Re: Insured Municipal Income Fund

Mr. Kemper:

Karpus Management, Inc., d/b/a Karpus Investment Management ("Karpus") represents beneficial ownership of 2,010,384 shares or 9.7% of the outstanding common shares of Insured Municipal Income Fund ("PIF" or the "Fund"). Karpus intends to present the following proposal at the 2009 annual meeting, anticipated to be held in July 2009 (the "Meeting"):

PROPOSAL

The investment advisory agreement between the Fund and UBS Global Asset Management shall be terminated.

SUPPORTING STATEMENT

As shareholders of PIF, we are concerned with the persistently wide discount to net asset value (NAV). As the prospectus states, "The Fund's board of directors has determined that it will from time to time consider taking action to attempt to reduce or eliminate any discount." Additionally, the Fund also specifically committed to at least annually consider: "...action either to repurchase shares of the common stock in the open market or to make a tender offer for shares of the common stock at their net asset value." Since the fund's inception in 1993, we cannot find any evidence that the Fund has repurchased any shares or considered making a tender offer for shares at NAV. The discount on PIF has consistently been among the widest of all closed-end municipal bond funds. Indeed, the 10-year average discount for PIF through 12/31/2008 was -12.2%, while the average municipal closed-end fund discount was -4.3% during this same time period. (Source: Bloomberg). In fact, ***there is no other closed-end municipal bond fund that has carried a wider discount during this time period.*** Perhaps the explanation for the persistently wide discount of PIF is that the market has little confidence in the management of the fund. UBS has a relatively small presence in the closed-end fund world. Additionally, UBS has recently been the subject of much negative press, including its involvement and self interest in marketing auction rate preferred securities prior to the auction failures. Shareholders should be given an opportunity to realize the true value of their shares. The discount on our Fund has been hopelessly wide, and we have no reason to believe it will narrow without terminating the investment advisory agreement. The board of directors has a duty to monitor fund performance and should have been pro-active in seeking a sub-advisor. It is unacceptable that they have allowed the fund to consistently perform below average and the discount to remain wide. To address these issues, we believe that a change to a new investment adviser is necessary. If the board of directors cannot recognize this and continues to do nothing, we will consider taking action to replace the board with directors whose interests better align with shareholders.

END OF PROPOSAL

As is required by Rule 14a-8, KIM will forward under separate cover a letter from U. S. Bank N.A., as well as a written statement from the "record" holder of the referenced shares, verifying that the referenced shares were continuously and beneficially owned, and had a market value of \$2,000 or more, for at least a one year period prior to the date of the submittal of this Proposal. KIM intends to hold the shares referenced in the enclosed attachments through the date of the Meeting. Please advise us immediately if this notice is deficient in any way or any additional information is required so that we may promptly provide it in order to cure any deficiency.

Sincerely,

/s/
