**Item 1.01. Entry into a Material Definitive Agreement**

On April 7, 2005, the Compensation Committee of The Sports Authority, Inc.'s Board of Directors ratified and approved the acceleration of the vesting of all outstanding unvested stock options with an exercise price greater than \$29.79. As a result, the vesting of 339,893 previously unvested stock options, granted under the 2003 Long Term Incentive Compensation Plan and the 1994 Management Equity Plan, was accelerated. The acceleration of vesting was effective April 7, 2005 and included 99,000 stock options held by executive officers of the Company.

Because these stock options have exercise prices above the current market price of our stock and are not fully achieving their original objectives of incentive compensation and employee retention, the acceleration of vesting may have a positive effect on employee morale and retention. Also, accelerating the vesting of stock options that have exercise prices in excess of the current market price of our stock will reduce the Company's compensation expense in fiscal periods subject to the provisions of Financial Accounting Standards Board ("FASB") Statement No. 123R and does not result in a charge in the fiscal periods prior to our adoption of FASB Statement No. 123R.
