KAR AUCTION SERVICES HIGHLIGHTS

Business Highlights

For the year ended December 31, 2014, KAR delivered solid growth in volume of total vehicles sold, revenues and Adjusted EBITDA. Specific highlights for fiscal 2014 included:

Total vehicles sold for our ADESA, Inc. ("ADESA") and Insurance Auto Auctions, Inc. ("IAA") business segments rose approximately 7% to 3.9 million units.

Net revenue was up 9% to approximately \$2.4 billion.

Adjusted EBITDA* rose over 11% to approximately \$599 million.

*Adjusted EBITDA is a non-GAAP measure and is defined and reconciled to the most comparable GAAP measure, net income (loss), in our Annual Report on Form 10-K for the year ended December 31, 2014 in Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations EBITDA and Adjusted EBITDA."

Net income increased 150% from \$67.7 million (\$0.48 per diluted share) to \$169.3 million (\$1.19 per diluted share).

Table of Contents

We increased our dividend to \$0.27 per share and announced a two-year, \$300 million share repurchase program.

The closing stock price of KAR stock rose over 17% from \$29.55 at December 31, 2013 to \$34.65 at December 31, 2014. The closing price shown below for each year is the closing price of a share of KAR Auction Services' common stock on December 31.

Corporate Governance

We are committed to high standards of ethical and business conduct and strong corporate governance practices. This commitment is highlighted by the practices described below as well as the information contained on our website at www.karauctionservices.com on the "Investor Relations" page under the link "Corporate Governance":

Annual Elections: Our directors are elected annually for one year terms.

Majority Voting: We maintain a majority voting standard for uncontested director elections with a policy for directors to tender their resignation should a majority of the votes cast not be in their favor.

Director Independence: Nine of our ten director nominees are independent, and all committees of our Board of Directors are comprised entirely of independent directors.

Executive Sessions: Our independent directors meet in executive session at regularly scheduled Board of Directors' meetings.

Board Leadership: We have a lead independent director who presides over executive sessions of independent directors and serves as the principal liaison between the independent directors and the Company's Chief Executive Officer and Chairman of the Board.

Board Diversity: Twenty percent of our Board of Directors is comprised of women.

Board of Directors Risk Oversight: Our Board of Directors provides oversight with respect to risk practices implemented by management, except for the oversight of risks that have been specifically delegated to a committee of the Board of Directors (in which case the Board of Directors may maintain oversight over such risks through the receipt of reports from the committees). The Audit Committee maintains initial oversight over risks related to the integrity of our financial statements; internal controls over financial reporting and disclosure controls and procedures (including the performance of our internal audit function); the performance of the independent registered public accounting firm; and oversees our responses to ethics issues arising from our whistleblower hotline. The Compensation Committee maintains oversight over risks related to our compensation practices. The Nominating and Corporate Governance Committee monitors potential risks relating to the effectiveness of the Board of Directors, notably director succession, composition of the Board of Directors and the principal policies that guide our governance.

Executive Compensation

We maintain a compensation program structured to achieve a close connection between executive pay and company performance. We believe that this strong pay-for-performance orientation has served us well in recent years, particularly as we've moved forward following the sale by our former equity sponsors of all of their holdings of our common stock in late 2013. For more information regarding our named executive officer compensation, see "Compensation Discussion and Analysis" and the compensation tables that follow such section.

- ii ***Pay for performance alignment:*** Historically, we have demonstrated close alignment between our total stockholder return (TSR) performance and the compensation of our Chief Executive Officer, as shown in the chart on page 41.
- ii ***Independent Compensation Committee:*** All of the members of our Compensation Committee are independent under NYSE rules.
- ii ***Independent compensation consultants:*** In 2014, our Compensation Committee engaged two independent consultants at different points during the year first, ClearBridge, and then, Semler Brossy.
- ii ***Pay for performance:*** The equity awards granted to our named executive officers in 2014 and in 2015 are heavily performance-based, including restricted stock units that vest based on achievement of total stockholder return, adjusted earnings per share and net income goals.
- ii ***No dividends or dividend equivalents paid on unvested PRSUs:*** Dividend equivalents are accrued but not paid on PRSUs until (i) the performance conditions are satisfied; and (ii) the PRSUs vest after the performance measurement period.
- ii ***Maximum payout caps for annual cash incentive compensation and PRSUs.***
- ii ***Clawback of certain compensation if restatement and intentional misconduct:*** In 2014, we adopted a policy providing for the recovery of incentive compensation in the event we are required to prepare an accounting restatement due to any executive officer's intentional misconduct.
- ii ***No hedging of KAR securities:*** In 2014, we adopted a formal policy that prohibits the hedging of Company stock by our directors and officers.
- ii ***No pledging of KAR securities:*** As part of our Insider Trading Policy, we prohibit the pledging of Company stock.
- ii ***Moderate change-in-control benefits:*** Change-in-control severance benefits are two times base salary and target bonus for the CEO and one times base salary and target bonus for the executive officers.
- ii ***Limited executive perquisites.***
- ii ***NEW Robust equity ownership requirements:*** In 2015, we adopted stock ownership guidelines that are applicable to non-employee directors and senior executives, including our named executive officers. The stock ownership guideline for our CEO is 5 times base salary.
- ii

Edgar Filing: KAR Auction Services, Inc. - Form DEF 14A

NEW Robust equity retention requirement: In 2015, we adopted an equity retention requirement that is applicable to non-employee directors and senior executives, including our named executive officers. Our named executive officers are required to hold 100% of net shares of Company stock received under awards granted on or after January 1, 2015 for at least 12 months after vesting, regardless of whether the stock ownership guideline has been met.

PROXY STATEMENT

**QUESTIONS AND ANSWERS ABOUT THE PROXY
MATERIALS AND THE ANNUAL MEETING**

Q: Why am I receiving these materials?

We are providing these proxy materials to you in connection with the solicitation, by the Board of Directors of KAR Auction Services, Inc. (the "Company" or "KAR Auction Services"), of proxies to be voted at the Company's 2015 annual meeting of

A: stockholders and at any adjournments or postponements thereof. Stockholders are invited to attend the annual meeting to be held on June 3, 2015 beginning at 9:00 a.m., Eastern Daylight Time, at the Renaissance Indianapolis North Hotel, 11925 North Meridian Street, Carmel, Indiana 46032. Our proxy materials are first being distributed to stockholders on or about April 23, 2015.

Q: What proposals will be voted on at the annual meeting?

A: To elect ten directors to the Board of Directors; and

To ratify the appointment of KPMG LLP ("KPMG") as our independent registered public accounting firm for 2015.

Q: What is the Board of Directors' voting recommendation?

A: The Company's Board of Directors recommends that you vote your shares:

KAR AUCTION SERVICES 2015 PROXY

Table of Contents

Q: Who is entitled to vote?

All shares owned by you as of the record date, which is the close of business on April 13, 2015, may be voted by you. You may cast one vote per share of common stock that you held on the record date.

These shares include shares that are:

A: held directly in your name as the stockholder of record; and

held for you as the beneficial owner through a broker, bank or other nominee, including shares purchased under the KAR Auction Services, Inc. Employee Stock Purchase Plan (the "Employee Stock Purchase Plan").

On the record date, KAR Auction Services had 141,800,443 shares of common stock issued and outstanding.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Many of our stockholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some differences between shares held of record and those owned beneficially.

Stockholder of Record. If your shares are registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, LLC, you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent to you directly by the Company. As the stockholder of record, you have the right to grant your voting proxy directly to the Company or to vote in person at the annual meeting. You may vote on the Internet, by telephone or by mail, as described below under the heading "How can I vote my shares without attending the annual meeting?"

A:

Beneficial Owner. If your shares are held in a brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by your broker or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker on how to vote your shares and are also invited to attend the annual meeting. To vote these shares in person at the annual meeting, you must obtain a signed proxy from the stockholder of record giving you the right to vote the shares. You may also vote by Internet, by telephone or by mail, as described below under "How can I vote my shares without attending the annual meeting?"

Table of Contents

Q: How can I vote my shares in person at the annual meeting?

Stockholder of Record. Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to vote your shares in person at the annual meeting, please bring proof of identification. Even if you plan to attend the annual meeting, the Company strongly recommends that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the annual meeting. See "How can I vote my shares without attending the annual meeting?"

A:

Beneficial Owner. Shares held in street name may be voted in person by you only if you obtain an account statement or letter from your bank, broker or other nominee indicating that you are the beneficial owner of the shares and a legal proxy from the stockholder of record giving you the right to vote the shares. The account statement or letter must show that you were the beneficial owner of shares on April 13, 2015, the record date.

Q: How can I vote my shares without attending the annual meeting?

Whether you hold your shares directly as the stockholder of record or beneficially in street name, you may direct your vote *without attending* the annual meeting by voting in one of the following manners:

Internet. Go to www.proxyvote.com and follow the instructions. You will need the control number included on your proxy card or voting instruction form;

A:

Telephone. Dial 1-800-690-6903. You will need the control number included on your proxy card or voting instruction form; or

Mail. Complete, date and sign your proxy card or voting instruction card and mail it using the enclosed, pre-paid envelope.

If you vote on the Internet or by telephone, you do not need to return your proxy card or voting instruction card. Internet and telephone voting for stockholders will be available 24 hours a day, and will close at 11:59 p.m., Eastern Daylight Time, on June 2, 2015.

Q: If I am an employee holding shares pursuant to the Employee Stock Purchase Plan, how will my shares be voted?

Employees holding stock acquired through the Employee Stock Purchase Plan will receive a voting instruction card covering all shares held in their individual account from Computershare, the plan record keeper. The voting instruction cards have an earlier return date than proxy cards. The record keeper for the Employee Stock Purchase Plan will vote your shares (i) in accordance with the specific instructions on your returned voting instruction card; or (ii) in its discretion, if you return a signed voting instruction card with no specific voting instructions.

A:

Q: What is the quorum requirement for the annual meeting?

A quorum is necessary to hold the annual meeting. A quorum at the annual meeting exists if the holders of a majority of the Company's capital stock issued and outstanding and entitled to vote at the annual meeting are present in person or represented by proxy. Abstentions and broker non-votes are counted as present for establishing a quorum. A broker non-vote occurs when a broker does not vote on some matter on the proxy card because the broker does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

A:

Table of Contents

Q: What happens if I do not give specific voting instructions?

Stockholder of Record. If you are a stockholder of record and you sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board of Directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the annual meeting.

A: **Beneficial Owners.** If you are a beneficial owner of shares held in street name and do not provide the organization (e.g., broker or bank) that holds your shares in "street name" with specific voting instructions, the organization that holds your shares may generally vote on routine matters (Proposal No. 2 (ratification of independent registered public accounting firm)) but cannot vote on non-routine matters (Proposal No. 1 (election of directors)). If the organization that holds your shares does not receive instructions from you on how to vote your shares on Proposal No. 1, such organization will inform the inspector of election that it does not have the authority to vote on these matters with respect to your shares. This is generally referred to as a "broker non-vote." Therefore, we urge you to give voting instructions to your broker. Shares represented by such broker non-votes will be counted in determining whether there is a quorum. Because broker non-votes are not considered shares entitled to vote, they will have no effect on the outcome of any proposal other than reducing the number of shares present in person or by proxy and entitled to vote from which a majority is calculated.

Q: Which proposals are considered "routine" or "non-routine?"

The ratification of the appointment of KPMG as our independent registered public accounting firm for 2015 (Proposal No. 2) is considered a routine matter under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal No. 2.

A:

The election of directors (Proposal No. 1) is considered a non-routine matter under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposal No. 1.

Q: What is the voting requirement to approve each of the proposals?

Ten director nominees have been nominated for election at the annual meeting. Because this is an uncontested election, the director nominees will be elected by a majority of the votes cast in the election of directors at the annual meeting, either in person or represented by a properly authorized proxy. This means that a director nominee will be elected to the Company's Board of Directors if the votes cast "FOR" such director nominee exceed the votes cast "AGAINST" him or her. Abstentions and broker non-votes will have no effect on the outcome of the election of directors.

A:

The ratification of the appointment of our independent registered public accounting firm requires the affirmative vote of a majority of the votes represented at the annual meeting and entitled to vote on the proposal. In accordance with Delaware law, only votes cast "FOR" a matter constitute affirmative votes. A properly executed proxy marked "ABSTAIN" with respect to the ratification of the appointment of our independent registered public accounting firm will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, with respect to Proposal No. 2, abstentions will have the same effect as negative votes or votes "AGAINST" that matter.

Table of Contents

Q: What does it mean if I receive more than one proxy or voting instruction card?

A: It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Q: Who will count the vote?

A: The votes will be counted by the inspector of election appointed for the annual meeting.

Q: Can I revoke my proxy or change my vote?

Yes. You may revoke your proxy or change your voting instructions at any time prior to the vote at the annual meeting by:

providing written notice of revocation to the Secretary of the Company at 13085 Hamilton Crossing Boulevard, Carmel, Indiana 46032;

A: delivering a valid, later-dated proxy or a later-dated vote on the Internet or by telephone; or

attending the annual meeting and voting in person.

Please note that your attendance at the annual meeting in person will not cause your previously granted proxy to be revoked unless you vote in person at the annual meeting to revoke your proxy. If you wish to revoke your proxy, you must do so in sufficient time to permit the necessary examination and tabulation of the subsequent proxy or revocation before the vote is taken. Shares held in street name may be voted in person by you at the annual meeting only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

Q: Who will bear the cost of soliciting votes for the annual meeting?

A: The Board of Directors of the Company is soliciting your proxy to vote your shares of common stock at the annual meeting. KAR Auction Services will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to the distribution of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic and facsimile transmission by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. The Company also may reimburse brokerage firms and other persons representing beneficial owners of shares of KAR Auction Services' common stock for their expenses in forwarding solicitation material to such beneficial owners.

KAR AUCTION SERVICES 2015 PROXY

Q: I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

The Company has adopted a procedure called "householding" which the Securities and Exchange Commission (the "SEC") has approved. Under this procedure, the Company is delivering a single copy of this proxy statement and the Company's Annual Report to multiple stockholders who share the same address unless the Company has received contrary instructions from one or more of the stockholders. This procedure reduces the Company's costs. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, a separate copy of this proxy statement and the Company's Annual Report will be promptly delivered to any stockholder at a shared address to which the Company delivered a single copy of any of these documents. If you prefer to receive separate copies of the proxy statement or Annual Report, contact Broadridge Financial Solutions, Inc. by calling 1-800-542-1061 or in writing at 51 Mercedes Way, Edgewood, New York 11717, Attention: Household Department.

A:

In addition, if you currently are a stockholder who shares an address with another stockholder and would like to receive only one copy of future notices and proxy materials for your household, you may notify your broker if your shares are held in a brokerage account or you may notify us if you hold registered shares. Registered stockholders may notify us by contacting Broadridge Financial Solutions, Inc. at the above telephone number or address.

Q: What is notice and access and why did KAR Auction Services elect to use it?

We are making the proxy materials available to stockholders electronically via the Internet under the Notice and Access regulations of the SEC. Most of our stockholders will receive a Notice of Electronic Availability ("Notice") in lieu of receiving a full set of proxy materials in the mail. The Notice includes information on how to access and review the proxy materials, and how to vote, via the Internet. We believe this method of delivery will decrease costs, expedite distribution of proxy materials to you, and reduce our impact on the environment. Stockholders who receive a Notice but would like to receive a printed copy of the proxy materials in the mail should follow the instructions in the Notice for requesting such materials.

A:

Q: How can I obtain a copy of KAR Auction Services' Annual Report on Form 10-K?

Copies of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014, as filed with the SEC, are available to stockholders free of charge on KAR Auction Services' website at www.karauctionservices.com or by writing to KAR Auction Services, Inc., Investor Relations, 13085 Hamilton Crossing Boulevard, Carmel, Indiana 46032.

A:

Q: Where can I find the voting results of the annual meeting?

KAR Auction Services will announce preliminary voting results at the annual meeting and publish preliminary, or final results if available, in a Current Report on Form 8-K within four business days of the annual meeting.

ELECTION OF DIRECTORS: PROPOSAL NO. 1

DIRECTORS ELECTED ANNUALLY

Our Board of Directors has nominated the ten individuals named below to stand for election to the Board of Directors at the annual meeting. Mr. Birtwell, who currently serves on our Board of Directors, is not standing for re-election at the annual meeting. KAR Auction Services' directors are elected each year by the stockholders at the annual meeting. We do not have a staggered or classified board. Each director's term will last until the 2016 annual meeting of stockholders and until such director's successor is duly elected and qualified, or such director's earlier death, resignation or removal. Each director nominee must receive the affirmative vote of a majority of the votes cast in the election of directors at the annual meeting to be elected (i.e., the number of shares voted "FOR" a director nominee must exceed the number of votes cast "AGAINST" such nominee).

DIRECTOR INDEPENDENCE

The Board of Directors is responsible for determining the independence of our directors. Under the NYSE listing standards, a director qualifies as independent if the Board of Directors affirmatively determines that the director has no material relationship with us. While the focus of the inquiry is independence from management, the Board is required to broadly consider all relevant facts and circumstances in making an independence determination. Based upon its evaluation, our Board has affirmatively determined that the following directors and director nominees meet the standards of "independence" established by the NYSE: Ryan M. Birtwell, Todd F. Bourell, Donna R. Ecton, Peter R. Formanek, Mark E. Hill, J. Mark Howell, Lynn Jolliffe, Michael T. Kestner, John P. Larson and Stephen E. Smith. James P. Hallett, our CEO and Chairman of the Board, is not an independent director.

BOARD NOMINATIONS AND DIRECTOR NOMINATION PROCESS

The Board of Directors is responsible for nominating members for election to the Board of Directors and for filling vacancies on the Board of Directors that may occur between the annual meetings of stockholders. The Nominating and Corporate Governance Committee is responsible for identifying, screening and recommending candidates to the Board of Directors for board membership. When formulating its Board of Directors membership recommendations, the Nominating and Corporate Governance Committee may also consider advice and recommendations from others, including stockholders, as it deems appropriate.

Board candidates also are selected based upon various criteria including experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Nominating and Corporate Governance Committee considers appropriate in the context of the needs of the Board of Directors. Board members are expected to prepare for, attend and participate in all Board of Directors and applicable committee meetings and the Company's annual meetings of stockholders.

Table of Contents

In accordance with its charter, the Board of Directors also considers candidates for election as a director of the Company recommended by any stockholder, provided that the recommending stockholder follows the procedures set forth in Section 5 of the Company's Second Amended and Restated By-Laws for nominations by stockholders of persons to serve as directors, including the requirements of timely notice and certain information to be included in such notice. The Board of Directors generally evaluates such candidates in the same manner by which it evaluates other director candidates considered by the Board of Directors.

An employment agreement entered into on February 27, 2012, between the Company and James P. Hallett, the Company's CEO and Chairman of the Board, provides that Mr. Hallett shall be entitled to serve as a member of the Board of Directors for so long as the employment agreement is in effect.

DIVERSITY

The Nominating and Corporate Governance Committee and the Board of Directors believe that diversity along multiple dimensions, including opinions, skills, perspectives, personal and professional experiences and other differentiating characteristics, is an important element of its nomination recommendations. The Nominating and Corporate Governance Committee has not identified any specific minimum qualifications which must be met for a person to be considered as a candidate for director. However, Board candidates are selected based upon various criteria including experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Nominating and Corporate Governance Committee considers appropriate in the context of the needs of the Board of Directors. Although the Board of Directors does not have a formal diversity policy, the Nominating and Corporate Governance Committee and Board of Directors review these factors, including diversity, in considering candidates for board membership.

INFORMATION REGARDING THE NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS

The following information is furnished with respect to each nominee for election as a director. Nine of the nominees are currently directors. Each of the nominees has consented to being named in this proxy statement and to serve as a director if elected. If a nominee is unavailable to serve as a director, your proxies will have the authority and discretion to vote for another nominee proposed by the Board of Directors, or the Board of Directors may reduce the number of directors to be elected at the annual meeting. The ages of the nominees are as of the date of the annual meeting, June 3, 2015.

BOARD OF DIRECTORS STRUCTURE AND CORPORATE GOVERNANCE

ROLE OF THE BOARD OF DIRECTORS

The Board oversees the Company's Chief Executive Officer and other senior management in the competent and ethical operation of the Company and assures that the long-term interests of the stockholders are being served. The Company's Corporate Governance Guidelines are available at karauctionservices.com/investor-relations/corporate-governance/guidelines.

BOARD LEADERSHIP

Neither the Company's Second Amended and Restated By-Laws nor the Company's Corporate Governance Guidelines requires that the Company separate the roles of Chairman of the Board and Chief Executive Officer, and the Board of Directors does not have a policy on whether the same person should serve as both the Chief Executive Officer and Chairman of the Board of Directors, or if the roles must remain separate. The Board of Directors believes that it should have the flexibility to make these determinations from time to time in the way that it believes best to provide appropriate leadership for the Company under then-existing circumstances.

At present, the Board of Directors has chosen to combine the positions of Chief Executive Officer and Chairman of the Board and to appoint a Lead Independent Director. Our Board of Directors believes that having the same person serve in the roles of Chairman of the Board and Chief Executive Officer is appropriate for the Company at this time, as it fosters clear accountability, effective decision making and alignment on corporate strategy. Meanwhile, the appointment of a Lead Independent Director ensures that the Company benefits from effective oversight by its independent directors.

KAR AUCTION SERVICES 2015 PROXY

BOARD OF DIRECTORS MEETINGS AND ATTENDANCE

The Board of Directors held seven meetings during 2014. All of the incumbent directors attended at least 75% of the meetings of the Board of Directors and Board committees on which they served during 2014. As stated in our Corporate Governance Guidelines, each director is expected to attend all annual meetings of stockholders. All of our current directors attended last year's annual meeting of stockholders, in person.

COMMITTEES OF THE BOARD OF DIRECTORS

In 2014, the Board of Directors maintained three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Each of our committees operates pursuant to a written charter. Copies of the committee charters are available on KAR Auction Services' website at www.karauctionservices.com on the "Investor Relations" page under the link "Corporate Governance." Board of Directors' Oversight of Risk

Our management is responsible for the management and assessment of risk at the Company, including communication of the most material risks to the Board of Directors and its committees. The Board of Directors provides oversight with respect to risk practices implemented by management, except for the oversight of risks that have been specifically delegated to a committee of the Board of Directors. Even when the oversight of a specific area of risk has been delegated to a committee, the Board of Directors may maintain oversight over such risks through the receipt of reports from the committee chairpersons to the Board of Directors at each regularly scheduled Board of Directors meeting. The Board of Directors and committee reviews occur principally through the receipt of regular reports from management to the Board of Directors on these areas of risk, and discussions with management regarding risk assessment and risk management.

At its regularly scheduled meetings, the Board of Directors generally receives a number of reports which include information relating to risks faced by the Company. The Company's Chief Financial Officer provides a report on the Company's results of operations, its liquidity position, including an analysis of prospective sources and uses of funds, and the implications to the Company's debt

Table of Contents

covenants and credit rating, if any. The Chief Executive Officer of each primary business unit provides an operational report, which includes information relating to strategic, operational and competitive risks. Finally, the Company's General Counsel provides a privileged report which provides information regarding the status of the Company's material litigation and related matters, including environmental updates and the Company's continuing compliance with applicable laws and regulations. At each regularly scheduled Board of Directors meeting, the Board of Directors also receives reports from committee chairpersons, which may include a discussion of risks initially overseen by the committees for discussion and input from the Board of Directors. As noted above, in addition to these regular reports, the Board of Directors receives reports on specific areas of risk from time to time, such as regulatory, cyclical or other risks that are not covered in the regular reports given to the Board of Directors and described above.

The Board of Directors' leadership structure, through its committees, also supports its role in risk oversight. The Audit Committee maintains initial oversight over risks related to the integrity of the Company's financial statements; internal controls over financial reporting and disclosure controls and procedures (including the performance of the Company's internal audit function); the performance of the independent registered public accounting firm; and oversees the Company's responses to ethics issues arising from the Company's whistleblower hotline. The Company's Compensation Committee maintains oversight over risks related to the Company's compensation practices. The Nominating and Corporate Governance Committee monitors potential risks relating to the effectiveness of the Board of Directors, notably director succession, composition of the Board of Directors and the principal policies that guide the Company's governance.

DIRECTOR COMPENSATION

We use a combination of cash and stock-based incentive compensation to attract and retain independent, qualified candidates to serve on the Board of Directors. In setting director compensation, we consider the significant amount of time that directors expend in fulfilling their duties as well as the skill level we require of members of our Board of Directors. As discussed below, we revised our director compensation program for 2014 in connection with the ongoing transition of our Board of Directors upon KAR LLC losing its director nomination rights pursuant to its divestiture of its holdings of our Company stock in late 2013.

CASH AND STOCK RETAINERS

Cash. Members of the Board of Directors who are not our employees were entitled to receive an annual cash retainer of \$75,000 during 2014. Such directors may elect to receive their annual cash retainer in common stock. In addition, the Chairperson of the Audit Committee received an additional cash retainer of \$20,000, the Chairperson of the Compensation Committee received an additional cash retainer of \$15,000 and the Chairperson of the Nominating and Corporate Governance Committee received an additional cash retainer of \$10,000. In connection with the appointment of Mr. Larson as Lead Independent Director on December 31, 2014, the Board approved an annual cash retainer for the Lead Independent Director of \$30,000. One-fourth of the annual cash retainer is paid at the end of each quarter, provided that the director served as a director in such fiscal quarter. All of our directors are reimbursed for reasonable expenses incurred in connection with attending Board of Directors meetings and committee meetings.

Stock. In addition to the annual cash compensation, directors who are not employed by us received an annual stock retainer of \$100,000 of our common stock in the form of restricted stock during 2014. Pursuant to our Policy on Granting Equity Awards, unless specifically provided otherwise by the Compensation Committee or the Board of Directors, annual grants for directors are effective on the date of the annual meeting at which the director was elected or re-elected. One-fourth of the annual restricted stock grant vests quarterly following the date of the grant. The number of shares of our common stock received is based on the value of the shares on the date of the restricted stock grant. Directors who are not employed by us and who joined the Board of Directors during the year but not at the annual meeting were eligible to receive a prorated restricted stock award.

DIRECTORS DEFERRED COMPENSATION PLAN

Our Board of Directors adopted the KAR Auction Services, Inc. Directors Deferred Compensation Plan (the "Director Deferred Compensation Plan") in December 2009. Pursuant to the terms of the Director Deferred Compensation Plan, each director who is not employed by us may elect to defer the receipt of his or her cash director fees into a pre-tax interest-bearing deferred compensation account, which account accrues interest as described in the Director Deferred Compensation Plan. Amounts under the Director Deferred Compensation Plan may also be invested in the same investment choices as are available under our 401(k) plan. Directors also may choose to receive all or a portion of their annual stock retainer in the form of a deferred share account. The plan provides that the amount of cash in a director's deferred cash account, plus a number of shares of common stock equal to the number of shares in the director's deferred share account, will be delivered to a

Table of Contents

director in installments over a specified period or within 60 days following the date of the director's departure from the Board of Directors, with cash being paid in lieu of any fractional shares.

DIRECTOR STOCK OWNERSHIP AND HOLDING GUIDELINES

The Company's non-employee directors are subject to the Company's director stock ownership and holding guidelines. The stock holding guideline requires each non-employee director to hold any shares of the Company's common stock granted after January 1, 2014 for at least four years, subject to certain exceptions approved by the Compensation Committee. The stock ownership guideline, which was adopted in 2015, requires each non-employee director to own a minimum of three times his or her annual cash retainer amount in shares of Company stock.

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM: PROPOSAL NO. 2

PROPOSAL

The Audit Committee has appointed KPMG to serve as KAR Auction Services' independent registered public accounting firm for its fiscal year ending December 31, 2015. The Audit Committee and the Board of Directors seek to have the stockholders ratify the Audit Committee's appointment of KPMG, which has served as KAR Auction Services' independent registered public accounting firm since 2006. Although KAR Auction Services is not required to seek stockholder approval of this appointment, the Board of Directors believes it to be sound corporate governance to do so. If the appointment of KPMG is not ratified by the stockholders, the Audit Committee may appoint another independent registered public accounting firm or may decide to maintain its appointment of KPMG. Ratification of the appointment of our independent registered public accounting firm requires the affirmative vote of the majority of shares present in person or represented by proxy at the annual meeting and entitled to vote.

Representatives of KPMG will be present at the annual meeting and will have the opportunity to make a statement, if they desire to do so, and to respond to appropriate questions.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee consists of directors who have been determined by the Board of Directors to be independent of the Company as prescribed by the NYSE and other regulators. The Company's management has the primary responsibility for the financial statements and for the reporting process, including the establishment and maintenance of the system of internal control over financial reporting. The Company's independent registered public accounting firm is responsible for auditing the consolidated financial statements prepared by management, expressing an opinion on the conformity of those consolidated audited financial statements with generally accepted accounting principles, and auditing the Company's internal control over financial reporting and expressing an opinion thereon. In this context, the Audit Committee has met and held discussions with management and KPMG, the Company's independent registered public accounting firm, regarding the fair and complete presentation of the Company's consolidated financial statements and the assessment of the Company's internal control over financial reporting.

The Audit Committee has discussed with KPMG matters required to be discussed by Auditing Standard No. 16, as issued by the Public Company Accounting Oversight Board (the "PCAOB"), and has reviewed and discussed KPMG's independence from the Company and its management. As part of that review, the Audit Committee has received the written disclosures and the letter required by applicable requirements of the PCAOB regarding KPMG's communications with the Audit Committee concerning independence, and the Audit Committee has discussed KPMG's independence from the Company. The Audit Committee also has considered whether KPMG's provision of non-audit services to the Company is compatible with the auditor's independence. The Audit Committee has concluded that KPMG is independent from the Company and its management.

The Audit Committee meets with the Chief Financial Officer, the Vice President of Internal Audit and representatives of KPMG, in regular and executive sessions, to discuss the consolidated audited financial statements, the evaluations of the Company's internal controls and the overall quality of the Company's financial reporting and compliance programs.

In reliance on the reviews and discussions referred to above, the Audit Committee has recommended to the Board of Directors, and the Board of Directors has approved, that the consolidated audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014, for filing with the SEC.

KAR Auction Services' independent registered public accounting firm fee pre-approval policy provides for an annual process through which the Audit Committee evaluates the nature and scope of the audit prior to the commencement of the audit. The Audit Committee also evaluates audit-related, tax and other services that are proposed, along with the anticipated cost of such services. The Audit Committee reviews schedules of specific services to be provided. If other services are provided outside of this annual process, under the policy they may be (i) pre-approved by the Audit Committee at a regularly scheduled meeting; or (ii) by the Chairman of the Audit Committee, acting between meetings and reporting back to the Audit Committee at the next scheduled meeting. EXECUTIVE SUMMARY

For the year ended December 31, 2014, KAR delivered solid growth in volume of total vehicles sold, revenues and Adjusted EBITDA. Specific highlights for fiscal 2014 included:

Total vehicles sold for our ADESA, Inc. ("ADESA") and Insurance Auto Auctions, Inc. ("IAA") business segments rose approximately 7% to 3.9 million units.

Net revenue was up 9% to approximately \$2.4 billion.

Adjusted EBITDA* rose over 11% to approximately \$599 million.

*Adjusted EBITDA is a non-GAAP measure and is defined and reconciled to the most comparable GAAP measure, net income (loss), in our Annual Report on Form 10-K for the year ended December 31, 2014 in Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations EBITDA and Adjusted EBITDA."

Net income increased 150% from \$67.7 million (\$0.48 per diluted share) to \$169.3 million (\$1.19 per diluted share).

Table of Contents

We increased our dividend to \$0.27 per share and announced a two-year, \$300 million share repurchase program.

The closing stock price of KAR stock rose over 17% from \$29.55 at December 31, 2013 to \$34.65 at December 31, 2014. The closing price shown below for each year is the closing price of a share of KAR Auction Services' common stock on December 31.

We maintain a compensation program structured to achieve a close connection between executive pay and company performance. We believe that this strong pay-for-performance orientation has served us well in recent years, particularly as we've moved forward following the sale by our former equity sponsors of all of their holdings of our common stock in late 2013.

ii

Pay for performance alignment: Historically, we have demonstrated close alignment between our total stockholder return (TSR) performance and the compensation of our Chief Executive Officer, as shown in the chart below.

ii **Maximum payout caps for annual cash incentive compensation and PRSUs.**

ii **No hedging of KAR securities:** In 2014, we adopted a formal policy that prohibits the hedging of Company stock by our directors and officers.

ii **No pledging of KAR securities:** As part of our Insider Trading Policy, we prohibit the pledging of Company stock.

ii **Moderate change-in-control benefits:** Change-in-control severance benefits are two times base salary and target bonus for the CEO and one times base salary and target bonus for the executive officers.

ii **NEW Robust equity ownership requirements:** In 2015, we adopted stock ownership guidelines that are applicable to non-employee directors and senior executives, including our named executive officers. The stock ownership guideline for our CEO is 5 times his annual base salary.

ii **NEW Robust equity retention requirement:** In 2015, we adopted an equity retention requirement that is applicable to non-employee directors and senior executives, including our named executive officers. Our named executive officers are required to hold 100% of net shares of Company stock received under awards granted on or after January 1, 2015 for at least 12 months after vesting, regardless of whether the stock ownership guideline has been met.

COMPENSATION PHILOSOPHY AND OBJECTIVES

We design and administer our executive pay programs to help ensure the compensation of our named executive officers is (i) closely aligned with our performance on both a short-term and long-term basis; (ii) linked to specific, measurable results intended to create value for stockholders; and (iii) competitive in attracting and retaining key executive talent in the vehicle remarketing and auto finance industry. Each of the compensation programs that we have developed and implemented is intended to satisfy one or more of the following specific objectives:

align the interests of our executive officers with the interests of our stockholders so that they manage from the perspective of owners with an equity stake in the Company;

Table of Contents

motivate and focus our executive officers through incentive compensation programs directly tied to our financial results;

support a one-company culture and encourage synergies among all business units by aligning rewards with long-term overall Company performance and stockholder value;

provide a significant percentage of total compensation through variable pay based on pre-established goals and objectives;

provide competitive upside opportunity without encouraging excessive risk-taking;

enhance our ability to attract and retain skilled and experienced executive officers; and

provide rewards commensurate with performance and with competitive market practices.

THE ROLE OF THE COMPENSATION COMMITTEE AND THE EXECUTIVE OFFICERS IN DETERMINING EXECUTIVE COMPENSATION

Composition of the Compensation Committee. The Compensation Committee of our Board of Directors is comprised of Mmes. Ecton (Chairman) and Jolliffe and Mr. Larson.

Role of the Compensation Committee. The Compensation Committee has primary responsibility for all compensation decisions relating to our named executive officers. The Compensation Committee reviews the aggregate level of our executive compensation, as well as the mix of elements used to compensate our named executive officers on an annual basis.

No Public Company Comparable Peers. In light of the unique mix of businesses that comprise KAR Auction Services and the lack of directly comparable public companies, the Compensation Committee has not adopted a specific peer group of companies for the purpose of formally benchmarking compensation. The Compensation Committee understands that most companies consider pay levels at comparably-sized, peer companies when setting named executive officer compensation levels. Knowing this practice, the Compensation Committee attempted to develop a meaningful peer group for KAR in 2014, with help from its independent compensation consultant; however, the Committee stopped short of a formal peer group at this time, in part due to the unique combination of our three separate business segments. In order to confirm competitiveness of compensation, the Compensation Committee reviews survey data and proxy compensation data of other comparably-sized companies. To date, the Compensation Committee has not set compensation levels by reference to competitive market data using any specific target percentiles within such data.

Role of the Independent Compensation Consultant. The Compensation Committee used ClearBridge as its independent compensation consultant in 2013 and early in 2014. Later in 2014, the Compensation Committee retained Semler Brossy as its independent compensation consultant. Clearbridge and Semler Brossy provided advice to the Compensation Committee. During 2014:

ClearBridge provided (i) advice to the Compensation Committee with respect to the assessment of the Company's executive compensation practices; (ii) advice regarding the evaluation of long-term incentive compensation practices; (iii) advice and guidance regarding the design of new long-term equity awards; and (iv) advice regarding related compensation matters; and

Table of Contents

Semler Brossy provided (i) advice to the Compensation Committee with respect to annual and long-term incentive plan design; (ii) guidance on the competitiveness of the executive officers' total compensation; and (iii) guidance regarding the development of a potential peer group as described above.

The Compensation Committee has reviewed the independence of ClearBridge and Semler Brossy in light of SEC rules and NYSE listing standards regarding compensation consultants and has concluded that (i) the work of ClearBridge for the Compensation Committee did not raise any conflict of interest; and (ii) the work of Semler Brossy for the Compensation Committee does not raise any conflict of interest. All work performed by ClearBridge and Semler Brossy is subject to review and approval of the Compensation Committee.

Role of the Executive Officers. Mr. Hallett regularly participates in meetings of the Compensation Committee at which compensation actions involving our named executive officers are discussed. Mr. Hallett assists the Compensation Committee by making recommendations regarding compensation actions relating to the executive officers other than himself. Mr. Hallett recuses himself and does not participate in any portion of any meeting of the Compensation Committee at which his compensation is discussed.

ELEMENTS USED TO ACHIEVE COMPENSATION PHILOSOPHY AND OBJECTIVES

Elements of 2014 Executive Compensation Program Design

The following table lists the elements of compensation for our 2014 executive compensation program. The program uses a mix of fixed and variable compensation elements and provides alignment with both short- and long-term business goals through annual and long-term incentives. Our incentives are designed to drive overall corporate performance and business unit strategies that correlate to stockholder value and align with our strategic vision. In order to confirm competitiveness of compensation, the Compensation Committee reviews survey data and proxy compensation data of other companies.

Compensation Structure and Goal Setting

Our executive compensation program is designed to deliver compensation in accordance with corporate and business unit performance with a large percentage of compensation at risk through long-term equity awards and annual cash incentive awards. These awards are linked to actual performance, consistent with our belief that a significant amount of executive compensation should be in the form of equity and that a greater percentage of compensation should be tied to performance for executives who bear higher levels of responsibility for our performance. The mix of target direct compensation for 2014 for our CEO and the average of our other named executives is shown in the charts below. Approximately 79% of our CEO's total compensation, and approximately 67% of the average total compensation of our other named executive officers, is at-risk, consisting of stock options and other performance-based incentives. As we move away from historical incentive programs developed in large part by our former equity sponsors, the Compensation Committee continues to refine the elements, mix of awards and performance goals in our incentive compensation program, while ensuring that a large portion of our named executive officers' compensation is performance-based.

Base Salary

General. Annual salary levels for our named executive officers are based upon various factors including the amount and relative percentage of total compensation that is derived from base salary when setting the compensation of our executive officers, individual performance, experience, job scope and tenure. In view of the wide variety of factors considered by the Compensation Committee in connection with determining the base salary of each of our named executive officers, the Compensation Committee has not attempted to rank or otherwise assign relative weights to the factors that it considers. A description of how these factors were applied in 2014 is described below.

Base Salaries for 2014. In late 2013 and the first quarter of 2014, the Compensation Committee reviewed the base salaries of each of our named executive officers for 2014. After considering multiple factors, the Compensation Committee approved the following base salaries:

Name	Base Salary	Increase %	Effective Date	Why Was Increase Approved?
Jim Hallett	\$ 900,000		8% January 1, 2014	Increase based on experience, individual performance and tenure, confirmed by review of competitive market salaries for CEOs.
Eric Loughmiller	\$ 442,534		2% February 7, 2014	Increase based upon multiple factors, including, without limitation, the performance of the Company and the contribution of the NEO; consistent with the overall 2% merit increase pool established for the Company.
Stéphane St-Hilaire	\$ 450,000		44% January 1, 2014	Increase due to increased responsibilities, job scope and prominence and impact of position as a result of his promotion to CEO and President of ADESA.
Becca Polak	\$ 364,140		2% January 1, 2014	Increase based upon multiple factors, including, without limitation, the performance of the Company and the contribution of the NEO; consistent with the overall 2% merit increase pool established for the Company.
Don Gottwald	\$ 432,973		2% January 1, 2014	Increase based upon multiple factors, including, without limitation, the performance of the Company and the contribution of the NEO; consistent with the overall 2% merit increase pool established for the Company.
	\$ 550,000		28% March 24, 2014	Increase due to increased responsibilities as a result of his promotion to Chief Operating Officer of KAR.

Base Salaries for 2015. In late 2014, the Compensation Committee reviewed the base salaries of each of our named executive officers for 2015. After considering multiple factors, including, without limitation, the performance of the Company and the contribution of each named executive officer, the Compensation Committee approved the following base salaries effective January 1, 2015:

Name	Base Salary	Increase %
Jim Hallett	\$ 900,000	0%
Eric Loughmiller	\$ 450,000	2%
Stéphane St-Hilaire	\$ 450,000	0%
Becca Polak	\$ 400,000	9%
Don Gottwald	\$ 550,000	0%

The Compensation Committee did not approve base salary adjustments for Messrs. Hallett, St-Hilaire or Gottwald because the Compensation Committee determined that their base salaries were already set at competitive levels. In order to confirm competitiveness of compensation, the Compensation Committee reviews survey data and proxy compensation data of other companies.

Table of Contents**Annual Cash Incentive Programs**

General. Generally, named executive officers with greater job responsibilities have a significant proportion of their annual cash compensation tied to Company performance through their annual incentive opportunity.

The KAR Auction Services, Inc. Annual Incentive Program. Under the KAR Auction Services, Inc. Annual Incentive Program (the "Annual Incentive Program"), which is part of the Omnibus Plan, the grant of cash-based awards to eligible participants is contingent upon the achievement of certain corporate performance goals as determined by the Compensation Committee.

Use of 2014 Adjusted EBITDA and 2014 Adjusted Pre-Tax Net Income

In 2014, the Compensation Committee used "2014 Adjusted EBITDA" for KAR Auction Services, ADESA and AFC, depending upon the named executive officer, and "2014 Adjusted Pre-Tax Net Income" as the measures of the Annual Incentive Program.

"2014 Adjusted EBITDA" is equal to EBITDA (earnings before interest expense, income taxes, depreciation and amortization) adjusted to exclude unbudgeted capital transactions. 2014 Adjusted EBITDA with respect to ADESA and AFC is determined in a similar manner, however, each excludes "holding company" expenses as disclosed in our Annual Report on Form 10-K.

"2014 Adjusted Pre-Tax Net Income" is equal to income before income taxes adjusted to exclude unbudgeted capital transactions.

Using these measures, the Compensation Committee establishes, on an annual basis, specific targets that determine the size of payouts under the incentive plan. In 2014, the annual incentive opportunity for each named executive officer was as follows:

Name	KAR Auction Services	ADESA	AFC
Jim Hallett	Annual incentive award based 100% on performance of KAR Auction Services		
Eric Loughmiller	Annual incentive award based 100% on performance of KAR Auction Services		
Stéphane St-Hilaire	Annual incentive award based 50% on performance of KAR Auction Services	Annual incentive award based 50% on performance of ADESA	
Becca Polak	Annual incentive award based 100% on performance of KAR Auction Services		
Don Gottwald	From January 1, 2014 to March 31, 2014: Annual incentive award based 50% on performance of KAR Auction Services		From January 1, 2014 to March 31, 2014: Annual incentive award based 50% on performance of AFC
	From April 1, 2014 to December 31, 2014: Annual incentive award based 100% on performance of KAR Auction Services		

Table of Contents

The amount to be earned by our named executive officers under the Annual Incentive Program is determined by multiplying each officer's target opportunity by the Business Performance Factor as shown below:

Performance Targets for the Annual Incentive Program

The Compensation Committee analyzes financial measures and determines the level of performance required to receive threshold, target and superior annual incentive payouts. The Compensation Committee established the performance objectives in amounts which it believes would increase stockholder value and which it believed would be achievable given a sustained effort on the part of the named executive officers and which would require increasingly greater effort to achieve the target and superior objectives. The Compensation Committee may increase or decrease the performance targets and the potential payouts at each performance target if, in the discretion of the Compensation Committee, the circumstances warrant such an adjustment. In 2014, the Compensation Committee did not increase or decrease the performance targets or the payouts of any 2014 annual incentive program payout.

2014 Performance Targets. The chart which follows provides the 2014 Adjusted EBITDA performance targets established by the Compensation Committee for 2014 as well as the actual level of performance achieved (dollars in millions):

(1)

Mr. St-Hilaire's base salary and annual incentive award is denominated in US dollars and paid in Canadian dollars. Using an exchange rate of .9401 as of January 6, 2014, Mr. St-Hilaire's \$450,000 annual base salary was converted to \$478,647 CDN and his annual incentive award opportunity was determined based on this figure.

(2)

Mr. Gottwald's base salary for annual incentive opportunity purposes is expressed as a blended rate comprised of his base salary of \$432,973 from the period of January 1, 2014 until March 23, 2014 and his base salary of \$550,000 from the period of March 24, 2014 until December 31, 2014. In addition, his bonus goal weighting percentages are expressed as blended rates as follows: (i) KAR Auction Services 2014 Adjusted EBITDA was weighted (a) 35% from January 1, 2014 until March 31, 2014 and (b) 70% from April 1, 2014 until December 31, 2014, (ii) AFC 2014 Adjusted EBITDA was weighted (a) 50% from January 1, 2014 until March 31, 2014 and (b) 0% from April 1, 2014 until December 31, 2014 and (iii) KAR Auction Services 2014 Adjusted Pre-Tax Net Income was weighted (a) 15% from January 1, 2014 until March 31, 2014 and (b) 30% from April 1, 2014 until December 31, 2014.

Because KAR Auction Services, ADESA and AFC each achieved at least the threshold level of performance, each of our named executive officers was eligible to receive an award under the Annual Incentive Program for 2014, which are set forth in the Summary Compensation Table (page 61). Based on the Company's performance during 2014, and the accompanying payout percentages for the different performance goals set forth above, our named executive officers earned the following percentages of their target annual incentive awards:

Name	Percentage of Target Annual Incentive Award Earned
Jim Hallett	123%
Eric Loughmiller	123%
Stéphane St-Hilaire	105%
Becca Polak	123%
Don Gottwald	118%

Mr. St-Hilaire's annual incentive award will be earned based 50% on the Adjusted EBITDA performance of KAR Auction Services and 50% on the Adjusted EBITDA performance of ADESA.

Long-Term Incentive Opportunities

The Company provides long-term incentive compensation opportunities in the form of performance-based restricted stock units ("PRsUs"), service-based restricted stock units, performance-based stock options and service-based stock options, as described below.

2014 Long-Term Incentive Awards. On February 27, 2014, the Compensation Committee approved the grant of PRsUs and stock options under its long-term incentive program to certain of the Company's named executive officers, as disclosed in the table below.

The remaining 50% of the PRSUs will vest if and to the extent that the Company's "Cumulative Adjusted Net Income Per Share" exceeds certain levels over the three-year period beginning on January 1, 2014. "Cumulative Adjusted Net Income Per Share" means the sum of the Company's Adjusted Net Income Per Share for the three fiscal years in the Measurement Period. "Adjusted Net Income Per Share" for a fiscal year is calculated by dividing Adjusted Net Income by the weighted average diluted common shares outstanding per year. "Adjusted Net Income" for a fiscal year is equal to the Company's net income as reported in the Form 10-K filed by the Company with respect to such fiscal year, recalculated utilizing the effective tax rate that was used to determine the cumulative adjusted net income per share target approved by the Compensation Committee, and adjusted to (i) exclude gains/losses from certain non-recurring and unbudgeted capital transactions, including debt prepayment, debt refinancing and similar items; (ii) exclude depreciation and amortization expenses resulting from the revaluation of certain assets at the time of the 2007 merger consistent with the Company's calculation of its reported adjusted net income; (iii) exclude certain expenses incurred in connection with stock-based compensation related to the 2007 merger consistent with the Company's calculation of its reported adjusted net income; (iv) exclude acquisition contingent consideration; (v) exclude the impact of significant acts of God or other events outside of the Company's control that may affect the overall economic environment; and (vi) exclude significant asset impairments.

With respect to all PRSUs, the amount of the target PRSUs earned and paid (on a 1-for-1 basis) in shares of common stock in a lump sum following the performance period will be: 0% for below threshold performance, 50% for threshold performance, 100% for target performance and up to 200% for achieving the maximum performance level. Linear interpolation will be used to calculate the percentage of target PRSUs earned and paid (on a 1-for-1 basis) if performance falls between the threshold and maximum levels.

2014 Stock Option Awards

The stock options have an exercise price of \$30.89 per share and will vest in equal 25% increments on the first four anniversaries of the grant date, subject to the executive's continued employment with the Company through such dates.

New Long-Term Incentive Design in 2015. On February 10, 2015, the Compensation Committee approved the 2015 long-term incentive awards for the Company's named executive officers which were granted on February 20, 2015, as disclosed in the table below.

Name	Target PRSUs (Cumulative Adjusted Net Income Per Share Goal)	Value of Target Shares at Grant	RSUs	Value of Target Shares at Grant
Jim Hallett	57,879	\$2,142,681	19,293	\$714,227

Don Gottwald	14,738	\$545,601	4,913	\$181,879

The aggregate target award value for each named executive officer is allocated such that 75% of the value is in the form of PRSUs and 25% of the value is in the form of time-vested restricted stock units ("RSUs"). The PRSUs may be earned (from 0% to 200% of the target award value) based on the Company's cumulative adjusted net income per share performance during the three-year period ending December 31, 2017 and are on substantially the same terms utilized by the Company for a portion of its PRSUs awards in 2014. The RSUs vest and convert into shares of common stock of the Company on a 1-for-1 basis on each of the first three anniversaries of the grant date during the named executive officer's continued employment with the Company.

Legacy Long-Term Incentive Awards. Certain service options and performance-based exit options were granted to our named executive officers under the KAR Auction Services, Inc. Stock Incentive Plan ("Stock Incentive Plan"), which was in effect prior to our initial public offering, and later under the Omnibus Plan, which was initially adopted on December 10, 2009.

Grants under the Stock Incentive Plan and the March 1, 2010 grant under the Omnibus Plan were structured as follows:

one-fourth of the total amount of each option grant to our named executive officers were service options, which vested in four equal annual installments on each of the first four anniversaries of the grant date and continue to function as an employee retention tool after vesting by rewarding continued service; and

the remaining three-fourths of the amount of each option grant were performance-based exit options, which reward employees' efforts toward increasing the value of the Company and also serve as a retention tool because grantees generally are required to remain employed to benefit from the increase in the value of the Company. Grants after March 1, 2010 and prior to our former equity owners' exit were 100% service options and were granted under the Omnibus Plan.

Together, these awards aligned the interests of our named executive officers and other employees with the interests of our stockholders, who benefited from both the retention of a skilled management team and an increase in the value of the Company.

Performance-Based Option Vesting

The performance-based exit options vested and became exercisable in four tranches contingent upon the closing price of the shares of common stock of the Company exceeding the threshold levels of \$20.00, \$25.00, \$30.00 or \$35.00 for 20 consecutive trading days. The exit options included in the first tranche (the exit options associated with the \$20.00 threshold level) became fully vested in March 2013, the exit options included in the second tranche (the exit options associated with the \$25.00 threshold level) became fully vested in August 2013, the exit options included in the third tranche (the exit options associated with the \$30.00 threshold level) became fully vested in March 2014 and the exit options included in the fourth tranche (the exit options associated with the \$35.00 threshold level) became fully vested in March 2015, upon achieving the applicable vesting criteria.

Plans under which Long-Term Incentive Awards are Granted. The Company currently grants long-term incentive awards under the Omnibus Plan and formerly under the Stock Incentive Plan.

Omnibus Plan

Our Board of Directors initially adopted the Omnibus Plan on December 10, 2009, as amended. Under the Omnibus Plan, participants are eligible to receive options, restricted stock, restricted stock units, SARs, other stock-based awards or cash-based awards as determined by the Compensation Committee.

Stock Incentive Plan

The Stock Incentive Plan was in effect prior to our initial public offering and was subsequently frozen as of December 10, 2009. No further awards have been issued under this plan.

Retirement, Health and Welfare Benefits

We offer a variety of health and welfare and retirement programs to all eligible employees, including our named executive officers. As with all Company employees, our named executive officers are eligible to receive 401(k) employer matching contributions equal to 100% of the first 4% of compensation contributed by the named executive officer or, in the case of Mr. St-Hilaire, deferred profit sharing employer matching contributions of up to \$2,500 (employer matches 100% of first \$1,500 contributed by the named executive officer and 50% of the next \$2,000 contributed by the named executive officer, subject to a cap equal to 6% of compensation) under the Group Registered Retirement Savings Plan ("GRRSP"). The health and welfare programs are intended to protect employees against catastrophic loss and encourage a healthy lifestyle. Our health and welfare programs include medical, dental, vision, pharmacy, life insurance, disability and accidental death and disability. We also provide travel insurance to all employees who travel for business purposes.

Perquisites

In general, the Compensation Committee believes that the provision of a certain level of perquisites and other personal benefits to the named executive officers is reasonable and consistent with the objective of facilitating and allowing us to attract and retain highly qualified executive officers. The perquisites which are currently available to certain of our named executive officers include an automobile allowance or use of a Company-owned automobile, an allowance for executive physicals and Company-paid group term life insurance premiums. Please see footnote 4 to the Summary Compensation Table for more information regarding perquisites.

COMPENSATION POLICIES AND OTHER INFORMATION

Employment and Severance Agreements

The Compensation Committee recognizes that, from time to time, it is appropriate to enter into agreements with our executive officers to ensure that we continue to retain their services and to promote stability and continuity within the Company. All of our named executive officers have an employment agreement with KAR Auction Services or one of its subsidiaries. A description of these agreements can be found in the section titled "Employment Agreements with Named Executive Officers."

Tax and Accounting Considerations

Employment Agreements. Section 280G of the Internal Revenue Code ("Section 280G") and related provisions impose substantial excise taxes under Section 4999 of the Code on so-called "excess parachute payments" payable to certain named executive officers upon a change in control and results in the loss of the compensation deduction for such payments by the Company.

Mr. Hallett's employment agreement, which became effective as of February 27, 2012, provides for a potential "gross-up payment" in the event that such excise taxes result from any excess parachute payments. Mr. Hallett's employment agreement provides that in the event that any payment or benefit under such agreement, in connection with Mr. Hallett's employment or termination of employment is or becomes subject to an excise tax under Code Section 4999, then KAR Auction Services will make a cash payment to Mr. Hallett, which, after the imposition of all income, employment, excise and other taxes thereon as well as any penalty and interest assessments associated therewith, will be sufficient to place Mr. Hallett in the same after-tax position as he would

Table of Contents

have been in had such excise tax not been applied. However, in the event that a reduction of the total payments to Mr. Hallett would avoid the application of the excise tax, then the total payments will be reduced to the extent necessary to avoid the excise tax, but in no event by more than 10% of the original amount of the total payments.

None of the employment agreements entered into with Messrs. Loughmiller, Gottwald and St-Hilaire and Ms. Polak contain excise tax gross-up provisions.

Omnibus Plan. Certain awards under the Omnibus Plan are designed so that they may comply with the performance-based compensation exception to the \$1,000,000 per person annual deductibility limit under Section 162(m) applicable to Covered Employees. Though tax deductibility is one of many factors considered by the Compensation Committee when determining executive compensation, the Compensation Committee retains the discretion to award compensation that exceeds or does not qualify for the Section 162(m) deductibility limit. For example, in seeking to tie executive pay to company performance in a meaningful way, the Compensation Committee may make decisions in designing and approving pay programs that are not driven by tax consequences to the Company.

Accounting for Stock-Based Compensation. We account for stock-based compensation in accordance with the requirements of ASC 718.

Clawback Policy for Financial Restatements. In 2014, the Company adopted a policy providing for the recovery of incentive compensation in the event the Company is required to prepare an accounting restatement due to any current or former executive officer's intentional misconduct. In such an event, the executive officer would be required to repay to the Company the excess amount of incentive compensation received under the inaccurate financial statement. The Company intends to revise this policy as needed to comply with the requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act when such requirements become effective.

Insider Trading Policy

Our insider trading policy expressly prohibits:

ownership of margin securities;

trading in options, warrants, puts and calls or similar instruments on the Company's securities; or

selling the Company's securities "short."

We also prohibit officers, directors and employees from:

pledging the Company's securities as collateral for loans; and

purchasing or selling the Company's securities while in possession of material, non-public information, or otherwise using such information for their personal benefit.

Our executives and directors are permitted to enter into trading plans that are intended to comply with the requirements of Rule 10b5-1 of the Securities Exchange Act of 1934 so that they can prudently diversify their asset portfolios and exercise their stock options before their scheduled expiration dates.

Anti-Hedging Policy

In addition to the Company's existing anti-pledging of Company stock policy, the Company adopted a formal anti-hedging of Company stock policy in 2014. This policy prohibits our officers and

Table of Contents

directors from engaging in certain forms of hedging or monetization transactions with respect to the Company's stock, such as prepaid variable forward contracts, equity swaps, collars and exchange funds.

Stock Ownership and Stock Holding Guidelines

In 2015, we adopted the following stock ownership guidelines which are applicable to our named executive officers.

Title	Stock Ownership Guideline
CEO	5 times annual base salary

Other Named Executive Officers	3 times annual base salary
--------------------------------	----------------------------

The named executive officers must hold 100% of net shares of Company stock received under awards granted on or after January 1, 2015 until the applicable ownership guideline is met. In addition, our named executive officers are required to hold 100% of net shares of Company stock received under awards granted on or after January 1, 2015 for at least 12 months after vesting, regardless of whether the stock ownership guideline has been met.

The Company's non-employee directors are subject to the Company's director stock ownership and holding guidelines. The stock holding guideline requires each non-employee director to hold any shares of the Company's common stock granted after January 1, 2014 for at least four years, subject to certain exceptions approved by the Compensation Committee. The stock ownership guideline, which was adopted in 2015, requires each non-employee director to own a minimum of three times his or her annual cash retainer amount in shares of Company stock.

RESULTS OF SAY ON PAY VOTES AT 2014 ANNUAL MEETING

At the Company's 2014 annual meeting of stockholders, the Company held a non-binding stockholder vote on executive compensation (commonly referred to as "Say on Pay"). At the meeting, excluding broker non-votes, over 95% of the votes on the matter were cast to approve the Company's executive compensation programs, less than 4% of the votes were cast against, and less than 1% abstained from voting.

The Compensation Committee has considered the results of the vote, including the appropriateness of the compensation philosophy and objectives, the role of the Compensation Committee and executive officers in setting compensation, the elements used to achieve the compensation philosophy and objectives and the levels of compensation provided to the named executive officers. Following its review, the Compensation Committee decided to retain the Company's general approach to executive compensation, in part due to the significant majority of stockholders that voted to approve the Company's executive compensation programs at the 2014 annual meeting of stockholders.

Previously, at the Company's 2011 annual meeting of stockholders, the Company held a non-binding stockholder vote at the meeting on whether to hold a Say on Pay vote every one, two or three years. Approximately 12% of the votes on the matter were cast in favor of holding a vote every year, less than one-tenth of 1% were cast in favor of holding a vote every two years, approximately 86% were cast in favor of holding a vote every three years and approximately 2% abstained or constituted a broker non-vote. In line with the results of the vote, the Company will present a Say on

Pay vote every three years, the next of which will occur at the Company's 2017 annual meeting of stockholders.

ANALYSIS OF RISK IN THE COMPANY'S COMPENSATION STRUCTURE

The Compensation Committee considers the potential risks in our business when designing and administering the Company's pay program, and the Compensation Committee believes its balanced approach to performance measurement and pay delivery works to avoid misaligned incentives for individuals to undertake excessive or inappropriate risk. Further, program administration is subject to considerable internal controls, and when determining the principal outcomes performance assessments and pay decisions the Compensation Committee relies on principles of sound governance and good business judgment. As part of its responsibilities to annually review all incentive compensation and equity-based plans, and evaluate whether the compensation arrangements of the Company's employees incentivize unnecessary and excessive risk-taking, the Compensation Committee evaluated the risk profile of all of the Company's compensation policies and practices for 2014.

In its evaluation, the Compensation Committee reviewed the Company's employee compensation structures and noted numerous design elements that manage and mitigate risk without diminishing the incentive nature of the compensation. There is a balanced mix between cash and equity and annual and longer-term incentives. In addition, annual incentive awards and long-term incentive awards granted to executives are tied to corporate performance goals, including Adjusted EBITDA, Pre-Tax Net Income, TSR and Cumulative Adjusted Net Income Per Share. These metrics encourage performance that supports the business as a whole. The executive annual incentive awards include a maximum payout opportunity equal to 150% of target. Our executives are also expected to meet share ownership guidelines in order to align the executives' interests with those of our stockholders. Also, the Company's clawback policy permits the Company to recover incentive compensation paid to an executive officer if the compensation resulted from any financial result or metric impacted by the executive officer's misconduct or fraud. This policy helps to discourage inappropriate risks, as executives will be held accountable for misconduct which is harmful to the Company's financial and reputational health.

The Committee also reviewed the Company's compensation programs for certain design features that may have the potential to encourage excessive risk-taking, including: over-weighting towards annual incentives, highly leveraged payout curves, unreasonable thresholds and steep payout cliffs at certain performance levels that may encourage short-term business decisions to meet payout thresholds. The Compensation Committee concluded that the Company's compensation programs do not include such elements or have implemented features, steps and controls that are designed to limit risks of our compensation arrangements. In light of these analyses, the Committee concluded that the Company has a balanced pay and performance program that does not encourage excessive risk-taking that is reasonably likely to have a material adverse effect on the Company.

**Termination Without Cause or
For Good Reason**

In the event that any named executive officer's employment with the Company or any subsidiary is terminated by the Company or any subsidiary without cause (as defined above) or by the named executive officer for "good reason" (as defined below), unless otherwise specified in an award agreement, any options then held by the named executive officer which are exercisable on the date of termination shall be exercisable until the earlier of (i) the 90th day following the named executive officer's termination of employment; or (ii) the normal expiration date of the options.

Treatment of Equity-Based Awards

Upon the occurrence of a Change in Control (as defined in the Omnibus Plan), unless otherwise specified in an award agreement, any unvested or unexercisable portion of any award carrying a right to exercise shall become fully vested and exercisable and the Compensation Committee may cancel all of the outstanding awards under the Omnibus Plan, and in its discretion exchange such awards for cash, shares of the successor entity, or a combination of cash and shares of the successor entity in an amount equal to the excess, if any, of the Fair Market Value (as defined in the Omnibus Plan) of a share of common stock as of the date of the Change in Control over the per share exercise price, if any, of such award.

Special Provisions

Applicable to 2013 PRSUs

On December 13, 2013 (the "2013 Grant Date"), the Company granted PRSUs to certain of its named executive officers (the "2013 PRSUs"), as described above in "Elements Used to Achieve Compensation Philosophy and Objectives Long-Term Incentive Opportunities." The award agreements issued in connection with these awards provide for the treatment of such awards upon specified termination events and/or a Change of Control. In the event the executive is terminated without Cause or he/she resigns for Good Reason (each as defined in his/her employment agreement, or if not defined therein, the Omnibus Plan) or he/she terminates employment due to his/her death, Retirement or Disability (each as defined in the Omnibus Plan), he/she would be entitled to receive, at the same time as active Company employees, a prorated portion of the 2013 PRSUs based on the Company's actual performance during the performance period and the number of full months he/she was employed during such performance period. If the executive is terminated without Cause or he/she resigns for Good Reason after the consummation of a Change in Control but before December 13, 2016, then the executive would be entitled to receive the full number of 2013 PRSUs earned based on actual performance from the 2013 Grant Date until the date of the Change in Control. The 2013 PRSUs would be automatically terminated and forfeited upon a termination of employment for any other reason, including a termination for Cause.

Special Provisions

Applicable to 2014 PRSUs

Treatment of Equity-Based Awards

On February 27, 2014 (the "2014 Grant Date"), the Company granted PRSUs to certain of its named executive officers (collectively, the "2014 PRSUs"), as described above in "Elements Used to Achieve Compensation Philosophy and Objectives Long-Term Incentive Opportunities." The award agreements issued in connection with these awards provide for the treatment of such awards upon specified termination events and/or a Change of Control. The 2014 PRSUs that vest based on the extent to which the Company's total stockholder return relative to that of companies within the S&P 500 Index exceeds certain levels over a three year period (the "2014 TSR PRSUs") contain identical termination and change in control treatment as the 2013 PRSUs. The 2014 PRSUs that vest based on the Company's Cumulative Adjusted Net Income Per Share performance over a three-year period (the "2014 CANIPS PRSUs") contain identical termination treatment as the 2013 PRSUs, except that upon a Change in Control the executive will be deemed to have earned the target number of 2014 CANIPS PRSUs, without proration. The target number of 2014 CANIPS PRSUs will then vest on the third anniversary of the 2014 Grant Date, subject to the executive's continued employment through such date. If the executive is terminated without Cause or he/she resigns for Good Reason after the consummation of a Change in Control but before the third anniversary of the 2014 Grant Date, then the executive would be entitled to receive immediate vesting and payout of the target number of 2014 PRSUs. The 2014 PRSUs would be automatically terminated and forfeited upon a termination of employment for any other reason, including a termination for Cause.

Unless specified otherwise in a named executive officer's employment agreement, the termination of a named executive officer's employment with the Company or any subsidiary shall be deemed to be for "cause" under the Omnibus Plan and the Stock Incentive Plan upon any of the following events: (i) the refusal or neglect of the named executive officer to perform substantially his employment-related duties; (ii) the named executive officer's personal dishonesty, incompetence, willful misconduct, or breach of fiduciary duty; (iii) the named executive officer's indictment for, conviction of, or entering a plea of guilty or *nolo contendere* to a crime constituting a felony or his willful violation of any applicable law; (iv) the named executive officer's failure to reasonably cooperate, following a request to do so by the Company or any subsidiary, in any internal or governmental investigation; or (v) the named executive officer's material breach of any written covenant or agreement not to disclose any information pertaining to the Company or any subsidiary or not to compete or interfere with the Company or any subsidiary.

Table of Contents

Unless specified otherwise in a named executive officer's employment agreement, the termination of a named executive officer's employment with the Company or any subsidiary shall be deemed to be for "good reason" under the Stock Incentive Plan if such named executive officer voluntarily terminates his or her employment with the Company or any subsidiary as a result of (i) the Company or any subsidiary significantly reducing the named executive officer's current salary without the named executive officer's prior written consent; or (ii) the Company or any subsidiary taking any action that would substantially diminish the aggregate value of the benefits provided to the named executive officer under the Company's or such subsidiary's accident, disability, life insurance, or any other employee benefit plans in which the named executive officer participates. The Omnibus Plan does not provide a default "good reason" definition in the event such term is not specified in a named executive officer's employment agreement.

ANNUAL CASH INCENTIVE AWARDS OMNIBUS PLAN

Termination

Scenario

Death, Disability, Voluntary Termination (with or without Good Reason) and Termination by the Company (for Cause or without Cause)

Treatment of Annual Cash Incentive Awards

Annual cash incentive awards are treated as described in the named executive officer's employment agreement with the Company, to the extent applicable. See "Employment Agreements with Named Executive Officers" above for more information.

Retirement

Unless otherwise specified in an employment agreement, if a named executive officer's employment terminates due to retirement, such named executive officer will be entitled to receive, at the same time as payments may become due to active employees, a pro-rated amount of any incentive award which they otherwise would have been entitled to receive, if any, based on actual performance during the annual performance period.

Upon the Occurrence of a Change in Control

Unless otherwise determined by the administrator of the Omnibus Plan or as evidenced in an award agreement or other agreement between the Company and a named executive officer, in the event that a Change in Control (as defined in the Omnibus Plan) occurs during an annual performance period, each named executive officer is entitled to receive on the date of the Change in Control a payment with respect to such annual incentive award calculated based on the actual performance of the applicable performance goals through the date of the Change in Control, as determined by the administrator in its discretion, pro-rated based on the number of days of the annual performance period that have elapsed prior to and including the date of the Change in Control.

**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN
CONTROL TABLES**

The amounts in the tables below assume that the termination and/or change in control, as applicable, was effective as of December 31, 2014, the last business day of the prior fiscal year, and that the respective named executive officers exercised all options and/or received cash in exchange for PRSUs at such time. The tables are merely illustrative examples of the impact of a hypothetical termination of employment or change in control. The amounts that would actually be paid upon a termination of employment can only be determined at the time of such termination, based on the facts and circumstances then prevailing.

- (1) The amounts reported are equal to the full amount of Mr. Hallett's 2014 annual bonus (a December 31, 2014 termination results in a 100% payout, whereas a termination on any other date would result in a prorated amount, assuming payment upon a change in control), payable under the terms of his employment agreement or the Omnibus Plan, as applicable.
- (2) The amounts reported assume a Company common stock price of \$34.65, which was the closing price on December 31, 2014.
- (3) In the event Mr. Hallett is terminated without Cause or he resigns for Good Reason (each as defined in his employment agreement) or he terminates employment due to his death, Retirement or Disability (each as defined in the Omnibus Plan), he would be entitled to receive, at the same time as active Company employees, a prorated portion of the 2013 and 2014 PRSUs based on the Company's actual performance during the performance period and the number of full months he was employed during such performance period. Assuming a termination date of December 31, 2014, Mr. Hallett therefore would be entitled to 12/36ths of the 2013 PRSUs and 2014 CANIPS PRSUs and 10/36ths of the 2014 TSR PRSUs upon his termination without Cause, his resignation for Good Reason, or his death, Retirement or Disability. The amounts disclosed in the table assume performance at the target level and a stock price of \$34.65 (based on the Company's closing common stock price on December 31, 2014). If Mr. Hallett is terminated without Cause or he resigns for Good Reason after the consummation of a Change in Control (as defined in the Omnibus Plan) but before the 2013 and/or 2014 PRSUs vest, then Mr. Hallett would be entitled to receive the following, assuming performance at the target level and a stock price of \$34.65 (based on the Company's closing common stock price on December 31, 2014): (i) the full number of 2013 PRSUs earned based on actual performance from December 13, 2013 until the Change in Control date of December 31, 2014, (ii) the full number of 2014 TSR PRSUs earned based on actual performance from January 1, 2014 until the Change in Control date of December 31, 2014; and (iii) the target number of 2014 CANIPS PRSUs.
- (4) This calculation was made based on certain assumptions, not taking into account any reductions in parachute payments attributable to reasonable compensation payable before or after a change in control and not assigning any value to Mr. Hallett's non-compete obligations. Actual excise tax amounts and tax gross-up payments, if any, would be calculated at the time of an actual change in control based on all factors and assumptions applicable at that time.
- (5) Under the Group Term Life Policy, Mr. Hallett's designated beneficiary is entitled to a payment in an amount equal to two times his annual salary, not exceeding \$800,000.
- (6) Long-term disability is a Company-paid benefit for all employees and only paid after six months on short-term disability. The benefit is 66.67% of base pay capped at \$15,000 per month.

EMPLOYMENT AGREEMENTS WITH NAMED EXECUTIVE OFFICERS

Each of our named executive officers has an employment agreement with the Company. A summary of each of the agreements is provided below.

CEO

Mr. Hallett's employment agreement, which became effective as of February 27, 2012, provides for the following severance and change of control payments:

Termination Due to Mr. Hallett's Death or Disability. If Mr. Hallett's employment is terminated as a result of his death or disability, we will pay Mr. Hallett, or in the case of his death, Mr. Hallett's estate or beneficiaries, an amount equal to the sum of (i) any accrued but unpaid base salary and accrued but unused vacation days; (ii) any earned and vested benefits and payments pursuant to the terms of any benefit plan (collectively, the amounts described in (i) and (ii) above are, the "Accrued Obligations"); and (iii) subject to Mr. Hallett executing a general release of any claims that he may have against the Company (the "Release"), any annual bonus for a prior completed calendar year that has not yet been calculated or paid to Mr. Hallett (the "Earned but Unpaid Bonus").

In addition, if Mr. Hallett is participating in the health plans of the Company at the time of his termination, we will pay him, or in the case of his death, his estate or beneficiaries, his or their premiums attributable to maintaining insurance coverage under COBRA for the shorter of (i) 18 months; or (ii) until Mr. Hallett becomes eligible for comparable coverage under the health plans of another employer (the "Continued Benefits"). Subject to receipt and effectiveness of the Release, we also will pay Mr. Hallett, or his estate or beneficiaries, a prorated bonus based upon the portion of the year during which Mr. Hallett was employed by us (the "Prorated Bonus").

For purposes of Mr. Hallett's employment agreement, "disability" means a "Total Disability" (or equivalent) as defined in the Company's long term disability plan in effect at the time of the disability.

Termination by the Company for Cause. Following a majority vote of the Board of Directors (excluding Mr. Hallett or any other employee of the Company), we may terminate Mr. Hallett's employment at any time for "Cause." In such event, our only obligation to Mr. Hallett would be the payment, in a lump sum, of Mr. Hallett's Accrued Obligations.

"Cause" is defined in the employment agreement to mean (i) Mr. Hallett's willful, continued and uncured failure to perform substantially his duties under the employment agreement for a period of 14 days following notice to Mr. Hallett of such failure; (ii) Mr. Hallett engaging in illegal conduct or gross misconduct that is demonstrably likely to lead to material injury to the Company; (iii) Mr. Hallett's indictment or conviction of, or plea of *nolo contendere* to, a crime constituting a felony or any other crime involving moral turpitude; or (iv) Mr. Hallett's failure to comply with the provisions of the employment agreement relating to confidential information, intellectual property, non-competition and non-solicitation which is not cured within the 14 day period following written notice to Mr. Hallett of such failure.

Termination by the Company Without Cause. Mr. Hallett's employment may be terminated without Cause at any time upon 30 days' prior written notice. In the event of a termination without Cause, the Company will pay Mr. Hallett the following "Severance Benefits": (i) two times the sum of Mr. Hallett's (a) annual base salary and (b) target bonus for the year in which termination occurs which, for this purpose, shall not equal less than 100% of Mr. Hallett's base salary; (ii) a Prorated

Bonus in a lump sum; and (iii) the Continued Benefits. In addition to the Severance Benefits described above, we will also pay Mr. Hallett the Accrued Obligations and any Earned but Unpaid Bonus.

Termination by Mr. Hallett for Good Reason. Mr. Hallett may terminate his employment for "Good Reason" within 90 days following the occurrence of an event constituting "Good Reason," if such event remains uncured for a period of 30 days following notice of the event by Mr. Hallett to the Company. Upon such termination, the Company will pay Mr. Hallett the sum of the Severance Benefits, the Accrued Obligations, and any Earned but Unpaid Bonus.

"Good Reason" is defined in the employment agreement to mean the occurrence of any of the following:

- (ii) A requirement by the Company that Mr. Hallett relocate his principal business location to a location more than 50 miles from the Company's executive offices as of the effective date of the employment agreement;
- (iii) Any material failure by the Company to comply with any of the terms and conditions of the employment agreement;
- (iv) Any failure to timely pay or provide Mr. Hallett's base salary, or any reduction in Mr. Hallett's base salary below Eight Hundred Sixteen Thousand Dollars (\$816,000), other than in connection with across-the-board salary reductions;
- (v) Any material reduction in Mr. Hallett's base salary or annual bonus opportunity; or
- (vi) A "Change of Control," as defined in the Omnibus Plan, occurs and, if applicable, the Company fails to cause its successor to assume or reaffirm the Company's obligations under the employment agreement without change.

Termination by Mr. Hallett without Good Reason. Mr. Hallett may terminate his employment under the employment agreement at any time without Good Reason upon 30 days' prior written notice. In such event, we will pay Mr. Hallett a lump sum amount equal to the Accrued Obligations.

Termination by Mr. Hallett upon Retirement. Mr. Hallett may voluntarily terminate his employment under the employment agreement due to retirement at any time on or after the third anniversary of the effective date of the employment agreement by announcing his retirement at least 12 months prior to such termination. In the event of such a termination, we will pay Mr. Hallett a lump sum amount equal to the Accrued Obligations and a Prorated Bonus.

Excise Tax Gross-Up. As described above in " Tax and Accounting Considerations Employment Agreements," Mr. Hallett's employment agreement provides that in the event that any payment or benefit in connection with his employment is or becomes subject to an excise tax under Code Section 4999, the Company will make a cash payment to Mr. Hallett, which after the imposition of all income, employment, excise and other taxes thereon as well as any penalty and interest assessments associated therewith, will be sufficient to place Mr. Hallett in the same after-tax position as he would have been in had such excise tax not applied. However, in the event that a reduction of the total payments due to Mr. Hallett would avoid the application of the excise tax, then the total payments will be reduced to the extent necessary to avoid the excise tax, but in no event by more than 10% of the original amount of the total payments due.

Other Named Executive Officers

The Company has entered into substantially similar employment agreements with Messrs. Loughmiller, Gottwald and St-Hilaire and Ms. Polak, providing for their at-will employment and the following severance and change of control payments.

Termination Due to Death or Disability. If Messrs. Loughmiller, Gottwald or St-Hilaire or Ms. Polak terminate their employment due to death or disability, the Company will be obligated to pay to the executive (or his/her legal representatives) an amount equal to the sum of (i) any earned but unpaid base salary; (ii) accrued but unpaid vacation earned through the date of termination; (iii) unreimbursed business expenses; and (iv) any vested employee benefits. The aggregate of the foregoing is referred to as the "Accrued Obligations." In addition, the executive or his/her estate/beneficiaries would be entitled to receive (i) COBRA premium payments for 12 months or until the executive becomes eligible for coverage under another employer's health plan, if the executive is participating in the Company's health plans on the date of such termination of employment, (the "Continued Benefits"); (ii) the prorated portion of his/her annual bonus for the calendar year in which such termination of employment occurred, calculated based on the executive's actual performance and based on the number of days the executive was employed by the Company during such calendar year; and (iii) a payment equal to the amount of any annual bonus which has been earned in a prior year but which has not yet been paid to the executive (the "Earned but Unpaid Bonus").

For purposes of their employment agreements, "disability" means a "Total Disability" (or equivalent) as defined in the Company's long term disability plan in effect at the time of the disability.

Voluntary Termination or Termination for Cause. If Messrs. For purposes of their employment agreements, "Cause" means (i) executive's willful, continued and uncured failure to perform substantially their duties under the agreement (other than any such failure resulting from incapacity due to medically documented illness or injury) for a period of 14 days following written notice by the Company to the executive of such failure; (ii) executive engaging in illegal conduct or gross misconduct that is demonstrably likely to lead to material injury to the Company, monetarily or otherwise; (iii) executive's indictment or conviction of, or plea of *nolo contendere* to, a crime constituting a felony or any other crime involving moral turpitude; or (iv) executive's violation of the restrictive covenants under the agreement or any other covenants owed to the Company by executive.

Termination Without Cause or Resignation for Good Reason. In the event Messrs. Loughmiller, Gottwald or St-Hilaire or Ms. Polak are terminated by the Company without Cause or such executive resigns for Good Reason, the executive would be entitled to receive, subject to execution and non-revocation of a release of claims, (i) a lump sum cash payment equal to the sum of his/her annual base salary plus target annual bonus for the year in which such termination of employment occurs; (ii) the Continued Benefits; and (iii) the Earned but Unpaid Bonus. For purposes of their employment agreements, "Good Reason" means (i) any material reduction of the executive's authority, duties and responsibilities; (ii) any material failure by the Company to comply with any of the terms and conditions of the agreement; (iii) any failure to timely pay or provide the executive's base salary, or any reduction in the executive's base salary, excluding any base salary reduction
