**Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review**

Doral Energy Corp. (the Company) has determined that the accounting treatment of the assets held for sale reported in the Company's unaudited financial statements for the interim period ended April 30, 2010 to be the incorrect accounting treatment. Management has determined that under Full Cost accounting, the sale of the properties reported for the period ended April 30, 2010 does not meet the criteria for assets held for sale or discontinued operations.

Also as a result of this correction, on October 21, 2010, the management and Board of Directors of Doral Energy Corp. (the Company) concluded that the Company's unaudited financial statements for the interim period ended April 30, 2010, (the Relevant Period) should no longer be relied upon and will be restated. Correcting the above referenced accounting treatment will result in no impact to Net Income for the Relevant Period.

The Company expects to file restated financial statements for the Relevant Periods as soon as practicable. The Company expects to file its Annual Report on Form 10-K on a timely basis within the extended period set out in Rule 12b-25 of the Securities Exchange Act of 1934.

The Company's Board of Directors discussed the decision to restate the Company's financial statements for the Relevant Periods with the Company's independent registered public accounting firm, MaloneBailey, LLP.
