**Item 2.02. Results of Operations and Financial Condition**

**Item 8.01. Other Events**

OGE Energy Corp. (the Company) is the parent company of Oklahoma Gas and Electric Company, a regulated electric utility with approximately 762,000 customers in Oklahoma and western Arkansas, and Enogex Inc. and its subsidiaries (Enogex), a natural gas pipeline business with principal operations in Oklahoma.

In its quarterly report on Form 10-Q for the quarter ended September 30, 2007, the Company reported consolidated net income of approximately \$126.8 million and \$206.6 million for the three and nine months ended September 30, 2007, respectively, and consolidated diluted earnings per share of \$1.37 and \$2.24 for the three and nine months ended September 30, 2007, respectively. As part of the process for updating Registration Statement No. 333-144089 for a possible public offering of common units by OGE Enogex Partners L.P., the Company realized that its gas imbalances accrued at September 30, 2007 for Enogex were incorrect by approximately \$1.8 million pre-tax (\$1.2 million after tax), which caused the Company's consolidated net income for the three and nine months ended September 30, 2007 to be slightly lower than previously reported. Due to the immateriality of this change (\$1.2 million of net income and \$0.02 per diluted share), the Company will not restate its previously reported results. The adjustment will be made in the fourth quarter of 2007. This change also had no impact on the Company's previously disclosed earnings guidance for 2007 of between \$2.30 to \$2.50 per diluted share.
