Notice of Annual Meeting of Stockholders

To Be Held May 14, 2014

To Our Stockholders:

NOTICE IS HEREBY GIVEN that the 2014 Annual Meeting of Stockholders (the “Meeting”) of CPS Technologies Corporation, a Delaware corporation (the “Company”), will be held at the offices of counsel to the Company, Wilmer Cutler Pickering Hale and Dorr LLP, 60 State Street, Boston, Massachusetts 02109, at 10:00 a.m. (local time) on Wednesday, May 14, 2014, to:

1. Elect three directors to serve on the Board of Directors until the next annual meeting of stockholders and until their successors are elected and qualified;
2. Approve an amendment to the Restated Certificate of Incorporation of the Company (as amended to date) to increase the number of authorized shares of the common stock (par value \$0.01 per share) of the Company by 5,000,000 shares from 15,000,000 shares to 20,000,000 shares;
3. Approve the Amended and Restated CPS Technologies Corporation 2009 Stock Incentive Plan, which amended and restated plan will permit the grant of incentive stock options and increase the number of shares of the common stock (par value \$0.01 per share) of the Company authorized for issuance thereunder by 1,500,000 shares from 1,500,000 shares to 3,000,000 shares;
4. Hold a stockholder advisory vote on the compensation of the Company’s named executive officers as disclosed in the proxy statement for the Meeting;
5. Hold a stockholder advisory vote to determine the frequency of voting by stockholders on the compensation of our named executive officers; and
6. Consider and act upon such other business and matters as may properly come before the Meeting or any adjournments thereof.

The Board of Directors knows of no other matters to be presented at the Meeting. Only stockholders of record of the Company at the close of business on March 21, 2014 are entitled to notice of and to vote at the Meeting or any adjournments thereof.

All stockholders are cordially invited to attend the Meeting. Whether or not you expect to attend the Meeting, please complete, sign, date and return the enclosed proxy card in the envelope provided at your earliest convenience. If you return your proxy, you may nevertheless attend the Meeting and vote your shares in person.

PROXY STATEMENT

for the

2014 Annual Meeting of Stockholders

May 14, 2014

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of CPS Technologies Corporation, a Delaware corporation (“CPS” or the “Company”), for use at the Company’s 2014 Annual Meeting of Stockholders and any adjournments thereof (the “Meeting”), to be held at the offices of counsel to the Company, Wilmer Cutler Pickering Hale and Dorr LLP, 60 State Street, Boston, Massachusetts 02109, at 10:00 a.m. (local time) on Wednesday, May 14, 2014.

It is expected that the Notice of Meeting, this Proxy Statement and the accompanying proxy card, and the Company’s Annual Report on Form 10-K for the fiscal year ended December 28, 2013 containing financial statements and other information of interest to stockholders, will be mailed to stockholders on or about April [4], 2014.

Record Date and Outstanding Shares

Only record holders of shares of the common stock, par value \$0.01 per share, of the Company (the “Common Stock”) as of the close of business on March 21, 2014 (the “Record Date”) are entitled to notice of and to vote at the Meeting.

As of the Record Date, there were [13,066,641] shares of the Company’s Common Stock outstanding and entitled to vote. The shares of Common Stock are the only voting securities of the Company. Stockholders are entitled to cast one vote for each share of Common Stock held of record.

Proxies

If the enclosed proxy card is properly marked, signed, and returned in time to be voted at the Meeting, and is not subsequently revoked, the shares represented will be voted in accordance with the instructions marked thereon. SIGNED PROXIES RETURNED TO THE COMPANY AND NOT MARKED TO THE CONTRARY WILL BE VOTED AS RECOMMENDED BY THE BOARD OF DIRECTORS. Thus, proxies not marked to the contrary will be voted:

in favor of the nominees for election to the Board,
in favor of the amendment to the Company's Restated Certificate of Incorporation to increase the number of authorized shares of the Common Stock by 5,000,000 shares from 15,000,000 shares to 20,000,000 shares,
in favor of the Amended and Restated CPS Technologies Corporation 2009 Stock Incentive Plan, which amended and restated plan will permit the grant of incentive stock options and increase the number of shares of the Common Stock authorized for issuance thereunder by 1,500,000 shares from 1,500,000 shares to 3,000,000 shares, and
in favor of the compensation of our named executive officers as disclosed in this Proxy Statement.

With respect to Proposal 5, unmarked proxies will be voted in favor of holding a non-binding, advisory vote on executive compensation every year.

Any stockholder may revoke a proxy at any time prior to its exercise by signing and delivering a later-dated proxy or a written notice of revocation to the Secretary of the Company. Stockholders attending the Meeting may also revoke their proxies by voting in person at the Meeting. Attendance at the Meeting will not itself be deemed to revoke a proxy unless a stockholder gives affirmative notice at the Meeting that such stockholder intends to revoke the proxy and vote in person.

Quorum, Broker Non-Votes and Approval

The presence in person or by proxy of the holders of a majority of the shares of Common Stock issued and outstanding on the Record Date and entitled to vote is required to constitute a quorum at the Meeting. The Meeting may be adjourned to any other time, and to any other place at which meetings of the Company's stockholders may be held under its By-Laws, by the stockholders present in person or represented at the Meeting, although less than a quorum, or, if no stockholders are present, by an officer of the Company entitled to preside at or act as Secretary of such meeting. It is not necessary to provide notice to stockholders of any adjournment of less than 30 days if the time and place of the adjourned meeting are announced at the Meeting, unless after adjournment a new record date is fixed for the adjourned meeting. At any adjourned meeting at which a quorum is present, any business may be transacted that might have been transacted at the Meeting as originally scheduled.

Abstentions and broker non-votes will count in determining whether a quorum is present at the Meeting and any adjourned Meeting. A broker non-vote occurs when a beneficial owner of shares held in street name does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed "non-routine." Generally,

if the shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee is only entitled to exercise its discretionary authority and vote the shares on matters that are considered “routine”; they are not entitled to vote such shares absent instructions on “non-routine” matters. Under the rules and interpretations of the New York Stock Exchange, which generally govern this issue regardless of the exchange on which the company is listed, “non-routine” matters are matters that may substantially affect the rights or privileges of stockholders, such as mergers, stockholder proposals, equity compensation matters, “say on pay” and “say when on pay” proposals, and the election of directors – even in uncontested elections.

At the Meeting, all of the proposals to be voted on by stockholders are considered “non-routine” and therefore brokers and nominees will not have any discretionary authority to vote on any of the proposals. They must receive instructions from beneficial owners on how to vote such owners’ shares, or the votes will be considered broker non-votes.

Proposals shall be voted on and approved as follows:

Proposal 1: Election of directors shall be determined by a plurality of the votes cast by stockholders entitled to vote. Abstentions, broker non-votes and votes withheld will not be included in the totals for director elections, and will have no effect on the outcome of the vote.

Proposal 2: The affirmative vote of the holders of a majority of the shares of Common Stock issued and outstanding on the Record Date and entitled to vote is required to approve the amendment to the Company’s Restated Certificate of Incorporation to increase the number of authorized shares of Common Stock by 5,000,000 shares from 15,000,000 shares to 20,000,000 shares. Votes withheld or abstaining from voting, as well as broker non-votes, will have the same effect as a negative vote or a vote against this proposal.

Proposal 3: The affirmative vote of the holders of a majority of the shares of Common Stock present or represented and voting on the matter shall be required to approve the Amended and Restated CPS Technologies Corporation 2009 Stock Incentive Plan to permit the grant of incentive stock options and increase the number of shares of the Common Stock authorized for issuance thereunder by 1,500,000 shares from 1,500,000 shares to 3,000,000 shares. Abstentions and broker non-votes will not be included in the totals for the proposal, and will have no effect on the outcome of the vote

Proposal 4: The affirmative vote of the holders of a majority of the shares of Common Stock present or represented and voting on the matter shall be required for the stockholder advisory vote on the compensation of the Company’s named executive officers as disclosed in the *Compensation* section (including the tables therein) of this Proxy Statement. Abstentions and broker non-votes will not be included in the totals for the proposal, and will have no effect on the outcome of the vote.

As for **Proposal 5**, the vote on the frequency with which stockholders shall vote on the compensation of the Company’s named executive officers, stockholders are given three choices: one year, two years, or three years. The option that receives the plurality of the votes cast at the Meeting shall be considered by the Board when determining

the frequency of voting by stockholders on such executive compensation. Abstentions and broker non-votes will not be included in the totals for the proposal, and will have no effect on the outcome of the vote.

Other Matters

The Board of Directors knows of no matters to be presented for consideration at the Meeting other than as set forth in this Proxy Statement. If any other matter should be presented at the Meeting upon which a vote may be properly taken, shares represented by all proxies received by the Company will be voted with respect thereto in accordance with the judgment of the persons named as proxies.

No director, executive officer or nominee for director, nor any associate of any of the foregoing, has any substantial interest, direct or indirect, by security holdings or otherwise, in any matter to be acted upon at the Meeting.

PROPOSAL 1. ELECTION OF DIRECTORS

Pursuant to the Company's By-laws, the number of directors which shall constitute the whole Board of Directors of the Company is determined by a resolution of the stockholders or Board, but in no event may be less than one director. The Company's Board of Directors is currently authorized to consist of three members. Each director holds office until the next annual meeting of stockholders and until his or her successor is elected and qualified, or until his or her earlier death, resignation or removal, and directors need not be stockholders.

In the event of a vacancy on the Board, the remaining directors may exercise the powers of the full Board until the vacancy is filled except as otherwise provided by law. Unless and until filled by stockholders, any vacancy in the Board, however occurring and including a vacancy resulting from an enlargement of the Board, may be filled by a vote of the majority of the directors then in office, even though less than a quorum, or by a sole remaining director. Any director elected to fill a vacancy is elected for the unexpired term of his or her predecessor, and a director chosen to fill a vacancy resulting from an enlargement of the Board holds office until the next annual meeting of stockholders and until the director's successor shall have been elected and qualified or until his or her earlier death, resignation or removal.

Nominees for Director

Three directors are to be elected at the Meeting. The Board of Directors, as recommended by its Compensation and Nominating Committee, has nominated each of Grant C. Bennett, Francis J. Hughes, Jr. and Daniel C. Snow, PhD for election to the Board. Each of Messrs. Bennett and Hughes and Dr. Snow is currently a director of the Company and each has consented to being named in this Proxy Statement and to serve if elected. If elected, the nominees will hold office until the next annual meeting of stockholders and until their successors are duly elected and qualified. The Board of Directors knows of no reason why such nominees should be unable or unwilling to serve, but, if such should be the case, proxies may be voted for the election of some other person or persons or for fixing the number of directors at a lesser number.

The affirmative vote of a plurality of the votes cast at the Meeting by the shares entitled to vote thereon is required to elect a director. Thus, abstentions, broker non-votes and votes withheld will not be included in the totals and will have no effect on the outcome of the vote.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR"

THE ELECTION OF THE NOMINEES.

Members of the Board of Directors, Nominees and Executive Officers

The following table sets forth the name and address of each director, nominee and executive officer of the Company, the year each current director first became a director, and the age and positions currently held by each such individual with the Company. The following table is as of the Record Date.

<u>Name and Address</u> ⁽¹⁾	<u>Year First Became a Director</u>	<u>Age</u>	<u>Positions and Offices with the Company</u>
Grant C. Bennett	1992	59	Chief Executive Officer, President and Treasurer

(1) The address of the Company's directors and executive officers is c/o CPS Technologies Corporation, 111 South Worcester Street, Norton, Massachusetts 02766.

Directors and Nominees

Grant C. Bennett. Mr. Bennett has held the positions of President, Chief Executive Officer and Treasurer of the Company, and has been a member of the Board, since September, 1992. Prior to that time, he served as Vice President, Sales and Marketing of the Company from November, 1985 to September, 1992. Before joining CPS, Mr. Bennett was a consultant at Bain & Company, a Boston-based management consulting firm. Mr. Bennett has an MS from the Massachusetts Institute of Technology.

Mr. Bennett's qualifications for election to and service on the Board of Directors include his strategic, technical and leadership experience, his financial acumen, and his deep understanding of the Company's products, clients, business

and industry.

Francis J. Hughes, Jr. Mr. Hughes has served as President of American Research and Development Corporation (“ARD”), a venture capital firm, since 1992. Mr. Hughes joined ARD’s predecessor organization in 1982, and became Chief Operating Officer of that entity in 1990. Mr. Hughes has co-founded and served as a General Partner of the following venture capital funds: ARD I, L.P. (July, 1985), ARD II, L.P. (July, 1985), ARD III, L.P. (April, 1988), Hospitality Technology Fund, L.P. (June, 1991) and Egan-Managed Capital, L.P. (February, 1997). Mr. Hughes has served as a Director of the Company since 1993. Mr. Hughes has an MS from the Massachusetts Institute of Technology and an MBA from the Harvard Business School.

Mr. Hughes’s qualifications for election to and service on the Board of Directors include his financial expertise and knowledge and his understanding of the Company’s accounting practices and general accounting principles. Mr. Hughes’s venture capital experience, particularly with respect to mentoring emerging growth companies in the high technology sector, adds another valuable perspective to the Board, as do his management and business development skills.

Daniel C. Snow, PhD. Dr. Snow has served as associate professor at the Marriott School of Management at Brigham Young University since 2009. From 2004 to 2009, he served on the faculty of the Harvard Business School. His research focuses on technological innovation, specifically furthering the understanding of the complex interplay between old and new technologies. Dr. Snow previously worked for Ford Motor Company as a financial analyst and has served as a director of the Company since 2008. Dr. Snow holds an MBA from Brigham Young University’s Marriott School of Management, and a PhD from the University of California, Berkeley.

Dr. Snow’s qualifications for election to and service on the Board of Directors include his business and management experience and his academic background and achievements. His experience as a financial analyst also enhance the ability and functioning of the Board and in particular the Audit Committee in discharging its responsibilities to assist the Board with overseeing management’s conduct of CPS’s financial reporting processes.

Executive Officers

Ralph M. Norwood. Mr. Norwood joined the Company as Chief Financial Officer in September, 2011. He came to the Company from Navigator Advisors LLC, a financial consulting company, where he had served as President since he founded the firm in 2006. From 2002 until 2005 he served as the Vice-President and Chief Financial Officer of SatCon Technology Corporation, a clean energy company headquartered in Boston, MA. Previously, he had served for over 20 years at Polaroid Corporation in various capacities including Vice-President and Treasurer, Vice-President and Controller, and Worldwide Manufacturing Controller. Mr. Norwood is a CPA and has an MBA from the Darden School at the University of Virginia.

Richard Adams. Mr. Adams joined CPS in February, 1987 as a Senior Engineer and has held various positions within the Company, becoming Chief Technical Officer and Senior Vice President in 2010. Mr. Adams has an MS from the Massachusetts Institute of Technology.

Mark Occhionero. Dr. Occhionero has served as Vice President of Marketing and Technical Sales and Senior Research Scientist since 2004. He joined CPS as a Research Scientist in October, 1985 and became a Senior Research Scientist in 1994, expanding his role to include Marketing and Technical Sales in 2001. Dr. Occhionero has a PhD from Case Western University.

Corporate Governance

Board Composition and Independence; Meetings

The Board of Directors is currently composed of three members, each of whom, with the exception of Mr. Bennett, the Board has determined is an “independent” director as that term is defined in the rules and regulations of The Nasdaq Stock Market (“Nasdaq”), including Listing Rule 5605, and Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The Company does not utilize any other definition or criteria for determining the independence of a director or nominee, and no other transactions, relationships, or other arrangements exist to the Board’s knowledge or were considered by the Board in determining any director’s or nominee’s independence.

The Board of Directors held six meetings during the fiscal year ended December 28, 2013. Each director attended 100% of the aggregate of (a) the total number of meetings of the Board of Directors he was eligible to attend, and (b) the total number of meetings of all committees of the Board of Directors on which he served that were held during the Company’s 2013 fiscal year.

Board Structure; Role in Risk Oversight

The Board currently does not have a Chairman, although Mr. Bennett acts as chair of meetings held by the Board. The Company is led by Mr. Bennett, in his capacity as President and CEO. Given the Company’s historic size and financial results, the Board has determined that neither appointing a Chairman nor designating a lead independent director is necessary or would result in significant benefits to the Company at this time.

The Board of Directors oversees the business of the Company, including management performance and risk management, to assure that the long-term interests of CPS’s stockholders are being served. The process to identify, analyze, report and manage risks has been developed informally over time and involves managers reporting to the Chief Executive Officer and Chief Financial Officer, who in turn report to the Board on the significant risks facing the Company. Each risk is discussed and quantified when possible and a plan is developed to address and mitigate identified risks. Each committee of the Board is also responsible for reviewing the risk exposure of the Company related to the committee’s areas of responsibility and providing input to management and the Board on such risks. The Audit Committee is especially critical in this process, and such committee’s responsibilities include reviewing risk management and compliance programs and consulting with management and the Board on risk identification,

measurement and mitigation.

Committees

The Board of Directors currently has two committees, the Audit Committee and the Compensation and Nominating Committee, each as described below.

Audit Committee

The Audit Committee of the Board, which consists of Mr. Hughes (Chairman) and Dr. Snow, held four meetings during fiscal year 2013. The primary purpose of the Audit Committee is to assist the Board in fulfilling its responsibility to oversee management's conduct of the Company's financial reporting processes, including the process of preparing the financial reports and other financial information CPS provides to any governmental or regulatory body, the public or other users thereof; reviewing the Company's systems of internal accounting and financial controls; overseeing the annual independent audit of its financial statements; and assessing the Company's legal compliance and ethics programs as established by management and the Board. In so doing, it is the responsibility of the Audit Committee to maintain free and open communication between the committee and the Board, the Company's independent registered public accounting firm, and management of the Company. The Audit Committee also is directly responsible for the appointment, retention, and termination of the Company's independent registered public accounting firm, which reports directly to the Audit Committee, and the work of the independent auditors. The committee further pre-approves all audit and non-audit services provided by the independent auditors.

The Audit Committee acts pursuant to the Audit Committee Charter, a copy of which is posted on the Company's website at www.alsic.com/investor-relations.html. The Audit Committee's charter requires that the committee review and reassess the charter at least annually, and requires the committee to perform an annual evaluation of its own performance to ensure it is functioning effectively.

The Board of Directors has determined that Mr. Hughes satisfies the definition of "audit committee financial expert" as promulgated by the Securities and Exchange Commission (the "Commission") by virtue of his work and educational experience as described above. Mr. Hughes is also independent under Nasdaq's listing standards for directors and Audit Committee members under Rules 5605(b) and (c).

Compensation and Nominating Committee

The Compensation and Nominating Committee of the Board of Directors (the “Compensation Committee”) consists of Dr. Snow (Chairman) and Mr. Hughes, and held two meetings during the 2013 fiscal year. This committee was originally designated as the Compensation Committee of the Board and addressed solely compensation-related matters. In March 2014, the Board expanded the committee’s responsibilities and duties to include those relating to nomination and governance matters, and adopted procedures for stockholder nominations and the desired qualifications of candidates, discussed below. As noted above, the Board has determined that each of the Compensation Committee members satisfies applicable independence requirements for directors as well as members of such committee under Nasdaq Rules 5605(d) and (e).

The primary function of the Compensation Committee is to assist the Board of Directors in discharging its responsibilities with respect to the Company’s compensation and benefit programs, the organization and membership of the Board, and corporate governance matters. The Compensation Committee’s goal is to assure that the composition, practices and operation of the Board contribute to value creation and effective representation of the Company’s stockholders, and to play a leadership role in shaping the Company’s corporate governance.

The Compensation Committee acts pursuant to the Compensation and Nominating Committee Charter, a copy of which was adopted in March 2014 and is posted on the Company’s website at www.alsic.com/investor-relations.html. The Compensation Committee’s charter requires that the committee review and reassess the adequacy of the charter annually and recommend any proposed changes to the Board for approval. The Compensation Committee must also annually evaluate its own performance.

The Board has approved policies and procedures for the Compensation Committee with respect to the nomination of candidates to the Board and any committees thereof. These policies and procedures are available on the Company’s website at www.alsic.com/investor-relations.html and are summarized below, and have not been changed since adoption in March 2014. For a greater description of the Compensation Committee’s role in evaluating and establishing compensation programs, policies and levels for the Company, see the *Compensation Discussion and Analysis* and *Compensation* sections below.

Nomination Policies and Procedures

The Compensation Committee will accept for consideration any candidate properly recommended by a stockholder; acceptance of a recommendation for consideration does not imply the Board will approve the nomination, or recommend for nomination to stockholders, the proposed candidate.

Stockholders who wish to nominate qualified candidates to serve as directors must notify the Company in writing, by notice delivered to the attention of the Secretary of the Company at the address of the Company’s executive offices, of a proposed nominee. Submissions may be by mail or personal delivery. E-mail submissions will not be considered. In order to ensure meaningful consideration of such candidates, notice must be received no later than 50 calendar days prior to the first anniversary of the date of notice given to stockholders for the prior year’s annual meeting of

stockholders.

The notice must set forth as to each proposed nominee:

- the nominee's name, age, business address and, if known, residence address,
- his or her principal occupation or employment and business experience,
- the number of shares of stock of the Company, if any, which are beneficially owned by such nominee, and any other information concerning the nominee that must be disclosed as to nominees in proxy solicitations pursuant to applicable law, including but not limited to any arrangements or agreements regarding the proposed candidate's nomination, all relationships between the proposed nominee and the recommending stockholder and the Company, and all transactions between such parties.

The notice must also set forth with respect to the stockholder giving the notice the name and address of such stockholder and the class and number of shares of the Company that are held of record, held beneficially and represented by proxy by such stockholder as of the record date for the meeting (if such date has been made publicly available) and as of the date of such notice.

Submissions received through this process will be forwarded to the Compensation Committee and Board of Directors for review. Only those submissions that comply with these procedures and those nominees who satisfy the qualifications deemed necessary for directors of the Company will be considered. Notwithstanding the foregoing, as set forth in the Company's By-laws, the Board shall not be obligated to include information as to any nominee for director in any proxy statement or other communication sent to stockholders except as required under applicable law.

When considering candidates, the Company strives to achieve a balance of knowledge, experience and accomplishment such that the Board reflects a diversity of talent, age, skill, expertise and perspective. While there are no set minimum requirements, the Compensation Committee believes a candidate should:

- reflect the highest personal and professional ethics, integrity and values,
- be committed to representing the long-term interests of CPS shareholders,
- possess superior business-related knowledge, skills and experience,
- have excelled in both academic and professional settings,
- be free of actual or potential conflicts of interest, and
- satisfy all independence criteria imposed by applicable law.

In addition to the above criteria (which may be modified from time to time), the Compensation Committee and Board may consider such other factors deemed in the best interests of the Company and its stockholders, including a candidate's current or recent experience as a senior officer, his or her business, scientific and/or engineering experience, knowledge of the end markets served by CPS, the nominee's contacts and relationships within the Company's industry, as well as his or her general ability to enhance the overall composition of the Board. The

Company does not have a formal policy with regard to the consideration of diversity when identifying and evaluating nominees; however, in recommending directors, the Compensation Committee and Board consider the specific background and experience of incumbent directors and nominees and other personal attributes to provide a diverse mix of capabilities, contributions and viewpoints that they believe enable the Board to function as effectively as possible.

Potential candidates are identified through referrals and recommendations, including by incumbent directors, management and stockholders, as well as through business and other organizational networks. The Board may retain and compensate third parties, including executive search firms, to identify or evaluate, or assist in identifying or evaluating, potential director nominees.

Current members of the Board with the requisite skills and experience are considered for re-nomination, balancing the value of the member's continuity of service and familiarity with the Company with that of obtaining a new perspective, and considering each individual's contributions, performance and level of participation, the current composition of the Board, and the Company's needs. If any existing members do not want to continue in service or if it is decided not to re-nominate a director, new candidates are identified in accordance with those skills, experience and characteristics deemed necessary for new nominees, and are evaluated based on the qualifications set forth above. In every case, the Board meets (in person or telephonically) to discuss each candidate, and may require personal interviews before final approval.

Neither the Compensation Committee nor the Board currently differentiates, and they do not intend in the future to differentiate, between or alter the manner in which candidates are evaluated based on the constituency (including stockholders) that proposed the candidate.

Stockholder Communications and Director Attendance at Annual Stockholder Meetings

The Board welcomes communications from stockholders and has adopted a procedure for receiving and addressing such communications. Any stockholder who desires to communicate with the Board, non-management directors as a group, or any individual director may send a letter addressed to the same to CPS Technologies Corporation, 111 South Worcester Street, Norton, MA 02766, Attn: Chief Financial Officer. The CFO will forward such communications directly to the addressee(s).

Recognizing that director attendance at the Company's annual meetings of stockholders can provide stockholders with an opportunity to communicate with members of the Board of Directors, it is the policy of the Board of Directors to strongly encourage, but not require, the members of the Board to attend such meetings. No annual meeting of stockholders was held in fiscal 2013.

CPS's policies regarding stockholder communications and director attendance (which may be modified from time to time) can be found on the Company's website at www.alsic.com/investor-relations.html.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's officers, directors, and persons who beneficially own more than 10% of a registered class of the Company's equity securities to file reports of ownership and changes in ownership with the Commission. Officers, directors and greater-than-10% stockholders are required by regulation to furnish the Company with copies of all Section 16(a) reports they file.

Based solely on the Company's review of the copies of such reports and any amendments thereto furnished to the Company during and with respect to the Company's 2013 fiscal year, or written representations from certain reporting persons that they were not required to file, the Company believes that during fiscal year 2013, its officers, directors, and beneficial owners of more than 10% of the Common Stock complied with all applicable Section 16(a) filing requirements.

Certain Relationships and Related Person Transactions; Legal Proceedings

There were no transactions during fiscal years 2013 or 2012, and there are no currently proposed transactions, to which the Company was or is to be a participant and in which any related person had or will have a direct or indirect material interest. There are no family relationships among the directors, executive officers or any nominee therefor, and to the Company's knowledge no arrangements or understandings exist between any director or nominee and any other person pursuant to which such director or nominee was or is to be selected as a director or executive officer.

There are no material proceedings to which a director, executive officer or nominee is a party adverse to the Company or any subsidiary or has a material interest adverse to the Company or any subsidiary, nor to the Company's knowledge are there any proceedings or events material to an evaluation of the ability or integrity of the Company's directors, nominees or executive officers.

Code of Ethics

The Company has adopted the CPS Code of Conduct, which applies to all directors, officers (including the principal executive officer, principal financial officer and treasurer) and employees. A copy of this code can be found on the Company's website at www.alsic.com/investor-relations.html.

REPORT OF THE AUDIT COMMITTEE

Our Audit Committee consists of two independent members of the Board of Directors as defined in the rules and regulations of The Nasdaq Stock Market, including Listing Rule 5605.

The primary purpose of the Audit Committee is to assist the Board in fulfilling its responsibility to oversee management's conduct of our financial reporting process, including the process of preparing the financial reports and other financial information we provide to any governmental or regulatory body, the public or other users thereof, our systems of internal accounting and financial controls, the annual independent audit of our financial statements and our legal compliance and ethics programs as established by management and the Board. Management is responsible for the preparation, presentation, and integrity of our financial statements, accounting and financial reporting principles, internal controls, and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The independent auditors are responsible for auditing our financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

The Audit Committee has reviewed and discussed the Company's audited financial statements for the fiscal year ended December 28, 2013 with management. Furthermore, the Audit Committee has discussed with Wolf & Company, P.C., our independent auditors for the fiscal year ended December 28, 2013, the matters required to be discussed by Statement on Auditing Standards No. 61, as amended. The Audit Committee has received the written disclosures and letter from Wolf & Company, P.C. required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with Wolf & Company, P.C. such firm's independence.

Based on these reviews and discussions, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 28, 2013.

COMPENSATION DISCUSSION AND ANALYSIS

As noted above, the primary role of the Compensation and Nominating Committee of the Board of Directors, comprised solely of non-employee, “independent” directors, is to assist the Board with discharging its responsibilities relating to the compensation of CPS’s employees, officers and directors, and the development and administration of the Company’s compensation and benefit programs.

The Compensation Committee operates under a written charter, which was recently adopted and is available at www.alsic.com/investor-relations.html. As set forth in the charter, the committee’s authority and responsibilities with respect to compensation include:

For executives, to assist with the development of an executive compensation program supportive of the achievement of the Company’s strategic goals and objectives, to review and approve the goals and objectives relevant to the compensation of the Chief Executive Officer of the Company, including an annual evaluation of the CEO’s performance and the establishment of the CEO’s compensation and other material terms of employment, and to review senior management team member compensation;

For directors, to annually evaluate the appropriate level and form of compensation for members of the Board and its committees, and to recommend changes to the Board when appropriate; and

For employees generally, to monitor and review all general compensation strategies and programs of the Company, including equity incentives and benefit programs.

The following discussion provides information about the Company’s compensation plans and programs generally, as well as compensation awarded to, earned by or paid to our “named executive officers” pursuant to applicable Commission rules and regulations. For additional information, please see the *Compensation* section that follows this discussion and analysis.

Compensation Philosophy and Objectives

Our primary goal is to align compensation with the Company’s business objectives and performance. Our aim is to attract, retain and reward executive officers and other key employees who contribute to our long-term success and to motivate those individuals to enhance long-term stockholder value. To establish this relationship between executive compensation and the creation of stockholder value, the Board has adopted a total compensation package comprised of base salary, bonus, and stock option awards. Key objectives of our compensation structure include:

- We intend to pay competitively with leading companies with which we compete for talent.
- We maintain annual incentive opportunities sufficient to provide motivation to achieve specific operating goals and to generate rewards that are intended to bring total compensation to competitive levels.

- We provide meaningful equity-based incentives for executives and other key employees to ensure that individuals are motivated over the long-term to respond to our business challenges and opportunities as owners and not just as employees.

Procedure

Compensation decisions are tied to the Company's fiscal year for officers, and according to seniority date for non-officer employees of the Company. For each employee, a performance evaluation is conducted by his or her supervisor, the results of which are shared with the employee. The evaluation encompasses a review of the employee's individual performance over the course of the year, and includes recognition of the achievement by CPS of its objectives and priorities. Compensation decisions are made after the results of the performance evaluations have been considered and an analysis is completed that considers the goals of market competitiveness and enhancement of stockholder value. Compensation levels at peer companies are considered as part of the process. No upward adjustment is made to an employee's compensation if the individual's performance does not merit, or if the Company's financial condition and performance do not support, such an adjustment.

The Compensation Committee does not make individual compensation decisions for non-officer employees. Rather, our Chief Executive Officer sets compensation levels and presents the aggregate information to the Compensation Committee for its information. Bonuses, if any, are typically paid in the first quarter following the employee's evaluation, and salary increases are effective the first pay period following approval.

Compensation packages for CPS's corporate officers are analyzed and discussed individually by the Compensation Committee, and decisions are made once the Compensation Committee has obtained all of the information it deems necessary. Information that is considered in making named executive officer compensation decisions may include information provided to the Compensation Committee via presentations made to the committee by the officers themselves. The Compensation Committee also considers the Company's financial condition and performance, as well as the performance, financial condition and compensation levels of peer companies. For officers, bonuses are typically paid in the first quarter of the year following the year to which the bonus relates, and salary increases are effective the first pay period following approval.

The accounting and tax treatment of compensation decisions generally have not been material factors in determining the amount and type of compensation given to executive officers, other than to balance the potential cost to the Company with the benefit or value to the executive. The tax and accounting treatment of different compensation arrangements may play a greater role in the decision-making process in the future. The effects on Section 409A of the Internal Revenue Code of 1986, as amended (the "Code") also would be considered when applicable.

The Compensation Committee has not to date employed any compensation consultants to assist it with compensation decisions, although it is authorized by its charter to do so and reserves the right to engage such consultants when and if deemed necessary or advisable. The Compensation Committee also has the authority to form, and delegate any of its responsibilities to, subcommittees as it deems appropriate, although to date it has not done so.

Compensation Components

The components of compensation provided to named executive officers (as well as non-officer employees) typically include base salary, annual discretionary bonuses, and equity incentives. Bonuses and equity incentives have historically been granted in periods during which the Company's financial performance have supported such awards; such components of compensation are not granted when the Company's operating results have not been positive and/or the recipients have not achieved specified performance milestones. The Company's operating results were depressed in fiscal 2012 due in large part to reduced demand from CPS's European customers and poor global economic conditions. Our named executive officers did not receive raises or options for the year, but were granted lump-sum bonuses in the aggregate amount of \$80,000 in recognition of their work guiding the Company through such a difficult period and positioning it for a rebound in fiscal 2013. Indeed, the Company's financial condition did improve during fiscal 2013. As a result, our named executive officers were granted bonuses in the aggregate amount of \$168,000 based on the achievement of specified corporate and individual objectives for the year, and stock options to purchase an aggregate 125,000 shares of Common Stock.

The Company's named executive officers also participate in the group benefits offered to all employees, such as medical and life insurance and a retirement savings plan.

Base Salary

Base salary levels for the Company's officers are reviewed annually and are tied to the Company's fiscal year. Among those factors taken into consideration when setting executive officer salaries are individual and corporate performance, level of responsibility, prior experience, breadth of knowledge of the industry, and competitive pay practices. Specific weight is not given to any particular factor when establishing base salaries, although most weight is typically given for individual performance. In unusual cases salaries may be reviewed more frequently if circumstances dictate.

As noted above, base salaries for our named executive officers did not change from 2012 to 2013 as a result of the slowdown in business during 2012. Officers took pay reductions midway through the 2012 fiscal year in support of the Company, which reductions were restored in the first quarter of fiscal 2013 when operating results improved.

Annual Bonuses

We believe that executive performance may be maximized through a system of incentive awards. Toward this end, the Company has established a discretionary cash incentive plan. Bonuses, when paid, are designed to tie awards to the

achievement of specified corporate and individual performance objectives; the amount of the bonus award earned depends primarily on the extent to which such performance objectives are achieved. At the beginning of each fiscal year, the Compensation Committee establishes the annual performance objectives for CPS and the specific goals for each named executive officer, along with the milestones required to be achieved at each bonus level, and shares them with each individual officer. At year-end, the committee evaluates performance and makes a determination as to whether the specified milestones have been reached. Recognition of individual performance and accomplishment is based on a subjective analysis of each individual's performance; recognition of Company performance is based on an evaluation of specified measures of corporate performance, with our recent goals focused on sales and profit targets.

Equity Incentives

As with base salary and bonus determinations, equity compensation awards are determined on an annual basis, typically in the first half of each fiscal year. An important objective of this component of compensation is to strengthen the relationship between the long-term value of the Company's stock price and the potential financial gain for employees, as well as retention of personnel. Historically the Company has awarded stock options to its employees, officers and directors as the equity component of compensation, which provide recipients the opportunity to purchase shares of our Common Stock upon vesting and become valuable only if the trading price of the Common Stock increases. The recipient is therefore motivated to remain with the Company until the options vest and motivated to improve individual performance in support of improved Company performance.

In selecting employees eligible to receive equity compensation grants (whether at the initial hire date or through periodic grants) and determining the size of such grants, a variety of factors are considered. Determination of the employees eligible to receive awards and the size of such awards is based on a subjective analysis by the Compensation Committee, with input from Mr. Bennett, of each individual's position within the Company, his or her performance, his or her growth potential and that of the Company, and awards made to similarly situated employees at CPS's peer companies. For our named executive officers, consideration has also been given in the last two years, and is expected to continue to be given, to long-term beneficial ownership goals. An informal beneficial ownership target has been established for each officer, which is intended to be achieved within a specified time period, and the Compensation Committee considers such targets – along with competitive practices at peer companies, individual performance, and seniority, among other factors – when making decisions about the size of option awards for such officers.

Equity Plans

The Board currently administers the CPS Technologies 2009 Stock Incentive Plan (the "2009 Plan"), adopted in December 2009, which provides for the grant of equity incentive compensation to officers, directors and employees, as well as consultants and advisors, of the Company. The stated purpose of the 2009 Plan is to advance the interests of the Company's stockholders by enhancing the Company's ability to attract, retain and motivate persons who are expected to make important contributions to the Company and by providing such persons with equity ownership opportunities and performance-based incentives that are intended to better align the interests of such persons with those of the Company's stockholders.

Grants of options, stock appreciation rights (“SARs”), restricted stock, restricted stock units and other stock-based awards for up to 1,500,000 shares of Common Stock are currently possible under the 2009 Plan; stockholders are being asked at the Meeting to approve an amendment to the 2009 Plan that would increase the number of authorized shares available for issuance by 1,500,000 shares to 3,000,000 shares. Determinations as to recipients, duration, price, vesting and performance requirements and other material terms of awards are made by the Board, which has the authority to delegate any or all of its powers under the plan to one or more committees of the Board, although there are specific requirements as to the price and term of certain awards depending on the award type and recipient. As of December 28, 2013, the Company had issued awards representing 1,165,105 shares, of which 1,107,905 were outstanding, and 356,895 shares were still available for awards under the 2009 Plan. If any award under the 2009 Plan expires or is terminated, surrendered or canceled without having been fully exercised or is forfeited in whole or in part (including as a result of shares subject to an award being repurchased by the Company at the original issuance price pursuant to a contractual repurchase right), or if an award results in any Common Stock not being issued (including as a result of an independent SAR that could have been settled either in cash or stock actually being settled in cash), the unused shares of Common Stock covered by such award shall again be available for grant, with certain exceptions. At the same time, any shares delivered to the Company, whether by actual delivery, attestation or net exercise, by an award recipient to purchase shares of Common Stock upon exercise or to satisfy tax withholding obligations in connection with an award are not added back to the number of shares available for future grant under the 2009 Plan.

The Board also administers the Company’s 1999 Stock Option Plan (the “1999 Plan”), although the 1999 Plan expired on January 22, 2009 and therefore no further awards can be made under such plan. Nevertheless, at December 28, 2013 options to purchase an aggregate 238,250 shares of Common Stock remained outstanding and unexercised under the 1999 Plan. Under the terms of the 1999 Plan, which authorized awards for up to 1,250,000 shares of Common Stock, all of the Company’s employees, officers, directors, consultants and advisors were eligible to be granted options, restricted stock awards, or other stock-based awards. All options outstanding under the 1999 Plan are non-statutory stock options exercisable at the fair market value of the stock on the date of grant, and expire ten years from the date of grant. The options granted to employees generally vest in equal annual installments over a five-year period. The options granted to directors generally vest one year from date of grant.

Stock options representing the right to purchase an aggregate 201,000 shares of Common Stock were granted under the 2009 Plan during fiscal year 2013 to the Company’s employees, of which options to purchase an aggregate 125,000 shares were granted to the Company’s named executive officers. The Company’s independent directors were granted options representing the right to purchase an aggregate 30,000 shares of Common Stock during the year. There were no stock option grants in fiscal year 2012 under any plan to any employee, officer or director of CPS.

Retirement, Severance, Change in Control and Similar Compensation

The Company does not offer or have in place any formal retirement, severance, change of control or similar compensation programs other than its retirement savings plan available to all eligible employees. Rather, the Company will individually negotiate with those employees for whom retirement, severance, change of control or similar compensation is deemed necessary.

Perquisites and Other Benefits

The Company generally does not provide its named executive officers with “perks” or similar types of benefits. Our named executive officers have life insurance policies for which the Company pays the premium, and the Company also matches up to a certain percentage of their contributions to the Company’s retirement savings plan if the Company’s financial condition permits. Both of these benefits are generally available to all Company employees, subject to certain limitations and restrictions. Our named executive officers, like other employees, also are entitled to participate in CPS’s employee benefit plans offering group disability insurance and medical plans.

Tax Considerations

Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to certain employees, generally the Chief Executive Officer and the four other most highly compensated executive officers. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. In fiscal 2013, no compensation paid by the Company was nondeductible as a result of the \$1,000,000 limitation. Furthermore, the Board of Directors believes that, given the general range of salaries and bonuses for executive officers of the Company, the \$1,000,000 threshold of Section 162(m) will not be reached by any executive officer of the Company in the foreseeable future. Accordingly, the Board has not formulated a policy to address non-qualifying compensation.

Say on Pay Proposals and Votes

As discussed under Proposal 4 below, stockholders will have the opportunity to cast their vote at the Meeting on the compensation of CPS’s named executive officers as described in this Proxy Statement. The advisory vote will not be binding on the Compensation Committee or the Board of Directors. However, the Compensation Committee and the Board will review the voting results and any concerns raised by stockholders will be considered when determining future compensation arrangements and making decisions about future compensation programs and practices. The Board and Compensation Committee also may consult directly with stockholders to better understand any issues and concerns.
