**PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS**

TO BE HELD ON MAY 15, 2003

The Board of Directors of TeleTech Holdings, Inc., a Delaware corporation ("TeleTech," the "Company," "we," "us," or "our") is soliciting proxies to be used at our Annual Meeting of stockholders to be held at 10:00 a.m. on May 15, 2003, at TeleTech Holdings, Inc.'s Newgen Subsidiary located at 10243 Genetic Center Drive, San Diego, California 92121. This proxy statement contains important information regarding TeleTech's Annual Meeting, the proposals on which you are being asked to vote, information you may find useful in determining how to vote and voting procedures.

A number of abbreviations are used in this Proxy Statement. The term "proxy materials" includes this proxy statement, the enclosed proxy card, and TeleTech's Annual Report for 2002.

The Board of Directors is sending these proxy materials on or about April 9, 2003.

Who Can Vote

Stockholders of record at the close of business on March 25, 2003 (the "Record Date") may vote at the Annual Meeting. On the Record Date, we had approximately 75,058,233 issued and outstanding shares of common stock, which were held by approximately 141 record holders. If you hold shares in a stock brokerage account or by a nominee, you are considered the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by your broker or nominee, who is considered the record holder with respect to those shares. As the beneficial owner, you have the right to direct your broker or nominee on how to vote and you are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the meeting unless you first obtain from your broker or nominee a letter recognizing you as the beneficial owner of your shares. Your broker or nominee has enclosed a voting instruction card for you to use. **You are urged to vote by proxy regardless of whether you attend the Annual Meeting.**

How You Can Vote

You can vote your shares if you are represented by proxy or present in person at the Annual Meeting. If you hold your shares through your broker in "street name," you may direct your broker or nominee to vote by proxy, but you may not vote in person at the meeting unless you first obtain from your broker or nominee a letter recognizing you as the beneficial owner of your shares. If you return a properly signed proxy card, we will vote your shares as you direct. If your proxy card does not specify

Edgar Filing: TELETECH HOLDINGS INC - Form DEF 14A

how you want to vote your shares, we will vote your shares "FOR" the election of all nominees for director and as recommended by the Board with regard to all other matters.

Revocation of Proxies

You can revoke your proxy at any time before it is voted at the Annual Meeting by any of the following three methods:

by voting in person at the Annual Meeting;

by delivering to the Company's Secretary a written notice of revocation dated after the proxy; or

by delivering another proxy dated after the previous proxy.

Required Votes

Each share of common stock has one vote on all matters properly brought before the Annual Meeting. In order to conduct business at the Annual Meeting, a quorum of a majority of the outstanding shares of common stock entitled to vote as of the Record Date must be present in person or represented by proxy. The affirmative vote of a plurality of the shares represented at the meeting, in person or by proxy, will be necessary for the election of directors. The affirmative vote of a majority of the shares represented at the meeting, in person or by proxy, will be necessary for approval of the other Company proposals.

Kenneth D. Tuchman, Chairman and Chief Executive Officer of the Company and the beneficial owner of approximately 49.7% of the issued and outstanding shares of common stock, has indicated that he intends to vote for all persons nominated by the Board of Directors for election to the Board of Directors and as recommended by the Board with regard to other proposals to be presented at the Annual Meeting.

Voting Procedures

Votes cast by proxy at the Annual Meeting will be tabulated by an automatic system administered by the Company's transfer agent. Votes cast by proxy or in person at the Annual Meeting will be counted by the persons appointed by the Company to act as election inspectors for the Annual Meeting. Abstentions and broker non-votes (as described below) are each included in the determination of the number of shares present at the Annual Meeting for purposes of determining the presence of a quorum and are tabulated separately. Abstentions are counted in tabulations of the votes cast on proposals presented to stockholders and except with respect to the election of directors, will have the same effect as negative votes. With regard to the election of directors, votes may be cast in favor or withheld; votes that are withheld will be excluded entirely from the tabulation of votes and will have no effect. Broker non-votes are not counted for purposes of determining whether a proposal has been approved.

If your shares are held in the name of a broker and you do not return a proxy card, brokerage firms have the authority to vote your non-voted shares (known as "broker non-votes") on certain routine matters, such as the election of directors and the ratification of auditors. No broker may vote shares with respect to the Stockholder Proposal without specific instructions from beneficial owners. Under applicable Delaware law, broker non-votes will not be counted for purposes of determining whether the Stockholder Proposal has been approved.

If you hold shares in TeleTech's Employee Stock Purchase Plan ("ESPP") and you do not return a proxy card, Wachovia Securities, as third party administrator of the ESPP has the authority to vote your non-voted shares on certain routine matters, such as the election of directors and the ratification of

auditors. Wachovia may not vote shares with respect to the Stockholder Proposal without specific instructions from beneficial owners.

Cumulative voting is not permitted in the election of directors. Consequently, you are entitled to one vote for each share of TeleTech common stock held in your name for as many persons as there are directors to be elected, and for whose election you have the right to vote.

Costs of Proxy Solicitation

The Company will bear the costs of soliciting proxies from its stockholders. Certain directors, officers and other employees of the Company, not specially employed for this purpose, may solicit proxies, without additional remuneration therefore, by personal interview, mail, telephone or other means of communication. The Company will request brokers and other fiduciaries to forward proxy soliciting material to the beneficial owners of shares of common stock that are held of record by such brokers and fiduciaries and will reimburse such persons for their reasonable out-of-pocket expenses.

Admission to the Annual Meeting

If you plan to attend the Annual Meeting, please mark the appropriate box on the proxy card and return the proxy card promptly. If you are a stockholder of record and arrive at the Annual Meeting without an admission ticket, you will only be admitted once we verify your share ownership at the stockholders' admission counter. If you are a beneficial owner, you will only be admitted upon presentation of evidence of your beneficial holdings, such as a bank or brokerage firm account statement.

Stockholder List

A complete list of stockholders entitled to vote at the Annual Meeting will be available for examination by any stockholder, for any purpose germane to the meeting, at the Annual Meeting and at the Company's principal offices located at 9197 S. Peoria Street, Englewood, Colorado 80112 during normal business hours for a period of at least 10 days prior to the Annual Meeting.

Information Regarding the Board of Directors and Committees Thereof

Directors are elected at each Annual Meeting of the Company's stockholders to serve until the date of the next Annual Meeting or until their successors are elected and qualified. During 2002, the Board of Directors held four (4) regularly scheduled meetings and six(6) special meetings and took all other actions pursuant to unanimous written consents in lieu of meetings. Edgar Filing: TELETECH HOLDINGS INC - Form DEF 14A

regularly scheduled meetings of the Board of Directors called during the time he served as a director and at least 75% of all meetings of each committee of the Board of Directors on which they served.

The Board of Directors has standing Audit, Compensation and Nominating committees, which assist the Board in the discharge of its responsibilities. Members of each committee are elected by the Board at its first meeting following the Annual Meeting of stockholders and serve for one-year terms.

The Audit Committee reports to the Board regarding the appointment of the independent public accountants of TeleTech, the scope and fees of the prospective annual audit and the results thereof, compliance with TeleTech's accounting and financial policies and management's procedures and policies relative to the adequacy of TeleTech's internal accounting controls. The current members of the Audit Committee are Rod Dammeyer, George Heilmeier, William Linnenbringer and Morton Meyerson, each of whom is independent, as defined in Rule 4200(a)(14) of the National Association of Securities Dealers' listing standards. During 2002, the Audit Committee held four (4) regularly scheduled meetings and six (6) special meetings and took all other actions pursuant to unanimous written consents in lieu of meetings. The Audit Committee has a written charter. See "Report from the Audit Committee".

The Compensation Committee reviews performance goals and determines or approves the annual salary and bonus for each executive officer (consistent with the terms of any applicable employment agreement); reviews, approves and recommends terms and conditions for all employee benefit plans (and changes thereto); and administers the TeleTech Holdings, Inc. Amended and Restated 1999 Stock Option and Incentive Plan; the TeleTech Holdings, Inc. 1995 Stock Plan; the TeleTech Holdings, Inc. Employee Stock Purchase Plan and such other employee benefit plans as may be adopted by TeleTech from time to time. See "Report of the Compensation Committee on Executive Compensation." The Compensation Committee also evaluates the compensation of Board Members. The current members of the Compensation Committee are Rod Dammeyer, George Heilmeier and Ruth Lipper, each of whom is a Non-Employee director of the Company. During 2002, the Compensation Committee held four (4) regularly scheduled meetings and one (1) special meeting and took all other actions pursuant to unanimous written consents in lieu of meetings.

The Nominating Committee nominates and evaluates the performance of Board members. The Nominating Committee will consider candidates for the Board recommended by stockholders if the names and qualifications of such candidates are submitted in writing in accordance with the notice provisions for stockholder proposals set forth under the caption "General Information Next Annual Meeting of Stockholders" in this Proxy Statement to the Secretary of TeleTech, 9197 S. Peoria Street, Englewood, Colorado 80112. The current members of the Nominating Committee are Morton Meyerson, James Barlett and Ruth Lipper. Compensation of Directors

Directors who are also employees of the Company receive no remuneration for serving as directors or committee members. Non-Employee directors receive an annual retainer of \$40,000, a meeting fee of \$1,000 for each Board and Committee meeting attended and a meeting fee of \$500 for each telephonic Board and Committee meeting attended. The Chairmen of the Audit, Compensation and Nominating Committees receive an additional fee of \$5,000 per year. Non-Employee directors also receive options pursuant to the TeleTech Holdings, Inc. Amended and Restated 1999 Stock Option and Incentive Plan. Each Non-Employee director who is first elected or appointed to the Board receives an option to purchase 10,000 Common Shares. Each Non-Employee director also receives an option to purchase 15,000 Common Shares on the day of each annual meeting of shareholders subsequent to his or her initial election or appointment to the Board, provided that he or she continues in office after the annual meeting. The exercise price for each option granted is 100% of the fair market value of the Common Shares on the date of grant.

The Company entered into a consulting agreement in February 1998 with Morton Meyerson, a director of the Company, pursuant to which Mr. Meyerson agreed to render certain advisory and consulting services to the Company. As compensation for such services, the Company granted to Mr. Meyerson an option to purchase up to 200,000 shares of common stock with an exercise price of \$9.50 per share, the closing sales price of the common stock as reported by the Nasdaq National Stock Market on the date of the consulting agreement. The option vests over five years and is subject to accelerated vesting if and to the extent that the closing sales price of the common stock during any 15 consecutive trading days equals or exceeds certain target levels. Under the terms of the option, the exercise price is required to be paid by delivery of shares of common stock of the Company that have a fair market value equal to the exercise price. Accordingly, Mr. Meyerson will receive no more than 200,000 shares of common stock pursuant to the option, net of shares received by the Company for exercise consideration. The Company terminated the consulting agreement in May 2002. Pursuant to an addendum to the option to purchase shares of common stock under the consulting agreement, the Company allowed Mr. Meyerson to retain the options granted which under their original terms would have terminated simultaneously with the consulting agreement.

Edgar Filing: TELETECH HOLDINGS INC - Form DEF 14A

In October 2001, the Company entered into an employment agreement with Kenneth D. Tuchman to serve as Chief Executive Officer of the Company. As compensation for such services, Mr. Tuchman receives an annual salary of \$250,000. Mr. Tuchman was also granted an option to purchase 420,000 shares of common stock at \$6.98 per share. The option vested as to 50% on October 1, 2001 and as to 100% on December 31, 2001. In February 2002, Mr. Tuchman was granted an option to purchase 420,000 shares of common stock at \$11.83 per share. The option vested as to 100% on February 25, 2003.

As compensation for such services, Mr. Barlett receives an annual salary of \$250,000 per year. Mr. Barlett was also granted an option to purchase 400,000 shares of common stock at \$7.84 per share. The option vests over a period of 4 years. Mr. Barlett also received a grant of 200,000 shares of restricted common stock for which restrictions lapse as to 50% on October 15, 2003 and 100% on October 15, 2005 and a grant of 50,000 shares of restricted common stock for which restrictions lapse as to 100% on October 15, 2005. Both grants of restricted stock contain provisions which provide for the immediate lapse of all restrictions upon a change of control.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 ("Exchange Act") requires the Company's directors, executive officers and beneficial owners of more than 10% of the outstanding common stock (collectively, "insiders") to file reports with the SEC disclosing their ownership of common stock and changes in such ownership. The rules of the SEC require insiders to provide the Company with copies of all Section 16(a) reports that the insiders file with the SEC. Based solely upon the Company's review of copies of Section 16(a) reports received by it, and written representations that no such reports were required to be filed with the SEC, the Company believes that all of its insiders complied with all Section 16(a) filing requirements applicable to them during 2002 with the exception of Jeff Sperber, the Company's controller who reported a late transaction that should have been reported on Form 4 on a Form 5.

Executive Change of Control and Termination Arrangements

The Company's standard option agreement for employees who are employed at the vice president level or higher contains, a provision whereby the vesting of such stock options (which typically have a 4 or 5 year vesting period) would accelerate by a period of 2 years immediately upon the occurrence of a change of control.

Certain Relationships and Related Party Transactions

The Company has entered into agreements pursuant to which Avion, LLC ("Avion") and AirMax, LLC ("AirMax") provide certain aviation flight services to and as requested by the Company. Such services include the use of an aircraft and flight crew. Kenneth D. Tuchman, Chief Executive Officer and Chairman of the Board of the Company, has a direct beneficial ownership interest equal to 100% in Avion. During 2002, the Company paid an aggregate of \$1.8 million to Avion for services provided to the Company. Mr. Tuchman also purchases services from AirMax and from time to time and provides short-term loans to AirMax. During 2002, the Company paid to AirMax an aggregate of \$1.0 million for services provided to the Company. The Audit Committee of the Board of Directors reviews those transactions quarterly and has determined that the fees charged by Avion and Airmax are at fair market value.

During the fourth quarter of 2000, the Company and its enhansiv subsidiary, enhansiv holdings, inc. ("EHI"), executed a transaction pursuant to which all the common stock of enhansiv was sold to a

11

group of investors. One of the EHI investors was Kenneth D. Tuchman, the Company's Chairman and Chief Executive Officer, who acquired 14.4 million shares of EHI common stock for \$3.0 million, representing 42.9% of EHI in the initial transaction. Subsequent to the initial sale of common stock, EHI sold 9.6 million shares to Mr. Tuchman for \$2.0 million, giving him an additional 12.1% interest in EHI. Upon Mr. Tuchman's second investment, he entered into a confirmation joinder and amendment agreement which states that for as long as Mr. Tuchman owns 50% of EHI's common stock, all action requiring stockholder approval shall require approval of holders of at least 66²/₃% of EHI common stock. The interests in enhansiv were sold to Mr. Tuchman on the same basis as other investors as negotiated by and based upon an arms-length transaction between the parties. On May 31, 2002, Kenneth D. Tuchman, the Company's Chairman and CEO, transferred his 55% ownership of EHI common stock to the Company and received no consideration in return. On October 1, 2002, the Company acquired 14.4 million shares of EHI common stock from three out of the four remaining outside shareholders for \$1.75 million under an agreement negotiated at arm's length and on December 18, 2002, the Company acquired the remaining 4.8 million shares of EHI common stock from the remaining outside shareholder for \$583,000 under an agreement negotiated at arm's length.

During 2002, the Company utilized the services of Korn/Ferry International ("KFI") for executive search projects. James Barlett, Vice Chairman and a director of the Company is a director of KFI. During 2002, the Company paid approximately \$700,000 to KFI for executive search services.

On November 28, 2000, Mr. Erickson, the President and General Manager, North America, executed a promissory note for the benefit of TeleTech in the original principal sum of \$150,000 together with interest on the unpaid balance at a rate of 6% per annum. The loan evidenced by the promissory note was secured by proceeds from sales by Mr. Erickson of shares of common stock issued to him upon his exercise of TeleTech stock options. Mr. Erickson satisfied his obligations and the note was cancelled in November 2001. On March 28, 2001, Mr. Erickson executed a promissory note for the benefit of TeleTech in the original principal amount of \$850,000 together with interest on the unpaid balance at a rate of 8% per annum through March 28, 2002 and a rate of 12% thereafter. The loan evidenced by such promissory notes were for the personal use of the employee. The largest aggregate amount outstanding during the period since inception of the loans is \$904,422.00. This loan is included in Other Assets in the accompanying consolidated balance sheets.

Compensation Committee Interlocks and Insider Participation

Until May 2002, Rod Dammeyer and George Heilmeyer served on the Compensation Committee of the Board of Directors. In May 2002, Ms. Ruth Lipper was appointed to the Board of Directors and was elected to the Compensation Committee. There were no Compensation Committee interlocks during 2002.

TeleTech believes that all transactions disclosed above have been, and TeleTech's Board of Directors intends that any future transactions with its officers, directors, affiliates or principal stockholders will be, on terms that are no less favorable to TeleTech than those that are obtainable in arm's length transactions with unaffiliated third parties.

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933 ("Securities Act") or the Exchange Act that might incorporate future filings, including this proxy statement, in whole or in part, the reports of the Audit and Compensation Committees presented below and the performance graph following the reports shall not be deemed to be "soliciting material" or "filed" with the SEC or subject to liabilities of Section 18 of the Exchange Act except to the extent that TeleTech specifically incorporates any of them into a document filed under the Securities Act or Exchange Act.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Company's Board of Directors (the "Compensation Committee") approves and oversees the Company's compensation policy, approves salaries and annual bonuses for executive officers of the Company, including the named executive officers, and administers the Company's stock option plans and stock purchase plan. In fulfilling its responsibilities, the Compensation Committee receives significant input from the Company's Chief Executive Officer and other members of senior management. The Compensation Committee is composed of Non-Employee directors.

Compensation Policy

Components of Compensation. The Company's compensation policy for executive management is designed to recruit, motivate and retain highly qualified individuals by (i) rewarding individual achievement, (ii) enabling individuals to share in the risks and rewards of the Company's overall performance and (iii) paying compensation that is competitive with industry compensation levels. The key components of the Company's current compensation policy, which is designed to balance short-term and long-term considerations, are competitive salaries, annual cash performance bonuses and long-term equity incentives. In February 2001, the Compensation Committee approved a Short Term Incentive Plan ("STIP") based on certain metrics including revenue growth, operating margin, capital expenditure, earnings per share and cash flow to determine the specific amount of bonus compensation payable to any member of management. The Compensation Committee also determined that all members of management should undergo an annual performance review.

Annual Option Grant Program. The Company has implemented an annual option grant program pursuant to which the Company grants stock options to certain members of management. Awards are granted on a discretionary basis based upon performance evaluations of eligible employees. The Company believes that the annual option grant program is in the best interests of the Company because (i) the equity-based awards, which will vest over a four-year period after grant, will provide the recipients with an incentive to remain in the Company's employ and (ii) broader stock ownership among management level employees will more closely align their interests with the interests of the Company's stockholders.

2002 Compensation

Annual Salaries. The Chief Executive Officer of the Company, has authority to hire all members of executive management of the Company, subject to the Compensation Committee's approval of the compensation to be paid to such executives. Subject to the approval of the Compensation Committee, the chief Executive Officer also determines the compensation payable to persons offered executive level employment with the Company and annual salary increases for members of the Company's executive management. The Board, at the recommendation of the Compensation Committee, determines adjustments to the CEO's compensation. In determining and approving the amount of compensation for executive management, the CEO and the Compensation Committee consider factors such as the executive's contribution to the Company's

overall operating effectiveness, strategic success and profitability; the executive's role in developing and maintaining key client relationships; the level of responsibility, scope and complexity of such executive's position relative to other executive management; and the executive's leadership growth and management development over the past year. The salaries of the Company's named executive officers, which are listed in the Summary Compensation Table located elsewhere in this proxy statement, are governed primarily by written employment agreements with the Company.

Performance Bonuses. In February 2001, the Compensation Committee adopted the STIP and implemented annual performance reviews for all of executive management. Pursuant to the STIP, cash performance bonuses for executives are determined and approved annually by the Compensation Committee based specific metrics relative to the Company's overall performance including revenue growth, operating margin, capital expenditure, earnings per share and cash flow.

Long-Term Incentives. Stock-based compensation is also an important element of the Company's compensation policy. Stock options are generally offered to induce an executive to accept employment with the Company and then on an annual basis to retain and motivate the management team. The Compensation Committee believes that stock options, which vest over time and are subject to forfeiture, align the interests of executive management with the interests of the Company's stockholders. The Compensation Committee also believes that substantial equity ownership by individuals in leadership positions within the Company ensure that such individuals will remain focused on building stockholder value. An executive officer level committee, consisting of the Company's Chief Executive Officer, the Company's Chief Financial Officer and the Company's General Counsel has the authority to administer the Company's stock option plans with respect to option grants of not more than 100,000 options to employees who are not executive officers. Any stock option grants in excess of 100,000 or to an executive officer must be approved by the Compensation Committee.

Compensation of the Chief Executive Officer. The compensation paid to Kenneth D. Tuchman, the Company's Chief Executive Officer and Chairman of the Board is governed by his employment agreement. Pursuant to his employment agreement, Mr. Tuchman is entitled to receive an annual base salary of \$250,000.

Limitations on the Deductibility of Compensation. Under Section 162(m) of the Internal Revenue Code of 1986, as amended, and applicable Treasury regulations, no tax deduction is allowed for annual compensation in excess of \$1 million paid to the five most highly compensated executive officers. Performance-based compensation that has been disclosed to and approved by stockholders, by a majority of the vote in a separate stockholder vote before the payment of such compensation, is excluded from the \$1 million limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals and the board committee that establishes such goals consists only of "outside directors" as defined for purposes of Section 162(m). All of the members of the Compensation Committee qualify as "outside directors." The Compensation Committee intends to maximize the extent of tax deductibility of executive compensation under the provisions of Section 162(m) so long as doing so is compatible with its determinations as to the most appropriate methods and approaches for the design and delivery of compensation to executive officers of the Company.

REPORT FROM THE AUDIT COMMITTEE

Management is responsible for the Company's financial reporting process including its system of internal control, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors are responsible for auditing those financial statements. Our responsibility is to monitor and review these processes. It is not our duty or our responsibility to conduct auditing or accounting reviews or procedures. We are not employees of the Company and we may not be, and we may not represent ourselves to be or to serve as, accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, we have relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles in the United States of America and on the representations of the independent auditors included in their report on the Company's financial statements. Our oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal

controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of our Company's financial statements has been carried out in accordance with generally accepted auditing standards or that our Company's independent auditors are in fact "independent."

We perform the following functions:

provide an open avenue of communication among the Company's independent auditor, the Company's director of internal auditing and the Board of Directors.

oversee the adequacy of the Company's internal controls and financial reporting process and the reliability of the Company's financial statements.

confirm and assure the independence of the Company's independent auditors and the objectives of the Company's director of internal auditing.

We meet with management periodically to consider the adequacy of the Company's internal controls and the objectivity of its financial reporting. We discuss these matters with the Company's independent auditors and with appropriate Company financial personnel, including the Company's director of internal auditing.

We are also directly responsible for the appointment, compensation and oversight of the work of the independent auditors and review periodically their performance and independence from management.

The Directors who serve on the committee are all "Independent" for purposes of the National Association of Securities Dealers' standards. That is, the Board of Directors has determined that none of us has a relationship with TeleTech that may interfere with our independence from TeleTech and its management.

The Board of Directors has adopted a written charter for the Audit Committee.

Management has primary responsibility for the Company's financial statements and the overall reporting process, including the Company's system of internal controls.

The independent auditors audit the annual financial statements prepared by management, express an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of the Company in conformity with generally accepted accounting principles and discuss with us any issues they believe should be raised with us.

On May 10, 2002, Arthur Andersen LLP ("Andersen") was dismissed as independent auditor for the Company effective upon completion of its review of the Company's financial statements for the quarter ended March 31, 2002, and Ernst & Young LLP ("E&Y") was appointed as the new independent accountant for the Company to replace Andersen for the year ending December 31, 2002. The decision to dismiss Andersen and to appoint E&Y was recommended by the Audit Committee of the Board of Directors and was approved by the Board of Directors on May 10, 2002.

Andersen's reports on the Company's financial statements for the two fiscal years ended December 31, 2000 and December 31, 2001, did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the Company's two most recent fiscal years and the period from January 1, 2002 through May 10, 2002, there were no disagreements between the Company and Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Andersen, would have caused it to make reference to the subject matter of the disagreements in connection with its report.

Edgar Filing: TELETECH HOLDINGS INC - Form DEF 14A

This year, we reviewed the Company's financial statements and met with both management and E&Y, the Company's independent auditors, to discuss those financial statements. Management has represented to us that the financial statements were prepared in accordance with generally accepted accounting principles.

We have received from and discussed with E&Y the written disclosure and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). These items relate to that firm's independence from the Company. We also discussed with E&Y any matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

For the year ended December 31, 2002, we incurred fees for services from E&Y as discussed below.

Audit Fees. The aggregate fees billed for professional services rendered by E&Y for the audit of our annual financial statements and the review of the financial statements included in our Forms 10-Q for the year ended December 31, 2002 were approximately \$536,000.

Financial Information, Systems Design and Implementation Fees. There were no financial information, Systems design and implementation fees in 2002.

All Other Fees. The aggregate fees billed for all other services rendered by E&Y for the year ended December 31, 2002 were approximately \$814,000 including audit and audit-related fees of \$607,500 and other fees of \$206,500. Audit-related fees include statutory audits of subsidiaries, benefit plan audits, various attest services under professional standards, assistance with registration statements and consents. Other fees were primarily for tax services.

The Audit Committee has considered whether the independent auditors' provision of other non-audit services to the Company is compatible with the auditors' independence and determined that it is compatible.

Based on these reviews and discussions, we recommended to the Board that the Company's audited financial statements be included in the company's Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the Securities and Exchange Commission.

The Board of Director's Statement in Opposition

The Company's TeleTech Customer Care Management (Ireland) (TCCM-I) business unit currently employs 153 people at a facility in Belfast, Northern Ireland. Neither of the two major religious groups is underrepresented in the TeleTech workforce in Belfast.

The TCCM-I facility complies with all fair employment legislation, including requirements to register with the Equality Commission, to submit regular monitoring returns showing religious composition of the workforce and to review employment practices on a regular basis. The Equality Commission has provided training for TCCM-I management concerning fair employment practices and TCCM-I has a monitoring officer to monitor recruitment practices in accordance with Equality Commission guidelines. TCCM-I also enforces its own strict fair employment policy, which includes a prohibition of displays of religious and/or political emblems. Further, every effort is made to maintain a safe and secure workplace for employees.

The Company has also provided information to the Equality Commission and to the Investor Responsibility Research Center concerning the employment practices of the TCCM-I facility in Northern Ireland.

The Company's policy is to afford equal employment opportunity to qualified individuals regardless of their religion. The Company also is committed to providing to all its employees a workplace that is free from recognized safety and health hazards, and a work environment free from discrimination, harassment or personal behavior not conducive to a productive work climate. These principles are embodied in the the Company's Code of Conduct, which applies throughout the Copmany's organization worldwide, including Northern Ireland.

Since the Company has already implemented the appropriate and legally permitted fair employment policies in Northern Ireland, the Board of Directors believes this proposal is unnecessary and therefore recommends that Stockholders vote AGAINST this proposal.

INDEPENDENT PUBLIC ACCOUNTANTS

On May 10 2002, Andersen was dismissed as independent accountant for the Company effective upon completion of its review of the Company's financial statements for the quarter ended March 31, 2002, and E&Y was appointed as the new independent accountant for the Company to replace Andersen for the year ending December 31, 2002. The decision to dismiss Andersen and to appoint E&Y was recommended by the Audit Committee of the Board of Directors and was approved by the Board of Directors on May 10, 2002.

19

Andersen's reports on the Company's financial statements for the two fiscal years ended December 31, 2000 and December 31, 2001, did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the Company's two most recent fiscal years and the period from January 1, 2002 through May 10, 2002, there were no disagreements between the Company and Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Andersen, would have caused it to make reference to the subject matter of the disagreements in connection with its report.

None of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred within the two most recent fiscal years of the Company ended December 31, 2001 or within the interim period through May 10, 2002.

During the years ended December 31, 2001 and 2000 and through the date hereof, the Company did not consult E&Y regarding any matters or events set forth in Item 304(a)(2)(i) and (ii) or Regulations S-K.

As required under Securities and Exchange Commission (the "Commission") regulations, the Company provided Andersen with a copy of the Item 4 disclosure filed on Form 8-K on May 16, 2002 and requested Andersen to furnish the Company with a letter addressed to the Commission stating whether it agrees with the statements by the Company in Item 4 and, if not, stating the respects in which it did not agree.
