**PROXY STATEMENT
April 28, 2003**

This proxy statement is furnished in connection with the solicitation of proxies by our Board of Directors for use at the annual meeting of stockholders of EXACT Sciences Corporation to be held at the offices of Testa, Hurwitz & Thibault, LLP located at 125 High Street, Boston, MA on June 12, 2003, at 10:00 a.m., Eastern Daylight Time, and any adjournments thereof. Our 2002 Annual Report to Stockholders, containing financial statements for the fiscal year ended December 31, 2002, is being mailed together with this proxy statement to all stockholders entitled to vote at the annual meeting. This proxy statement and the accompanying notice and form of proxy will be first sent or given to stockholders on or about May 5, 2003.

The record date for the determination of stockholders entitled to notice of and to vote at the annual meeting has been fixed by our Board of Directors as the close of business on April 18, 2003. As of that date, 19,034,861 shares of common stock, par value \$.01 per share, of EXACT Sciences Corporation were outstanding and entitled to vote at the annual meeting. Holders of our common stock are entitled to cast one vote for each share held of record at the close of business April 18, 2003 on each matter submitted to a vote at the annual meeting.

Stockholders may vote in person or by proxy. Execution of a proxy will not in any way affect a stockholder's right to attend the annual meeting and vote in person. Any stockholder may revoke a proxy at any time prior to its exercise by filing a later-dated proxy or a written notice of revocation with the Secretary of EXACT Sciences Corporation, or by voting in person at the annual meeting. If a stockholder is not attending the annual meeting, any proxy or notice should be returned in time for receipt no later than the close of business on the day preceding the annual meeting. The persons named as proxies are officers and employees of EXACT Sciences Corporation. With respect to the election of directors, any stockholder submitting a proxy has a right to withhold authority to vote for any individual nominee by writing that nominee's name in the

Edgar Filing: EXACT SCIENCES CORP - Form DEF 14A

space provided on the proxy. The proxies will be voted as stated below under "Election of Directors." Where a proxy is properly signed and returned without indicating any voting instructions regarding the foregoing matters, the shares represented by the proxy will be voted **FOR** the proposal.

A majority in interest of the outstanding shares of our common stock entitled to vote and represented at the annual meeting in person or by proxy shall constitute a quorum for the transaction of business. Votes withheld from any nominee, abstentions and broker "non-votes" are counted as present or represented for purposes of determining the presence or absence of a quorum for the annual meeting. A "non-vote" occurs when a broker or other nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the broker or other nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Directors are elected by a plurality of the votes cast by stockholders entitled to vote and voting on the matter at the annual meeting. On all other matters that may be submitted to stockholders, an

1

affirmative vote of at least a majority of the shares present, or represented by proxy, entitled to vote and voting at the annual meeting is required for approval. Broker "non-votes" on any matter shall be deemed not to have been voted on such matter. The vote on each matter submitted to stockholders is tabulated separately.

The Board of Directors knows of no other matters to be presented at the annual meeting. If any other matter should be presented at the annual meeting upon which a vote properly may be taken, shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named in the proxies.

Mack and Willsey, each of whom is a non-employee director of the Company. The Nominating Committee's responsibilities and duties include (i) assessing the size and composition of the Board of Directors, (ii) evaluating candidates to serve as directors of the Company, and (iii) approving director candidates (a) for inclusion in a Board of Directors approved slate of candidates for election (or re-election) by the Company's stockholders, or (b) in the event of a vacancy on the Board of Directors by the Board of Directors. The Nominating Committee may consider nominees recommended by stockholders of the Company. The Nominating Committee met once during fiscal 2002. Mr. Mack serves as the Chairman of the Nominating Committee.

Effective October 25, 2002, the Board of Directors adopted a policy requiring an executive session of its directors who are independent of the Company (as independence is defined in the National Association of Securities Dealers' listing standards) to be convened at each regularly scheduled meeting of the Board of Directors, and at such other times as the Board of Directors may deem reasonable. In addition, the Board of Directors also voted, on October 25, 2002, to establish a Lead Independent Director position of the Board of Directors consisting of one such independent director. Ms. Crawford currently serves as the Lead Independent Director. The Lead Independent Director is responsible for coordinating the activities of the independent directors including without limitation acting as Chairperson for the executive sessions of such independent directors. The independent directors of the Board met in an executive session twice during fiscal 2002.

Compensation of Directors

Edgar Filing: EXACT SCIENCES CORP - Form DEF 14A

Our non-employee directors are eligible to participate in our 2000 option and incentive plan (the "2000 Plan"). New directors were granted an option to purchase 10,000 shares of common stock on the date they were elected to the Board of Directors, and each director, other than a new director, was granted an annual option to purchase 5,000 shares of common stock at the first meeting of the Board

12

of Directors following each annual stockholders meeting. These options vest ratably over a twelve-month period. The option to purchase 10,000 shares of common stock granted to Patrick J. Zenner, upon his election to the Board of Directors in March 2003, vests one-third on the first anniversary date of the grant, and then ratably thereafter on a monthly basis over a period of twenty-four months.

Effective with the first meeting of the Board of Directors following this year's annual stockholders meeting, the Company has established a revised compensation package for its non-employee directors ("Director Compensation Policy") that has been designed to enable the Company to attract and retain, on a long-term basis, high-caliber directors who are not employees or officers of the Company or its subsidiaries.

Under the Director Compensation Policy, all non-employee directors will receive cash compensation for board service as indicated in the table below.

	Annual Retainer(1)	In-Person Meeting(2)	Telephonic Meeting
Chairman of the Board	\$ 20,000	\$ 3,000	\$ 500
Directors	\$ 10,000	\$ 1,500	\$ 500
Board Committees			
Committee Chairperson		\$ 3,000	\$ 500
Committee Members		\$ 1,500	\$ 500

(1) The Company will pay annual retainers in four equal quarterly installments over each year of the non-employee director's board service.

(2) Directors serving in multiple board roles will receive compensation for each of their unique roles. For example, a director who is a committee chairperson as well as a member of another board committee, will receive \$1,500 for each board meeting attended, \$3,000 for each committee meeting attended at which he/she serves as committee chair, and \$1,500 for each additional committee on which he/she serves as a member. Additionally, directors who participate telephonically at an in-person meeting shall receive 50% of the per-meeting fee.

In addition, each newly elected director (i.e. each director joining the Board for the first time) will be granted an option to purchase 10,000 shares options of common stock (adjusted for stock splits) pursuant to the 2000 Plan, on the date they are elected to the Board of Directors (the "Election Option Grant"). Election Option Grants shall vest one-third on the first year anniversary of the date of grant, and then ratably thereafter on a monthly basis over a period of twenty-four months.

In addition to the Election Option Grants, each director (including any newly-elected director who has received an Election Option Grant) shall be granted an option to purchase 15,000 shares of common stock (adjusted for stock splits), pursuant to the 2000 Plan, on the date of the first meeting of the Board of Directors following each annual meeting of the Company's stockholders (the "Annual Option Grant"). The first Annual Option Grant received by a board member during his/her tenure on the Company's board shall vest 100% on the date of the annual meeting of stockholders next following the date of grant. All subsequent Annual Option Grants received by a director during his/her board services with the Company shall vest ratably over a period of twelve months from the date of each such grant. In the event that a board member is elected to the Board of the Directors other than in connection with an annual meeting of stockholders the number of options granted to such director

13

under an Annual Option Grant shall be reduced by 1,250 shares for each month since the Company's last annual meeting of stockholders.

All of the foregoing options will be granted at fair market value on the date of grant and, except as otherwise provided under this plan, all vesting hereunder shall immediately cease upon cessation of board service for any reason. In addition, the form of option agreement will give directors up to one year following cessation of service as a director to exercise all options that are vested as of the date of such cessation.

The foregoing compensation is in addition to reimbursement of all out-of-pocket expenses incurred by directors in attending meetings of the Board of Directors.

Until the effective date of the Director Compensation Policy, we agreed to pay Mr. Mack an aggregate of \$45,000 per year for his service as a member of our Board of Directors. In addition, we have also executed a consulting agreement with Mr. Mack under which he will provide certain consulting services to us.

REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is responsible for developing executive compensation policies and advising the Board of Directors with respect to such policies and administering the Company's cash incentive, stock option and employee stock purchase plans. Richard Barker and Edwin Kania and Patrick Zenner, all non-employee directors, are currently the members of the Compensation Committee although Patrick Zenner was not a member of the Compensation Committee at the time the compensation determinations for the fiscal year ended December 31, 2002 were made. The Compensation Committee of the Board of Directors reviews and approves all officer salaries, bonuses, and stock option grants. The Compensation Committee also reviews and approves any annual stock option grants for non-officer employees.

Compensation Philosophy

The Compensation Committee believes that compensation of the Company's executive officers should:

Encourage creation of stockholder value and achievement of strategic corporate objectives;

Integrate compensation with the Company's annual and long-term corporate objectives and strategy, and focus executive behavior on the fulfillment of those objectives;

Provide a competitive total compensation package that enables the Company to attract and retain, on a long-term basis, high-caliber personnel;

Provide a total compensation opportunity that is competitive with companies in the biotechnology industry, taking into account relative company size, performance and geographic location as well as individual responsibilities and performance;

Align the interests of management and stockholders and enhance stockholder value by providing management with longer-term incentives through equity ownership.

The Company's officer compensation program consists of three elements: salary, long-term equity interest in the form of restricted stock or stock options and a cash incentive program based on performance against company and individual goals. All of the Company's executive officers also are eligible for employee benefits offered to employees generally, including life, health, disability and dental insurance, and the Company's 401(k) plan and our employee stock purchase plan.

Salary

The Compensation Committee believes that the Company's executive officers, including the President and Chief Executive Officer, are paid salaries in line with their qualifications, experience and responsibilities. Salaries are structured so that they are comparable with salaries paid by

companies of similar size and/or complexity in the biotechnology industry. Salaries are reviewed generally on an annual basis.

Fiscal 2002 base salaries were determined by the Compensation Committee after considering the base salary level of the executive officers in prior years and taking into account for each executive officer the amount of base salary as a component of total compensation. Base salary levels for each of

the Company's executive officers, other than the President and Chief Executive Officer, were also based upon evaluations and recommendations made by the President and Chief Executive Officer.

Cash Incentive

The Compensation Committee believes that some portion of overall cash compensation for executive officers should be "at risk," i.e., contingent upon successful implementation of the Company's strategy. The granting of a cash bonus is totally discretionary and is based on an evaluation of achievement against predetermined corporate and individual performance objectives, generally on a fiscal-year basis. Among the performance objectives considered by the Compensation Committee in awarding incentive compensation to executive officers for fiscal 2002, were the continued progress by the Company against key operational milestones and the successful establishment of a strategic relationship with a commercial laboratory for the commercialization of the Company's Pre-Gen technologies, which was accomplished upon the execution of a strategic alliance with Laboratory Corporation of America Holdings, Inc. ("LabCorp") in June 2002.

Long-Term Incentives

Executive officers (and other employees) are eligible to receive restricted stock and stock option grants that are intended to promote success by aligning employee financial interests with long-term shareholder value. Restricted stock and stock option grants are based on various factors primarily relating to the responsibilities of the individual officer or employee, their past performance, anticipated future contributions and prior option grants.

The restricted stock and stock options granted to executive officers under the Company's option plans have an exercise price equal to the fair market value of the common stock at the time of grant. Currently, stock options generally provide that 25% of the shares exercisable under each option will vest one year following the date of grant and thereafter vest in equal monthly installments over the next 36 months. However, some options granted under the Company's 1995 stock option plan are immediately exercisable subject to the Company's right to repurchase 100% of the shares until one year following the date of grant, at which time the Company's right to repurchase terminates with respect to 20% of the shares originally granted. Thereafter, the Company's right to repurchase terminates monthly in equal installments over each of the next 48 months. In addition, options held by certain employees, including key employees, generally provide that the Company's right to repurchase shares granted will terminate upon the sale of all or substantially all of the Company's assets, a merger or consolidation resulting in a change of control, or a sale or series of sales of its capital stock resulting in a change of control and:

termination of employment without cause or for any reason other than negligence or criminal misconduct, each in connection with the performance of duties;

substantial diminution in job responsibility; or

a change in location of employment more than 60 miles from the Company's current location.

Chief Executive Officer Compensation

Mr. Hardison's compensation for fiscal year 2002 was determined in accordance with the executive compensation program described above and his salary for fiscal year 2002 was set at \$300,000, which represents an increase of \$50,000 over his fiscal 2001 base salary through September of 2001. Mr. Hardison's base salary was established in part by comparing the base salaries of presidents/chief executive officers at

other companies of similar size and/or complexity in the biotechnology industry.

Mr. Hardison receives a bonus based upon the attainment of both individual and company performance goals and objectives established by the Compensation Committee at the beginning of the year. Mr. Hardison's bonus of \$145,000 for fiscal year 2002 was determined based upon the Compensation Committee's assessment of both his individual performance and the Company's overall performance, in each case, based on the achievement of predetermined corporate objectives, in accordance with the cash incentive plan which weighs individual and company performance equally.

Mr. Hardison's total compensation for fiscal year 2002 is set out in detail in the Summary Compensation Table above. Mr. Hardison's total compensation for fiscal year 2002 was based, in part, on his role in consummating the Company's strategic relationship with LabCorp; a relationship of considerable importance to the commercialization of the Company's PreGen technologies.

Compliance with Internal Revenue Code Section 162(m)

In general, under Section 162(m) of the Internal Revenue Code of 1986, as amended, the Company cannot deduct, for federal income tax purposes, compensation in excess of \$1,000,000 paid to certain executive officers. This deduction limitation does not apply, however, to compensation that constitutes "qualified performance-based compensation" within the meaning of Section 162(m) of the Internal Revenue Code and the regulations promulgated thereunder. The Company has considered the limitations on deductions imposed by Section 162(m) of the Internal Revenue Code, and it is the Company's present intention that, for so long as it is consistent with the Compensation Committee's overall compensation objective, substantially all tax deductions attributable to executive compensation will not be subject to the deduction limitations of Section 162(m).

Conclusion

Through the plans described above, a very significant portion of the Company's compensation program is contingent on the Company's performance, and realization of benefits is closely linked to return on investment and the long term growth in shareholder value. The Company remains committed to this philosophy of pay for performance, recognizing that the competitive market for talented executives and the volatility of the Company's business may result in variable compensation for a particular time period.

Certain Relationships and Related Transactions

In March 2000, Mr. Lapidus executed a promissory note in favor of us in the aggregate principal amount of \$104,000. The note provided for 9% interest and was payable on the earlier of March 2010, two years following the closing of our initial public offering or upon the termination of Mr. Lapidus' employment. Mr. Lapidus used the proceeds of the note to exercise options to purchase 275,000 shares (the "Lapidus Shares") of our common stock. In connection with the issuance of the note and the exercised options, Mr. Lapidus executed a pledge agreement granting us a security interest in these shares. In December 2001, we elected to reduce the prospective interest rate on all notes receivable to executives and employees to 5% to reflect the current interest rate environment and individual borrowing rates. Mr. Lapidus fully repaid his promissory note in March 2002 and, as such, the pledge agreement terminated at that time.

Edgar Filing: EXACT SCIENCES CORP - Form DEF 14A

In addition, Mr. Lapidus executed a restricted stock purchase agreement with respect to 206,250 shares of the Lapidus Shares, under which our right to repurchase terminates monthly over each of the next forty-five months with respect to 1.666% of the shares originally granted under the option. Our repurchase right automatically terminates in the event that the Company no longer employs Mr. Lapidus and the Company fails to nominate Mr. Lapidus for re-election by the stockholders at the expiration of his current term.

In June 2000, Don M. Hardison, our President and Chief Executive Officer, executed a promissory note in favor of us in the aggregate principal amount of \$299,999. The note provided for 9.5% interest and is payable on June 2010. In December 2001, we elected to reduce the prospective interest rate on all notes receivable to executives and employees to 5% to reflect the current interest rate environment and individual borrowing rates. All other provisions of the notes remain in effect. In accordance with the Sarbanes-Oxley Act of 2002, the Company has not made, and will not make, any further modifications to the note. Mr. Hardison used the proceeds of the note to exercise options to purchase 195,555 shares of our common stock. In connection with the issuance of these shares, Mr. Hardison executed a restricted stock purchase agreement under which we have the right to repurchase 100% of the shares until one year following the date of the option grant, at which time our right to repurchase

18

terminates with respect to 20% of the shares originally granted. Thereafter, our right to repurchase terminates monthly over each of the next forty-eight months with respect to 1.666% of the shares originally granted under the option. In addition, upon the sale of all or substantially all of our assets or a merger or consolidation resulting in a change of control, our right to repurchase shares granted under an option to Mr. Hardison will terminate with respect to all shares for which our right to repurchase would have terminated within one year following the change of control. Finally, following the sale of all or substantially all of our assets or a merger or consolidation resulting in a change of control, our right to repurchase shares granted under an option to Mr. Hardison will lapse in its entirety upon:

termination of Mr. Hardison's employment without cause or for any reason other than negligence or criminal misconduct, each in connection with the performance of his duties;

a diminution in Mr. Hardison's job responsibility or reduction in his compensation; or

a change in location of Mr. Hardison's employment more than 60 miles from our current location.

We have executed a severance agreement with Mr. Hardison that provides that we will pay Mr. Hardison twelve months severance to Mr. Hardison in the event that, during the one-year period following a sale of all or substantially all of our assets or a merger or consolidation resulting in a change of control, any one of the following events occurs:

termination of Mr. Hardison's employment for any reason other than gross negligence or criminal misconduct, each in connection with the performance of his duties;

a diminution in Mr. Hardison's job responsibility or reduction in his compensation; or

a change in location of Mr. Hardison's employment more than 35 miles from our current location.

John A. McCarthy, Jr., our Executive Vice President, Chief Operating Officer, Chief Financial Officer and Treasurer, executed a promissory note, effective November 2000, in favor of us in the aggregate principal amount of \$300,000. Mr. McCarthy has repaid \$75,000 of the original principal amount, leaving an aggregate principal amount of \$225,000 outstanding on the note as of December 31, 2002. The note provided for 9.5% interest and is payable in November 2010. In December 2001, we elected to reduce the prospective interest rate on all notes receivable to executives and employees to 5% to reflect the current interest rate environment and individual borrowing rates. All other provisions of the notes remain in effect... In accordance with the Sarbanes-Oxley Act of 2002, the Company has not made, and will not make, any further modifications to the note. Mr. McCarthy used the proceeds of the note to exercise options to purchase 41,250 shares of our common stock. In addition, Mr. McCarthy executed a pledge agreement granting us a security interest in 30,938 shares. In connection with the issuance of these shares, Mr. McCarthy executed a restricted stock purchase agreement under which we have the right to repurchase 100% of the shares until one year following the date of the option grant, at which time our right to repurchase terminates with respect to 25% of the shares originally granted. Thereafter, our right to repurchase terminates monthly over each of the next thirty-six months with respect to 2.083% of the shares

originally granted under the option. In addition, upon the sale of all or substantially all of our assets or a merger or consolidation resulting in a change of control, our right to repurchase shares granted under an option to Mr. McCarthy will

terminate with respect to all shares for which our right to repurchase would have terminated within one year following the change of control. Finally, following the sale of all or substantially all of our assets or a merger or consolidation resulting in a change of control, our right to repurchase shares granted under an option to Mr. McCarthy will lapse in its entirety upon:

termination of Mr. McCarthy's employment for any reason other than gross negligence or criminal misconduct, each in connection with the performance of his duties;

a diminution in Mr. McCarthy's job responsibility or reduction in his compensation; or

a change in location of Mr. McCarthy's employment more than 35 miles from our current location.

We have also executed a severance agreement with Mr. McCarthy that provides twelve months severance to Mr. McCarthy in the event that, during the one-year period following a sale of all or substantially all of our assets or a merger or consolidation resulting in a change of control, any one of the three events described above occurs.

We have also executed a severance agreement with Anthony P. Shuber, our Executive Vice President and Chief Technology Officer, that provides that we will pay twelve months severance to Mr. Shuber in the event that, during the one-year period following a sale of all or substantially all of our assets or a merger or consolidation resulting in a change of control, any one of the following events occurs:

termination of Mr. Shuber's employment for any reason other than gross negligence or criminal misconduct, each in connection with the performance of his duties;

a diminution in Mr. Shuber's job responsibility or reduction in his compensation; or

a change in location of Mr. Shuber's employment more than 35 miles from our current location.

See also disclosure in the sections entitled "Compensation of Directors" and "Occupations of Directors, the Nominees for Director and Officers" herein, regarding other related party transactions.

We adopted a policy whereby all transactions between us and our officers, directors and affiliates will be on terms fair to us as of the time they are authorized, approved or ratified and will be approved by the Audit Committee of the Board of Directors.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is composed of Sally W. Crawford, Edwin M. Kania, Jr. and Lance Willsey. None of the members of the Audit Committee is an officer or employee of the Company, and aside from being a member of the Board of Directors each is otherwise independent of the Company (as independence is defined in Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards). The Audit Committee operates under a written charter adopted by the Board of Directors. Based on the Audit Committee's review of the adequacy of its charter, on April 11, 2003, the Board of Directors adopted several amendments to the Audit Committee charter, a copy of which is attached as Appendix A to this proxy statement.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls and the certification of the integrity and reliability of the Company's internal controls procedures. In fulfilling its oversight responsibilities, the Audit Committee has reviewed the Company's audited balance sheets at December 31, 2002 and 2001 and the related statements of operations, stockholders' equity and cash flows for each of the three years in the period ended December 31, 2002, and has discussed them with both management and Ernst & Young LLP, our independent public accountants. The Audit Committee has also discussed with the independent public accountants the matters required to be discussed by the Statement on Auditing Standards No. 61 (*Communications with Audit Committees*), as currently in effect. The Audit Committee has reviewed permitted services under rules of the Securities and Exchange Commission as currently in effect and discussed with the independent auditors from Ernst & Young their independence from management and the Company, including the matters in the written disclosures and the letter from the independent public accountants required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*), as currently in effect, and has considered and discussed the compatibility of non-audit services provided by Ernst & Young LLP ("Ernst & Young") with that firm's independence. In addition, the Audit Committee discussed the rules of the Securities and Exchange Commission that pertain to the Audit Committee and the roles and responsibilities of Audit Committee members.

Edgar Filing: EXACT SCIENCES CORP - Form DEF 14A

Based on its review of the financial statements and the aforementioned discussions, the Audit Committee concluded that it would be reasonable to recommend, and on that basis did recommend, to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2002.

The Audit Committee also reviewed the Company's quarterly financial statements during 2002, and discussed them with both the management of the Company and the Company's independent auditors prior to including such interim financial statements in the Company's quarterly reports on Form 10-Q.

In connection with the Company's Form 10-K for the year ended December 31, 2002, and quarterly reports on Form 10-Q for its second and third fiscal quarters, the Audit Committee discussed the results of the Company's certification process relating to the certification of financial statements under Sections 302 and 906 of the Sarbanes-Oxley Act of 2002.

The Audit Committee has also evaluated the performance of Ernst & Young, including, among other things, the amount of fees paid to Ernst & Young for audit and non-audit services in 2002. Information about Ernst & Young's fees for 2002 is discussed below in this proxy statement under

22

"Independent Auditors". Based on its evaluation, the Audit Committee has recommended that the Company retain Ernst & Young to serve as the Company's auditors for the fiscal year ending December 31, 2003.

The information contained in this report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates it by reference in such filing.

Respectfully submitted by the Audit Committee.

INDEPENDENT PUBLIC ACCOUNTANTS

On May 7, 2002, the Company dismissed its independent auditors, Arthur Andersen LLP ("Andersen") and engaged the services of Ernst & Young as its new independent auditors effective immediately. These actions followed the Company's decision to seek proposals from independent accountants to audit the Company's financial statements for the fiscal year ending December 31, 2002. The decision to dismiss Andersen and retain Ernst & Young was approved by the Company's Board of Directors upon the recommendation of its Audit Committee.

During the two most recent fiscal years ended December 31, 2001, and the subsequent interim period through May 7, 2002, there were no disagreements between the Company and Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Andersen's satisfaction, would have caused Andersen to make reference to the subject matter of the disagreement in connection with its reports. None of the reportable events described under Item 304(a)(1)(v) of Regulation S-K, adopted by the SEC, occurred within the two most recent fiscal years ended December 31, 2001 or within the interim period through May 7, 2002. None of the audit reports of Andersen on the Company's consolidated financial statements as of and for the fiscal years ended December 31, 2000 and December 31, 2001 contained an adverse opinion or a disclaimer of opinion nor was any such audit report qualified or modified as to uncertainty, audit scope or accounting principles.

Audit Fees

In connection with professional services rendered by Ernst & Young relating to the audit of our annual statements for fiscal 2002 and quarterly reviews of our Form 10-Q during 2002, we were billed a total of \$83,600.

Edgar Filing: EXACT SCIENCES CORP - Form DEF 14A

In connection with professional services rendered by Andersen relating to the quarterly review of our Form 10-Q for the period ended March 31, 2002, we were billed a total of \$10,500.

23

Financial Information Systems Design and Implementation Fees

We have incurred no fees in connection with the design and/or implementation of a financial information system for fiscal 2002.

All Other Fees

In addition to the fees described above, we were billed an additional \$26,800 by Ernst & Young which represents expenses primarily associated with the preparation and filing of our federal and state income taxes. The Audit Committee has determined that the provision of these services by Ernst & Young to EXACT Sciences Corporation is compatible with maintaining the accountants' independence.

PROPOSAL II RATIFICATION AND SELECTION OF AUDITORS

The Board of Directors has selected the firm of Ernst & Young, independent auditors, to serve as auditors for the fiscal year ending December 31, 2003. It is expected that a member of the firm will be present at the annual meeting with the opportunity to make a statement if so desired and will be available to respond to appropriate questions. Stockholder ratification of the independent auditors of EXACT Sciences Corporation is not required under Delaware law or under our Sixth Amended and Restated Certificate of Incorporation or our Amended and Restated By-Laws. If you do not ratify the selection of Ernst & Young as the independent auditors for the fiscal year ended December 31, 2003, the Board of Directors will evaluate what would be in your best interests and consider whether to select new independent auditors for the current fiscal year or whether to wait until the completion of the audit for the current fiscal year before considering changing independent auditors. The Board of Directors recommends a vote **FOR** the ratification of this selection.

STOCKHOLDER PROPOSALS

Proposals of stockholders intended for inclusion in the proxy statement to be furnished to all stockholders entitled to vote at the next annual meeting of our stockholders must be received at our principal executive offices not later than December 26, 2003. The deadline for providing us with timely notice of matters that stockholders otherwise desire to introduce at the next annual meeting of stockholders is December 26, 2003. In order to curtail controversy as to the date on which we received a proposal, it is suggested that proponents submit their proposals by Certified Mail Return Receipt Requested. In addition, such proposals must satisfy the procedures set forth in Rule 14a-8 under the Securities and Exchange Act of 1934, as amended.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers and persons who own more than ten percent of a registered class of our equity securities (collectively, the "Reporting Persons") to file reports of ownership and changes in ownership with the SEC. Such persons are required by regulations of the SEC to furnish us with copies of all such filings. Based solely on our review of copies of such filings, we believe that all Reporting Persons complied with all Section 16(a) filing requirements during the year ended December 31, 2002 except that OneLiberty Ventures filed one late report on Form 4.

24

EXPENSES AND SOLICITATION

The cost of solicitation of proxies will be borne by us, and in addition to soliciting stockholders by mail, our directors, officers and other employees may, without receiving additional compensation, solicit proxies personally or by telephone. Solicitation by our directors, officers and other employees may also be made of some of our stockholders in person or by mail, telephone or telegraph following the original solicitation. We may request banks, brokers and other custodians, nominees and fiduciaries to forward proxy soliciting materials to the owners of our stock held in their names and, if so, will reimburse such banks, brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket costs incurred in connection with the distribution of such proxy materials. We may also retain an independent proxy solicitation firm to assist in the solicitation of proxies. If such a firm is retained, we will pay such firm a fee, plus reimbursement of reasonable costs and expenses.

OTHER BUSINESS

The Board of Directors knows of no business that will be presented for consideration at the annual meeting other than those items stated above. If any other business should come before the annual meeting, votes may be cast pursuant to proxies in respect to any such business in the best judgment of the person or persons acting under the proxies.

EXACT SCIENCES CORPORATION Audit Committee Charter

A. PURPOSE AND SCOPE

The primary function of the Audit Committee (the "Committee") is to (a) assist the Board of Directors (the "Board") of EXACT Sciences Corporation (the "Corporation") in fulfilling its responsibilities by reviewing: (i) the financial reports provided by the Corporation to the Securities and Exchange Commission ("SEC"), the Corporation's shareholders or to the general public, and (ii) the Corporation's internal financial and accounting controls, (b) oversee the engagement of and work performed by any independent public accountants and (c) recommend and monitor procedures designed to improve the quality and reliability of the disclosure of the Corporation's financial condition and results of operations.

B. COMPOSITION

The Committee shall be comprised of a minimum of three directors as appointed by the Board, who shall meet the independence and audit committee composition requirements promulgated by the SEC, the National Association of Securities Dealers, any exchange upon which securities of the Company are traded, or any governmental or regulatory body exercising authority over the Company (each a "Regulatory Body" and collectively, the "Regulatory Bodies"), as in effect from time to time, and each member of the Committee shall be free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee.

All members of the Committee shall be able to read and understand fundamental financial statements, including a balance sheet, cash flow statement and income statement. At least one member of the Committee shall have employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. Further, no later than the earliest time required by any Regulatory Body, at least one member of the Committee shall qualify as a "financial expert" as defined in Item 401(h) of Regulation S-K.

To the extent permitted by the Regulatory Bodies, the Board may appoint one member (other than the Chairperson of the Committee) who does not meet the independence requirements set forth above and who is not a current employee of the Corporation or an immediate family member of such employee if the Board, under exceptional and limited circumstances, determines that membership on the Committee by the individual is required in the best interests of the Corporation and its shareholders. The Board shall disclose in the next proxy statement after such determination the nature of the relationship and the reasons for the determination.

The members of the Committee shall be elected by the Board at the Board meeting following each annual meeting of stockholders and shall serve until their successors shall be duly elected and qualified

or until their earlier resignation or removal. Unless a Chair is elected by the full Board, the members of the Committee may designate a Chair by majority vote of the full Committee membership.

C. RESPONSIBILITIES AND DUTIES

To fulfill its responsibilities and duties the Committee shall:

Document Review

1. Review and assess the adequacy of this Charter periodically as conditions dictate, but at least annually (and update this Charter if and when appropriate).
2. Review with representatives of management and representatives of the independent accounting firm the Corporation's audited annual financial statements prior to their filing as part of the Annual Report on Form 10-K. After such review and discussion, the Committee shall recommend to the Board whether such audited financial statements should be published in the Corporation's annual report on Form 10-K. The Committee shall also review the Corporation's quarterly financial statements prior to their inclusion in the Corporation's quarterly SEC filings on Form 10-Q.
3. Take steps designed to insure that the independent accounting firm reviews the Corporation's interim financial statements prior to their inclusion in the Corporation's quarterly reports on Form 10-Q.
4. Review and assess the adequacy of the Corporation's director and officer liability insurance coverage, and make recommendations to the Board thereon.

Independent Accounting Firm

5. The Committee shall be directly responsible for the selection, compensation and oversight of any independent accounting firms engaged by the Corporation for the purpose of preparing or issuing an audit report or related work. The Committee shall have the ultimate authority and responsibility to select, evaluate and, when warranted, replace such independent accounting firm (or to recommend such replacement for shareholder approval in any proxy statement).
6. Resolve any disagreements between management and the independent accounting firm as to financial reporting matters.
7. Instruct the independent accounting firm that it should report directly to the Committee on matters pertaining to the work performed during its engagement and on matters required by applicable Regulatory Body rules and regulations.
8. On an annual basis, receive from the independent accounting firm a formal written statement identifying all relationships between the independent accounting firm and the Corporation consistent with Independence Standards Board ("ISB") Standard 1, as it may be modified or supplemented. The Committee shall actively engage in a dialogue with the independent accounting firm as to any disclosed relationships or services that may impact its independence. The Committee shall take appropriate action to oversee the independence of the independent accounting firm.

Edgar Filing: EXACT SCIENCES CORP - Form DEF 14A

On an annual basis, discuss with representatives of the independent accounting firm the matters required to be discussed by Statement on Auditing Standards ("SAS") 61, as it may be modified or supplemented.

10. Periodically, but at least annually, discuss with representatives of the independent accounting firm: (i) all critical accounting policies and practices to be used by the Corporation; (ii) all alternative treatments within Generally Accepted Accounting Principles for policies and practices related to material items that have been discussed with management (including the ramifications of the use of such alternative disclosures and treatments and the treatment preferred by the independent accounting firm); and (iii) other material written communications between the independent accounting firm and management such as any management letter or schedule of unadjusted differences.
11. Meet with the independent accounting firm prior to the audit to review the scope of the audit and consider whether or not to approve the auditing services proposed to be provided.
12. Evaluate the performance of the independent accounting firm and consider the discharge of the independent accounting firm when circumstances warrant. The independent accounting firm shall be ultimately accountable to the Board and the Committee.
13. Consider and approve in advance all permissible non-audit services to be performed by the independent accounting firm that audits the Corporation's financial statements pursuant to the rules and regulations of any applicable Regulatory Body.

Financial Reporting Processes

14. In consultation with the independent accounting firm and management, review annually the adequacy of the Corporation's internal financial and accounting controls.
15. Require the Corporation's chief executive officer and chief financial officer to report to the Committee, prior to the filing of the Form 10-K and each Form 10-Q, (i) the results of an evaluation of the effectiveness of the Corporation's disclosure controls and procedures and any significant deficiencies discovered in the design and operation of the internal controls which could adversely affect the Corporation's ability to record, process, summarize, and report financial data; and (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the Corporation's internal controls. The Committee shall direct the actions to be taken and/or make recommendations to the Board of Directors of actions to be taken to the extent such report indicates the finding of any significant deficiencies in internal controls or fraud.
16. Regularly review the Company's critical accounting policies and accounting estimates resulting from the application of these policies and inquire at least annually of the Corporation's independent accounting firm as to whether it has any concerns relative to the quality or aggressiveness of management's accounting policies.
17. In consultation with management, periodically review the adequacy of the Corporation's disclosure controls and procedures and approve any significant changes thereto.

A-3

Compliance

18. To the extent deemed necessary by the Committee, it shall have the authority to engage outside counsel, independent accounting consultants and/or other experts at the Corporation's expense to review any matter under its responsibility.
19. No later than the earliest time required by any Regulatory Body, establish procedures for (a) the receipt, retention, and treatment of complaints received by the Corporation regarding accounting, internal accounting controls, or auditing matters; and (b) the confidential, anonymous submission by employees of the Corporation of concerns regarding questionable accounting or auditing matters.

20. No later than the earliest time required by any Regulatory Body, investigate any allegations that any officer or director of the Corporation, or any other person acting under the direction of any such person, took any action to fraudulently influence, coerce, manipulate, or mislead any independent public accountant engaged in the performance of an audit of the financial statements of the Corporation for the purpose of rendering such financial statements materially misleading and, if such allegations prove to be correct, take or recommend to the Board of Directors appropriate disciplinary action.
21. No later than the earliest time required by any Regulatory Body, review and approve all related-party transactions required to be disclosed pursuant to Item 404 of Regulation S-K.

Reporting

22. Prepare, in accordance with the rules of the SEC as modified or supplemented from time to time, a written report of the Committee to be included in the Corporation's annual proxy statement for each annual meeting of stockholders.
23. Instruct the Corporation's management to disclose in its annual report and/or proxy statement for each annual meeting of stockholders the Committee's pre-approval policies and procedures for any non-audit services performed by, and the aggregate audit, audit-related, tax and other fees paid to, the independent accounting firm, and review the substance of such disclosures.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Corporation's financial statements are complete and accurate and are in accordance with generally accepted accounting principles.
