SUBJECT TO COMPLETION, DATED SEPTEMBER 10, 2009

PROSPECTUS

United Rentals (North America), Inc.

Offer to Exchange up to

\$500,000,000

**10.875% Senior Notes due 2016
which have been registered under the Securities Act of 1933**

For Any and All Outstanding Unregistered

10.875% Senior Notes due 2016

We are offering to exchange \$500,000,000 aggregate principal amount of our outstanding, unregistered 10.875% Senior Notes due 2016 ("old notes") that you now hold for an equivalent amount of new 10.875% Senior Notes due 2016 ("new notes"). The new notes will be identical in all material respects to the old notes, except that the new notes are registered under the Securities Act of 1933, as amended (the "Securities Act") and there are certain differences relating to transfer restrictions, registration rights and payment of additional interest in case of non-registration. **The exchange offer will expire at 5:00 p.m., New York City time, on , 2009, subject to our right to extend the expiration date.** You must tender your old notes by the deadline to obtain new notes and the liquidity benefits the new notes offer.

Our obligations under the notes will be guaranteed on a senior basis by our parent company, United Rentals, Inc., and, subject to limited exceptions, our current and future domestic subsidiaries. Our foreign subsidiaries will not be guarantors.

For a more detailed description of the notes, see "*Description of the New Notes*".

We agreed with the initial purchasers of the old notes to make this offer and to register the issuance of the new notes after the initial sale of the old notes. This offer applies to any and all old notes tendered by the expiration date of the exchange offer.

We will not list the new notes on any securities exchange.

Each broker-dealer that receives new notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for old notes where such old notes were acquired by such broker-dealer as a result of market-making activities or other trading

activities. We have agreed to use commercially reasonable efforts to amend and supplement this prospectus in order to allow broker-dealers with a prospectus delivery requirement and other persons, if any, with similar prospectus delivery requirements to use this prospectus in connection with the resale of such new notes, for a period commencing on the day the exchange offer is consummated and continuing for 90 days (or such shorter period during which such broker-dealers or such other persons are required by law to deliver such prospectus); provided, however, that if for any day during such period we restrict the use of such prospectus, such period shall be extended on a day-for-day basis. See "*Plan of Distribution*."

Investing in the new notes involves risks. See "*Risk Factors*" beginning on page 12 for a discussion of certain factors you should consider in connection with this exchange offer and an investment in the new notes.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed on the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

Table of Contents

NON-GAAP FINANCIAL MEASURES

We have included certain financial measures in this prospectus, including (1) free cash flow, (2) earnings before interest, taxes, depreciation and amortization ("EBITDA"), and (3) adjusted EBITDA, which are "non-GAAP financial measures" as defined under the rules of the SEC. Free cash flow represents net cash provided by operating activities continuing operations, less purchases of rental and non-rental equipment, plus proceeds from sales of rental and non-rental equipment and excess tax benefits from share-based payment arrangements. EBITDA represents the sum of income (loss) from continuing operations before provision (benefit) for income taxes, interest expense, net, interest expense-subordinated convertible debentures, net, depreciation-rental equipment, goodwill impairment charge, non-rental depreciation and amortization and stock compensation expense, net. Adjusted EBITDA represents EBITDA plus (1) the sum of the charge related to the settlement of the SEC inquiry and the restructuring charge, less (2) the sum of the merger termination benefit and the net foreign currency transaction gain.

Our management believes that: (1) free cash flow provides useful additional information concerning cash flow available to meet future debt service obligations and working capital requirements; and (2) EBITDA and adjusted EBITDA provide useful information about operating performance and period-over-period growth. However, none of these measures should be considered as alternatives to net income or cash flows from operating activities as indicators of operating performance or liquidity.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This prospectus contains or incorporates by reference forward-looking statements. Such statements can be identified by the use of forward-looking terminology such as "believe," "expect," "may," "will," "should," "seek," "on-track," "plan," "project," "forecast," "intend" or "anticipate," or the negative thereof or comparable terminology, or by discussions of vision, strategy or outlook. You are cautioned that our business and operations are subject to a variety of risks and uncertainties, many of which are beyond our control, and, consequently, our actual results may differ materially from those projected by any forward-looking statements. Factors that could cause our actual results to differ materially from those projected include, but are not limited to, the following:

the depth and duration of the current economic downturn and accompanying decreases in North American construction and industrial activities, which have significantly affected revenues and, because certain of our costs are fixed, our profitability, and which may further reduce demand and prices for our products and services in 2009 and beyond;

our highly leveraged capital structure, which requires us to use a substantial portion of our cash flow for debt service and can constrain our flexibility in responding to unanticipated or adverse business conditions;

noncompliance with financial or other covenants in our debt agreements, which could result in our lenders terminating our credit facilities and requiring us to repay outstanding borrowings;

inability to access the capital that our businesses or growth plans may require;

inability to manage credit risk adequately or to collect on contracts with a large number of customers;

the outcome or other potential consequences of pending stockholder lawsuits filed in light of the recently-settled SEC inquiry and purported class action lawsuits relating to the terminated merger agreement with affiliates of Cerberus Capital Management, L.P.;

Table of Contents

incurrence of additional expenses (including indemnification obligations) and other costs in connection with the U.S. Attorney's Office inquiry, other litigation or regulatory or investigatory matters, related to the foregoing or otherwise;

increases in our maintenance and replacement costs as we age our fleet, and decreases in the residual value of our equipment;

inability to sell our used fleet in the amounts, or at the prices, we expect;

the possibility that companies we've acquired or may acquire could have undiscovered liabilities, may strain our management capabilities or may be difficult to integrate;

turnover in our management team and inability to attract and retain key personnel;

rates we can charge and time utilization we can achieve being less than anticipated;

costs we incur being more than anticipated, and the inability to realize expected savings in the amounts or time frames planned;

dependence on key suppliers to obtain equipment and other supplies for our business on acceptable terms;

competition from existing and new competitors;

disruptions in our information technology systems;

the costs of complying with environmental and safety regulations;

labor disputes, work stoppages or other labor difficulties, which may impact our productivity, and potential enactment of new legislation or other changes in law affecting our labor relations or operations generally;

exchange rate fluctuations;

shortfalls in our insurance coverage; and

other factors discussed in the section titled "Item 1A Risk Factors" and elsewhere in our most recent Annual Report on Form 10 K.

We make no commitment to revise or update any forward-looking statements in order to reflect events or circumstances after the date any such statement is made.

Resale of new notes	<p>Based on interpretive letters of the SEC staff to third parties, we believe that you may offer for resale, resell and otherwise transfer the new notes issued pursuant to the exchange offer without compliance with the registration and prospectus delivery provisions of the Securities Act, if you:</p> <ul style="list-style-type: none">are not a broker-dealer that acquired the old notes from us or in market-making transactions or other trading activities;acquire the new notes issued in the exchange offer in the ordinary course of your business;are not participating, and do not intend to participate, and have no arrangement or understanding with any person to participate, in the distribution of the new notes issued in the exchange offer; andare not an "affiliate" of ours, as defined in Rule 405 of the Securities Act. <p>By tendering your notes as described in "<i>The Exchange Offer Procedures for Tendering</i>", you will be making representations to this effect. We will not protect you against any loss incurred as a result of this liability under the Securities Act.</p>

Table of Contents

Restrictions on Sale by Broker-Dealers	If you are a broker-dealer that has received new notes for your own account in exchange for old notes that were acquired as a result of market-making or other trading activities, you must acknowledge that you will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the new notes. A broker-dealer may use this prospectus for a period of 90 days commencing on the day the exchange offer is consummated.
Consequences If You Do Not Exchange Your Old Notes	If you are eligible to participate in the exchange offer and you do not tender your old notes, you will not have any further registration or exchange rights and your old notes will continue to be subject to transfer restrictions. These transfer restrictions and the availability of new notes could adversely affect the trading market for your notes.

Procedures for Tendering Old Notes	If you wish to accept the exchange offer, the following must be delivered to the exchange agent: your old notes by timely confirmation of book-entry transfer through DTC; an agent's message from The Depository Trust Company (the "DTC"), stating that the tendering participant agrees to be bound by the letter of transmittal and the terms of the exchange offer; and all other documents required by the letter of transmittal. The New Notes

This exchange offer applies to any and all outstanding old notes. The terms of the new notes will be essentially the same as the old notes, except that (1) the new notes will not be subject to the restrictions on transfer that apply to the old notes, (2) the new notes will not be subject to the registration rights relating to the old notes, and (3) the new notes will not contain provisions for payment of additional interest in case of non-registration. The new notes issued in this exchange offer will evidence the same debt as the old notes and both series of notes will be entitled to the benefits of the same indenture and treated as a single class of debt securities. In this document, we sometimes refer to the old notes and the new notes together as the "notes".

Issuer	United Rentals (North America), Inc.
Notes Offered	\$500,000,000 aggregate principal amount of 10.875% Senior Notes due 2016.
Maturity	June 15, 2016.
Interest	10.875% per annum, payable semi-annually in cash in arrears, on June 15 and December 15, starting on December 15, 2009.
Ranking	The notes are unsecured senior obligations of URNA and rank equally with all of URNA's existing and future unsecured senior debt and senior to all of URNA's existing and future subordinated debt. The notes effectively rank junior to any of URNA's existing and future secured debt to the extent of the value of the assets securing such debt. As of June 30, 2009, the notes rank (1) equally with approximately \$755 million of URNA's other unsecured senior obligations and (2) effectively junior to approximately \$495 million of URNA's secured obligations, comprising (i) \$333 million of outstanding borrowings of URNA under the ABL facility, (ii) URNA's guarantee obligations in respect of \$119 million of the outstanding borrowings of one of our guarantor subsidiaries under the ABL facility and (iii) \$43 million in capital leases. Separately, most of URNA's U.S. receivable assets have been sold to a bankruptcy remote special purpose entity in connection with our accounts receivable securitization facility (the accounts receivable in the collateral pool being the lender's only source of payment under that facility).

Table of Contents

Guarantees

The notes are guaranteed on an unsecured senior basis by Holdings, and, subject to limited exceptions, URNA's current and future domestic subsidiaries. The guarantees are unsecured senior obligations of the guarantors and rank equally with all of the existing and future unsecured senior debt of the guarantors and senior to all existing and future subordinated debt of the guarantors. The guarantees effectively rank junior to any existing and future secured debt of the guarantors to the extent of the value of the assets securing such debt. The notes will not be guaranteed by URNA's foreign subsidiaries.

As of June 30, 2009, the guarantees rank (1) equally with approximately \$1.02 billion of the guarantors' other unsecured senior obligations, comprising (i) in the case of Holdings, \$263 million of 14% Senior Notes due 2014 and (ii) the guarantors' guarantee obligations in respect of \$755 million of URNA's 6½% Senior Notes due 2012, and (2) effectively junior to approximately \$452 million of the guarantors' secured obligations, comprising their guarantee obligations in respect of our outstanding borrowings under the ABL facility. Therefore, with the exception of \$263 million of unsecured senior indebtedness of Holdings, all of the unsecured senior and secured senior obligations of the guarantors are also obligations of URNA.

The non-guarantor subsidiaries of URNA accounted for approximately \$38 million, or 13%, and \$146 million, or 12%, of our adjusted EBITDA and total revenues, respectively, for the six months ended June 30, 2009. The non-guarantor subsidiaries of URNA accounted for approximately \$705 million, or 18%, and \$256 million, or 6%, of our total assets and total liabilities, respectively, at June 30, 2009.

Optional Redemption

URNA may redeem some or all of the notes, at its option, at any time on or after June 15, 2013, at the redemption prices listed under the section titled "*Description of the New Notes Optional Redemption*," plus accrued and unpaid interest, if any, to the redemption date. At any time prior to June 15, 2013, URNA may redeem some or all of the notes at a price equal to 100% of the aggregate principal amount of the notes to be redeemed, plus a "make-whole" premium and accrued and unpaid interest, if any to the redemption date. In addition, at any time prior to June 15, 2012, URNA may, at its option, on one or more occasions, redeem up to 35% of the aggregate principal amount of the notes with the net cash proceeds of certain equity offerings at a price equal to 110.875% of the aggregate principal amount of the notes plus accrued and unpaid interest, if any, to the redemption date. See "*Description of the New Notes Optional Redemption*."

Summary Historical Consolidated Financial Data

The following table presents our summary historical consolidated financial data for the periods indicated. The historical data for the years ended December 31, 2006, 2007 and 2008 and as of December 31, 2007 and 2008 has been derived from our audited historical consolidated financial statements and the notes to those statements, which are included in our most recent Annual Report on Form 10-K and incorporated by reference herein. Certain reclassifications of prior years' amounts have been made to conform to the current year's presentation. The historical data as of December 31, 2006 has been derived from our audited historical consolidated financial statements and the notes to those statements, which are not incorporated by reference herein. The historical data as of and for the six months ended June 30, 2008 and 2009 has been derived from our unaudited historical consolidated financial statements and the notes to those statements, which are included in our most recent Quarterly Report on Form 10-Q and incorporated by reference herein and which have been prepared on a basis consistent with our annual consolidated financial statements. In the opinion of management, such unaudited financial data reflects all adjustments, consisting only of normal and recurring adjustments, necessary for fair presentation of the results for the periods presented. The results of operations for the six months ended June 30, 2009 are not necessarily indicative of the results to be expected for the full year or any future period. Our revenues, operating results and financial condition fluctuate from quarter to quarter, reflecting the seasonal rental patterns of our customers, with rental activity tending to be lower in the winter.

Our historical financial data is not necessarily indicative of our future performance. Because the data in this table is only a summary and does not provide all of the data contained in our financial statements, the information should be read in conjunction with the sections titled, "*Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations*" and the financial statements and related notes thereto in our most recent Annual Report on Form 10-K, and "*Item 2 Management's Discussion and Analysis of Financial Condition and Results of Operations*" and the financial statements and notes thereto in our most recent Quarterly Report on Form 10-Q.

- (1) During the fourth quarter of 2008, with the assistance of a third party valuation firm and in connection with the preparation of our year-end financial statements, we recognized an aggregate non-cash goodwill impairment charge of \$1.1 billion related to certain reporting units within our general rentals segment. The charge reflects the challenges of the current construction cycle, as well as the broader economic and credit environment. Substantially all of the impairment charge relates to goodwill arising out of acquisitions we made between 1997 and 2000.
- (2) In December 2006, we entered into a definitive agreement to sell our traffic control business to HTS Acquisition, Inc., an entity formed by affiliates of private equity investors Wynnchurch Capital Partners and Oak Hill Special Opportunities Fund, L.P. In connection with this transaction, we recorded an after-tax loss on sale in 2006 of \$24 million. The transaction closed in February 2007 and we received net proceeds of \$66 million. The results of operations of our traffic control business were reported within discontinued operations.

EBITDA represents the sum of income (loss) from continuing operations before provision (benefit) for income taxes, interest expense, net, interest expense-subordinated convertible debentures, net, depreciation-rental equipment, goodwill impairment charge, non-rental depreciation and amortization and stock compensation expense, net. Adjusted EBITDA represents EBITDA plus (i) the sum of the charge related to the settlement of the SEC inquiry and the restructuring charge less (ii) the sum of the merger termination benefit and the net foreign currency transaction gain. Management believes EBITDA and adjusted EBITDA provide useful information about operating performance and period-over-period growth. However, EBITDA and adjusted EBITDA are not measures of financial performance or liquidity under GAAP and, accordingly, should not be considered as alternatives to net income or cash flow from operating activities as indicators of operating performance or liquidity. The table below provides a reconciliation between income (loss) from continuing operations before provision (benefit) for income taxes and EBITDA and adjusted EBITDA.

During 2007, we received \$100 million following the termination of our merger agreement with certain affiliates of Cerberus Capital Management, L.P. This amount is included in other income, net of related transaction costs of \$9 million.

(b)

Other income for 2007 includes \$17 million of net foreign currency transaction gains relating to intercompany transactions primarily between our Canadian subsidiary and our U.S. subsidiaries.

(c)

Restructuring charges relate to the closure of branches and severance costs associated with reductions in headcount. The six months ended June 30, 2009 and 2008 included closures of 48 and 29 branches, respectively, and reductions in headcount of approximately 1,300 and 400, respectively.

(d)

In 2004, the SEC commenced a non-public, fact-finding inquiry concerning the Company. The inquiry related to a broad range of our accounting practices and was not confined to a specific period. In March 2005, our board of directors formed a Special Committee of independent directors to review matters related to the SEC inquiry. In 2008, we reached a final settlement with the SEC of its inquiry. The settlement covered the issues identified in the Special Committee's findings and other accounting matters discussed in our Annual Report on Form 10-K for the year ended December 31, 2004. Under the terms of the settlement, we consented, without admitting or denying the allegations in the SEC's complaint, to the entry of a judgment requiring us to pay a civil penalty of \$14 million and disgorgement of one dollar and enjoining us from violations of certain provisions of the federal securities laws in the future.

- (4) Free cash flow is defined as (i) net cash provided by operating activities continuing operations less (ii) purchases of rental and non-rental equipment plus (iii) proceeds from sales of rental and non-rental equipment and excess tax benefits from share-based payment arrangements. Management believes free cash flow provides useful additional information concerning cash flow available to meet future debt service obligations and working capital requirements. However, free cash flow is not a measure of financial performance or liquidity under GAAP. Accordingly, free cash flow should not be considered an alternative to net income or cash flow from operating activities as an indicator of operating performance or liquidity. The table below provides a reconciliation between net cash provided by operating activities continuing operations and free cash flow.

(Dollars in millions)	Year Ended December 31,			Six Months Ended June 30,	
	2006	2007	2008	2008	2009
Net cash provided by operating activities continuing operations	\$ 834	\$ 859	\$ 764	\$ 447	\$ 205
Purchases of rental equipment	(873)	(870)	(624)	(437)	(138)
Purchases of non-rental equipment	(78)	(120)	(80)	(32)	(26)
Proceeds from sales of rental equipment	335	319	264	134	151
Proceeds from sales of non-rental equipment	17	23	11	5	8
Excess tax benefits from share-based payment arrangements	0	31	0	0	(1)
Free cash flow	235	242	335	117	199

- (5) For purposes of calculating this ratio, (i) earnings consist of income (loss) from continuing operations before provision (benefit) for income taxes and fixed charges and (ii) fixed charges consist of interest expense, which includes amortization of deferred finance charges, interest expense subordinated convertible debentures, capitalized interest and imputed interest on our lease obligations. The interest component of rent was determined based on an estimate of a reasonable interest factor at the inception of the leases. Currently, we have no shares of preferred stock outstanding, and we have not paid any dividends on preferred stock in the periods shown. Therefore, the ratio of earnings to combined fixed charges and preferred stock dividends is not different from the ratio of earnings to fixed charges.
- (6) Due to our losses for the twelve months ended December 31, 2008 and for the six months ended June 30, 2009, the ratio coverage was less than 1:1 for these periods. We would have had to have generated additional earnings of \$813 million and \$62 million for the twelve months ended December 31, 2008 and the six months ended June 30, 2009, respectively, to have achieved coverage ratios of 1:1.
- (7) The loss for the twelve months ended December 31, 2008 includes the effect of a \$1,147 million pretax non-cash goodwill impairment charge. The effect of this charge was to reduce the ratio of earnings to fixed charges. Had this non-recurring charge been excluded from the calculation, the ratio of earnings to fixed charges would have been 2.2x for the twelve months ended December 31, 2008.

RISK FACTORS

You should carefully consider the risks described below and the risk factors incorporated by reference herein, as well as the other information included or incorporated by reference in this prospectus, before deciding to exchange your old notes for new notes. Certain risks related to us and our business are contained in the section titled "*Item 1A Risk Factors*" and elsewhere in our most recent Annual Report on Form 10-K, which is incorporated by reference in this prospectus (and in any of our Annual or Quarterly Reports for a subsequent year or quarter that we file with the SEC and that are so incorporated). See "*Where You Can Find More Information*" for information about how to obtain a copy of these documents.

Risks Related to the Exchange Offer

If you fail to exchange the old notes, they will remain subject to transfer restrictions, and it may be harder for you to resell and transfer your old notes.

The old notes were not registered under the Securities Act or under the securities laws of any state. Any old notes that remain outstanding after this exchange offer will continue to be subject to restrictions on their transfer. Thus, you may not resell the old notes, offer them for resale or otherwise transfer them unless they are subsequently registered or resold under an exemption from the registration requirements of the Securities Act and applicable state securities laws. If you do not exchange your old notes for new notes by this exchange offer, or if you do not properly tender your old notes in this exchange offer, you will not be able to resell, offer to resell or otherwise transfer your old notes unless they are registered under the Securities Act or unless you resell them, offer to resell or otherwise transfer them under an exemption from the registration requirements of, or in a transaction not subject to, the Securities Act. After this exchange offer, holders of old notes will not have any further rights to have their old notes exchanged for new notes registered under the Securities Act. The liquidity of the market for old notes that are not exchanged could be adversely affected by this exchange offer and you may be unable to sell your old notes.

Late deliveries of old notes and other required documents could prevent a holder from exchanging its old notes.

Holders are responsible for complying with all exchange offer procedures. The issuance of new notes in exchange for old notes will only occur upon completion of the procedures described in this prospectus under "*The Exchange Offer*." Therefore, holders of old notes who wish to exchange them for new notes should allow sufficient time for timely completion of the exchange procedure. Neither we nor the exchange agent are obligated to extend the offer or notify you of any failure to follow the proper procedure or waive any defect if you fail to follow the proper procedure.

If you are a broker-dealer, your ability to transfer the new notes may be restricted.

A broker-dealer that purchased old notes for its own account as part of market-making or trading activities must comply with the prospectus delivery requirements of the Securities Act when it sells the new notes. Our obligation to make this prospectus available to broker-dealers is limited. Consequently, we cannot guarantee that a proper prospectus will be available to broker-dealers wishing to resell their new notes.

Risks Related to Our Indebtedness

Our substantial debt exposes us to various risks.

At June 30, 2009, our total indebtedness was approximately \$3.051 billion, excluding \$124 million of Holdings' subordinated convertible debentures. Our substantial indebtedness has the potential to affect us adversely in a number of ways. For example, it will or could:

increase our vulnerability to adverse economic, industry or competitive developments;

require us to devote a substantial portion of our cash flow to debt service, reducing the funds available for other purposes, or otherwise constrain our financial flexibility;

restrict our ability to move operating cash flows to Holdings;

affect our ability to obtain additional financing, particularly since substantially all of our assets are subject to security interests relating to existing indebtedness; and

decrease our profitability and/or cash flow.

Further, if we are unable to service our indebtedness and fund our operations, we will be forced to adopt an alternative strategy that may include:

reducing or delaying capital expenditures;

limiting our growth;

seeking additional capital;

selling assets; or

restructuring or refinancing our indebtedness.

Even if we adopt an alternative strategy, the strategy may not be successful and we may continue to be unable to service our indebtedness and fund our operations.

A portion of our indebtedness bears interest at variable rates that are linked to changing market interest rates. As a result, an increase in market interest rates would increase our interest expense and our debt service obligations. At June 30, 2009, we had approximately \$651 million of indebtedness that bears interest at variable rates. This amount represented 21% of our total indebtedness, excluding Holdings' subordinated convertible debentures. See "Item 7A *Quantitative and Qualitative Disclosure About Market Risk*" in our most recent Annual Report on Form 10-K, incorporated by reference herein, for additional information relating to interest rate risk.

Despite our current indebtedness levels, we and our subsidiaries may be able to incur substantially more debt and take other actions that could diminish our ability to make payments on the notes when due, which could further exacerbate the risks associated with our substantial indebtedness.

Despite our current indebtedness levels, we and our subsidiaries may be able to incur substantially more additional indebtedness in the future. We will not be fully restricted under the terms of the indenture governing the notes from incurring additional debt, securing existing or future debt, recapitalizing our debt or taking a number of other actions that are not prohibited by the terms of the indenture governing the notes, any of which actions could have the effect of diminishing our ability to make payments on the notes when due and further exacerbate the risks associated with our substantial indebtedness. Furthermore, the terms of the instruments governing our subsidiaries' indebtedness may not fully prohibit us or our subsidiaries from taking such actions.

Table of Contents

If we are unable to satisfy the financial and other covenants in our debt agreements, our lenders could elect to terminate the agreements and require us to repay the outstanding borrowings, or we could face other substantial costs.

Under our accounts receivable securitization facility, we are required, among other things, to maintain certain financial tests relating to (1) the default ratio, (2) the delinquency ratio, (3) the dilution ratio and (4) days sales outstanding (as such ratios and tests are defined in the relevant agreement). If we do not meet certain requirements under our ABL facility, including maintaining availability above the 10 percent threshold, we could be required to, among other things, satisfy certain financial tests relating to (1) the fixed charge coverage ratio and (2) the ratio of senior secured debt to EBITDA (as such ratios are defined in the credit agreement). If we are unable to satisfy any of the relevant covenants, the lenders could elect to terminate our accounts receivable securitization facility, our ABL facility, and/or other agreements governing our debt and require us to repay outstanding borrowings. In such event, unless we are able to refinance the indebtedness coming due and replace our ABL facility, accounts receivable securitization facility and/or the other agreements governing our debt, we would likely not have sufficient liquidity for our business needs and would be forced to adopt an alternative strategy as described above. Even if we adopt an alternative strategy, the strategy may not be successful and we may not have sufficient liquidity to service our debt and fund our operations.

In addition to financial covenants, we are subject to various other covenants in our ABL facility and accounts receivable securitization facility, as well as in the other agreements governing our debt, such as a requirement to file our periodic reports with the SEC. In addition to the risks with respect to covenant non-compliance, compliance with covenants may restrict our ability to conduct our operations. For instance, these covenants limit or prohibit, among other things, our ability to incur additional indebtedness, make prepayments of certain indebtedness, pay dividends, repurchase common stock, make investments, create liens, make acquisitions, sell assets and engage in mergers and acquisitions. These covenants could adversely affect our operating results by significantly limiting our operating and financial flexibility.

Although the notes are referred to as "senior" notes, they are effectively subordinated to URNA's and each guarantor's secured indebtedness and all obligations of our non-guarantor subsidiaries.

The notes are URNA's unsecured senior obligations and are guaranteed by (1) Holdings and (2) subject to limited exceptions, our current and future domestic subsidiaries. The notes are not guaranteed by our foreign subsidiaries. Subsidiaries that we may establish or acquire in the future that are foreign subsidiaries, or that we may designate as unrestricted subsidiaries in accordance with the applicable indenture, will not guarantee the notes. The notes are not secured by any of our assets. Our U.S. dollar borrowings under our ABL facility are secured by substantially all of our assets, including substantially all of the assets of our domestic subsidiaries (other than real property and certain accounts receivable). Most of our U.S. receivable assets have been sold to a bankruptcy remote special purpose entity in connection with our accounts receivable securitization facility (the accounts receivable in the collateral pool being the lender's only source of payment under that facility).

As a result of this structure, the notes are effectively subordinated to (1) all of URNA's and each guarantor's secured indebtedness, to the extent of the value of the collateral, and (2) all indebtedness and other obligations, including trade payables, of our non-guarantor subsidiaries. The effect of this effective subordination is that, in the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding involving us or a subsidiary, the assets of the affected entity could not be used to pay you until after:

all secured claims against the affected entity have been fully paid; and

if the affected entity is a non-guarantor subsidiary, all other claims against that subsidiary, including trade payables, have been fully paid.

Table of Contents

The lenders under the ABL facility or the holders of other secured indebtedness will be entitled to exercise the remedies available to a secured lender under applicable law (in addition to any remedies that may be available under documents pertaining to the ABL facility or our other secured indebtedness). The exercise of such remedies may adversely affect our ability to meet our financial obligations under the notes.

As of June 30, 2009:

URNA had outstanding an aggregate of approximately \$495 million of secured obligations that are effectively senior to the notes, comprising (1) \$333 million of outstanding borrowings of URNA under the ABL facility, (2) URNA's guarantee obligations in respect of \$119 million of the outstanding borrowings of one of our guarantor subsidiaries under the ABL facility and (3) \$43 million in capital leases;

the guarantors had outstanding an aggregate of approximately \$452 million of secured obligations that are effectively senior to the notes, comprising their guarantee obligations in respect of our outstanding borrowings under the ABL facility; and

the non-guarantor subsidiaries had outstanding an aggregate of approximately \$256 million of obligations that are effectively senior to the notes, which obligations comprise (1) \$199 million of indebtedness of our special purpose vehicle in connection with our accounts receivable securitization facility and (2) \$57 million in trade payables, deferred taxes and accrued expenses.

Under the terms of the agreements governing our debt, we may incur additional secured indebtedness.

Our business operations may not generate the cash needed to service and repay the notes or our other indebtedness.

Our ability to make payments on the notes and service our other indebtedness will depend on our ability to generate cash in the future, which, in turn, is subject to a variety of risks and uncertainties, many of which are beyond our control. At maturity, the entire outstanding principal amount of the notes will become due and payable by us. Our other indebtedness also will mature over the next five years and thereafter as set forth in the section titled "*Description of our Other Indebtedness Maturities.*" We may not have sufficient funds to pay the principal of, or the premium (if any) or interest on, the notes or amounts due on our other indebtedness. If we do not have sufficient funds on hand or available through existing borrowing facilities or through the distribution of cash by our subsidiaries to us, we will need to seek additional financing. Additional financing may not be available to us in the amounts necessary, on terms that are satisfactory to us, or at all. If we default in the payment of amounts due on the notes (or our other outstanding indebtedness), it would give rise to an event of default under the indenture governing the notes (or the agreements governing our other debt) and possible acceleration of amounts due under the indenture (or those other agreements), and any such default under one indenture or agreement could trigger a cross default under each other indenture or agreement. In the event of any acceleration, there can be no assurance that the Company will have enough cash to repay its outstanding indebtedness, including the notes.

We have a holding company structure and URNA will depend in part on distributions from its subsidiaries in order to pay amounts due on the notes; certain provisions of law or contractual restrictions could limit distributions from URNA's subsidiaries.

We derive substantially all of our operating income from, and hold substantially all of our assets through, our subsidiaries. The effect of this structure is that URNA will depend in part on the earnings of its subsidiaries, and the payment or other distribution to it of these earnings, in order to meet its obligations under the notes and other outstanding debt. Provisions of law, such as those requiring that dividends be paid only from surplus, could limit the ability of URNA's subsidiaries to make payments

Table of Contents

or other distributions to URNA. Furthermore, these subsidiaries could in certain circumstances agree to contractual restrictions on their ability to make distributions. These restrictions could also render the subsidiary guarantors financially or contractually unable to make payments under their guarantees of the notes.

The guarantee of the notes by Holdings does not give noteholders a claim to significant assets other than those to which they already have a claim as URNA's direct creditors. Furthermore, substantially all of Holdings' assets are subject to an existing security interest, which gives certain of our lenders a priority claim to such assets.

The notes are guaranteed by Holdings. However, substantially all of Holdings' net worth is attributable to the stock of URNA owned by Holdings. Consequently, the Holdings' guarantee does not give noteholders a claim to significant assets other than those to which they already have a claim as URNA's direct creditors. Furthermore, substantially all of Holdings' assets are subject to a security interest in favor of the lenders that have provided our credit facilities, which gives these lenders a priority claim to such assets.

If we experience a change of control, we will be required to make an offer to repurchase the notes. However, we may be unable to do so due to lack of funds or covenant restrictions.

If we experience a change of control (as defined in the indenture governing the notes), we will be required to make an offer to repurchase all outstanding notes at 101% of their principal amount, plus accrued but unpaid interest, if any, to the date of repurchase. However, we may be unable to do so because:

we might not have enough available funds, particularly since a change of control could cause part or all of our other indebtedness to become due; and

the agreements governing our credit facilities and other secured indebtedness would prohibit us from repurchasing the notes, unless we were able to obtain a waiver or refinance such indebtedness.

As a result, you may have to continue to hold your notes even after a change of control.

A failure to make an offer to repurchase the notes upon a change of control would give rise to an event of default under the indenture governing the notes and could result in an acceleration of amounts due thereunder. In addition, if we experience a change of control (as defined in our existing indentures), we will be required to make an offer to purchase all outstanding notes under our existing indentures, and our failure to make such an offer would give rise to a default and possible acceleration of amounts due under those indentures. Any such default under one indenture could trigger a cross default under each other indenture. In addition, any such default under one indenture would trigger a default under our ABL facility (which could result in the acceleration of all indebtedness thereunder) and a termination event under our accounts receivable securitization facility. A change of control (as defined in the credit agreement), in and of itself, is also an event of default under our ABL facility, which would entitle our lenders to accelerate all amounts owing thereunder.

In the event of any such acceleration, there can be no assurance that the Company will have enough cash to repay its outstanding indebtedness, including the notes.

A guarantee could be voided if the guarantor fraudulently transferred the guarantee at the time it incurred the indebtedness, which could result in the noteholders being able to rely only on URNA to satisfy claims.

A guarantee that is found to be a fraudulent transfer may be voided under the fraudulent transfer laws described below. The application of these laws requires the making of complex factual determinations and estimates as to which there may be different opinions and views.

Table of Contents

In general, federal and state fraudulent transfer laws provide that a guarantee can be voided, or claims under a guarantee may be subordinated to all other debts of that guarantor if, among other things, at the time it incurred the indebtedness evidenced by its guarantee:

the guarantor intended to hinder, delay or defraud any present or future creditor; or

the guarantor received less than reasonably equivalent value or fair consideration for the incurrence of the guarantee; and

was insolvent or rendered insolvent by reason of such incurrence;

was engaged in a business or transaction for which the guarantor's remaining assets constituted unreasonably small capital; or

intended to incur, or believed that it would incur, debts beyond its ability to pay those debts as they mature.

In addition, any payment by that guarantor under a guarantee could be voided and required to be returned to the guarantor or to a fund for the benefit of the creditors of the guarantor.

The measures of insolvency for purposes of fraudulent transfer laws vary depending upon the governing law. Generally, a guarantor would be considered insolvent if:

the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

We cannot predict:

what standard a court would apply in order to determine whether a guarantor was insolvent as of the date it issued the guarantee or whether, regardless of the method of valuation, a court would determine that the guarantor was insolvent on that date; or

whether a court would determine that the payments under the guarantee constituted fraudulent transfers or conveyances on other grounds.

In the event that the guarantee of the notes by a guarantor is voided as a fraudulent conveyance, holders of the notes would effectively be subordinated to all indebtedness and other liabilities of that guarantor.

Our credit ratings may not reflect all the risks of any investment in the notes.

Our credit ratings are an independent assessment of our ability to pay debt obligations as they become due. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of the notes. Our credit ratings, however, may not reflect the potential impact that risks related to structural, market or other factors discussed in this prospectus may have on the value of your notes.

Our indentures impose significant operating and financial restrictions on us. If we default, we may not be able to make payments on the notes.

Our indentures, including the indenture governing the notes, impose significant operating and financial restrictions on us and our restricted subsidiaries. Among other things, the indentures include limitations on: (1) indebtedness; (2) restricted payments; (3) liens; (4) asset sales; (5) issuance of

Table of Contents

preferred stock of restricted subsidiaries; (6) transactions with affiliates; (7) dividend and other payment restrictions affecting restricted subsidiaries; (8) designations of unrestricted subsidiaries; (9) additional subsidiary guarantees; (10) mergers, consolidations or sales of substantially all our assets and (11) in some cases, sale-leaseback transactions. Each of these covenants is subject to important exceptions and qualifications. See "*Description of the Notes Certain Covenants*" and "*Consolidation, Merger, Sale of Assets, etc.*"

These restrictions may also make more difficult or discourage a takeover of us, whether favored or opposed by our management. Consummation of any such transaction in certain circumstances may require the redemption or repurchase of the applicable notes, and we cannot assure you that we or the acquiror will have sufficient financial resources to affect such a redemption or repurchase.

Our ability to comply with these covenants may be affected by events beyond our control, and any material deviations from our forecasts could require us to seek waivers or amendments of covenants or alternative sources of financing, or to reduce expenditures. We cannot assure you that such waivers, amendments or alternative financing could be obtained or, if obtained, would be on terms acceptable to us.

A breach of any of the covenants or restrictions contained in the indentures could result in an event of default. Such a default could allow our debt holders to accelerate the related debt, as well as any other debt to which a cross-acceleration or cross-default provision applies, and/or to declare all borrowings outstanding thereunder to be due and payable. If our debt is accelerated, our assets may not be sufficient to repay such debt, including the notes, in full.

There may not be a public market for the new notes, and you may find it difficult to sell your notes.

You may find it difficult to sell your notes because an active trading market for the notes may not develop. Although the old notes are currently eligible for trading on the PORTAL Market, the new notes will not be eligible for trading through PORTAL.

We do not intend to apply for listing on any securities exchange or quotation of the new notes. Therefore, we do not know the extent to which investor interest will lead to the development of a trading market or how liquid that market might be.

If a market for the new notes does develop, it is possible that you will not be able to sell your notes at a particular time or that the prices that you receive when you sell will be favorable. It is also possible that any trading market that does develop for the notes will not be liquid. Future trading prices of the notes will depend on many factors, including:

our operating performance, financial condition and prospects, or the operating performance, financial condition and prospects of companies in the equipment rental industry generally;

our ability to complete, if required, the offer to exchange the notes for the exchange notes;

the interest of securities dealers in making a market for the notes and any exchange notes;

prevailing interest rates; and

the market for similar securities.

Historically, the market for non-investment grade debt has been subject to disruptions that have caused volatility in prices. If a market for the new notes develops, it is possible that the market for the new notes will be subject to disruptions and price volatility. Any disruptions may have a negative effect on holders of the new notes, regardless of our operating performance, financial condition and prospects.

Table of Contents**USE OF PROCEEDS**

We will not receive any proceeds from the exchange offer. In consideration for issuing the new notes, we will receive old notes from you in the same principal amount. The old notes surrendered in exchange for the new notes will be retired and canceled and cannot be reissued. Accordingly, issuance of the new notes will not result in any change in our indebtedness.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth information regarding our ratio of earnings to fixed charges for each of the periods shown. For purposes of calculating this ratio, (i) earnings consist of income (loss) from continuing operations before provision (benefit) for income taxes and fixed charges and (ii) fixed charges consist of interest expense, which includes amortization of deferred finance charges, interest expense subordinated convertible debentures, capitalized interest and imputed interest on our lease obligations. The interest component of rent was determined based on an estimate of a reasonable interest factor at the inception of the leases.

	Fiscal Year					Six Months Ended June 30,	
	2004	2005	2006	2007	2008	2009	(2)
Ratio of Earnings to Fixed Charges(1)	1.4x	2.3x	2.4x	3.3x	(2)(3)	(2)	(2)

- (1) Currently, we have no shares of preferred stock outstanding and have not paid any dividends on preferred stock in the periods shown. Therefore, the ratio of earnings to combined fixed charges and preferred stock dividends does not differ from the ratio of earnings to fixed charges.
- (2) Due to our losses for the year ended December 31, 2008 and the six months ended June 30, 2009, the ratio coverage was less than 1:1 for these periods. We would have had to have generated additional earnings of \$813 million for the year ended December 31, 2008 and \$62 million for the six months ended June 30, 2009 to have achieved coverage ratios of 1:1.
- (3) The loss for the year ended December 31, 2008 includes the effect of an \$1,147 million pretax non-cash goodwill impairment charge. The effect of this charge was to reduce the ratio of earnings to fixed charges. Had this non-recurring charge been excluded from the calculation, the ratio of earnings to fixed charges would have been 2.2x for the year ended December 31, 2008.

THE EXCHANGE OFFER

The following summary of the Registration Rights Agreement and letter of transmittal is not complete and is subject to, and is qualified in its entirety by, all of the provisions of the Registration Rights Agreement and the letter of transmittal, each of which is filed as an exhibit to the registration statement of which this prospectus is part. We urge you to read the entire Registration Rights Agreement carefully.

Purpose and Effect of Exchange Offer; Registration Rights

We are offering to exchange our 10.875% Senior Notes due 2016, which have been registered under the Securities Act and which we refer to as the "new notes", for our outstanding 10.875% Senior Notes due 2016, which have not been so registered and which we refer to as the "old notes". We refer to this exchange offer as the "exchange offer".

The old notes were purchased by Morgan Stanley & Co. Incorporated ("Morgan Stanley"), Banc of America Securities LLC ("Bank of America"), Barclays Capital Inc., Calyon Securities (USA) Inc., Scotia Capital (USA) Inc., BNY Mellon Capital Markets, LLC and HSBC Securities (USA) Inc., whom we collectively refer to as the "initial purchasers", on June 9, 2009, for resale to qualified institutional buyers in compliance with Rule 144A under the Securities Act and outside of the United States to non-U.S. persons in compliance with Regulation S under the Securities Act. In connection with the sale of the old notes, we and Morgan Stanley and Bank of America, as representatives of the initial purchasers, entered into a registration rights agreement, dated June 9, 2009 (the "Registration Rights Agreement"), which requires us, among other things and, subject to certain exceptions,

- (1) within 180 days after the issue date for the notes, to use commercially reasonable efforts to file a registration statement (the "exchange offer registration statement") with the SEC with respect to an exchange offer to exchange the old notes for the new notes having terms substantially identical in all material respects to the old notes (except that the new notes will not contain terms with respect to transfer restrictions);
- (2) to use our commercially reasonable efforts to cause the exchange offer registration statement to be declared effective under the Securities Act within 210 days after the issue date for the notes;
- (3) as soon as practicable after the effectiveness of the exchange offer registration statement (the "Effectiveness Date"), to offer the new notes in exchange for surrender of the notes; and
- (4) to keep the exchange offer open for not less than 20 business days (or longer if required by applicable law) after the date notice of the exchange offer is mailed to the holders of the notes.

Under the Registration Rights Agreement, we have agreed to use commercially reasonable efforts to amend and supplement this prospectus contained in the exchange offer registration statement in order to allow broker-dealers ("Exchanging Dealers") receiving new notes in the exchange offer, who have a prospectus delivery requirement with respect to resale of such new notes, and other persons, if any, with similar prospectus delivery requirements to use this prospectus contained in the exchange offer registration statement in connection with the resale of such new notes for a period commencing on the day the exchange offer is consummated and continuing for 90 days (or such shorter period during which Exchanging Dealers or such other persons are required by law to deliver such prospectus); *provided, however*, that if for any day during such period we restrict the use of such prospectus, such period shall be extended on a day-for-day basis (such period, the "Prospectus Period").

We are obligated, upon the effectiveness of the exchange offer registration statement referred to above, to offer the holders of the old notes the opportunity to exchange their old notes for a like principal amount of new notes which will be issued without a restrictive legend and may be reoffered

Table of Contents

and resold by the holder generally without restrictions or limitations under the Securities Act. The exchange offer is being made pursuant to the Registration Rights Agreement to satisfy our obligations under that agreement.

In the event that:

- (1) any change in law or applicable interpretations of the staff of the SEC do not permit us to effect the exchange offer; or
- (2) for any other reason we do not consummate the exchange offer within 270 days of the issue date for the notes; or
- (3) an initial purchaser so requests with respect to notes not eligible for exchange and held by it following consummation of the exchange offer; or
- (4) certain holders are prohibited by law or SEC policy from participating in the exchange offer or may not resell the new notes acquired by them in the exchange offer to the public without delivering a prospectus;

then, we will, subject to certain exceptions,

- (1) use our commercially reasonable efforts to file a shelf registration statement (the "Shelf Registration Statement") covering resales of the notes or the new notes, as the case may be, on or prior to the 180th day after such filing obligation arises;
- (2) use our commercially reasonable efforts to cause the Shelf Registration Statement to be declared effective under the Securities Act on or prior to the 210th calendar day after such filing obligation arises; *provided, however*, that if the obligation to file the Shelf Registration Statement arises because the exchange offer has not been consummated within 270 days after the issue date for the notes, then we will use our commercially reasonable efforts to file the Shelf Registration Statement on or prior to the 30th day after such filing obligation arises; and
- (3) use commercially reasonable efforts to keep the Shelf Registration Statement effective until the earliest of:
 - (A) two years from the effective date of the Shelf Registration Statement;
 - (B) the time when all notes registered thereunder are disposed of in accordance therewith; and
 - (C) the time when the notes covered by the Shelf Registration Statement are no longer restricted securities (as defined in Rule 144);

We will, in the event that a Shelf Registration Statement is filed, among other things, provide to each holder for whom such Shelf Registration Statement was filed copies of the prospectus which is a part of the Shelf Registration Statement, notify each holder when the Shelf Registration Statement has become effective and take certain other actions as are required to permit unrestricted resales of the notes, as the case may be. In certain circumstances, we may suspend our obligations in relation to the Shelf Registration Statement for bona fide business purposes, subject to the provisions described below relating to Registration Defaults. A holder selling such notes or new notes pursuant to the Shelf Registration Statement generally would be required to be named as a selling security holder in the related prospectus and to deliver a prospectus to purchasers, will be subject to certain of the civil liability provisions under the Securities Act in connection with such sales and will be bound by the provisions of the Registration Rights Agreement that are applicable to such holder (including certain indemnification obligations).

If any of the following events occur (each such event a "Registration Default"), we will pay additional cash interest on the applicable notes or new notes, subject to certain exceptions, from and

Table of Contents

including the date on which any such Registration Default shall occur to but excluding the date on which all Registration Defaults have been cured:

- (1) we fail to file any of the registration statements required by the Registration Rights Agreement on or prior to the date specified for such filing;
- (2) any of such registration statements is not declared effective by the SEC on or prior to the date specified for such effectiveness;
- (3) the exchange offer is not consummated within 270 days after the issue date for the notes;
- (4) the Shelf Registration Statement is declared effective but thereafter, during the period for which we are required to maintain the effectiveness of such registration statement, it ceases to be effective or usable in connection with the resale of the notes or the new notes, as the case may be, covered by such registration statement for a period of 60 days, whether or not consecutive; or
- (5) the exchange offer registration statement is declared effective but thereafter, during the Prospectus Period, it ceases to be effective (or we restrict the use of the prospectus included therein) for a period of 60 days, whether or not consecutive.

Notwithstanding the foregoing, any Registration Default specified in clause (1), (2) or (3) of the preceding sentence that relates to the exchange offer registration statement or the exchange offer shall be deemed cured at such time as the Shelf Registration Statement is declared effective by the SEC.

If a Registration Default exists, the interest rate on the Specified Notes (as defined below) will increase by 0.25% per annum, with respect to the first 90-day period (or portion thereof) while a Registration Default is continuing immediately following the occurrence of such Registration Default. Such interest rate will increase by an additional 0.25% per annum at the beginning of each subsequent 90-day period (or portion thereof) while a Registration Default is continuing until all Registration Defaults have been cured, up to a maximum rate of additional interest of 1.00% per annum. Following the cure of all Registration Defaults, the accrual of additional interest on the Specified Notes will terminate and the interest rate will revert to the original rate. The Registration Rights Agreement provides that additional interest as aforesaid will constitute liquidated damages and will be the exclusive monetary remedy available to holders and/or the initial purchasers of the notes in respect of any Registration Default.

"Specified Notes" means the notes (not including the new notes); *provided, however*, that, if the Registration Default relates solely to a Shelf Registration Statement, then (1) if such Shelf Registration Statement is required to cover both old notes and new notes, "Specified Notes" shall mean both the old notes and the new notes and (2) if such Shelf Registration Statement is required to cover only new notes, "Specified Notes" shall mean only the new notes; *provided further, however*, that, if the Registration Default relates to an exchange offer registration statement that is unavailable for use during the Prospectus Period, "Specified Notes" shall mean the new notes.

Each broker-dealer that receives new notes for its own account in exchange for old notes, where such old notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. See "*Plan of Distribution*."

Terms of the Exchange Offer

Upon the terms and subject to the conditions set forth in this prospectus and the accompanying letter of transmittal, for each \$1,000 principal amount of old notes properly surrendered and not withdrawn before the expiration date of the exchange offer, we will issue \$1,000 principal amount of new notes. Holders may tender some or all of their old notes pursuant to the exchange offer in denominations of \$1,000 and integral multiples thereof. The exchange offer is not conditioned upon any minimum aggregate principal amount of old notes being tendered.

Table of Contents

The form and terms of the new notes will be the same as the form and terms of the old notes except that:

the new notes will have a different CUSIP number from the old notes;

the new notes will be registered under the Securities Act and, therefore, the global securities representing the new notes will not bear legends restricting the transfer of interests in the new notes;

the new notes will not be subject to the registration rights relating to the old notes; and

the new notes will not contain provisions for payment of additional interest in case of non-registration.

The new notes will evidence the same indebtedness as the old notes they replace, and will be issued under, and be entitled to the benefits of, the same Indenture (as defined below) governing the issuance of the old notes. As a result, the old notes and the new notes will be treated as a single series of notes under the Indenture.

No interest will be paid in connection with the exchange. The new notes will accrue interest from and including the last interest payment date on which interest has been paid on the old notes or, if no interest has been paid on the old notes, from the date of original issue of the old notes. Accordingly, the holders of old notes that are accepted for exchange will not receive accrued but unpaid interest on old notes at the time of tender. Rather, that interest will be payable on the new notes delivered in exchange for the old notes on the first interest payment date after the expiration date.

Under existing SEC interpretations, the new notes would generally be freely transferable after the exchange offer without further registration under the Securities Act, except that broker-dealers receiving the new notes in the exchange offer will be subject to a prospectus delivery requirement with respect to their resale. This view is based on interpretations by the staff of the SEC in no-action letters issued to other issuers in exchange offers like this one. We have not, however, asked the SEC to consider this particular exchange offer in the context of a no-action letter. Therefore, the SEC might not treat it in the same way it has treated other exchange offers in the past. You will be relying on the no-action letters that the SEC has issued to third parties in circumstances that we believe are similar to ours. Based on these no-action letters, the following conditions must be met in order to receive freely transferable new notes:

you must not be a broker-dealer that acquired the old notes from us or in market-making transactions or other trading activities;

you must acquire the new notes in the ordinary course of your business;

you must not be participating, and do not intend to participate, and have no arrangements or understandings with any person to participate, in the distribution of the new notes within the meaning of the Securities Act; and

you must not be an affiliate of ours, as defined under Rule 405 of the Securities Act.

By tendering your old notes as described in " *Procedures for Tendering*", you will be representing to us that you satisfy all of the above listed conditions. If you do not satisfy all of the above listed conditions:

you cannot rely on the position of the SEC set forth in the no-action letters referred to above; and

you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a resale of the new notes.

Table of Contents

The SEC considers broker-dealers that acquired old notes directly from us, but not as a result of market-making activities or other trading activities, to be making a distribution of the new notes if they participate in the exchange offer. Consequently, these broker-dealers must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a resale of the new notes.

A broker-dealer that has bought old notes for market-making or other trading activities must comply with the prospectus delivery requirements of the Securities Act in order to resell any new notes it receives for its own account in the exchange offer. The SEC has taken the position that broker-dealers may use this prospectus to fulfill their prospectus delivery requirements with respect to the new notes. We have agreed in the Registration Rights Agreement to send a prospectus to any broker-dealer that requests copies in the notice and questionnaire included in the letter of transmittal accompanying the prospectus for a period of up to 90 days commencing on the day the exchange offer is consummated.

Unless you are required to do so because you are a broker-dealer, you may not use this prospectus for an offer to resell, resale or other retransfer of new notes. We are not making this exchange offer to, nor will we accept tenders for exchange from, holders of old notes in any jurisdiction in which the exchange offer or the acceptance of it would not be in compliance with the securities or blue sky laws of that jurisdiction.

Holders of notes do not have appraisal or dissenters' rights under state law or under the Indenture in connection with the exchange offer. We intend to conduct the exchange offer in accordance with the applicable requirements of Regulation 14E under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

Expiration Date; Extensions; Amendments

The expiration date for the exchange offer is 5:00 p.m., New York City time, on , 2009, unless we extend the expiration date. We may extend this expiration date in our sole discretion. If we so extend the expiration date, the term "expiration date" shall mean the latest date and time to which we extend the exchange offer.

We reserve the right, in our sole discretion:

to, prior to the expiration date, delay accepting any old notes;

to extend the exchange offer;

to terminate the exchange offer if, in our reasonable judgment, any of the conditions described below under " *Conditions to the Exchange Offer*" shall not have been satisfied; or

to amend the terms of the exchange offer in any way we determine.

We will give oral or written notice of any delay, extension or termination to the exchange agent. In addition, we will give, as promptly as practicable, oral or written notice regarding any delay in acceptance, extension or termination of the offer to the registered holders of old notes. If we amend the exchange offer in a manner that we determine to constitute a material change, or if we waive a material condition, we will promptly disclose the amendment or waiver in a manner reasonably calculated to inform the holders of old notes of the amendment or waiver, and extend the offer if required by law.

We intend to make public announcements of any delay in acceptance, extension, termination, amendment or waiver regarding the exchange offer prior to 9 a.m., New York City time, on the next business day after the previously scheduled expiration date.

Conditions to the Exchange Offer

We will not be required to accept for exchange, or to exchange new notes for, any old notes, and we may terminate the exchange offer as provided in this prospectus at or before the expiration date, if:

any law, statute, rule or regulation shall have been proposed, adopted or enacted, or interpreted in a manner, which, in our reasonable judgment, would impair our ability to proceed with the exchange offer;

any action or proceeding is instituted or threatened in any court or by or before the SEC or any other governmental agency with respect to the exchange offer which, in our reasonable judgment, would impair our ability to proceed with the exchange offer;

we have not obtained any governmental approval which we, in our reasonable judgment, consider necessary for the completion of the exchange offer as contemplated by this prospectus;

any change, or any condition, event or development involving a prospective change, shall have occurred or be threatened in the general economic, financial, currency exchange or market conditions in the United States or elsewhere that, in our reasonable judgment, would impair our ability to proceed with the exchange offer;

any other change or development, including a prospective change or development, that, in our reasonable judgment, has or may have a material adverse effect on us, the market price of the new notes or the old notes or the value of the exchange offer to us; or

there shall have occurred (i) any suspension or limitation of trading in securities generally on the New York Stock Exchange or the over-the-counter market; (ii) a declaration of a banking moratorium by United States Federal or New York authorities; or (iii) a commencement or escalation of a war or armed hostilities involving or relating to a country where we do business or other international or national emergency or crisis directly or indirectly involving the United States.

The conditions listed above are for our sole benefit and we may assert them regardless of the circumstances giving rise to any of these conditions. We may waive these conditions in our sole discretion in whole or in part at any time and from time to time. A failure on our part to exercise any of the above rights shall not constitute a waiver of that right, and that right shall be considered an ongoing right which we may assert at any time and from time to time.

If we determine in our reasonable judgment that any of the events listed above has occurred, we may, subject to applicable law:

refuse to accept any old notes and return all tendered old notes to the tendering holders and terminate the exchange offer;

extend the exchange offer and retain all old notes tendered before the expiration of the exchange offer, subject, however, to the rights of holders to withdraw these old notes; or

waive unsatisfied conditions relating to the exchange offer and accept all properly tendered old notes which have not been withdrawn. If this waiver constitutes a material change to the exchange offer, we will disclose this change by means of a prospectus supplement that will be distributed to the registered holders of the old notes. If the exchange offer would otherwise expire, we will extend the exchange offer for 5-10 business days, depending on how significant the waiver is and the manner of disclosure to registered holders.

Any determination by us concerning the above events will be final and binding.

Table of Contents

In addition, we reserve the right in our sole discretion to:

purchase or make offers for any old notes that remain outstanding subsequent to the expiration date; and

purchase old notes in the open market, in privately negotiated transactions or otherwise.

The terms of any such purchases or offers may differ from the terms of the exchange offer.

Procedures For Tendering

Except in limited circumstances, only a DTC participant listed on a DTC securities position listing with respect to the old notes may tender old notes in the exchange offer. To tender old notes in the exchange offer:

you must instruct DTC and a DTC participant by completing the form "Instructions to DTC Participant From Beneficial Owner" accompanying this prospectus of your intention whether or not you wish to tender your old notes for new notes; and

DTC participants in turn need to follow the procedures for book-entry transfer as set forth below under " *Book-Entry Transfer*" and in the letter of transmittal.

By tendering, you will make the representations described below under " *Representations on Tendering Old Notes*". In addition, each broker-dealer that receives new notes for its account in the exchange offer, where the old notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the new notes. See " *Plan of Distribution*." The tender by a holder of old notes will constitute an agreement between that holder and us in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal.

The method of delivery of the form "Instructions to DTC Participant From Beneficial Owner" or transmission of an agent's message and all other required documents, as described under " Book-Entry Transfer," to the exchange agent is at the election and risk of the tendering holder of old notes. Instead of delivery by mail, we recommend that holders use an overnight or hand delivery service. In all cases, sufficient time should be allowed to assure timely delivery to the exchange agent prior to the expiration date. Delivery of documents to DTC in accordance with its procedures does not constitute delivery to the exchange agent.

We will determine in our sole discretion all questions as to the validity, form, eligibility, including time of receipt, and acceptance and withdrawal of tendered old notes, and our determination shall be final and binding on all parties. We reserve the absolute right to reject any and all old notes not properly tendered or any old notes whose acceptance by us would, in the opinion of our counsel, be unlawful. We also reserve the right to waive any defects, irregularities or conditions of tender as to any particular old notes either before or after the expiration date. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, holders must cure any defects or irregularities in connection with tenders of old notes within a period we determine. Although we intend to request the exchange agent to notify holders of defects or irregularities relating to tenders of old notes, neither we, the exchange agent nor any other person will have any duty or incur any liability for failure to give this notification. We will not consider tenders of old notes to have been made until these defects or irregularities have been cured or waived. The exchange agent will return any old notes that are not properly tendered and as to which the defects or irregularities have not been cured or waived to the tendering holders, unless otherwise provided in the letter of transmittal, promptly following the expiration date.

Each broker-dealer that receives new notes for its own account in exchange for old notes, where such old notes were acquired by such broker-dealer as a result of market-making activities or other

Table of Contents

trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. See "*Plan of Distribution*."

Book-Entry Transfer

We understand that the exchange agent will make a request promptly after the date of this prospectus to establish accounts with respect to the old notes at DTC for the purpose of facilitating the exchange offer. Any financial institution that is a participant in DTC's system may make book-entry delivery of old notes by causing DTC to transfer such old notes into the exchange agent's DTC account in accordance with DTC's electronic Automated Tender Offer Program procedures for such transfer. The exchange of new notes for tendered old notes will only be made after timely:

confirmation of book-entry transfer of the old notes into the exchange agent's account; and

receipt by the exchange agent of an "agent's message" and all other required documents specified in the letter of transmittal.

The confirmation, agent's message and any other required documents must be received at the exchange agent's address listed below under "*Exchange Agent*" on or before 5:00 p.m., New York City time, on the expiration date of the exchange offer.

As indicated above, delivery of documents to DTC in accordance with its procedures does not constitute delivery to the exchange agent.

The term "agent's message" means a message, transmitted by DTC and received by the exchange agent and forming part of the confirmation of a book-entry transfer, which states that DTC has received an express acknowledgment from a participant in DTC tendering old notes stating:

the aggregate principal amount of old notes which have been tendered by the participant;

that such participant has received an appropriate letter of transmittal and agrees to be bound by the terms of the letter of transmittal and the terms of the exchange offer; and

that we may enforce such agreement against the participant.

Delivery of an agent's message will also constitute an acknowledgment from the tendering DTC participant that the representations contained in the letter of transmittal and described below under "*Representations on Tendering Old Notes*" are true and correct.

Representations on Tendering Old Notes

By surrendering old notes in the exchange offer, you will be representing that, among other things:

you are acquiring the new notes issued in the exchange offer in the ordinary course of your business;

you are not participating, do not intend to participate and have no arrangement or understanding with any person to participate, in the distribution of the new notes within the meaning of the Securities Act;

you are not an affiliate of ours, as defined in Rule 405 under the Securities Act;

you have full power and authority to tender, exchange, assign and transfer the old notes tendered;

we will acquire good, marketable and unencumbered title to the old notes being tendered, free and clear of all security interests, liens, restrictions, charges, encumbrances, or other obligations relating to their sale or transfer, and not subject to any adverse claim, when the old notes are accepted by us; and

Table of Contents

you acknowledge and agree that if you are a broker-dealer registered under the Exchange Act or you are participating in the exchange offer for the purposes of distributing the new notes, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale of the new notes, and you cannot rely on the position of the SEC's staff in their no-action letters.

If you are a broker-dealer and you will receive new notes for your own account in exchange for old notes that were acquired as a result of market-making activities or other trading activities, you will be required to acknowledge in the letter of transmittal that you will comply with the prospectus delivery requirements of the Securities Act in connection with any resale of the new notes. The letter of transmittal states that, by complying with their obligations, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. See also "*Plan of Distribution*."

Withdrawal of Tenders

Your tender of old notes pursuant to the exchange offer is irrevocable except as otherwise provided in this section. You may withdraw tenders of old notes at any time prior to 5:00 p.m., New York City time, on the expiration date.

For a withdrawal to be effective for DTC participants, holders must comply with their respective standard operating procedures for electronic tenders and the exchange agent must receive an electronic notice of withdrawal from DTC.

Any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawn old notes and otherwise comply with the procedures of DTC. We will determine in our sole discretion all questions as to the validity, form and eligibility, including time of receipt, for such withdrawal notices, and our determination shall be final and binding on all parties. Any old notes so withdrawn will be deemed not to have been validly tendered for purposes of the exchange offer and no new notes will be issued with respect to them unless the old notes so withdrawn are validly re-tendered. Any old notes which have been tendered but which are withdrawn or not accepted for exchange will be returned to the holder without cost to such holder promptly after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn old notes may be re-tendered by following the procedures described above under "*Procedures For Tendering*" at any time prior to the expiration date.

Exchange Agent

We have appointed The Bank of New York Mellon as exchange agent in connection with the exchange offer. In such capacity, the exchange agent has no fiduciary duties to the holders of the notes and will be acting solely on the basis of our directions. Holders should direct questions, requests for assistance and for additional copies of this prospectus or the letter of transmittal to the exchange agent addressed as follows:

Fees and Expenses

The expense of soliciting tenders pursuant to the exchange offer will be borne by us.

We have not retained any dealer-manager in connection with the exchange offer and we will not make any payments to brokers, dealers or other persons soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and will reimburse it for its related reasonable out-of-pocket expenses. We may also pay brokerage houses and other custodians, nominees and fiduciaries the reasonable out-of-pocket expenses incurred by them in forwarding copies of this prospectus, letters of transmittal and related documents to the beneficial owners of the old notes and in handling or forwarding tenders for exchange.

Holders who tender their old notes for exchange will not be obligated to pay any transfer taxes. If, however, a transfer tax is imposed for any reason other than the exchange of old notes in connection with the exchange offer, then the tendering holder must pay the amount of any transfer taxes due, whether imposed on the registered holder or any other persons. If the tendering holder does not submit satisfactory evidence of payment of these taxes or exemption from them with the letter of transmittal, the amount of these transfer taxes will be billed directly to the tendering holder.

Consequences of Failure to Properly Tender Old Notes in the Exchange

We will issue the new notes in exchange for old notes under the exchange offer only after timely confirmation of book-entry transfer of the old notes into the exchange agent's account and timely receipt by the exchange agent of an agent's message and all other required documents specified in the letter of transmittal. Therefore, holders of the old notes desiring to tender old notes in exchange for new notes should allow sufficient time to ensure timely delivery. We are under no duty to give notification of defects or irregularities of tenders of old notes for exchange or waive any such defects or irregularities. Old notes that are not tendered or that are tendered but not accepted by us will, following completion of the exchange offer, continue to be subject to the existing restrictions upon transfer under the Securities Act.

Participation in the exchange offer is voluntary. In the event the exchange offer is completed, we will not be required to register the remaining old notes. Remaining old notes will continue to be subject to the following restrictions on transfer:

holders may resell old notes only if an exemption from registration is available or, outside the United States, to non-U.S. persons in accordance with the requirements of Regulation S under the Securities Act; and

the remaining old notes will bear a legend restricting transfer in the absence of registration or an exemption.

To the extent that old notes are tendered and accepted in connection with the exchange offer, any trading market for remaining old notes could be adversely affected.

Neither we nor our board of directors make any recommendation to holders of old notes as to whether to tender or refrain from tendering all or any portion of their old notes pursuant to the exchange offer. Moreover, no one has been authorized to make any such recommendation. Holders of old notes must make their own decision whether to tender pursuant to the exchange offer and, if so, the aggregate amount of old notes to tender, after reading this prospectus and the letter of transmittal and consulting with their advisors, if any, based on their own financial position and requirements.

DESCRIPTION OF THE NEW NOTES

The new notes offered hereby will be issued, and the old notes were issued, under the indenture (the "Indenture"), dated as of June 9, 2009, among the Company, each of the Guarantors and The Bank of New York Mellon, as trustee (the "Trustee"). For purposes of this description, unless the context otherwise requires, references to the "notes" includes the new notes, the old notes and any Additional Notes (as defined below). The terms of the notes include those stated in the Indenture and those made part of the Indenture by references to the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act").

The following description is only a summary of the material provisions of the Indenture. We urge you to read the Indenture because it, not this description, defines your rights as holders of these notes. The Indenture is filed as an exhibit to the registration statement of which this prospectus is a part and you can obtain a copy of the Indenture as described under "*Where You Can Find More Information.*"

Original Notes and Exchange Notes Will Represent Same Debt

The new notes will be issued solely in exchange for an equal principal amount of old notes pursuant to the exchange offer. The new notes will evidence the same debt as the old notes and both series of notes will be entitled to the benefits of the Indenture and treated as a single class of debt securities. The terms of the new notes will be the same in all material respects as the old notes except that (i) the new notes will be registered under the Securities Act, and therefore, will not bear legends restricting the transfer thereof and (ii) the new notes will not be subject to the registration rights, under the Registration Rights Agreement, relating to the old notes.

If the exchange offer is consummated, holders of the old notes who do not exchange their old notes for new notes will vote together with holders of the new notes for all relevant purposes under the Indenture. Accordingly, all references herein to specified percentages in aggregate principal amount of the outstanding notes shall be deemed to mean, at any time after the exchange offer is consummated, such percentages in aggregate principal amount of the old notes and the new notes then outstanding.

Brief Description of the Notes

The notes:

are unsecured senior obligations of the Company;

are senior in right of payment to any Subordinated Indebtedness of the Company, including the 7% Notes, the 7³/₄% Notes and the 1⁷/₈% Notes;

are guaranteed on a senior basis by Holdings and each Subsidiary Guarantor; and

are subject to registration with the SEC pursuant to the Registration Rights Agreement.

Maturity, Interest and Principal

The Company issued the old notes initially in an aggregate principal amount of \$500 million. The notes will mature on June 15, 2016. Subject to our compliance with the covenant described under the subheading "*Certain Covenants Limitation on Indebtedness,*" we are permitted to issue more notes under the Indenture (the "Additional Notes"). The notes offered hereby and the Additional Notes, if any, will rank equally and be treated as a single class for all purposes of the Indenture, including waivers, amendments, redemptions and offers to purchase. Interest on the notes will accrue at the rate of 10.875% per annum and will be payable semiannually in arrears on each June 15 and December 15, to the holders of record of notes at the close of business on the June 1 and December 1, respectively, immediately preceding such interest payment date. The first interest payment with respect to the notes will be December 15, 2009. Interest on the notes will accrue from the most recent date to which

Table of Contents

interest has been paid or, if no interest has been paid, from June 9, 2009. Interest will be computed on the basis of a 360-day year constituted of twelve 30-day months.

Additional interest may accrue on the notes in certain circumstances pursuant to the Registration Rights Agreement.

The notes are issued only in registered form without coupons, in denominations of \$1,000 and integral multiples thereof. Principal of, premium, if any, and interest on the notes will be payable, and the notes will be transferable, at the principal corporate trust office or agency of the Trustee in the City of New York maintained for such purposes. In addition, interest may be paid at the option of the Company by check mailed to the person entitled thereto as shown on the security register. No service charge will be made for any transfer, exchange or redemption of notes, except in certain circumstances for any tax or other governmental charge that may be imposed in connection therewith.

The notes are expected to trade in the Same-Day Funds Settlement System of DTC until maturity, and secondary market trading activity for the notes will therefore settle in same-day funds.

Optional Redemption

Except as set forth below, we will not be entitled to redeem the notes at our option prior to June 15, 2013.

The notes will be redeemable at our option, in whole or in part, at any time on or after June 15, 2013, at the redemption prices (expressed as percentages of principal amount) set forth below, plus accrued and unpaid interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), if redeemed during the twelve-month period beginning June 15 of the years indicated below:

Year	Redemption Price
2013	105.438%
2014	102.719%
2015 and thereafter	100.000%

In addition, at any time, or from time to time, on or prior to June 15, 2012, we may, at our option, use the net cash proceeds of one or more Public Equity Offerings (as defined below) to redeem up to an aggregate of 35% of the principal amount of the notes (which includes Additional Notes, if any), at a redemption price equal to 110.875% of the principal amount of the notes, plus accrued and unpaid interest, if any, thereon to the redemption date; *provided, however*, that at least 65% of the aggregate principal amount of notes (which includes Additional Notes, if any) remains outstanding immediately after the occurrence of such redemption. In order to effect the foregoing redemption with the proceeds of any Public Equity Offering, we shall send a redemption notice to the Trustee not later than 90 days after the consummation of any such Public Equity Offering.

As used in the preceding paragraph, "Public Equity Offering" means an underwritten public offering of Common Stock, other than an offering to a Subsidiary of Holdings, pursuant to a registration statement filed with the SEC in accordance with the Securities Act, the net cash proceeds of which are contributed to the Company as common equity capital.

Prior to June 15, 2013, we will be entitled at our option to redeem the notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the notes plus the Applicable Premium as of, and accrued and unpaid interest to, the redemption date (subject to the right of holders on the relevant record date to receive interest due on the relevant interest payment date).

"Applicable Premium" means with respect to a note at any redemption date, the greater of (i) 1.00% of the principal amount of such note and (ii) the excess of (A) the present value at such

Table of Contents

redemption date of (1) the redemption price of such note on June 15, 2013 (such redemption price being described in the second paragraph in this " *Optional Redemption*" section exclusive of any accrued interest) plus (2) all required remaining scheduled interest payments due on such note through June 15, 2013 (but excluding accrued and unpaid interest to the redemption date), computed using a discount rate equal to the Adjusted Treasury Rate, over (B) the principal amount of such note on such redemption date.

"Adjusted Treasury Rate" means, with respect to any redemption date, (i) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated "H.15(519)" or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption "Treasury Constant Maturities," for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after June 15, 2013, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined and the Adjusted Treasury Rate shall be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month) or (ii) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per year equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date, in each case calculated on the third business day immediately preceding the redemption date, plus 0.50%.

"Comparable Treasury Issue" means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the notes from the redemption date to June 15, 2013, that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a maturity most nearly equal to June 15, 2013.

"Comparable Treasury Price" means, with respect to any redemption date, if clause (ii) of the Adjusted Treasury Rate is applicable, the average of three, or such lesser number as is given to the Trustee, Reference Treasury Dealer Quotations for such redemption date.

"Quotation Agent" means the Reference Treasury Dealer selected by the Company.

"Reference Treasury Dealer" means Morgan Stanley & Co. Incorporated and its successors and assigns and two other nationally recognized investment banking firms selected by the Company that are primary U.S. Government securities dealers.

"Reference Treasury Dealer Quotations" means with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Trustee, of the bid and asked prices for the Comparable Treasury Issue, expressed in each case as a percentage of its principal amount, quoted in writing to the Trustee by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day immediately preceding such redemption date.

Selection and Notice of Redemption

In the event that less than all of the notes are to be redeemed at any time, selection of such notes for redemption will be made by the Trustee in compliance with the requirements of the principal national securities exchange, if any, on which the notes are listed or, if the notes are not then listed on a national securities exchange, on a pro rata basis, to the extent practicable (subject to the rules of DTC); *provided, however*, that notes shall only be redeemable in principal amounts of \$1,000 or an integral multiple of \$1,000. Notice of redemption shall be mailed by first-class mail to each holder of notes to be redeemed at its registered address, at least 30 but not more than 60 days before the redemption date, except that redemption notices may be mailed more than 60 days prior to a

Table of Contents

redemption date if the notice is issued in connection with a defeasance or a satisfaction and discharge of the notes. If any note is to be redeemed in part only, the notice of redemption that relates to such note shall state the portion of the principal amount thereof to be redeemed. A new note in a principal amount equal to the unredeemed portion thereof will be issued in the name of the holder thereof upon surrender for cancellation of the original note. On and after the redemption date, interest will cease to accrue on notes or portions thereof called for redemption, unless we default in the payment of the redemption price.

Sinking Fund

The notes will not be entitled to the benefit of any mandatory sinking fund.

Ranking

Senior Indebtedness versus Notes

The indebtedness evidenced by the notes and the guarantees thereof will be unsecured and will rank *pari passu* in right of payment to the Senior Indebtedness of the Company and the Guarantors, as the case may be. The notes will effectively rank junior to any of the Company's existing and future secured debt to the extent of the value of the assets securing such debt.

As of June 30, 2009, the notes ranked (1) equally with approximately \$755 million of the Company's other unsecured senior obligations and (2) effectively junior to approximately \$495 million of the Company's secured obligations, comprising (i) \$333 million of outstanding borrowings of the Company under the ABL facility, (ii) the Company's guarantee obligations in respect of \$119 million of the outstanding borrowings of one of our subsidiary guarantors under the ABL facility and (iii) \$43 million in capital leases.

As of June 30, 2009, the guarantees of the Guarantors ranked (1) equally with approximately \$1.02 billion of the Guarantors' other unsecured senior obligations, comprising (i) in the case of Holdings, \$263 million of 14% Notes and (ii) the Guarantors' guarantee obligations in respect of \$755 million of the Company's 6¹/₂% Notes, and (2) effectively junior to approximately \$452 million of the Guarantors' secured obligations, comprising their guarantee obligations in respect of the Company's outstanding borrowings under the ABL facility.

Senior Subordinated Indebtedness versus Notes

The indebtedness evidenced by the notes and the guarantees thereof will rank senior in right of payment to the Senior Subordinated Indebtedness of the Company and the Guarantors, as the case may be.

All of the Senior Subordinated Indebtedness of the Guarantors consists of their respective guarantees of Senior Subordinated Indebtedness of the Company with respect to the 7³/₄% Notes and the 7% Notes and, with respect to Holdings only, the 1⁷/₈% Notes.

Although the notes are senior in right of payment to the 7³/₄% Notes, the 7% Notes and the 1⁷/₈% Notes, the notes will not constitute "Designated Senior Indebtedness" under the relevant indentures. As a result, holders of the notes will be entitled to the benefits of the subordination provisions of those indentures, but will not have the right to exercise the payment blockage provisions under those indentures upon a nonpayment default on the notes. Under the terms of the Indenture, the Company will not be permitted to designate any other Senior Indebtedness (other than Indebtedness incurred under the Credit Agreement) as "Designated Senior Indebtedness" as defined in those indentures.

Table of Contents

Liabilities of Subsidiaries versus Notes

A substantial portion of our operations are conducted through our subsidiaries. Claims of creditors of such subsidiaries that are not Subsidiary Guarantors, including trade creditors and creditors holding indebtedness or guarantees issued by such subsidiaries, and claims of preferred stockholders of such subsidiaries generally will have priority with respect to the assets and earnings of such subsidiaries over the claims of our creditors, including holders of the notes. Accordingly, the notes will be effectively subordinated to creditors (including trade creditors) and preferred stockholders, if any, of our subsidiaries that are not Subsidiary Guarantors.

The non-Guarantor Subsidiaries of URNA accounted for approximately \$38 million, or 13%, and \$146 million, or 12%, of our adjusted EBITDA and total revenues, respectively, for the six months ended June 30, 2009. The non-Guarantor Subsidiaries accounted for approximately \$705 million, or 18%, and \$256 million, or 6%, of our total assets and total liabilities, respectively, at June 30, 2009. Although the Indenture limits the incurrence of Indebtedness and preferred stock of certain of our subsidiaries, such limitation is subject to a number of significant qualifications. Moreover, the Indenture does not impose any limitation on the incurrence by such subsidiaries of liabilities that are not considered Indebtedness under the Indenture. See "*Certain Covenants Limitation on Indebtedness.*"

Guarantees

Holdings and the Subsidiary Guarantors will fully and unconditionally guarantee, on a senior unsecured basis, jointly and severally, to each holder and the Trustee, the full and prompt performance of the Company's obligations under the Indenture and the notes, including the payment of principal of and interest on the notes. Subject to limited exceptions, the Subsidiary Guarantors are the current and future United States subsidiaries of the Company.

The obligations of each Subsidiary Guarantor are limited to the maximum amount which, after giving effect to all other contingent and fixed liabilities of such Subsidiary Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Subsidiary Guarantor in respect of the obligations of such other Subsidiary Guarantor under its guarantee or pursuant to its contribution obligations under the Indenture, will result in the obligations of such Subsidiary Guarantor under the guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law. See "*Risk Factors A guarantee could be voided if the guarantor fraudulently transferred the guarantee at the time it incurred the indebtedness, which could result in the noteholders being able to rely only on URNA to satisfy claims.*"

Each Subsidiary Guarantor that makes a payment under its guarantee will be entitled to a contribution from each other Guarantor in an amount equal to such other Guarantor's pro rata portion of such payment based on the respective net assets of all the Guarantors at the time of such payment determined in accordance with GAAP (for purposes hereof, Holdings' net assets shall be those of all its consolidated Subsidiaries other than the Subsidiary Guarantors); *provided, however*, that during a Default, such right of contribution shall be suspended until the payment in full of all guaranteed obligations under the Indenture.

The guarantee of a Subsidiary Guarantor will be released:

- (1) upon the sale or other disposition (including by way of consolidation or merger) of such Subsidiary Guarantor other than to the Company or a Restricted Subsidiary and as permitted by the Indenture;
- (2) upon the sale or disposition of all or substantially all the assets of such Subsidiary Guarantor other than to the Company or a Restricted Subsidiary and as permitted by the Indenture;

Table of Contents

- (3) upon defeasance or covenant defeasance; or
- (4) if the Company properly designates any Restricted Subsidiary that is a Subsidiary Guarantor as an Unrestricted Subsidiary.

Change of Control

Upon the occurrence of a Change of Control, we shall be obligated to make an offer to purchase (a "Change of Control Offer"), on a business day (the "Change of Control Purchase Date") not more than 60 nor less than 30 days following the occurrence of the Change of Control, all of the then outstanding notes tendered at a purchase price in cash (the "Change of Control Purchase Price") equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, thereon to the Change of Control Purchase Date. We shall be required to purchase all notes tendered pursuant to the Change of Control Offer and not withdrawn. The Change of Control Offer is required to remain open for at least 20 business days.

In order to effect such Change of Control Offer, we shall, not later than the 30th day after the Change of Control, mail to each holder of notes notice of the Change of Control Offer, which notice shall govern the terms of the Change of Control Offer and shall state, among other things, the procedures that holders of notes must follow to accept the Change of Control Offer.

If a Change of Control Offer is made, there can be no assurance that we will have available funds sufficient to pay the Change of Control Purchase Price for all of the notes that might be delivered by holders of notes seeking to accept the Change of Control Offer. In addition, there can be no assurance that our debt instruments will permit such offer to be made. The Credit Agreement prohibits us from purchasing, or imposes restrictions on our ability to purchase, notes pursuant to a Change of Control Offer and, in order to make such offer, at a time when we are prohibited from purchasing notes, we would be required to repay all principal (including letter of credit disbursements), interest and fees and provide for the expiration or termination of all letters of credit and commitments under, or refinance, the Credit Agreement or seek a waiver from the lenders thereunder to allow us to make the Change of Control Offer. The occurrence of a Change of Control is also an event of default under the Credit Agreement and would entitle the lenders to accelerate all amounts owing thereunder. Failure to make a Change of Control Offer, even if prohibited by our debt instruments, also would constitute a default under the Indenture. Pursuant to the indentures governing the 6¹/₂% Notes, the 7³/₄% Notes and the 7% Notes, we are also required to make an offer to repurchase the 6¹/₂% Notes, the 7³/₄% Notes and the 7% Notes, upon a Change of Control, and our failure to make such an offer is an event of default under those indentures. See "*Risk Factors If we experience a change of control, we will be required to make an offer to repurchase the notes. However, we may be unable to do so due to lack of funds or covenant restrictions.*" We shall not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements applicable to a Change of Control Offer made by the Company and purchases all notes validly tendered and not withdrawn under such Change of Control Offer.

The Change of Control purchase feature of the notes may in certain circumstances make more difficult or discourage a sale or takeover of our company and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between us and the Initial Purchasers. We have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. The Indenture contains restrictions on our ability to incur additional Indebtedness, as described under "*Certain Covenants Limitation on Indebtedness*"

Table of Contents

and " *Limitation on Liens.*" Such restrictions can only be waived with the consent of the holders of a majority in principal amount of the notes then outstanding. Except for the limitations contained in such covenants, however, the Indenture does not contain any covenants or provisions that may afford holders of the notes protection in the event of a highly leveraged transaction.

In addition, holders may not be entitled to require us to purchase their notes in certain circumstances involving a significant change in the composition of the Board of Directors of Holdings or the Company, including in connection with a proxy contest where such Board of Directors does not endorse a dissident slate of directors but approves them as directors.

The use of the term "all or substantially all" in provisions of the Indenture such as clause (b) of the definition of "Change of Control" and under " *Consolidation, Merger, Sale of Assets, etc.*" has no clearly established meaning under New York law (which governs the Indenture) and has been the subject of limited judicial interpretation in only a few jurisdictions. Accordingly, there may be a degree of uncertainty in ascertaining whether any particular transaction would involve a disposition of "all or substantially all" of the assets of a person, which uncertainty should be considered by prospective purchasers of notes.

The Company will comply with Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder, to the extent such laws or regulations are applicable, in the event that a Change of Control occurs and the Company is required to purchase notes as described above.

Future indebtedness that we may incur may contain prohibitions on the occurrence of certain events that would constitute a Change of Control or require the repurchase of such indebtedness upon a Change of Control. Moreover, the exercise by the holders of their right to require us to repurchase the notes could cause a default under such indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on us.

The provisions under the Indenture relative to the Company's obligation to make a Change of Control Offer may, prior to the occurrence of a Change of Control, be waived or modified with the consent of the holders of at least a majority in principal amount of the then outstanding notes issued under the Indenture. Following the occurrence of a Change of Control, any change, amendment or modification in any material respect of the obligation of the Company to make and consummate a Change of Control Offer may only be effected with the consent of each holder affected thereby.

Certain Covenants

The Indenture contains the following covenants, among others:

Limitation on Indebtedness. (1) The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create, incur, issue, assume, guarantee or in any manner become directly or indirectly liable, contingently or otherwise (in each case, to "incur"), for the payment of any Indebtedness (including any Acquired Indebtedness); *provided, however,* that (i) the Company and any Subsidiary Guarantor will be permitted to incur Indebtedness (including Acquired Indebtedness), and (ii) a Restricted Subsidiary will be permitted to incur Acquired Indebtedness, if in each case the Consolidated Fixed Charge Coverage Ratio of the Company and its Restricted Subsidiaries is at least 2:1, after giving pro forma effect to:

(a) the incurrence of such Indebtedness and (if applicable) the application of the net proceeds therefrom, including to refinance other Indebtedness, as if such Indebtedness were incurred at the beginning of the four full fiscal quarters immediately preceding such incurrence, taken as one period;

(b) the incurrence, repayment or retirement of any other Indebtedness by the Company and its Restricted Subsidiaries since the first day of such four-quarter period as if such Indebtedness

Table of Contents

was incurred, repaid or retired at the beginning of such four-quarter period (except that, in making such computation, the amount of Indebtedness under any revolving credit facility shall be computed based upon the average daily balance of such Indebtedness during such four-quarter period); and

(c) any Asset Sale or Asset Acquisition occurring since the first day of such four-quarter period (including to the date of calculation) as if such acquisition or disposition occurred at the beginning of such four-quarter period.

(2) Notwithstanding the foregoing paragraph (1), the Company and the Restricted Subsidiaries will be entitled to incur any or all of the following Indebtedness:

(a) Indebtedness of the Company and the Guarantors related to the notes and the guarantees of those notes (other than any Additional Notes);

(b) Indebtedness incurred by the Company and Restricted Subsidiaries pursuant to the Credit Agreement; *provided, however*, that, immediately after giving effect to any such incurrence, the aggregate principal amount of all Indebtedness incurred under this clause (b) and then outstanding does not exceed the greater of (A) \$1.5 billion and (B) 75% of Net Rental Equipment, less, in either case, any amounts permanently repaid or commitments permanently reduced in accordance with the covenant described under " *Dispositions of Proceeds of Asset Sales*";

(d) make any Investment (other than any Permitted Investment) in any person,

(such payments or Investments described in the preceding clauses (a), (b), (c) and (d) are collectively referred to as "Restricted Payments"), unless, after giving effect to the proposed Restricted Payment (the amount of any such Restricted Payment, if other than cash, shall be the Fair Market Value of the asset(s) proposed to be transferred by the Company or such Restricted Subsidiary, as the case may be, pursuant to such Restricted Payment):

(A) no Default or Event of Default shall have occurred and be continuing (or would result therefrom);

(2) the aggregate net cash proceeds and the Fair Market Value of property or assets received by the Company as capital contributions to the Company after the Issue Date;

(6) in the case of the disposition or repayment of any Investment constituting a Restricted Payment made after the Issue Date, an amount equal to the lesser of the return of capital with respect to such Investment and the initial amount of such Investment, in either case, less the cost of the disposition of such Investment; and

For purposes of the preceding clause (C)(4), the value of the aggregate net proceeds received by the Company upon the issuance of Capital Stock upon the exercise of options, warrants or rights will be the net cash proceeds received upon the issuance of such options, warrants or rights plus the incremental amount received by the Company upon the exercise thereof.

None of the foregoing provisions will prohibit, so long, in the case of payments pursuant to clauses (i), (v), (vi), (vii), (viii), (ix), (xi) and (xv) below, as there is no Default or Event of Default continuing:

(i) the payment of any dividend or distribution within 60 days after the date of its declaration, if at the date of declaration such payment would be permitted by the first paragraph of this covenant;

(ii) the redemption, repurchase or other acquisition or retirement of any shares of any class of Capital Stock or Subordinated Indebtedness of the Company in exchange for, or out of the net cash proceeds of, a substantially concurrent issue and sale of other shares of Capital Stock of the Company (other than Redeemable Capital Stock of the Company) to any person (other than to a Subsidiary of the Company); *provided, however*, that such net cash proceeds are excluded from clause (C) of the first paragraph of this covenant;

(z) as subordinated to the notes in the same manner and to the same extent as the Subordinated Indebtedness so purchased, exchanged, redeemed, acquired or retired; and

(iv) Investments constituting Restricted Payments made as a result of the receipt of non-cash consideration from any Asset Sale or other sale of assets or property made pursuant to and in compliance with the Indenture;

(v) payments to purchase Capital Stock of the Company or Holdings from officers of the Company or Holdings, pursuant to agreements in effect as of the Issue Date, in an amount not to exceed \$15 million in the aggregate;

(y) such Investment would otherwise be permitted under the Indenture if made by the Company and such Investment is contributed or transferred by Holdings to the Company or a Restricted Subsidiary; and

(4) reasonable and customary incidental expenses as determined in good faith by the Board of Directors of Holdings;

(xiv) any Investment made in a Special Purpose Vehicle in connection with a Securitization Transaction, which Investment consists of the assets described in the definition of "Equipment Securitization Transaction" or "Receivables Securitization Transaction"; and

(xv) any Restricted Payment in an amount which, when taken together with all Restricted Payments made after the Issue Date pursuant to this clause (xv), does not exceed \$50 million.

Any payments made pursuant to clauses (i), (v), (vi), (viii), (ix) or (xv) of this paragraph shall be taken into account in calculating the amount of Restricted Payments made in accordance with this covenant.

Limitation on Liens. The Company will not, and will not permit any Restricted Subsidiary to, create, incur, assume or suffer to exist any Lien (the "Initial Lien") of any kind against or upon any of its property or assets, or any proceeds therefrom, unless the notes are equally and ratably secured (except that Liens securing Subordinated Indebtedness shall be expressly subordinate to Liens securing the notes to the same extent such Subordinated Indebtedness is subordinate to the notes), except for Permitted Liens. Any Lien created for the benefit of the Holders of the notes pursuant to the preceding sentence shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the Initial Lien.

Disposition of Proceeds of Asset Sales. The Company will not, and will not permit any Restricted Subsidiary to, make any Asset Sale unless:

(a) the Company or such Restricted Subsidiary, as the case may be, receives consideration (including by way of relief from, or by any other person assuming responsibility for, any liabilities,

Table of Contents

contingent or otherwise) at the time of such Asset Sale at least equal to the Fair Market Value of the shares or assets sold or otherwise disposed of; and

(b) at least 75% of such consideration consists of cash or Cash Equivalents or Replacement Assets (as defined below); *provided, however*, that the amount of any liabilities (as shown on the most recent balance sheet of the Company or such Restricted Subsidiary) of the Company or such Restricted Subsidiary that are assumed by the transferee of such assets and any securities, notes or other obligations received by the Company or such Restricted Subsidiary from such transferee that are converted within 90 days into cash or Cash Equivalents (to the extent of the cash or Cash Equivalents received) shall be deemed to be cash for the purposes of this provision; *provided further* that the 75% limitation referred to in clause (b) will not apply to any Asset Sale in which the cash or Cash Equivalent portion of the consideration received therefrom, determined in accordance with the foregoing provision, is equal to or greater than what the after-tax proceeds would have been had such Asset Sale complied with the aforementioned 75% limitation.

To the extent that the Net Cash Proceeds of any Asset Sale are not required to be applied to repay, and permanently reduce the commitments under, Senior Indebtedness of the Company or any Restricted Subsidiary, or are not so applied, the Company or such Restricted Subsidiary, as the case may be, may apply the Net Cash Proceeds from such Asset Sale, within 365 days of such Asset Sale, to an investment in properties and assets that replace the properties and assets that were the subject of such Asset Sale or in properties and assets that are used or useful in the business of the Company and its Restricted Subsidiaries conducted at such time or in businesses reasonably related thereto or in Capital Stock of a person, the principal portion of whose assets consist of such property or assets (collectively, "Replacement Assets"); *provided, however*, that any such reinvestment in Replacement Assets made pursuant to a definitive binding agreement or commitment approved by the Board of Directors of the Company that is executed or approved within such time will satisfy this requirement, so long as such investment is consummated within 180 days of such 365th day; *provided* that in the event such binding agreement or commitment is later canceled or terminated for any reason before such Net Cash Proceeds are so applied, the Company or such Restricted Subsidiary may satisfy its obligations as to any Net Cash Proceeds by entering into another binding agreement or commitment within six months of such cancellation or termination of the prior binding agreement or commitment or treating such Net Cash Proceeds as Excess Proceeds; *provided further* that the Company or such Restricted Subsidiary may only enter into such an agreement or commitment under the foregoing provision one time with respect to each Asset Sale. Any Net Cash Proceeds from any Asset Sale that are neither used to repay, and permanently reduce the commitments under, Senior Indebtedness nor invested in Replacement Assets pursuant to the preceding sentence constitute "Excess Proceeds" subject to disposition as provided below.

When the aggregate amount of Excess Proceeds equals or exceeds \$25 million, the Company shall make an offer to purchase (an "Asset Sale Offer"), from all holders of the notes, an aggregate principal amount of notes equal to such Excess Proceeds, at a price in cash equal to 100% of the outstanding principal amount thereof plus accrued and unpaid interest, if any, to the purchase date (the "Asset Sale Offer Price"). To the extent that the aggregate principal amount of notes tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Company may use such deficiency for general corporate purposes. The notes shall be purchased by the Company, at the option of the holder thereof, in whole or in part in integral multiples of \$1,000, on a date that is not earlier than 30 days and not later than 60 days from the date the notice is given to holders, or such later date as may be necessary for the Company to comply with the requirements under the Exchange Act. If the aggregate principal amount of notes validly tendered and not withdrawn by holders thereof exceeds the Excess Proceeds, notes to be purchased will be selected on a pro rata basis.

Notwithstanding the foregoing, if the Company is required to commence an Asset Sale Offer at any time when securities of the Company ranking *pari passu* in right of payment with the notes are

outstanding and the terms of such securities provide that a similar offer must be made with respect to such other securities, then the Asset Sale Offer for the notes shall be made concurrently with such other offers and securities of each issue will be accepted on a pro rata basis in proportion to the aggregate principal amount of securities of each issue which the holders thereof elect to have purchased. Any Asset Sale Offer will be made only to the extent permitted under, and subject to prior compliance with, the terms of agreements governing Senior Indebtedness. Upon completion of such Asset Sale Offer, the amount of Excess Proceeds shall be reset to zero.

The Company will comply with Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder, to the extent such laws and regulations are applicable, in the event that an Asset Sale occurs and the Company is required to purchase notes as described above.

Limitation on Preferred Stock of Restricted Subsidiaries. The Company will not permit any Restricted Subsidiary to issue any Preferred Stock other than Preferred Stock issued to the Company or a Wholly Owned Restricted Subsidiary. The Company will not sell, transfer or otherwise dispose of Preferred Stock issued by a Restricted Subsidiary or permit a Restricted Subsidiary to sell, transfer or otherwise dispose of Preferred Stock issued by a Restricted Subsidiary, other than to the Company or a Wholly Owned Restricted Subsidiary. Notwithstanding the foregoing, nothing in such covenant will prohibit Preferred Stock (other than Redeemable Capital Stock) issued by a person prior to the time:

- (A) such person becomes a Restricted Subsidiary;
- (B) such person merges with or into a Restricted Subsidiary; or
- (C) a Restricted Subsidiary merges with or into such person;

provided, however, that such Preferred Stock was not issued or incurred by such person in anticipation of a transaction contemplated by subclause (A), (B) or (C) above.

Limitation on Transactions with Affiliates. The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into any transaction or series of related transactions (including, without limitation, the sale, transfer, disposition, purchase, exchange or lease of assets, property or services) with, or for the benefit of, any of its Affiliates (other than Restricted Subsidiaries), except:

- (a) on terms that are not materially less favorable to the Company or such Subsidiary, as the case may be, than those which could have been obtained in a comparable transaction at such time from persons who are not Affiliates of the Company;
- (b) with respect to a transaction or series of related transactions involving aggregate payments or value equal to or greater than \$5 million, the Company shall have delivered an officer's certificate to the Trustee certifying that such transaction or transactions comply with the preceding clause (a);
- (c) with respect to a transaction or series of related transactions involving aggregate payments or value equal to or greater than \$20 million, such transaction or transactions shall have been approved by a majority of the Disinterested Members of the Board of Directors of the Company; and
- (d) with respect to a transaction or series of related transactions involving aggregate payments or value equal to or greater than \$50 million, the Board of Directors of the Company shall also have received a written opinion from an Independent Qualified Party to the effect that such transaction or series of related transactions is fair, from a financial standpoint, to the Company and its Restricted Subsidiaries or is not less favorable to the Company and its Restricted Subsidiaries than could reasonably be expected to be obtained at the time in an arm's-length transaction with a non-Affiliate.

- (ix) transactions described in or permitted by clauses (vii) and (x) of the last paragraph under the caption " *Limitation on Restricted Payments*."

Limitation on Dividends and other Payment Restrictions Affecting Restricted Subsidiaries. - (ix) joint venture agreements and other similar agreements entered into in the ordinary course of business that prohibit actions of the type described in clauses (a), (c), (d) and (e) above;
- (x) any agreement entered into with respect to a Special Purpose Vehicle in connection with a Securitization Transaction, containing customary restrictions required by the institutional sponsor or arranger of such Securitization Transaction in similar types of documents relating to the purchase of similar assets in connection with the financing thereof;
- (xi) restrictions relating to Foreign Subsidiaries contained in Indebtedness Incurred pursuant to clause (k) of paragraph (2) of the covenant described under " *Limitation on Indebtedness*"; and
- (xii) (A) on cash or other deposits or net worth imposed by customers or suppliers under agreements entered into in the ordinary course of business, (B) that arises or is agreed to in the ordinary course of business and does not detract from the value of property or assets of the Company or any Restricted Subsidiary in any manner material to the Company or such Restricted Subsidiary or adversely effect the ability of the Company to make interest and principal payments with respect to the notes or (C) pursuant to Interest Rate Protection Agreements; and
- (xiii) any agreement that amends, extends, refinances, renews or replaces any agreement described in the foregoing clauses; *provided, however*, that the terms and conditions of any such agreement are not materially less favorable, taken as a whole, to the holders of the notes with respect to such dividend and payment restrictions than those under or pursuant to the agreement amended, extended, refinanced, renewed or replaced.

Limitation on Designations of Unrestricted Subsidiaries. The Company may designate any Restricted Subsidiary as an "Unrestricted Subsidiary" under the Indenture (a "Designation") only if:

- (i) no Default shall have occurred and be continuing at the time of or after giving effect to such Designation;

Table of Contents

(ii) the Company would be permitted to make an Investment (other than a Permitted Investment, except a Permitted Investment covered by clause (xii) of the definition thereof) at the time of Designation (assuming the effectiveness of such Designation) pursuant to the first paragraph of " *Limitation on Restricted Payments*" above in an amount (the "Designation Amount") equal to the Fair Market Value of the Company's interest in such Subsidiary on such date calculated in accordance with GAAP; and

(iii) the Company would be permitted under the Indenture to incur \$1.00 of additional Indebtedness pursuant to paragraph (1) of the covenant described under " *Limitation on Indebtedness*" at the time of such Designation (assuming the effectiveness of such Designation).

In the event of any such Designation, the Company shall be deemed to have made an Investment constituting a Restricted Payment pursuant to the covenant " *Limitation on Restricted Payments*" for all purposes of the Indenture in the Designation Amount.

The Company shall not, and shall not cause or permit any Restricted Subsidiary to, at any time:

(x) provide credit support for, or subject any of its property or assets (other than the Capital Stock of any Unrestricted Subsidiary) to the satisfaction of, any Indebtedness of any Unrestricted Subsidiary (including any undertaking, agreement or instrument evidencing such Indebtedness);

(y) be directly or indirectly liable for any Indebtedness of any Unrestricted Subsidiary; or

(z) be directly or indirectly liable for any Indebtedness which provides that the holder thereof may (upon notice, lapse of time or both) declare a default thereon or cause the payment thereof to be accelerated or payable prior to its final scheduled maturity upon the occurrence of a default with respect to any Indebtedness of any Unrestricted Subsidiary (including any right to take enforcement action against such Unrestricted Subsidiary), except any non-recourse guarantee given solely to support the pledge by the Company or any Restricted Subsidiary of the Capital Stock of an Unrestricted Subsidiary.

All Subsidiaries of Unrestricted Subsidiaries shall automatically be deemed to be Unrestricted Subsidiaries.

The Company may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a "Revocation") if:

(i) no Default shall have occurred and be continuing at the time of and after giving effect to such Revocation; and

(ii) all Liens and Indebtedness of such Unrestricted Subsidiary outstanding immediately following such Revocation would, if incurred at such time, have been permitted to be incurred for all purposes of the Indenture.

All Designations and Revocations must be evidenced by Board Resolutions of the Company delivered to the Trustee certifying compliance with the foregoing provisions.

Additional Subsidiary Guarantees. The Company will cause each United States Restricted Subsidiary that guarantees any Indebtedness of the Company or any other Restricted Subsidiary to at the same time execute and deliver to the Trustee a Guaranty Agreement pursuant to which such Restricted Subsidiary will guarantee payment of the notes on the same terms and conditions as those set forth in the Indenture. This covenant shall not apply to any of the Company's Subsidiaries that have been properly designated as an Unrestricted Subsidiary or as a Special Purpose Vehicle.

Reporting Requirements. For so long as the notes are outstanding, whether or not the Company is subject to Section 13(a) or 15(d) of the Exchange Act, or any successor provision thereto, the Company shall file with the SEC (if permitted by SEC practice and applicable law and regulations) the annual

reports, quarterly reports and other documents which the Company would have been required to file with the SEC pursuant to such Section 13(a) or 15(d) or any successor provision thereto if the Company were so subject, such documents to be filed with the SEC on or prior to the respective dates (the "Required Filing Dates") by which the Company would have been required so to file such documents if the Company were so subject. If, notwithstanding the preceding sentence, filing such documents by the Company with the SEC is not permitted by SEC practice or applicable law or regulations, the Company shall transmit (or cause to be transmitted) by mail to all holders of notes, as their names and addresses appear in the note register, copies of such documents within 30 days after the Required Filing Date.

In addition, for so long as any notes remain outstanding, the Company will furnish to the holders of notes and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act, and, to any beneficial holder of notes, if not obtainable from the SEC, information of the type that would be filed with the SEC pursuant to the foregoing provisions upon the request of any such holder.

Consolidation, Merger, Sale of Assets, etc.

The Company will not, in any transaction or series of transactions, merge or consolidate with or into, or sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of its properties and assets as an entirety to, any person or persons, and the Company will not permit any Restricted Subsidiary to enter into any such transaction or series of transactions if such transaction or series of transactions, in the aggregate, would result in a sale, assignment, conveyance, transfer, lease or other disposition of all or substantially all of the properties and assets of the Company or the Company and its Restricted Subsidiaries, taken as a whole, to any other person or persons, unless at the time and after giving effect thereto:

(a) either:

(i) if the transaction or transactions is a merger or consolidation, the Company or such Restricted Subsidiary, as the case may be, shall be the surviving person of such merger or consolidation; or

(ii) the person formed by such consolidation or into which the Company, or such Restricted Subsidiary, as the case may be, is merged or to which the properties and assets of the Company or such Restricted Subsidiary, as the case may be, substantially as an entirety, are transferred (any such surviving person or transferee person being the "Surviving Entity") shall be a corporation organized and existing under the laws of the United States of America, any state thereof or the District of Columbia and shall expressly assume by a supplemental indenture executed and delivered to the Trustee, in form satisfactory to the Trustee, all the obligations of the Company or such Restricted Subsidiary, as the case may be, under the notes, the Indenture and the Registration Rights Agreement, and in each case, the Indenture shall remain in full force and effect;

(b) immediately after giving effect to such transaction or series of transactions on a pro forma basis (including, without limitation, any Indebtedness incurred or anticipated to be incurred in connection with or in respect of such transaction or series of transactions), no Default or Event of Default shall have occurred and be continuing; and

(c) except in the case of any merger of the Company with any wholly owned Subsidiary of the Company or any merger of Subsidiary Guarantors (and, in each case, no other persons), (i) the Company or the Surviving Entity, as the case may be, after giving effect to such transaction or series of transactions on a pro forma basis (including, without limitation, any Indebtedness incurred or anticipated to be incurred in connection with or in respect of such transaction or series

of transactions), could incur \$1.00 of additional Indebtedness pursuant to paragraph (1) of the covenant described under " *Limitation on Indebtedness*" (assuming a market rate of interest with respect to such additional Indebtedness) or (ii) the Fixed Charge Coverage Ratio of the Company (or, if applicable, the successor company with respect thereto) would equal or exceed the Fixed Charge Coverage Ratio of the Company immediately prior to giving effect to such transaction.

In connection with any consolidation, merger, transfer, lease, assignment or other disposition contemplated hereby, the Company shall deliver, or cause to be delivered, to the Trustee, in form and substance reasonably satisfactory to the Trustee, an officers' certificate and an opinion of counsel, each stating that such consolidation, merger, transfer, lease, assignment or other disposition and the supplemental indenture in respect thereof comply with the requirements under the Indenture.

Upon any consolidation or merger, or any sale, assignment, conveyance, transfer, lease or disposition of all or substantially all of the properties and assets of the Company in accordance with the immediately preceding paragraphs, the successor person formed by such consolidation or into which the Company or a Restricted Subsidiary, as the case may be, is merged or the successor person to which such sale, assignment, conveyance, transfer, lease or disposition is made shall succeed to, and be substituted for, and may exercise every right and power of the Company under the notes, the Indenture and/or the Registration Rights Agreement, as the case may be, with the same effect as if such successor had been named as the Company in the notes, the Indenture and/or in the Registration Rights Agreement, as the case may be, and, except in the case of a lease, the Company or such Restricted Subsidiary shall be released and discharged from its obligations thereunder.

The Indenture provides that for all purposes of the Indenture and the notes (including the provision of this covenant and the covenants described in " *Certain Covenants Limitation on Indebtedness,*" " *Limitation on Restricted Payments,*" and " *Limitation on Liens*"), Subsidiaries of any surviving person shall, upon such transaction or series of related transactions, become Restricted Subsidiaries unless and until designated Unrestricted Subsidiaries pursuant to and in accordance with " *Limitation on Designations of Unrestricted Subsidiaries*" and all Indebtedness, and all Liens on property or assets, of the Company and the Restricted Subsidiaries in existence immediately after such transaction or series of related transactions will be deemed to have been incurred upon such transaction or series of related transactions.

Events of Default

The following constitute "Events of Default" under the Indenture:

(i) default in the payment of the principal of or premium, if any, when due and payable, on any of the notes (at Stated Maturity, upon optional redemption, required purchase or otherwise); or

(ii) default in the payment of an installment of interest on any of the notes, when due and payable, for 30 days; or

(iii) default in the performance, or breach, of any covenant or agreement of the Company or the Guarantors under the Indenture (other than a default in the performance or breach of a covenant or agreement which is specifically dealt with in clause (i), (ii) or (iv)) and such default or breach shall continue for a period of 30 days after written notice has been given, by certified mail:

(x) to the Company by the Trustee; or

(y) to the Company and the Trustee by the holders of at least 25% in aggregate principal amount of the outstanding notes; or

(iv) (a) there shall be a default in the performance or breach of the provisions of " *Consolidation, Merger, Sale of Assets, etc.*";

(b) the Company shall have failed to make or consummate an Asset Sale Offer in accordance with the provisions of the Indenture described under " *Certain Covenants Dispositions of Proceeds of Asset Sales*"; or

(c) the Company shall have failed to make or consummate a Change of Control Offer in accordance with the provisions of the Indenture described under " *Change of Control*";

(v) default or defaults under one or more agreements, instruments, mortgages, bonds, debentures or other evidences of Indebtedness under which the Company or any Restricted Subsidiary then has outstanding Indebtedness (i) in excess of \$25 million, if any Existing Notes are outstanding, or (ii) in excess of \$50 million, when no Existing Notes remain outstanding, in each case, individually or in the aggregate, and either:

(a) such Indebtedness is already due and payable in full; or

(b) such default or defaults have resulted in the acceleration of the maturity of such Indebtedness; or

(vi) one or more judgments, orders or decrees of any court or regulatory or administrative agency of competent jurisdiction for the payment of money (i) in excess of \$25 million, if any Existing Notes are outstanding, or (ii) in excess of \$50 million, when no Existing Notes remain outstanding, in each case, either individually or in the aggregate, shall be entered against the Company or any Restricted Subsidiary of the Company or any of their respective properties and shall not be discharged and there shall have been a period of 60 days after the date on which any period for appeal has expired and during which a stay of enforcement of such judgment, order or decree, shall not be in effect; or

(vii) the entry of a decree or order by a court having jurisdiction in the premises:

(A) for relief in respect of the Company or any Significant Subsidiary in an involuntary case or proceeding under the Federal Bankruptcy Code or any other federal, state or foreign bankruptcy, insolvency, reorganization or similar law;

(B) adjudging the Company or any Significant Subsidiary bankrupt or insolvent, or seeking reorganization, arrangement, adjustment or composition of or in respect of the Company or any Significant Subsidiary under the Federal Bankruptcy Code or any other similar federal, state or foreign law, or appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator (or other similar official) of the Company or any Significant Subsidiary or of any substantial part of any of their properties, or ordering the winding-up or liquidation of any of their affairs, and the continuance of any such decree or order unstayed and in effect for a period of 60 consecutive days; or

(viii) the institution by the Company or any Significant Subsidiary of a voluntary case or proceeding under the Federal Bankruptcy Code or any other similar federal, state or foreign law or any other case or proceedings to be adjudicated a bankrupt or insolvent, or the consent by the Company or any Significant Subsidiary to the entry of a decree or order for relief in respect of the Company or any Significant Subsidiary in any involuntary case or proceeding under the Federal Bankruptcy Code or any other similar federal, state or foreign law or to the institution of bankruptcy or insolvency proceedings against the Company or any Significant Subsidiary, or the filing by the Company or any Significant Subsidiary of a petition or answer or consent seeking reorganization or relief under the Federal Bankruptcy Code or any other similar federal, state or foreign law, or the consent by it to the filing of any such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee or sequestrator (or other similar official) of any of the Company or any Significant Subsidiary or of any substantial part of its property, or the making by it of an assignment for the benefit of creditors, or the admission by

it in writing of its inability to pay its debts generally as they become due or the taking of corporate action by the Company or any Significant Subsidiary in furtherance of any such action; or

(ix) any of the guarantees of the notes ceases to be in full force and effect or any of such guarantees is declared to be null and void and unenforceable or any of such guarantees is found to be invalid or any of the Guarantors denies its liability under its guarantee (other than by reason of release of a Guarantor in accordance with the terms of the Indenture).

If an Event of Default (other than those covered by clause (vii) or (viii) above with respect to the Company) shall occur and be continuing, the Trustee, by notice to the Company, or the holders of at least 25% in aggregate principal amount of the notes then outstanding, by notice to the Trustee and the Company, may declare the principal of, premium, if any, and accrued and unpaid interest, if any, on all of the outstanding notes due and payable immediately. If an Event of Default specified in clause (vii) or (viii) above with respect to the Company occurs and is continuing, then the principal of, premium, if any, and accrued and unpaid interest, if any, on all the outstanding notes shall ipso facto become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holder of notes.

After a declaration of acceleration under the Indenture, but before a judgment or decree for payment of the money due has been obtained by the Trustee, the holders of a majority in aggregate principal amount of the outstanding notes, by written notice to the Company and the Trustee, may rescind such declaration if:

- (a) the Company has paid or deposited with the Trustee a sum sufficient to pay
 - (i) all sums paid or advanced by the Trustee under the Indenture and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel;
 - (ii) all overdue interest on all notes;
 - (iii) the principal of and premium, if any, on any notes which have become due otherwise than by such declaration of acceleration and interest thereon at the rate borne by the notes; and
 - (iv) to the extent that payment of such interest is lawful, interest upon overdue interest and overdue principal at the rate borne by the notes which has become due otherwise than by such declaration of acceleration;
- (b) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction; and
- (c) all Events of Default, other than the non-payment of principal of, premium, if any, and interest on the notes that has become due solely by such declaration of acceleration, have been cured or waived.

The holders of not less than a majority in aggregate principal amount of the outstanding notes may on behalf of the holders of all the notes waive any past defaults under the Indenture, except a default in the payment of the principal of, premium, if any, or interest on any note, or in respect of a covenant or provision which under the Indenture cannot be modified or amended without the consent of the holder of each note outstanding.

No holder of any of the notes has any right to institute any proceeding with respect to the Indenture or any remedy thereunder, unless the holders of at least 25% in aggregate principal amount of the outstanding notes have made written request, and offered indemnity satisfactory to the Trustee, to the Trustee to institute such proceeding as Trustee under the notes and the Indenture, the Trustee has failed to institute such proceeding within 45 days after receipt of such notice and the Trustee, within such 45-day period, has not received directions inconsistent with such written request by holders

of a majority in aggregate principal amount of the outstanding notes. Such limitations do not apply, however, to a suit instituted by a holder of a note for the enforcement of the payment of the principal of, premium, if any, or interest on such note on or after the respective due dates expressed in such note.

During the existence of an Event of Default, the Trustee is required to exercise such rights and powers vested in it under the Indenture and use the same degree of care and skill in its exercise thereof as a prudent person would exercise under the circumstances in the conduct of such person's own affairs. Subject to the provisions of the Indenture relating to the duties of the Trustee, whether or not an Event of Default shall occur and be continuing, the Trustee under the Indenture is not under any obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders unless such holders shall have offered to the Trustee security or indemnity satisfactory to it. Subject to certain provisions concerning the rights of the Trustee, the holders of a majority in aggregate principal amount of the outstanding notes have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee under the Indenture.

If a Default or an Event of Default occurs and is continuing and is known to the Trustee, the Trustee shall mail to each holder of the notes notice of the Default or Event of Default within 90 days after obtaining knowledge thereof. Except in the case of a Default or an Event of Default in payment of principal of, premium, if any, or interest on any notes, the Trustee may withhold the notice to the holders of such notes if its board of directors, the executive committee or a committee of its directors or trust officers in good faith determines that withholding the notice is in the interest of the noteholders.

The Company is required to furnish to the Trustee annual statements as to the performance by the Company of its obligations under the Indenture and as to any default in such performance. The Company is also required to notify the Trustee within five days of any event which is, or after notice or lapse of time or both would become, an Event of Default.

No Liability For Certain Persons

No director, officer, employee or stockholder of Holdings or the Company, nor any director, officer or employee of any Subsidiary Guarantor, as such, will have any liability for any obligations of the Company or any Guarantor under the notes, the guarantees thereof or the Indenture based on or by reason of such obligations or their creation. Each holder by accepting a note waives and releases all such liability. The foregoing waiver and release are an integral part of the consideration for the issuance of the notes. Such waiver may not be effective to waive liabilities under the federal securities laws.

Defeasance or Covenant Defeasance of Indenture

The Company may, at its option and at any time, terminate the obligations of the Company with respect to the outstanding notes ("defeasance") to the extent set forth below. Such defeasance means that the Company shall be deemed to have paid and discharged the entire Indebtedness represented by the outstanding notes, except for:

- (i) the rights of holders of outstanding notes to receive payment in respect of the principal of, premium, if any, and interest on such notes when such payments are due;
- (ii) the Company's obligations to issue temporary notes, register the transfer or exchange of any notes, replace mutilated, destroyed, lost or stolen notes and maintain an office or agency for payments in respect of the notes;
- (iii) the rights, powers, trusts, duties and immunities of the Trustee; and

Table of Contents

(iv) the defeasance provisions of the Indenture.

In addition, the Company may, at its option and at any time, elect to terminate the obligations of the Company with respect to certain covenants that are set forth in the Indenture, some of which are described under "*Change of Control*" and "*Certain Covenants*" above, and any subsequent failure to comply with such obligations shall not constitute a Default or an Event of Default with respect to the notes ("covenant defeasance").

In order to exercise either defeasance or covenant defeasance:

(i) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the holders of the notes, cash in United States dollars, U.S. Government Obligations (as defined in the Indenture), or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest on the outstanding notes to redemption or maturity (except lost, stolen or destroyed notes which have been replaced or paid);

(ii) the Company shall have delivered to the Trustee an opinion of counsel to the effect that the holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred (in the case of defeasance, such opinion must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable federal income tax laws);

(iii) no Default or Event of Default shall have occurred and be continuing on the date of such deposit (other than a default under the Indenture caused by the incurrence of Indebtedness to make such deposit);

(iv) such defeasance or covenant defeasance shall not cause the Trustee to have a conflicting interest with respect to any securities of the Company;

(v) such defeasance or covenant defeasance shall not result in a breach or violation of, or constitute a default under, any material agreement or instrument to which the Company is a party or by which it is bound (other than a default under the Indenture caused by the incurrence of Indebtedness to make such deposit);

(vi) the Company shall have delivered to the Trustee an opinion of counsel to the effect that after the 91st day following the deposit, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally;

(vii) the Company shall have delivered to the Trustee an officers' certificate stating that the deposit was not made by the Company with the intent of preferring the holders of the notes over the other creditors of the Company with the intent of hindering, delaying or defrauding creditors of the Company or others;

(viii) no event or condition shall exist that would prevent the Company from making payments of the principal of, premium, if any, and interest on the notes on the date of such deposit or at any time ending on the 91st day after the date of such deposit; and

(ix) the Company shall have delivered to the Trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent under the Indenture to either defeasance or covenant defeasance, as the case may be, have been complied with.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect (except as to surviving rights or registration of transfer or exchange of the notes, as expressly provided for in the Indenture) as to all outstanding notes when:

(i) either:

(a) all the notes theretofore authenticated and delivered (except lost, stolen or destroyed notes which have been replaced or repaid and notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Company and thereafter repaid to the Company or discharged from such trust) have been delivered to the Trustee for cancellation; or

(b) all notes not theretofore delivered to the Trustee for cancellation (except lost, stolen or destroyed notes which have been replaced or paid) have become due and payable or will become due and payable within one year under arrangements acceptable to the Trustee, and the Company has irrevocably deposited or caused to be deposited with the Trustee funds in an amount sufficient to pay and discharge the entire Indebtedness on the notes not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest on the notes to the date of deposit (in the case of notes that have become due and payable) or to the maturity or redemption date, as the case may be together with irrevocable instructions from the Company directing the Trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;

(ii) the Company has paid all other sums payable under the Indenture by the Company; and

(iii) the Company has delivered to the Trustee an officers' certificate and an opinion of counsel stating that all conditions precedent under the Indenture relating to the satisfaction and discharge of the Indenture have been complied with.

Amendments and Waivers

From time to time, the Company, when authorized by a resolution of its Board of Directors, and the Trustee may, without the consent of the holders of any outstanding notes, amend, waive or supplement the Indenture or the notes for certain specified purposes, including, among other things, curing ambiguities, defects or inconsistencies, qualifying, or maintaining the qualification of, the Indenture under the Trust Indenture Act, or making any change that does not adversely affect the rights of any holder of notes. Other amendments and modifications of the Indenture or the notes may be made by the Company and the Trustee with the consent of the holders of not less than a majority of the aggregate principal amount of the outstanding notes; *provided, however*, that no such modification or amendment may, without the consent of the holder of each outstanding note affected thereby:

(i) reduce the principal amount of, extend the fixed maturity of or alter the redemption provisions of, the notes;

(ii) change the currency in which any notes or any premium or the interest thereon is payable;

(iii) reduce the percentage in principal amount of outstanding notes that must consent to an amendment, supplement or waiver or consent to take any action under the Indenture or the notes;

(iv) impair the right to institute suit for the enforcement of any payment on or with respect to the notes;

(v) waive a default in payment with respect to the notes;

Table of Contents

(vi) amend, change or modify in any material respect the obligation of the Company to make and consummate a Change of Control Offer in respect of a Change of Control that has occurred or make and consummate an Asset Sale Offer with respect to any Asset Sale that has been consummated;

(vii) reduce or change the rate or time for payment of interest on the notes; or

(viii) modify or change any provision of the Indenture affecting the ranking of the notes or any guarantee of the notes in a manner adverse to the holders of the notes.

The Trustee

The Indenture provides that, except during the continuance of an Event of Default, the Trustee thereunder will perform only such duties as are specifically set forth in the Indenture. If an Event of Default has occurred and is continuing, the Trustee will exercise such rights and powers vested in it under the Indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The Indenture and provisions of the Trust Indenture Act incorporated by reference therein contain limitations on the rights of the Trustee thereunder, should it become a creditor of the Company, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The Trustee is permitted to engage in other transactions; *provided, however*, that if it acquires any conflicting interest (as defined in such Act) it must eliminate such conflict or resign.

Governing Law

The Indenture and the notes are governed by the laws of the State of New York, without regard to the principles of conflicts of law.

Book-Entry, Delivery and Form

The new notes initially will be represented by one or more global notes in registered form without interest coupons collectively referred to herein as the "Global Notes." The Global Notes will be deposited upon issuance with the Trustee as custodian for DTC, in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for notes in certificated form except in the limited circumstances described below. See "*Exchange of Global Notes for Certificated Notes.*" Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of notes in certificated form. In addition, transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants, which may change from time to time.

Depository Procedures

The following description of the operations and procedures of DTC is provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. We take no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

Table of Contents

DTC has advised us that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the "Participants") and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the "Indirect Participants"). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised us that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of Participants with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interests in the Global Notes).

Investors in the Global Notes who are Participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations which are Participants in such system. All interests in a Global Note may be subject to the procedures and requirements of DTC. The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of an interest in the Global Notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or holders thereof under the Indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the Indenture. Under the terms of the Indenture, the Company and the Trustee will treat the Persons in whose names the notes, including the Global Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither the Company, the Trustee nor any agent of the Company or the Trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or

Exchange of Global Notes for Certificated Notes

Subject to certain conditions, a Global Note is exchangeable for Certificated Notes in definitive form of like tenor in denominations of \$1,000 and integral multiples thereof if:

- (1) DTC notifies us that it is unwilling or unable to continue as depository for the Global Notes or DTC ceases to be a clearing agency registered under the Exchange Act and, in either case, we are unable to locate a qualified successor within 90 days;
- (2) we, in our discretion, at any time, determine not to have all the notes represented by the Global Notes; or
- (3) a default entitling the holders of the notes to accelerate the maturity thereof has occurred and is continuing.

Any Global Note that is exchangeable as above is exchangeable for Certificated Notes issuable in authorized denominations and registered in such names as DTC shall direct.

Same Day Settlement and Payment

The Company will make payments in respect of the notes represented by the Global Notes (including principal, premium, if any, and interest) by wire transfer of immediately available funds to the accounts specified by the Global Note holder. The Company will make all payments of principal, interest and premium, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the certificated notes or, if no such account is specified, by mailing a check to each such holder's registered address. The notes represented by the Global Notes are expected to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such notes will, therefore, be required by DTC to be settled in immediately available funds. The Company expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

CERTAIN MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

This section describes certain material United States federal income tax consequences of exchanging old notes for new notes and owning the new notes. It applies to you only if you hold old notes and new notes as capital assets for tax purposes and acquire new notes by exchanging pursuant to the exchange offer the old notes that you acquired. For the purposes of this section "*Certain Material United States Federal Income Tax Considerations*", the new notes and the old notes are hereinafter referred to as the "notes".

This section does not apply to you if you are a member of a class of holders subject to special rules, such as:

a dealer in securities or currencies;

a trader in securities that elects to use a mark-to-market method of accounting for your securities holdings;

a bank;

a life insurance company;

a tax-exempt organization;

a person that owns notes that are a hedge or that are hedged against interest rate risks;

a person that owns notes as part of a straddle or conversion transaction for tax purposes; or

a United States holder (as defined below) whose functional currency for tax purposes is not the U.S. dollar.

If you purchase notes at a price other than the offering price, the amortizable bond premium or market discount rules may also apply to you. You should consult your own tax advisor regarding this possibility.

This section is based on the Internal Revenue Code of 1986, as amended, its legislative history, existing and proposed regulations under the Internal Revenue Code, published rulings and court decisions, all as currently in effect. These laws are subject to change, possibly on a retroactive basis.

If a partnership holds the notes, the United States federal income tax treatment of a partner will generally depend on the status of the partner and the tax treatment of the partnership. A partner in a partnership holding the notes should consult its tax advisor with regard to the United States federal income tax treatment of an investment in the notes.

Please consult your own tax advisor concerning the consequences of owning these notes in your particular circumstances under the Internal Revenue Code and the laws of any other taxing jurisdiction. If you did not acquire the old notes upon their original issuance at their original offering price, please consult your own tax advisor with respect to the tax treatment of your notes, including the special rules applicable to notes with market discount or acquisition premium.

Table of Contents

Treatment of the Exchange

The exchange of the old notes for new notes should not be a taxable event for United States federal income tax purposes. Your basis and holding period in the new notes will equal your basis and holding period in the old notes exchanged for them.

United States Holders

This subsection describes the tax consequences to a United States holder. You are a United States holder if you are a beneficial owner of a debt security and you are:

a citizen or resident of the United States;

a domestic corporation;

an estate whose income is subject to United States federal income tax regardless of its source; or

a trust if a United States court can exercise primary supervision over the trust's administration and one or more United States persons are authorized to control all substantial decisions of the trust.

If you are not a United States holder, this subsection does not apply to you and you should refer to " *United States Alien Holders*" below.

Payments of Interest

You will be taxed on the stated interest on your notes as ordinary income at the time you receive such interest or when it accrues, depending on your method of accounting for tax purposes, unless you make the election described below under " *Original Issue Discount Election to Treat All Interest as Original Issue Discount*," in which case you will be taxed on the stated interest in the manner described below.

Original Issue Discount

The old notes were issued with original issue discount ("OID") for United States federal income tax purposes. Since the terms of the new notes are substantially identical to the terms of the old notes, the discussion of the United States federal income tax consequences with regard to OID applies to both the old notes and the new notes.

Generally, you must include OID, which is more than a statutorily defined *de minimis* amount, in income before you receive cash attributable to that income. The amount of OID on a note will generally equal the excess of the principal amount of a note over its issue price. The issue price is the first price at which a substantial amount of the notes is sold to the public for cash (ignoring sales to underwriters, placement agents and other wholesalers). The amount of OID that you must include in income is calculated using a constant-yield method, and generally you will include increasingly greater amounts of OID in income over the life of your note. More specifically, you can calculate the amount of OID that you must include in income by adding the daily portions of OID with respect to your discount note for each day during the taxable year or portion of the taxable year that you hold your discount note. You can determine the daily portion by allocating to each day in any accrual period a pro rata portion of the OID allocable to that accrual period. You may select an accrual period of any length with respect to your discount note and you may vary the length of each accrual period over the term of your discount note. However, no accrual period may be longer than one year and each scheduled payment of interest or principal on the discount note must occur on either the first or final day of an accrual period.

Table of Contents

You can determine the amount of OID allocable to an accrual period by:

multiplying your discount note's adjusted issue price at the beginning of the accrual period by your note's yield to maturity, and then

subtracting from this figure the sum of the payments of stated interest on your note allocable to the accrual period.

The yield to maturity of a note is the discount rate that, when used in computing the present value of all principal and interest payments to be made under the note, produces an amount equal to the issue price of the note. The yield to maturity of a note must be constant over the note's term. Further, you determine your note's adjusted issue price at the beginning of any accrual period by:

adding your note's issue price and any accrued OID for each prior accrual period, and then

subtracting any payments previously made on your note that were not qualified stated interest payments.

If an interval between payments of stated interest on your note contains more than one accrual period, then, when you determine the amount of OID allocable to an accrual period, you must allocate the amount of stated interest payable at the end of the interval, including any stated interest that is payable on the first day of the accrual period immediately following the interval, pro rata to each accrual period in the interval based on their relative lengths. In addition, you must increase the adjusted issue price at the beginning of each accrual period in the interval by the amount of any stated interest that has accrued prior to the first day of the accrual period but that is not payable until the end of the interval. You may compute the amount of OID allocable to an initial short accrual period by using any reasonable method if all other accrual periods, other than a final short accrual period, are of equal length.

The amount of OID allocable to the final accrual period is equal to the difference between:

the amount payable at the maturity of your note, other than any payment of stated interest; and

your note's adjusted issue price as of the beginning of the final accrual period.

Optional Redemption and Additional Payments. In certain circumstances we may be obligated to make payments on the notes in excess of stated interest and principal. We intend to take the position that there is no more than a remote chance that we will make the payments and the notes should accordingly not be treated as contingent payment debt instruments because of these additional payments. Assuming such position is respected, you would be required to include in income the amount of any such additional payment at the time such payments are received or accrued in accordance with your method of accounting for United States federal income tax purposes. If the Internal Revenue Service successfully challenged this position, and the notes were treated as contingent payment debt instruments, you could be required to accrue interest income at a rate higher than the stated interest rate on the notes and to treat as ordinary income, rather than capital gain, any gain recognized on a sale, exchange or redemption of the notes. You are urged to consult your own tax advisors regarding the potential application to the notes of the contingent payment debt instrument rules and the consequences thereof.

Election to Treat All Interest as Original Issue Discount. You may elect to include in gross income all interest that accrues on your note using the constant-yield method described above. For purposes of this election, interest will include both stated interest and OID.

Generally, this election will apply only to the note for which you make it. You may not revoke any election to apply the constant-yield method to all interest on a debt security.

Table of Contents

Purchase, Sale and Retirement of the New notes

Your tax basis in your note will generally be its cost to you, adjusted by:

adding any OID previously included in income with respect to your note, and then

subtracting any payments you received on your note, other than a payment of stated interest.

You will generally recognize gain or loss on the sale or retirement of your note equal to the difference between the amount you realize on the sale or retirement and your tax basis in your note.

You will recognize capital gain or loss when you sell or retire your note, except to the extent attributable to accrued but unpaid interest or the rules governing contingent payment obligations apply. Capital gain of a noncorporate United States holder that is recognized in taxable years beginning before January 1, 2011 is generally taxed at a maximum rate of 15% where the holder has a holding period greater than one year. The deductibility of capital losses is subject to certain limitations.

United States Alien Holders

This subsection describes the tax consequences to a United States alien holder. You are a United States alien holder if you are the beneficial owner of a note and you are, for United States federal income tax purposes:

a nonresident alien individual;

a foreign corporation;

a foreign partnership; or

an estate or trust that in either case is not subject to United States federal income tax on a net income basis on income or gain from a note.

If you are a United States holder, this subsection does not apply to you.

Under United States federal income and estate tax law, and subject to the discussion of backup withholding below, if you are a United States alien holder of a note:

we and other U.S. payors generally will not be required to deduct United States withholding tax from payments of principal, premium, if any, and interest, including OID, to you if, in the case of payments of interest:

- (1) you do not actually or constructively own 10% or more of the total combined voting power of all classes of stock of URNA entitled to vote;
- (2) you are not a controlled foreign corporation that is related to URNA through stock ownership; and
- (3) the U.S. payor does not have actual knowledge or reason to know that you are a United States person and:
 - (a) you have furnished to the U.S. payor an Internal Revenue Service Form W-8BEN or an acceptable substitute form upon which you certify, under penalties of perjury, that you are (or, in the case of a United States alien holder that is a partnership or an estate or trust, such forms certifying that each partner in the partnership or beneficiary of the estate or trust is) a non-United States person;

(b) in the case of payments made outside the United States to you at an offshore account (generally, an account maintained by you at a bank or other financial institution at any location outside the United States), you have furnished to the U.S. payor documentation

Table of Contents

that establishes your identity and your status as the beneficial owner of the payment for United States federal income tax purposes and as a non-United States person;

(c) the U.S. payor has received a withholding certificate (furnished on an appropriate Internal Revenue Service Form W-8 or an acceptable substitute form) from a person claiming to be:

(i) a withholding foreign partnership (generally a foreign partnership that has entered into an agreement with the Internal Revenue Service to assume primary withholding responsibility with respect to distributions and guaranteed payments it makes to its partners);

(ii) a qualified intermediary (generally a non-United States financial institution or clearing organization or a non-United States branch or office of a United States financial institution or clearing organization that is a party to a withholding agreement with the Internal Revenue Service); or

(iii) a U.S. branch of a non-United States bank or of a non-United States insurance company;

and the withholding foreign partnership, qualified intermediary or U.S. branch has received documentation upon which it may rely to treat the payment as made to a non-United States person that is, for United States federal income tax purposes, the beneficial owner of the payment on the new notes in accordance with U.S. Treasury regulations (or, in the case of a qualified intermediary, in accordance with its agreement with the Internal Revenue Service);

(d) the U.S. payor receives a statement from a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business:

(i) certifying to the U.S. payor under penalties of perjury that an Internal Revenue Service Form W-8BEN or an acceptable substitute form has been received from you by it or by a similar financial institution between it and you; and

(ii) to which is attached a copy of the Internal Revenue Service Form W-8BEN or acceptable substitute form; or

(e) the U.S. payor otherwise possesses documentation upon which it may rely to treat the payment as made to a non-United States person that is, for United States federal income tax purposes, the beneficial owner of the payments on the new notes in accordance with U.S. Treasury regulations; and

no deduction for any United States federal withholding tax will be made from any gain that you realize on the sale or exchange of your note.

Further, a note held by an individual who at death is not a citizen or resident of the United States will not be includible in the individual's gross estate for United States federal estate tax purposes if:

the decedent did not actually or constructively own 10% or more of the total combined voting power of all classes of stock of URNA entitled to vote at the time of death; and

the income on the note would not have been effectively connected with a United States trade or business of the decedent at the same time.

Backup Withholding and Information Reporting

In general, if you are a noncorporate United States holder, we and other payors are required to report to the Internal Revenue Service all payments of principal of and any premium and interest on your note, and the accrual of OID on the note. In addition, we and other payors are required to report to the Internal Revenue Service any payment of proceeds of the sale of your note before maturity within the United States. Additionally, backup withholding will apply to any payments, including payments of OID, if you fail to provide an accurate taxpayer identification number, or you are notified by the Internal Revenue Service that you have failed to report all interest and dividends required to be shown on your federal income tax returns.

In general, if you are a United States alien holder, payments of principal, premium, if any, or interest, including OID, made by us and other payors to you will not be subject to backup withholding and information reporting; *provided* that the certification requirements described above under " *United States Alien Holders*" are satisfied or you otherwise establish an exemption. However, we and other payors are required to report payments of interest on your notes on Internal Revenue Service Form 1042-S even if the payments are not otherwise subject to information reporting requirements. In addition, payment of the proceeds from the sale of notes effected at a United States office of a broker will not be subject to backup withholding and information reporting; *provided* that:

the broker does not have actual knowledge or reason to know that you are a United States person and you have furnished to the broker:

1. an appropriate Internal Revenue Service Form W-8 or an acceptable substitute form upon which you certify, under penalties of perjury, that you are not a United States person; or
2. other documentation upon which it may rely to treat the payment as made to a non-United States person in accordance with U.S. Treasury regulations; or

you otherwise establish an exemption.

If you fail to establish an exemption and the broker does not possess adequate documentation of your status as a non-United States person, the payments may be subject to information reporting and backup withholding. However, backup withholding will not apply with respect to payments made to an offshore account maintained by you unless the broker has actual knowledge that you are a United States person.

In general, payment of the proceeds from the sale of notes effected at a foreign office of a broker will not be subject to information reporting or backup withholding. However, a sale effected at a foreign office of a broker will be subject to information reporting and backup withholding if:

the proceeds are transferred to an account maintained by you in the United States;

the payment of proceeds or the confirmation of the sale is mailed to you at a United States address; or

the sale has some other specified connection with the United States as provided in U.S. Treasury regulations,

unless the broker does not have actual knowledge or reason to know that you are a United States person and the documentation requirements described above (relating to a sale of notes effected at a United States office of a broker) are met or you otherwise establish an exemption.

In addition, payment of the proceeds from the sale of notes effected at a foreign office of a broker will be subject to information reporting if the broker is:

a United States person;

a controlled foreign corporation for United States tax purposes;

a foreign person 50% or more of whose gross income is effectively connected with the conduct of a United States trade or business for a specified three-year period; or

a foreign partnership, if at any time during its tax year:

one or more of its partners are "U.S. persons," as defined in U.S. Treasury regulations, who in the aggregate hold more than 50% of the income or capital interest in the partnership; or

such foreign partnership is engaged in the conduct of a United States trade or business,

unless the broker does not have actual knowledge or reason to know that you are a United States person and the documentation requirements described above (relating to a sale of notes effected at a United States office of a broker) are met or you otherwise establish an exemption. Backup withholding will apply if the sale is subject to information reporting and the broker has actual knowledge that you are a United States person.

PLAN OF DISTRIBUTION

If you want to participate in the exchange offer, you must represent, among other things, that you:

are not a broker-dealer that acquired the old notes from us or in market-making transactions or other trading activities;

acquire the new notes issued in the exchange offer in the ordinary course of your business;

are not participating, and do not intend to participate, and have no arrangement or understanding with any person to participate, in the distribution of the new notes issued in the exchange offer; and

are not an "affiliate" of ours, as defined in Rule 405 of the Securities Act.

If you fail to satisfy any of these conditions, you cannot rely on the position of the SEC set forth in the no-action letters referred to above under "*The Exchange Offer Terms of the Exchange Offer*" and you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a resale of the new notes.

Each broker-dealer that receives new notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for old notes where such old notes were acquired as a result of market-making activities or other trading activities. We have agreed in the Registration Rights Agreement that we will allow Exchanging Dealers and any other persons, if any, with similar prospectus delivery requirements to use this prospectus in connection with the resale of such new notes, for a period commencing on the day the exchange offer is consummated and continuing for 90 days (or such shorter period during which Exchanging Dealers are required by law to deliver such prospectus); provided however, that if for any day during such period we restrict the use of this prospectus, such period will be extended on a day-for-day basis.

We will not receive any proceeds from any sale of new notes by broker-dealers. New notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the new notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such new notes. Any broker-dealer that resells new notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such new notes may be deemed to be an "underwriter" within the meaning of the Securities Act, and any profit on any such resale of new notes and any commission or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

For a period of 90 days after the expiration date, we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests such documents in the letter of transmittal. Any such requests should be directed to United Rentals (North America), Inc., Attention: Corporate Secretary, Five Greenwich Office Park, Greenwich, Connecticut 06831, telephone: (203) 622-3131.

We have agreed in the Registration Rights Agreement to pay all expenses incident to the exchange offer other than commissions or concessions of any brokers or dealers and will indemnify the holders of the securities, (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

Item 20. Indemnification of Directors and Officers

Delaware Registrants

Section 102(b)(7) of the Delaware General Corporation Law (the "DGCL") provides that a corporation may, in its certificate of incorporation, eliminate or limit the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability: (i) for any breach of the director's duty of loyalty to the corporation or its stockholders; (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; (iii) under Section 174 of the DGCL (pertaining to certain prohibited acts including unlawful payment of dividends or unlawful purchase or redemption of the corporation's capital stock); or (iv) for any transaction from which the director derived an improper personal benefit. The respective certificates of incorporation of United Rentals, Inc. ("*Holdings*"), United Rentals (North America), Inc. ("*URNA*") and United Rentals (Delaware), Inc. eliminate and limit such personal liability of their directors under such terms. Further, the respective certificates of incorporation of Holdings and URNA provide that, if the DGCL is subsequently amended to permit further elimination or limitation of the personal liability of directors, the liability of a director of Holdings or URNA will be eliminated or limited to the fullest extent permitted by the DGCL, as amended.

Section 145 of the DGCL provides, in relevant part, that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (other than an action by or in the right of the corporation) by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe such person's conduct was unlawful. Eligibility for indemnification in relation to an action or suit by or in the right of the corporation may be further subject to the adjudication of the Delaware Court of Chancery or the court in which such action or suit was brought. The determination regarding whether the indemnitee has met the applicable standard of conduct generally must be made by a majority of disinterested directors (or a committee thereof) or the stockholders, although indemnification is mandatory where the indemnitee is successful on the merits or otherwise in defense of the action. A corporation may advance the expenses incurred by an officer or director in defending against any action, suit or proceeding upon receipt of an undertaking by or on behalf such person to repay such expenses if it is ultimately determined that such person is not entitled to indemnification. The statute also provides that indemnification pursuant to its provisions is not exclusive of other rights of indemnification to which a person may be entitled under any by-law, agreement, vote of stockholders or disinterested directors, or otherwise.

The by-laws of United Rentals (Delaware), Inc. authorize it to indemnify, to the full extent authorized by law, any person made or threatened to be made a party to any action, suit or proceeding by reason of the fact that such person is or was a director, officer or employee of the corporation or serves or served at the request of the corporation as a director, officer or employee of any other enterprise, and contains provisions substantially similar to those of the DGCL relating to advancement of expenses and the non-exclusivity of the indemnification rights therein. The by-laws of United Rentals Highway Technologies Gulf, Inc. contain provisions substantially similar to those of the DGCL relating to indemnification (but do not specifically address advancement of expenses), and additionally provide

Table of Contents

that the corporation's indemnity will be reduced by the amounts collected under insurance or from such other enterprise, and that nothing therein will operate to indemnify a director if such indemnification is for any reason contrary to law, either as a matter of public policy, or under the provisions of the Securities Act of 1933, the Securities Exchange Act of 1934 or other applicable state or federal law.

Holdings has entered into indemnification agreements with its directors and officers. In general, these agreements require Holdings to indemnify each of such persons against expenses, judgments, fines, settlements and other liabilities incurred in connection with any proceeding (including a derivative action) to which such person may be made a party by reason of the fact that such person is or was a director, officer or employee of Holdings or guaranteed any obligations of Holdings; provided, however, that the right of an indemnitee to receive indemnification is subject to the following limitations: (i) an indemnitee is not entitled to indemnification unless he acted in good faith and in a manner that he reasonably believed to be in or not opposed to the best interests of Holdings, and, with respect to any criminal action or proceeding, had no reasonable cause to believe such conduct was unlawful and (ii) in the case of a derivative action, an indemnitee is not entitled to indemnification in the event that he is judged in a final non-appealable decision of a court of competent jurisdiction to be liable to Holdings due to willful misconduct in the performance of his duties to Holdings (unless and only to the extent that the court determines that the indemnitee is fairly and reasonably entitled to indemnification).

Section 145(g) of the DGCL authorizes a corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as such at any other enterprise against any liability asserted against and incurred by such person in such capacity, or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person under the DGCL. The by-laws of United Rentals Highway Technologies Gulf, Inc. provide it with substantially similar authority. Consistent with the DGCL, Holdings has purchased insurance on behalf of its present and former directors and officers against any liability asserted against or incurred by them in such capacity or arising out of their status as such.

Section 18-108 of the Delaware Limited Liability Company Act ("*DE LLC Act*") provides that, subject to such standards and restrictions, if any, as are set forth in its limited liability company agreement, a limited liability company may, and shall have the power to, indemnify and hold harmless any member or manager or other person from and against any and all claims and demands whatsoever. However, to the extent that the limited liability company agreement seeks to restrict or limit the liabilities of such person, Section 18-1101 of the DE LLC Act prohibits it from eliminating liability for any act or omission that constitutes a bad faith violation of the implied contractual covenant of good faith and fair dealing. Consistent with such provisions, the limited liability company agreement of United Rentals Realty, LLC provides that, to the maximum extent permitted under Delaware law, no director shall be liable to the company or any of its members for monetary damages, except with respect to any act or omission that constitutes a bad faith violation of the implied contractual covenant of good faith and fair dealing. It further provides that, if any provision of the DE LLC Act is subsequently amended to permit further elimination or limitation of the personal liability of directors, then the liability of a director shall be eliminated or limited to the fullest extent permitted by the DE LLC Act, as so amended.

Section 17-108 of the Delaware Revised Uniform Limited Partnership Act ("*DE RULPA*") provides that, subject to such standards and restrictions, if any, as are set forth in its partnership agreement, a limited partnership may, and shall have the power to, indemnify and hold harmless any partner or other person from and against any and all claims and demands whatsoever. However, to the extent that the partnership agreement seeks to restrict or limit the liabilities of such person, Section 17-1101 of DE RULPA prohibits it from limiting or eliminating liability for any act or omission

Table of Contents

that constitutes a bad faith violation of the implied contractual covenant of good faith and fair dealing. Consistent with such provisions, the amended and restated agreement of partnership of United Rentals Financing Limited Partnership provides that, the general partner shall not be liable in damages to the limited partners or the partnership for, among others, any act or omission on behalf of the partnership performed or omitted to be taken by it in good faith and in a manner reasonably believed by it to be within the scope of the authority granted to it by the partnership agreement and in, or not opposed to, the best interests of the partnership, provided that the general partner is not guilty of gross negligence or willful misconduct. It further provides that, to the fullest extent permitted by law, the partnership shall indemnify the general partner against any loss, damage or expenses incurred by it by reason of any act or omission so performed or omitted by it, which shall not involve gross negligence or willful misconduct, and any such amount shall be paid by the partnership to the extent assets are available, but the limited partners shall not have any personal liability to the general partner or the partnership on account of such loss, damage or expense.

Oregon Registrant

As an Oregon corporation, United Rentals Northwest, Inc. is subject to the Oregon Business Corporation Act (the "OBCA") and the exculpation from liability and indemnification provisions contained therein. Section 60.047 of the OBCA provides that a corporation may, in its articles of incorporation, eliminate or limit the personal liability of a director to the corporation or its shareholders for monetary damages for conduct as a director except for liability for: (i) any breach of the director's duty of loyalty to the corporation or its shareholders; (ii) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; (iii) any unlawful distribution under Section 60.367 of the OBCA (pertaining to liability for unlawful distributions); or (iv) any transaction from which the director derived an improper personal benefit. The articles of incorporation of United Rentals Northwest, Inc. provide that the personal liability of each director to the corporation for monetary damages for conduct as a director will be limited to the fullest extent permitted by law.

Section 60.387 et seq. of the OBCA permits corporations to indemnify their directors and officers against liability where the director or officer has acted in good faith and with a reasonable belief that actions taken were in the best interests of the corporation or at least not opposed to the corporation's best interests and, in the case of a criminal proceeding, such person had no reasonable cause to believe the conduct in question was unlawful. Under the OBCA, corporations may not indemnify against liability in connection with a claim by or in the right of the corporation, but may indemnify against the reasonable expenses associated with such claims. Corporations also may not indemnify against breaches of the duty of loyalty. The OBCA provides for mandatory indemnification of directors against all reasonable expenses incurred in the successful defense of any claim made or threatened, whether or not such claim was by or in the right of the corporation. Finally, a court may order indemnification if it determines that the director or officer is fairly and reasonably entitled to indemnification in view of all the relevant circumstances, whether or not the director or officer met the good faith and reasonable belief standards of conduct set out in the statute. The OBCA also provides that the statutory indemnification provisions are not deemed exclusive of any other rights to which directors or officers may be entitled under a corporation's articles of incorporation or by-laws, any agreement, general or specific action of the board of directors, vote of shareholders or otherwise.

In addition, Section 60.411 of the OBCA provides that a corporation may purchase and maintain insurance on behalf of a director or officer against liability asserted against or incurred by the individual even if the corporation has no power to indemnify the individual against the same liability.

Texas Registrant

As a Texas corporation incorporated on August 11, 1999, InfoManager, Inc. is subject to the Texas Business Corporation Act, as amended (the "TBCA"), as well as the Texas Miscellaneous Corporation Laws Act, as amended (the "TMCLA"), until January 1, 2010, at which time each of the TBCA and TMCLA will be repealed and all corporations incorporated under the laws of the State of Texas will be subject to the Texas Business Organizations Code, as amended (the "TBOC"), which is the successor statute to the TBCA and the TMCLA. Article 2.02-1 of the TBCA, as well as Article 1302-7.06 of the TMCLA and Section 7.001 of the TBOC, each provide that a corporation's articles of incorporation may limit or eliminate the directors' liability for monetary damages to the corporation or its shareholders for an act or omission in the director's capacity as a director, except that no limitation or elimination of liability is permitted to the extent the director is found liable for a breach of the duty of loyalty, an act or omission not in good faith that constitutes a breach of a duty of the director to the corporation or an act or omission that involves intentional misconduct or a knowing violation of the law, a transaction from which the director received an improper personal benefit, or an act or omission for which liability is expressly provided by an applicable statute.

The by-laws of InfoManager, Inc. provide that the corporation may indemnify a person sued as a present or former director, officer, employee or agent of the corporation, or while serving at the request of the corporation as a director, officer, trustee, employee, agent or similar functionary of another enterprise, against any liabilities and reasonable expenses that may be incurred by such person in connection with or resulting from any threatened, pending or completed action, suit or proceeding, any appeal therein or any inquiry or investigation that could lead to an action, suit or proceeding, to the fullest extent permitted by Article 2.02-1 of the TBCA. Article 2.02-1 of the TBCA, as well as Chapter 8 of the TBOC, provide that such indemnity will be available if it is determined that such person has conducted himself in good faith and he reasonably believed, in the case of conduct in his official capacity with the corporation, that his conduct was in the corporation's best interests and, in all other cases, that his conduct was at least not opposed to the corporation's best interests (and, in the case of any criminal proceeding, he had no reasonable cause to believe his conduct was unlawful). The by-laws also provide that the corporation may pay or reimburse, in advance of the final disposition of such action, suit or proceeding, to any present and former director all reasonable expenses incurred by such person who was, is or is threatened to be made a defendant in an action, suit or proceeding, to the full extent permitted by Article 2.02-1 of the TBCA. According to the TBCA and the TBOC, indemnification of a person found liable to the corporation or found liable on the basis that a personal benefit was improperly received by him, whether or not the benefit resulted from an action taken in the person's official capacity, is limited to reasonable expenses actually incurred by the person in connection with the proceeding, and may not be made if the person is found liable for willful or intentional misconduct in the performance of his duty to the corporation. Indemnification of the reasonable expenses incurred by a director is mandatory, however, in connection with a proceeding in which such a director was wholly successful, on the merits or otherwise, in the defense of a proceeding in which he was a defendant.

Consistent with the TBCA (and the TBOC), the by-laws of InfoManager, Inc. provide that the corporation may purchase or maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation or who is or was serving at the request of the corporation as a director, officer, employee, agent or similar functionary of another entity or enterprise against any liability asserted against him and incurred by him in such a capacity or arising out of his status as such, whether or not the corporation would have the power to indemnify him against that liability under Article 2.02-1 of the TBCA or the by-laws, but subject to the restrictions and consistent with the procedures set out in the by-laws.

California Registrant

As a California corporation, Wynne Systems, Inc. is subject to the California Corporations Code. The articles of incorporation of Wynne Systems, Inc. provide that the liability of the directors of the corporation for monetary damages is eliminated to the fullest extent permissible under California law. The corporation is authorized to provide, through its by-laws or by agreement with its agents, indemnification of its agents (as defined in Section 317 of the California Corporations Code to mean any person who is or was a director, officer, employee or other agent of a corporation, or is or was serving at the request of the corporation in such capacity with respect to any other enterprise) in excess of that expressly permitted by Section 317 for those agents' breaches of duty to the corporation and its shareholders, but subject to the limits on such excess indemnification set forth in Section 204 of the California Corporations Code. The articles of incorporation of Wynne Systems, Inc. further authorize the corporation to provide insurance for agents as set forth in Section 317 of the California Corporations Code. Any repeal or modification of these provisions by the shareholders of the corporation will be wholly prospective and will not affect adversely any right to indemnification provided to agents of the corporation that existed at the time of such repeal or modification.

Consistent with Section 317 of the California Corporations Code, the by-laws of Wynne Systems, Inc. provide that the corporation will indemnify any person who was or is a party or is threatened to be made a party to any proceeding (other than in an action by or in the right of the corporation) by reason of the fact that such person is or was an agent of the corporation, against expenses actually and reasonably incurred in connection with such proceeding, if such person acted in good faith and in a manner such person reasonably believed to be in the best interests of the corporation and, in the case of criminal proceeding, had no reasonable cause to believe the conduct of such person was unlawful. In the case of actions by or in right of the corporation, the corporation will indemnify any person who was or is a party or is threatened to be made a party to such action because such person is or was an agent of the corporation, against expenses actually and reasonably incurred in connection with the defense or settlement of such action, if such person acted in good faith, in a manner such person believed to be in the best interests of the corporation and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances, except that no such indemnification may be made: (i) for claims as to which such person has been adjudged to be liable to the corporation in the performance of such person's duty to the corporation, unless and then only to the extent a court determines that such person is fairly and reasonably entitled to indemnity; (ii) of amounts paid in settling or otherwise disposing of a threatened or pending action, with or without court approval; or (iii) of expenses incurred in defending a threatened or pending action which is settled or otherwise disposed of without court approval.

The by-laws provide that indemnification is mandatory to the extent the agent's defense is successful on the merits. Otherwise, indemnification may be made by the corporation only if authorized by:

a majority vote of a quorum of the corporation's directors who are not parties to the proceeding;

approval or ratification by the affirmative vote of a majority of shares of the corporation entitled to vote, with the shares owned by the person to be indemnified not being considered outstanding or entitled to vote thereon; or

the court in which such proceeding is or was pending upon application by the corporation or the agent or his attorney.

The by-laws permit the corporation to make advances of expenses prior to final disposition of a proceeding upon the receipt of an undertaking that the agent will repay the corporation unless it is determined ultimately that the agent is entitled to be indemnified as authorized. The indemnification provisions in the by-laws are not exclusive of any other rights to indemnification to which persons other than directors and officers of the corporation may be entitled by contract or otherwise.

Table of Contents

The by-laws also provide that, upon determination by the board of directors, the corporation will purchase and maintain insurance on behalf of any agent of the corporation against liability asserted against or incurred by the agent in such capacity or arising out of the agent's status as such whether or not the corporation would have the power to indemnify the agent against such liability under the provisions of the by-laws. All amounts received by an agent under any such policy of insurance will be applied against, but will not limit, the amounts to which the agent is entitled pursuant to the provisions of the by-laws.

(ii) To reflect in the prospectus any fact or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser.

(i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(b) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(d) To respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11, or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(e) To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
