FORM 10-K

**ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE
SECURITIES EXCHANGE ACT OF 1934**

For The Fiscal Year Ended March 1, 2008

OR

**TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE
SECURITIES EXCHANGE ACT OF 1934**

**For The Transition Period From To
Commission File Number 1-5742**

RITE AID CORPORATION

(Exact name of registrant as specified in its charter)

Delaware
(State or other jurisdiction of
incorporation or organization)

23-1614034
(I.R.S. Employer
Identification No.)

30 Hunter Lane, Camp Hill, Pennsylvania
(Address of principal executive offices)

17011
(Zip Code)

Registrant's telephone number, including area code: **(717) 761-2633**

Securities registered pursuant to Section 12(b) of the Act:

Title of each class

Name of each exchange on which registered

Common Stock, \$1.00 par value

New York Stock Exchange

Securities registered pursuant to Section 12(g) of the Act: None

Indicate by check mark if the registrant is a well known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to section 13 or section 15(d) of the Exchange Act. Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Edgar Filing: RITE AID CORP - Form 10-K

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K. Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer. See definition of "Accelerated Filer" and "Large Accelerated Filer" in Rule 12b-2 of the Exchange Act.

Large Accelerated Accelerated Filer Non-Accelerated Filer Smaller reporting company
(Do not check if a smaller reporting company)

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

The aggregate market value of the voting and non-voting common stock of the registrant held by non-affiliates of the registrant based on the closing price at which such stock was sold on the New York Stock Exchange on September 1, 2007 was approximately \$2,758,478. For purposes of this calculation, executive officers, directors and 5% shareholders are deemed to be affiliates of the registrant.

As of April 18, 2008 the registrant had outstanding 830,600,823 shares of common stock, par value \$1.00 per share.

DOCUMENTS INCORPORATED BY REFERENCE

Portions of the proxy statement for the registrant's annual meeting of stockholders to be held on June 25, 2008 are incorporated by reference into Part III.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This report, as well as our other public filings or public statements, include forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are often identified by terms and phrases such as "anticipate," "believe," "intend," "estimate," "expect," "continue," "should," "could," "may," "plan," "project," "predict," "will" and similar expressions and include references to assumptions and relate to our future prospects, developments and business strategies.

Factors that could cause actual results to differ materially from those expressed or implied in such forward-looking statements include, but are not limited to:

our high level of indebtedness;

our ability to make interest and principal payments on our debt and satisfy the other covenants contained in our senior secured credit facility and other debt agreements;

our ability to improve the operating performance of our existing stores in accordance with our long term strategy;

our ability to realize the benefits of the acquisition of Brooks Eckerd;

our ability to hire and retain pharmacists and other store personnel;

our ability to open or relocate stores according to our real estate development program;

the efforts of private and public third party payors to reduce prescription drug reimbursement and encourage mail order;

competitive pricing pressures and continued consolidation of the drugstore industry;

changes in state or federal legislation or regulations;

the outcome of lawsuits and governmental investigations;

general economic conditions and inflation, interest rate movements and access to capital; and,

other risks and uncertainties described from time to time in our filings with the Securities and Exchange Commission ("the SEC").

We undertake no obligation to update or revise the forward-looking statements included in this report, whether as a result of new information, future events or otherwise, after the date of this report. Our actual results, performance or achievements could differ materially from the results expressed in, or implied by, these forward-looking statements. Such factors are discussed in the sections entitled "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations Overview and Factors Affecting Our Future Prospects" included in this annual report on Form 10-K.

PART I

Item 1. Business

Overview

We are the third largest retail drugstore chain in the United States based on revenues and number of stores. We operate our drugstores in 31 states across the country and in the District of Columbia. As of March 1, 2008, we operated 5,059 stores.

In our stores, we sell prescription drugs and a wide assortment of other merchandise, which we call "front-end" products. In fiscal 2008, prescription drug sales accounted for 66.7% of our total sales. We believe that our pharmacy operations will continue to represent a significant part of our business due to favorable industry trends, including an aging population, increased life expectancy, the federally funded prescription drug benefit program ("Medicare Part D"), the discovery of new and better drug therapies and our ongoing program of purchasing prescription files from independent pharmacies. We offer approximately 26,300 front-end products, which accounted for the remaining 33.3% of our total sales in fiscal 2008. Front end products include over-the-counter medications, health and beauty aids, personal care items, cosmetics, household items, beverages, convenience foods, greeting cards, seasonal merchandise and numerous other everyday and convenience products, as well as photo processing. We attempt to distinguish our stores from other national chain drugstores, in part, through our private brands and our strategic alliance with GNC, a leading retailer of vitamin and mineral supplements. We offer approximately 3,000 products under the Rite Aid private brand, which contributed approximately 12.9% of our front-end sales in the categories where private brand products were offered in fiscal 2008.

The overall average size of each store in our chain is approximately 12,400 square feet. The average size of our stores is larger in the western United States. As of March 1, 2008, approximately 56% of our stores are freestanding; approximately 47% of our stores include a drive-thru pharmacy; approximately 62% include one-hour photo shops; and approximately 29% include a GNC store-within-Rite Aid-store.

Our headquarters are located at 30 Hunter Lane, Camp Hill, Pennsylvania 17011, and our telephone number is (717) 761-2633. Our common stock is listed on the New York Stock Exchange under the trading symbol of "RAD". We were incorporated in 1968 and are a Delaware corporation.

Acquisition

On June 4, 2007, we acquired all of the membership interests of JCG (PJC) USA, LLC ("Jean Coutu USA"), the holding company for the Brooks Eckerd drugstore chain ("Brooks Eckerd"), from Jean Coutu Group (PJC) Inc. ("Jean Coutu Group"), pursuant to the terms of the Stock Purchase Agreement (the "Agreement") dated August 23, 2006. As consideration for the acquisition of Jean Coutu USA (the "Acquisition"), we paid \$2.3 billion and issued 250 million shares of Rite Aid common stock. We financed the cash payment via the establishment of a new term loan facility, issuance of senior notes and borrowings under our existing revolving credit facility. Our operating results include the results of the Brooks Eckerd stores from the date of acquisition.

As of March 1, 2008, the Jean Coutu Group owns 251.9 million shares of Rite Aid common stock, which represents approximately 28.6% of the total Rite Aid voting power. We expanded our Board of Directors to 14 members, with four of the seats being held by members designated by the Jean Coutu Group. In connection with the Acquisition, we entered into a Stockholder Agreement (the "Stockholder Agreement") with Jean Coutu Group and certain Coutu family members. The Stockholder Agreement contains provisions relating to Jean Coutu Group's ownership interest in the Company, board and board committee composition, corporate governance, stock ownership, stock purchase rights, transfer restrictions, voting arrangements and other matters. We also entered into a Registration Rights Agreement giving Jean Coutu Group certain rights with respect to the registration under the Securities Act of 1933, as amended, of the shares of Rite Aid common stock issued to Jean

Coutu Group or acquired by Jean Coutu Group pursuant to certain stock purchase rights or open market rights under the Stockholder Agreement.

We believe the acquisition of Brooks Eckerd provides several strategic benefits, including the following:

a significant increase in the footprint and operating scale of our business, with increased presence in key strategic markets;

the creation of the leading drugstore retailer in the Eastern United States, which we believe will allow us to achieve the scale necessary to remain competitive with our major competitors;

long-term value creation through net reductions in costs and expenses, achievement of meaningful synergies, including additional operational efficiencies, greater economies of scale and revenue enhancements resulting in higher operating cash flow and a decrease in our leverage ratio;

better positioning to capture additional growth in a sector where growth is projected; and,

an opportunity to apply our scaleable infrastructure, including our programs, best practices and management capabilities, across a larger store network, which we believe will improve profitability through cost savings and sales growth.

Industry Trends

We believe pharmacy sales in the United States will grow between 2% and 3% in 2008 based upon a study published by a pharmaceutical market intelligence firm. This anticipated growth is expected to be driven by greater drug utilization, an aging population caused by the "baby boom" generation entering their sixties, the increasing life expectancy of the American population, the introduction of new drugs and the rate of inflation. The growth rate of pharmacy sales in the United States in recent years has slowed, due to an increased percentage of generic drug sales, new over-the-counter drugs that replace prescription drugs, safety concerns for certain drugs and a flattening of growth in the Medicare Part D program.

Generic prescription drugs help lower overall costs for customers and third party payors. We believe the utilization of existing generic pharmaceuticals will continue to increase. Further, we believe a significant number of new generics are expected to be introduced in the next few years. The gross profit from a generic drug prescription in the retail drugstore industry is greater than the gross profit from a brand drug prescription.

The retail drugstore industry is highly competitive and has been experiencing consolidation. We believe that the continued consolidation of the drugstore industry, continued new store openings, increased mail order, increased competition from internet based providers, drug importation and aggressive generic pricing programs at competitors such as Wal-Mart and Kroger will further increase competitive pressures in the industry. In addition, sales of generic pharmaceuticals continue to grow as a percentage of total prescription drug sales, which has a dampening effect on sales growth.

The retail drugstore industry relies significantly on third party payors. Third party payors, including the Medicare Part D plans and the state sponsored Medicaid agencies, periodically evaluate and at times change the eligibility requirements to reduce the number of participants or reduce certain reimbursement rates. These evaluations and resulting changes and reductions are expected to continue. When third-party payors, including the Medicare Part D program and state sponsored Medicaid agencies, reduce the number of participants or reduce their reimbursement rates, sales and margins in the industry could be reduced, and profitability of the industry could be adversely affected. These possible adverse effects can be partially or entirely offset by controlling expenses, dispensing more higher margin generics or dispensing more prescriptions overall.

Strategy

Our objectives and goals are to grow our sales, increase our market share and reach a leverage ratio that existed prior to the Brooks Eckerd acquisition. Our strategies for achieving our goals and objectives are to establish a marketing distinctiveness with our customers, improve the productivity of our existing stores, develop new and relocated stores in our strongest existing markets, leverage our size and scale for lower costs and improve our efficiencies and cost control. We believe that improving the sales of existing stores and growing our existing markets is critical to improving our profitability and cash flow. We believe the acquisition of Brooks Eckerd broadens and accelerates the achievement of our strategic goals and objectives.

The following paragraphs describe in more detail some of the components of our strategies which will result in achievement of our goals and objectives:

Complete the Integration of the Brooks Eckerd Stores. The Brooks Eckerd stores and distribution centers are being integrated in phases. We have completed integrating the six distribution centers and are well on our way to completing systems conversions in all of the acquired stores by the end of May 2008. We have also begun the minor remodel phase of the Brooks Eckerd stores, which we expect to complete by October 2008.

Develop Stores in Existing Markets Our new store, store relocation and store remodeling program is focused on our strongest existing markets. We expect to make significant investments for the next several years in new stores, store relocations and store remodels because the best return on capital is to invest in the store base. However, it is equally important that we complete the integration of the Brooks Eckerd stores, which includes the minor remodels described above, as well as maintain a balance between debt and operating cash flows that optimizes the cost of capital and provides reliable access to the capital and sale-leaseback markets. As a result, we will take these two factors into account when determining the number of new and relocated stores that we open and the number of stores that will be remodeled. We expect that more than 50% of the new stores that we open each year will be relocations. An integral part of the store development program is our new store prototype. At March 1, 2008, approximately 270 new or relocated stores have been constructed and opened utilizing the customer world prototype. We expect that almost all of the planned new and relocated stores will be the customer world prototype store.

Grow our Pharmacy Sales and Attract More Customers. We believe that customer service and convenience are key factors to growing pharmacy sales. To improve customer service, we are focused on our "With Us, It's Personal" program that is aimed at delivering more personalized service along with timely delivery to our customers. To help our pharmacists do this, we developed and implemented an automated customer satisfaction feedback and measurement system. Using the system, we establish improving customer satisfaction target goals each year and those goals are the basis for a significant portion of incentive compensation for management throughout the company. We also developed and implemented a pharmacy management and dispensing system. This system, which we call "Nexgen," provides our pharmacists with better tools and information to meet our customers' needs. In addition, Nexgen provides management with important information about the performance of each pharmacy in critical operating areas that drive customer service. We provide our customers with an easy and convenient way to order refills over the telephone or the internet using our automatic refill program. To provide better value to our customers we recommend, when appropriate, the utilization of generic drugs. Generic drugs, which cost our customers significantly less than a branded drug, are also more profitable for us. Our generic penetration continues to increase every year, and we are setting our goals even higher in future years to take advantage of the number of new generics expected to come to market.

The Medicare Part D program provides prescription drug coverage to senior citizens, including those who previously were not covered by any drug benefit program. We communicate information on

the Medicare Part D program to senior citizens. We also offer senior citizens newsletters and prescription discounts through our Living More senior loyalty program. We have also expanded our home health category to target senior citizens with products like wheelchairs, canes, electric scooters and products that enhance bath safety.

To help grow sales and script count, we acquire pharmacy files from other drug stores and have initiatives designed to attract and retain those customers. Other initiatives that we expect to grow our pharmacy sales include the opening of in-store health clinics such as those in the Los Angeles, California, Sacramento, California and Boise, Idaho areas, the implementation of technology that will enable our pharmacists to better monitor patient prescription compliance and the continuing pilot of a medication therapy management program, a fee for service arrangement, in conjunction with physicians and the University of Pittsburgh. We believe these initiatives have been effective at growing sales in their target markets and have scalable, replicable potential for future expansion.

Grow Front-End Sales. We intend to grow front-end sales through continued emphasis on core drugstore categories, a commitment to health and wellness products to enhance our pharmacy position, a focus on seasonal and cross-merchandising opportunities, a wider selection of products and services to our customers, an emphasis on our private brand offerings and effective promotions in our weekly advertising circulars. Our focus for expanding our products and services includes several fully integrated health condition marketing programs, e.g., diabetes, allergy, vitamins, heart health, skincare, weight and pain management, a continued strengthening of our collaborative relationship with our suppliers, an emphasis on our Rite Aid private brand products, which provide better value for our customers and higher margins for us, ethnic products in selected markets, expansion of the number of GNC store-within-Rite Aid-store, and state-of-the-art digital technology in our one-hour photo development through our new partnership with FUJI Film USA, Inc.

Focus on Customers and Associates. Our "With Us, It's Personal" commitment encourages associates to provide customers with a superior customer service experience. We obtain feedback on our customer service performance by utilizing an automated survey system that collects store specific information from customers shortly after the point of sale and from independent third party customer surveys. We also have programs in place that are designed to enhance customer satisfaction, an example of which is the maintenance of a customer support center that centrally receives and processes all customer calls. We continue to improve store-level operating procedures and monitor adherence to those standards and continue to develop and implement associate training programs such as our "Take 10" program to improve customer satisfaction and educate our associates about the products we offer. We have also implemented a customer focused store visit guide that can be used by field management to assess the quality of customer service provided by specific stores. We have implemented programs that create compensatory and other incentives for associates to provide customers with excellent service. We believe that these steps further enable and motivate our associates to deliver superior customer service.

Leverage Size and Reduce Expenses. Our strategy is to leverage our size and either lower expense or contain expense in order to increase the contribution from the pharmacy and front end sales growth strategies described earlier with a focus on reduction of expense in non-retail categories. The general categories of anticipated cost and expense reduction opportunities are cost of product, corporate administrative expenses, advertising expenses and other expense reduction opportunities. We budget and monitor all areas of expense and have also targeted areas of spending for continuous improvement. Our targeted expense areas are subject to analysis of the processes involved, with an emphasis on collaboration between areas in the company and vendors, utilization of competition between vendors and consolidation of spending volumes to achieve economies of scale.

Products and Services

Sales of prescription drugs represented approximately 66.7%, 63.7%, and 63.2% of our total sales in fiscal years 2008, 2007 and 2006, respectively. In fiscal years 2008, 2007 and 2006, prescription drug sales were \$16.2 billion, \$11.1 billion, and \$10.9 billion, respectively. See "Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations" and our consolidated financial statements.

We sell approximately 26,300 different types of non-prescription, or front-end products. The types and number of front-end products in each store vary, and selections are based on customer needs and preferences and available space. No single front-end product category contributed significantly to our sales during fiscal 2008, although certain front-end product classes contributed in excess of 10% to our sales. Our principal classes of products in fiscal 2008 were the following:

Product Class	Percentage of Sales
Prescription drugs	66.7%
Over-the-counter medications and personal care	10.3%
Health and beauty aids	4.6%
General merchandise and other	18.4%

We offer approximately 3,000 products under the Rite Aid private brand, which contributed approximately 12.9% of our front-end sales in the categories where private brand products were offered in fiscal 2008. We intend to continue to increase the number of private brand products.

We have a strategic alliance with GNC under which we have opened 1,486 GNC "stores-within-Rite Aid-stores" at March 1, 2008 and a contractual commitment to open an additional 866 stores by December 2014. We have incorporated the GNC store-within-Rite Aid store into our new and relocated stores and intend to incorporate the GNC store-within-Rite Aid-store concept into the Brooks Eckerd stores where appropriate.

Technology

All of our stores will be integrated, into a common information system, which enables our customers to fill or refill prescriptions in any of our stores throughout the country, reduces chances of adverse drug interactions, and enables our pharmacists to fill prescriptions more accurately and efficiently. This system can be expanded to accommodate new stores. Our customers may also order prescription refills over the Internet through *www.riteaid.com* powered by *drugstore.com*, or over the phone through our telephonic automated refill systems. As of March 1, 2008 we had installed ScriptPro automated pharmacy dispensing units, which are linked to our pharmacists' computers and fill and label prescription drug orders, in 1,328 stores, and we are extending this technology to the Brooks and Eckerd stores where appropriate. The efficiency of ScriptPro units allows our pharmacists to spend an increased amount of time consulting with our customers. Additionally, each of our stores employs point-of-sale technology that supports sales analysis and recognition of customer trends. This same point-of-sale technology facilitates the maintenance of perpetual inventory records which together are the basis for our automated inventory replenishment process.

Suppliers

We purchase almost all of our generic (non-brand name) pharmaceuticals directly from manufacturers. During fiscal 2008, we purchased brand pharmaceuticals and some generic pharmaceuticals, which amounted to approximately 93.7% of the dollar volume of our prescription drugs, from a single wholesaler, McKesson Corp ("McKesson"), under a contract, which runs through April 2010. Under the contract, with limited exceptions, we are required to purchase all of our branded pharmaceutical products from McKesson. If our relationship with McKesson was disrupted, we could

temporarily have difficulty filling brand drug prescriptions until we executed a replacement wholesaler agreement or developed and implemented self-distribution processes, which could negatively affect our business.

We purchase our non-pharmaceutical merchandise from numerous manufacturers and wholesalers. We believe that competitive sources are readily available for substantially all of the non-pharmaceutical merchandise we carry and that the loss of any one supplier would not have a material effect on our business.

We sell private brand and co-branded products that generally are supplied by numerous competitive sources. The Rite Aid and GNC co-branded PharmAssure vitamin and mineral supplement products and the GNC branded vitamin and mineral supplement products that we sell in our stores are developed by GNC, and along with our Rite Aid brand vitamin and mineral supplements, are manufactured by GNC.

Customers and Third Party Payors

During fiscal 2008, our stores served an average of 2.5 million customers per day. The loss of any one customer would not have a material adverse impact on our results of operations.

In fiscal 2008, 95.9% of our pharmacy sales were to customers covered by health plan contracts which typically contract with third party payors (such as insurance companies, prescription benefit management companies, governmental agencies, private employers, health maintenance organizations or other managed care providers) that agree to pay for all or a portion of a customer's eligible prescription purchases and negotiate with us for reduced prescription rates. During fiscal 2008, the top five third party payors accounted for approximately 36.3% of our total sales, the largest of which represented 11.3% of our total sales. During fiscal 2008, Medicaid related sales were approximately 6.3% of our total sales, of which the largest single Medicaid payor was less than 2% of our total sales. During fiscal 2008, approximately 10.2% of our total sales were to customers covered by Medicare Part D.

Competition

The retail drugstore industry is highly competitive. We compete with, among others, retail drugstore chains, independently owned drugstores, supermarkets, mass merchandisers, discount stores, dollar stores and mail order pharmacies. We compete on the basis of store location and convenient access, customer service, product selection and price. We believe continued consolidation of the drugstore industry, continued new store openings and increased mail order will further increase competitive pressures in the industry.

Marketing and Advertising

In fiscal 2008, marketing and advertising expense was \$375.0 million, which was spent primarily on weekly circular advertising. We have implemented various programs that are designed to support our health and wellness vision and improve our image with customers by delivering upon our "With Us, It's Personal" brand promise. These include health condition marketing platforms focused on specific health conditions, increased GNC presence through expanded locations and promotional activity, continuation of our Rite Aid Health and Beauty Expos, and marketing and merchandising strategies that capitalize on emerging beauty trends such as men's grooming, spa products, proprietary cosmetics and skincare. We continue to implement programs that are specifically directed to our pharmacy business. These include promotions that provide incentives for customers that transfer their prescriptions to us, a card-based loyalty program for senior citizens called "Living More" that provides meaningful discounts and targeted newsletters and offers, direct marketing programs, comprehensive health condition management programs, and other educational materials to help customers with their healthcare decisions. We are creating a more inviting store environment for our Hispanic customers

through tailored product assortments and bi-lingual signing and advertising in stores with large Hispanic customer bases.

Associates

We believe that our relationships with our associates are good. As of March 1, 2008, we had approximately 112,800 associates; 12% were pharmacists, 46% were part-time and 23% were unionized. Associate satisfaction is critical to the success of our strategy. We have surveyed our associates to obtain feedback on various employment-related topics, including job satisfaction and their understanding of our core values and mission.

There is a national shortage of pharmacists. We have implemented various associate incentive plans in order to attract and retain qualified pharmacists, have added a survey to find out how newly hired pharmacists are doing and have an advisory board made up entirely of associates that are pharmacists. We have also expanded our efforts in recruitment of pharmacists through an increase in the number of recruiters, a successful pharmacist intern program, improved relations with pharmacy schools and an international recruiting program.

Research and Development

We do not make significant expenditures for research and development.

Licenses, Trademarks and Patents

The Rite Aid name is our most significant trademark and the most important factor in marketing our stores and private brand products. We hold licenses to sell beer, wine and liquor, cigarettes and lottery tickets. As part of our strategic alliance with GNC we have a license to operate GNC "stores-within-Rite Aid-stores". We also hold licenses to operate our pharmacies and our distribution facilities. Together, these licenses are material to our operations.

Seasonality

We experience moderate seasonal fluctuations in our results of operations concentrated in the first and fourth fiscal quarters as the result of the concentration of the cough, cold and flu season and the holidays. We tailor certain front-end merchandise to capitalize on holidays and seasons. We increase our inventory levels during our third fiscal quarter in anticipation of the seasonal fluctuations described above. Our results of operations in the fourth and first fiscal quarters may fluctuate based upon the timing and severity of the cough, cold and flu season, both of which are unpredictable.

Regulation

Our business is subject to federal, state, and local government laws, regulations and administrative practices. We must comply with numerous provisions regulating health and safety, equal employment opportunity, minimum wage and licensing for the sale of drugs, alcoholic beverages, tobacco and other products. In addition we must comply with regulations pertaining to product content, labeling, dating and pricing.

Pursuant to the Omnibus Budget Reconciliation Act of 1990 ("OBRA") and comparable state regulations, our pharmacists are required to offer counseling, without additional charge, to our customers about medication, dosage, delivery systems, common side effects and other information deemed significant by the pharmacists and may have a duty to warn customers regarding any potential adverse effects of a prescription drug if the warning could reduce or negate such effect.

The appropriate state boards of pharmacy must license our pharmacies and pharmacists. Our pharmacies and distribution centers are also registered with the Federal Drug Enforcement Administration and are subject to Federal Drug Enforcement Agency regulations relative to our pharmacy operations, including regulations governing purchasing, storing and dispensing of controlled

substances. Applicable licensing and registration requirements require our compliance with various state statutes, rules and/or regulations. If we were to violate any applicable statute, rule or regulation, our licenses and registrations could be suspended or revoked and we could be subject to fines or penalties.

In recent years, an increasing number of legislative proposals have been enacted, introduced or proposed in Congress and in some state legislatures that affect or would affect major changes in the healthcare system, either nationally or at the state level. The legislative initiatives include changes in reimbursement levels, changes in qualified participants, changes in drug safety regulations and e-prescribing. Although we believe we are well positioned to respond to these developments, we cannot predict the long-term outcome or effect of legislation from these efforts.

Our pharmacy business is subject to patient privacy and other obligations, including corporate, pharmacy and associate responsibility imposed by the Health Insurance Portability and Accountability Act. As a covered entity, we are required to implement privacy standards, train our associates on the permitted uses and disclosures of protected health information, provide a notice of privacy practice to our pharmacy customers and permit pharmacy customers to access and amend their records and receive an accounting of disclosures of protected health information. Failure to properly adhere to these requirements could result in the imposition of civil as well as criminal penalties.

We are also subject to laws governing our relationship with our associates, including minimum wage requirements, overtime and working conditions. Increases in the federal minimum wage rate, associate benefit costs or other costs related to associates could adversely affect our results of operations.

In addition, in connection with the ownership and operations of our stores, distribution centers and other sites, we are subject to laws and regulations relating to the protection of the environment and health and safety matters, including those governing the management and disposal of hazardous substances and the cleanup of contaminated sites. Violations of or liabilities under these laws and regulations as a result of our current or former operations or historical activities at our sites, such as gasoline service stations and dry cleaners, could result in significant costs.

Corporate Governance and Internet Address

We recognize that good corporate governance is an important means of protecting the interests of our stockholders, associates, customers, and the community. We have closely monitored and implemented relevant legislative and regulatory corporate governance reforms, including provisions of the Sarbanes-Oxley Act of 2002 ("Sarbanes-Oxley"), the rules of the SEC interpreting and implementing Sarbanes-Oxley, and the corporate governance listing standards of the New York Stock Exchange.

Our corporate governance information and materials, including our Certificate of Incorporation, Bylaws, Corporate Governance Guidelines, the charters of our Audit Committee, Compensation Committee and Nominating and Governance Committee, our Code of Ethics for the Chief Executive Officer and Senior Financial Officers, our Code of Ethics and Business Conduct and our Related Person Transaction Policy are posted on the corporate governance section of our website at www.riteaid.com and are available in print upon request to Rite Aid Corporation, 30 Hunter Lane, Camp Hill, Pennsylvania 17011, Attention: Corporate Secretary. Our Board will regularly review corporate governance developments and modify these materials and practices as warranted.

Our website also provides information on how to contact us and other items of interest to investors. We make available on our website, free of charge, our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and all amendments to these reports, as soon as reasonably practicable after we file these reports with, or furnish to, the SEC.

Item 1A. Risk Factors

Factors Affecting our Future Prospects

Set forth below is a description of certain risk factors which we believe may be relevant to an understanding of us and our business. Security holders are cautioned that these and other factors may affect future performance and cause actual results to differ from those which may be anticipated. See "Cautionary Statement Regarding Forward-Looking Statements."

Risks Related to Our Financial Condition

We are highly leveraged. Our substantial indebtedness could limit cash flow available for our operations and could adversely affect our ability to service debt or obtain additional financing if necessary.

We had, as of March 1, 2008, \$6.0 billion of outstanding indebtedness and stockholders' equity of \$1.7 billion. We also had additional borrowing capacity under our existing \$1.75 billion senior secured revolving credit facility of approximately \$716.2 million at that time, net of outstanding letters of credit of \$184.8 million. However, lien covenants in several of our secured note indentures limit the amount of additional secured debt that we could have incurred as of March 1, 2008 and thereby limited our additional borrowing capacity under our revolver to approximately \$441.6 million.

Our debt obligations adversely affect our operations in a number of ways and while we believe we have adequate sources of liquidity to meet our anticipated requirements for working capital, debt service and capital expenditures through fiscal year 2009, there can be no assurance that our cash flow from operations will be sufficient to service our debt, which may require us to borrow additional funds for that purpose, restructure or otherwise refinance our debt or reduce planned capital expenditures. Our earnings were insufficient to cover fixed charges and preferred stock dividends for fiscal 2008, 2007, 2006, and 2004 by \$340.6 million, \$50.8 million, \$23.1 million, and \$2.6 million, respectively. Our ratio of earnings to fixed charges for fiscal 2005 was 1.15.

Our high level of indebtedness will continue to restrict our operations. Among other things, our indebtedness will:

limit our ability to obtain additional financing;

limit our flexibility in planning for, or reacting to, changes in the markets in which we compete;

place us at a competitive disadvantage relative to our competitors with less indebtedness;

render us more vulnerable to general adverse economic, regulatory and industry conditions; and

require us to dedicate a substantial portion of our cash flow to service our debt.

Our 6.125% senior notes, of which \$150 million aggregate principal amount was outstanding as of March 1, 2008, mature in December 2008. Our ability to meet our cash requirements, including our debt service obligations, is dependent upon our ability to substantially improve our operating performance, which will be subject to general economic and competitive conditions and to financial, business and other factors, many of which are or may be beyond our control. In addition, some of our debt service obligations, including our existing credit facility, have interest payments that are subject to variable interest rates and are therefore dependent upon future interest rate which are beyond our control. We can not provide assurance that our business will generate sufficient cash flows from operations to fund our cash requirements and debt service obligations. If our operating results, cash flow or capital resources prove inadequate, or if interest rates increase significantly, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt and other obligations. If we are unable to service our debt, we could be forced to reduce or delay planned capital expenditures, sell assets, restructure or refinance our debt or seek additional

Edgar Filing: RITE AID CORP - Form 10-K

equity capital, and we may be unable to take any of these actions on satisfactory terms or in a timely manner. Further, any of these actions may not be sufficient to allow us to service our debt obligations or may have an adverse impact on our business. Our existing debt agreements limit our ability to take certain of these actions. Our failure to generate sufficient operating cash flow to pay our debts or to successfully undertake any of these actions could have a material adverse effect on us.

Borrowings under our senior secured credit facility and expenses related to the sale of our accounts receivable under our receivables securitization agreements are based upon variable rates of interest, which could result in higher expense in the event of increases in interest rates.

Approximately \$2.1 billion of our outstanding indebtedness as of March 1, 2008 bears interest at a rate that varies depending upon the London Interbank Offered Rate ("LIBOR"). If we borrow additional amounts under our senior credit facility, the interest rate on those borrowings will also vary depending upon LIBOR. Further, we pay ongoing program fees under our receivables securitization agreements that are indexed to a commercial paper rate that approximates 1-month LIBOR. If LIBOR rises, the interest rates on outstanding debt and related program fees under our receivables securitization program will increase. Therefore an increase in LIBOR would increase our interest payment obligations under these loans, increase our receivables securitization program fee payments and have a negative effect on our cash flow and financial condition. We currently do not maintain any hedging contracts that would limit our exposure to variable rates of interest.

The covenants in our current indebtedness may limit our operating and financial flexibility.

The covenants in the instruments that govern our current indebtedness limit our ability to:

incur liens and debt;

pay dividends;

make redemptions and repurchases of capital stock;

make loans and investments;

prepay, redeem or repurchase debt;

engage in acquisitions, consolidations, assets dispositions, sale-leaseback transactions and affiliate transactions;

change our business;

amend some of our debt and other material agreements;

issue and sell capital stock of subsidiaries;

restrict distributions from subsidiaries; and

grant negative pledges to other creditors.

In addition, if we have less than \$100 million of revolver availability under our senior secured credit facility, we will be subject to a fixed charge coverage ratio maintenance test. If we are unable to meet the terms of the financial covenants or if we breach any of these covenants, a default could result under one or more of these agreements. A default, if not waived by our lenders, could result in the acceleration of our outstanding indebtedness and cause our debt to become immediately due and payable. If acceleration occurs, we would not be able to repay our debt and it is unlikely that we would be able to borrow sufficient additional funds to refinance such debt. Even if new financing is made available to us, it may not be available on terms acceptable to us. If we obtain modifications of our agreements, or are required to obtain waivers of defaults, we may incur significant fees and transaction costs.

Subject to certain limitations, Jean Coudu Group may sell Rite Aid common stock at any time, which could cause our stock price to decrease.

The shares of Rite Aid common stock that the Jean Coudu Group currently holds are restricted, but Jean Coudu Group may sell these shares under certain circumstances, including pursuant to a registered underwritten public offering under the Securities Act or in accordance with Rule 144 under the Securities Act. We have entered into a registration rights agreement with Jean Coudu Group, which will give Jean Coudu Group the right to require us to register all or a portion of its shares at any time (subject to certain exceptions). The sale of a substantial number of our shares by Jean Coudu Group or our other stockholders within a short period of time could cause our stock price to decrease, make it more difficult for us to raise funds through future offerings of Rite Aid common stock or acquire other businesses using Rite Aid common stock as consideration.

Risks Related to Our Operations

We need to continue to improve our operations in order to improve our financial condition, but our operations will not improve if we cannot continue to effectively implement our business strategy or if our strategy is negatively affected by general economic conditions.

We have not yet achieved the sales productivity level of our major competitors. We believe that improving the sales of existing stores and the acquired Brooks Eckerd stores is important to improving profitability and operating cash flow. If we are not successful in implementing our strategy, or if our strategy is not effective, we may not be able to improve our operations. In addition, any adverse change in general economic conditions or major industries can adversely affect drug benefit plans and reduce our pharmacy sales. Adverse changes in general economic conditions, such as changes that have recently occurred, affect consumer buying practices and consequently reduce our sales of front-end products, and cause a decrease in our profitability. Failure to continue to improve operations or a decline in major industries or general economic conditions would adversely affect our results of operations, financial condition and cash flows and our ability to make principal or interest payments on our debt.

Although we expect that the acquisition of Brooks Eckerd will result in benefits to us, we may not realize those benefits because of integration difficulties.

Integrating the operations of Brooks Eckerd successfully or otherwise realizing any of the anticipated benefits of the acquisition, including anticipated cost savings and additional revenue opportunities, involve a number of potential challenges. The failure to meet these integration challenges could seriously harm our results of operations.

Realizing the benefits of the acquisition will depend in part on the integration of information technology, operations and personnel. These integration activities are complex and time-consuming and we may encounter unexpected difficulties or incur unexpected costs, including:

diversion of management attention from ongoing business concerns to integration matters;

difficulties in integrating the Brooks Eckerd store operations to serve the combined customer base of Rite Aid and Brooks Eckerd;

difficulties in combining corporate cultures, maintaining associate morale and retaining key associates; and

challenges in demonstrating to our customers and to customers of Brooks Eckerd that the acquisition will not result in adverse changes in customer service standards or business focus.

During fiscal 2008, we incurred approximately \$240 million of integration related capital expenditures and approximately \$154 million of integration related, non-recurring expenses. We expect

to spend approximately \$430 million of integration-related capital expenditures and to incur approximately \$260 million of integration-related non-recurring expenses during the anticipated integration period. If the anticipated benefits are not realized, if anticipated sales levels are not achieved or if the integration-related expenses and capital requirements are greater than anticipated, the accretive effect of the acquisition could be decreased or delayed, which could cause a decline in the price of our common stock, and our revenue assumptions could be inaccurate.

For so long as Jean Coutu Group (and, subject to certain conditions, certain members of the Coutu family) maintain certain levels of Rite Aid stock ownership, Jean Coutu Group (and, subject to certain conditions, certain members of the Coutu family) could exercise significant influence over us.

At March 1, 2008 Jean Coutu Group owns approximately 28.6% of the voting power of Rite Aid. As a result, Jean Coutu Group (and, subject to certain conditions, certain members of the Coutu family) generally has the ability to significantly influence the outcome of any matter submitted for the vote of our stockholders. The stockholder agreement provides that Jean Coutu Group (and, subject to certain conditions, certain members of the Coutu family) designate four of the fourteen members of our board of directors, subject to adjustment based on its ownership position in us. Accordingly, Jean Coutu Group generally is able to significantly influence the outcome of all matters that come before our board of directors. As a result of its significant interest in us, Jean Coutu Group may have the power, subject to applicable law (including the fiduciary duties of the directors designated by Jean Coutu Group), to significantly influence actions that might be favorable to Jean Coutu Group, but not necessarily favorable to our financial condition and results of operations. In addition, the ownership position and governance rights of Jean Coutu Group could discourage a third party from proposing a change of control or other strategic transaction concerning us.

Conflicts of interest may arise between us and Jean Coutu Group, which may be resolved in a manner that adversely affects our business, financial condition or results of operations.

Following the acquisition, Jean Coutu Group has continued its Canadian operations but no longer has any operations in the United States; we currently have no operations in Canada. Despite the lack of geographic overlap after the acquisition, conflicts of interest may arise between us and Jean Coutu Group in areas relating to past, ongoing and future relationships, including corporate opportunities, potential acquisitions or financing transactions, sales or other dispositions by Jean Coutu Group of its interests in us and the exercise by Jean Coutu Group of its influence over our management and affairs.

As a result of the acquisition, a number of the directors on our board of directors are persons who are also officers or directors of Jean Coutu Group or its subsidiaries. Service as a director or officer of both Rite Aid and Jean Coutu Group or its other subsidiaries could create conflicts of interest if such directors or officers are faced with decisions that could have materially different implications for Rite Aid and for Jean Coutu Group. Apart from the conflicts of interest policy contained in our Code of Ethics and Business Conduct and applicable to our directors, we and Jean Coutu Group have not established any formal procedures for us and Jean Coutu Group to resolve potential or actual conflicts of interest between us. There can be no assurance that any of the foregoing conflicts will be resolved in a manner that does not adversely affect our business, financial condition or results of operations.

We are dependent on Jean Coutu Group for certain transitional services pursuant to a transition services agreement. The failure of Jean Coutu Group to perform its obligations under the transition services agreement could adversely affect our business, financial condition or results of operations.

Our ability to effectively monitor and control the operations of Brooks Eckerd depends to a large extent on the proper functioning of our information technology and business support systems. Currently, we are dependent upon Jean Coutu Group to continue to provide certain information technology, network and support services to the Brooks Eckerd stores for a period of time following

the acquisition to facilitate the Brooks Eckerd transition. The terms of these arrangements are governed by a transition services agreement entered into at the time of the acquisition. If Jean Coutu Group fails to perform its obligations under the transition services agreement, we may not be able to perform such services ourselves or obtain such services from third parties at all or on terms favorable to us. In addition, upon termination of the transition services agreement, if we are unable to develop the necessary systems, resources and controls necessary to allow us to provide the services formerly provided by Jean Coutu Group or to obtain such services from third parties, it could adversely affect our business, financial condition or results of operations.

Our new store and store relocation development program requires entering construction and development commitments and occasionally purchasing land that will not be utilized for several years which may limit our financial flexibility.

We will enter into significant construction and development commitments as part of our new store and store relocation development program. Also, we will occasionally make capital expenditures to acquire land that may not be used for several years. Even if there are significant negative economic or competitive developments in our industry, financial condition or the regions where we have made these commitments, we are obligated to fulfill these commitments. Further, if we subsequently dispose of the property that we acquire, we may receive less than our purchase price or the net book value of such property, which may result in financial loss.

We are dependent on our management team, and the loss of their services could have a material adverse effect on our business and the results of our operations or financial condition.

The success of our business is materially dependent upon the continued services of our executive management team. The loss of key personnel could have a material adverse effect on the results of our operations, financial condition or cash flows. Additionally, we cannot assure you that we will be able to attract or retain other skilled personnel in the future.

We are substantially dependent on a single wholesaler of branded pharmaceutical products to sell products to us on satisfactory terms. A disruption in this relationship may have a negative effect on our results of operations, financial condition and cash flow.

We purchase all of our brand prescription drugs from a single wholesaler, McKesson, pursuant to a contract that runs through April 2010. Pharmacy sales represented approximately 66.7% of our total sales during fiscal 2008, and, therefore, our relationship with McKesson is important to us. Any significant disruptions in our relationship with McKesson would make it difficult for us to continue to operate our business until we executed a replacement wholesaler agreement or developed and implemented self-distribution processes. There can be no assurance that we would be able to find a replacement wholesaler on a timely basis or that such wholesaler would be able to fulfill our demands on similar terms, which would have a material adverse effect on our results of operations, financial condition and cash flows.

Risks Related to Our Industry

The markets in which we operate are very competitive and further increases in competition could adversely affect us.

We face intense competition with local, regional and national companies, including other drugstore chains, independently owned drugstores, supermarkets, mass merchandisers, discount stores, dollar stores and mail order pharmacies. Our industry also faces growing competition from companies who import drugs directly from other countries, such as Canada, as well as from large-scale retailers that offer generic drugs at a substantial discount. Some of our competitors have or may merge with or

acquire pharmaceutical services companies, which may further increase competition. We may not be able to effectively compete against them because our existing or potential competitors may have financial and other resources that are superior to ours. In addition, we may be at a competitive disadvantage because we are more highly leveraged than our competitors. The ability of our stores to achieve profitability depends on their ability to achieve a critical mass of customers. We believe that the continued consolidation of the drugstore industry will further increase competitive pressures in the industry. As competition increases, a significant increase in general pricing pressures could occur, which would require us to increase our sales volume and to sell higher margin products and services in order to remain competitive. We cannot assure you that we will be able to continue effectively to compete in our markets or increase our sales volume in response to further increased competition.

Drug benefit plan sponsors and third party payors could change their plan eligibility criteria and further encourage or require the use of mail-order prescriptions which could decrease our sales and reduce our margins and have a material adverse effect on our business.

An adverse trend for drugstore retailing has been initiatives to contain rising healthcare costs leading to the rapid growth in mail-order prescription processors. These prescription distribution methods have grown in market share relative to drugstores as a result of the rapid rise in drug costs experienced in recent years and are predicted to continue to rise. Mail-order prescription distribution methods are perceived by employers and insurers as being less costly than traditional distribution methods and are being encouraged, and, in some cases, required, by third party pharmacy benefit managers, employers and unions that administer benefits. As a result, some labor unions and employers are requiring, and others may encourage or require, that their members or employees obtain medications from mail-order pharmacies which offer drug prescriptions at prices lower than we are able to offer.

Another adverse trend for drugstore retailing has been for drug benefit plan sponsors and third party payors to change their plan eligibility requirements resulting in fewer beneficiaries covered and a reduction in the number of prescriptions allowed.

Mail-order prescription distribution and drug benefit plan eligibility changes have negatively affected sales for traditional chain drug retailers, including us, in the last few years and we expect such negative effect to continue in the future. There can be no assurance that our efforts to offset the effects of mail order and eligibility changes will be successful.

The availability of pharmacy drugs is subject to governmental regulations.

The continued conversion of various prescription drugs to over-the-counter medications may reduce our pharmacy sales and customers may seek to purchase such medications at non-pharmacy stores. Also, if the rate at which new prescription drugs become available slows or if new prescription drugs that are introduced into the market fail to achieve popularity, our pharmacy sales may be adversely affected. The withdrawal of certain drugs from the market or concerns about the safety or effectiveness of certain drugs or negative publicity surrounding certain categories of drugs may also have a negative effect on our pharmacy sales or may cause shifts in our pharmacy or front-end product mix.

Changes in third party reimbursement levels for prescription drugs could reduce our margins and have a material adverse effect on our business.

Sales of prescription drugs, as a percentage of sales, and the percentage of prescription sales reimbursed by third parties, have been increasing and we expect them to continue to increase. In fiscal 2008, sales of prescription drugs represented 66.7% of our sales and 95.9% of all of the prescription drugs that we sold were with third party payors. During fiscal 2008, the top five third-party payors

accounted for approximately 36.3% of our total sales, the largest of which represented 11.3% of our total sales. Third party payors could reduce the levels at which they will reimburse us for the prescription drugs that we provide to their members. Any significant loss of third-party payor business or any significant reduction in reimbursement levels could have a material adverse effect on our business and results of operations.

In fiscal 2008, approximately 6.3% of our revenues were from state sponsored Medicaid agencies, the largest of which was less than 2% of our total sales. In fiscal 2008, approximately 10.2% of our total sales were to customers covered by Medicare Part D, and we expect these sales to continue. There have been a number of recent proposals and enactments by the Federal government and various states to reduce Medicaid reimbursement levels in response to budget problems, some of which propose to reduce reimbursement levels in the applicable states significantly, and we expect other similar proposals in the future. If third party payors reduce their reimbursement levels or if Medicare Part D or state Medicaid programs cover prescription drugs at lower reimbursement levels, our margins on these sales would be reduced, and the profitability of our business and our results of operations, financial condition or cash flows could be adversely affected.

We are subject to governmental regulations, procedures and requirements; our noncompliance or a significant regulatory change could adversely affect our business, the results of our operations or our financial condition.

Our business is subject to federal, state and local government laws, regulations and administrative practices. We must comply with numerous provisions regulating health and safety, equal employment opportunity, minimum wage and licensing for the sale of drugs, alcoholic beverages, tobacco and other products. In addition, we must comply with regulations pertaining to product labeling, dating and pricing. Our pharmacy business is subject to local registrations in the states where our pharmacies are located, applicable Medicare and Medicaid regulations and prohibitions against paid referrals of patients. Failure to properly adhere to these and other applicable regulations could result in the imposition of civil and criminal penalties including suspension of payments from government programs; loss of required government certifications; loss of authorizations to participate in or exclusion from government reimbursement programs, such as the Medicare and Medicaid programs; loss of licenses; significant fines or monetary penalties for anti-kickback law violations, submission of false claims or other failures to meet reimbursement program requirements and could adversely affect the continued operation of our business.

Our pharmacy business is subject to the patient privacy and other obligations including corporate, pharmacy and associate responsibility, imposed by the Health Insurance Portability and Accountability Act. As a covered entity, we are required to implement privacy standards, train our associates on the permitted use and disclosures of protected health information, provide a notice of privacy practice to our pharmacy customers and permit pharmacy health customers to access and amend their records and receive an accounting of disclosures of protected health information. Failure to properly adhere to these requirements could result in the imposition of civil as well as criminal penalties.

Federal and state reform programs, such as healthcare reform and enforcement initiatives of federal and state governments may also affect our pharmacy business. These initiatives include:

proposals designed to significantly reduce spending on Medicare, Medicaid and other government programs;

changes in programs providing for reimbursement for the cost of prescription drugs by third party plans;

increased scrutiny of, and litigation relating to, prescription drug manufacturers' pricing and marketing practices; and

regulatory changes relating to the approval process for prescription drugs.

Edgar Filing: RITE AID CORP - Form 10-K

These initiatives could lead to the enactment of, or changes to, federal regulations and state regulations that could adversely impact our prescription drug sales and, accordingly, our results of operations, financial condition or cash flows. It is uncertain at this time what additional healthcare reform initiatives, if any, will be implemented, or whether there will be other changes in the administration of governmental healthcare programs or interpretations of governmental policies or other changes affecting the healthcare system. Future healthcare or budget legislation or other changes, including those referenced above, may materially adversely impact our pharmacy sales.

Certain risks are inherent in providing pharmacy services; our insurance may not be adequate to cover any claims against us.

Pharmacies are exposed to risks inherent in the packaging and distribution of pharmaceuticals and other healthcare products, such as with respect to improper filling of prescriptions, labeling of prescriptions, adequacy of warnings and unintentional distribution of counterfeit drugs. In addition, federal and state laws that require our pharmacists to offer counseling, without additional charge, to their customers about medication, dosage, delivery systems, common side effects and other information the pharmacists deem significant can impact our business. Our pharmacists may also have a duty to warn customers regarding any potential negative effects of a prescription drug if the warning could reduce or negate these effects. Although we maintain professional liability and errors and omissions liability insurance, from time to time, claims result in the payment of significant amounts, some portions of which are not funded by insurance. We cannot assure you that the coverage limits under our insurance programs will be adequate to protect us against future claims, or that we will be able to maintain this insurance on acceptable terms in the future. Our results of operations, financial condition or cash flows may be adversely affected if in the future our insurance coverage proves to be inadequate or unavailable or there is an increase in liability for which we self-insure or we suffer reputational harm as a result of an error or omission.

We will not be able to compete effectively if we are unable to attract, hire and retain qualified pharmacists.

There is a nationwide shortage of qualified pharmacists. Accordingly, we may not be able to attract, hire and retain enough qualified pharmacists. This could adversely affect our operations.

We may be subject to significant liability should the consumption of any of our products cause injury, illness or death.

Products that we sell could become subject to contamination, product tampering, mislabeling or other damage requiring us to recall our private label products. In addition, errors in the dispensing and packaging of pharmaceuticals could lead to serious injury or death. Product liability claims may be asserted against us with respect to any of the products or pharmaceuticals we sell and we may be obligated to recall our private brand products. A product liability judgment against us or a product recall could have a material, adverse effect on our business, financial condition or results of operations.

Item 1B. Unresolved SEC Staff Comments

None

Item 2. Properties

As of March 1, 2008, we operated 5,059 retail drugstores, which includes the acquired Brooks Eckerd stores. The overall average selling square feet of each store in our chain is 9,900 square feet. The overall average total square feet of each store in our chain is 12,400. The stores in the eastern part of the U.S. average 8,700 selling square feet per store (10,800 average total square feet per store). The stores in the western part of the U.S. average 15,400 selling square feet per store (19,900 average total square feet per store).

Our customer world store prototype, which is being utilized in our new store and store relocation program, has an overall average selling square footage of 11,500 and an overall average total square feet of 14,500. The new world store prototype in the eastern parts of the U.S. will average 10,200 selling square feet (13,000 average total square feet per store). The world store prototype in the western part of the U.S. will average 14,000 selling square feet (17,400 average total square feet per store).

The table below identifies the number of stores by state as of March 1, 2008:

State	Store Count
Alabama	105
California	611
Colorado	22
Connecticut	82
Delaware	44
District of Columbia	7
Georgia	231
Idaho	19
Indiana	8
Kentucky	120
Louisiana	72
Massachusetts	166
Maine	81
Maryland	148
Michigan	313
Mississippi	27
North Carolina	258
Nevada	1
New Hampshire	70
New Jersey	286
New York	706
Ohio	242
Oregon	71
Pennsylvania	607
Rhode Island	46
South Carolina	107
Tennessee	95
Utah	23
Vermont	38
Virginia	212
Washington	138
West Virginia	103
Total	5,059

Edgar Filing: RITE AID CORP - Form 10-K

Our stores have the following attributes at March 1, 2008:

Attribute	Number	Percentage
Freestanding	2,812	56%
Drive through pharmacy	2,388	47%
One-hour photo development department	3,157	62%
GNC stores-within a Rite Aid-store	1,486	29%

We lease 4,709 of our operating drugstore facilities under non-cancelable leases, many of which have original terms of 10 to 22 years. In addition to minimum rental payments, which are set at competitive market rates, certain leases require additional payments based on sales volume, as well as reimbursement for taxes, maintenance and insurance. Most of our leases contain renewal options, some of which involve rent increases.

We own our corporate headquarters, which is located in a 205,000 square foot building at 30 Hunter Lane, Camp Hill, Pennsylvania 17011. We lease 125,000 square feet of space in various buildings near Harrisburg, Pennsylvania for use by additional administrative personnel.

We operate the following distribution centers and overflow storage locations, which we own or lease as indicated:

Location	Owned or Leased	Approximate Square Footage
Rome, New York	Owned	283,000
Utica, New York(1)	Leased	172,000
Geddes, New York(1)	Leased	300,000
Poca, West Virginia	Owned	255,000
Dunbar, West Virginia(1)	Leased	110,000
Perryman, Maryland	Owned	885,000
Perryman, Maryland(1)	Leased	262,000
Belcamp, Maryland(1)	Leased	252,000
Tuscaloosa, Alabama	Owned	230,000
Cottondale, Alabama(1)	Leased	155,000
Pontiac, Michigan	Owned	325,000
Woodland, California	Owned	513,000
Woodland, California(1)	Leased	200,000
Wilsonville, Oregon	Leased	517,000
Wilsonville, Oregon(1)	Leased	96,000
Lancaster, California	Owned	914,000
Atlanta, Georgia	Owned	195,000
Atlanta, Georgia(1)	Leased	201,000
Atlanta, Georgia(1)	Leased	299,000
Atlanta Georgia (1)	Leased	125,000
Charlotte, North Carolina	Owned	585,500
Charlotte, North Carolina(1)	Leased	291,000
Dayville, Connecticut	Owned	460,000
Liverpool, New York	Owned	738,000
Philadelphia, Pennsylvania	Owned	240,000
Philadelphia, Pennsylvania	Leased	415,000
Bohemia, New York	Owned	255,000

(1) Overflow storage locations.

Edgar Filing: RITE AID CORP - Form 10-K

The original terms of the leases for our distribution centers and overflow storage locations range from 5 to 22 years. In addition to minimum rental payments, certain distribution centers require tax reimbursement, maintenance and insurance. Most leases contain renewal options, some of which involve rent increases. Although from time to time, we may be near capacity at some of our distribution facilities, particularly at our older facilities, we believe that the capacity of our facilities is adequate.

We also own a 55,800 square foot ice cream manufacturing facility located in El Monte, California and a 68,000 square foot office building in Warwick, Rhode Island.

On a regular basis and as part of our normal business, we evaluate store performance and may reduce in size, close or relocate a store if the store is redundant, under performing or otherwise deemed unsuitable. When we reduce in size, close or relocate a store, we often continue to have leasing obligations or own the property. We attempt to sublease this space. As of March 1, 2008, we have 8,932,280 square feet of excess space, of which 5,078,480 square feet was subleased.

Item 3. Legal Proceedings

We are subject from time to time to various claims and lawsuits and governmental investigations arising in the ordinary course of business. Some of these suits purport or have been determined to be class actions and/or seek substantial damages. We believe these matters are adequately covered by insurance or, if not so covered, are without merit or are of such nature or involve amounts that would not have a material adverse effect on our financial conditions, results of operations or cash flows if decided adversely.

Item 4. Submission of Matters to a Vote of Security Holders

None

PART II

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuers Purchases of Equity Securities.

Our common stock is listed on the New York Stock Exchange under the symbol "RAD." On April 18, 2008, we had approximately 30,268 stockholders of record. Quarterly high and low stock prices, based on the New York Stock Exchange ("NYSE") composite transactions, are shown below.

Fiscal Year	Quarter	High	Low
2009 (through April 18, 2008)	First	\$ 2.99	\$ 2.29
2008	First	6.59	5.53
	Second	6.70	4.84
	Third	5.11	3.48
	Fourth	4.41	1.95
2007	First	4.85	3.79
	Second	4.74	4.07
	Third	4.87	4.28
	Fourth	6.36	4.75

We have not declared or paid any cash dividends on our common stock since the third quarter of fiscal 2000 and we do not anticipate paying cash dividends on our common stock in the foreseeable future. Our senior secured credit facility and some of the indentures that govern our other outstanding indebtedness restrict our ability to pay dividends. See "Management's Discussion and Analysis of Financial Condition and Results of Operations."

We have not sold any unregistered equity securities during the period covered by this report, nor have we repurchased any equity securities, other than issuances to Jean Coutu Group, during the period covered by this report.

The Chief Executive Officer of the Company certified to the NYSE on June 21, 2007 that she was not aware of any violation by the Company of the NYSE's corporate governance listing standards.

STOCK PERFORMANCE GRAPH

The graph below compares the yearly percentage change in the cumulative total stockholder return on our common stock for the last five fiscal years with the cumulative total return on (i) the Russell 1000 Consumer Staples Index, and (ii) the Russell 1000 Index, over the same period (assuming the investment of \$100.00 in our common stock and such indexes on March 1, 2003 and reinvestment of dividends).

For comparison of cumulative total return, we have elected to use the Russell 1000 Consumer Staples Index, consisting of 44 companies including the three largest drugstore chains, and the Russell 1000 Index. This allows comparison of the company to a peer group of similar sized companies. We are one of the companies included in the Russell 1000 Consumer Staples Index and the Russell 1000 Index. The Russell 1000 Consumer Staples Index is a capitalization-weighted index of companies that provide products directly to consumers that are typically considered nondiscretionary items based on consumer purchasing habits. The Russell 1000 Index consists of the largest 1000 companies in the Russell 3000 Index and represents the universe of large capitalization stocks from which many active money managers typically select.

Item 6. Selected Financial Data

The following selected financial data should be read in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations" and the audited consolidated financial statements and related notes appearing on pages 58-99.

Selected financial data for the fiscal years 2007, 2006, 2005 and 2004 have been adjusted to reflect the operations of our 28 stores in the Las Vegas market area as a discontinued operations as the Company has entered into an agreement to sell the prescription files and terminate the operations of these stores. The disposition was announced on January 4, 2008.

Selected financial data for March 1, 2008 includes Brooks Eckerd results of operations for the thirty-nine week period ended March 1, 2008.

	Fiscal Year Ended				
	March 1, 2008 (52 weeks)	March 3, 2007 (52 weeks)	March 4, 2006 (53 weeks)	February 26, 2005 (52 weeks)	February 28, 2004 (52 weeks)
(Dollars in thousands, except per share amounts)					
Summary of Operations:

- (1) Revenues for the fiscal years 2007, 2006, 2005 and 2004 have been adjusted by \$108,336, \$107,924, \$100,841 and \$99,222, respectively for the effect of discontinued operations.

Edgar Filing: RITE AID CORP - Form 10-K

- (2) Cost of goods sold for the fiscal years 2007, 2006, 2005 and 2004 have been adjusted by \$80,988, \$80,218, \$75,347 and \$84,166 respectively for the effect of discontinued operations.
- (3) Selling, general and administrative expenses for the fiscal years 2007, 2006, 2005 and 2004 have been adjusted by \$32,019, \$32,323, \$32,754 and \$22,379 respectively for the effect of discontinued operations.
- (4) Includes stock-based compensation expense. Stock based compensation expense for the fiscal year ended March 1, 2008 and March 3, 2007 was determined using the fair value method set forth in SFAS No. 123(R), "Share Based Payment". Stock-based compensation expense for the fiscal years end March 4, 2006, February 26, 2005 and February 28, 2004 was determined using the fair value method set forth in SFAS No. 123 "Accounting for Stock-Based Compensation".
- (5) Income tax benefit for the fiscal years 2007, 2006, 2005 and 2004 has been adjusted by \$1,635, \$1,616, \$2,541 and \$2,563 respectively for the effect of discontinued operations.
- (6) Total debt included capital lease obligations of \$216.3 million, \$189.7 million, \$178.2 million, \$168.3 million and \$183.2 million, as of March 1, 2008, March 3, 2007, March 4, 2006, February 26, 2005 and February 28, 2004, respectively.
- (7) Diluted weighted average shares for the years ended March 4, 2006 and February 26, 2005 included the impact of stock options, as calculated under the treasury stock method and convertible debt and preferred stock, as calculated under the if-converted method. Diluted weighted average shares for the year ended February 28, 2004 included the impact of stock options, as calculated under the treasury stock method.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

Overview

Net loss for fiscal 2008 was \$1,079.0 or \$1.54 per basic and diluted share, compared to net income for fiscal 2007 of \$26.8 million or net loss of \$0.01 per diluted share, and \$1,273.0 million, or \$1.89 per diluted share in fiscal 2006. Our operating results are described in detail in the Results of Operations section of this Item 7. However, some of the key factors that impacted our results in fiscal 2008, 2007, and 2006 are summarized as follows:

Income Tax Valuation Allowance Adjustments. Net loss for fiscal 2008 included income tax expense of \$802.7 million. The income tax expense was primarily due to a non-cash increase of the valuation allowance on federal and state net deferred tax assets. Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes" ("SFAS No. 109") requires a company to evaluate its deferred tax assets on a regular basis to determine if a valuation allowance against the net deferred tax assets is required. According to SFAS No. 109, a cumulative loss in recent years is significant negative evidence in considering whether deferred tax assets are realizable. Based on the negative evidence, SFAS 109 precludes relying on projections of future taxable income to support the recognition of deferred tax assets.

Net income for fiscal 2007 and 2006 included non-cash income tax benefits of \$19.8 million and 1,231.1 million, respectively, related to the recognition of net deferred tax assets as a result of the release of a tax valuation allowance. Based upon a review of a number of factors, including historical operating performance and our expectation that we could generate sustainable consolidated taxable income for the foreseeable future, we concluded at the end of fiscal 2006 that the majority of the net deferred tax assets would be recognized. Thus, pursuant to SFAS No. 109, we recorded a tax benefit during fiscal 2006 releasing a majority of the remaining valuation allowance, resulting in a non-cash increase in net income of \$1,231.1 million.

Acquisition of Brooks Eckerd. On June 4, 2007, we acquired all of the membership interests of Jean Coutu USA, the holding company for Brooks Eckerd, from Jean Coutu Group, pursuant to the terms of the Agreement dated August 23, 2006. As consideration for the Acquisition, we paid \$2.31 billion in cash and issued 250 million shares of Rite Aid common stock. We financed our cash payment via the establishment of a new term loan facility, issuance of senior notes and borrowings under our existing revolving credit facility. As part of the arrangement of the financing necessary to complete the Acquisition, we incurred a \$12.9 million fee for bridge financing that ultimately was not needed. This fee was recorded as an acquisition related financing commitment charge in our statement of operations for fiscal 2008.

As of March 1, 2008, Jean Coutu Group owns 251.9 million shares of Rite Aid common stock, which represents approximately 28.6% of the total Rite Aid voting power. We expanded our Board of Directors to 14 members, with four of the seats being held by members designated by the Jean Coutu Group. In connection with the Acquisition, we entered into a Stockholder Agreement (the "Stockholder Agreement") with Jean Coutu Group and certain family members. The Stockholder Agreement contains provisions relating to Jean Coutu Group's ownership interest in the Company, board and board committee composition, corporate governance, stock ownership, stock purchase rights, transfer restrictions, voting arrangements and other matters. We have also entered into a Registration Rights Agreement with Jean Coutu Group giving Jean Coutu Group certain rights with respect to the registration under the Securities Act of 1933, as amended, of the shares of our common stock issued to Jean Coutu Group or acquired by Jean Coutu Group pursuant to certain stock purchase rights or open market rights under the Stockholder Agreement.

The Brooks Eckerd stores and distribution centers are being integrated in phases. We have completed integrating the six distribution centers and are well on our way to completing systems conversions in all of the acquired stores by the end of May 2008. We have also begun the minor remodel phase of the Brooks Eckerd stores, which we expect to complete by October 2008.

Edgar Filing: RITE AID CORP - Form 10-K

Debt Refinancing. In fiscal years 2007 and 2006, we took several steps to extend the terms of our debt, lower our interest rates and obtain more flexibility. In fiscal 2007, we issued our 7.5% senior secured notes due January 2015, the proceeds of which were used to redeem our 9.5% senior secured notes due February 2011. We incurred a charge to call these notes prior to maturity and recorded a write-off of unamortized debt issue costs. These items totaled \$18.7 million, which was recorded as a loss on debt modification in fiscal 2007. In fiscal 2006, we amended our senior secured credit facility to consist solely of a \$1.75 billion revolving credit facility, paid at maturity the remaining outstanding principal on two existing notes and completed the early redemption of another existing note. As a result of amending our senior secured credit facility and the early redemption of an existing note, we recorded a loss on debt modification of \$9.2 million

Hurricane Katrina. On August 27, 2005, Hurricane Katrina made landfall in Louisiana and proceeded to move through Mississippi and Alabama, causing one of the worst natural disasters in the history of the United States. As a result of this disaster, we had to close 14 stores, which resulted in lost inventory and fixed assets. We also incurred repair and maintenance charges related to our clean-up efforts. In February 2007, we entered into a final binding settlement of our claims under Hurricane Katrina with our insurance carriers. As a result of this settlement, we recorded a gain in fiscal 2007 of \$17.6 million. The portion of this gain related to reimbursement for lost and damaged fixed assets was \$9.4 million and was recorded as a gain on sale of assets and investments. The portion relating to reimbursement for lost or damaged inventory was \$2.2 million and was recorded as a reduction of costs of goods sold. The portion of this gain related to repair and maintenance and other clean-up charges was \$6.0 million and was recorded as a reduction of selling, general and administrative expenses ("SG&A").

Dilutive Equity Issuances. At March 1, 2008, 830.2 million shares of common stock were outstanding and an additional 141.8 million shares of common stock were issuable related to outstanding stock options and preferred stock.

Our 141.8 million shares of potentially issuable common stock consist of the following:

Strike price	Outstanding Stock Options(a)	Preferred Stock	Total
	(Shares in thousands)		
\$5.50 and under	49,827	77,163	126,990
\$5.51 to \$7.50	11,017		11,017
\$7.51 and over	3,818		3,818
Total issuable shares	64,662	77,163	141,825

(a)

The exercise of these options would provide cash of \$313.6 million

Results of Operations

The results of operations for the fiscal years ended March 1, 2008, March 3, 2007 and March 4, 2006 have been adjusted to reflect the operations of our 28 stores in the Las Vegas market area as a discontinued operation, as the Company has entered into an agreement to sell the prescription files and terminate the operations of these stores. This disposition was announced on January 4, 2008.

Revenue and Other Operating Data

	Year Ended		
	March 1, 2008 (52 Weeks)	March 3, 2007 (52 Weeks)	March 4, 2006 (53 Weeks)
	(Dollars in thousands)		
Revenues	\$ 24,326,846	\$ 17,399,383	\$ 17,163,044

Relocated stores	65	66	53

(1) Same store sales for fiscal 2006 are calculated by comparing the 53 week period ended March 4, 2006 with the 53 week period ended March 5, 2005.

Revenues

Fiscal 2008 compared to Fiscal 2007: The 39.8% growth in revenue was driven primarily by the acquisition of Brooks Eckerd. In addition, same store sales increased 1.3% over the prior year. This increase consisted of 1.7% pharmacy same store sales increase and a 0.7% increase in front end same store sales. Same store sales trends which do not include the results of the Brooks Eckerd stores are described in the following paragraphs. We include in same store sales all stores that have been opened at least one year. Stores in liquidation are considered closed. Relocation stores are not included in same store sales until one year has lapsed. Brooks Eckerd store sales decreased from last year's comparable period due primarily to the expected impact of current and ongoing integration activities. The Brooks Eckerd stores are being integrated in phases, and therefore integration activities are expected to have a negative impact on Brooks Eckerd store sales trends in future periods.

Pharmacy same store sales increased 1.7%, primarily driven by an increase in price per prescription and by same store prescription growth of 0.5%. In addition to favorable demographic trends, our script growth was positively impacted by Medicare Part D and by initiatives such as our focus on customer satisfaction, prescription file buys, our senior citizen loyalty program and the new and relocated store program. Partially offsetting these items was an increase in generic sales and lower reimbursement including lower reimbursement rates from the new Medicare Part D program. The rate of same store pharmacy sales growth has declined from the previous year primarily due to a lower rate of new enrollment in the Medicare Part D program, a greater mix of generic prescriptions and a weaker cough, cold and flu season.

Front end same store sales increased 0.7% from the prior year, due to strong performance in core categories, such as over-the-counter and consumables and a higher percentage of promotional sales

Edgar Filing: RITE AID CORP - Form 10-K

were offset somewhat by the impact of a difficult economic environment during the holiday season and a weaker cough, cold and flu season than in the prior year.

Fiscal 2007 compared to Fiscal 2006: The 1.4% growth in revenues for fiscal 2007 was driven by front-end sales growth of 0.1% and pharmacy sales growth of 2.2%. Sales growth in front-end and pharmacy was driven by increases in same store sales, which are discussed in more detail in the paragraphs below, offset somewhat by the additional week in fiscal 2006.

Fiscal 2007 pharmacy same store sales increased 4.4% due to same store prescription growth of 2.0% and an increase in price per prescription. In addition to favorable demographic trends, our script growth was positively impacted by Medicare Part D and by initiatives such as our focus on customer satisfaction, prescription file buys, our senior loyalty program, our health condition programs and the new and relocated store program. These items were partially offset by an increase in generic sales, a milder cough, cold and flu season and lower reimbursement rates, including lower reimbursement rates from the Medicare Part D program.

Fiscal 2007 front-end same store sales increased 1.9%, primarily as a result of strong performance in core categories, such as over-the-counter and health and beauty and an increase in sales driven by promotional activities. These items were partially offset primarily by a decrease in photo and film sales and a milder cough, cold and flu season.

Costs and Expenses

	Year Ended		
	March 1, 2008 (52 Weeks)	March 3, 2007 (52 Weeks)	March 4, 2006 (53 Weeks)
	(Dollars in thousands)		
Costs of goods sold	\$ 17,689,272	\$ 12,710,609	\$ 12,491,642
Gross profit	6,637,574	4,688,774	\$ 4,671,402
Gross margin	27.3%	26.9%	27.2%
Selling, general and administrative expenses	\$ 6,366,137	\$ 4,338,462	\$ 4,275,098
Selling, general and administrative expenses as a percentage of revenues	26.2%	25.0%	24.9%
Store closing and impairment charges	86,166	49,317	68,692
Interest expense	449,596	275,219	277,017
Acquisition related financing commitment charge	12,900		
Loss on debt modifications and retirements, net		18,662	9,186
Gain on sale of assets, net	(3,726)	(11,139)	(6,463)

Cost of Goods Sold

Gross margin rate was 27.3% for fiscal 2008 compared to 26.9% in fiscal 2007. The improvement in gross margin rate was driven by an improvement in pharmacy gross margin rates, front end gross margin rates, and a lower LIFO charge than the prior year. The improvement in the pharmacy gross margin rate was primarily due to an increase in the percentage of generic drugs sold and a lower cost of generics partially offset by lower reimbursement rates and an increase in Medicare Part D sales as a percentage of total pharmacy sales. The improvement in the front-end gross margin rate was primarily due to an increase in vendor promotional support. The reduction in LIFO charges was primarily due to lower pharmacy product inflation than in the prior year. These improvements were partially offset by an increase in distribution expense as a percentage of sales, due to higher fuel costs and increases in other expenses not offset by productivity improvements.

Edgar Filing: RITE AID CORP - Form 10-K

Gross margin rate was 26.9% for fiscal 2007 compared to 27.2% in fiscal 2006. Gross margin rate was primarily negatively impacted by a decline in front-end gross margin rate, which was caused by a higher mix of promotional sales and a reduction in photo and film gross profit. Gross margin rate was also negatively impacted by the recording of a LIFO charge of \$43.0 million in fiscal 2007 compared to a \$32.2 million charge in fiscal 2006. Our pharmacy gross profit had a slight positive contribution to consolidated gross margin rate due to the increase in sales. However, our pharmacy gross margin rate was down slightly. Although there was an increase in generic prescriptions and a reduction in pharmacy shrink, these positive factors were offset by a reduction in reimbursement rates, particularly from Medicare Part D prescriptions.

We use the last-in, first-out (LIFO) method of inventory valuation. The LIFO charge was \$16.1 million in fiscal 2008, \$43.0 million in fiscal 2007 and \$32.2 million in fiscal 2006.

Selling, General and Administrative Expenses

SG&A for fiscal 2008 was 26.2% as a percentage of revenue, compared to 25.0% in fiscal 2007. The increase in SG&A as a percentage of revenues was primarily due to an increase in expenses related to the integration of the Brooks Eckerd stores and distribution centers, an increase in depreciation and amortization expense related primarily to increased intangible assets resulting from the preliminary allocation of the purchase price of Brooks Eckerd and an increase in rent and occupancy expense from new and relocated stores and the sale and leaseback of owned stores. These increases were partially offset by expense control in other expense categories. We will continue to incur expenses related to the integration of the Brooks Eckerd stores in fiscal 2009.

SG&A for fiscal 2007 was 25.0% as a percentage of revenues, compared to 24.9% in fiscal 2006. SG&A was positively impacted by effective labor and expense control, offset by an increase in rent and occupancy expense from new and relocated stores and the sale-leaseback of owned stores and an increase in depreciation and amortization expense resulting from capital expenditures related to prescription file buys and new and relocated stores. Also negatively impacting the comparison to fiscal 2006 was a \$20.0 million accrual reversal recorded in fiscal 2006 resulting from the United States Attorney closing its investigation involving matters related to prior management's business practices.

Store Closing and Impairment Charges

Store closing and impairment charges consist of:

	Year Ended		
	March 1, 2008 (52 Weeks)	March 3, 2007 (52 Weeks)	March 4, 2006 (53 Weeks)
	(Dollars in thousands)		
Impairment charges	\$ 30,823	\$ 31,425	\$ 46,114
Store and equipment lease exit charges	55,343	17,892	22,578
	\$ 86,166	\$ 49,317	\$ 68,692

Impairment Charges. In fiscal 2008, 2007, and 2006, store closing and impairment charges include non-cash charges of \$30.8 million, \$31.4 million and \$46.1 million, respectively, for the impairment of long-lived assets at 420, 342, and 414 stores, respectively. These amounts include the write-down of long-lived assets to estimated fair value at stores that were identified for impairment as part of our on-going store performance review at all of our stores or management's intention to relocate or close a specific store.

Edgar Filing: RITE AID CORP - Form 10-K

Store and Equipment Lease Exit Charges. In fiscal 2008, 2007, and 2006, we recorded charges for 66, 49, and 43 stores, respectively, to be closed or relocated under long-term leases. Charges to close a store, which principally consist of lease termination costs, are recorded at the time the store is closed and all inventory is liquidated, pursuant to the guidance set forth in SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities". We calculate our liability for closed stores on a store-by-store basis. The calculation includes the discounted effect of future minimum lease payments and related ancillary costs, from the date of closure to the end of the remaining lease term, net of estimated cost recoveries that may be achieved through subletting properties or favorable lease terminations. We evaluate these assumptions each quarter and adjust the liability accordingly. The increase in the store and equipment lease exit charge for the fiscal year 2008 was primarily due to an increase in the number of stores closed and a decrease in the discount rate used to calculate the store lease exit charge liability.

As part of our ongoing business activities, we assess stores for potential closure. Decisions to close stores in future periods would result in charges for store lease exit costs and liquidation of inventory, as well as impairment of assets at these stores.

Interest Expense

In fiscal 2008, 2007, and 2006, interest expense was \$449.6 million, \$275.2 million and \$277.0 million, respectively. The increase in interest expense in 2008 compared to 2007 was primarily due to increased borrowings to fund the Brooks Eckerd acquisition and related integration activities partially offset by lower interest rates. Interest expense for 2007 decreased from 2006 due to an extra week in fiscal 2006 which was partially offset by slightly higher borrowings and slightly higher interest rates.

The annual weighted average interest rates on our indebtedness in fiscal 2008, 2007 and 2006 were 7.5%, 7.6% and 7.4%, respectively.

Income Taxes

Income tax expense of \$802.7 million and income tax benefits of \$11.6 million, and \$1,228.1 million have been recorded for fiscal 2008, fiscal 2007 and fiscal 2006, respectively. The fiscal 2008 income tax expense included non-cash income tax expense of \$920.4 million related to the increase of the valuation allowance on federal and state net deferred tax assets. SFAS No. 109 requires a company to evaluate its deferred tax assets on a regular basis to determine if a valuation allowance against the net deferred tax assets is required. In determining whether a valuation allowance is required, we take into account all available positive and negative evidence with regard to the recognition of a deferred tax asset including our past earnings history, expected future earnings, the character and jurisdiction of such earnings, unsettled circumstances that, if unfavorably resolved, would adversely affect recognition of a deferred tax asset, carryback and carryforward periods, and tax planning strategies that could potentially enhance the likelihood of realization of a deferred tax asset. According to SFAS No. 109, a cumulative loss in recent years is significant negative evidence in considering whether deferred tax assets are realizable. Based on the negative evidence, SFAS No. 109 precludes relying on projections of future taxable income to support the recognition of deferred tax assets. The ultimate realization of deferred tax assets is dependent upon the existence of sufficient taxable income generated in the carryforward periods.

The existence of negative evidence at March 1, 2008, was primarily the result of the recently completed acquisition of Brooks Eckerd and the impact on current year earnings due to planned integration and acquisition activities, compounded by the weakening economy during the later half of the year.

Edgar Filing: RITE AID CORP - Form 10-K

The fiscal 2007 income tax benefit included a non-cash state tax benefit of \$24.1 million which primarily related to an increase in our state tax rate applied to the net deferred tax assets partially offset by a non-cash state tax expense of \$9.1 million related to an increase in the valuation allowance. The fiscal 2006 benefit was primarily comprised of a federal and state non-cash income tax benefit of \$1,231.1 million for the release of valuation allowances for net deferred tax assets that, at the time, had an expected future utilization. That utilization was based upon an ongoing review of a number of factors, including historical operating performance and our expectation that we could generate sustainable consolidated taxable income for the foreseeable future.

We monitor all available evidence related to our ability to utilize our remaining net deferred tax assets. We maintained a valuation allowance of \$1,104.0 million and \$239.8 million against remaining net deferred tax assets at fiscal year end 2008 and 2007, respectively.

We underwent an ownership change for statutory tax purposes during fiscal 2002, which resulted in a limitation on the future use of net operating loss carryforwards. This limitation was considered when determining the required level for the valuation allowance.

Liquidity and Capital Resources

General

We have five primary sources of liquidity: (i) cash and cash equivalents, (ii) cash provided by operating activities, (iii) the sale of accounts receivable under our receivable securitization agreements, (iv) the revolving credit facility under our senior secured credit facility and (v) sale-leasebacks of owned property. Our principal uses of cash are to provide working capital for operations, to service our obligations to pay interest and principal on debt, to provide funds for capital expenditures and the costs of integrating the Brooks Eckerd stores and distribution centers.

2008 Transactions

Credit Facility

Our senior credit facility includes a \$1.75 billion revolving credit facility. Borrowings under the revolving credit facility currently bear interest at LIBOR plus 1.50%, if we choose to make LIBOR borrowings, or at Citibank's base rate plus 0.50%. The interest rate can fluctuate depending on the amount of revolver availability, as specified in the senior secured credit facility. We are required to pay fees of 0.25% per annum on the daily unused amount of the revolving credit facility. The amounts drawn on the revolving credit facility become due and payable in September 2010.

Our ability to borrow under the senior secured credit facility is based upon a specified borrowing base consisting of inventory and prescription files. At March 1, 2008, we had \$849.0 million of borrowings outstanding under the revolving credit facility. At March 1, 2008, we also had letters of credit outstanding against the revolving credit facility of \$184.8 million, which gave us additional borrowing capacity of \$716.2 million. However, our 8.125% senior secured notes due May 2010 and our 7.5% senior secured notes due March 2015 limit the amount of secured debt we may incur in such a manner that we cannot fully draw our revolver. This lien limitation is based upon the amount of outstanding inventory and accounts receivable that we have available under the borrowing base calculations in the note indentures and is more restrictive than our secured debt incurrence availability in the same bond indentures. As of March 1, 2008, the lien limitations under the 8.125% senior secured notes due May 2010 and our 7.5% senior secured notes due March 2015 limited our additional borrowing capacity under our revolver to approximately \$441.6 million. We currently have an outstanding consent solicitation to the holders of our 8.125% senior secured notes due May 2010 and our 7.5% senior secured notes due March 2015 to amend the note indentures which would allow us to

incur an additional \$320 million of secured debt and thereby eliminate a mismatch between the debt and lien covenants in such indentures.

The Tranche 1 Term Loans currently bear interest at LIBOR plus 1.50%, if we choose to make LIBOR borrowings, or at Citibank's base rate plus 0.50%. The interest rate can fluctuate depending on the amount of availability under our revolving credit facility, as specified in the senior secured credit facility. The amounts outstanding under the Tranche 1 Term Loans become due and payable on September 30, 2010, or earlier, if there is a shortfall in our borrowing base under our revolving credit facility.

On June 4, 2007, we amended our senior secured credit facility, to establish a new senior secured term loan in the aggregate principal amount of \$1,105.0 million and borrowed the full amount thereunder. A portion of the proceeds from the borrowings under this senior secured term loan (the "Tranche 2 Term Loans") were used to fund the acquisition of Brooks Eckerd. The Tranche 2 Term Loans will mature on June 4, 2014 and currently bears interest at LIBOR plus 1.75%, if we choose to make LIBOR borrowings, or at Citibank's base rate plus 0.75%. We must make mandatory prepayments of the Tranche 2 Term Loans with the proceeds of asset dispositions (subject to certain limitations), with a portion of any excess cash flow generated by us and with the proceeds of certain issuances of equity and debt (subject to certain exceptions). If at any time there is a shortfall in our borrowing base under our revolving credit facility, prepayment of the Tranche 2 Term Loans may also be required.

The senior secured credit facility allows us to have outstanding, at any time, up to \$1.5 billion in secured second priority debt and unsecured debt in addition to borrowings under the senior secured credit facility and existing indebtedness, provided that not in excess of \$750.0 million of such secured second priority debt and unsecured debt shall mature or require scheduled payments of principal prior to three months after September 30, 2014. The senior secured credit facility allows us to incur an unlimited amount of unsecured debt with a maturity beyond three months after September 30, 2014. The senior secured facility also allows for the repurchase of any debt with a maturity on or before June 4, 2014 and for the repurchase of debt with a maturity after June 4, 2014 if we maintain availability on the revolving credit facility of at least \$100.0 million.

The senior secured credit facility contains covenants, which place restrictions on the incurrence of debt beyond the restrictions described above, the payment of dividends, mergers and acquisitions and the granting of liens. The senior secured credit facility also requires us to maintain a minimum fixed charge coverage ratio, but only if availability on the revolving credit facility is less than \$100.0 million.

The senior secured credit facility provides for events of default including nonpayment, misrepresentation, breach of covenants and bankruptcy. It is also an event of default if we fail to make any required payment on debt having a principal amount in excess of \$50.0 million or any event occurs that enables, or which with the giving of notice or the lapse of time would enable, the holder of such debt to accelerate the maturity of such debt.

Preferred Stock Transactions

During the fourth quarter of fiscal 2005, we issued 2.5 million shares of our Series E Mandatory Convertible Series E preferred stock ("Series E preferred stock"). The Series E preferred stock automatically converted into common stock on February 1, 2008 at a rate of 14.0056 common shares per preferred share, as determined by the adjusted applicable market value of our common stock (as defined in the Series E preferred stock agreement) on the date of conversion. The Series E preferred stock conversion resulted in the issuance of 35.0 million shares of our common stock to the holders of the Series E preferred stock.

Other Debt Transactions

On June 4, 2007 we incurred \$1.22 billion aggregate principal amount of senior notes. The issue consisted of \$410.0 million of 9.375% senior notes due 2015 and \$810.0 million of 9.5% senior notes due 2017. Our obligations under each series of notes are guaranteed fully and unconditionally, jointly and severally, by all of our subsidiaries that guarantee our obligations under our existing senior secured credit facility and our outstanding senior secured notes. The notes are unsecured, unsubordinated obligations of Rite Aid Corporation and rank equally in right of payment with all of our other unsecured, unsubordinated debt. The indentures governing the notes contain covenants that limit our ability and the ability of our restricted subsidiaries to, among other things; incur additional debt, pay dividends or make other restricted payments, purchase, redeem or retire capital stock or subordinated debt, make asset sales, enter into transactions with affiliates, incur liens, enter into sale-leaseback transactions, provide subsidiary guarantees, make investments and merge or consolidate with any other persons.

Sale Leaseback Transactions

During fiscal 2008 we sold a total of 22 owned stores to independent third parties. Net proceeds from these sales were \$93.3 million. Concurrent with these sales, we entered into agreements to lease the stores back from the purchasers over minimum lease terms of 20 years. We accounted for 14 of these leases as operating leases and the remaining eight were accounted for using the financing method as these lease agreements contain a clause that allow the buyer to force us to repurchase the properties under certain conditions. A gain on the sale of these stores of \$8.0 million was deferred and is being recorded over the minimum term of these leases.

2007 Transactions

Debt Transactions

In November 2006, we entered into an amendment of our senior secured credit facility to permit the financing of the Acquisition. Pursuant to the terms of the senior secured facility amendment, we established a senior secured term loan facility in the aggregate principal amount of \$145.0 million and borrowed the full amount thereunder. Proceeds from the borrowings under the new senior secured term loan facility (the "Tranche 1 Term Loans") were used to pay amounts outstanding under the revolving credit facility, which had been used to repay, at maturity, the outstanding principal and accrued interest payable under our 12.5% senior secured notes due September 2006.

Other Transactions

In February 2007, we issued \$500.0 million aggregate principal amount of 7.5% senior secured notes due 2017. These notes are unsubordinated obligations of Rite Aid Corporation and rank equally in right of payment with all other unsubordinated indebtedness. Our obligations under the notes are guaranteed, subject to certain limitations, by subsidiaries that guarantee the obligations under our senior secured credit facility and other secured notes. The guarantees are secured, subject to the permitted liens, by shared second priority liens, with holders of our 8.125% senior secured notes due 2010 and our 7.5% senior secured notes due 2015, granted by subsidiary guarantors on all their assets that secure the obligations under the senior secured credit facility, subject to certain exceptions. The indenture governing the 7.5% senior secured notes due 2017 contains covenant provisions that, among other things, include limitations on our ability to pay dividends, make investments or other restricted payments, incur debt, grant liens, sell assets and enter into sale-leaseback transactions. Proceeds from this offering were used to repay outstanding borrowings on our revolving credit facility and to fund the redemption of our 9.5% senior secured notes due 2011. Per the terms of the indenture that governed

Edgar Filing: RITE AID CORP - Form 10-K

the 9.5% senior secured notes due 2011, we paid a premium to the noteholders of 104.75% of par. We recorded a loss on debt modification of \$18.7 million related to the early redemption of the 9.5% senior secured notes due 2011, which included the call premium and unamortized debt issue costs on the notes.

In February 2007, we issued \$500.0 million aggregate principal amount of 8.625% senior notes due 2015. These notes are unsecured. The indenture governing the 8.625% senior notes due 2015 contains provisions that, among other things, include limitations on our ability to pay dividends, make investments or other restricted payments, incur debt, grant liens, sell assets and enter into sale-leaseback transactions. The 8.625% senior notes due 2015 are guaranteed, subject to certain limitations, by subsidiaries that guarantee the obligations under the senior secured credit facility. Proceeds from the issuance of the notes were used to repay borrowings under our revolving credit facility.

In January 2007, we paid at maturity the remaining outstanding principal amount of \$184.1 million of our 7.125% notes due January 2007. We funded this payment with borrowings under the revolving credit facility.

In December 2006, we paid at maturity the remaining outstanding principal amount of \$250.0 million of our 4.75% convertible notes due December 2006. We funded this payment with borrowings under the revolving credit facility.

In September 2006, we completed the early redemption of all of our outstanding \$142.0 million of our 12.5% senior secured notes due September 2006. We funded this payment with borrowing under our revolving credit facility, which were subsequently repaid with borrowings of the Tranche 1 Term Loans.

Sale-Leaseback Transactions

During fiscal 2007, we sold a total of 29 owned stores to independent third parties. Net proceeds from these sales were approximately \$82.1 million. Concurrent with these sales, we entered into agreements to lease the stores back from the purchasers over minimum lease terms of 20 years. We accounted for 24 of these leases as operating leases and the remaining five leases were accounted for using the financing method, as these lease agreements contain a clause that allows the buyer to force us to purchase the properties under certain conditions. Subsequent to March 3, 2007, the clause that allowed the buyer to force us to repurchase the properties lapsed on four of the five leases. Therefore, these leases are now accounted for as operating leases.

2006 Transactions

Preferred Stock Transactions

In fiscal 2006, we issued 4.8 million shares of Series I Mandatory Convertible Preferred Stock ("Series I preferred stock") at an offering price of \$25 per share. Dividends on the Series I preferred stock are \$1.38 per share per year, and are due and payable on a quarterly basis in either cash or common stock or a combination of both at our election. The Series I preferred stock will automatically convert into common stock on November 17, 2008 at a rate that is dependent upon the adjusted applicable market value of our common stock (as defined in the Series I Certificate of Designations). If the adjusted applicable market value of our common stock is \$5.30 a share or higher at the conversion date, then the Series I preferred stock is convertible at a rate of 4.7134 per share of our common stock for every share of Series I preferred stock outstanding. If the adjusted applicable market value of our common stock is less than or equal to \$4.42 per share at the conversion date, then the Series I preferred stock is convertible at a rate of 5.6561 shares of our common stock for every share of Series I

Edgar Filing: RITE AID CORP - Form 10-K

preferred stock outstanding. If the adjusted applicable market value of our common stock is between \$4.42 per share and \$5.30 per share at the conversion date, then the Series I preferred stock is convertible into common stock at a rate that is between 4.7134 and 5.6561 per share. The holder may convert shares of the Series I preferred stock into common stock at any time prior to the mandatory conversion date at the rate of 4.7134 per share. The Series I preferred stock is also convertible at our option, but only if the adjusted applicable market value of our common stock exceeds \$9.55. If we are subject to a cash acquisition (as defined in the Certificate of Designations) prior to the mandatory conversion date, the holder may elect to convert the shares of Series I preferred stock into shares of common stock using a conversion rate set forth in the Certificate of Designations. The holder will also receive a payment equal to the present value of all scheduled dividends through the mandatory conversion date.

Proceeds from the issuance of the Series I preferred stock, along with borrowings under the revolver, were used to redeem all shares of our Series F preferred stock, at 105% of the liquidation preference of \$100 share. We paid a premium to redeem the Series F preferred stock of \$5.9 million.

Sale Leaseback Transactions

During fiscal 2006, we sold a total of 32 owned stores to independent third parties. Net proceeds from these sales were approximately \$85.3 million. Concurrent with these sales, we entered into agreements to lease the stores back from the purchasers over minimum lease terms of 20 years. We accounted for 30 of these leases as operating leases and the remaining two leases were accounted for using the financing method, as these lease agreements contain a clause that allows the buyer to force us to purchase the properties under certain conditions. Subsequent to March 4, 2006, the clause that allowed the buyer to force us to repurchase the properties lapsed on one of the two leases. Therefore, this lease is now accounted for as an operating lease.

Other Transactions

On December 15, 2005, we paid at maturity the remaining outstanding principal amount of \$38.0 million of our 6.0% fixed-rate senior notes due December 2005.

On July 15, 2005, we completed the early redemption of all of our outstanding \$150.0 million aggregate principal amount of 11.25% notes due July 2008 at their contractually determined early redemption price of 105.625% plus accrued interest. We funded this redemption with borrowings under our receivable securitization agreements. We recorded a loss on debt modification of \$9.2 million related to this transaction.

On April 15, 2005, we paid at maturity the remaining outstanding principal amount of \$170.5 million of our 7.625% senior notes due April 2005.

Off Balance Sheet Obligations

We maintain receivables securitization agreements with several multi-seller asset-backed commercial paper vehicles ("CPVs"). Under the terms of the securitization agreements, we sell substantially all of our eligible third party pharmaceutical receivables to a bankruptcy remote Special Purpose Entity ("SPE") and retain servicing responsibility. The assets of the SPE are not available to satisfy the creditors of any other person, including any of our affiliates. These agreements provide for us to sell, and for the SPE to purchase these receivables. The SPE then transfers an interest in these receivables to various CPVs.

The amount of transferred receivables outstanding at any one time is dependent upon a formula that takes into account such factors as default history, obligor concentrations and potential dilution

Edgar Filing: RITE AID CORP - Form 10-K

("Securitization Formula"). Adjustments to this amount can occur on a weekly basis. At March 1, 2008 and March 3, 2007, the total of outstanding receivables that have been transferred to the CPVs were \$435.0 million and \$350.0 million, respectively. The following table details receivable transfer activity for the years presented (in thousands):

	Year Ended		
	March 1, 2008 (52 Weeks)	March 3, 2007 (52 Weeks)	March 4, 2006 (53 Weeks)
Average amount of outstanding receivables transferred	\$ 332,115	\$ 334,588	\$ 243,639
Total receivable transfers	\$ 4,992,000	\$ 4,674,000	\$ 3,716,000
Collections made by the Company as part of the servicing arrangement on behalf of the CPVs	\$ 4,907,000	\$ 4,654,000	\$ 3,536,000

At March 1, 2008 and March 3, 2007, we retained an interest in the third party pharmaceutical receivables not transferred to the CPVs of \$493.8 million and \$255.1 million, respectively, inclusive of the allowance for uncollectible accounts, which is included in accounts receivable, net, on the consolidated balance sheet.

On September 18, 2007 we amended our securitization agreements. As a result of this amendment the total amount of interest in receivables than can be transferred to the CPV was increased to \$650.0 million from \$400.0 million. The ongoing program fee was decreased from the CPVs' commercial paper rate (which often approximates 1-month LIBOR) plus 1.125% to the CPVs' commercial paper rate plus 1.00%. The liquidity fee was reduced from 0.375% to 0.25%.

Rite Aid guarantees certain performance obligations of our affiliates under the securitization agreements, which include continued servicing of such receivables, but does not guarantee the collectibility of the receivables and obligor creditworthiness. The CPVs have a commitment to purchase that ends September 2008 with the option to annually extend the commitment to purchase. Should any of the CPVs fail to renew their commitment under these securitization agreements, we have access to a backstop credit facility, which is backed by the CPVs and which expires in September 2010. It is our intent to renew our receivables securitization agreements with the CPVs.

Proceeds from the collections under the receivables securitization agreements are submitted to an independent trustee on a daily basis. The trustee withholds any cash necessary to (1) fund amounts owed to the CPVs as a result of such collections and, (2) fund the CPVs when the Securitization Formula indicates a lesser amount of outstanding receivables transferred is warranted. The remaining collections are swept to our corporate concentration account. At March 1, 2008 and March 3, 2007, we had \$3.3 million and \$3.0 million of cash, respectively, that was restricted for the payment of trustee fees.

We have determined that the transactions meet the criteria for sales treatment in accordance with SFAS No. 140 "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities". Additionally, we have determined that we do not hold a variable interest in the CPVs, pursuant to the guidance in FIN 46R, "Consolidation of Variable Interest Entities", and therefore have determined that de-recognition of the transferred receivables is appropriate.

As of March 1, 2008, we had no material off balance sheet arrangements, other than the receivables securitization agreements described above and operating leases, which are included in the table below.

Contractual Obligations and Commitments

The following table details the maturities of our indebtedness and lease financing obligations as of March 1, 2008, as well as other contractual cash obligations and commitments.

	Payment due by period				
	Less Than 1 Year	1 to 3 Years	3 to 5 Years	After 5 Years	Total
(Dollars in thousands)					
Contractual Cash Obligations					
Long term debt(1)	\$ 569,095	\$ 2,140,615	\$ 704,903	\$ 5,477,465	\$ 8,892,078
Capital lease obligations(2)	43,374	51,209	50,882	187,034	332,499
Operating leases(3)	967,181	1,894,107	1,690,219	6,573,665	11,125,172
Open purchase orders	378,678				378,678
Redeemable preferred stock(4)				20,175	20,175
Other, primarily self insurance and retirement plan obligations(5)	134,208	161,085	39,861	94,984	430,138
Minimum purchase commitments(6)			14,000	1,500,000	1,514,000
Total contractual cash obligations	\$ 2,092,536	\$ 4,247,016	\$ 2,499,865	\$ 13,853,323	\$ 22,692,740
Commitments					
Lease guarantees	\$ 22,922	\$ 44,575	\$ 42,106	\$ 114,682	\$ 224,285
Outstanding letters of credit	184,780				184,780
Total commitments	\$ 207,702	\$ 44,575	\$ 42,106	\$ 114,682	\$ 409,065

- (1) Includes principal and interest payments for all outstanding debt instruments. Interest was calculated on variable rate instruments using rates as of March 1, 2008.
- (2) Represents the minimum lease payments on non-cancelable leases, including interest, but net of sublease income.
- (3) Represents the minimum lease payments on non-cancelable leases, net of sublease income.
- (4) Represents value of redeemable preferred stock at its redemption date.
- (5) Includes the undiscounted payments for self-insured medical coverage, actuarially determined undiscounted payments for self-insured workers' compensation and general liability, and actuarially determined obligations for defined benefit pension and nonqualified executive retirement plans.
- (6) Represents commitments to purchase products from certain vendors.

Obligations for income tax uncertainties pursuant to FIN 48 of approximately \$82.6 million are not included in the table above as we are uncertain as to if or when such amounts may be settled.

Net Cash Provided By (Used In) Operating, Investing and Financing Activities

Edgar Filing: RITE AID CORP - Form 10-K

Cash flow provided by operating activities was \$79.4 million in fiscal 2008. Cash flow was positively impacted by net proceeds from our accounts receivable securitization and a reduction in accounts receivable partially offset by an increase in inventory and a decrease in accounts payable. The increase in inventory was primarily caused by Brooks Eckerd integration activities. Integration activities that require a temporary investment in inventory include replacing non-go-forward inventory, increasing the number of SKU's at the Brooks Eckerd distribution centers and retrofitting the planograms in the Brooks Eckerd stores. We expect the levels of inventory to decrease as these activities are completed.

The decrease in accounts payable was primarily due to conforming vendor terms as part of the integration efforts.

Cash flow provided by operating activities was \$309.1 million in fiscal 2007. Cash flow from operating activities was positively impacted by income from operations, net proceeds of \$20.0 million for the sale of certain of our third party receivables and a decrease in accounts payable. These items were partially offset by increases in accounts receivable and inventory.

Cash provided by operating activities was \$417.2 million in fiscal 2006. Cash flow from operating activities was positively impacted by net proceeds of \$180.0 million from the sale of certain of our third party receivables and receipts of cash related to insured losses. These items were partially offset by an increase in inventory net of an increase in accounts payable and an increase in accounts receivable and prepaid expenses.

Cash used in investing activities was \$2,933.7 million in fiscal 2008. Cash used was primarily for the acquisition of Brooks Eckerd and purchase of property, plant and equipment and intangible assets offset by proceeds from sale-leaseback transactions and asset dispositions.

Cash used in investing activities was \$312.8 million in fiscal 2007. Cash was used for: the purchase of property, plant and equipment, the purchase of prescription file and capitalizable direct acquisition costs related to our pending acquisition of Brooks Eckerd. Cash was provided by proceeds from our sale leaseback transactions and proceeds from other asset dispositions.

Cash used in investing activities was \$231.1 million in fiscal 2006. Cash was used for: the purchase of property, plant and equipment and the purchase of prescription files. Cash was provided by proceeds from our sale leaseback transactions and by proceeds from other asset dispositions.

Cash provided by financing activities was \$2,904.0 in fiscal 2008. Cash provided by financing was primarily provided by proceeds from issuance of long-term debt utilized to fund the Brooks Eckerd acquisition, net proceeds from our revolving credit facility, the change in the zero balance cash accounts and net proceeds from the issuance of common stock, offset by financing costs paid, scheduled debt payments and preferred stock dividends.

Cash provided by financing activities was \$33.7 million in fiscal 2007. Cash provided from issuance of two bonds and the term loan portion of our senior secured credit facility was used to fund the redemption and payment at maturity of several bonds and to pay down a portion of the outstanding borrowings under our revolving credit facility.

Cash used in financing activities was \$272.8 million in fiscal 2006, due to the amending of our credit facility and principal payments on long term debt.

Capital Expenditures

We plan to make total capital expenditures of approximately \$600 million during fiscal 2009, consisting of approximately 40% related to the new store construction, store relocation, store remodel and store improvement projects, 30% related to the integration of Brooks Eckerd, 10% related to the purchase of prescription files from independent pharmacies and 20% related to technology enhancements, improvements to distribution centers, and other corporate requirements. Management expects that these capital expenditures will be financed primarily with cash flow from operating activities, proceeds from sale leaseback transactions and use of the revolving credit facility.

Future Liquidity

We are highly leveraged. Our high level of indebtedness: (i) limits our ability to obtain additional financing; (ii) limits our flexibility in planning for, or reacting to, changes in our business and the industry; (iii) places us at a competitive disadvantage relative to our competitors with less debt;

(iv) renders us more vulnerable to general adverse economic and industry conditions; and (v) requires us to dedicate a substantial portion of our cash flow to service our debt, including additional debt incurred for the acquisition of Brooks Eckerd. Based upon our current levels of operations, planned improvements in our operating performance and the opportunities that we believe the acquisition of Brooks Eckerd provides, we believe that cash flow from operations together with available borrowings under the senior secured credit facility, sales of accounts receivable under our securitization agreements, proceeds from sale-leaseback of owned properties and other sources of liquidity will be adequate to meet our requirements for working capital, debt service and capital expenditures including capital expenditures related to the completion of the Brooks Eckerd integration, for the next twelve months. We will continue to assess our liquidity position and potential sources of supplemental liquidity in light of our operating performance, and other relevant circumstances. Should we determine, at any time, that it is necessary to obtain additional short-term liquidity, we will evaluate our alternatives and take appropriate steps to obtain sufficient additional funds. The restrictions on the incurrence of additional indebtedness in our senior secured credit facility and several of our bond indentures may limit our ability to obtain additional funds. There can be no assurance that any such supplemental funding, if sought, could be obtained or if obtained, would be on terms acceptable to us.

Recent Accounting Pronouncements

In June 2006, the FASB issued FASB Interpretation No. 48 (FIN 48) "Accounting for Uncertainty in Income Taxes, an interpretation of FASB Statement No. 109." The interpretation establishes criteria for recognizing and measuring the financial statement tax effects of positions taken on a company's tax returns. A two-step process is prescribed whereby the threshold for recognition is a more-likely-than-not test that the tax position will be sustained upon examination, based on the technical merits of the position. If it is determined that a tax position should be recognized, then the tax position is measured at the largest amount of benefit that is greater than 50 percent likely of being realized upon ultimate settlement. We adopted FIN 48 on March 4, 2007.

In September 2006, the FASB issued SFAS No. 157, "Fair Value Measurements". This standard establishes a standard definition for fair value, establishes a framework under generally accepted accounting principles for measuring fair value and expands disclosure requirements for fair value measurements. This standard is effective for financial statements issued for fiscal years beginning after November 15, 2007. In December 2007, a FASB Staff Position (FSP) was proposed, and subsequently approved, to delay the effective dates of SFAS No. 157 as it relates to all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value in the financial statements on a recurring basis, or at least annually. We are currently evaluating the effect of the adoption of SFAS No. 157 on our financial position and results of operations.

In February 2007, the FASB issued SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities, Including an Amendment of FASB Statement No. 115". SFAS No. 159 permits entities to choose to measure many financial instruments and certain other items at fair value that are not currently required to be measured at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. SFAS No. 159 does not affect any existing accounting literature that requires certain assets and liabilities to be carried at fair value. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007. We do not expect to elect fair value treatment for our financial assets.

In December 2007, the FASB issued SFAS No. 141 (Revised) "Business Combinations". SFAS 141 (Revised) establishes principles and requirements for how the acquirer of a business recognizes and measures in its financial statements the assets acquired and liabilities assumed in a business combination and make several changes to the method of accounting for business combinations previously set forth in SFAS No. 141. SFAS No. 141 (Revised) will become effective for acquisitions consummated in fiscal years beginning after December 15, 2008.

Critical Accounting Policies and Estimates

Our discussion and analysis of our financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses and related disclosure of contingent assets and liabilities. On an on-going basis, we evaluate our estimates, including those related to allowance for uncollectible receivables, inventory shrink, impairment, self insurance liabilities, pension benefits, lease exit liabilities, income taxes and litigation. We base our estimates on historical experience, current and anticipated business conditions, the condition of the financial markets and various other assumptions that are believed to be reasonable under existing conditions. Variability reflected in the sensitivity analyses presented below is reasonably likely based on our recent historical experience. Actual results may differ materially from these estimates and sensitivity analyses.

The following critical accounting policies require the use of significant judgments and estimates by management:

Allowance for uncollectible receivables: Almost all of our prescription sales are made to customers that are covered by third party payors, such as insurance companies, prescription benefit management companies, government agencies, private employers, health maintenance organizations or other managed care providers. We recognize and report receivables that represent the amount owed to us for sales made to customers, who are employees or members of those payors, which have not yet been paid. We maintain an allowance for the amount of these receivables deemed to be uncollectible. This allowance is calculated based upon historical collection and write-off activity adjusted for current conditions. The estimated bad debt write-off rate is calculated by dividing historical write-offs for the most recent twelve months, for which collection activities have been completed, by third party payor sales for the same period. A bad debt expense is recognized by applying the estimated write-off rate to third party payor sales for the period. There have been no significant changes in the assumptions used to calculate our estimated write-off rate over the past three years. If the financial condition of the payors were to deteriorate, resulting in an inability to make payments, an additional reserve would be recorded in the period in which the change in financial condition first became known. Based on current conditions, we do not expect a significant change to our write-off rate in future periods. A one basis point difference in our estimated write-off rate for the year ended March 1, 2008, would have affected pretax income by approximately \$1.3 million.

Inventory: The carrying value of our inventory is reduced by a reserve for estimated shrink losses that occur between physical inventory dates. When estimating these losses, we consider historical loss results at specific locations (including stores and distribution centers), as well as overall loss trends as determined during physical inventory procedures. The estimated shrink rate is calculated by dividing historical shrink results for the most recent six months by the sales for the same period. Shrink expense is recognized by applying the estimated shrink rate to sales since the last physical inventory. There have been no significant changes in the assumptions used to calculate our shrink rate over the last three years. Although possible, we do not expect a significant change to our shrink rate in future periods. A 10 basis point difference in our estimated shrink rate for the year ended March 1, 2008, would have affected pretax income by approximately \$8.3 million.

Impairment of Long-Lived Assets: We evaluate long-lived assets, including stores and excluding goodwill, for impairment annually, or whenever events or changes in circumstances indicate that the assets may not be recoverable. We have identified each store as an asset group for purposes of performing this evaluation. Our evaluation of whether possible impairment indicators exist includes comparing future cash flows expected to be generated by the store to the carrying value of the store's assets. If the estimated future cash flows of the asset group (store level) are less than the carrying

amount of the store's assets, we calculate an impairment loss by comparing the carrying value of the store's assets to the fair value of such assets. We determine fair value by discounting the estimated future cash flows of the store discussed above.

Cash flows are calculated utilizing the detailed store financial plan for the year immediately following the current year end. To arrive at cash flow estimates for additional future years, we project sales growth by store (consistent with our overall business planning objectives and results), and determine the incremental cash flow that such sales growth will contribute to that store's operations. The discount rate used is a weighted average cost of capital, which is internally developed.

The assumptions utilized in calculating impairment are updated annually. Should actual sales growth rates and related incremental cash flow differ from those forecasted and projected, we may incur future impairment charges related to the stores being evaluated. Changes in our discount rate of 50 basis points would not have a material impact on the total impairment recorded in Fiscal 2008.

Goodwill Impairment: As disclosed in the consolidated financial statements, we have unamortized goodwill in the amount of \$1,783.4 million as of March 1, 2008. We perform an annual impairment test of goodwill. If certain events or circumstances occur that would indicate a reduced fair value in our reporting unit could exist, we would then perform our impairment test more frequently. Our impairment calculation is based upon a comparison of the book value of our equity compared to our estimated fair value. We estimate fair value utilizing both a discounted cash flow analysis that is based upon forward year projections that are developed as part of our business planning process, as well as the value implied by our year end quoted stock price. Significant differences between these two methods are reconciled and adjustments, if necessary, are incorporated into our discounted cash flow analysis.

These forward year projections utilize assumptions that are based upon historical trends, management's estimates of economic conditions and our strategic plans, which are consistent with assumptions utilized in evaluating Long-Lived assets for impairment as discussed above. Significant assumptions are annual sales increases and the discount rate utilized. The discount rate used is a weighted average cost of capital, which is internally developed.

Our calculation as of March 1, 2008 resulted in no impairment of goodwill being identified. However, changes to our strategic plans or economic conditions could result in our cash flows being less than projected, which could result in a material change to our goodwill impairment valuation in future periods. An increase in our discount rate of 50 basis points would not have resulted in an impairment of goodwill as of March 1, 2008.

Self-insurance liabilities: We expense claims for self-insured medical, dental, workers' compensation and general liability insurance coverage as incurred including an estimate for claims incurred but not paid. The expense for self-insured medical and dental claims incurred but not paid is determined by multiplying the average claim value paid over the most recent twelve months by the average number of days from the same period between when the claims were incurred and paid. There have been no significant changes in assumptions used to determine days lag over the last three years. Should a greater amount of claims occur compared to what was previously estimated, or medical costs increase beyond what was anticipated, expense recorded may not be sufficient, and additional expense may be recorded. A one day change in days lag for the year ended March 1, 2008, would have affected pretax income by approximately \$0.6 million.

The expense for self-insured workers' compensation and general liability claims incurred but not paid is determined using several factors, including historical claims experience and development, severity of claims, medical costs and the time needed to settle claims. We discount the estimated expense for workers' compensation to present value as the time period from incurrence of the claim to final settlement can be several years. We base our estimates for such timing on previous settlement activity. The discount rate is based on the current market rates for Treasury bills that approximate the

average time to settle the workers' compensation claims. These assumptions are updated on an annual basis. A 25 basis point difference in the discount rate for the year ended March 1, 2008, would have affected pretax income by approximately \$2.1 million.

Benefit plan accrual: We have several defined benefit plans, under which participants earn a retirement benefit based upon a formula set forth in the plan. We record expense related to these plans using actuarially determined amounts that utilize various assumptions. Key assumptions used in the actuarial valuations include the mortality rate, the discount rate, the expected rate of return on plan assets and the rate of increase in future compensation levels. These rates are updated annually and are based on available public information, market interest rates and internal plans regarding compensation and any other changes impacting benefits.

These assumptions have not significantly changed over the last three years, except that the discount rate has been adjusted due to changes in rates derived from published high-quality long-term bond indices, the terms of which approximate the term of the cash flows to pay the accumulated benefit obligations when due. A decrease of 25 basis points in the discount rate, assuming no other changes in the estimates, increases the amount of the projected benefit obligation and the related required expense by \$3.3 million and \$0.6 million, respectively.

Lease exit liabilities: We record reserves for closed stores based on future lease commitments, anticipated ancillary occupancy costs and anticipated future subleases of properties. The reserves are calculated at the individual location level and the assumptions are assessed at that level. Sublease income is estimated based on agreements in place at the time of reserve assessment. The reserve for lease exit liabilities is discounted using a credit adjusted risk free interest rate. Reserve estimates and related assumptions are updated on a quarterly basis.

A substantial amount of our closed stores were closed prior to our adoption of SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities", effective January 1, 2003. Therefore, if interest rates change, reserves may be increased or decreased. In addition, changes in the real estate leasing markets can have an impact on the reserve. As of March 1, 2008, a 50 basis point variance in the credit adjusted risk free interest rate would have affected pretax income by approximately \$4.0 million for Fiscal 2008.

Income taxes: We currently have net operating loss ("NOL") carryforwards that can be utilized to offset future income for federal and state tax purposes. These NOLs generate a significant deferred tax asset. We regularly review the deferred tax assets for recoverability considering the relative impact of negative and positive evidence including our historical profitability, projected taxable income, the expected timing of the reversals of existing temporary differences and tax planning strategies. The weight given to the potential effect of the negative and positive evidence is commensurate with the extent to which it can be objectively verified. We will establish a valuation allowance against deferred tax assets when we determine that it is more likely than not that some portion of our deferred tax assets will not be realized. There have been no significant changes in the assumptions used to calculate our valuation allowance over the last three years. Changes in valuation allowance from period to period are included in the tax provision in the period of change.

We recognize tax liabilities in accordance with FIN 48 and we adjust these liabilities when our judgment changes as a result of the evaluation of new information not previously available. Due to the complexity of some of these uncertainties, the ultimate resolution may result in a payment that is materially different from our current estimate of the tax liabilities.

Litigation reserves: We are involved in litigation on an on-going basis. We accrue our best estimate of the probable loss related to legal claims. Such estimates are developed in consultation with in-house counsel, and are based upon a combination of litigation and settlement strategies. These estimates are updated as the facts and circumstances of the cases develop and/or change. To the extent additional information arises or our strategies change, it is possible that our best estimate of the probable liability may also change. Changes to these reserves during the last three fiscal years were not material.

Item 7A. Quantitative and Qualitative Disclosures About Market Risks

Our future earnings, cash flow and fair values relevant to financial instruments are dependent upon prevalent market rates. Market risk is the risk of loss from adverse changes in market prices and interest rates. Our major market risk exposure is changing interest rates. Increases in interest rates would increase our interest expense. We enter into debt obligations to support capital expenditures, acquisitions, working capital needs and general corporate purposes. Our policy is to manage interest rates through the use of a combination of variable-rate credit facilities, fixed-rate long-term obligations and derivative transactions. We currently do not have any derivative transactions outstanding.

The table below provides information about our financial instruments that are sensitive to changes in interest rates. The table presents principal payments and the related weighted average interest rates by expected maturity dates as of March 1, 2008.

	2009	2010	2011	2012	2013	Thereafter	Total	Fair Value at March 1 2008
(Dollars in thousands)								
Long-term debt, including current portion								
Fixed rate	\$ 150,470	\$ 186	\$ 358,687	\$ 198	\$ 213	\$ 3,160,508	\$ 3,670,262	\$ 2,902,318
Average Interest Rate	6.13%	7.08%	8.16%	7.00%	7.00%	8.52%	8.38%	
Variable Rate	\$ 8,287	\$ 11,050	\$ 1,005,050	\$ 11,050	\$ 11,050	\$ 1,052,513	\$ 2,099,000	\$ 1,896,705
Average Interest Rate	4.91%	4.91%	4.93%	4.91%	4.91%	4.91%	4.92%	

Our ability to satisfy our interest payment obligations on our outstanding debt will depend largely on our future performance, which, in turn, is subject to prevailing economic conditions and to financial, business and other factors beyond our control. If we do not have sufficient cash flow to service our interest payment obligations on our outstanding indebtedness and if we cannot borrow or obtain equity financing to satisfy those obligations, our business and results of operations will be materially adversely affected. We cannot be assured that any replacement borrowing or equity financing could be successfully completed.

The interest rate on the variable-rate borrowings under our senior secured credit facility are based on LIBOR. Changes in one month LIBOR affect our cost of borrowings because the interest rate on our variable-rate obligations is based on LIBOR. If the market rates of interest for one month LIBOR change by 10% (approximately 31 basis points) as compared to the LIBOR rate of 3.11% as of March 1, 2008 our annual interest expense would change by approximately \$6.5 million based upon our variable-rate debt outstanding of approximately \$2,099.0 million on March 1, 2008.

A change in interest rates generally does not have an impact upon our future earnings and cash flow for fixed-rate debt instruments. As fixed-rate debt matures, however, and if additional debt is acquired to fund the debt repayment, future earnings and cash flow may be affected by changes in interest rates. This effect would be realized in the periods subsequent to the periods when the debt matures.

In addition to the financial instruments listed above, the program fees incurred on proceeds from the sale of receivables under our receivables securitization agreements are determined based on LIBOR.

Item 8. Financial Statements and Supplementary Data

Our consolidated financial statements and notes thereto are included elsewhere in this report and are incorporated by reference herein. See Item 15 of Part IV.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

Not applicable

Item 9A. Controls and Procedures

(a) Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this report. Based on such evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, our disclosure controls and procedures are effective.

(b) Internal Control Over Financial Reporting

Management's Annual Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, we have conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework in "Internal Control-Integrated Framework" issued by the Committee of Sponsoring Organizations of the Treadway Commission. We have excluded from our assessment the internal control over financial reporting of the 814 stores acquired from Brooks Eckerd that had not been converted to the legacy Rite Aid systems as of March 1, 2008. Assets at these stores constituted 12.3% of our total assets as of March 1, 2008. Sales generated by these stores constituted 12.1% of our total revenues for the year ended March 1, 2008. Based on this evaluation, our management has concluded that, as of March 1, 2008, we did not have any material weaknesses in our internal control over financial reporting and our internal control over financial reporting was effective.

Attestation Report of the Independent Registered Public Accounting Firm

The attestation report of our independent registered public accounting firm, Deloitte & Touche LLP, on our internal control over financial reporting is included after the next paragraph.

(c) Changes in Internal Control Over Financial Reporting

There has not been any change in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during our fourth fiscal quarter ended March 1, 2008 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders of
Rite Aid Corporation
Camp Hill, Pennsylvania

We have audited the internal control over financial reporting of Rite Aid Corporation and subsidiaries (the "Company") as of March 1, 2008, based on criteria established in *Internal Control Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. As described in Management's Annual Report on Internal Control Over Financial Reporting, management excluded from its assessment the internal control over financial reporting relating to 814 stores acquired on June 4, 2007 in conjunction with the acquisition of JCG (PJC) USA, LLC, which stores have not yet been converted to the Company's systems and processes, and constitute 12.3% of total assets and 12.1% of total revenues of the consolidated financial statement amounts as of and for the year ended March 1, 2008. Accordingly, our audit did not include the internal control over financial reporting for such unconverted stores. The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Annual Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed by, or under the supervision of, the company's principal executive and principal financial officers, or persons performing similar functions, and effected by the company's board of directors, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of March 1, 2008, based on the criteria established in *Internal Control Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

Edgar Filing: RITE AID CORP - Form 10-K

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated financial statements and financial statement schedule as of and for the year ended March 1, 2008 of the Company and our report dated April 28, 2008 expressed an unqualified opinion on those financial statements and financial statement schedule.

Deloitte & Touche LLP
Philadelphia, Pennsylvania

Item 9B. Other Information

None

PART III

We intend to file with the SEC a definitive proxy statement for our 2008 Annual Meeting of Stockholders, to be held on June 25, 2008, pursuant to Regulation 14A not later than 120 days after March 1, 2008. The information required by Part III (Items 10, 11, 12, 13 and 14) is incorporated by reference from that proxy statement.

PART IV**Item 15. Exhibits and Financial Statement Schedules**

(a) The consolidated financial statements of the Company and report of the independent registered public accounting firm identified in the following index are included in this report from the individual pages filed as a part of this report:

1.**Financial Statements**

The following financial statements, report of the independent registered public accounting firm and supplementary data are included herein:

Report of Independent Registered Public Accounting Firm	58
Consolidated Balance Sheets as of March 1, 2008 and March 3, 2007	59
Consolidated Statements of Operations for the fiscal years ended March 1, 2008, March 3, 2007 and March 4, 2006	60
Consolidated Statements of Stockholders' Equity (Deficit) for the fiscal years ended March 1, 2008, March 3, 2007 and March 4, 2006	61
Consolidated Statements of Cash Flows for the fiscal years ended March 1, 2008, March 3, 2007 and March 4, 2006	62
Notes to Consolidated Financial Statements	63

2.**Financial Statement Schedules***Schedule II Valuation and Qualifying Accounts*

All other schedules are omitted because they are not applicable, not required or the required information is included in the consolidated financial statements or notes thereto.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of
Rite Aid Corporation
Camp Hill, Pennsylvania

We have audited the accompanying consolidated balance sheets of Rite Aid Corporation and subsidiaries (the "Company") as of March 1, 2008 and March 3, 2007, and the related consolidated statements of operations, stockholders' equity, and cash flows for each of the three years in the period ended March 1, 2008. Our audits also included the financial statement schedule listed in the Index at Item 15(a)(2). These financial statements and financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements and financial statement schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Rite Aid Corporation and subsidiaries as of March 1, 2008 and March 3, 2007, and the results of their operations and their cash flows for each of the three years in the period ended March 1, 2008, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, such financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Company's internal control over financial reporting as of March 1, 2008, based on the criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated April 28, 2008 expressed an unqualified opinion on the Company's internal control over financial reporting.

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

1. Summary of Significant Accounting Policies*Description of Business*

The Company is a Delaware corporation and through its wholly-owned subsidiaries, operates retail drugstores in the United States of America. It is one of the largest retail drugstore chains in the United States, with 5,059 stores in operation as of March 1, 2008. The Company's drugstores' primary business is pharmacy services. The Company also sells a full selection of health and beauty aids and personal care products, seasonal merchandise and a large private brand product line.

The Company's operations consist solely of the retail drug segment. Revenues are as follows:

	Year Ended		
	March 1, 2008 (52 Weeks)	March 3, 2007 (52 Weeks)	March 4, 2006 (53 Weeks)
Pharmacy sales	\$ 16,179,170	\$ 11,042,183	\$ 10,810,713
Front-end sales	8,049,446	6,272,333	6,267,332
Other revenue	98,230	84,867	84,999
	<u>\$ 24,326,846</u>	<u>\$ 17,399,383</u>	<u>\$ 17,163,044</u>

Fiscal Year

The Company's fiscal year ends on the Saturday closest to February 29 or March 1. The fiscal year ended March 1, 2008 and March 3, 2007 included 52 weeks. The fiscal year ended March 4, 2006 included 53 weeks.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and all of its wholly owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand and highly liquid investments, which are readily convertible to known amounts of cash and which have original maturities of three months or less when purchased.

Allowance for Uncollectible Receivables

Approximately 96% of prescription sales are made to customers that are covered by third-party payors, such as insurance companies, government agencies and employers. The Company recognizes receivables that represent the amount owed to the Company for sales made to customers or employees of those payors that have not yet been paid. The Company maintains a reserve for the amount of these receivables deemed to be uncollectible. This reserve is calculated based upon historical collection activity adjusted for current conditions.

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

1. Summary of Significant Accounting Policies (Continued)

Inventories

Inventories are stated at the lower of cost or market. Inventory balances include the capitalization of certain costs related to purchasing, freight and handling costs associated with placing inventory in its location and condition for sale. The Company uses the last-in, first-out ("LIFO") method of accounting for substantially all of its inventories. At March 1, 2008 and March 3, 2007, inventories were \$562,728 and \$546,614, respectively, lower than the amounts that would have been reported using the first-in, first-out ("FIFO") method. The Company calculates its FIFO inventory valuation using the retail method for store inventories and the cost method for distribution facility inventories. The LIFO charge was \$16,114, \$43,006 and \$32,188 for fiscal years 2008, 2007, and 2006, respectively.

Impairment of Long-Lived Assets

Asset impairments are recorded when the carrying value of assets are not recoverable. For purposes of recognizing and measuring impairment of long-lived assets, the Company categorizes assets of operating stores as "Assets to Be Held and Used" and assets of stores that have been closed as "Assets to Be Disposed Of". The Company evaluates assets at the store level because this is the lowest level of identifiable cash flows ascertainable to evaluate impairment. Assets being tested for recoverability at the store level include tangible long-lived assets and identifiable, finite-lived intangibles that arose in purchase business combinations. Corporate assets to be held and used are evaluated for impairment based on excess cash flows from the stores that support those assets. Goodwill is evaluated based on a comparison of the estimated fair value of the Company with its total capitalization including long term debt and stockholders' equity.

The Company reviews long-lived assets to be held and used for impairment annually or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If the sum of the undiscounted expected future cash flows is less than the carrying amount of the asset, the Company recognizes an impairment loss. Impairment losses are measured as the amount by which the carrying amount of the asset exceeds the fair value of the asset. When fair values are not available, the Company estimates fair value using the expected future cash flows discounted at a rate commensurate with the risks associated with the recovery of the asset.

Property, Plant and Equipment

Property, plant and equipment are stated at cost, net of accumulated depreciation and amortization. The Company provides for depreciation using the straight-line method over the following useful lives: buildings 30 to 45 years; equipment 3 to 15 years.

Leasehold improvements are amortized on a straight-line basis over the shorter of the estimated useful life of the asset or the term of the lease. When determining the amortization period of a leasehold improvement, the Company considers whether discretionary exercise of a lease renewal option is reasonably assured. If it is determined that the exercise of such option is reasonably assured, the Company will amortize the leasehold improvement asset over the minimum lease term, plus the option period. This determination depends on the remaining life of the minimum lease term and any economic penalties that would be incurred if the lease option is not exercised.

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

1. Summary of Significant Accounting Policies (Continued)

Capitalized lease assets are recorded at the lesser of the present value of minimum lease payments or fair market value and amortized over the estimated useful life of the related property or term of the lease.

The Company capitalizes direct internal and external development costs and direct external application development costs associated with internal-use software. Neither preliminary evaluation costs nor costs associated with the software after implementation are capitalized. For fiscal years 2008, 2007 and 2006, the Company capitalized costs of approximately \$3,399, \$4,956 and \$3,563, respectively.

Intangible Assets

Goodwill represents the excess of acquisition cost over the fair value of the net assets of acquired entities. In accordance with the provisions of Statements of Financial Accounting Standards ("SFAS") No. 142, "Goodwill and Intangible Assets", the Company does not amortize goodwill. The Company also has certain finite-lived intangible assets that are amortized over their useful lives. The value of favorable and unfavorable leases on stores acquired in business combinations are amortized over the terms of the leases on a straight-line basis. Prescription files acquired in business combinations are amortized over an estimated useful life of ten years on an accelerated basis, which approximates the anticipated prescription file retention and related cash flows. Purchased prescription files acquired in other than business combinations are amortized over their estimated useful lives of five years on a straight line basis.

Revenue Recognition

For all sales other than third party pharmacy sales, the Company recognizes revenue from the sale of merchandise at the time the merchandise is sold. For third party pharmacy sales, revenue is recognized at the time the prescription is filled, which is or approximates when the customer picks up the prescription. The Company records revenue net of an allowance for estimated future returns. Return activity is immaterial to revenues and results of operations in all periods presented.

Cost of Goods Sold

Cost of goods sold includes the following: the cost of inventory sold during the period, including related vendor rebates and allowances, costs incurred to return merchandise to vendors, inventory shrink costs, purchasing costs and warehousing costs which include inbound freight costs from the vendor, distribution payroll and benefit costs, distribution center occupancy costs and depreciation expense and delivery expenses to the stores.

Vendor Rebates and Allowances

Rebates and allowances received from vendors relate to either buying and merchandising or promoting the product. Buying and merchandising related rebates and allowances are recorded as a reduction of cost of goods sold as product is sold. Buying and merchandising rebates and allowances include all types of vendor programs such as cash discounts from timely payment of invoices, purchase discounts or rebates, volume purchase allowances, price reduction allowances and slotting allowances. Product promotion related rebates and allowances, primarily related to advertising, are recorded as a

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

1. Summary of Significant Accounting Policies (Continued)

reduction in selling, general and administrative expenses when the advertising commitment has been satisfied.

Rent

The Company records rent expense on operating leases on a straight-line basis over the minimum lease term. The Company begins to record rent expense at the time that the Company has the right to use the property. From time to time, the Company receives incentive payments from landlords that subsidize lease improvement construction. These leasehold incentives are deferred and recognized on a straight-line basis over the minimum lease term.

Selling, General and Administrative Expenses

Selling, general and administrative expenses include store and corporate administrative payroll and benefit costs, occupancy costs which include retail store and corporate rent costs, facility and leasehold improvement depreciation and utility costs, advertising, repair and maintenance, insurance, equipment depreciation and professional fees.

Repairs and Maintenance

Routine repairs and maintenance are charged to operations as incurred. Improvements and major repairs, which extend the useful life of an asset, are capitalized and depreciated.

Advertising

Advertising costs, net of specific vendor advertising allowances, are expensed in the period the advertisement first takes place. Advertising expenses, net of vendor advertising allowances, for fiscal 2008, 2007 and 2006 were \$375,025, \$295,232 and \$293,545, respectively.

Insurance

The Company is self-insured for certain general liability and workers' compensation claims. For claims that are self-insured, stop-loss insurance coverage is maintained for workers' compensation occurrences exceeding \$750 and general liability occurrences exceeding \$2,000. The Company utilizes actuarial studies as the basis for developing reported claims and estimating claims incurred but not reported relating to the Company's self-insurance. Workers' compensation claims are discounted to present value using a risk-free interest rate.

A majority of the Company-sponsored associate medical plans are self-insured. The remaining Company-sponsored associate medical plans are covered through guaranteed cost contracts.

Benefit Plan Accruals

The Company has several defined benefit plans, under which participants earn a retirement benefit based upon a formula set forth in the plan. The Company records expense related to these plans using actuarially determined amounts that are calculated under the provisions of SFAS No. 87, "Employer's

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

1. Summary of Significant Accounting Policies (Continued)

Accounting for Pensions". Key assumptions used in the actuarial valuations include the discount rate, the expected rate of return on plan assets and the rate of increase in future compensation levels.

Stock-Based Compensation

The Company has several stock option plans, which are described in detail in Note 15. The Company accounts for stock-based compensation under SFAS No. 123(R), "Share-Based Payment", which requires companies to account for share-based payments to associates using the fair value method of expense recognition. Fair value for stock options can be calculated using either a closed form or open form calculation method. SFAS No. 123(R) requires companies to recognize option expense over the requisite service period of the award, net of an estimate for the impact of award forfeitures.

The Company adopted SFAS No. 123(R) effective March 5, 2006 using the modified prospective transition method. The Company had previously adopted the provisions of SFAS No. 123, "Accounting for Stock-Based Compensation" effective March 2, 2003 and had been recognizing expense on a ratable basis related to share-based payments to associates using the fair value method. The adoption of SFAS No. 123(R) did not have a material impact on its financial position and results of operations.

SFAS No. 123(R) also requires the company to reclassify tax benefits realized upon the exercise of stock options in excess of that which is associated with the expense recognized for financial reporting purposes. These amounts are presented as a financing cash inflow rather than as a reduction of income taxes paid in the consolidated statement of cash flows.

Store Pre-opening Expenses

Costs incurred prior to the opening of a new or relocated store, associated with a remodeled store or related to the opening of a distribution facility are charged against earnings when incurred.

Litigation Reserves

The Company is involved in litigation on an ongoing basis. The Company accrues its best estimate of the probable loss related to legal claims. Such estimates are developed in consultation with in-house and outside counsel, and are based upon a combination of litigation and settlement strategies.

Store Closing Costs and Lease Exit Charges

When a store is closed, the Company records an expense for unrecoverable costs and accrues a liability equal to the present value at current credit adjusted risk-free interest rates of the remaining lease obligations and anticipated ancillary occupancy costs, net of estimated sublease income. Other store closing and liquidation costs are expensed when incurred.

Income Taxes

Deferred income taxes are determined based on the difference between the financial reporting and tax bases of assets and liabilities. Deferred income tax expense (benefit) represents the change during the reporting period in the deferred tax assets and deferred tax liabilities, net of the effect of

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

1. Summary of Significant Accounting Policies (Continued)

acquisitions and dispositions. Deferred tax assets include tax loss and credit carryforwards and are reduced by a valuation allowance if, based on available evidence, it is more likely than not that some portion of the deferred tax assets will not be realized. Changes in valuation allowances from period to period are included in the tax provision in the period of change.

The Company has net operating loss ("NOL") carryforwards that can be utilized to offset future income for federal and state tax purposes. These NOLs generate a significant deferred tax asset. The Company regularly reviews the deferred tax assets for recoverability considering historical profitability, projected taxable income, the expected timing of the reversals of existing temporary differences and tax planning strategies.

The Company recognizes tax liabilities in accordance with FIN 48 and management adjusts these liabilities with changes in judgement as a result of the evaluation of new information not previously available. Due to the complexity of some of these uncertainties, the ultimate resolution may result in a payment that is materially different from the current estimate of the tax liabilities.

Sales Tax Collected

Sales taxes collected from customers and remitted to various governmental agencies are presented on a net basis (excluded from revenues) in the Company's statement of operations.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Significant Concentrations

The Company's pharmacy sales were primarily to customers covered by health plan contracts, which typically contract with a third party payor that agrees to pay for all or a portion of a customer's eligible prescription purchases. During fiscal 2008, the top five third party payors accounted for approximately 36.3% of the Company's total sales, the largest of which represented 11.3% of total sales. Third party payors are entities such as an insurance company, governmental agency, health maintenance organization or other managed care provider, and typically represent several health care contracts and customers. During fiscal 2008, state sponsored Medicaid agencies accounted for approximately 6.3% of the Company's total sales, the largest of which was less than 2.0% of the Company's total sales. Any significant loss of third-party payor business could have a material adverse effect on the Company's business and results of operations.

During fiscal 2008, the Company purchased brand pharmaceuticals and some generic pharmaceuticals which amounted to approximately 93.7% of the dollar volume of its prescription drugs from a single wholesaler, McKesson Corp. ("McKesson"), under a contract expiring April 2010. With limited exceptions, the Company is required to purchase all of its branded pharmaceutical products from McKesson. If the Company's relationship with McKesson was disrupted, the Company could have

(In thousands, except per share amounts)

1. Summary of Significant Accounting Policies (Continued)

temporary difficulty filling prescriptions until a replacement wholesaler agreement was executed, which would negatively impact the business.

Derivatives

The Company may enter into interest rate swap agreements to hedge the exposure to increasing rates with respect to its variable rate debt, when the Company deems it prudent to do so. Upon inception of interest rate swap agreements, or modifications thereto, the Company performs a comprehensive review of the interest rate swap agreements based on the criteria as provided by SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities", as amended by SFAS No. 138. As of March 1, 2008 and March 3, 2007, the Company had no interest rate swap arrangements or other derivatives.

Discontinued Operations

For purposes of determining discontinued operations, the Company has determined that the store level is a component of the entity within the context of SFAS 144, "Accounting for the Impairment or Disposal of Long-Lived Assets". A component of an entity comprises operations and cash flows that can be clearly distinguished, operationally and for financial reporting purposes, from the rest of the Company. The Company routinely evaluates its store base and closes non-performing stores. The Company evaluates the results of operations of these closed stores both quantitatively and qualitatively to determine if appropriate for reporting as discontinued operations. Stores sold where the Company retains the prescription files are excluded from the analysis as the Company retains direct cash flows resulting from the migration of revenue to existing stores.

Recent Accounting Pronouncements

In June 2006, the FASB issued FASB Interpretation No. 48 (FIN 48) "Accounting for Uncertainty in Income Taxes, an interpretation of FASB Statement No. 109." The interpretation establishes criteria for recognizing and measuring the financial statement tax effects of positions taken on a company's tax returns. A two-step process is prescribed whereby the threshold for recognition is a more-likely-than-not test that the tax position will be sustained upon examination, based on the technical merits of the position. If it is determined that a tax position should be recognized, then the tax position is measured at the largest amount of benefit that is greater than 50 percent likely of being realized upon ultimate settlement. The Company adopted FIN 48 on March 4, 2007.

In September 2006, the FASB issued SFAS No. 157, "Fair Value Measurements". This standard establishes a standard definition for fair value, establishes a framework under generally accepted accounting principles for measuring fair value and expands disclosure requirements for fair value measurements. This standard is effective for financial statements issued for fiscal years beginning after November 15, 2007. In December 2007, a FASB Staff Position (FSP) was proposed, and subsequently approved, to delay the effective dates of SFAS No. 157 as it relates to all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value in the financial statements on a recurring basis, or at least annually. The Company is currently evaluating the impact of adopting SFAS No. 157.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

1. Summary of Significant Accounting Policies (Continued)

In February 2007, the FASB issued SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities, Including an Amendment of FASB Statement No. 115". SFAS No. 159 permits entities to choose to measure many financial instruments and certain other items at fair value that are not currently required to be measured at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. SFAS No. 159 does not affect any existing accounting literature that requires certain assets and liabilities to be carried at fair value. The Company does not expect to adopt SFAS No. 159.

In December 2007, the FASB issued SFAS No. 141 (Revised) "Business Combinations". SFAS 141 (Revised) establishes principles and requirements for how the acquirer of a business recognizes and measures in its financial statements the assets acquired and liabilities assumed in a business combination, and makes several changes to the method of accounting for business combinations previously set forth in SFAS No. 141. SFAS No. 141 (Revised) will become effective for acquisitions consummated in fiscal years beginning after December 15, 2008.

2. Acquisition

On June 4, 2007, the Company acquired all of the membership interests of JCG (PJC) USA, LLC ("Jean Coutu USA"), the holding company for the Brooks Eckerd drugstore chain ("Brooks Eckerd"), from Jean Coutu Group (PJC) Inc. ("Jean Coutu Group"), pursuant to the terms of the Stock Purchase Agreement (the "Agreement") dated August 23, 2006. As consideration for the acquisition of Jean Coutu USA (the "Acquisition"), the Company paid \$2,307,747 and issued 250,000 shares of Rite Aid common stock. The Company financed the cash payment via the establishment of a new term loan facility, issuance of senior notes and borrowings under its existing revolving credit facility. The consideration associated with the common stock was \$1,090,000 based on a stock price of \$4.36 per share, representing the average closing price of Rite Aid common stock beginning two days prior to the announcement of the Acquisition on August 24, 2006 and ending two days after the announcement.

At March 1, 2008, the Jean Coutu Group owned approximately 28.6% of total Rite Aid voting power. The Company expanded its Board of Directors to 14 members, with four of the seats being held by members designated by the Jean Coutu Group. In connection with the Acquisition, the Company entered into a Stockholder Agreement (the "Stockholder Agreement") with Jean Coutu Group and certain Coutu family members. The Stockholder Agreement contains provisions relating to Jean Coutu Group's ownership interest in the Company, board and board committee composition, corporate governance, stock ownership, stock purchase rights, transfer restrictions, voting arrangements and other matters. The Company and Jean Coutu Group also entered into a Registration Rights Agreement giving Jean Coutu Group certain rights with respect to the registration under the Securities Act of 1933, as amended, of the shares of Rite Aid common stock issued to Jean Coutu Group or acquired by Jean Coutu Group pursuant to certain stock purchase rights or open market rights under the Stockholder Agreement.

The Company's consolidated financial statements for the fiscal year ended March 1, 2008 include Brooks Eckerd results of operations for the thirty-nine week period ended March 1, 2008. The

2. Acquisition (Continued)

Company's financial statements reflect preliminary purchase accounting adjustments in accordance with SFAS No. 141 "Business Combinations", whereby the purchase price was preliminarily allocated to the assets acquired and liabilities assumed based upon their estimated fair values on the acquisition date.

The following allocation of the purchase price and the estimated transaction costs is preliminary and is based on information available to the Company's management at the time the consolidated financial statements were prepared. Accordingly, the allocation is expected to change and the impact of such changes may be material. The Company will finalize the allocation of the purchase price in the quarter ended May 31, 2008.

<i>Preliminary purchase price</i>

Edgar Filing: RITE AID CORP - Form 10-K

Included in intangible assets are prescription file intangibles of \$693,500 and intangible assets for operating leases with favorable market terms of \$438,050.

(2)

Included in other current liabilities is an accrual for severance payments to associates of Brooks Eckerd who were involuntarily terminated of \$11,137.

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

2. Acquisition (Continued)

(3)

Included in other long-term liabilities is an accrual of \$28,502 to reserve for the remaining lease liability of Brooks Eckerd stores for which the Company entered into a formal plan to close. Also included in other long-term liabilities is an intangible liability of \$143,100 for operating leases with unfavorable market terms.

In connection with the Acquisition, the Company entered into a transition services agreement with the Jean Coutu Group. Under the terms of this agreement, Jean Coutu Group provides certain information technology, network and support services to the Company. Jean Coutu Group must provide these services to the Company for a minimum period of nine months following the closing date of the Acquisition. The Company has extended the term of the agreement for two additional three month periods and has the option to further extend the term of the agreement for an additional three-month period. The Company recorded an expense of \$4,085 for services provided under this agreement for the year ended March 1, 2008.

The following *unaudited* pro forma consolidated financial data gives effect to the Acquisition as if it had occurred as of the beginning of the periods presented.

	Year Ended		
	March 1, 2008 (52 Weeks)	March 3, 2007 (52 Weeks)	March 4, 2006 (53 Weeks)
Net revenues	\$ 26,747,000	\$ 27,315,600	\$ 26,766,900
Net (loss) income	(1,133,300)	(79,800)	1,164,700
Basic (loss) income per share	\$ (1.57)	\$ (0.14)	\$ 1.45
Diluted (loss) income per share	\$ (1.57)	\$ (0.14)	\$ 1.31

The pro forma combined information assumes the acquisition of Brooks Eckerd occurred at the beginning of each period presented. These results have been prepared by combining the historical results of the Company and historical results of Brooks Eckerd. The pro forma financial data for all periods presented include adjustments to reflect the incremental interest expense that results from the incurrence of the additional debt to finance the acquisition and additional depreciation and amortization expense resulting from the preliminary purchase price allocation described above. The pro forma information for the fiscal year ended March 1, 2008 includes charges of \$154,222 resulting from the integration of the Brooks Eckerd stores. Pro forma results for periods prior to the acquisition do not include any incremental cost savings that may result from the integration. Additionally, pro forma results for periods prior to the acquisition have not been adjusted to reflect the divestiture of stores required by the FTC.

The pro forma information does not purport to be indicative of the results that actually would have been achieved if the operations were combined during the periods presented and is not intended to be a projection of future results or trends.

3. (Loss) Income Per Share

Basic (loss) income per share is computed by dividing (loss) income available to common stockholders by the weighted average number of shares of common stock outstanding for the period. Diluted (loss) income per share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock that then shared in the income of the Company subject to anti-dilution limitations.

	Year Ended		
	March 1, 2008 (52 Weeks)	March 3, 2007 (52 Weeks)	March 4, 2006 (53 Weeks)
Numerator for (loss) income per share:

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

3. (Loss) Income Per Share (Continued)

The following potential common shares have been excluded from the computation of diluted earnings per share:

	Year Ended		
	March 1, 2008 (52 Weeks)	March 3, 2007 (52 Weeks)	March 4, 2006 (53 Weeks)
Stock options and unvested restricted stock	52,036	54,460	38,427
Convertible preferred stock	108,074	94,291	
Convertible notes(1)		38,462	
	160,110	187,213	38,427

(1)

Although the 4.75% convertible notes were paid at maturity in December 2006, they are included on this table because the weighted average shares outstanding would have been included in the income per share calculation for the fiscal year ended March 3, 2007 if the security had been dilutive.

4. Store Closing and Impairment Charges

Store closing and impairment charges consisted of:

	Year Ended		
	March 1, 2008 (52 Weeks)	March 3, 2007 (52 Weeks)	March 4, 2006 (53 Weeks)
Impairment charges	\$ 30,823	\$ 31,425	\$ 46,114
Store and equipment lease exit charges	55,343	17,892	22,578
	\$ 86,166	\$ 49,317	\$ 68,692

Impairment Charges

In fiscal 2008, 2007, and 2006, store closing and impairment charges included non-cash charges of \$30,823, \$31,425 and \$46,114, respectively, for the impairment of long-lived assets at 420, 342 and 414 stores, respectively. These amounts included the write-down of long-lived assets at stores that were assessed for impairment because of management's intention to relocate or close the store, or because of changes in circumstances that indicate the carrying value of an asset may not be recoverable.

Store and Equipment Lease Exit Charges

Edgar Filing: RITE AID CORP - Form 10-K

During fiscal 2008, 2007, and 2006, the Company recorded charges for 66, 49 and 43 stores, respectively, to be closed or relocated under long term leases. Charges to close a store, which principally consist of lease termination costs, are recorded at the time the store is closed and all inventory is liquidated, pursuant to the guidance set forth in SFAS No. 146, "Accounting for Costs

RITE AID CORPORATION AND SUBSIDIARIES

(In thousands, except per share amounts)

4. Store Closing and Impairment Charges (Continued)

Associated with Exit or Disposal Activities". The Company calculates its liability for closed stores on a store-by-store basis. The calculation includes the discounted effect of future minimum lease payments and related ancillary costs, from the date of closure to the end of the remaining lease term, net of estimated cost recoveries that may be achieved through subletting properties or through favorable lease terminations. The Company evaluates these assumptions each quarter and adjusts the liability accordingly.

The following table reflects the closed store charges that relate to new closures, changes in assumptions and interest accretion. The table also reflects the increase in the closed store reserve related to the acquisition of the existing closed store portfolio from Brooks Eckerd as well as the additional liability related to the acquired stores that Company management plans to close as a result of the acquisition. These liabilities represent the estimated fair value of the respective store lease commitments as of the date of the acquisition and are therefore recorded as part of allocation of the purchase price of Brooks Eckerd.

	Year Ended		
	March 1, 2008 (52 Weeks)	March 3, 2007 (52 Weeks)	March 4, 2006 (53 Weeks)
Balance beginning of year	\$ 195,205	\$ 208,455	\$ 220,903
Provision for present value of noncancellable lease payments of closed stores	27,464	14,288	18,482
Changes in assumptions about future sublease income, terminations and change of interest rate	16,482	(4,283)	(4,201)
Reversals of reserves for stores that management has determined will remain open	(1,465)	(812)	(271)
Interest accretion	13,874	9,274	8,814
Leased properties of Jean Coutu USA closed or designated to be closed as part of the integration plan	133,864		
Cash payments, net of sublease income	(55,742)	(31,717)	(35,272)
Balance end of year	\$ 329,682	\$ 195,205	\$ 208,455

The Company's revenues and income before income taxes for fiscal 2008, 2007, and 2006 included results from stores that have been closed or are approved for closure as of March 1, 2008. The revenue and operating losses of these stores for the periods are presented as follows:

	Year Ended		
	March 1, 2008 (52 Weeks)	March 3, 2007 (52 Weeks)	March 4, 2006 (53 Weeks)
Revenues	\$ 523,775	\$ 547,778	\$ 700,390
(Loss) income from operations	(14,165)	902	3,813

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

4. Store Closing and Impairment Charges (Continued)

Included in loss from operations for fiscal 2008, 2007, and 2006 are depreciation and amortization charges of \$9,246, \$4,995 and \$6,283, respectively, and closed store inventory liquidation charges of \$6,193, \$5,415 and \$7,401, respectively. Loss from operations does not include any allocation of corporate level overhead costs. The above results are not necessarily indicative of the impact that these closures will have on revenues and operating results of the Company in the future, as the Company often transfers the business of a closed store to another Company store, thereby retaining a portion of these revenues. The amounts indicated above do not include the results of operations for stores closed related to discontinued operations.

5. Discontinued Operations

During the fourth quarter of fiscal 2008, the Company entered into agreements to sell the prescription files of 28 of its stores in the Las Vegas Nevada area. The Company owns four of these stores and the remaining stores are leased. The Company has assigned the lease rights of 17 of these stores to other entities and is in the process of closing the remaining leased stores. The Company plans to sell the owned stores. The sale and transfer of the prescription files has been completed and the inventory at the stores is in the process of being liquidated.

The Company has presented the operating results of and the gain on the sale of Las Vegas as a discontinued operation in the statement of operations for all fiscal years presented. The following amounts have been segregated from continuing operations and included in discontinued operations:

	Year Ended		
	March 1, 2008 (52 Weeks)	March 3, 2007 (52 Weeks)	March 4, 2006 (53 Weeks)
	(Dollars in thousands)		
Revenues	\$ 90,815	\$ 108,336	\$ 107,924
Costs and expenses:			
Cost of goods sold	70,171	80,988	80,218
Selling, general and administrative expenses	33,039	32,019	32,324
Gain on sale of assets	(8,100)		
Total costs and expenses	95,110	113,007	112,542
Loss from discontinued operations before income taxes	(4,295)	(4,671)	(4,618)
Income tax benefit	(1,505)	(1,635)	(1,616)
Net loss from discontinued operations	\$ (2,790)	\$ (3,036)	\$ (3,002)

The assets and liabilities of the divested stores for the years ended March 1, 2008 and March 2, 2007 are not significant and have not been segregated in the consolidated balance sheets.

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

6. Income Taxes

The provision for income taxes was as follows:

	Year Ended		
	March 1, 2008 (52 Weeks)	March 3, 2007 (52 Weeks)	March 4, 2006 (53 Weeks)
Current tax expense (benefit):			
Federal	\$ (355)	\$ 3,771	\$ (6,621)
State	1,183	(3,585)	(17,424)
	828	186	(24,045)
Deferred tax expense (benefit):			
Federal	726,167	16,056	(1,086,891)
State	75,706	(27,851)	(117,200)
	801,873	(11,795)	(1,204,091)
Total income tax expense (benefit)	\$ 802,701	\$ (11,609)	\$ (1,228,136)

A reconciliation of the expected statutory federal tax and the total income tax benefit was as follows:

	Year Ended		
	March 1, 2008 (52 Weeks)	March 3, 2007 (52 Weeks)	March 4, 2006 (53 Weeks)
Expected federal statutory expense at 35%	\$ (95,725)	\$ 6,388	\$ 16,755
Nondeductible expenses	6,476	3,460	2,568
State income taxes, net	(25,789)	(24,140)	3,155
Recoverable tax and reduction of previously recorded liabilities	(999)	(5,376)	(19,527)
Credits generated	(1,699)	(1,022)	
Valuation allowance	920,437	9,081	(1,231,087)
Total income tax expense (benefit)	\$ 802,701	\$ (11,609)	\$ (1,228,136)

The income tax expense for fiscal 2008 included \$920,437 related to the increase of the valuation allowance on federal and state net deferred tax assets. Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes" ("SFAS No. 109") requires a company to evaluate its deferred tax assets on a regular basis to determine if a valuation allowance against the net deferred tax assets is required. According to SFAS No. 109, a cumulative loss in recent years is significant negative evidence in considering whether deferred tax assets are realizable. Based on the negative evidence, SFAS No. 109 precludes relying on projections of future taxable income to support the recognition of deferred tax assets. As such, except for tax planning strategies, the Company has not utilized projections of future taxable income to support the recognition of deferred tax assets. The ultimate realization of deferred tax assets is dependent upon the existence of sufficient taxable income generated in the carryforward periods.

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

6. Income Taxes (Continued)

At March 1, 2008 the Company had a cumulative loss which was primarily due to the recently completed acquisition of Brooks Eckerd and the impact on current year earnings due to planned integration activities, compounded by the weakening economy during the later half of the year.

The income tax benefit for fiscal 2007 included a state tax benefit of \$24,140 which primarily related to an increase in the Company's state tax rate applied to the net deferred tax assets.

The income tax benefit for fiscal 2006 included \$1,231,087 related to the reduction of the valuation allowance on federal and state net deferred tax assets that, at the time, were expected to have future utilization.

The tax effect of temporary differences that gave rise to significant components of deferred tax assets and liabilities consisted of the following at March 1, 2008 and March 3, 2007:

	2008	2007
	_____	_____
Deferred tax assets:		
Accounts receivable	\$ 31,802	\$ 17,469
Accrued expenses	289,033	170,293
Liability for lease exit costs	151,519	92,136
Pension, retirement and other benefits	154,141	111,126
Investment	8,201	13,927
Credits	71,920	71,727
Net operating losses	1,058,418	1,022,015
	_____	_____
Total gross deferred tax assets	1,765,034	1,498,693
Valuation allowance	(1,103,973)	(239,836)
	_____	_____
Total deferred tax assets	661,061	1,258,857
Deferred tax liabilities:		
Inventory	263,417	97,657
Long-lived assets	86,546	(255,326)
Other	3,309	3,558
	_____	_____
Total gross deferred tax liabilities	353,272	(154,111)
	_____	_____
Net deferred tax assets	\$ 307,789	\$ 1,412,968
	_____	_____

Prior year's classifications in the above table were reclassified during fiscal 2008 to conform to current year presentation.

A reconciliation of the beginning and ending amount of unrecognized tax benefits was as follows:

Unrecognized tax benefits balance at March 4, 2007	\$ 23,004
Increases to prior year tax positions	31,122
Increases to prior year tax positions for Brooks Eckerd Acquisition	178,759
Increases to current year tax positions	3,459
Settlements	0
Lapse of statute of limitations	(3,330)

Edgar Filing: RITE AID CORP - Form 10-K

Unrecognized tax benefits balance at March 1, 2008

233,014

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

6. Income Taxes (Continued)

Effective March 4, 2007, the Company adopted the provisions of FIN 48. As of March 4, 2007, unrecognized tax benefits totaled \$37,186, including interest and penalties. As a result of the implementation of FIN 48, the Company's tax contingencies decreased \$6,636, and after the deferred tax impact of \$2,170, the net effect was accounted for as an increase to retained earnings of \$4,466. The decrease in unrecognized tax benefits would have decreased income tax expense in prior periods.

As of June 4, 2007, with the acquisition of Brooks Eckerd, a liability and reduction of deferred tax assets of \$200,015, including tax, interest and penalties was established for uncertain tax positions. The Company is still evaluating the tax positions of the acquired entities and adjustments, if any, could be material. Upon finalization of the purchase price allocation, any such adjustments related to pre-acquisition tax periods will result in adjustments to assets and liabilities acquired in connection with the Acquisition. The Company is indemnified by Jean Coutu Group for certain tax liabilities incurred for all years ended up to and including June 4, 2007. Although the Company is indemnified by Jean Coutu Group, the Company remains the primary obligor to the tax authorities with respect to any tax liability arising for the years prior to the acquisition. Accordingly, as of March 1, 2008 the Company had a corresponding recoverable indemnification asset from Jean Coutu Group, included in the "Other Assets" line of the Consolidated Balance Sheets, to reflect the indemnification for such liabilities.

As of March 1, 2008 the total amount of unrecognized tax benefits that would be recorded as an adjustment to goodwill and not impact the effective tax rate in a future period was \$200,015. The remaining unrecognized tax benefits would impact the effective tax rate in a future period. Upon the adoption of SFAS 141(R) which applies to our fiscal year 2010, changes in income tax uncertainties recorded in a business combination will also affect income tax expense and will no longer impact goodwill. Additionally, any impact on the effective rate may be mitigated by the valuation allowance that is maintained against the Company's net deferred tax assets. While it is expected that the amount of unrecognized tax benefits will change in the next twelve months, management does not expect the change to have a significant impact on the results of operations or the financial position of the Company.

The Company recognizes interest and penalties related to tax contingencies as income tax expense. Prior to the adoption of FIN 48, the Company included interest as income tax expense and penalties as an operating expense. As of March 1, 2008 and March 4, 2007, the total amount of accrued income tax-related interest and penalties was \$33,608 and \$14,182, respectively.

The Company files U.S. federal income tax returns as well as income tax returns in those states where it does business. The federal income tax returns are closed to examination by the Internal Revenue Service (IRS) through fiscal 2002. However, any net operating losses that were generated in these prior closed years may be subject to examination by the IRS upon utilization. The IRS is currently examining the consolidated U.S. income tax return for Brooks Eckerd for fiscal years 2004 and 2005. Additionally, the IRS is examining the consolidated U.S. income tax return for Rite Aid Corporation and subsidiaries for fiscal years 2006 and 2007. State income tax returns are generally subject to examination for a period of three to five years after filing of the respective return. However, as a result of reporting IRS audit adjustments, the Company has statutes open in some states from fiscal 1996.

(In thousands, except per share amounts)

6. Income Taxes (Continued)

Net Operating Losses, Capital Losses and Tax Credits

At March 1, 2008, the Company had federal net operating loss (NOL) carryforwards of approximately \$2,505,000, the majority of which will expire, if not utilized, between fiscal 2019 and 2022. The Company underwent an ownership change for statutory tax purposes during fiscal 2002, which resulted in a limitation on the future use of net operating loss carryforwards.

At March 1, 2008, the Company had state NOL carryforwards of approximately \$4,704,000, the majority of which will expire between fiscal 2015 and 2022.

At March 1, 2008, the Company had federal business tax credit carryforwards of \$52,979, the majority of which will expire between 2013 and 2020. In addition to these credits, the Company has alternative minimum tax credit carryforwards of \$9,355.

Valuation Allowances

The valuation allowances as of March 1, 2008 and March 3, 2007 apply to the net deferred tax assets of the Company. In the fourth quarter of 2008, a non-cash tax charge of \$920,437 was recorded to establish a valuation allowance against the net deferred tax assets. The fiscal 2007 net decrease in the valuation allowance resulted primarily from the expiration of capital loss and state net operating loss carryforwards which had been fully reserved as of the beginning of the fiscal year. The Company maintained a valuation allowance of \$1,103,973 and \$239,836 against net deferred tax assets at fiscal year end 2008 and 2007, respectively.

7. Accounts Receivable

The Company maintains an allowance for doubtful accounts receivable based upon the expected collectibility of accounts receivable. The allowance for uncollectible accounts at March 1, 2008 and March 3, 2007 was \$40,990 and \$30,246, respectively. The Company's accounts receivable are due primarily from third-party payors (e.g., pharmacy benefit management companies, insurance companies or governmental agencies) and are recorded net of any allowances provided for under the respective plans. Since payments due from third-party payors are sensitive to payment criteria changes and legislative actions, the allowance is reviewed continually and adjusted for accounts deemed uncollectible by management.

The Company maintains securitization agreements with several multi-seller asset-backed commercial paper vehicles ("CPVs"). Under the terms of the securitization agreements, the Company sells substantially all of its eligible third party pharmaceutical receivables to a bankruptcy remote Special Purpose Entity (SPE) and retains servicing responsibility. The assets of the SPE are not available to satisfy the creditors of any other person, including any of the Company's affiliates. These agreements provide for the Company to sell, and for the SPE to purchase these receivables. The SPE then transfers an interest in these receivables to various CPVs.

The amount of transferred receivables outstanding at any one time is dependent upon a formula that takes into account such factors as default history, obligor concentrations and potential dilution ("Securitization Formula"). Adjustments to this amount can occur on a weekly basis. At March 1, 2008

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

7. Accounts Receivable (Continued)

and March 3, 2007, the total of outstanding receivables that have been transferred to the CPVs were \$435,000 and \$350,000, respectively. The following table details receivable transfer activity for the years presented:

	Year Ended		
	March 1, 2008 (52 Weeks)	March 3, 2007 (52 Weeks)	March 4, 2006 (53 Weeks)
Average amount of outstanding receivables transferred	\$ 332,115	\$ 334,588	\$ 243,639
Total receivable transfers	\$ 4,992,000	\$ 4,674,000	\$ 3,716,000
Collections made by the Company as part of the servicing arrangement on behalf of the CPVs	\$ 4,907,000	\$ 4,654,000	\$ 3,536,000

At March 1, 2008 and March 3, 2007, the Company retained an interest in the third party pharmaceutical receivables not transferred to the CPVs of \$493,833 and \$255,057, respectively, inclusive of the allowance for uncollectible accounts, which is included in accounts receivable, net, on the consolidated balance sheet.

On September 18, 2007, the Company amended its securitization agreements. As a result of this amendment the total amount of interest in receivables that can be transferred to the CPV was increased to \$650,000 from \$400,000. The ongoing program fee was decreased from the CPVs' commercial paper rate (which often approximates 1-month LIBOR) plus 1.125% to the CPVs' commercial paper rate plus 1.00%. The liquidity fee was reduced from 0.375% to 0.25%. The program and the liquidity fees are recorded as a component of selling, general and administrative expenses. Program and liquidity fees for fiscal 2008, 2007 and 2006 were \$22,314, \$21,885 and \$12,805, respectively.

Rite Aid Corporation guarantees certain performance obligations of its affiliates under the securitization agreements, which includes the continued servicing of such receivables, but does not guarantee the collectibility of the receivables and obligor creditworthiness. The CPVs have a commitment to purchase that ends September 2008 with the option to annually extend the commitment to purchase. Should any of the CPVs fail to renew their commitment under these securitization agreements, the Company has access to a backstop credit facility, which is backed by the CPVs and which expires in September 2010, to provide liquidity to the Company.

Proceeds from the collections under the receivables securitization agreements are submitted to an independent trustee on a daily basis. The trustee withholds any cash necessary to (1) fund amounts owed to the CPVs as a result of such collections and, (2) fund the CPVs when the Securitization Formula indicates a lesser amount of outstanding receivables transferred is warranted. The remaining collections are swept to the Company's corporate concentration account. At March 1, 2008 and March 3, 2007, the Company had \$3,277 and \$3,000 of cash respectively that is restricted for the payment of trustee fees.

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

7. Accounts Receivable (Continued)

The Company has determined that the transactions meet the criteria for sales treatment in accordance with SFAS No. 140 "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities". Additionally, the Company has determined that it does not hold a variable interest in the CPVs, pursuant to the guidance in FIN 46R, "Consolidation of Variable Interest Entities", and therefore has determined that the de-recognition of the transferred receivables is appropriate.

8. Property, Plant and Equipment

Following is a summary of property, plant and equipment, including capital lease assets, at March 1, 2008 and March 3, 2007:

	2008	2007
	<u> </u>	<u> </u>
Land	\$ 358,849	\$ 190,859
Buildings	902,281	616,907
Leasehold improvements	1,557,125	1,199,043
Equipment	2,021,478	1,611,947
Construction in progress	239,061	100,762
	<u> </u>	<u> </u>
	5,078,794	3,719,518
Accumulated depreciation	(2,205,785)	(1,976,414)
	<u> </u>	<u> </u>
Property, plant and equipment, net	\$ 2,873,009	\$ 1,743,104
	<u> </u>	<u> </u>

Depreciation expense, which included the depreciation of assets recorded under capital leases, was \$309,270, \$230,168 and \$217,160 in fiscal 2008, 2007 and 2006, respectively.

Included in property, plant and equipment was the carrying amount of assets to be disposed of totaling \$23,908 and \$19,269 at March 1, 2008 and March 3, 2007, respectively.

9. Goodwill and Other Intangibles

The Company accounts for goodwill under the guidance set forth in SFAS No. 142, which specifies that all goodwill and indefinite life intangibles should not be amortized. Goodwill must be allocated to reporting units and evaluated for impairment on an annual basis. The Company has completed its annual impairment evaluation for the year ended March 1, 2008, and concluded that there is no goodwill impairment loss to be recognized. As of March 1, 2008 and March 3, 2007 the Company had goodwill of \$1,783,372 and \$656,037 and no other indefinite life intangibles. The increase in goodwill as of March 1, 2008 is a result of the acquisition of Jean Coutu USA.

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

9. Goodwill and Other Intangibles (Continued)

The Company's intangible assets other than goodwill are finite-lived and amortized over their useful lives. Following is a summary of the Company's intangible assets as of March 1, 2008 and March 3, 2007.

	2008			2007		
	Gross Carrying Amount	Accumulated Amortization	Remaining Weighted Average Amortization Period	Gross Carrying Amount	Accumulated Amortization	Remaining Weighted Average Amortization Period
Favorable leases and other	\$ 738,855	\$ (240,079)	12 years	\$ 297,679	\$ (199,414)	10 years
Prescription files	1,152,620	(464,069)	9 years	428,281	(348,326)	3 years
Total	\$ 1,891,475	\$ (704,148)		\$ 725,960	\$ (547,740)	

Also included in other non-current liabilities as of March 1, 2008 and March 3, 2007 are unfavorable lease intangibles with a net carrying amount of \$147,035 and \$18,040, respectively.

Amortization expense for these intangible assets and liabilities was \$163,201, \$40,139 and \$32,595 for fiscal 2008, 2007 and 2006, respectively. The anticipated annual amortization expense for these intangible assets and liabilities is 2009 \$185,234; 2010 \$167,025; 2011 \$154,277; 2012 \$120,951 and 2013 \$95,995. The anticipated annual amortization expenses could change upon the final allocation of the purchase price of Brooks Eckerd.

10. Accrued Salaries, Wages and Other Current Liabilities

Accrued salaries, wages and other current liabilities consisted of the following at March 1, 2008 and March 3, 2007:

	2008	2007
Accrued wages, benefits and other personnel costs	\$ 392,753	\$ 270,539
Accrued sales and other taxes payable	161,820	50,904
Accrued store expense	173,516	95,977
Other	382,199	253,514
	\$ 1,110,288	\$ 670,934

	<u>5,985,524</u>	<u>3,100,288</u>
Total debt	5,985,524	3,100,288
Current maturities of long-term debt and lease financing obligations	(185,609)	(16,184)
	<u>\$ 5,799,915</u>	<u>\$ 3,084,104</u>

2008 Transactions:

The Company has a senior secured credit facility that includes a \$1,750,000 revolving credit facility. Borrowings under the revolving secured credit facility currently bear interest at LIBOR plus 1.50%, if the Company chooses to make LIBOR borrowings, or at Citibank's base rate plus 0.50%. The interest rate can fluctuate depending upon the amount of the revolver availability, as specified in the senior

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

11. Indebtedness and Credit Agreement (Continued)

secured credit facility. The Company is required to pay fees of 0.25% per annum on the daily unused amount of the revolving credit facility. The amounts drawn on the revolving credit facility become due and payable in September 2010.

The Company's ability to borrow under the revolving credit facility is based upon a specified borrowing base consisting of inventory and prescription files. At March 1, 2008, the Company had \$849,000 of borrowings outstanding under the revolving credit facility. At March 1, 2008, the Company also had letters of credit outstanding against the revolving credit facility of \$184,780, which gave the Company additional borrowing capacity under the revolving credit facility of \$716,221.

However, the Company's 8.125% senior secured notes due May 2010 and its 7.5% senior secured notes due March 2015 limit the amount of secured debt the Company may incur in such a manner that we cannot fully draw on our revolver. This lien limitation is based upon the amount of outstanding inventory and accounts receivable that the Company has available under the borrowing base calculations in the note indentures and is more restrictive than the secured debt incurrence availability in the same note indentures. As of March 1, 2008, the lien limitations under the 8.125% senior secured notes due May 2010 and the 7.5% senior secured notes due March 2015 limited borrowing capacity under the revolver to approximately \$441,570 at March 1, 2008. The Company currently has an outstanding consent solicitation to the holders of the 8.125% senior secured notes due May 2010 and the 7.5% senior secured notes due March 2015 to amend the note indentures which would allow us to incur an additional \$320,000 of secured debt and thereby eliminate a mismatch between the debt and lien covenants in such indentures.

In November 2006, the Company entered into an amendment of its senior secured credit facility to permit the closing of the acquisition of Brooks Eckerd. Pursuant to the terms of the senior secured credit facility amendment, the Company borrowed \$145,000 under a senior secured term loan. Proceeds from the borrowings under this senior secured term loan (the "Tranche 1 Term Loans") were used to pay amounts outstanding under the revolving credit facility.

The Tranche 1 Term Loans currently bear interest at LIBOR plus 1.50%, if the Company chooses to make LIBOR borrowings, or at Citibank's base rate plus 0.50%. The interest rate can fluctuate depending on the amount of availability under the Company's revolving credit facility, as specified in the senior secured credit facility. The amounts outstanding under the Tranche 1 Term Loans become due and payable on September 30, 2010, or earlier, if there is a shortfall in the Company's borrowing base under its revolving credit facility.

On June 4, 2007, the Company amended its senior secured credit facility to establish a new senior secured term loan in the aggregate principal amount of \$1,105,000 and borrowed the full amount thereunder. A portion of the proceeds from the borrowings under this senior secured term loan (the "Tranche 2 Term Loans") were used to fund the acquisition of Brooks Eckerd. The Tranche 2 Term Loans will mature on June 4, 2014 and currently bears interest at LIBOR plus 1.75%, if the Company chooses to make LIBOR borrowings, or at Citibank's base rate plus 0.75%. The Company must make mandatory prepayments of the Tranche 2 Term Loans with the proceeds of asset dispositions (subject to certain limitations), with a portion of any excess cash flow generated by the Company and with the proceeds of certain issuances of equity and debt (subject to certain exceptions). If at any time there is a

RITE AID CORPORATION AND SUBSIDIARIES

(In thousands, except per share amounts)

11. Indebtedness and Credit Agreement (Continued)

shortfall in the Company's borrowing base under the Company's revolving credit facility, prepayment of the Tranche 2 Term Loans may also be required.

The senior secured credit facility allows the Company to have outstanding, at any time, up to \$1,500,000 in secured second priority debt and unsecured debt in addition to borrowings under the senior secured credit facility and existing indebtedness, provided that not in excess of \$750,000 of such secured second priority debt and unsecured debt shall mature or require scheduled payment of principal prior to three months after September 30, 2014. The senior secured credit facility allows the Company to incur an unlimited amount of unsecured debt with a maturity beyond three months after September 30, 2014. The senior secured facility also allows for the repurchase of any debt with a maturity on or before June 4, 2014, and for the repurchase of debt with a maturity after June 4, 2014, if the Company maintains availability on the revolving credit facility of at least \$100,000.

The senior secured credit facility contains covenants, which place restrictions on the incurrence of debt beyond the restrictions described above, the payments of dividends, mergers and acquisitions and the granting of liens. The senior secured credit facility also requires the Company to maintain a minimum fixed charge coverage ratio, but only if availability on the revolving credit facility is less than \$100,000.

The senior secured credit facility provides for events of default including nonpayment, misrepresentation, breach of covenants and bankruptcy. It is also an event of default if the Company fails to make any required payment on debt having a principal amount in excess of \$50,000 or any event occurs that enables, or which with the giving of notice or the lapse of time would enable, the holder of such debt to accelerate the maturity of such debt.

Other Transactions

On June 4, 2007 the Company incurred \$1,220,000 aggregate principal amount of senior notes. The issue consisted of \$410,000 of 9.375% senior notes due 2015 and \$810,000 of 9.5% senior notes due 2017. The Company's obligations under each series of notes are fully and unconditionally guaranteed, jointly and severally, by all of the Company's subsidiaries that guarantee its obligations under the existing senior secured credit facility and other outstanding senior secured notes. The notes are unsecured, unsubordinated obligations of Rite Aid Corporation and rank equally in right of payment with all of the Company's other unsecured, unsubordinated debt. The indentures governing the notes contain covenants that limit the Company's ability and the ability of its restricted subsidiaries to, among other things, incur additional debt, pay dividends or make other restricted payments, purchase, redeem or retire capital stock or subordinated debt, make asset sales, enter into transactions with affiliates, incur liens, enter into sale-leaseback transactions, provide subsidiary guarantees, make investments and merge or consolidate with any other persons.

2007 Transactions:

In February 2007, the Company issued \$500,000 aggregate principal amount of 7.5% senior secured notes due 2017. These notes are unsubordinated obligations of Rite Aid Corporation and rank equally in right of payment with all other unsubordinated indebtedness. The Company's obligations

RITE AID CORPORATION AND SUBSIDIARIES

(In thousands, except per share amounts)

11. Indebtedness and Credit Agreement (Continued)

under the notes are guaranteed, subject to certain limitations, by subsidiaries that guarantee the obligations under its senior secured credit facility. The guarantees are secured, subject to the permitted liens, by shared second priority liens, with holders of our 8.125% senior secured notes due 2010 and our 7.5% senior secured notes due 2015, granted by subsidiary guarantors on all their assets that secure the obligations under the senior secured credit facility, subject to certain exceptions. The indenture governing the 7.5% senior secured notes due 2017 contains covenant provisions that, among other things, include limitations on the Company's ability to pay dividends, make investments or other restricted payments, incur debt, grant liens, sell assets and enter into sale-leaseback transactions. Proceeds from this offering were used to repay outstanding borrowings on the Company's revolving credit facility and to fund the redemption of the Company's 9.5% senior secured notes due 2011, by deposit into an escrow fund with an independent trustee. Per the terms of the indenture that governed the 9.5% senior secured notes due 2011, the Company paid a premium to the noteholders of 104.75% of par. The Company recorded a loss on debt modification of \$18,662 related to the early redemption of the 9.5% senior secured notes due 2011, which included the call premium and unamortized debt issue costs on the notes.

In February 2007, the Company issued \$500,000 aggregate principal amount of 8.625% senior notes due 2015. These notes are unsecured. The indenture governing the 8.625% senior notes due 2015 contains provisions that, among other things, include limitations on the Company's ability to pay dividends, make investments or other restricted payments, incur debt, grant liens, sell assets and enter into sale-leaseback transactions. The 8.625% senior notes due 2015 are guaranteed, subject to certain limitations, by subsidiaries that guarantee the obligations under the senior secured credit facility. Proceeds from the issuance of the notes were used to repay borrowings under the Company's revolving credit facility.

In January 2007, the Company paid at maturity the remaining outstanding principal amount of \$184,074 of the Company's 7.125% notes due January 2007. This payment was funded with borrowings under the revolving credit facility.

In December 2006, the Company paid at maturity the remaining outstanding principal amount of \$250,000 of its 4.75% convertible notes due December 2006. This payment was funded with borrowings under the revolving credit facility.

In September 2006, the Company completed the early redemption of all of its outstanding \$142,025 of its 12.5% senior secured notes due September 2006. This payment was funded with borrowing under the revolving credit facility, which were subsequently repaid with borrowings of the Tranche 1 term loans.

2006 Transactions:

On December 15, 2005, the Company paid at maturity the remaining outstanding principal amount of \$38,000 of the Company's 6.0% fixed-rate senior notes due December 2005.

RITE AID CORPORATION AND SUBSIDIARIES

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

11. Indebtedness and Credit Agreement (Continued)

On July 15, 2005, the Company completed the early redemption of all of the Company's \$150,000 aggregate principal amount of 11.25% notes due July 2008 at the Company's contractually determined early redemption price of 105.625% plus accrued interest. The Company funded the redemption with borrowings under the Company's receivable securitization agreements. The Company recorded a loss on debt modification of \$9,200 related to this transaction.

On April 15, 2005 the Company paid at maturity the remaining outstanding principal amount of \$170,500 of the Company's 7.625% senior notes due April 2005.

Other:

The annual weighted average interest rate on the Company's indebtedness was 7.5%, 7.6%, and 7.4% for fiscal 2008, 2007, and 2006, respectively.

The aggregate annual principal payments of long-term debt for the five succeeding fiscal years are as follows: 2009 \$158,757; 2010 \$11,236; 2011 \$1,363,737; 2012 \$11,248 and \$4,224,284 in 2013 and thereafter. The Company is in compliance with restrictions and limitations included in the provisions of various loan and credit agreements.

Substantially all of Rite Aid Corporation's wholly-owned subsidiaries guarantee the obligations under the senior secured credit facility. The subsidiary guarantees of the senior secured credit facility are secured by a first priority lien on, among other things the inventory and prescription files of the subsidiary guarantors. Rite Aid Corporation is a holding company with no direct operations and is dependent upon dividends, distributions and other payments from its subsidiaries to service payments due under the senior secured credit facility. The 8.125% senior secured notes due 2010, the 7.5% senior secured notes due 2015 and the 7.5% senior secured notes due 2017 are guaranteed by substantially all of the Company's wholly-owned subsidiaries, which are the same subsidiaries that guarantee the senior secured credit facility and are secured on a second priority basis by the same collateral as the senior secured credit facility. The 9.25% senior notes due 2013, the 8.625% senior notes due 2015, the 9.375% senior notes due 2015 and the 9.5% senior notes due 2017 are also guaranteed by substantially all of the Company's wholly-owned subsidiaries.

The subsidiary guarantees related to the Company's senior secured credit facility and on an unsecured basis the guaranteed indentures are full and unconditional and joint and several, and there are no restrictions on the ability of the parent to obtain funds from its subsidiaries. Also, the parent company has no independent assets or operations, and subsidiaries not guaranteeing the credit facility and applicable indentures are minor. Accordingly, condensed consolidating financial information for the parent and subsidiaries is not presented.

12. Leases

The Company leases most of its retail stores and certain distribution facilities under noncancellable operating and capital leases, most of which have initial lease terms ranging from five to 22 years. The Company also leases certain of its equipment and other assets under noncancellable operating leases with initial terms ranging from 3 to 10 years. In addition to minimum rental payments, certain store

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

12. Leases (Continued)

leases require additional payments based on sales volume, as well as reimbursements for taxes, maintenance and insurance. Most leases contain renewal options, certain of which involve rent increases. Total rental expense, net of sublease income of \$10,331, \$7,725, and \$7,534, was \$863,801, \$586,776 and \$569,269 in fiscal 2008, 2007, and 2006, respectively. These amounts include contingent rentals of \$35,932, \$30,786 and \$31,345 in fiscal 2008, 2007, and 2006, respectively.

During fiscal 2008, the Company sold 22 owned stores to several independent third parties. Proceeds from these sales totaled \$93,252. The Company entered into agreements to lease these stores back from the purchasers over minimum lease terms of 20 years. Fourteen leases are being accounted for as operating leases and 8 are being accounted for under the financing method as of March 1, 2008, as these lease agreements contain a clause that allows the buyer to force the Company to repurchase the property under certain conditions. Gains on these transactions of \$8,015 have been deferred and are being recorded over the related minimum lease terms. Losses of \$271, which relate to certain stores in these transactions, were recorded as losses on the sale of assets and investments for the year ended March 1, 2008.

During fiscal 2007, the Company sold a total of 29 owned stores to independent third parties. Proceeds from these sales totaled \$82,090. The Company entered into agreements to lease the stores back from the purchasers over minimum lease terms of 20 years. Twenty-four leases were accounted for as operating leases and the remaining five leases were accounted for using the financing method, as these lease agreements contained a clause that allowed the buyer to force the Company to purchase the properties under certain conditions. Subsequent to March 3, 2007, the clause that allowed the buyer to force the Company to repurchase the properties lapsed on four of the five leases. Therefore, these leases are now accounted for as operating leases. The Company recorded a capital lease obligation of \$3,029 related to the remaining leases.

During fiscal 2006, the Company sold a total of 32 owned stores to independent third parties. Proceeds from these sales totaled \$85,308. The Company entered into agreements to lease the stores back from the purchasers over minimum lease terms of 20 years. Thirty leases were accounted for as operating leases and the remaining two leases were accounted for using the financing method, as these lease agreements contained a clause that allowed the buyer to force the Company to purchase the properties under certain conditions. Subsequent to March 4, 2006, the clause that allowed the buyer to force the Company to repurchase the properties lapsed on one of the two leases. Therefore, this lease is now accounted for as operating lease. The Company recorded a capital lease obligation of \$2,324 related to the remaining lease.

(In thousands, except per share amounts)

12. Leases (Continued)

The net book values of assets under capital leases and sale-leasebacks accounted for under the financing method at March 1, 2008 and March 3, 2007 are summarized as follows:

	2008	2007
Land	\$ 16,193	\$ 7,670
Buildings	193,361	181,433
Leasehold improvements	6,654	6,238
Equipment	29,878	17,263
Accumulated depreciation	(90,687)	(79,316)
	<u>\$ 155,399</u>	<u>\$ 133,288</u>

Following is a summary of lease finance obligations at March 1, 2008 and March 3, 2007:

	2008	2007
Obligations under capital leases	\$ 170,116	\$ 169,375
Sale-leaseback obligations	46,147	20,286
Less current obligation	(26,837)	(15,540)
	<u>\$ 189,426</u>	<u>\$ 174,121</u>

Following are the minimum lease payments for all properties under a lease agreement, net of sublease income, that will have to be made in each of the years indicated based on non-cancelable leases in effect as of March 1, 2008:

Fiscal year	Lease Financing Obligations	Operating Leases
2009	43,374	967,181
2010	25,617	970,378
2011	25,592	923,729
2012	25,496	870,054
2013	25,386	820,165
Later years	187,034	6,573,665
	<u>332,499</u>	<u>11,125,172</u>
Amount representing interest	(116,236)	
	<u>216,263</u>	

13. Redeemable Preferred Stock

In March 1999 and February 1999, Rite Aid Lease Management Company, a wholly owned subsidiary of the Company, issued 63,000 and 150,000 shares of Cumulative Preferred Stock, Class A, par value \$100 per share, respectively. The Class A Cumulative Preferred Stock is

Edgar Filing: RITE AID CORP - Form 10-K

mandatorily redeemable on April 1, 2019 at a redemption price of \$100 per share plus accumulated and unpaid

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

13. Redeemable Preferred Stock (Continued)

dividends. The Class A Cumulative Preferred Stock pays dividends quarterly at a rate of 7.0% per annum of the par value of \$100 per share when, as and if declared by the Board of Directors of Rite Aid Lease Management Company in its sole discretion. The amount of dividends payable in respect of the Class A Cumulative Preferred Stock may be adjusted under certain events. The outstanding shares of the Class A Preferred Stock were recorded at their estimated fair value of \$19,253 for the fiscal 2000 issuances, which equaled the sale price on the date of issuance. Because the fair value of the Class A Preferred Stock was less than the mandatory redemption amount at issuance, periodic accretions to stockholders' equity using the interest method are made so that the carrying amount equals the redemption amount on the mandatory redemption date. Accretion was \$102 in fiscal 2008, 2007 and 2006. The amount of this instrument is \$20,174 and \$20,072 and is recorded in Other Non-Current Liabilities as of March 1, 2008 and March 3, 2007, respectively.

14. Capital Stock

As of March 1, 2008, the authorized capital stock of the Company consists of 1,500,000 shares of common stock and 20,000 shares of preferred stock, each having a par value of \$1.00 per share. Preferred stock is issued in series, subject to terms established by the Board of Directors.

In fiscal 2006, the Company issued 4,820 shares of Series I Mandatory Convertible Preferred Stock ("Series I preferred stock") at an offering price of \$25 per share. Dividends on the Series I preferred stock are \$1.38 per share per year, and are due and payable on a quarterly basis in either cash or common stock or a combination of both at the Company's election. The Series I preferred stock will automatically convert into common stock on November 17, 2008 at a rate that is dependent upon the adjusted applicable market value of the Company's common stock (as defined in the Series I Certificate of Designations). If the adjusted applicable market value of the Company's common stock is \$5.30 a share or higher at the conversion date, then the Series I preferred stock is convertible at a rate of 4.7134 share of the Company's common stock for every share of Series I preferred stock outstanding. If the adjusted applicable market value of the Company's common stock is less than or equal to \$4.42 per share at the conversion date, then the Series I preferred stock is convertible at a rate of 5.6561 shares of the Company's common stock for every share of Series I preferred stock outstanding. If the adjusted applicable market value of the Company's common stock is between \$4.42 per share and \$5.30 per share at the conversion date, then the Series I preferred stock is convertible into common stock at a rate that is between 4.7134 and 5.6561 per share. The holder may convert shares of the Series I preferred stock into common stock at any time prior to the mandatory conversion date at the rate of 4.7134 per share. The Series I preferred stock is also convertible at the Company's option, but only if the adjusted applicable market value of the Company's common stock exceeds \$9.55. If the Company is subject to a cash acquisition (as defined in the Certificate of Designations) prior to the mandatory conversion date, the holder may elect to convert the shares of Series I preferred stock into shares of common stock using a conversion rate set forth in the Certificate Designations. The holder will also receive a payment equal to the present value of all scheduled dividends through the mandatory conversion date.

Proceeds from the issuance of the Series I preferred stock, along with borrowings under the revolver, were used to redeem all shares of the Company's Series F preferred stock, at 105% of the

14. Capital Stock (Continued)

liquidation preference of \$100 share. The Company paid a premium to redeem the Series F preferred stock of \$5,883, which was recorded as an increase to the accumulated deficit in the year ended March 4, 2006. This premium reduces net income available to common stockholders for fiscal 2006. The Company's Series F preferred stock was held by Green Equity Investors, III, L.P., a related party of the Company.

During the fourth quarter of fiscal 2005, the Company issued 2,500 shares of Series E Mandatory Convertible preferred stock ("Series E preferred stock") at an offering price of \$49 per share. Dividends on the Series E preferred stock were \$3.50 per share per year, and were due and payable on a quarterly basis beginning on May 2, 2005. The dividends were payable in either cash or common stock or a combination thereof at our election. The Series E preferred stock automatically converted into common stock on February 1, 2008 at a rate of 14.006 shares as determined by the adjusted applicable market value of the Company's common stock (as defined in the Series E preferred stock agreement at the date of conversion). The series E conversion resulted in the issuance of 35,014 shares of Rite Aid common stock to the holders of the Series E preferred stock.

The Company also has outstanding Series G and Series H preferred stock. The Series G preferred stock has a liquidation preference of \$100 per share and pays quarterly dividends at 7% of liquidation preference. The Series G preferred stock can be redeemed at the Company's election after January 2009. The Series H preferred stock pays dividends of 6% of liquidation preference and can be redeemed at the Company's election after January 2010. All dividends can be paid in either cash or in additional shares of preferred stock, at the election of the Company. Any redemptions are at 105% of the liquidations preference of \$100 per share, plus accrued and unpaid dividends. The Series G, and H shares are all convertible into common stock of the Company, at the holder's option, at a conversion rate of \$5.50 per share.

15. Stock Option and Stock Award Plans

As disclosed in Note 1, effective March 5, 2006, the Company adopted SFAS No. 123(R), "Share-Based Payment" using the modified prospective transition method. Expense is recognized over the requisite service period of the award, net of an estimate for the impact of forfeitures. Operating results for fiscal 2008, 2007 and 2006 include \$40,439, \$22,331, and \$20,261 of compensation costs related to the Company's stock-based compensation arrangements.

The Company reserved 22,000 shares of its common stock for the granting of stock options and other incentive awards to officers and key associates under the 1990 Omnibus Stock Incentive Plan (the 1990 Plan), which was approved by the shareholders. Options may be granted, with or without stock appreciation rights ("SAR"), at prices that are not less than the fair market value of a share of common stock on the date of grant. The exercise of either a SAR or option automatically will cancel any related option or SAR. Under the 1990 Plan, the payment for SARs will be made in shares, cash or a combination of cash and shares at the discretion of the Compensation Committee.

In November 1999, the Company adopted the 1999 Stock Option Plan (the 1999 Plan), under which 10,000 shares of common stock are authorized for the granting of stock options at the discretion of the Board of Directors.

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

15. Stock Option and Stock Award Plans (Continued)

In December 2000, the Company adopted the 2000 Omnibus Equity Plan (the 2000 Plan) under which 22,000 shares of common stock are reserved for granting of restricted stock, stock options, phantom stock, stock bonus awards and other stock awards at the discretion of the Board of Directors.

In February 2001, the Company adopted the 2001 Stock Option Plan (the 2001 Plan) which was approved by the shareholders under which 20,000 shares of common stock are authorized for granting of stock options at the discretion of the Board of Directors.

In April 2004, the Board of Directors adopted the 2004 Omnibus Equity Plan, which was approved by the shareholders. Under the plan, 20,000 shares of common stock are authorized for granting of restricted stock, stock options, phantom stock, stock bonus awards and other equity based awards at the direction of the Board of Directors.

In January 2007, the stockholders of Rite Aid Corporation approved the adoption of the Rite Aid Corporation 2006 Omnibus Equity Plan. Under the plan, 50,000 shares of Rite Aid common stock are available for granting of restricted stock, stock options, phantom stock, stock bonus awards and other equity based awards at the discretion of the Board of Directors. The adoption of the 2006 Omnibus Equity Plan became effective upon the closing of the acquisition.

All of the plans provide for the Board of Directors (or at its election, the Compensation Committee) to determine both when and in what manner options may be exercised; however, it may not be more than 10 years from the date of grant. All of the plans provide that stock options may be granted at prices that are not less than the fair market value of a share of common stock on the date of grant. The aggregate number of shares authorized for issuance for all plans is 104,947 as of March 1, 2008.

The Company has issued options to certain senior executives pursuant to their individual employment contracts. These options were not issued out of the plans listed above, but are included in the option tables herein. As of March 1, 2008, 6,163 of these options remain outstanding.

Stock Options

The Company determines the fair value of stock options issued on the date of grant using the Black-Scholes-Merton option-pricing model. The following assumptions were used for options granted in fiscal 2008, 2007 and 2006:

	<u>2008</u>	<u>2007</u>	<u>2006</u>
Expected stock price volatility	52%	56%	59%
Expected dividend yield	0.00%	0.0%	0.0%
Risk-free interest rate	4.96%	4.99%	4.04%
Expected option life	5.5 years	5.5 years	4.0 years

The weighted average fair value of options granted during fiscal 2008, 2007, and 2006 was \$3.20, \$2.47, and \$1.99, respectively.

15. Stock Option and Stock Award Plans (Continued)

Following is a summary of stock option transactions for the fiscal years ended March 1, 2008, March 3, 2007, and March 4, 2006:

	Shares	Weighted Average Exercise Price Per Share	Weighted Average Remaining Contractual Term	Aggregate Intrinsic Value
Outstanding at February 26, 2005	64,931	4.78		
Granted	7,678	4.05		
Exercised	(4,206)	2.75		
Cancelled	(5,685)	5.93		
Outstanding at March 4, 2006	62,718	4.72		
Granted	6,793	4.43		
Exercised	(5,916)	3.44		
Cancelled	(2,999)	9.05		
Outstanding at March 3, 2007	60,596	4.60		
Granted	10,744	6.01		
Exercised	(4,135)	3.09		
Cancelled	(2,543)	6.66		
Outstanding at March 1, 2008	64,662	4.85	5.08	\$ 2,642
Vested or expected to vest at March 1, 2008	59,655	4.83	4.83	\$ 2,642
Exercisable at March 1, 2008	47,642	4.68	3.82	\$ 2,638

As of March 1, 2008, there was \$33,365 of total unrecognized pre-tax compensation costs related to unvested stock options, net of forfeitures. These costs are expected to be recognized over a weighted average period of 2.76 years.

Cash received from stock option exercises for fiscal 2008, 2007, and 2006 was \$12,764, \$20,386, and \$11,562 respectively. There was no income tax benefit from stock options for fiscal year 2008. The income tax benefits from stock option exercises totaled \$4,202 and \$2,976 for fiscal 2007 and 2006, respectively. The total intrinsic value of stock options exercised for fiscal 2008, 2007, and 2006 was \$12,705, \$12,346, and \$5,229, respectively.

Restricted Stock

The Company provides restricted stock grants to associates under plans approved by the stockholders. Shares awarded under the plans vest in installments up to three years and unvested shares are forfeited upon termination of employment. Additionally, vesting of 577 shares awarded to certain senior executives is conditional upon the Company meeting specified performance targets. Following is

a summary of restricted stock transactions for the fiscal years ended March 1, 2008, March 3, 2007, and March 4, 2006:

	Shares	Weighted Average Grant Date Fair Value
Balance at February 26, 2005	4,471	4.37
Granted	4,546	4.05
Vested	(905)	3.92
Cancelled	(2,377)	4.83
	<hr/>	<hr/>
Balance at March 4, 2006	5,735	4.00
Granted	5,139	4.37
Vested	(1,899)	4.02
Cancelled	(973)	4.18
	<hr/>	<hr/>
Balance at March 3, 2007	8,002	4.21
Granted	7,542	5.94
Vested	(4,004)	4.12
Cancelled	(1,568)	5.25
	<hr/>	<hr/>
Balance at March 1, 2008	9,972	5.39
	<hr/>	<hr/>

Compensation expense related to all restricted stock grants is being recorded over a three year vesting period of these grants. At March 1, 2008, there was \$33,348 of total unrecognized pre-tax compensation costs related to unvested restricted stock grants, net of forfeitures. These costs are expected to be recognized over a weighted average period of 1.98 years.

The total fair value of restricted stock vested during fiscal years 2008, 2007, and 2006 was \$16,488, \$7,632, and \$3,548, respectively.

16. Retirement Plans

Defined Contribution Plans

The Company and its subsidiaries sponsor several retirement plans that are primarily 401(k) defined contribution plans covering nonunion associates and certain union associates. The Company does not contribute to all of the plans. Per those plan provisions, the Company matches 100% of a participant's pretax payroll contributions, up to a maximum of 3% of such participant's pretax annual compensation. Thereafter, the Company will match 50% of the participant's additional pretax payroll contributions, up to a maximum of 2% of such participant's additional pretax annual compensation. Total expenses recognized for the above plans was \$56,318 in fiscal 2008, \$34,524 in fiscal 2007 and \$32,633 in fiscal 2006.

The Chairman of the Board, President and Chief Executive Officer and a member of the Board of Directors are entitled to supplemental retirement defined contribution arrangements in accordance with

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

16. Retirement Plans (Continued)

their employment agreements, which vest immediately. The Company makes investments to fund these obligations. Other officers, who are not participating in the defined benefit nonqualified executive retirement plan, are included in a supplemental retirement plan, which is a defined contribution plan that is subject to a five year graduated vesting schedule. The expense recognized for these plans was \$3,180 in fiscal 2008, \$7,294 in fiscal 2007, and \$4,862 in fiscal 2006.

Defined Benefit Plans

The Company and its subsidiaries also sponsor a qualified defined benefit pension plan that requires benefits to be paid to eligible associates based upon years of service and, in some cases, eligible compensation. The Company's funding policy for the Rite Aid Pension Plan (The "Defined Benefit Pension Plan") is to contribute the minimum amount required by the Employee Retirement Income Security Act of 1974. However, the Company may, at its sole discretion, contribute additional funds to the plan. The Company made discretionary contributions of \$10,100 in fiscal 2008, \$10,700 in fiscal 2007, and \$8,100 in fiscal 2006.

The Company has established the nonqualified executive retirement plan for certain officers who, pursuant to their employment agreements, are not participating in the defined contribution supplemental retirement plan. Generally, eligible participants receive an annual benefit, payable monthly over fifteen years, equal to a percentage of the average of the three highest annual base salaries paid or accrued for each participant within the ten fiscal years prior to the date of the event giving rise to payment of the benefit. This defined benefit plan is unfunded.

On March 3, 2007, the last day of the 2007 fiscal year, the Company adopted the provisions of SFAS No. 158, "Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans - an amendment of FASB Statements No. 87, 88, 106 and 132(R)". This standard requires an employer to recognize the overfunded or underfunded status of a defined benefit postretirement plan as an asset or liability on the balance sheet and to recognize changes in the funded status in the year in which the changes occur through other comprehensive income.

The initial incremental recognition of the funded status under SFAS No. 158 is recognized as an adjustment to accumulated other comprehensive loss as of March 3, 2007. The cumulative effect of adopting the provisions of SFAS No. 158 as of March 3, 2007 was not material to the consolidated financial statements. Subsequent changes in the funded status that are not included in net periodic benefit cost will be reflected as a component of other comprehensive loss.

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

16. Retirement Plans (Continued)

The estimated net actuarial loss and prior service cost amounts that will be amortized from accumulated other comprehensive loss into net periodic pension expense in fiscal 2009 are \$427 and \$997, respectively.

The accumulated benefit obligation for the defined benefit pension plan was \$91,786 and \$98,083 as of March 1, 2008 and March 3, 2007, respectively. The accumulated benefit obligation for the nonqualified executive retirement plan was \$19,555 and \$21,066 as of March 1, 2008 and March 3, 2006, respectively.

The significant actuarial assumptions used for all defined benefit plans to determine the benefit obligation as of March 1, 2008, March 3, 2007, and March 4, 2006 were as follows:

	Defined Benefit Pension Plan			Nonqualified Executive Retirement Plan		
	2008	2007	2006	2008	2007	2006
Discount rate	6.50%	5.75%	5.50%	6.50%	5.75%	5.50%
Rate of increase in future compensation levels	5.00	5.00	5.00	3.00	3.00	3.00

Weighted average assumptions used to determine net cost for the fiscal years ended March 1, 2008, March 3, 2007 and March 4, 2006 were:

	Defined Benefit Pension Plan			Nonqualified Executive Retirement Plan		
	2008	2007	2006	2008	2007	2006
Discount rate	5.75%	5.50%	5.75%	5.75%	5.50%	5.75%
Rate of increase in future compensation levels	5.00	5.00	5.00	3.00	3.00	3.00
Expected long-term rate of return on plan assets	7.75	7.75	7.75	N/A	N/A	N/A

To develop the expected long-term rate of return on assets assumption, the Company considered the historical returns and the future expectations for returns for each asset class, as well as the target asset allocation of the pension portfolio. This resulted in the selection of the 7.75% long-term rate of return on plan assets assumption for fiscal 2008, 2007 and 2006.

The Company's pension plan asset allocations at March 1, 2008 and March 3, 2007 by asset category were as follows:

	March 1, 2008	March 3, 2007
Equity securities	59%	60%
Fixed income securities	41%	40%
Total	100%	100%

RITE AID CORPORATION AND SUBSIDIARIES

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

16. Retirement Plans (Continued)

The investment objectives of the Defined Benefit Pension Plan, the only defined benefit plan with assets, are to:

Achieve a rate of return on investments that exceeds inflation over a full market cycle and is consistent with actuarial assumptions;

Balance the correlation between assets and liabilities by diversifying the portfolio among various asset classes to address return risk and interest rate risk;

Balance the allocation of assets between the investment managers to minimize concentration risk;

Maintain liquidity in the portfolio sufficient to meet plan obligations as they come due; and

Control administrative and management costs.

The asset allocation established for the pension investment program reflects the risk tolerance of the Company, as determined by:

The current and anticipated financial strength of the Company;

the funded status of the plan; and

plan liabilities.

Investments in both the equity and fixed income markets will be maintained, recognizing that historical results indicate that equities (primarily common stocks) have higher expected returns than fixed income investments. It is also recognized that the correlation between assets and liabilities must be balanced to address higher volatility of equity investments (return risk) and interest rate risk.

The following targets are to be applied to the allocation of plan assets.

Category	Target Allocation
U.S. equities	45%
International equities	15%
U.S. fixed income	40%
Total	100%

The Company expects to contribute \$4,500 to the Defined Benefit Pension Plan and \$2,412 to the nonqualified executive retirement plan during fiscal 2009.

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

16. Retirement Plans (Continued)

Following are the future benefit payments expected to be paid for the Defined Benefit Pension Plan and the nonqualified executive retirement plan during the years indicated:

Fiscal Year	Defined Benefit Pension Plan	Nonqualified Executive Retirement Plan
2009	\$ 5,137	\$ 2,412
2010	5,360	2,397
2011	5,644	1,802
2012	5,726	1,794
2013	6,074	1,889
2014-2018	33,860	8,508
Total	\$ 61,801	\$ 18,802

Other Plans

The Company participates in various multi-employer union pension plans that are not sponsored by the Company. Total expenses recognized for the multi-employer plans were \$13,341 in fiscal 2008, \$13,326 in fiscal 2007 and \$11,642 in fiscal 2006.

17. Commitments, Contingencies and Guarantees***Legal Proceedings***

The Company is subject from time to time to various claims and lawsuits and governmental investigations arising in the ordinary course of business. Some of these suits purport or have been determined to be class actions and/or seek substantial damages. In the opinion of the Company's management, these matters are adequately covered by insurance or, if not so covered, are without merit or are of such nature or involve amounts that would not have a material adverse effect on its financial conditions, results of operations or cash flows if decided adversely.

Guaranteed Lease Obligations

In connection with certain business dispositions, the Company continues to guarantee lease obligations for 120 former stores. The respective purchasers assume the Company's obligations and are, therefore, primarily liable for these obligations. Assuming that each respective purchaser became insolvent, an event which the Company believes to be highly unlikely, management estimates that it could settle these obligations for amounts substantially less than the aggregate obligation of \$224,286 as of March 1, 2008. The obligations are for varying terms dependent upon the respective lease, the longest of which lasts through February 17, 2024.

In the opinion of management, the ultimate disposition of these guarantees will not have a material effect on the Company's results of operations, financial position or cash flows.

Accrued capital expenditures	\$ 37,344	\$ 54,300	\$ 43,150

19. Related Party Transactions

There were receivables from related parties of \$507 and \$428 at March 1, 2008 and March 3, 2007, respectively.

In connection with the acquisition of Jean Coutu, USA, the Company entered into a transition services agreement with the Jean Coutu Group. Under the terms of this agreement, Jean Coutu Group provides certain information technology, network and support services to the Company. Jean Coutu Group must provide these services to the Company for a minimum period of nine months following the closing date of the Acquisition. The Company has extended the term of the agreement for two additional three month periods and has the option to further extend the term of the agreement for an additional three-month period. The Company recorded an expense of \$4,085 for services provided under this agreement for the year ended March 1, 2008.

During fiscal 2006, proceeds from the issuance of the Company's Series I preferred stock, along with borrowings under the Company's revolving credit facility, were used to redeem all of the Company's Series F preferred stock, which was held by Green Equity Investors, III, L.P., as discussed further in Note 13.

During fiscal 2008, 2007 and 2006, the Company paid Leonard Green & Partners, L.P., fees of \$276, \$334 and \$458, for financial advisory services, respectively. These amounts include expense reimbursements of \$89, \$59 and \$158 for the fiscal years 2008, 2007 and 2006, respectively. Jonathan D. Sokoloff, director, is an equity owners of Leonard Green & Partners, L.P. The Company has entered into a month-to-month agreement with Leonard Green & Partners, L.P., as amended whereby the Company has agreed to pay Leonard Green & Partners, L.P., a monthly fee of \$12.5, paid in arrears, for its consulting services. The consulting agreement also provides for the reimbursement of out-of-pocket expenses incurred by Leonard Green & Partners, L.P.

(1)

Income (loss) per share amounts for each quarter may not necessarily total to the yearly income (loss) per share due to the weighting of shares outstanding on a quarterly and year-to-date basis.

During the fourth quarter of fiscal 2008, the Company recorded an income tax expense of \$894,910 related primarily to the establishment of a valuation allowance against deferred tax assets. The Company recorded store closing and impairment charges of \$43,713. The Company recorded a credit of \$25,259 to record an adjustment to the LIFO reserve, as inflation on pharmacy products was less than estimated in previous

Edgar Filing: RITE AID CORP - Form 10-K

quarters. The Company recorded a gain on the sale of assets in Las Vegas of \$8,100.

During the second quarter of fiscal 2008, the Company recorded a charge of \$12,900 related to commitment fees for bridge financing of the Acquisition that was never utilized.

RITE AID CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

For the Years Ended March 1, 2008, March 3, 2007 and March 4, 2006

(In thousands, except per share amounts)

20. Interim Financial Results (Unaudited) (Continued)

During the fourth quarter of fiscal 2007, the Company recorded a loss on debt modification of \$18,662 related to the early redemption of its 9.5% notes due 2011. The Company recorded \$25,164 in store closing and impairment charges. The Company recorded a total gain of \$17,589 related to the settlement of its claim for Hurricane Katrina with various insurance carriers.

21. Financial Instruments

The carrying amounts and fair values of financial instruments at March 1, 2008 and March 3, 2007 are listed as follows:

	2008		2007	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Variable rate indebtedness	\$ 2,099,000	\$ 1,896,705	\$ 445,000	\$ 445,000
Fixed rate indebtedness	\$ 3,670,262	\$ 2,902,318	\$ 2,465,627	\$ 2,353,634

Cash, trade receivables and trade payables are carried at market value, which approximates their fair values due to the short-term maturity of these instruments.

The following methods and assumptions were used in estimating fair value disclosures for financial instruments:

LIBOR-based borrowings under credit facilities:

The carrying amounts for LIBOR-based borrowings under the credit facilities, term loans and term notes are estimated based on the quoted market price of the financial instruments.

Long-term indebtedness:

The fair values of long-term indebtedness are estimated based on the quoted market prices of the financial instruments. If quoted market prices were not available, the Company estimated the fair value based on the quoted market price of a financial instrument with similar characteristics.

22. Hurricane Katrina

On August 29, 2005, Hurricane Katrina made landfall in Louisiana and proceeded to move through Mississippi and Alabama, causing one of the worst natural disasters in the history of the United States. As a result of this disaster, the Company had to close 14 stores, which resulted in lost inventory and fixed assets. The Company also incurred repair and maintenance charges related to its clean-up efforts. In February 2007, the Company entered into a final binding settlement of its claims under Hurricane Katrina with its insurance carriers. As a result of this settlement, the Company recorded a gain in fiscal 2007 of \$17,589. The portion of this gain related to reimbursement for lost and damaged fixed assets was \$9,442 and was recorded as a gain on sale of assets and investments. The portion relating to reimbursement for lost or damaged inventory was \$2,169 and was recorded as a reduction of costs of goods sold. The portion of this gain related to repair and maintenance and other clean-up charges was \$5,977 and was recorded as a reduction of SG&A.
