2017 CEO Transition

In September 2016, we announced that Timothy T. Tevens decided to retire from his position as President and Chief Executive Officer of the Company, and resign as a director of the Company, upon the appointment of his successor. On February 28, 2017, we announced that Mark D. Morelli was named President and Chief Executive Officer effective on that date. Mr. Morelli was also appointed a director of the Company. Mr. Tevens retired as Chief Executive Officer, and resigned as a director of the Company, on February 28, 2017.

In connection with his hiring, the Company entered into both an Employment Agreement and Change in Control Agreement with Mr. Morelli. The key compensation and severance-related provisions of both agreements are discussed below in the "Employment and Change-In-Control Agreements" section.

Overview of Fiscal Year 2017 Business Results and Performance-Based Compensation

For fiscal year 2017, our priorities centered around increasing shareholder value by driving profitable growth. Accordingly, our Annual Incentive Plan for fiscal year 2017 was designed to focus on increasing consolidated operating income and revenue, targeted regional operating income and revenue and certain strategic accomplishments. Our results in fiscal year 2017 were lower than the aggressive plans that were set at the beginning of the fiscal year. A severe downturn in certain key end markets affected the ability of the team to accomplish their goals. Accordingly, actual Annual Incentive Plan compensation earned by the Named Executive Officers ("NEOs") for fiscal year 2017 averaged approximately 53.02% of the target annual incentive compensation opportunities established for each NEO at the start of the fiscal year.

Our NEOs received one-third of their fiscal year 2017 long-term incentive compensation in the form of performance restricted stock units which are contingent upon consolidated revenue results for the two year measurement period of fiscal years 2017 and 2018. Therefore, no fiscal year 2017 performance stock awards were earned during fiscal 2017.

Further details regarding fiscal year 2017 performance can be found in the "Components of Compensation" section.

Compensation Philosophy and Objectives

In making decisions with respect to compensation for our NEOs and other executives, the Compensation and Succession Committee of the Board of Directors (the "Compensation Committee") is guided by the following objectives:

19

Our compensation program should be comprehensive, consisting of base salary, annual incentives, long-term incentives and benefits, designed to support our objective of providing superior value to shareholders and customers; Our compensation program should be designed to motivate and reward our executives for sustained superior performance through the use of variable compensation tied to short, intermediate and long term results; and Our business success depends on our ability to attract and retain executive talent by providing competitive compensation opportunities.

The Compensation and Succession Committee's Role

Our compensation program is administered by the Compensation Committee.

The Compensation Committee establishes performance objectives for the Chief Executive Officer ("CEO") based on our annual business plan and long term strategic goals approved by the Board of Directors. Progress against these goals is monitored by the Compensation Committee on a quarterly basis. The Compensation Committee evaluates the CEO's performance against these goals annually, with input to the evaluation from all independent Directors. The Compensation Committee also considers market data validated by our independent consultant, comparisons of our performance to our peers, strategic achievements during the year, such as acquisitions and their integration into our business and value-creating divestitures. Based on these factors, the Compensation Committee makes recommendations concerning base salary increases, annual incentive award targets and payments under the Annual Incentive Plan and targets and awards under our long-term incentive program. The Compensation Committee has regularly-scheduled executive sessions to discuss CEO performance and compensation and other matters without any executive officers present. All aspects of the CEO's compensation are approved by our full Board of Directors upon recommendations made by the Compensation Committee, which is comprised totally of independent Directors.

Except for the CEO and Chief Financial Officer ("CFO"), the Compensation Committee reviews and approves base salary increases, Annual Incentive Plan targets and awards, long-term incentive program targets and awards and similar arrangements for the other NEOs in the Summary Compensation Table below after receiving recommendations from our CEO with input from the Vice President - Human Resources and our independent consultant. The Compensation Committee makes the final decision and approves compensation decisions for all NEOs, as well as all other executive officers, except for the CEO and CFO. All aspects of the CEO's and CFO's compensation are finally approved by our full Board of Directors.

The Compensation Committee's composition is described in more detail in this proxy statement under the section above entitled "Corporate Governance - Compensation and Succession Committee."

Compensation Committee Advisors

The Compensation Committee has the authority under its charter to engage the services of outside consultants to determine the scope of the consultants' services and to terminate such consultants' engagement. In fiscal year 2017, the Compensation Committee continued its engagement of Exequity LLP ("Exequity"), an independent compensation consulting firm, to advise the Compensation Committee on certain matters related to executive compensation including:

- a competitive compensation review of the CEO and other executive officer positions;
- executive compensation trend data, including plan design; and
- a pay for performance assessment.

In fiscal year 2017, Exequity reviewed market data based upon the Company's target labor market for executive talent, presented market trends, proposed compensation and consulted on compliance issues. Additionally, Exequity attended in person or by telephone all Compensation Committee meetings.

Management's Role in the Compensation-Setting Process

Our management is involved in the following executive compensation processes:

The Vice President-Human Resources ("VP HR") develops and oversees the creation of background and supporting materials for distribution to the Compensation Committee prior to its meetings;

The CEO, VP HR and Corporate Secretary attend all Compensation Committee meetings, except the executive sessions of the meetings;

The CEO, VP HR and Director, Compensation, Benefits & HRIS annually present and make recommendations to the Compensation Committee relating to annual incentives and long-term incentive plan designs and changes, if warranted;

The CEO recommends to the Compensation Committee base salary, target annual incentive and target long term incentive adjustments for all executives, excluding the CEO;

The VP HR receives executive session decisions, actions and underlying rationale for implementation, as appropriate, following the Committee's executive sessions; and

The VP HR regularly consults with and briefs the Compensation Committee chairman between scheduled Compensation Committee meetings.

Executive Compensation Policies and Practices

Our Target Labor Market

In administering the compensation program, the Compensation Committee relies on market information provided periodically by its independent consultant. For evaluating compensation, the Compensation Committee reviews compensation data for industrial companies of comparable size, which reflect the types of companies with which we compete for talent. Here, we use a broader industrial market reference because the number of direct product and service market competitors is limited. Many of the companies that provide similar products and services are either privately held, headquartered overseas, or part of a larger enterprise; therefore, executive compensation data may be either unavailable or of limited applicability to the U.S. labor market in which we principally compete.

Historically, we have used a peer group for evaluating compensation. The peer group incorporates companies that we consider to be primary competitors for talent and capital. The peers consist of industrial companies of comparable

size to us (generally one-half to twice our size in terms of revenue), which typically have significant associate populations in manufacturing, product engineering and sales. The compensation peer group for fiscal year 2017 consisted of the following 28 companies:

Accuride Corp.	Graco, Inc.
Alamo Group Inc.	Haynes International, Inc.
Albany International Corp.	Kadant Inc.
Altra Holdings Corp.	L.B. Foster Company
Barnes Group Inc.	Lindsay Corp.
Blount International	Lydall, Inc.
Chart Industries	NN, Inc.
CIRCOR International	Powell Industries, Inc.
CLARCOR Inc.	Raven Industries, Inc.
Commercial Vehicle Group, Inc.	RBC Bearings Incorporated
EnPro Industries, Inc.	Standex International Corp.
ESCO Technologies, Inc.	Tennant Company
Federal Signal Corp.	Wabash National Corp.
Franklin Electric Co.	Xerium Technologies, Inc.

In addition, we also consider data from compensation surveys published by leading compensation consultants and advisory firms including Mercer and Willis Towers Watson. The survey analysis targets companies of comparable size in the manufacturing sector, supplemented with general industry data as needed.

The analysis of both the peer group and published surveys includes review of target and actual base salary, annual bonus, long term compensation and total compensation.

Our Target Pay Mix

The total compensation package for our executive officers consists of base salary, annual incentives, long-term incentives and benefits. In determining both the target level of compensation and mix of compensation elements, we consider market practice, business objectives, expectations of our shareholders and our own subjective assessment of individual executives' performance, growth and future potential.

We have chosen a target mix of base salary, annual incentives and long term incentives that generally reflects our peer industrial companies, with actual pay mix based on the performance of our Company and of the individual. Peer company practices will continue to be monitored as one reference point as we make decisions regarding target pay mix. However, we will also continue to make strategic decisions based on our unique business objectives and circumstances, which may differ from peer company practices and circumstances.

We believe the current target pay mix achieves several important objectives: it supports a strong pay-for-performance culture; it balances the focus on annual and long-term objectives in support of our business strategy; it satisfies the need for flexibility to motivate and reward exceptional performance; and it maximizes tax deductibility of compensation.

The following table shows the dollar values and pay mix percentages of our fiscal year 2017 target direct pay opportunities for our NEOs:

Executive Officer	Base Salary (\$)	Annual Incentive Target Opportunity (\$)	Total Cash Compensation Opportunity (\$)	Long-Term Incentive Target Opportunity (\$)	Total Target Pay Opportunity (\$)
Mark D. Morelli, President and CEO	675,000 27%	675,000 27%	1,350,000 54%	1,181,250 (1) 46%	2,531,250 100%

Ivo Celi, Vice President - EMEA	285,093 42%	142,546 21%	427,639 63%	256,584 37%	684,223 100%
Gregory P. Rustowicz, Vice President – Finance and Chief Financial Officer	348,500 37%	174,250 19%	522,750 56%	418,200 44%	940,950 100%
Kurt F. Wozniak, Vice President - Americas	294,500 42%	147,250 21%	441,750 63%	265,050 37%	706,800 100%
Timothy T. Tevens, Former President and CEO	730,000 27%	730,000 27%	1,460,000 54%	1,277,500 46%	2,737,500 100%

(1) Mr. Morelli also received a sign-on grant of \$1,200,000 upon joining the Company as further outlined below. He did not receive a regular annual Long-Term Incentive grant in fiscal 2017, but rather his first regular annual Long-Term Incentive grant was made in May 2017.

Factors Considered in Making Compensation Decisions

Actual compensation levels are a function of Company and individual performance as described under each specific compensation element below. When making pay decisions, the Compensation Committee considers the competitiveness of individual elements of compensation, as well as the aggregate sum of base salary, annual incentives and the expected value of long-term incentives (determined at grant) for an executive officer. Awards are generally prorated if an NEO is promoted during the year, based on the timing of the promotion. The Compensation Committee may also consider salary increase history, past incentive awards and past equity awards as context in understanding year-to-year changes in compensation and retention effect of prior awards. Under the Annual Incentive Plan and Performance RSU grant, initial awards are determined based upon target values established for each of the NEOs and then adjusted upon comparison of actual performance to pre-established criteria. The Compensation Committee retains the discretion to decrease the size of individual awards in situations where an executive officer's individual performance falls below expectations. Final decisions on any major element of compensation, as well as total compensation for executive officers, are made by the Compensation Committee or the Board of Directors. Our Compensation Committee is comprised entirely of non-associate Directors and our CEO does not participate in discussions related to his compensation when presented to the Board of Directors.

The compensation program is generally applied consistently to NEOs. Exceptions related to CEO compensation are noted throughout this report.

The Compensation Committee's Position on Compensation and Excessive Risk

In establishing the structure and levels of executive compensation, the Compensation Committee has been mindful of the potential for risk taking by management to achieve certain target or above target incentives. The Compensation Committee has sought to balance fixed and variable compensation, short-term and long-term compensation, the performance metrics used in determining incentive compensation and the level of in-service and post-retirement benefits to mitigate unnecessary or excessive risk taking. Additionally, the Company has adopted policies and programs which encourage management not to take excessive risks including:

A minimum Earnings Before Interest and Taxes (EBIT) trigger, which must be satisfied before any payouts can be made under the Annual Incentive Plan;
 Stock Ownership guidelines for all officers; and
 a comprehensive Clawback Policy.

Components of Compensation

Base Salary

Base salary provides a fixed amount of compensation appropriate to attract and retain key executives and to underpin the cyclic nature of our business that can cause fluctuations in variable compensation from year to year. The Compensation Committee reviews base salaries on an annual basis, recommends adjustments to the CEO's and CFO's salaries to the Board of Directors and approves adjustments for other NEOs. Salary adjustments are based on an assessment of the individual executive's performance and our goal of achieving market parity with the salaries of executives in the competitive market, recognition of promotion or other increases in responsibility, the scope of the executive's role relative to our other executives and the general economic environment impacting the Company.

History of salary increases may also be reviewed and considered. Mid-year adjustments are considered when there is a significant change in the executive's role or responsibility.

The Compensation Committee has recommended that any adjustments to salary for an executive officer will depend upon a formal annual review of job performance, accomplishments and progress toward individual and/or overall goals and objectives for each segment of our business that such executive officer oversees, as well as his or her contributions to our overall direction. Long term growth in shareholder value is an important factor. The results of executive officers' performance evaluations, as well as their demonstration and support of the Company's values, including strong ethics, leadership and sound corporate governance, form a part of the basis of the Compensation Committee's decision to approve, at its discretion, or recommend to the Board for the CEO and CFO, future adjustments in base salaries of our executive officers.

The Committee approved the following base salary adjustments effective April 1, 2017 for our NEOs:

Executive Officer (1)	Base Salary (\$)	FY 2017 Base Salary Adjustments (\$)	FY 2017 Base Salary (\$)	Percentage Increase	
Gene P. Buer, Vice President - Solutions Group	298,700	5,800	304,500	1.9%	
Ivo Celi, Vice President - EMEA	283,683	1,410	285,093	0.5%	(2)
Gregory P. Rustowicz, Vice President – Finance and Chief Financial Officer	335,075	13,425	348,500	4.0%	
Kurt F. Wozniak, Vice President - Americas	286,000	8,500	294,500	3.0%	
Timothy T. Tevens, Former President and CEO	718,468	11,532	730,000	1.6%	

(1) Mr. Morelli's base salary information was outlined in his Employment Agreement, dated February 23, 2017 and further discussed below.

(2) Dr. Celi is paid in Swiss Francs and amounts are converted to United States Dollars based on the foreign currency spot rate in effect on March 31, 2017.

Annual Incentive Plan

The purpose of the Annual Incentive Plan is to attract, motivate, reward and retain highly qualified executives on a competitive basis and provide financial incentives that promote Company success.

At the beginning of each fiscal year, our Compensation Committee recommends, and our Board approves, the key measures or "Drivers" for the Annual Incentive Plan. The Annual Incentive Plan focuses on the short-term goals that are most important to our success over the fiscal year and that are generally within the control of the participants. It is the policy and ongoing intention of our Board of Directors to establish targeted performance levels for each Driver at the beginning of the fiscal year or the start of the respective performance period. Targeted performance levels are generally set for our Company as a whole, but may also encompass individual business units, groups, divisions, or individual performance levels, as appropriate. Drivers and targeted performance levels are based on the Board of Directors' assessment of our priorities, outlook, current and projected economic conditions and other pertinent factors, and are intended to be challenging, but achievable with significant and effective effort. The Board of Directors reviews audited year-end results to determine whether targeted performance levels have been met. The Board of Directors retains discretion to cap, reduce, or eliminate payments under the Annual Incentive Plan.

The Board of Directors also determines the weighting to be assigned to each Driver. For most Drivers, goals are set at threshold, target and maximum levels. Payouts for these Drivers are determined by multiplying the appropriate weighting by the percentages outlined in the table below; linear interpolation is used to determine percentages when performance falls between levels. The aggregate payout to any NEO may not exceed 200% of target.

Driver Performance Level	Percentage of Target (to be multiplied by weight for each Driver)
Maximum Performance Level (or higher)	200%
Target Performance Level	100%
Threshold Performance Level	25%
Below Threshold Performance Level	0%

Fiscal Year 2017 Annual Incentive Plan Design

The Annual Incentive Plan (AIP) for fiscal year 2017 was designed to help us focus on increasing profitability while managing our strategic priorities to position the Company for longer term profitable growth. For fiscal 2017, forty percent (40%) of our NEOs' target was based on EBIT at the Consolidated level, forty percent (40%) was based on Revenue at the Consolidated level and the remaining twenty percent (20%) of our NEOs' target was based upon a shared strategic measure. Drivers and associated weightings for fiscal year 2017, which were established by the Board of Directors for each executive officer, are shown below. Our CEO has the ability to assign an individual performance factor to each of the individual NEOs, other than CEO, of up to 25% up or down based upon his evaluation of their individual performance. Lastly, no AIP will be earned unless Consolidated EBIT is positive.

Financial Measures and Weights – 80% of Plan

Fiscal 2017 Drivers (April 1, 2016 to March 31, 2017)	Mark D. Morelli	Gene P. Buer	Ivo Celi	Gregory P. Rustowicz	Kurt F. Wozniak
Consolidated EBIT	40%	40%	40%	40%	40%
Consolidated Revenue	40%	40%	40%	40%	40%

Strategic Measures and Weights – 20% of Plan

For fiscal year 2017, strategic measures for the executive team included one common measure. The common measure focused on Consolidated Free Cash Flow.

(1) Mr. Morelli's AIP award is prorated based on 32 days of employment in Fiscal Year 2017.

Long Term Incentives

The objectives of our long term incentive program are to:
 link executive compensation and our long term performance;
 better align key associates with our business strategies and with our shareholders' interests; and
 provide opportunity for long term compensation that is competitive with peer companies and sufficient to attract and retain executive talent to effectively manage our business objectives.

In developing target levels for long term incentive compensation for NEOs in conjunction with our current equity-based compensation strategy, the following factors were considered:

a competitive analysis;
 the impact of the NEOs' roles within our Company; and
 the cost and share usage associated with the proposed plan.

Target long term incentives (as a percentage of salary) are as follows:

Executive Officer	Long Term Incentive Target (% of Base Salary)
Mark D. Morelli, President and CEO	175%
Gene P. Buer, Vice President - Solutions Group	90%
Ivo Celi, Vice President - EMEA	90%
Gregory P. Rustowicz, Vice President - Finance and Chief Financial Officer	120%
Kurt F. Wozniak, Vice President - Americas	90%

The target long term incentive mix for our NEOs consists of non-qualified stock options (one-third of target value), restricted stock or RSUs (one-third of target value), and performance RSUs (one-third of target value). Dollar values are converted to share numbers based on an estimate of expected value at initial grant.

The following tables summarize the equity granted as part of the NEOs' annual compensation for fiscal year 2017.

Executive Officer	Target Number of Performance RSUs ⁽¹⁾	Options Granted	RSUs Granted
Mark D. Morelli, (2) President and CEO	—	68,105	22,305
Gene P. Buer, Vice President - Solutions Group	5,940	18,567	5,940
Ivo Celi, Vice President - EMEA	5,808	18,155	5,808
Gregory P. Rustowicz, Vice President - Finance and Chief Financial Officer	9,064	28,333	9,064
Kurt F. Wozniak, Vice President - Americas	5,744	17,957	5,744
Timothy T. Tevens, Former President and CEO	27,687	86,551	27,687

(1) Grant represents target value for fiscal year 2017 and was granted on July 18, 2016.

Mr. Morelli also received a sign-on grant of \$1,200,000 upon joining the Company as further outlined below. He (2) did not receive a regular annual Long-Term Incentive grant in fiscal 2017, but rather his first regular annual Long-Term Incentive grant was made in May 2017.

Stock Options and RSUs

Stock options are included to align management and shareholder interest by encouraging decisions and actions that result in long term stock appreciation and ownership interest for management. In order to support retention and align executives with our stock performance over a longer horizon, grants generally vest 25% per year commencing on the first anniversary of the grant date and remain exercisable for 10 years from the date of grant.

RSUs are designed to support executive retention and share ownership. In order to support retention and align executives with our stock performance over a longer horizon, RSUs vest 25% annually over the 1st through 4th anniversary from the grant date of awards.

Performance Restricted Stock Units

Grants of performance RSUs are made annually, with vesting dependent upon performance achieved. Fiscal year 2017 performance is based upon the two year Consolidated Net Revenue performance with final vesting of the award on the third anniversary of the grant. Actual vesting of the awards and their ultimate value will be determined by Consolidated Net Revenue results.

For fiscal year 2017, performance shares are subject to adjustment based on the performance and payout relationship as illustrated in the table below:

28

Driver Performance Level	FY17-18 Consolidated Net Revenue Targets	Percentage of Target
Meet Target in Fiscal Years 2017-18	\$1,373.5 Million	100%
Meet Target in Fiscal Years 2018-19	\$1,373.5 Million	75%
Does not meet target in either of the two consecutive year periods (FY17-18 or FY18-19)	< \$1,373.5 Million	0%

The performance adjusted amounts are reflected in the Outstanding Equity Awards at Fiscal Year-End table contained in this proxy.

The long term incentive strategy is designed to support our business strategy and the interests of our shareholders. Where possible, the program has been designed such that long term incentives can qualify as performance-based compensation so that the expense associated with the program is fully deductible for federal income tax purposes. Stock options and performance RSUs are expected to qualify as performance-based compensation.

Stock Option Granting Practices

The exercise price for any stock option is equal to the fair market value on the date of grant, which is an average of the high and low price on the date of grant. The date of grant is the date of the Board of Directors' meeting at which the award is approved.

Retirement and Deferred Compensation

Retirement benefits provided to eligible U.S.-based NEOs are the same as those provided to our other full-time, salaried U.S.-based associates. Retirement programs are designed to provide a competitive benefit to associates while allowing the Company to manage costs.

The Columbus McKinnon Corporation Monthly Retirement Benefit Plan, a qualified defined benefit pension plan (the "Pension Plan"), provides an annual benefit at age 65 equal to the product of (i) 1% of the participant's final average earnings (which is generally equal to the higher of (a) the average 12-consecutive month earnings during the last consecutive 60 months prior to retirement or (b) the average 12-consecutive month earnings during any 60-consecutive month period within the last 120 months prior to retirement) plus 0.5% of that part, if any, of final average earnings in excess of social security covered compensation, multiplied by (ii) such participant's years of credited service, limited to 35 years. Effective March 31, 2012, the Pension Plan was frozen to new entrants and to participants with less than 65 combined age and service points. Participants who had attained 65 combined age and service points at March 31, 2012 continue to accrue benefits.

We also maintain a 401(k) retirement savings plan covering non-union U.S.-based associates. Highly compensated associates were eligible to contribute up to approximately 8% of annual cash compensation (base salary and payments under the Annual Incentive Plan), subject to limits set by the Internal Revenue Code. The Company matching contribution for fiscal year 2017 was between 25% and 100% of associate contributions up to 6% based on years of service. Associates who are not grandfathered in the Pension Plan are also eligible for a core contribution equal to 2% of eligible wages.

We maintain an Employee Stock Ownership Plan for the benefit of our U.S.-based, non-union associates including our U.S.-based NEOs. This Plan is considered a retirement benefit by the Company in conjunction with its defined benefit pension and 401(k) retirement savings plans. Effective January 1, 2012, this Employee Stock Ownership Plan has

been closed to new participants. The final ESOP allocation was made on March 31, 2015. All participants are 100% vested and no future contributions will be made to the plan.

We maintain a non-qualified deferred compensation plan (the "NQDC Plan") under which eligible participants (including our Directors and U.S.-based NEOs) may elect to defer a portion of their cash compensation. The NQDC Plan offers a company match and core contributions consistent with the benefits each individual is eligible for in our qualified 401(k) plan. Participants may defer up to 75% of their base salary and up to 100% of annual short-term and long-term incentive cash compensation. Payment of balances will occur in accordance with Internal Revenue Code Section 409A requirements.

Stock Ownership

Consistent with our objective of aligning management's interests with shareholders, we have established stock ownership requirements for all corporate and operating officers to maintain or accumulate minimum ownership levels of the Company's Common Stock. Executives are required to retain a portion of their equity compensation upon vesting in shares or exercise of options. The portion that each executive must continue to hold is described as the retention ratio which is applied to the after-tax shares received by the executive. If the value of shares held by an executive exceeds a specified multiple of base salary, the executive is no longer subject to the retention ratio requirement with respect to additional after-tax shares received by the executive. Each NEO is currently subject to the retention ratio requirement.

The following table summarizes the ownership guidelines, as well as the respective retention ratio, for executives.

Position / Title	Multiple of Base Salary	Retention Ratio
Chief Executive Officer	5X	50%
Chief Financial Officer	4X	50%
Other Executive Committee Members (1)	3X	50%
Other Officers	2X	40%

(1) Messrs. Buer, Celi, and Wozniak are Executive Committee Members.

Other Benefits and Perquisites

We provide very limited perquisites and other compensation to our NEOs. Instead, as previously discussed, we have elected to provide competitive fixed compensation through salary and benefits with opportunity for additional compensation through variable compensation based primarily on Company performance.

NEOs may participate in benefit plans that are offered generally to salaried U.S.-based associates such as those described above, as well as short and long term disability, life insurance, health and welfare benefits, and paid time off.

Because the market for executive talent is national and, in some cases global, we may recruit globally to obtain top talent. We may elect to pay relocation costs for associates who are required to relocate in connection with their employment (including NEOs) to minimize any financial detriment to the associate.

Under limited circumstances, we provide certain perquisites to recruit individuals to key positions with the Company and to officers that expatriate to another country for work on the Company's behalf.

Employment and Change-In-Control Agreements

Employment Agreements

With the exception of Mr. Morelli and Dr. Celi, the Company has no employment agreements with its NEOs, but does provide the NEOs with eligibility for severance benefits under our general severance policy upon delivery of an

acceptable release of legal claims, i.e., severed associates are paid one week of their base salary for every year of service at the Company.

Mr. Morelli's agreement, entered into in February 2017, has a fixed term of three years and is then automatically renewed annually on the anniversary date for an additional one-year term unless the Company gives Mr. Morelli written notice prior to the anniversary date of its intention not to extend the term. Mr. Morelli's salary may be reviewed from time to time by the Board but shall not be less than \$675,000 per year. Mr. Morelli participates in our Annual Incentive Plan in an amount to be set by the Board but his Target Annual Bonus shall not be less than 100% of his base salary. Additionally, Mr. Morelli participates in our Long Term Incentive Program at the discretion of the Company but the annual Long Term

Incentive opportunity shall be no less than 175% of his base salary. Mr. Morelli's agreement also contains various restrictive covenants relating to non-competition, non-solicitation, and the protection of confidential information and non-disclosure.

Finally, in the event of a termination of Mr. Morelli's employment by the Company without Cause or by Mr. Morelli for Good Reason during the Employment Period, as such terms are defined in his Employment Agreement, Mr. Morelli is entitled to receive, (a) his Base Salary through the Date of Termination, to the extent not previously paid, (b) reimbursement for any unreimbursed business expenses incurred by Mr. Morelli prior to the Date of Termination, (c) accrued but unused paid time off as of the Date of Termination, and (d) if Mr. Morelli executes and delivers a Release and Discharge of All Claims substantially in a form approved by the Company, he shall be entitled to the following payments and benefits: (i) two times (2x) the sum of (x) his Base Salary, and (y) the Target Annual Bonus for the year of termination, (ii) a pro rata bonus amount of Annual Bonus for the year of termination, (iii) a cash payment equal to twenty-four (24) months times the monthly cost Mr. Morelli would incur if he elected to receive COBRA coverage under all Company group health care plans under which he is receiving coverage at the time of termination, (iv) automatic vesting in all employee welfare and benefit plans in which he is participating as of the Date of Termination, and (v) unless otherwise provided in an equity award agreement, full vesting as of the Date of Termination in any and all equity awards held by Mr. Morelli immediately prior to the Date of Termination.

Dr. Celi's agreement, entered into in 2009, does not have a fixed term and may be terminated by either party upon delivering written notice at least six months prior to the end of a calendar quarter. Dr. Celi's salary is reviewed and may be adjusted annually. Dr. Celi also participates in our Annual Incentive Plan and Long Term Incentive Program. Dr. Celi's agreement contains various restrictive covenants relating to the protection of confidential information and non-disclosure.

Change-In-Control Agreements

We have entered into change in control agreements with our NEOs and certain other of our officers and associates. The intent of these agreements is to provide executive officers with financial security in the event of a change in control to facilitate a transaction which may benefit shareholders but result in job loss to executives. With the exception of Mr. Morelli's change in control agreement, the change in control agreements provide for an initial term of one-year, which, absent delivery of notice of termination, is automatically renewed annually for an additional one year term. Mr. Morelli's Change in Control Agreement, entered into in February 2017, has an initial term through October 2020, and is then automatically renewed annually on November 1st for an additional one-year term, absent delivery of notice from the Company.

Generally, each of the NEOs is entitled to receive, upon termination of employment within six months preceding or 24 months after a change in control of our Company (unless such termination is because of death, disability, for cause or by the officer or associate other than for "good reason," as defined in the change in control agreements), (i) a lump sum severance payment up to three times the sum of (a) his or her annual salary and (b) the greater of (1) the annual target incentive under the Annual Incentive Plan in effect on the date of termination and (2) the annual target incentive under the Annual Incentive Plan in effect immediately prior to the change in control, (ii) a lump sum payment, in cash, equal to thirty-six (36) times the monthly cost of continued coverage if COBRA is elected under the Company group health plans, (iii) a lump sum payment equal to the actuarial equivalent of the pension payment which he or she would have accrued under our tax-qualified retirement plans had he or she continued to be employed by us for three additional years, (iv) unless otherwise provided in an equity award agreement, all options, restricted shares or units and performance shares or units become fully vested and (v) certain other specified payments.

Aggregate "payments in the nature of compensation" (within the meaning of Section 280G of the Internal Revenue Code) payable to any executive under the change in control agreements is limited to the amount that is fully

deductible by us under Section 280G of the Internal Revenue Code less one dollar. The events that trigger a change in control under these agreements include (i) the acquisition of 20% or more of our outstanding common stock by certain persons, (ii) certain changes in the membership of our Board of Directors, (iii) certain mergers or consolidations, (iv) certain sales or transfers of substantially all of our assets and (v) the approval by our shareholders of a plan of dissolution or liquidation.

Clawback Policy

In October 2009, the Compensation Committee adopted a Clawback Policy applicable to our executive officers and certain other associates. Under the policy, in the event of (i) a material restatement of our consolidated financial statements, other than any restatement required pursuant to a change in applicable accounting rules or (ii) a violation of a

31

confidentiality, non-solicitation, non-competition, or similar restrictive covenant or (iii) a covered person engages in willful fraud that causes harm to our Company, (collectively (i), (ii) and (iii) is referred to as "Detrimental Conduct"), which Detrimental Conduct occurs either during employment with our Company or after such employment terminates for any reason, our Board of Directors or the Compensation Committee may, to the extent permitted by law and to the extent it determines that it is in our best interests to do so, in addition to all other remedies available, require reimbursement or payment by the covered person of:

Any amount (whether in cash or property) paid, payable or realized (including, but not limited to option exercises) under any plan or program providing for incentive compensation, equity compensation or performance-based compensation ("Covered Plans") received by any covered person on or after October 19, 2009 that would not have been received had the consolidated financial statements that are the subject of such restatement been correctly stated (except that the Board or Compensation Committee shall have the right to require reimbursement of the entire amount of any such amount referenced above from any covered person whose fraud or other intentional misconduct, in the Board's or Committee's judgment, alone or with others caused such restatement); and

Any amount (whether in cash or property) paid, payable or realized (including, but not limited to, option exercises) by a covered person under a Covered Plan if the Board or Compensation Committee determines that covered person engaged in Detrimental Conduct even in the absence of a subsequent restatement of our financial statements.

The Board or the Compensation Committee has sole and absolute discretion not to take action upon discovery of Detrimental Conduct, and its determination not to take action in any particular instance shall not in any way limit its authority to terminate participation of a covered person in a plan.

Tax and Accounting Considerations

The Compensation Committee has considered the implications of Section 162(m) of the Internal Revenue Code in making decisions concerning compensation design and administration. The Compensation Committee views tax deductibility as an important consideration and intends to maintain deductibility wherever possible, but also believes that our business needs should be the overriding factor of compensation design. Therefore, the Compensation Committee believes it is important to maintain flexibility and has not adopted a policy requiring that specific programs meet the requirements of performance-based compensation under Section 162(m). Nevertheless, we believe that all compensation provided to the NEOs for fiscal year 2017 is substantially deductible. The Committee also considers tax implications for executives and structures its compensation programs to comply with Section 409A of the Internal Revenue Code. Accounting and cost implications of compensation programs are considered in program design; however, the main factor is alignment with our business needs.

The following table sets forth the cash compensation, as well as certain other compensation earned during the years ended March 31, 2017, 2016 and 2015, for the Company's Chief Executive Officer, Chief Financial Officer and each of its three other most highly compensated executive officers who received annual compensation in excess of \$100,000:

Mr. Morelli's Salary and Non-Equity Incentive Plan Compensation are prorated to his hire date of February 28, (1) 2017. Mr. Morelli also received a sign-on grant of \$1,200,000 in Stock and Option Awards upon joining the company.

The amounts shown in this column reflect the aggregate grant date fair value for restricted stock units and performance shares granted in the year indicated under our Long Term Incentive Plan. However, for purposes of this table, estimates of forfeitures have been removed. The grant date fair value for each restricted stock unit is (2) equal to the market price of our common stock on the date of grant. The assumptions used in valuing the performance shares are described in Note 15 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended March 31, 2017 filed with the Securities and Exchange Commission on June 1, 2017. The maximum amount that may be earned is equal to target.

The amounts shown in this column reflect the aggregate grant date fair value for non-qualified stock options to purchase our common stock granted in the year indicated under our Long Term Incentive Plan. However, for purposes of this table, estimates of forfeitures have been removed. A Black-Scholes (3) valuation approach has been chosen for these calculations. The assumptions used in valuing these grants are described in Note 15 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended March 31, 2017 filed with the Securities and Exchange Commission on June 1, 2017.

Messrs. (5) Morelli, Celi and Rustowicz are not covered by a Company-sponsored pension plan. In addition, the Company sponsors a non-qualified defined contribution plan of deferred compensation. Participation is detailed in the Non-Qualified Deferred Contribution Plan table.

(6) For Mr. Buer, consists of matching contributions under the Columbus McKinnon Thrift 401(k) plan.

(7) Dr. Celi is paid in Swiss Francs and amounts are converted to United States Dollars based on the foreign currency spot rate in effect on March 31, 2017.

(1) The grant date is the date on which the equity awards were approved by our Board of Directors. The grant date for Mr. Morelli is his hire date.

(2) Represents the potential payout range under the Annual Incentive Plan discussed above. The final fiscal year 2017 payout can be found in the Summary Compensation Table in the column entitled "Non-Equity Incentive Plan Compensation." Mr. Morelli's award is prorated to his hire date.

(3) Represents the potential payout range related to performance shares awarded to NEOs on the grant date, subject to achievement of performance targets. The performance shares are earned based upon the consolidated net revenue performance for the period beginning April 1, 2016 and ended March 31, 2019. Each performance share will be settled in a share of our common stock.

(4) Represents per-share exercise price of the options and is equal to the average of the high and low price on the grant date.

(5) Amounts in this column reflect the aggregate grant date fair value of the equity awards. The grant date fair value for each performance share and restricted stock unit is equal to the average of the high and low market price of our common stock

on the date of grant. A Black-Scholes valuation approach has been utilized for valuing the options. The assumptions used in valuing these awards are described in Note 15 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended March 31, 2017 filed with the Securities and Exchange Commission on June 1, 2017.

(6) Represents Mr. Morelli's sign-on grant in the amount of \$1,200,000 upon joining the company. He did not receive a regular annual Long-Term Incentive grant in fiscal 2017.

(7) Represents RSUs granted under the fiscal year 2017 long-term incentive program which vest at a rate of 25% per year beginning one year from the date of grant, except that RSUs may vest earlier in the event of death, disability, retirement, or change in control.

(8) Represents the number of shares of our common stock underlying options awarded to the NEOs on the grant date. The options vest at a rate of 25% per year beginning one year from the date of grant, except that options may vest earlier in the event of death, disability, retirement or change in control. They expire 10 years from the date of grant, or earlier in the event of death, disability or retirement. The grant date fair value of option awards is \$4.92 per share based on the Black Scholes valuation as described in Note 15 to our consolidated financial statements included in our Annual Report in Form 10-K for the year ended March 31, 2017 filed with the Securities and Exchange Commission on June 1, 2017.
