What is the purpose of the Annual Meeting?

The matters to be voted upon at the Annual Meeting are:

- (1) To re-elect three directors;
- (2) To ratify the appointment of KMJ Corbin & Company LLP as the independent registered public accounting firm of the Company and its subsidiary for the fiscal year ending March 31, 2010;

(6) To approve the Company's 2009 Stock Incentive Plan; and

(7) To transact such other business as may properly come before the meeting or any adjournment thereof.

Why am I being provided with these materials?

Owners of record of the Company's common stock as of the close of business on Tuesday, September 8, 2009 (the "Record Date") are entitled to vote in connection with the Annual Meeting. As a stockholder, you are requested to vote on the items of business described in this Proxy Statement. This Proxy Statement describes the items presented for stockholder action at our Annual Meeting and includes information required to be disclosed to stockholders.

Who can vote in connection with the Annual Meeting?

You may vote if you were the record owner of the Company's common stock as of the close of business on the Record Date. Each share of common stock is entitled to one vote. As of August 21, 2009, there were 46,619,884 shares of common stock outstanding and entitled to vote.

How do I vote?

There are several ways to cast your vote:

- You may vote over the Internet, by going to www.proxyvote.com. You will need to type in the Control Number indicated on your Proxy Card and follow the instructions.
- You may vote over the telephone, by dialing 1-800-690-6903 and follow the recorded instructions. You will need the Control Number indicated on your Proxy Card.
- You may vote by mailing in the Proxy Card ballot. To vote by mail using the enclosed Proxy Card (if you received a printed copy of these proxy materials by mail or if you printed a Proxy Card off the Internet), you will need to complete, sign and date your Proxy Card and return it promptly in the envelope provided to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717
- You may vote in person, at the commencement of the Annual Meeting.

How does the Board recommend that I vote my shares?

Unless you give other instructions through your proxy vote, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board. For the reasons set forth in more detail later in the Proxy Statement, the Board recommends the following:

- Proposal 1: The Board recommends a vote "FOR";
- Proposal 2: The Board recommends a vote "FOR";
- Proposal 3: The Board recommends a vote "FOR";
- Proposal 4: The Board recommends a vote "FOR";
- Proposal 5: The Board recommends a vote "FOR"; and
- Proposal 6: The Board recommends a vote "FOR".

We encourage all stockholders to vote their shares. If you own your shares in "street name" and do not instruct your broker or other record owner of the shares as to how to vote, such broker or other record owner may vote your shares pursuant to its discretionary authority, at least with respect to Proposals 1 thru 5.

What types of votes are permitted on each Item?

Edgar Filing: Cryoport, Inc. - Form DEF 14A

- Proposal 1: You may either vote “FOR” all the nominees to the Board, you may “WITHHOLD” for all nominees, or you may “WITHHOLD” your vote from any nominee you specify.
- Proposal 2: You may vote “FOR,” “AGAINST” or “ABSTAIN”.
- Proposal 3: You may vote “FOR,” “AGAINST” or “ABSTAIN”.
- Proposal 4: You may vote “FOR,” “AGAINST” or “ABSTAIN”.
- Proposal 5: You may vote “FOR,” “AGAINST” or “ABSTAIN”.
- Proposal 6: You may vote “FOR,” “AGAINST” or “ABSTAIN”.

If you vote “WITHHOLD” (in the case of Proposal 1 above) or “ABSTAIN” (in the case of Proposals 2 thru 6 above) your vote will not be counted towards the vote total for such Item.

How many votes are needed to approve each Item?

- Proposal 1: The three nominees receiving the most “FOR” votes will be elected.
- Proposal 2: There must be a “FOR” vote from the majority of votes cast.
- Proposal 3: There must be a “FOR” vote from the majority of outstanding shares of common stock.
- Proposal 4: There must be a “FOR” vote from the majority of outstanding shares of common stock.
- Proposal 5: There must be a “FOR” vote from the majority of outstanding shares of common stock.
- Proposal 6: There must be a “FOR” vote from the majority of votes cast.

The Board will be elected by a favorable vote of a plurality of the shares of common stock present and entitled to vote, in person or by proxy, at the Annual Meeting. Accordingly, abstentions and broker non-votes as to the election of directors will not be counted in determining which nominees received the largest number of votes cast.

What constitutes a quorum?

To carry on the business of the meeting, we must have a quorum. A quorum is present when a majority of the outstanding shares, as of the Record Date, is represented in person or by proxy. Shares owned by the Company are not considered outstanding or present at the Annual Meeting. Shares that are entitled to vote but that are not voted at the direction of the beneficial owner (called abstentions) and votes withheld by brokers in the absence of instructions from beneficial owners (called broker non-votes) will be counted for the purpose of determining whether there is a quorum for the transaction of business at the meeting.

What are broker non-votes?

Broker non-votes occur with respect to shares held in “street name”, in cases where the record owner (for instance, the brokerage firm or bank) does not receive voting instructions from the beneficial owner and does not have discretionary voting authority with respect to those shares. Broker non-votes, as well as “ABSTAIN” votes will each be counted towards the presence of a quorum but will not be counted towards the vote total for any Proposal.

What if my shares are not registered directly in my name but are held in “street name”?

If at the Record Date your shares were held in “street name” (for instance, through a brokerage firm or bank), then you are the beneficial owner of such shares, and such shares are not registered directly in your name. The organization holding your account is considered the stockholder of record for purposes of the Annual Meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares in your account. You will receive the notice and other proxy materials if requested, as well as voting instructions, directly from that organization.

If I am a beneficial owner of CryoPort shares, how do I vote?

If you are a beneficial owner, you will need to follow the voting instructions provided to you by the organization holding your account (for instance, your brokerage firm). To request documents or if you have any questions about voting, you will need to contact your broker. As a beneficial owner, if you would like to vote in person at the Annual Meeting, you must obtain a Legal Proxy from your broker or other applicable registered owner of your shares, in advance of the Annual Meeting.

Can I dissent or exercise rights of appraisal?

Neither Nevada law nor our Amended and Restated Articles of Incorporation or Bylaws provide our stockholders with dissenters' or appraisal rights in connection with any of the proposals to be presented at the Annual Meeting. If the proposals are approved at the Annual Meeting, stockholders voting against such proposals will not be entitled to seek appraisal for their shares.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of our common stock that you owned as of the close of business on the Record Date.

How are the votes counted?

All votes will be tabulated by the inspector of election appointed for the Annual Meeting who will separately tabulate affirmative and negative votes and abstentions. Any information that identifies a stockholder or the particular vote of a stockholder is kept confidential.

Will stockholders be asked to vote on any other matters?

The Board is not aware of any other matters that will be brought before the stockholders for a vote. If any other matters properly come before the meeting, the proxy holders will vote on those matters in accordance with the recommendations of the Board or, if no recommendations are given, in accordance with their own judgment. Stockholders attending the Annual Meeting may directly vote on those matters or they may vote by proxy.

How many Annual Reports and proxy statements are delivered to a shared address?

If you and one or more holders of our common stock share the same address, it is possible that only one Proxy Statement and Annual Report was delivered to your address. This is known as "householding." We will promptly deliver a separate copy of either document to you if you call or write us at our principal executive offices, 20382 Barents Sea Circle, Lake Forest, California 92630 Attn: Catherine Doll, Assistant Secretary, telephone: (949) 470-2300. If you want to receive separate copies of the Proxy Statement or Annual Report to stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address and telephone number.

What does it mean if I receive more than one Notice or Proxy Card?

If you receive more than one Proxy Card, your shares are owned in more than one name or in multiple accounts. In order to ensure that all of your shares are voted, you must follow the voting instructions included in each Proxy Card.

Can I change or revoke my vote after I submit my proxy?

Even after you have submitted your Proxy Card or voted by telephone or by Internet, you may change or revoke your vote at any time before the proxy is exercised by filing with our Secretary either a notice of revocation or a signed Proxy Card bearing a later date. The powers of the proxy holders will be suspended with respect to your shares if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

Who pays the cost of proxy solicitation?

The Board is soliciting the enclosed proxy. The Company bears the cost of the solicitation of proxies. The Company may solicit consenting stockholders over the Internet, by telephone or by mail. We will request banks, brokerage houses, nominees and other fiduciaries nominally holding shares of our common stock to forward the proxy soliciting materials to the beneficial owners of such common stock and to obtain authorization for the execution of proxies. We will, upon request, reimburse such parties for their reasonable expenses in forwarding proxy materials to the beneficial owners. In the event we decide to hire a service to solicit proxies, we would expect such service to cost less than \$10,000 plus reasonable and approved out-of-pocket expenses.

PROPOSAL 1 – ELECTION OF DIRECTORS

The Board currently consists of three directors. Directors are elected on an annual basis. All of the current directors will stand for re-election at the Annual Meeting, to serve as a director until the 2010 Annual Meeting of the Stockholders or until their successors are duly elected and qualified or their earlier death, resignation or removal. The persons named on the proxy will vote to elect all of the nominees as directors for terms ending at the 2010 Annual Meeting of the Stockholders unless you withhold authority to vote for any or all of the nominees by voting to that effect or so voting in person. Each nominee has consented to serve as a director for the ensuing year. If one or more of the three nominees becomes unavailable to serve prior to the date of the Annual Meeting, the persons named as proxy holders will vote those shares for the election of such other person(s) as the Board may recommend, unless the Board reduces the total number of directors.

Directors are elected by a plurality of the shares represented at the Annual Meeting, whether in person or by proxy. Votes may be cast “FOR” all nominees, “WITHHOLD” for all nominees, or “WITHHOLD” as to specific nominees. The three nominees who receive the greatest number of votes cast “FOR” the election of such nominees shall be elected as directors.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR ELECTION OF EACH OF THE NOMINEES

BOARD INFORMATION AND DIRECTOR NOMINATION PROCESS

How often did the Board meet during the Company's fiscal year 2009?

During the fiscal year ended March 31, 2009 ("fiscal 2009"), there were eleven meetings of the Board as well as several actions taken with the unanimous written consent of the directors. None of our directors attended fewer than 75% of the meetings of the Board held during the director's service or of any committee on which the director served during fiscal 2009.

Do we have independent directors?

Our Board has affirmatively determined that two of the three current directors who have been nominated for re-election at the Annual Meeting are "independent" as such term is defined under NASDAQ Marketplace Rule 4200(a)(15) and the related rules of the Securities and Exchange Commission (the "SEC"), with Mr. Johnson and Mr. Michelin being determined to be independent.

Thomas S. Fischer, PhD, was a director since 2005 but resigned from the Board on July 14, 2009. Dr. Fischer was considered independent under NASDAQ rules. Gary C. Cannon was a director since 2005 but resigned from the Board on May 4, 2009. Mr. Cannon was considered independent under the NASDAQ rules. Stephen L. Scott was a director since 2005 but resigned from the Board on November 7, 2008. Mr. Scott was considered independent under the NASDAQ rules. Peter Berry was a director since 2002 but resigned from the Board effective July 30, 2009. Mr. Berry, who also served as our chief executive officer from December 2002 to February 2009, was not considered independent under NASDAQ rules.

How did the Board make its independence determinations?

The Company is quoted on the Over-The-Counter Bulletin Board system, which does not require director independence requirements. However, for purposes of determining director independence, we have applied the definitions set forth in NASDAQ Rule 4200(a)(15) which states, generally, that a director is not considered to be independent if he or she is, or at any time during the past three years was an employee of the Company; or if he or she (or his or her family member) accepted compensation from the Company in excess of \$120,000 during any twelve month period within the three years preceding the determination of independence. Accordingly, Mr. Stambaugh would not be considered to be an independent director.

What Committees has the Board established?

The Board has established an Audit Committee and a Compensation and Governance Committee.

Audit Committee. The Company's Board has a formally established Audit Committee and adopted an Audit Committee charter. The Audit Committee's charter is available on the Company's website at www.cryoport.com under the tab "Corporate Governance" which is found under the heading "Company". Information on the website does not constitute a part of this Proxy Statement. The Company has determined that Adam Michelin, Audit Committee Chairman, qualifies as an "audit committee financial expert" as defined in Item 401(h) of Regulation S-K of the SEC rules and is "independent" within the meaning of NASDAQ Rule 4200(a)(15). During the fiscal year ended March 31, 2009, Dr. Fischer and Mr. Scott comprised the remaining Audit Committee members. On November 7, 2008, Mr. Scott resigned his positions on the Board and Audit Committee and on July 14, 2009, Dr. Fischer resigned his positions on the Board and Audit Committee. On July 16, 2009, Mr. Johnson was appointed to the Audit Committee and he and Mr. Michelin continue to serve as members of the Audit Committee. During the year ended March 31, 2009, the Company's Audit Committee held two meetings. In addition, the Audit Committee regularly held discussions regarding the consolidated financial statements of the Company during Board meetings. The Audit Committee reviews the qualifications of the independent auditors, our annual and interim financial statements, the independent auditor's report, significant reporting or operating issues and corporate policies and procedures as they relate to accounting and financial controls.

Compensation and Governance Committee. The current members of the Compensation and Governance Committee (the "Compensation and Governance Committee") as appointed by the Board are Mr. Carlton M. Johnson, Jr., Chairman, and Mr. Adam Michelin. Mr. Cannon served as a member of the committee during the fiscal year but resigned as a director and committee member in May 2009.

The purpose of the Compensation and Governance Committee is to discharge the Board's responsibilities relating to compensation of the Company's directors and executives, to produce an annual report on executive compensation for inclusion in the Company's proxy statement, as necessary, and to oversee and advise the Board on the adoption of policies that govern the Company's compensation programs including stock and benefit plans. Each member of the committee satisfies the independence standards specified in Rule 4200(a)(15) of the NASDAQ Marketplace Rules and the related rules of the SEC. Each of the current members of the Compensation and Governance Committee is a "non-employee director" under Section 16 of the Exchange Act and an "outside director" for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). The Compensation and Governance Committee does not operate under a charter. The Compensation and Governance Committee met two times during fiscal 2009.

What are the Nominating Procedures and Criteria?

The Company does not have a formal nominating committee. The function of the nominating committee is handled by the Company's Compensation and Governance Committee. The Board does not believe that a nominating committee is necessary because the independent directors participate in the nominating process.

Director Qualifications. Persons nominated to the Board should have personal integrity and high ethical character. Candidates should not have any interests that would materially impair his or her ability to exercise independent judgment or otherwise discharge the fiduciary duties owed by a director to the Company and its stockholders. Candidates must be able to represent fairly and equally all stockholders of the Company without favoring any particular stockholder group or other constituency of the Company and must be prepared to devote adequate time to the Board and its committees. In selecting nominees for director, the Board will assure that:

-

The two directors currently comprising the Audit Committee satisfy the financial literacy requirements required for service on the Audit Committee; and

- At least one of the directors qualifies as an Audit Committee financial expert under the rules of the Securities and Exchange Commission.

Identifying Director Candidates. The Board utilizes a variety of methods for identifying and evaluating nominees to serve as directors. The Board has a policy of re-nominating incumbent directors who continue to satisfy the Board's criteria for membership and whom the independent directors believe continue to make important contributions to the Board and who consent to continue their service on the Board.

In filling vacancies of the Board, the independent directors will solicit recommendations for nominees from the persons the independent directors believe are likely to be familiar with (i) the needs of the Company and (ii) qualified candidates. These persons may include members of the Board and management of the Company. The independent directors may also engage a professional search firm to assist in identifying qualified candidates.

In evaluating potential nominees, the independent directors will oversee the collection of information concerning the background and qualifications of the candidate and determine whether the candidate satisfies the minimum qualifications required by the Board for election as director and whether the candidate possesses any of the specific skills or qualities that under the Board's policies must be possessed by one or more members of the Board.

The independent directors may interview any proposed candidate and may solicit the views about the candidate's qualifications and suitability from the Company's Chief Executive Officer and other senior members of management.

The independent directors will make their selections based on all the available information and relevant considerations. The independent directors' selection will be based on who, in the view of the independent directors, will be best suited for membership on the Board.

In making its selection, the independent directors will evaluate candidates proposed by stockholders under criteria similar to other candidates, except that the independent directors may consider, as one of the factors in their evaluation, the size and duration of the interest of the recommending stockholder in the stock of the Company. The independent directors may also consider the extent to which the recommending stockholder intends to continue to hold its interest in the Company, including whether the recommending stockholder intends to continue holding its interest at least through the time of the meeting at which the candidate is to be elected.

Stockholder Nominees. The Board will consider director nominee recommendations by stockholders, provided the names of such nominees, accompanied by relevant biographical information, are properly submitted in writing to the Secretary of the Corporation in accordance with the manner described for stockholder nominations under the heading "Stockholder Proposals for Annual Meeting." The Secretary will forward all recommendations to the independent directors. The acceptance of a recommendation from a stockholder does not imply that the independent directors will recommend to the Board the nomination of the stockholder recommended candidate.

STOCKHOLDER COMMUNICATIONS WITH THE BOARD

The Board allows stockholders to send communications to the Board through its Compensation and Governance Committee. All such communications, except those related to stockholder proposals discussed under the heading "Stockholder Proposals for Next Annual Meeting," must be sent to the Chairman of the Compensation and Governance Committee at the Company's offices at 20382 Barents Sea Circle, Lake Forest, CA 92630.

PROPOSAL 2 – RATIFY APPOINTMENT OF KMJ CORBIN AND COMPANY LLP AS COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board (the "Audit Committee") has selected KMJ Corbin and Company LLP to audit the Company's financial statements for Fiscal 2010. The Board, upon the recommendation of the Audit Committee, has

ratified the selection of KMJ Corbin and Company LLP as the Company's independent registered public accounting firm for Fiscal 2010, subject to ratification by the stockholders. KMJ Corbin and Company LLP has served in this capacity for each of the five (5) fiscal years ended March 31, 2009, and has reported on the Company's fiscal year 2009 consolidated financial statements. During the five (5) fiscal years, there were no disagreements between the Company and KMJ Corbin and Company LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure.

Representatives of KMJ Corbin and Company LLP are expected to be present at the meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Stockholder ratification of the selection of KMJ Corbin and Company LLP as the Company's independent auditors is not required by our Bylaws or otherwise. However, the Board is submitting the selection of KMJ Corbin and Company LLP to the stockholders for ratification as a matter of corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

PROPOSAL 3 – APPROVAL OF AMENDMENT TO AMENDED AND RESTATED ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

Our Amended and Restated Articles of Incorporation currently provide for authorized capital stock consisting of 125,000,000 shares of common stock, par value \$0.0001 per share. As of August 21, 2009, we had 46,619,884 shares of common stock issued and outstanding. In addition, on that date we had outstanding debentures and promissory notes convertible into up to an additional 14,010,060 shares of our common stock and outstanding stock options and warrants to purchase up to an additional 36,416,652 shares of our common stock. On August 31, 2009, our Board unanimously approved, subject to stockholder approval, an amendment to our Amended and Restated Articles of Incorporation to increase the number of authorized shares of common stock from 125,000,000 to 250,000,000 (the “Articles Amendment”).

Our Board believes that an increase in our common stock is advisable because such increase will provide us with the flexibility to meet business needs as they arise, to take advantage of favorable opportunities and to respond to a changing corporate environment.

The increased reserve of shares available for issuance would give us the flexibility of using common stock to raise capital and/or as consideration in acquiring other businesses. The increased reserve of shares available for issuance may be used to facilitate public or private financings. Our independent auditors included a “going concern” qualification in their audit report for our financial statements for the fiscal year ended March 31, 2009. We have previously stated in our recent annual and quarterly reports that if required operating funds cannot be generated by operations, we may need to, among other things, issue and sell shares of our common stock in either registered or unregistered offerings, or securities convertible into common stock in private transactions. While our Board is presently considering a registered public offering of our common stock, at this time we have no agreements in place for such a registered public offering or any other definitive plans or agreements in place for any other financing. Such transactions might not be available on terms favorable to us, or at all. We may sell common stock at prices less than the public trading price of our common stock at the time, or we may grant additional contractual rights to purchase our common stock not available to other holders of common stock, such as warrants to purchase shares of common stock.

We also may seek opportunities to add more expertise and proprietary products and services to further enhance our core capabilities through acquisitions of businesses. Such acquisitions may be effected using shares of common stock or other securities convertible into common stock and/or by using capital that may need to be raised by selling such securities. The current number of available authorized shares of common stock limits our ability to effect acquisitions of businesses using shares of our common stock or issuing shares to raise capital to fund such acquisitions or for other purposes. We do not have any agreement, arrangement or understanding at this time with respect to any specific acquisition for which the authorized shares would be issued.

In addition, the increased reserve of shares available for issuance may be used for our equity incentive plans for grants to our employees, consultants and directors, and those of our subsidiary. Our Board believes that it is critical to incentivize our officers and employees, and those of our subsidiary, to increase our revenues and profitability, and as a result, our market value, through equity incentive awards. Such equity incentive plans may also be used to attract and retain employees or in connection with potential acquisitions if we grant options to the employees of the acquired companies. Our Board believes that our ability to achieve our growth strategy may be impaired without additional shares of authorized common stock that could be used to provide such equity incentives.

The flexibility of our Board to issue additional shares of common stock could also enhance our ability to negotiate on behalf of our stockholders in a takeover situation and have an anti-takeover effect. The authorized but unissued shares of common stock could be used by our Board to discourage, delay or make more difficult a change in the control of our company. For example, such shares could be privately placed with purchasers who might align themselves with

our Board in opposing a hostile takeover bid. The issuance of additional shares could serve to dilute the stock ownership of persons seeking to obtain control and thereby increase the cost of acquiring a given percentage of our outstanding stock. Stockholders should therefore be aware that approval of this proposal could facilitate future efforts by our Board to deter or prevent changes in control of our company, including transactions in which the stockholders might otherwise receive a premium for their shares over then current market prices. The increase in our authorized common stock, however, is not being proposed in response to any effort of which we are aware to accumulate shares of our common stock or to obtain control of our Company. The availability of additional shares of common stock is particularly important in the event that our Board needs to undertake any of the foregoing actions on an expedited basis and therefore needs to avoid the time (and expense) of seeking stockholder approval in connection with the contemplated action.

If this proposal is approved, the additional authorized but unissued shares of common stock may generally be issued from time to time for such proper corporate purposes as may be determined by our Board, without further action or authorization by our stockholders, except for some limited circumstances where stockholder approval is required by law or the listing standards of any stock exchange on which our common stock may be listed at such time. Our Board does not intend to solicit further stockholder approval prior to the issuance of any additional shares of common stock, except as may be required by applicable law or rules.

While our Board and management believe that the increase in authorized common stock is necessary to provide the additional flexibility to capitalize on financing and strategic opportunities, the possible future issuance of shares of equity securities consisting of common stock or securities convertible into common stock could affect our current stockholders in a number of ways, including the following:

diluting the voting power of the current holders of common stock;

diluting the market price of the common stock, to the extent that the shares of common stock are issued and sold at prices below current trading prices of the common stock, or if the issuance consists of equity securities convertible into common stock, to the extent that the securities provide for the conversion into common stock at prices that could be below current trading prices of the common stock; and

diluting the earnings per share, if any, and book value per share of the outstanding shares of common stock.

If this proposal is approved by our stockholders, we will file an amendment to our Amended and Restated Articles of Incorporation to effect the proposed increase in our authorized shares of common stock. Such amendment will be filed with the Nevada Secretary of State as soon as practicable following such approval. Exhibit A to this Proxy Statement sets forth the text of the form of the certificate of amendment of articles of incorporation if this proposal is approved. Such text is subject to revision for such changes as may be required by the Nevada Secretary of State and other changes consistent with the proposals that we or our counsel may deem necessary or appropriate. Note that Exhibit A also contains the text for the proposed amendment to our Amended and Restated Articles of Incorporation discussed in Proposal 4. In the event that our stockholders do not approve both Proposal 3 and Proposal 4, then the text of Exhibit A will be revised accordingly prior to filing with the Nevada Secretary of State.

No Dissenter's Rights

Neither Nevada law nor our Amended and Restated Articles of Incorporation or Bylaws provide our stockholders with dissenters' or appraisal rights in connection with this proposal.

Required Vote

Approval of this Proposal 3 requires the affirmative vote of the holders of a majority of our outstanding shares of common stock. As a result, abstentions and broker non-votes will have the same effect as negative votes.

**OUR BOARD OF DIRECTORS UNANIMOUSLY
RECOMMENDS A VOTE "FOR" THIS PROPOSAL.**

PROPOSAL 4 – APPROVAL OF AMENDMENT TO AMENDED AND RESTATED ARTICLES OF INCORPORATION TO CREATE A CLASS OF UNDESIGNATED PREFERRED STOCK

The Company's Amended and Restated Articles of Incorporation do not presently authorize the issuance of shares other than common stock. On August 31, 2009, the Board voted unanimously, subject to stockholder approval, to approve a Certificate of Amendment to the Company's Amended and Restated Articles of Incorporation (the "Blank Check Preferred Articles Amendment") which creates 25,000,000 shares of undesignated preferred stock, commonly referred to as "blank check" preferred stock because the Board has discretion to designate one or more series of the preferred stock with the rights, privileges and preferences of each series to be fixed by the Board from time to time in the future. The Board believes that the authorization of undersigned preferred shares would provide the Company greater flexibility with respect to the Company's capital structure for such purposes as additional equity financings and stock based acquisitions. "Blank check" preferred stock is commonly authorized by publicly traded companies and is frequently used as a preferred means of raising capital and making acquisitions. In particular, in recent years, smaller companies have been required to utilize senior classes of securities to raise capital, with the terms of those securities being highly negotiated and tailored to meet the needs of both investors and the issuing companies. Such senior securities typically include liquidation and dividend preferences, protections, conversion privileges and other rights not found in common stock. We presently lack the authority to issue preferred stock and, accordingly, are limited to issuing common stock or debt securities to raise capital. By authorizing a class of "blank check" preferred stock, we would increase our flexibility in structuring transactions. The full text of the proposed Blank Check Preferred Articles Amendment is included in Exhibit A attached to this Proxy Statement. Note that Exhibit A also contains the text for the proposed amendment to our Amended and Restated Articles of Incorporation discussed in Proposal 3. In the event that our stockholders do not approve both Proposal 3 and Proposal 4, then the text of Exhibit A will be revised accordingly prior to filing with the Nevada Secretary of State.

Subject to the provisions of the Company's Amended and Restated Articles of Incorporation and the limitations prescribed by law, the Board would be expressly authorized, at its discretion, to adopt resolutions to issue shares, to fix the number of shares and to change the number of shares constituting any series and to provide for or change the voting powers, designations, preferences and relative, participating, optional or other special rights, qualifications, limitations or restrictions thereof, including dividend rights (including whether the dividends are cumulative), dividend rates, terms of redemption (including sinking fund provisions), redemption prices, conversion rights and liquidation preferences of the shares constituting any series of the preferred stock, in each case without any further action or vote by the stockholders. The Board would be required to make any determination to issue shares of preferred stock based on its judgment as to the best interests of the Company and its stockholders. The amendment to the Amended and Restated Articles of Incorporation would give the Board flexibility, without further stockholder action, to issue preferred stock on such terms and conditions as the Board deems to be in the best interests of the Company and its stockholders.

Any issuance of preferred stock with voting rights could, under certain circumstances, have the effect of delaying or preventing a change in control of the Company by increasing the number of outstanding shares entitled to vote and by increasing the number of votes required to approve a change in control of the Company. Shares of voting or convertible preferred stock could be issued, or rights to purchase such shares could be issued, to render more difficult or discourage an attempt to obtain control of the Company by means of a tender offer, proxy contest, merger or otherwise. The ability of the Board to issue such additional shares of preferred stock, with the rights and preferences it deems advisable, could discourage an attempt by a party to acquire control of the Company by tender offer or other means. Such issuances could therefore deprive stockholders of benefits that could result from such an attempt, such as the realization of a premium over the market price that such an attempt could cause. Moreover, the issuance of such additional shares of preferred stock to persons friendly to the Board could make it more difficult to remove incumbent managers and directors from office even if such change were to be favorable to stockholders generally.

While the Blank Check Preferred Articles Amendment may have anti-takeover ramifications, the Board believes that the financial flexibility offered by such amendment outweighs any disadvantages. To the extent that such amendment may have anti-takeover effects, such amendment may encourage persons seeking to acquire the Company to negotiate directly with the Board enabling the Board to consider the proposed transaction in a manner that best serves the stockholders' interests.

No Dissenter's Rights

Neither Nevada law nor our Amended and Restated Articles of Incorporation or bylaws provide our stockholders with dissenters' or appraisal rights in connection with this proposal.

Required Vote

Approval of this Proposal 4 requires the affirmative vote of the holders of a majority of our outstanding shares of common stock. As a result, abstentions and broker non-votes will have the same effect as negative votes.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL OF THE CREATION OF UNDESIGNATED PREFERRED STOCK OF THE COMPANY

PROPOSAL 5 – APPROVAL OF REVERSE STOCK SPLIT OF THE COMPANY’S COMMON STOCK AT A RATIO TO BE SET BY THE BOARD

On August 21, 2009 the Company’s aggregate market capitalization was approximately \$22,400,000, with 46,619,884 shares outstanding and a share price of \$0.48. In order to increase the Company’s stock price to a level that will enable it to apply for listing on the NASDAQ Capital Market or other national exchange, on August 31, 2009, the Board voted unanimously, subject to stockholder approval, to approve a Certificate of Amendment to the Company’s Amended and Restated Articles of Incorporation (the “Reverse Stock Split Articles Amendment”) to give the Board authorization to effect a Reverse Split (as defined below) of the Company’s common stock issued and outstanding, without further approval of our stockholders, upon a determination by the Board that such a Reverse Split is in the best interests of the Company and its stockholders, at any time before June 30, 2010. The full text of the proposed Reverse Stock Split Articles Amendment is attached to this Proxy Statement as Exhibit B.

The Reverse Stock Split Articles Amendment as approved by the Board does not specify an exact ratio for the Reverse Split, but rather stipulates a range of between one-for-fifteen (15) and one-for-two (the “Reverse Split”). As such, in asking the stockholders to approve the Reverse Split, the Board is also asking the stockholders to grant to them the authority to set the ratio for the Reverse Split and implement the Reverse Split at any time prior to June 30, 2010. In addition, approval of this Proposal No. 5 would give the Board, in its sole discretion, authority to abandon the Reverse Split in its entirety or can determine an appropriate Reverse Split ratio between fifteen (15) and two to one, depending on market conditions, prior to June 30, 2010.

If the Board implements the Reverse Split, the exact ratio for the Reverse Split will be fixed by the Board and a written notice of such determination will be distributed to the stockholders. The Company believes that this discretion is essential because it provides the Board with the maximum flexibility to react to changing market conditions and to therefore act in the best interests of the Company and its stockholders. Additionally, obtaining stockholder approval of the Reverse Split will enable the Company to avoid the additional time and expense of holding a special meeting of stockholders should the Board determine that it is in the best interest of the Company and its stockholders to implement the Reverse Split.

One principal effect of the Reverse Split would be to decrease the number of outstanding shares of the Company’s common stock. Except for minimal adjustments that may result from the treatment of fractional shares as described below, the Reverse Split will not have any dilutive effect on the stockholders since each stockholder would hold the same percentage of common stock outstanding immediately following the Reverse Split as such stockholder held immediately prior to the Reverse Split. The relative voting and other rights that accompany the shares of common stock would not be affected by the Reverse Split.

Although the Reverse Split will not have any dilutive effect on the Company’s stockholders, the proportion of shares owned by the stockholders relative to the number of shares authorized for issuance will decrease. As a result, the additional authorized shares of common stock will be available for issuance at such times and for such purposes as the Board may deem advisable without further action by the stockholders, except as required by applicable laws and regulations. The Company does not have any present plan or intention to issue additional shares of authorized but unissued common stock that would become available as a result of the proposed Reverse Split.

The Reverse Split is not part of a broader plan to take the Company private.

Reasons for the Reverse Split

The Board’s primary objective in proposing the Reverse Split is to raise the per share trading price of the Company’s common stock to move the Company closer to the opportunity of listing the Company’s common stock on the

NASDAQ Capital Market or other national stock exchange. In addition to the foregoing, the Board believes that by effecting the Reverse Stock Split to increase the market price per share of its common stock will move the Company towards accomplishing a number of other immediate goals, including simplifying investors' understanding and visibility of the Company's earnings on a per share basis, attracting and retaining more long-term institutional stockholders through a higher share price and manageable share count, significantly reducing administrative, transaction and regulatory costs related to the number of shares authorized and outstanding. In the long term, the Board believes that the liquidity and marketability of the Company's common stock will be adversely affected if it is not quoted on a national securities exchange as investors can find it more difficult to dispose of, or to obtain accurate quotations as to the market value of, the Company's common stock. The Board believes that current and prospective investors will view an investment in the Company's common stock more favorably if the Company's common stock is quoted on the NASDAQ Capital Market.

The Board also believes that the Reverse Split and any resulting increase in the per share price of the Company's common stock should also enhance the acceptability and marketability of the Company's common stock to the financial community and investing public. Many institutional investors have policies prohibiting them from holding lower-priced stocks in their portfolios, which reduces the number of potential buyers of the Company's common stock. Additionally, analysts at many brokerage firms are reluctant to recommend lower-priced stocks to their clients or monitor the activity of lower-priced stocks. Brokerage houses also frequently have internal practices and policies that discourage individual brokers from dealing in lower-priced stocks. Further, because brokers' commissions on lower-priced stock generally represent a higher percentage of the stock price than commissions on higher priced stock, investors in lower-priced stocks pay transaction costs which are a higher percentage of their total share value, which may limit the willingness of individual investors and institutions to purchase the Company's common stock.

The Company cannot assure you that the Reverse Split will have any of the desired effects described above. More specifically, the Company cannot assure you that after the Reverse Split the market price of the Company's common stock will increase proportionately to reflect the ratio for the Reverse Split, that the market price of the Company's common stock will not decrease to its pre-split level, that the Company's market capitalization will be equal to the market capitalization before the Reverse Split, or that we will be able to meet or maintain the listing requirements of the NASDAQ Capital Market or any other national stock exchange.

Release No. 34-15230 of the staff of the Securities and Exchange Commission requires disclosure and discussion of the effects of any stockholder proposal that may be used as an anti-takeover device. However, as indicated above, the purpose of the reverse split and increase in authorized capital is to reduce the number of issued and outstanding shares while at the same time maintain its public status and increase the number of shares available for future issuance, thereby preparing the Company for the issuance of the quantities of shares required to meet our current obligations to our debt holders, as well as provide for an acquisition, merger, or reorganization. The actions are not intended to construct or enable any anti-takeover defense or mechanism on behalf of the Company. While it is possible that management could use the additional shares to resist or frustrate a third-party transaction providing an above-market premium that is favored by a majority of the independent stockholders, the Company has no intent or plan to employ the additional unissued authorized shares as an anti-takeover device.

There are no anti-takeover mechanisms in the Company's Amended and Restated Articles of Incorporation, Bylaws or another other governing documents or contracts.

Risks of a Reverse Stock Split

As noted above, the principal purpose of the Reverse Split would be to help increase the per share market price of the Company's common stock by a factor of between fifteen (15) and two. The Company cannot assure you, however, that the Reverse Split will accomplish this objective for any meaningful period of time. There can be no assurance that the Reverse Split will result in a per share price that will enable it to apply for listing on the NASDAQ Capital Market or any other national stock exchange or attract institutional investors and brokers. While the Company expects that the reduction in the number of outstanding shares of common stock will increase the market price of the Company's common stock, the Company cannot assure you that the Reverse Split will increase the market price of the Company's common stock by a multiple equal to the number of pre-split shares in the Reverse Split ratio to be determined by the Board, or result in any permanent increase in the market price of the Company's common stock, which is dependent upon many factors, including the Company's business and financial performance, general market conditions, and prospects for future success.

Should the market price decline after the Reverse Split, the percentage decline may be greater, due to the smaller number of shares outstanding, than it would have been prior to the Reverse Split. In some cases, the per share stock price of companies that have effected Reverse Splits has subsequently declined back to pre-reverse split levels.

Accordingly, the Company cannot assure you that the market price of the Company's common stock immediately after the effective date of the Reverse Split will be maintained for any meaningful period of time, that the ratio of post- and pre-split shares will remain the same after the Reverse Split is effected, or that the Reverse Split will not have an adverse effect on the Company's common stock price due to the reduced number of shares outstanding after the Reverse Split. A Reverse Split is often viewed negatively by the market and, consequently, can lead to a decrease in our overall market capitalization. If the per share market price does not increase proportionately as a result of the Reverse Split, then the value of the Company as measured by its stock capitalization will be reduced, perhaps significantly.

The number of shares held by each individual stockholder would be reduced if the Reverse Split is implemented. This will increase the number of stockholders who hold less than a “round lot,” or 100 shares. Typically, the transaction costs to stockholders selling “odd lots” are higher on a per share basis. Consequently, the Reverse Split could increase the transaction costs to existing stockholders in the event they wish to sell all or a portion of their position.

Although the Board believes that the decrease in the number of shares of the Company’s common stock outstanding as a consequence of the Reverse Split and the anticipated increase in the market price of the Company’s common stock could encourage interest in the Company’s common stock and possibly promote greater liquidity for the stockholders, such liquidity could also be adversely affected by the reduced number of shares outstanding after the Reverse Split.

Principal Effects of the Reverse Split

Effects on Issued and Authorized Shares

The Reverse Split will be effective as of the date and time set forth in the Reverse Stock Split Articles Amendment (the “Effective Time”). Upon the filing of the Reverse Stock Split Articles Amendment, without further action on the part of the Company or the stockholders, the number of shares of the Company’s common stock issued and outstanding as of the Effective Time will be reduced proportionately based on the Reverse Split ratio selected by the Board between one-for-fifteen (15) and one-for-two. For example, if you presently hold 1,000 shares of common stock, you would hold 200 shares of common stock following a one-for-five reverse split.

In addition, based on the Reverse Split ratio selected by the Board, upon the filing of the Reverse Stock Split Articles Amendment, proportionate adjustments will be made to the per share conversion and exercise prices and the number of shares issuable upon the conversion or exercise of all outstanding debentures, options and warrants entitling the holders thereof to acquire or purchase shares of the Company’s common stock. With respect to options and warrants, this will result in approximately the same aggregate price being required to be paid for such options or warrants upon exercise of such options or warrants immediately preceding the reverse stock split. Finally, the number of shares reserved for issuance under the Company’s existing stock option plans and employee stock purchase plans will be reduced proportionately based on the Reverse Split ratio selected by the Board upon the filing of the Reverse Stock Split Articles Amendment.

However, upon the effectiveness of the Reverse Split, the number of authorized shares of common stock that are not issued or outstanding would increase due to the reduction in the number of shares of the Company’s common stock issued and outstanding based on the reverse stock split ratio selected by the Board. As of August 21, 2009, the Company had 125,000,000 shares of common stock authorized and 46,619,884 shares of common stock issued and outstanding. Authorized but unissued shares will be available for issuance, and the Company may issue such shares in financings or otherwise. If the Company issues additional shares, the ownership interest of holders of the Company’s common stock may also be diluted. Also, the issued shares may have rights, preferences or privileges senior to those of the Company’s common stock.

Accounting Consequences

The Reverse Split will not affect the common stock capital account on our balance sheet. However, because the par value of the Company's common stock will remain unchanged on the Effective Time, the components that make up the common stock capital account will change by offsetting amounts. Specifically, on the Company's balance sheet, the common stock value would be adjusted downward in respect of the shares of the new common stock to be issued in the Reverse Split, such that the common stock value would become an amount equal to the aggregate par value of the shares of new common stock being issued in the Reverse Split. The additional paid-in capital amount recorded on the Company's balance sheet would be increased by an amount equal to the amount by which the common stock was decreased. Additionally, net loss per share would increase proportionately as a result of the Reverse Split since there would be fewer shares outstanding.

Effect on Registration of Common Stock under the 1934 Act

The Company's common stock is currently registered under Section 12(b) of the Exchange Act of 1934 (the "1934 Act") and the Company is subject to the periodic reporting and other requirements of the 1934 Act. The proposed Reverse Split will not affect the registration of the Company's common stock under the 1934 Act. If the proposed Reverse Split is implemented, the Company's common stock will continue to be reported on the OTC Bulletin Board under the symbol "CYRX.OB".

Mechanics of Reverse Stock Split

If this Proposal 5 is approved by the stockholders at the Annual Meeting and the Board decides that it is in the best interests of the Company and the stockholders to effectuate the Reverse Split, the Company will file the Reverse Stock Split Articles Amendment with the Secretary of State of the State of Nevada to amend the Company's existing Amended and Restated Articles of Incorporation. The Reverse Split will become at the Effective Time. Beginning at the Effective Time, each stock certificate representing old pre-split shares of common stock will be deemed for all corporate purposes to evidence ownership of new post-split shares of common stock.

Effecting the Reverse Split

If approved by stockholders at the Annual Meeting and the Boards decide that it is in the best interests of the Company and the stockholders to effect a Reverse Split prior to June 30, 2010, the Reverse Stock Split Articles Amendment will be filed with the Secretary of State of the State of Nevada and the establishment of an appropriate ratio for the Reverse Split will be established based on several factors existing at the time. The Board will consider, among other factors, prevailing market conditions, the likely effect of the Reverse Split on the market price of the Company's common stock, and on the Company's compliance with applicable listing requirements, and the marketability and liquidity of the Company's common stock. The actual timing of the filing of the Reverse Stock Split Articles Amendment with the Secretary of State of the State of Nevada to effect the Reverse Split will be determined by the Board, provided that such determination will be made prior to June 30, 2010. Also, if for any reason the Board deems it advisable to do so, the Reverse Split may be abandoned at any time prior to the filing of the Reverse Stock Split Articles Amendment, without further action by the stockholders.

As soon as practicable after the Effective Time, stockholders will be notified that the Reverse Split has been effected. The Company expects that its transfer agent, Integrity Stock Transfer, will act as exchange agent for purposes of implementing the exchange of stock certificates. Holders of old pre-split shares of common stock will be asked to surrender to the exchange agent certificates representing such old pre-split shares in exchange for certificates representing new post-split shares of common stock in accordance with the procedures to be set forth in the letter of transmittal the Company sends to its stockholders. No new certificates will be issued to a stockholder until such

stockholder has surrendered such stockholder's outstanding certificate(s), together with the properly completed and executed letter of transmittal, to the exchange agent. Any old pre-split shares submitted for transfer, whether pursuant to a sale, other disposition or otherwise, will automatically be exchanged for new post-split shares.

STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

Payment for Fractional Shares

No scrip or fractional certificates will be issued in connection with the Reverse Split. Stockholders who otherwise would be entitled to receive fractional shares because they hold a number of old shares not evenly divisible by the number selected by the Board for the Reverse Split ratio will be entitled, upon surrender of certificate(s) representing such shares, to a cash payment in lieu thereof. The cash payment will equal the product obtained by multiplying (a) the fraction to which the stockholder would otherwise be entitled by (b) the per share closing sales price of the Company's common stock on the day immediately prior to the effective time of the Reverse Split. The ownership of a fractional interest will not give the holder thereof any voting, dividend or other rights except to receive payment therefore as described herein.

Stockholders should be aware that, under the escheat laws of the various jurisdictions where stockholders reside, where the Company is domiciled and where the funds will be deposited, sums due for fractional interests that are not timely claimed after the effective time may be required to be paid to the designated agent for each such jurisdiction. Thereafter, stockholders otherwise entitled to receive such funds may have to seek to obtain them directly from the state to which they were paid.

If approved and effected, the Reverse Split will result in some stockholders owning "odd lots" of less than 100 shares of the Company's common stock. Brokerage commissions and other costs of transactions in odd lots are generally somewhat higher than the costs of transactions in "round lots" of even multiples of 100 shares.

No Dissenter's Rights

Under the Nevada General Corporation Law, the Company's stockholders are not entitled to dissenters' rights with respect to any reverse stock split, and the Company will not independently provide stockholders with any such right.

Federal Income Tax Consequences

The following is a summary of the material United States federal income tax consequences of the Reverse Split that we anticipate would affect the Company's stockholders. This summary is based on the United States federal income tax laws as currently in effect and interpreted, and does not take into account possible changes in such laws or interpretations. This summary is provided for your general information only and does not address all aspects of the possible federal income tax consequences of the Reverse Split and IS NOT INTENDED AS TAX ADVICE TO ANY PERSON. In particular, this summary does not consider the federal income tax consequences to our stockholders in light of their individual investment circumstances or to holders subject to special treatment under the federal income tax laws, and does not address any consequences of the Reverse Split under any state, local or foreign tax laws.

ACCORDINGLY, YOU MUST CONSULT WITH YOUR TAX ADVISOR REGARDING THE SPECIFIC TAX CONSEQUENCES OF THE REVERSE SPLIT TO YOU, INCLUDING THE APPLICATION AND EFFECT OF FEDERAL, STATE, LOCAL AND FOREIGN INCOME AND OTHER TAX LAWS.

The Company believes that the stockholders who exchange their pre-split shares of common stock solely for post-split shares of common stock should generally recognize no gain or loss for federal income tax purposes. A stockholder's aggregate tax basis in the post-split shares of common stock to be received should be the same as the aggregate tax basis in the pre-split shares of common stock to be exchanged. The holding period of the post-split shares of common stock received should include the period during which the surrendered common stock was held, provided all such common stock was held as a capital asset at the Effective Time.

The Company will not recognize any gain or loss for accounting or tax purposes as a result of the Reverse Split.

The Company's beliefs regarding the tax consequences of the Reverse Split are not binding upon the Internal Revenue Service, federal, state or local courts, and there can be no assurance that the Internal Revenue Service or the courts will concur with the positions expressed above. The state and local tax consequences of the Reverse Split may vary significantly as to each stockholder, depending on where he or she resides.

Vote Required

Provided a quorum is present, the affirmative vote of the holders of a majority of our outstanding shares of common stock is required to approve the Reverse Stock Split Articles Amendment that would allow the Board to effect the Reverse Split and grant the Board the authority, in its sole discretion, to establish the ratio for the Reverse Split at up to one-for-fifteen (15) (but not less than one-for-two), or to abandon the Reverse Stock Split Articles Amendment and the Reverse Split contemplated thereby. Votes may be cast for or against the proposal or you may abstain.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL TO EFFECT A REVERSE STOCK SPLIT OF THE COMPANY'S COMMON STOCK AT A RATIO TO BE SET BY THE BOARD

PROPOSAL 6 – APPROVAL OF 2009 STOCK INCENTIVE PLAN

General Information

In 2002, the Board adopted the CryoPort, Inc. 2002 Stock Incentive Plan (the “2002 Plan”) which was approved by the Company's stockholders on October 1, 2002. The 2002 Plan allows the Company to grant options and restricted shares to employees, non-employee directors and consultants of the Company or an affiliate.

On August 31, 2009, the Board adopted, subject to stockholder approval, the CryoPort, Inc. 2009 Stock Incentive Plan (the “2009 Incentive Plan”). The 2009 Incentive Plan is designed to replace the 2002 Plan and provides for the grant of incentive stock options, nonqualified stock options, restricted stock rights, restricted stock, performance share units, performance shares, performance cash awards, stock appreciation rights (“SARs”), and stock grant awards. The 2009 Incentive Plan also permits the grant of awards that qualify for the “performance-based compensation” exception to the \$1,000,000 limitation on the deduction of compensation imposed by Section 162(m) of the Code.

The following is a summary of the material terms of the 2009 Incentive Plan that may be of importance to you. The summary is qualified by reference to the full text of the 2009 Incentive Plan, which is attached to this Proxy Statement as Exhibit C. Capitalized terms used but not defined have the meaning given to such term in the 2009 Incentive Plan.

SUMMARY OF PLAN FEATURES

Purpose

The Board believes that the 2009 Incentive Plan will promote the interest and long-term success of the Company and its shareholders by providing an incentive to attract, retain and reward persons performing services for the Company and by motivating such persons to contribute to the continued growth and profitability of the Company.

Administration

The 2009 Incentive Plan will be administered by the Compensation and Governance Committee or such other committee as may be designated by the Board (the “Committee”). The Committee must be comprised of at least three (3) members of the Board. Each Committee member must be a “non-employee director” as defined in Rule 16b-3 of the

Exchange Act if required to meet the conditions for exemption from Section 16(b) of the Exchange Act and an “outside director” as defined in Section 162(m) of the Code. The Committee, by majority action, is authorized to interpret the 2009 Incentive Plan, to prescribe, amend, and rescind rules and regulations relating to the 2009 Incentive Plan, to provide for conditions and assurances deemed necessary or advisable to protect the interests of the Company, and to make all other determinations necessary or advisable for the administration of the 2009 Incentive Plan, to the extent they are not inconsistent with the 2009 Incentive Plan.

The Committee will have the authority, to determine the participants who are entitled to receive awards under the 2009 Incentive Plan, the types of awards, the times when awards shall be granted, the number of awards, the purchase price or exercise price, if any, the period(s) during which such awards shall be exercisable (whether in whole or in part), the restrictions applicable to awards, the form of each award agreement, and the schedule for lapse of forfeiture restrictions or restrictions on the exercisability of an award and accelerations or waivers thereof, based in each case on such considerations as the Committee deems appropriate. The Committee will not have the authority to accelerate the vesting or waive the forfeiture of any performance-based awards (as described below). Neither the award agreement or the other terms and provisions of any award must be identical for each participant.

The Committee will have the authority to modify existing awards, subject to specified provisions of the 2009 Incentive Plan and the listing requirements of OTC Bulletin Board or such other exchange on which the Company stock is traded. The Committee will be prohibited from repricing any previously granted options or SARs without first obtaining shareholder approval.

Stock Subject to 2009 Incentive Plan

A total of 12,000,000 shares of common stock plus (i) the number of shares of stock remaining available for grant pursuant to the 2002 Plan as of the effective date, and (ii) the number of shares of stock that were previously granted pursuant to 2002 Plan and that either terminate, expire, or lapse for any reason after the effective date is reserved for issuance under the 2009 Incentive Plan, subject to stockholder approval. Notwithstanding the above, the maximum number of shares of stock that may be issued as incentive stock options under the Plan shall be 12,000,000.

Subject to the express provisions of the 2009 Incentive Plan, if any award granted under the 2009 Incentive Plan terminates, expires, lapses for any reason, or is paid in cash, any stock subject to or surrendered for such award will again be stock available for the grant of an award under the 2009 Incentive Plan. The exercise of a stock-settled SAR or broker-assisted "cashless" exercise of an option (or a portion thereof) will reduce the number of shares of stock available for issuance pursuant to the 2009 Incentive Plan by the entire number of shares of stock subject to that SAR or option (or applicable portion thereof), even though a smaller number of shares of stock will be issued upon such an exercise. Also, shares of stock tendered to pay the exercise price of an option or tendered or withheld to satisfy a tax withholding obligation arising in connection with an award will not become available for grant or sale under the 2009 Incentive Plan.

The maximum number of shares of common stock that may be granted to a participant, who is a covered employee, during any fiscal year with respect to one or more awards, shall be 750,000 shares.

Eligibility

All employees, officers, non-employee directors of, and consultants to, the Company or an affiliate, as determined by the Committee, are eligible to participate in the 2009 Incentive Plan.

Awards Available Under the 2009 Incentive Plan

The following types of awards may be granted pursuant to the 2009 Incentive Plan: options, restricted stock rights, restricted stock, performance shares, performance share units, performance cash awards, stock appreciation rights and stock grant awards.

Stock Options. The Committee may grant incentive stock options and nonqualified stock options under the 2009 Incentive Plan. Incentive stock options will be granted only to participants who are employees. The exercise price of all options granted under the 2009 Incentive Plan will be at least 100% of the fair market value of Company stock on

the date granted. No option may be exercised more than ten (10) years from the date of grant. The Committee will determine the methods by which the exercise price of an option may be paid, the form of payment, including, without limitation, cash, promissory note, shares of stock held for longer than six months (through actual tender or by attestation), any net-issuance arrangement or other property acceptable to the Committee (including broker-assisted “cashless exercise” arrangements), and how shares of stock will be delivered or deemed delivered to participants. A participant will have no rights as a shareholder with respect to options until the record date of the stock purchase.

Restricted Stock Rights. The Committee may grant restricted stock rights awards under the 2009 Incentive Plan. A restricted stock right award gives the participant the right to receive common stock or a cash payment equal to the fair market value (determined as of a specified date) in the future. Shares of common stock are not issued under the award until specified restrictions lapse. The restrictions typically involve the achievement of specified performance targets and/or the continued employment of the participant until a specified date. Participants holding restricted stock rights have no voting rights with respect to the shares of stock subject to their restricted stock rights award.

Restricted Stock. The Committee may grant restricted stock under the 2009 Incentive Plan. A restricted stock award gives the participant the right to receive a specified number of shares of common stock at a purchase price determined by the Committee (including and typically zero). Restrictions limit the participant's ability to transfer the stock and subject the stock to a substantial risk of forfeiture until specific conditions or goals are met. The restrictions will lapse in accordance with a schedule or other conditions as determined by the Committee. As a general rule, if a participant terminates employment when the restricted stock is subject to restrictions, the participant forfeits the unvested restricted stock. The Committee may, in its discretion, waive the restrictions in whole or in part, unless the restricted stock award is a performance-based award (as described below).

Performance Shares. The Committee may grant performance share awards under the 2009 Incentive Plan. A performance share award gives the participant the right to receive common stock of the Company if the participant achieves the performance goals specified by the Committee during a performance period specified by the Committee. Each performance share will have a value determined by the Committee at the time of grant.

Performance Share Units. The Committee may grant performance share unit awards under the 2009 Incentive Plan. A performance share unit award gives the participant the right to receive common stock of the Company, a cash payment or a combination of stock and cash, if the participant achieves the performance goals specified by the Committee during a performance period specified by the Committee. Each performance share unit will have a value determined by the Committee at the time of grant.

Performance Cash Awards. The Committee may grant performance cash awards under the Plan. A performance cash award gives the participant the right to receive a cash payment if certain performance goals are satisfied during a performance period specified by the Committee.

Stock Appreciation Rights. The Committee may grant SARs under the 2009 Incentive Plan. A SAR gives the participant the right to share in the appreciation in value of one share of common stock of the Company. Appreciation is calculated as the excess of (i) the fair market value of a share of common stock on the date of exercise over (ii) the price fixed by the Committee on the grant date, which may not be less than the fair market value of a share of common stock on the grant date. Payment for SARs shall be made in stock. SARs are exercisable at the time and subject to the restrictions and conditions as the Committee approves, provided that no SAR may be exercised more than ten (10) years following the grant date.

Stock Grant Awards. The Committee may grant stock awards under the 2009 Incentive Plan. A stock grant award gives the participant the right to receive, or the right to purchase at a predetermined price, shares of stock free from vesting restrictions. A stock grant award may be granted or sold as consideration for past services, other consideration or in lieu of cash compensation due to any participant.

Performance-Based Awards. When the Committee grants restricted stock, restricted stock rights, performance shares, performance share units, or performance cash awards it may designate the award as a performance-based award. Options and SARs granted pursuant to the 2009 Incentive Plan should, by their terms, qualify as performance-based awards. Performance-based awards are designed to qualify for the "performance-based compensation" exception to the limitations on the deduction of compensation imposed by Section 162(m) of the Code. Section 162(m) of the Code

only applies to “covered employees” as that term is defined in Section 162(m) of the Code. Therefore, only covered employees are eligible to receive awards that are designated as performance-based awards. The Committee has complete discretion regarding whether to grant awards to covered employees that qualify for the “performance-based compensation” exception. The Committee may, in its discretion, grant awards under the 2009 Incentive Plan to covered employees that do not qualify for the exception.

The payment of restricted stock, restricted stock rights, performance shares, performance share units, or performance cash awards that are designated as performance-based awards is contingent upon a covered employee's achievement of pre-established performance goals during a specified performance period. Performance goals are based on any one or more pre-established performance criteria. The pre-established performance criteria are limited to the following: revenue; revenue growth; earnings (including earnings before interest, taxes, depreciation and amortization); operating income; operating margin; pre- and after-tax income; cash flow (before and after dividends); cash flow per share (before and after dividends); net earnings; earnings per share; return on equity; return on capital (including return on total capital or return on invested capital); cash flow return on investment; return on assets or net assets; economic value added; share price performance; total shareholder return; improvement in or attainment of expense levels; improvement in or attainment of working capital levels; market penetration, geographic goals, business expansion goals, development of strategic relationships with customers and/or vendors; and development and execution on strategic acquisitions.

With respect to any performance-based award granted to a covered employee that qualifies for the "performance-based compensation" exception to the Section 162(m) limitation, the Committee has the discretion to: select the length of the performance period, the type of performance-based awards to be issued, the kind and/or level of performance goal or goals and whether the performance goal or goals apply to the Company, an affiliate or any division or business unit of any of them, or to the individual participant or any group of participants. The Committee has the discretion to decrease the amount of compensation payable pursuant to any performance-based award but may not increase the compensation payable pursuant to any performance-based award.

The performance criteria and other related aspects of the 2009 Incentive Plan will be subject to shareholder approval again in 2014 if (as is currently the case) shareholder approval is then required to maintain the tax-deductible nature of performance-based compensation under the 2009 Incentive Plan.

The maximum amount of any performance-based award that may be granted to a covered employee during any performance period is 750,000 shares of common stock or the equivalent cash value.

Restrictions

The Committee may impose such restrictions on any awards under the 2009 Incentive Plan as it may deem advisable, including restrictions under applicable federal securities law, under the requirements of any stock exchange upon which the Company's common stock is then listed and under any blue sky or state securities law applicable to the awards.

Change in Control

The Committee, in its sole discretion, may determine that upon a Change in Control (as that term is defined in the 2009 Incentive Plan), all awards, except those awards that qualify as "performance-based compensation" under Section 162(m), shall become fully vested and exercisable and all restrictions on such outstanding awards shall lapse. If such a determination is made by the Committee, performance-based awards will vest on a pro-rata basis based on the level of achievement of the performance goals applicable to such awards.

Non-transferability

The Committee may, in its sole discretion, determine the right of a participant to transfer any award granted under the 2009 Incentive Plan. Unless otherwise determined by the Committee, no award granted under the 2009 Incentive Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution or pursuant to a domestic relations order (that would otherwise qualify as a qualified

domestic relations order as defined in the Code or Title I of the Employee Retirement Income Security Act of 1974, but for the fact that it relates to an award granted under the 2009 Incentive Plan) in favor of a spouse, or, if applicable, until the termination of any restricted or performance period as determined by the Committee.

Adjustment Provisions

If there is a change in the outstanding shares of stock because of a stock dividend or split, recapitalization, liquidation, merger, consolidation, combination, exchange of shares, or other similar corporate change, the aggregate number of shares of stock available under the 2009 Incentive Plan and subject to each outstanding award, and its stated exercise price or the basis upon which the award is measured, will be adjusted by the Committee. Moreover, in the event of such transaction or event, the Committee, in its discretion may provide in substitution for any or all outstanding awards under the 2009 Incentive Plan such alternative consideration (including cash) as it, in good faith, may determine to be equitable under the circumstances and may require in connection therewith the surrender of all awards so replaced. Any adjustment to an incentive stock option shall be made consistent with the requirements of Section 424 of the Code. Further, with respect to any option or SAR that otherwise satisfies the requirements of the stock rights exception to Section 409A of the Code, any adjustment shall be made consistent with the requirements of the final regulations promulgated pursuant to Section 409A of the Code.

Amendment, Modification and Termination of 2009 Incentive Plan

Subject to the Board's right to amend or terminate the 2009 Incentive Plan at any time, the 2009 Incentive Plan will remain in effect until all awards issued under the 2009 Incentive Plan expire, terminate, are exercised or are paid in full in accordance with the 2009 Incentive Plan provisions and any award agreement. However, no award may be granted under the 2009 Incentive Plan after the tenth anniversary of the date the 2009 Incentive Plan is approved by the Company's shareholders unless the shareholders of the Company vote to approve an extension of the 2009 prior to such expiration date.

The Board has discretion to terminate, amend or modify the 2009 Incentive Plan. Any such action of the Board is subject to the approval of the shareholders to the extent required by law, regulation or the rules of any exchange on which Company stock is listed. To the extent permitted by law, the Board may delegate to the Committee or the Chief Executive Officer the authority to approve non-substantive amendments to the 2009 Incentive Plan. Except as otherwise provided in the 2009 Incentive Plan, the Board, Chief Executive Officer and the Committee may not do any of the following without stockholder approval: reduce the purchase price or exercise price of any outstanding award, including any option or SAR; increase the number of shares available under the 2009 Incentive Plan; grant options with an exercise price that is below fair market value of a share of Company stock on the grant date; reprice previously granted options or SARs; or cancel any option or SAR in exchange for cash or any other award or in exchange for any option or SAR with an exercise price that is less than the exercise price for the original option or SAR.

Tax Withholding

The Company will have the power to withhold, or require a participant to remit to the Company, an amount sufficient to satisfy federal, state, and local withholding tax requirements on any award under the 2009 Incentive Plan. To the extent that alternative methods of withholding are available under applicable laws, the Company will have the power to choose among such methods.

Federal Income Tax Information

The following is a brief summary of certain of the federal income tax consequences of certain transactions under the 2009 Incentive Plan based on federal income tax laws in effect on January 1, 2009. This summary is not intended to be exhaustive and does not describe state or local tax consequences.

As a general rule, a participant will not recognize taxable income with respect to any award at the time of grant. If a participant who receives a restricted stock grant makes the election permitted by Section 83(b) of the Code, the participant will recognize income on the award at the time of grant.

Upon exercise of a nonqualified stock option, the lapse of restrictions on restricted stock, or upon the payment of SARs, restricted stock rights, performance shares, performance share units, performance cash awards, or stock grant awards the participant will recognize ordinary taxable income in an amount equal to the difference between the amount paid for the award, if any, and the fair market value of the stock or amount received on the date of exercise, lapse of restriction or payment. The Company will be entitled to a concurrent income tax deduction equal to the ordinary income recognized by the participant.

A participant who is granted an incentive stock option will not recognize taxable income at the time of exercise. However, the excess of the stock's fair market value over the option price could be subject to the alternative minimum tax in the year of exercise (assuming the stock received is not subject to a substantial risk of forfeiture or is transferable). If stock acquired upon exercise of an incentive stock option is held for a minimum of two years from the date of grant and one year from the date of exercise, the gain or loss (in an amount equal to the difference between the sales price and the exercise price) upon disposition of the stock will be treated as a long-term capital gain or loss, and the Company will not be entitled to any income tax deduction. If the holding period requirements are not met, the incentive stock option will not meet the requirements of the tax and the tax consequences described for nonqualified stock options will apply.

The final regulations promulgated under Section 409A of the Code became effective as of January 1, 2009. If certain awards fail to comply with Section 409A, a participant must include in ordinary income all deferred compensation conferred by the award, pay interest from the date of the deferral and pay an additional 20% tax. The award agreement for any award that is subject to Section 409A may include provisions necessary for compliance as determined by the Committee. The Company intends (but cannot and does not guarantee) that awards granted under the 2009 Incentive Plan will comply with the requirements of Section 409A or an exception thereto and intends to administer and interpret the 2009 Incentive Plan in such a manner.

Special Rules Applicable to Officers

In limited circumstances where the sale of stock that is received as the result of a grant of an award could subject an officer to suit under Section 16(b) of the Exchange Act, the tax consequences to the officer may differ from the tax consequences described above. In these circumstances, unless a special election has been made, the principal difference usually will be to postpone valuation and taxation of the stock received so long as the sale of the stock received could subject the officer or director to suit under Section 16(b) of the Exchange Act, but not longer than six months.

Tax Consequences to the Company or Its Affiliates

To the extent that a grantee recognizes ordinary income in the circumstances described above, the Company or the subsidiary for which the employee performs services will be entitled to a corresponding deduction provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an "excess parachute payment" within the meaning of Section 280G of the Code and is not subject to the \$1 million deduction limit for certain executive compensation under Section 162(m) of the Code.

New Plan Benefits Table

Benefits under the 2009 Incentive Plan will depend on the Committee's actions and the fair market value of the Company's stock at various future dates. Consequently, it is not possible to determine the future benefits that will be received by 2009 Incentive Plan participants.

The Company shall pay the cost of Mr. Stambaugh's health insurance coverage in accordance with the Company's plans and policies during the term of his employment. Mr. Stambaugh shall also be eligible for twenty-five (25) paid time off days a year, and is entitled to receive fringe benefits ordinarily and customarily provided by the Company to its senior officers.

In addition to the previously awarded warrant for 500,000 shares common stock issued to Mr. Stambaugh on December 10, 2008, on October 1, 2009, or sooner if permitted by debt restrictions, Mr. Stambaugh will become entitled to receive an incentive stock option to acquire 670,000 shares of common stock of the Company at the greater of the per share fair market value of such common stock or the current price allowable under the Company's outstanding convertible debentures. Peter Berry

Prior to his voluntary resignation on February 20, 2009, Mr. Berry was subject to an employment agreement with the Company dated November 1, 2002, as amended March 17, 2003 (the "Berry Employment Agreement"), pursuant to which he has been employed as the Company's President and Chief Executive Officer. Based on the recommendations of the Compensation and Governance Committee, in December 2005, December 2006, November 2007 and again in December 2008, the Board approved the extension of Mr. Berry's employment contract for additional one-year terms with the same base salary as that provided for in the last year of the original employment agreement. Under the extended terms of his employment agreement, Mr. Berry's annual salary was \$192,000 and he was eligible for an annual cash bonus of up to 40% of his base salary, based on goals and objectives met as recommended by the Compensation and Governance Committee and approved by the full Board. On November 1, 2002, pursuant to the Berry Employment Agreement, the Company granted Mr. Berry a stock option to purchase up to 500,000 shares of common stock at an exercise price of \$.50 per share, which option vested as to 125,000 shares on the first anniversary of the date of grant, and thereafter vests in 36 equal monthly installments through November 11, 2006. In the event

that the Company terminates Mr. Berry's employment without "cause", as defined in the Berry Employment Agreement, or fails to renew the Agreement except for "cause", then upon such termination, the Company is obligated to pay to Mr. Berry as severance an amount equal to his then current base salary, plus any earned incentive bonus. In March 2003, the Agreement was amended to reflect Mr. Berry's agreement to a reduced base salary during the first year of \$60,000, and agreement to forego eligibility for an incentive bonus for such year. In exchange for the foregoing, the Company granted Mr. Berry an additional stock option to purchase an additional 250,000 shares of its common stock at a price of \$.50 per share. The option was vested as to 125,000 shares on the date of grant, and 62,500 shares on each of September 30, 2003 and March 31, 2004. All other terms of the Berry Employment Agreement remained unchanged. The Berry Employment Agreement was further amended by Board consent, due to the financial condition of the company in 2004 at Mr. Berry's request, to eliminate the 100% bonus provision per the contract in year two and defer this bonus into the third year of the Berry Employment Agreement. This entitled Mr. Berry to earn up to 200% of his then salary in the third contract year. Mr. Berry's bonus earned for the third year of the Berry Employment Agreement was approved for a total of \$100,000 which was included in Mr. Berry's accrued salaries as of March 31, 2006 and converted into a note payable during fiscal 2007. Mr. Berry's bonuses earned for the years ended March 31, 2009 and 2007 based on the terms of the Berry Employment Agreement were approved by the Board for \$30,000 each year. Starting March 1, 2009, Mr. Berry entered into a Consulting Agreement to provide advisory services to the Company for the period of March 1, 2009 through January 1, 2010. The compensation for Mr. Berry's services under this agreement was set for \$16,000 for the month of March 2009 and \$28,890 for each month thereafter until expiration of the contract. On August 26, 2009, Mr. Berry agreed to accept \$20,000 per month through the remainder of the term of the Consulting Agreement with the deferred portion payable following expiration of the term.

Catherine Doll

On July 29, 2009, the Company retained the services of Ms. Doll, and she was appointed by the Board to the offices of Chief Financial Officer, Treasurer and Assistant Corporate Secretary effective as of August 20, 2009. Pursuant to her agreement with the Company, Ms. Doll will be paid the sum of \$10,000 per month in consideration for her services to the Company. In addition, the Company has agreed to issue warrants for the purchase of 20,000 shares of our common stock. The terms and exercise price of the warrants will be determined on the date issuance of the warrant is approved by the Board.

Bret Bollinger

Bret Bollinger is subject to an employment agreement which became effective February 1, 2008 (the “Bollinger Employment Agreement”), pursuant to which he is employed as the Company’s Vice President of Operations. Under the terms of the Bollinger Employment Agreement, as approved by the Compensation and Governance Committee, Mr. Bollinger’s current annual salary is \$130,000 and he is eligible for an annual cash bonus of up to 30% to 50% of his base salary based on targeted goals and objectives met, payable in either cash or warrants, as determined by the President and approved by the Board. In the event that the Company terminates Mr. Bollinger’s employment without “cause”, as defined in the Agreement, then upon such termination, the Company is obligated to pay to Mr. Bollinger as severance an amount equal to six months of his then current base salary.

EFFECTIVE DATE: _____, 2009
APPROVED BY SHAREHOLDERS: _____, 2009
TERMINATION DATE: _____, 2019

ARTICLE 1
ESTABLISHMENT, PURPOSE, EFFECTIVE DATE, AND EXPIRATION DATE

1.1 Establishment. CryoPort, Inc., a Nevada corporation (the “Company”), in connection with a share exchange agreement assumed the CryoPort Systems Inc. 2002 Stock Incentive Plan, which became effective following the approval by the CryoPort Systems Inc.’s shareholders in October 2002 (the “2002 Plan”). The Company now wishes to adopt the CryoPort, Inc. 2009 Stock Incentive Plan (the “Plan”). The Plan is designed to replace the 2002 Plan; provided, however that the 2002 Plan shall remain in effect until all awards granted under the 2002 Plan have been exercised, forfeited, canceled, expired or otherwise terminated in accordance with the terms of such grants.

1.2 Purpose. The purpose of the Plan is to promote the interests and long-term success of the Company and its shareholders by providing an incentive to attract, retain and reward persons performing services for the Company and by motivating such persons to contribute to the continued growth and profitability of the Company. The Plan seeks to achieve this purpose by providing Awards in the form of Options, Restricted Stock Rights, Restricted Stock, Performance Shares, Performance Share Units, Performance Cash Awards, Stock Appreciation Rights and Stock Grant Awards. The Plan also permits the grant of awards that qualify for the “performance-based compensation” exception to the limitations on the deduction of compensation imposed by Section 162(m) of the Code.

1.3 Effective Date. The Plan is effective as of the date it is approved by the Company’s shareholders at the Company’s 2009 Annual Meeting (the “Effective Date”).

1.4 Expiration Date. The Plan will expire on, and no Award may be granted under the Plan after, the tenth (10) anniversary of the Effective Date unless the shareholders of the Company vote to approve an extension of the Plan prior to such expiration date. Any Awards that are outstanding on the tenth anniversary of the Effective Date (or such later expiration date as approved by the Company’s shareholders) shall remain in force according to the terms of the Plan and the Award Agreement.

Also, shares of Stock tendered to pay the exercise price of an Option or tendered or withheld to satisfy a tax withholding obligation arising in connection with an Award will not become available for grant or sale under the Plan.

5.3 Adjustment in Capitalization. In the event of any change in the outstanding shares of Stock by reason of a Stock dividend or split, recapitalization, merger, consolidation, combination, exchange of shares, or other similar corporate change, the aggregate number of shares of Stock available under the Plan and subject to each outstanding Award, and its stated exercise price or the basis upon which the Award is measured, shall be adjusted appropriately by the Committee, whose determination shall be conclusive; provided, however, that fractional shares shall be rounded to the nearest whole share. Moreover, in the event of such transaction or event, the Committee, in its discretion, may provide in substitution for any or all outstanding awards under the Plan such alternative consideration (including cash) as it, in good faith, may determine to be equitable under the circumstances and may require in connection therewith the surrender of all Awards so replaced. Any adjustment to an Incentive Stock Option shall be made consistent with the requirements of Section 424 of the Code. Further, with respect to any Option or Stock Appreciation Right that otherwise satisfies the requirements of the stock rights exception to Section 409A of the Code, any adjustment pursuant to this Section 5.3 shall be made consistent with the requirements of the final regulations promulgated pursuant to Section 409A of the Code.

5.4 Annual Limitation on Number of Shares Subject to Awards. Notwithstanding any provision in this Plan document to the contrary, and subject to adjustment upon the occurrence of any of the events indicated in Section 5.3, the maximum number of shares of Stock that may be granted to any one Participant, who is a Covered Employee, during any of the Company’s fiscal years with respect to one or more Awards shall be Seven Hundred Fifty Thousand (750,000).

ARTICLE 6
STOCK OPTIONS

6.1 Grant of Options. Subject to the provisions of Article 5 and this Article 6, the Committee, at any time and from time to time, may grant Options to such Participants and in such amounts as it shall determine.

(a) Exercise Price. No Option shall be granted at an exercise price that is less than the Fair Market Value of one share of Stock on the Grant Date.

(b) Time and Conditions of Exercise. The Committee shall determine the time or times at which an Option may be exercised in whole or in part provided that the term of any Option granted under the Plan shall not exceed ten years. The Committee shall also determine the performance or other conditions, if any, that must be satisfied before all or part of an Option may be exercised.

(c) Payment. The Committee shall determine the methods by which the exercise price of an Option may be paid, the form of payment, including, without limitation, cash, promissory note, shares of Stock held for longer than six months (through actual tender or by attestation), any net-issuance arrangement or other property acceptable to the Committee (including broker-assisted "cashless exercise" arrangements), and the methods by which shares of Stock shall be delivered or deemed to be delivered to Participants.

(d) Evidence of Grant. All Options shall be evidenced by a written Award Agreement. The Award Agreement shall reflect the Committee's determinations regarding the exercise price, time and conditions of exercise, and forms of payment for the Option and such additional provisions as may be specified by the Committee.

(e) No Repricing of Options. The Committee shall not reprice any Options previously granted under the Plan without first obtaining shareholder approval.

6.2 Incentive Stock Options. Incentive Stock Options shall be granted only to Participants who are Employees and the terms of any Incentive Stock Options granted pursuant to the Plan must comply with the following additional provisions of this Section 6.2:

(a) Exercise Price. Subject to Section 6.2(e), the exercise price per share of Stock shall be set by the Committee, provided that the exercise price for any Incentive Stock Option may not be less than the Fair Market Value as of the date of the grant.

(b) Exercise. In no event may any Incentive Stock Option be exercisable for more than ten years from the date of its grant.

(c) Lapse of Option. An Incentive Stock Option shall lapse in the following circumstances:

(i) The Incentive Stock Option shall lapse ten years from the date it is granted, unless an earlier time is set in the Award Agreement.

- (ii) The Incentive Stock Option shall lapse 90 days following the effective date of the Participant's Termination of Employment for any reason other than the Participant's death or Disability, unless otherwise provided in the Award Agreement.
- (iii) If the Participant has a Termination of Employment on account of Disability or death before the Option lapses pursuant to paragraph (i) or (ii) above, the Incentive Stock Option shall lapse, unless it is previously exercised, on the earlier of (a) the scheduled expiration date of the Option; or (b) 12 months after the date of the Participant's Termination of Employment on account of Disability or death. Upon the Participant's Disability or death, any Incentive Stock Options exercisable at the Participant's Disability or death may be exercised by the Participant's legal representative or representatives, by the person or persons entitled to do so pursuant to the Participant's last will and testament, or, if the Participant fails to make testamentary disposition of such Incentive Stock Option or dies intestate, by the person or persons entitled to receive the Incentive Stock Option pursuant to the applicable laws of descent and distribution.
- (d) **Individual Dollar Limitation.** The aggregate Fair Market Value (determined as of the time an Award is made) of all shares of Stock with respect to which Incentive Stock Options are first exercisable by a Participant in any calendar year may not exceed \$100,000.00 or such other limitation as imposed by Section 422(d) of the Code, or any successor provision. To the extent that Incentive Stock Options are first exercisable by a Participant in excess of such limitation, the excess shall be considered Non-Qualified Stock Options.
- (e) **Ten Percent Owners.** An Incentive Stock Option shall be granted to any individual who, at the Grant Date, owns stock possessing more than ten percent of the total combined voting power of all classes of Stock of the Company only if such Option is granted at a price that is not less than 110% of Fair Market Value on the Grant Date and the Option is exercisable for no more than five years from the Grant Date.
- (f) **Expiration of Incentive Stock Options.** No Award of an Incentive Stock Option may be made pursuant to this Plan after the tenth (10) anniversary of the Effective Date, unless the shareholders of the Company vote to approve an extension of the Plan prior to such expiration date.
- (g) **Right to Exercise.** Except as provided in Section 6.2(c)(iii), during a Participant's lifetime, an Incentive Stock Option may be exercised only by the Participant.

ARTICLE 7
RESTRICTED STOCK RIGHTS AND RESTRICTED STOCK

7.1 **Grant of Restricted Stock Rights and Restricted Stock.** Subject to the provisions of Article 5 and this Article 7, the Committee, at any time and from time to time, may grant Restricted Stock Rights or Restricted Stock to such Participants and in such amounts as it shall determine.

7.2 Restricted Stock Rights.

(a) Voting Rights. During the Restricted Period, Participants holding the Restricted Stock Rights granted hereunder shall have no voting rights with respect to the shares subject to such Restricted Stock Rights prior to the issuance of such shares pursuant to the Plan.

(b) Form and Timing of Payment. Payment for any vested Restricted Stock Rights Award issued pursuant to this Article 7 shall be made in one lump sum payment of shares of Stock, cash or a combination thereof, equal to the Fair Market Value (determined as of a specified date) of a specified number of shares of Stock. As a general rule, the shares payable under any Restrict Stock Rights Award shall be made on or before March 15 of the calendar year following the calendar year in which the Restricted Stock Rights vest in accordance with the “short-term deferral” exception to Section 409A as set forth in Treasury Regulation Section 1.409A-1(b)(4).

7.3 Grant of Restricted Stock.

(a) Issuance and Restrictions. Restricted Stock shall be subject to such restrictions on transferability and other restrictions as the Committee may impose (including, without limitation, limitations on the right to vote Restricted Stock). These restrictions may lapse separately or in combination at such times and pursuant to such circumstances, as the Committee determines at the time of the grant of the Award or thereafter.

(b) Forfeiture. Except as otherwise determined by the Committee at the time of the grant of the Restricted Stock Award or thereafter, upon Termination of Employment or the failure to satisfy one or more performance criteria during the applicable Restriction Period, Restricted Stock that is at that time subject to restrictions shall be forfeited; provided however, that the Committee may provide in any Restricted Stock Award Agreement that restrictions or forfeiture conditions relating to Restricted Stock will be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part restrictions or forfeiture conditions relating to Restricted Stock.

(c) Certificates for Restricted Stock. Restricted Stock granted pursuant to the Plan may be evidenced in such manner as the Committee shall determine. If certificates representing shares of Restricted Stock are registered in the name of the Participant, the certificates must bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock, and the Company may, in its discretion, retain physical possession of the certificate until such time as all applicable restrictions lapse.

ARTICLE 8

PERFORMANCE SHARES, PERFORMANCE SHARE UNITS AND PERFORMANCE CASH AWARDS

8.1 Grant of Performance Shares or Performance Share Units. Subject to the provisions of Article 5 and this Article 8, Performance Shares or Performance Share Units may be granted to Participants at any time and from time to time as shall be determined by the Committee. The Committee shall have complete discretion in determining the number of Performance Shares or Performance Share Units granted to each Participant.

8.2 Value of Performance Shares or Performance Share Units. Each Performance Share and each Performance Share Unit shall have a value determined by the Committee at the time of grant. The Committee shall set goals (including Performance Goals) for a particular period (including a Performance Period) in its discretion which, depending on the extent to which the goals are met, will determine the ultimate value of the Performance Share or Performance Share Units to the Participant.

8.3 Form and Timing of Payment. Payment for vested Performance Shares shall be made in Stock. Payments for vested Performance Share Units shall be made in cash, Stock or a combination thereof as determined by the Committee. All payments for Performance Shares and Performance Share Units shall be made in a lump sum. As a general rule, payment for Performance Shares or Performance Share Units shall be made on or before March 15 of the calendar year following the calendar year in which the right to the payment of the Performance Shares or Performance Share Units arises in accordance with the “short-term deferral” exception to Section 409A as set forth in Treasury Regulation Section 1.409A-1(b)(4).

8.4 Performance Cash Awards. Subject to the Provisions of this Article 8, Performance Cash Awards may be granted to Participants at any time and from time to time as determined by the Committee. A Performance Cash Award grants a Participant the right to receive an amount of cash depending on the satisfaction of one or more goals (including Performance Goals) for a particular period (including a Performance Period), as determined by the Committee. The Committee shall have complete discretion to determine the amount of any Performance Cash Award granted to a Participant. Payment for Performance Cash Awards shall be made on or before March 15 of the calendar year following the calendar year in which the right to the payment of the Performance Cash Award arises in accordance with the “short-term deferral” exception to Section 409A as set forth in Treasury Regulation Section 1.409A-1(b)(4).

ARTICLE 9 STOCK APPRECIATION RIGHTS

9.1 Grant of Stock Appreciation Rights. Subject to the provisions of Article 5 and this Article 9, Stock Appreciation Rights (“SARs”) may be granted to Participants at any time and from time to time as shall be determined by the Committee. SARs may be granted in connection with the grant of an Option, in which case the exercise of SARs will result in the surrender of the right to purchase the shares under the Option as to which the SARs were exercised. When SARs are granted in connection with the grant of an Incentive Stock Option, the SARs shall have such terms and conditions as shall be required by Section 422 of the Code. Alternatively, SARs may be granted independently of Options.

9.2 Exercisability of SARs. SARs granted under the Plan shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, which need not be the same for all Participants; provided, however, that no SAR shall be exercisable later than ten (10) years from the Grant Date.

9.3 Exercise of SARs. Upon exercise of the SAR or at a fixed date after all or part of the SAR becomes exercisable, the Participant shall be entitled to receive payment of an amount determined by multiplying (a) the difference, if any, of the Fair Market Value of a share of Stock on the date of exercise over the price of the SAR fixed by the Committee at the Grant Date, which shall not be less than the Fair Market Value of a share of Stock at the Grant Date, by (b) the number of shares with respect to which the SAR is exercised.

9.4 Form and Timing of Payment. Payment for SARs shall be made in Stock and shall be payable at the time specified in the Award Agreement for such SARs.

ARTICLE 10
STOCK GRANT AWARDS

Subject to the provisions of Article 5 and this Article 10, Stock Grant Awards may be granted to Participants at any time and from time to time as shall be determined by the Committee. A Stock Grant Award grants a Participant the right to receive (or purchase at such price as determined by the Committee) shares of Stock free of any vesting restrictions. Any purchase price for a Stock Grant Award shall be payable in cash or other form of consideration acceptable to the Committee. A Stock Grant Award may be granted or sold as described in the preceding sentence in respect of past services or other valid consideration, or in lieu of any cash compensation due to such Participant. All Stock Grant Awards will be evidenced by a written Award Agreement.

ARTICLE 11
PERFORMANCE-BASED AWARDS

11.1 Grant of Performance-Based Awards. Options granted to Covered Employees pursuant to Article 6 and SARs granted to Covered Employees pursuant to Article 9 should, by their terms, qualify for the “performance-based compensation” exception to the deduction limitations of Section 162(m) of the Code. The Committee, in the exercise of its complete discretion, also may choose to qualify some or all of the Restricted Stock Rights or Restricted Stock Awards granted to Covered Employees pursuant to Article 7 and/or some or all of the Performance Shares, Performance Share Units or Performance Cash Awards granted to Covered Employees pursuant to Article 8 and/or some or all of the Stock Grant Awards granted to Covered Employees pursuant to Article 10 for the “performance-based compensation” exception to the deduction limitations of Section 162(m) of the Code. If the Committee, in its discretion, decides that a particular Award to a Covered Employee should qualify as “performance-based compensation,” the Committee will grant a Performance-Based Award to the Covered Employee and the provisions of this Article 11 shall control over any contrary provision contained in Articles 7, 8 or 10. If the Committee concludes that a particular Award to a Covered Employee should not be qualified as “performance-based compensation,” the Committee may grant the Award without satisfying the requirements of Section 162(m) of the Code and the provisions of this Article 11 shall not apply.

11.2 Applicability. This Article 11 shall apply only to Awards to those Covered Employees selected by the Committee to receive Performance-Based Awards. The designation of a Covered Employee as a Participant for any Performance Period shall not in any manner entitle the Participant to receive a Performance-Based Award for such Performance Period. Moreover, designation of a Covered Employee as a Participant for a particular Performance Period shall not require designation of such Covered Employee as a Participant for any subsequent Performance Period.

11.3 **Committee Discretion with Respect to Performance-Based Awards.** With regard to a particular Performance Period, the Committee shall have full discretion to select the length of the Performance Period, the type of Performance-Based Awards to be issued, the kind and/or level of the Performance Goal or Goals and whether the Performance Goal or Goals apply to the Company, an Affiliate, or any division or business unit thereof or the Participant or any group of Participants.

11.4 **Establishment of Performance Goals.** The Performance Goals for any Performance-Based Award granted pursuant to this Article 11 shall be established by the Committee in writing not later than ninety (90) days after the commencement of the Performance Period for such Award; provided that (a) the outcome must be substantially uncertain at the time the Committee establishes the Performance Goals; and (b) in no event will the Committee establish the Performance Goals for any Performance-Based Award after twenty-five percent (25%) of the Performance Period for such Award has elapsed.

11.5 **Performance Evaluation; Adjustment of Goals.** At the time that a Performance-Based Award is first issued, the Committee, in the Award Agreement or in another written document, shall specify whether performance will be evaluated including or excluding the effect of any of the following events that occur during the Performance Period:

- (a) Judgments entered or settlements reached in litigation;
- (b) The write down of assets;
- (c) The impact of any reorganization or restructuring;
- (d) The impact of changes in tax laws, accounting principles, regulatory actions or other laws affecting reported results;
- (e) Extraordinary non-recurring items as described in Accounting Principles Board Opinion No. 30 and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to shareholders or Annual Report on Form 10-K, as the case may be, for the applicable year;
- (f) The impact of any mergers, acquisitions, spin-offs or other divestitures; and
- (g) Foreign exchange gains and losses.

The inclusion or exclusion of these items shall be expressed in a form that satisfies the requirements of Section 162(m) of the Code. The Committee, in its discretion, also may, within the time prescribed by Section 162(m) of the Code, adjust or modify the calculation of Performance Goals for such Performance Period in order to prevent the dilution or enlargement of the rights of Participants: (i) in the event of, or in anticipation of, any unusual or extraordinary corporate item, transaction, event, or development; or (ii) in recognition of, or in anticipation of, any other unusual or nonrecurring events affecting the Company, or the financial statements of the Company, or in response to, or in anticipation of, changes in applicable laws, regulations, accounting principles, or business conditions.

11.6 Adjustment of Performance-Based Awards. The Committee shall have the sole discretion to adjust the determinations of the degree of attainment of the preestablished Performance Goals. Notwithstanding any provision herein to the contrary, the Committee may not make any adjustment or take any other action with respect to any Performance-Based Award that will increase the amount payable under any such Award. The Committee shall retain the sole discretion to adjust Performance-Based Awards downward or to otherwise reduce the amount payable with respect to any Performance-Based Award.

11.7 Payment of Performance-Based Awards. Unless otherwise provided in the relevant Award Agreement, a Participant must be an Employee of the Company or an Affiliate on the day a Performance-Based Award for such Performance Period is paid to the Participant. Furthermore, a Participant shall be eligible to receive payment pursuant to a Performance-Based Award for a Performance Period only if the Performance Goals for such Performance Period are achieved.

11.8 Certification by Committee. Notwithstanding any provisions to the contrary, the payment of a Performance-Based Award shall not occur until the Committee certifies, in writing, that the pre-established Performance Goals and any other material terms and conditions precedent to such payment have been satisfied.

11.9 Maximum Award Payable. In accordance with Section 5.4, the maximum Performance-Based Award payable to any one participant for a Performance Period is Seven Hundred Fifty Thousand (750,000) shares of Stock, or if the Performance-Based Award is paid in cash, the maximum Performance-Based Award will be determined by multiplying Seven Hundred Fifty Thousand (750,000) by the Fair Market Value of one share of Stock as of the first day of the Performance Period.

ARTICLE 12 CHANGE IN CONTROL

Notwithstanding any other provision in the Plan to the contrary, the Committee, in its sole discretion, may determine that upon a Change in Control, all or any portion of an Award shall automatically become immediately vested and/or exercisable and that the restrictions relating to such Award shall lapse. If such determination is made by the Committee with respect to a Performance-Based Award, the award shall vest on a pro-rata basis at the end of the Performance Period based on the level of achievement of the Performance Goals applicable to such Award, as described in the Award Agreement. All determinations made pursuant to this Article 12 shall be made in the applicable Award Agreement.

ARTICLE 13 NON-TRANSFERABILITY

13.1 General. The Committee may, in its sole discretion, determine the right of a Participant to transfer any Award granted under the Plan. Unless otherwise determined by the Committee, no Award granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution or pursuant to a domestic relations order (that would otherwise qualify as a qualified domestic relations order as defined in the Code or Title I of ERISA but for the fact that the order pertains to an Award) in favor of a spouse or, if applicable, until the termination of any Restricted Period or Performance Period as determined by the Committee.

13.2 Beneficiary Designation. Notwithstanding Section 13.1, a Participant may, in the manner determined by the Committee, designate a beneficiary to exercise the rights of the Participant and to receive any distribution with respect to any Award upon the Participant's death. A beneficiary, legal guardian, legal representative, or other person claiming any rights pursuant to the Plan is subject to all terms and conditions of the Plan and any Award Agreement applicable to the Participant, except to the extent the Plan and Award Agreement otherwise provide, and to any additional restrictions deemed necessary or appropriate by the Committee. If no beneficiary has been designated or survives the Participant, payment shall be made to the person entitled thereto pursuant to the Participant's will or the laws of descent and distribution. Subject to the foregoing, a beneficiary designation may be changed or revoked by a Participant at any time provided the change or revocation is provided to the Committee.

13.3 Stock Certificates. Notwithstanding anything herein to the contrary, the Company shall not be required to issue or deliver any certificates evidencing shares of Stock pursuant to the exercise of any Award, unless and until the Committee has determined, with advice of counsel, that the issuance and delivery of such certificates is in compliance with all applicable laws, regulations of governmental authorities and, if applicable, the requirements of any exchange or quotation system on which the shares of Stock are listed, quoted or traded. All Stock certificates delivered pursuant to the Plan are subject to any stop-transfer orders and other restrictions as the Committee deems necessary or advisable to comply with Federal, state, or foreign jurisdiction, securities or other laws, rules and regulations and the rules of any national securities exchange or automated quotation system on which the Stock is listed, quoted, or traded. The Committee may place legends on any Stock certificate to reference restrictions applicable to the Stock. In addition to the terms and conditions provided herein, the Board may require that a Participant make such reasonable covenants, agreements, and representations as the Board, in its discretion, deems advisable in order to comply with any such laws, regulations, or requirements.

ARTICLE 14 COMPANY DISCRETION

14.1 Employment. Nothing in the Plan shall interfere with or limit in any way the right of the Company to terminate any Participant's employment or service at any time, nor confer upon any Participant any right to continue in the employ or service of the Company.

14.2 Participant. No Employee shall have a right to be selected as a Participant, or, having been so selected, to be selected again as a Participant.

14.3 No Rights to Awards. No Participant, Employee, or other person shall have any claim to be granted any Award pursuant to the Plan, and neither the Company nor the Committee is obligated to treat Participants, Employees, and other persons uniformly.

ARTICLE 15
SUBSTITUTION OF AWARDS

Any Award may be granted under this Plan in substitution for Awards held by any individual who is an employee of another corporation who is about to become an Employee of the Company as the result of a merger, consolidation or reorganization of the corporation with the Company, or the acquisition by the Company of the assets of the corporation, or the acquisition by the Company of stock of the corporation as the result of which such corporation becomes an Affiliate or a subsidiary of the Company. The terms and conditions of the Awards so granted may vary from the terms and conditions set forth in this Plan to such extent as the Committee at the time of granting the Award may deem appropriate to conform, in whole or in part, to the provisions of the Award in substitution for which they are granted. However, in the event that the Award for which a substitute Award is being granted is an Incentive Stock Option, no variation shall adversely affect the status of any substitute Award as an Incentive Stock Option under the Code. In addition, in the event that the award for which a substitute Award is being granted is a Non-Qualified Stock Option or a Stock Appreciation Right that otherwise satisfies the requirements of the “stock rights exception” to Section 409A of the Code, no variation shall adversely affect the status of any substitute Award under the stock rights exception to Section 409A of the Code.

ARTICLE 16
AMENDMENT, MODIFICATION, AND TERMINATION

The Board may at any time, and from time to time, terminate, amend or modify the Plan; provided however, that any such action of the Board shall be subject to approval of the shareholders to the extent required by law, regulation or any stock exchange rule for any exchange on which shares of Stock are listed. Notwithstanding the above, to the extent permitted by law, the Board may delegate to the Committee or the CEO the authority to approve non-substantive amendments to the Plan. No amendment, modification, or termination of the Plan or any Award under the Plan shall in any manner adversely affect any Award theretofore granted under the Plan without the consent of the holder thereof (unless such change is required in order to cause the benefits under the Plan to qualify as performance-based compensation within the meaning of Section 162(m) of the Code and applicable interpretive authority thereunder). Except as provided in Section 5.3, neither the Board, the CEO nor the Committee may, without the approval of the shareholders: (a) reduce the purchase price or exercise price of any outstanding Award, including any Option or SAR; (b) increase the number of shares available under the Plan (other than any adjustment as provided in Section 5.3); (c) grant Options with an exercise price that is below Fair Market Value on the Grant Date; (d) reprice previously granted Options or SARs; or (e) cancel any Option or SAR in exchange for cash or any other Award or in exchange for any Option or SAR with an exercise price that is less than the exercise price of the original Option or SAR. Additional rules relating to amendments to the Plan or any Award Agreement to assure compliance with Section 409A of the Code as set forth in Section 19.3.

ARTICLE 17
TAX WITHHOLDING

17.1 Tax Withholding. The Company shall have the power to withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local withholding tax requirements on any Award under the Plan. To the extent that alternative methods of withholding are available under applicable tax laws, the Company shall have the power to choose among such methods.

17.2 Form of Payment. To the extent permissible under applicable tax, securities, and other laws, the Company may, in its sole discretion, permit the Participant to satisfy a tax withholding requirement by (a) using already owned shares that have been held by the Participant for at least six (6) months; (b) a broker-assisted “cashless” transaction; (c) directing the Company to apply shares of Stock to which the Participant is entitled pursuant to the Award (including, for this purpose, the filing of an election under Section 83(b) of the Code), to satisfy the required minimum statutory withholding amount; or (d) personal check or other cash equivalent acceptable to the Company.

17.3 Tax upon Disposition of Shares Subject to Section 422 Restrictions. In the event that a Participant shall dispose (whether by sale, exchange, gift, the use of a qualified domestic relations order (that would otherwise qualify as a qualified domestic relations order as defined in the Code or Title I of ERISA but for the fact that the order pertains to an Award) in favor of a spouse, of any shares of Stock of the Company that are deemed to have been purchased by the Participant pursuant to an Incentive Stock Option and that the Participant acquired within two (2) years of the Grant Date of the related Option or within one (1) year after the acquisition of such shares of Stock, the Participant will notify the secretary of the Company of such disposition no later than fifteen (15) days following the date of the disposition. Such notification shall include the date or dates of the disposition, the number of shares of Stock of which the Participant disposed, and the consideration received, if any, for such shares of Stock. If the Company so requests, the Participant shall forward to the secretary of the Company any amount requested by the Company for the purpose of satisfying its liability, if any, to withhold federal, state or local income or earnings tax or any other applicable tax or assessment (plus interest or penalties thereon, if any, caused by delay in making such payment) incurred by reason of such disposition.

ARTICLE 18
INDEMNIFICATION

Each person who is or shall have been a member of the Committee or of the Board shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him in connection with or resulting from any claim, action, suit, or proceeding to which he may be a party or in which he may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by him in settlement thereof, with the Company's approval, or paid by him in satisfaction of any judgment in any such action, suit, or proceeding against him, provided he shall give the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such person may be entitled under the Company's articles of incorporation, bylaws, resolution or agreement, as a matter of law, or otherwise, or any power that the Company may have to indemnify him or hold him harmless.

ARTICLE 19
REQUIREMENTS OF LAW

19.1 Requirements of Law. The granting of Awards and the issuance of shares and/or cash under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required. The Company shall be under no obligation to register pursuant to the Securities Act of 1933, as amended, any of the shares of Stock paid pursuant to the Plan. If the shares of Stock paid pursuant to the Plan may in certain circumstances be exempt from registration pursuant to the Securities Act of 1933, as amended, the Company may restrict the transfer of such shares in such manner as it deems advisable to ensure the availability of any such exemption.

19.2 Governing Law. The Plan and all agreements into which the Company and any Participant enter pursuant to the Plan shall be construed in accordance with and governed by the laws of the State of California. The Plan is an unfunded performance-based bonus plan for a select group of management or highly compensated employees and is not intended to be subject to ERISA.

19.3 Section 409A of the Code.

(a) General Compliance. Some of the Awards that may be granted pursuant to the Plan (including, but not necessarily limited to, Restricted Stock Rights Awards, Performance Share Awards, Performance Share Unit Awards, Performance Cash Awards and Stock Grant Awards) may be considered to be "non-qualified deferred compensation" subject to Section 409A of the Code. If an Award is subject to Section 409A of the Code, the Company intends (but cannot and does not guarantee) that the Award Agreement and this Plan comply fully with and meet all of the requirements of Section 409A of the Code or an exception thereto and the Award Agreement shall include such provisions, in addition to the provisions of this Plan, as may be necessary to assure compliance with Section 409A of the Code or an exception thereto. An Award subject to Section 409A of the Code also shall be administered in good faith compliance with the provisions of Section 409A of the Code as well as applicable guidance issued by the Internal Revenue Service and the Department of Treasury. To the extent necessary to comply with Section 409A of the Code, any Award that is subject to Section 409A of the Code may be modified, replaced or terminated in the discretion of the Committee. Notwithstanding any provision of this Plan or any Award Agreement to the contrary, in the event that the Committee determines that any Award is or may become subject to Section 409A of the Code, the Company may adopt such amendments to the Plan and the related Award Agreements, without the consent of the Participant, or adopt other policies and procedures (including amendments, policies and procedures with retroactive effective dates),

or take any other action that the Committee determines to be necessary or appropriate to either comply with Section 409A of the Code or to exclude or exempt the Plan or any Award from the requirements of Section 409A of the Code.

C-21

(b) Delay for Specified Employees. If, at the time of a Participant's Separation from Service, the Company has any Stock which is publicly traded on an established securities market or otherwise, and if the Participant is considered to be a Specified Employee, to the extent any payment for any Award is subject to the requirements of Section 409A of the Code and is payable upon the Participant's Separation from Service, such payment shall not commence prior to the first business day following the date which is six (6) months after the Participant's Separation from Service (or if earlier than the end of the six (6) month period, the date of the Participant's death). Any amounts that would have been distributed during such six (6) month period will be distributed on the day following the expiration of the six (6) month period.

(c) Prohibition on Acceleration or Deferral. Under no circumstances may the time or schedule of any payment for any Award that is subject to the requirements of Section 409A of the Code be accelerated or subject to further deferral except as otherwise permitted or required pursuant to regulations and other guidance issued pursuant to Section 409A of the Code. If the Company fails to make any payment pursuant to the payment provisions applicable to an Award that is subject to Section 409A of the Code, either intentionally or unintentionally, within the time period specified in such provisions, but the payment is made within the same calendar year, such payment will be treated as made within the time period specified in the provisions. In addition, in the event of a dispute with respect to any payment, such payment may be delayed in accordance with the regulations and other guidance issued pursuant to Section 409A of the Code.

19.4 Securities Law Compliance. With respect to any Participant who is, on the relevant date, obligated to file reports pursuant to Section 16 of the Exchange Act, transactions pursuant to this Plan are intended to comply with all applicable conditions of Rule 16b-3 or its successors pursuant to the Exchange Act. Notwithstanding any other provision of the Plan, the Committee may impose such conditions on the exercise of any Award as may be required to satisfy the requirements of Rule 16b-3 or its successors pursuant to the Exchange Act. To the extent any provision of the Plan or action by the Committee fails to so comply, it shall be void to the extent permitted by law and voidable as deemed advisable by the Committee.

19.5 Restrictions. The Committee shall impose such restrictions on any Awards under the Plan as it may deem advisable, including without limitation, restrictions under applicable federal securities law, under the requirements of any stock exchange upon which the Stock is then listed and under any blue sky or state securities laws applicable to such Awards.

ARTICLE 20
GENERAL PROVISIONS

20.1 Funding. The Company shall not be required to segregate any of its assets to ensure the payment of any Award under the Plan. Neither the Participant nor any other persons shall have any interest in any fund or in any specific asset or assets of the Company or any other entity by reason of any Award, except to the extent expressly provided hereunder. The interests of each Participant and former Participant hereunder are unsecured and shall be subject to the general creditors of the Company.

20.2 No Shareholders Rights. No Award gives the Participant any of the rights of a shareholder of the Company unless and until shares of Stock are in fact issued to such person in connection with such Award.

20.3 Titles and Headings. The titles and headings of the Articles in the Plan are for convenience of reference only and, in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

20.4 Successors and Assigns. The Plan shall be binding upon and inure to the benefit of the successors and permitted assigns of the Company, including without limitation, whether by way of merger, consolidation, operation of law, assignment, purchase, or other acquisition of substantially all of the assets or business of the Company, and any and all such successors and assigns shall absolutely and unconditionally assume all of the Company's obligations under the Plan.

20.5 Survival of Provisions. The rights, remedies, agreements, obligations and covenants contained in or made pursuant to this Plan, any agreement and any notices or agreements made in connection with this Plan shall survive the execution and delivery of such notices and agreements and the delivery and receipt of such shares of Stock if required by Section 13.3, shall remain in full force and effect.
