PROXY STATEMENT

January 6, 2003

The enclosed proxy is solicited by the Board of Directors of the Company. This proxy statement and the enclosed proxy are being mailed on or about January 6, 2003. Voting and Revocability of Proxies

The Board of Directors has fixed the close of business on December 16, 2002, as the record date for determination of the shareholders entitled to vote at the Annual Meeting. As of the record date, there were 49,580,242 Common Shares outstanding (Common Shares or Common Stock). Each such share is entitled to one vote on all matters to be presented to the meeting.

When proxies are properly dated, executed and returned, the shares they represent will be voted at the Annual Meeting in accordance with the instructions of the shareholder. If no specific instructions are given, the shares will be voted **FOR** the following Items: (1) the election of the nominees for director set forth herein and (2) ratification of the appointment of independent accountants. A proxy is revocable at any time prior to its use by delivering a subsequently executed proxy or written notice of revocation to the Secretary of the Company.

A majority of the shares entitled to vote, represented in person or by proxy, constitutes a quorum. If a quorum is present, (i) the two nominees for director receiving the highest number of votes cast at the Annual Meeting will be elected and (ii) the affirmative vote of a majority of the total votes cast by all shareholders entitled to vote at the Meeting will be required to ratify Item 2 above. Abstentions, the withholding of authority to vote or the specific direction not to cast a vote, such as a broker non-vote, will not constitute the casting of a vote on any matter.

ITEM 1 ELECTION OF DIRECTORS

On December 17, 2002, the Board of Directors, in accordance with the Company's By-Laws, increased the number of directors to eight, divided into four classes of two directors, and appointed Barry Waite, effective January 2, 2003, to be the second member of the class whose term expires at the 2003 Annual Meeting. The Board of Directors intends to nominate C. Scott Kulicke and Barry Waite for re-election at the 2003 Annual Meeting to serve until the 2007 Annual Meeting and until their successors have been duly elected and qualified. Each shareholder who so chooses may cumulate votes in the election of directors (i.e. shareholders may multiply the number of votes the shareholder is entitled to cast by the total number of directors elected (i.e. two) and cast the whole number of votes for one candidate or distribute them among some or all candidates). The proxy agents reserve the right to vote the proxies cumulatively, if necessary, in order that one or both of Messrs. C. Scott Kulicke and Barry Waite will be re-elected to the Board of Directors. If either of the nominees should be unavailable at the time of the election, the persons named in the proxy may vote the proxies for such other persons as they may choose, unless the Board of Directors reduces the number of the directors to be elected.

The following table provides certain information concerning: (i) C. Scott Kulicke and Barry Waite, the nominees for re-election, (ii) the persons whose terms as directors will continue after the Annual Meeting, and (iii) the executive officers named in the Summary Compensation Table herein, including their ages, principal occupations and, as of December 2, 2002, beneficial shareholdings. ITEM 2 APPOINTMENT OF INDEPENDENT ACCOUNTANTS

The Audit Committee of the Board of Directors has appointed PricewaterhouseCoopers LLP as the Company's independent accountants for the fiscal year ending September 30, 2003. PricewaterhouseCoopers LLP has served as the Company's independent accountants for a number of years. The election of independent accountants by the shareholders is not required by law or by the Company's By-laws. Traditionally, the Company has submitted this matter to the shareholders for ratification and believes that it is good practice to continue to do so. If a majority of the votes cast on this matter are not cast in favor of the reappointment of PricewaterhouseCoopers LLP, the Audit Committee will reconsider its appointment.

A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting to make a statement if he or she so desires and will be available to respond to any appropriate questions.

Based solely on the Company's review of the copies of these reports received by it and written representations received from reporting persons with respect to the filing of reports on Forms 3, 4 and 5, the Company believes that all such filings required to be made by the reporting persons for Fiscal 2002 were made on a timely basis.

Pension Plan

The Company has maintained a tax-qualified defined benefit pension plan, which covered U.S. employees who had reached age 21 and completed one year of service. Effective December 31, 1995, benefit accruals under the Company's pension plan were frozen. Retirement benefits under this pension plan are determined under a formula based on length of service and average compensation in the three consecutive calendar years during the ten year period ended December 31, 1995, producing the highest average (subject to certain Internal Revenue Code limits). Assuming the individual survives until age 65 and begins to receive payments at age 65 in the form of an annuity, the named executives would receive the following annual amounts under the pension plan: C. Scott Kulicke - \$57,996; Alexander A. Oscilowski - 0; Morton K. Perchick - \$29,951; Clifford G. Sprague - \$15,793, Charles Salmons - \$22,097 and James P. Spooner - 0.

Termination of Employment and Change in Control Arrangements

The Company has Termination of Employment Agreements with its executive officers which provide that in the event of certain changes in control, as defined in the agreements, the officer who is a party to such agreement and whose employment terminates, other than voluntarily or for cause, within 18 months after such change in control, will be entitled to termination pay equal to the lesser of a specified number of months target total cash compensation (base salary plus incentives) for the year in which the change in control occurs or \$10 less than the amount which would subject the officer to excise tax with respect to such payment under Section 4999 of the Internal Revenue Code or would make payment thereof non-deductible by the Company under Section 280G of the Code. Such agreements were renewed by the Board of Directors in December 2000 and are all currently scheduled to expire on December 31, 2003, unless extended. The named executive officers' Termination of Employment Agreements provide for payment of the following number of months' target total cash compensation: Messrs. Kulicke, 30 months; Perchick, 18 months; Sprague, 18 months; Salmons, 18 months; and Spooner, 18 months.

Under the Company's 2001 Employee Stock Option Plan (2001 Plan), the 1998 Employee Stock Option Plan (1998 Plan) and the 1994 Employee Stock Option Plan (1994 Plan), in the event of a change in control of the Company (as defined in those plans), all outstanding options become fully vested and exercisable. Under the Company's 1997 Non-Qualified Stock Option Plan for Non-Employee Directors (the 1997 Director Plan), if the Company is a party to any merger in which it is not the surviving entity, or any consolidation or dissolution, all outstanding options will terminate and the optionee will receive, in cash, from the Company an amount equal to the fair market value of the shares subject to his or her outstanding options less the amount which would be required to exercise such options. Under the Company's 1988 Employee Stock Option Plan and 1988 Non-Qualified Stock Option Plan for Non-Officer Directors (the 1988 Director Plan), if the Company is a party to any merger in which it is not the surviving entity, or any consolidation or dissolution, all outstanding options will terminate and the optionee will receive, in cash, from the Company an amount equal to the fair market value of the shares subject to then exercisable options less the amount which would be required to exercise such options. Under the Company's Officers' Deferred Compensation Plan, on a change in control (as defined in that plan) participants receive a lump sum payment of the value of their accounts.

Board Matters

In Fiscal 2002, the Board of Directors met six times. Four of such meetings were regular meetings and two of such meetings were special meetings. Directors who are not officers of the Company receive a quarterly retainer of \$3,000, plus \$2,000 for each meeting of the Board attended and \$1,000 for each telephone meeting of the Board attended. Committee Chairmen also are paid an annual retainer of \$2,000, and committee members are paid \$1,000 for each committee meeting not

held on the date of a Board meeting. All of the incumbent directors, with the exception of C. William Zadel, attended at least 75% of the Board and applicable committee meetings in Fiscal 2002.

Each member of the Board who is not also an officer or employee of the Company is eligible to participate in the 1988 and 1997 Director Plans. Pursuant to the 1988 Director Plan (which terminated in 1998), options to purchase 5,000 Common Shares were automatically granted to each eligible director on the last day of each February on which the Company's shares were publicly traded through 1998. In February 1999, a similar grant was made pursuant to the 1997 Director Plan, which provides for such grants through 2008. As a result of the two-for-one stock split effective on July 31, 2000, grants under the 1997 Director Plan were increased to 10,000 Common Shares beginning with the grant made in February 2001. The exercise price of all such options is equal to 100% of the fair market value of the Company's Common Shares on the date of grant. All options granted under the 1988 Director Plan and options granted under the 1997 Director Plan prior to February 13, 2001 become exercisable in 20% annual increments commencing on the first anniversary of the date they are granted. Options granted under the 1997 Director Plan after February 13, 2001 become exercisable in 25% annual increments commencing on the first anniversary of the date they were granted.

The Company has standing Audit and Compensation Committees. There is no standing Nominating Committee. The Audit Committee, comprised of Messrs. MacDonell Roehm, Jr., Chairman, Philip V. Gerdine and Allison F. Page, met five times during Fiscal 2002. All Audit Committee members are independent, non-employee directors. The Audit Committee, among other things, appoints the Company's independent accountants to serve the following fiscal year, oversees their independence and meets with them to review the scope and results of the audit, considers comments made by the independent accountants with respect to accounting procedures and internal controls and the consideration given thereto by the Company's management, and reviews internal accounting procedures and controls with the Company's financial management.

The Compensation Committee, comprised of Messrs. John A. O. Steen, Chairman, Larry D. Striplin, Jr. and C. William Zadel, met five times during Fiscal 2002. The principal duties of the Compensation Committee are to approve compensation arrangements for the executive officers and senior managers of the Company and to administer the Company's stock option plans.

Certain Relationships and Related Transactions

On November 28, 2000, Mackenzie-Childs Ltd. filed a voluntary petition under Chapter 11 of the United States Bankruptcy Code. At the time of the Chapter 11 filing, MacDonell Roehm, Jr., a director of the Company, was Chairman and Chief Executive Officer of Mackenzie-Childs Ltd. Mr. Roehm was hired by Mackenzie-Childs Ltd. in 2000 to implement remedial action plans. By filing the petition, Mackenzie-Childs Ltd. sought reorganization to provide a framework under which those remedial action plans could be executed.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Company's Board of Directors, comprised entirely of independent directors (as defined in Rule 4200(a)(14) of the Marketplace Rules of the Nasdaq Stock Market), is responsible for approving compensation arrangements for the officers and senior managers of the Company.

The Compensation Committee seeks to achieve the following goals with the Company's executive compensation programs: to attract and retain key executives; to motivate and reward executives for the attainment of Company-based and individual performance objectives; and to provide

executives with an opportunity to acquire an equity interest in the Company. The Compensation Committee seeks to foster a performance-oriented environment by tying a significant portion of each executive's cash compensation to the achievement of objectives that are important to the Company.

The Company's Executive Incentive Compensation Plan is currently comprised of three principal components: base salary; cash incentive; and equity incentive in the form of stock options granted under the Company's stock option plans.

Target Total Cash Compensation

Target total cash compensation for each executive is established based on marketplace data. For this purpose, in Fiscal 2002 the Company utilized principally the data for companies with sales between \$400 million and \$500 million as reported by nationwide participants in the Aon Consulting/Radford Division 2002 Executive Compensation Report. Participants in that nationwide survey are not limited to the companies included in the Company's peer group established to compare shareholder returns in the performance graph included below because the Compensation Committee believes that the Company's competitors for executive talent are not limited to that peer group.

Base Salary and Cash Incentive

Once target total cash compensation has been established for each executive, the total compensation is divided into a base salary portion and a cash incentive portion. Generally, the higher the level of responsibility of the executive within the Company, the greater the portion of that executive's target total cash compensation that consists of the cash incentive component. At budgeted performance levels, targeted cash incentive ranges from approximately 33% to 56% of targeted total cash compensation (50% to 125% of base salary) for the named executive officers.

On August 1, 2001, the Company instituted a temporary reduction in the base salaries of employees, including a 15% reduction in the base salaries of participants in the Executive Incentive Compensation Plan. Base salaries for employees other than officers were restored during the second half of Fiscal 2002. The salaries of officers other than the Chief Executive Officer were restored in October 2002.

For Fiscal 2002, due to the Company's cash position and financial performance, the Company elected to make no payments under the Executive Incentive Compensation Plan.

Equity Incentive

The Company grants stock options annually to all participants in the Executive Incentive Compensation Plan. The purpose of these grants is to give participants a stake in the success of the Company as measured by the stock market's assessment of the Company's performance. The number of options granted to each participant has generally been determined on the basis of a percentage of target total cash compensation that varies depending on the participant's level of responsibility. The extent of existing options or stock ownership is not generally considered in granting options, except that the Company sometimes grants an initial round of options to newly recruited executives to provide them with some stake in the Company's success from the commencement of their employment.

The option grants to the seven executive officers on November 20, 2001 amounted to approximately .76% of the Company's Common Shares outstanding on or about the date of the grants.

Chief Executive Officer Compensation

The Compensation Committee uses the same factors in determining the compensation of the Chief Executive Officer as it does for the other participants in the Executive Incentive Compensation Plan. The Chief Executive Officer's base salary for Fiscal 2002 was \$424,580, reflecting the 15% reduction in base salary. The Chief Executive Officer received no cash incentive payment for Fiscal 2002.

The Compensation Committee is mindful of the potential impact upon the Company of Section 162(m) of the Internal Revenue Code, which prohibits public companies from deducting certain executive remuneration in excess of \$1,000,000. While reserving the right of the Company to offer such compensation arrangements as may be from time-to-time necessary to attract and retain top-quality management, the Compensation Committee intends generally to structure such arrangements, where feasible, so as to minimize or eliminate the impact of the limitations of Section 162(m) of the Code.

The graph set forth below compares, for fiscal years 1998 through 2002, the yearly change in the cumulative total returns to holders of Common Shares of the Company with the cumulative total return of a peer group selected by the Company and of the NASDAQ Stock Market-US Index. The peer companies are all among the top 25 semiconductor capital equipment suppliers in the world and were selected by the Company based principally on nature of business, revenues, employee base, technology base, market share, customers and customer relationships. The peer group is composed of Advanced Semiconductor Materials International N.V., Applied Materials, Inc., BTU International, Inc., Electro Scientific Industries, Inc., FSI International, Inc., Genus, Inc., KLA - Tencor Corp., Lam Research Corp., LTX Corp., Novellus Systems, Inc. and Teradyne Inc. The graph assumes that the value of the investment in the relevant stock or index was \$100 at September 30, 1997 and that all dividends were reinvested. Total returns are calculated based on a fiscal year ending September 30. For purposes of the peer group index, the peer group companies have been weighted based upon their relative market capitalization. The closing market price of the Company's Common Shares as of September 30, 2002 was \$3.00. The closing market price of such shares on December 16, 2002 was \$5.44.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Company is composed of three independent directors and operates under a written charter. The purpose of the Audit Committee is to monitor the integrity of the financial statements of the Company, review the Company's internal accounting procedures and controls, oversee the independence, qualification and performance of the Company's independent accountants, and appoint the independent accountants. Each of the members of the Audit Committee is independent (as defined in Rule 4200(a)(14) of the Marketplace Rules of the Nasdaq Stock Market and Section 10A(m)(8) of the Exchange Act) and is able to understand financial statements. In addition, the Board has determined that two members of the Audit Committee, MacDonell Roehm, Jr. and Philip Gerdine, qualify as financial experts under the provisions of the Sarbanes-Oxley Act, as defined by the SEC. Attached as an Appendix to this Proxy Statement is a copy of the Audit Committee Charter as amended December 17, 2002.

During fiscal year 2002, the Audit Committee met with the senior members of the Company's management team and the Company's independent accountants. The Audit Committee also met separately with the Company's independent accountants and separately with Company's Chief Financial Officer. The parties discussed financial management, accounting and internal controls.

The Audit Committee appointed (subject to ratification by the shareholders) PricewaterhouseCoopers, L.L.P. as the Company's independent accountants and reviewed with the Company's financial management and the independent accountants the overall audit scope and plans, the results of internal and external audit examinations, evaluations by the accountants of the Company's internal controls and the quality of the Company's financial reporting.

The Audit Committee reviewed and discussed the audited financial statements included in the Company's Annual Report with the Company's management including, without limitation, a discussion of the quality and not just the acceptability of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements as well as in Management's Discussion and Analysis of Results of Operations and Financial Condition. In addressing the reasonableness of management's accounting judgments, members of the Audit Committee asked for and received management's representations that the audited consolidated financial statements of the Company have been prepared in conformity with generally accepted accounting principles, and have expressed to both management and accountants their general preference for conservative policies when a range of accounting options is available.

In its meeting with representatives of the independent accountants, the Audit Committee asked for and received responses to several questions that the Audit Committee believes are particularly relevant to its oversight. These questions included (i) whether there were any significant accounting judgments made by management in preparing the financial statements that would have been made differently had the accountants themselves prepared and been responsible for the financial statements; (ii) whether, based on the auditor's experience and their knowledge of the Company, the Company's financial statements fairly present to investors, with clarity and completeness, the Company's financial position and performance for the reporting period in accordance with generally accepted accounting principles and SEC disclosure requirements; and (iii) whether, based on their experience and their knowledge of the Company, they believe the Company has implemented internal controls and internal audit procedures that are appropriate for the Company.

The Audit Committee discussed with the independent accountants the matters required to be discussed by Statement of Auditing Standards No. 61, Communications with Audit Committees, as amended by Statement of Auditing Standards No. 90, Audit Committee Communications. The

Audit Committee also reviewed the written disclosures and the letter from the independent accountants required by the Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, discussed with the accountants their independence, and concluded that the nonaudit services performed by the accountants are compatible with maintaining their independence.

In performing all of these functions, the Audit Committee acts in an oversight capacity. The Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent auditors who, in their report, express an opinion on the conformity of the Company's financial statements to generally accepted accounting principles.

Based on the review and discussions referred to above, the Audit Committee recommended to the Company's Board that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2002 filed with the SEC.
