The Registrant's financial statements have been prepared in accordance with Canadian generally accepted accounting principles (Canadian GAAP) and reconciled to United States generally accepted accounting principles (US GAAP) - see Note 16 of the Notes to Consolidated Financial Statements of the Registrant's consolidated audited financial statements, reconciling the material differences between Canadian and US GAAP.

C. Management's Discussion and Analysis

For Management's Discussion and Analysis of the Registrant for the fiscal year ended December 31, 2006 - see Exhibit 3 of this Annual Report on Form 40-F.

DISCLOSURE CONTROLS AND PROCEDURES

As of the fiscal year ended December 31, 2006, an evaluation was carried out under the supervision, and with the participation, of the Registrant's management, including the Chief Executive Officer and Chief Financial Officer, of the effectiveness of the Registrant's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act). Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that as of the end of the fiscal year, the design and operation of these disclosure controls and procedures were effective to ensure that information required to be disclosed by the Registrant in reports it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's (SEC) rules and forms.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Management is responsible for establishing and maintaining adequate internal control over financial reporting for the Company. Management has designed such internal control over financial reporting to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with Canadian generally accepted accounting principles (GAAP), including a reconciliation to U.S. GAAP.

Because of its inherent limitations, the Company's internal control over financial reporting may not prevent or detect all possible misstatements or frauds. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with policies or procedures may deteriorate.

To evaluate the effectiveness of the Company's internal control over financial reporting, Management has used the Internal Control – Integrated Framework, which is a suitable, recognized control framework established by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Management has assessed the effectiveness of the Company's internal control over financial reporting for the fiscal year ended December 31, 2006 and concluded that such internal control over financial reporting is effective.

During the period covered by this Annual Report, no changes occurred in the Company's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

This Annual Report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the Company to provide only Management's report in this Annual Report.

CODE OF ETHICS FOR CHIEF EXECUTIVE OFFICER, CHIEF FINANCIAL OFFICER, AND OFFICERS AND DIRECTORS

TransGlobe has adopted Codes of Ethics for its Chief Executive Officer, Chief Financial Officer, directors and officers. The Company has previously filed its Codes with the SEC as part of the Company's Annual Report on Form 40-F for the fiscal year ended December 31, 2005. Shareholders may obtain a copy upon request, addressed to The Secretary, TransGlobe Energy Corporation, Suite 2500, 605 4th Avenue, S.W., Calgary, Alberta, T2P 3H5, Canada. CORPORATE GOVERNANCE GUIDELINES

The Registrant has adopted corporate governance guidelines and established committees and charters regarding such matters as, but not limited to: audit committee, director qualification standards and responsibilities, director compensation and management succession. The Company's Audit Committee Charter is included herein as Schedule C to the Company's Annual Information Form. The guidelines will be made available to any shareholder who requests them.

AUDIT COMMITTEE FINANCIAL EXPERT

The Registrant's Board of Directors has determined that it has at least one audit committee financial expert serving on its audit committee. Mr. Fred J. Dymont has been determined by the Board of TransGlobe to meet the audit committee financial expert criteria prescribed by the SEC and is independent, as that term is defined by the AMEX's listing standards applicable to the Registrant. Mr. Dymont received a Chartered Accountant designation from the Province of Ontario in 1972 and is a member of the Alberta Institute of Chartered Accountants. He has over 30 years of financial, business, executive and international management experience at several mid-size public corporations where he served as President, CEO, CFO and director. Currently, Mr. Dymont sits as a director on several other public companies. The SEC has indicated that the designation of Mr. Dymont as an audit committee financial expert does not make him an expert for any purpose, impose any duties, obligations or liability on him that are greater than those imposed on members of the Audit Committee and Board of Directors who do not carry this designation, or affect the duties, obligations or liability of any other member of the Audit Committee.

These statements involve known and unknown risks, uncertainties and other factors that may cause actual results or events to differ materially from those anticipated in such forward-looking statements. Actual operational and financial results may differ materially from TransGlobe's expectations contained in the forward-looking statements as a result of various factors, many of which are beyond the control of the Company. These factors include, but are not limited to, unforeseen changes in the rate of production from TransGlobe's oil and gas fields, changes in the price of crude oil and natural gas, adverse technical factors associated with exploration, development, production or transportation of TransGlobe's crude oil and natural gas reserves, changes or disruptions in the political or fiscal regimes in TransGlobe's areas of activity, changes in Canadian, Egyptian, Yemen or American tax, energy or other laws or regulations, changes in significant capital expenditures, delays in production starting up due to an industry shortage of skilled manpower, equipment or materials, and the cost of inflation.

The Company's actual results could differ materially from those anticipated in these forward-looking statements as a result of the risk factors set forth below and elsewhere in this Annual Report:

- volatility in market prices for oil and natural gas;
- liabilities and risks inherent in oil and natural gas operations;
- uncertainties associated with estimating reserves;
- competition for, among other things, capital, acquisitions of reserves, undeveloped lands, equipment and skilled personnel;
- incorrect assessments of the value of acquisition; and
- geological, technical, drilling and processing problems.

The Company believes that the expectations reflected in those forward looking statements are reasonable but no assurance can be given that these expectations will prove to be correct and such forward-looking statements included in, or incorporated by reference into, this Annual Report should not be unduly relied upon.
