

HERSHA HOSPITALITY TRUST
Form 10-Q
April 30, 2019
UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549
FORM 10-Q
(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended March 31, 2019

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from ____ to ____

COMMISSION FILE NUMBER: 001-14765

HERSHA HOSPITALITY TRUST

(Exact Name of Registrant as Specified in Its Charter)

Maryland

(State or Other Jurisdiction of Incorporation or Organization)

251,811,499

(I.R.S. Employer Identification No.)

44 Hersha Drive, Harrisburg, PA

17102

(Address of Registrant's Principal Executive Offices) (Zip Code)

Registrant's telephone number, including area code: (717) 236-4400

Indicate by check mark whether the registrant (i) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (ii) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (Sec.232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer

Non-accelerated filer Small reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. Yes No

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes No

As of April 30, 2019, the number of Class A common shares of beneficial interest outstanding was 39,214,677 and there were no Class B common shares of beneficial interest outstanding.

HERSHA HOSPITALITY TRUST AND SUBSIDIARIES
CONSOLIDATED STATEMENTS OF OPERATIONS
FOR THE THREE MONTHS ENDED MARCH 31, 2019 AND 2018 [UNAUDITED]
[IN THOUSANDS, EXCEPT SHARE/UNIT AND PER SHARE AMOUNTS]

	Three Months Ended March 31,	
	2019	2018
Earnings Per Share:		
BASIC		
Loss from Continuing Operations Applicable to Common Shareholders	\$(0.34)	\$ (0.36)
DILUTED		
Loss from Continuing Operations Applicable to Common Shareholders	\$(0.34)	\$ (0.36)
Weighted Average Common Shares Outstanding:		
Basic	39,115,390	39,636,166
Diluted*	39,115,390	39,636,166

Income (Loss) allocated to noncontrolling interest in Hersha Hospitality Limited Partnership (the “Operating Partnership” or “HHLP”) has been excluded from the numerator and the Class A common shares issuable upon any redemption of the Operating Partnership’s common units of limited partnership interest (“Common Units”) and the *Operating Partnership’s vested LTIP units (“Vested LTIP Units”) have been omitted from the denominator for the purpose of computing diluted earnings per share because the effect of including these shares and units in the numerator and denominator would have no impact. In addition, potentially dilutive common shares, if any, have been excluded from the denominator if they are anti-dilutive to income (loss) applicable to common shareholders.

The following table summarizes potentially dilutive securities that have been excluded from the denominator for the purpose of computing diluted earnings per share:

	Three Months Ended March 31,	
	2019	2018
Common Units and Vested LTIP Units	3,308,612	3,104,393
Unvested Stock Awards and LTIP Units Outstanding	124,312	10,436
Contingently Issuable Share Awards	644,619	711,080
Total Potentially Dilutive Securities Excluded from the Denominator	4,077,543	3,825,909

HERSHA HOSPITALITY TRUST AND SUBSIDIARIES
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED MARCH 31, 2019 AND 2018 [UNAUDITED]
[IN THOUSANDS, EXCEPT SHARE/UNIT AND PER SHARE AMOUNTS]

NOTE 1 – BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements of Hersha Hospitality Trust (“we,” “us,” “our” or the “Company”) have been prepared in accordance with U.S. generally accepted accounting principles (“US GAAP”) for interim financial information and with the general instructions to Form 10-Q and Rule 10-01 of Regulation S-X. Accordingly, they do not include all of the information and notes required by US GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals), considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2019 are not necessarily indicative of the results that may be expected for the year ending December 31, 2019 or any future period. Accordingly, readers of these consolidated interim financial statements should refer to the Company’s audited financial statements prepared in accordance with US GAAP, and the related notes thereto, for the year ended December 31, 2018, which are included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2018, as certain footnote disclosures normally included in financial statements prepared in accordance with US GAAP have been condensed or omitted from this report pursuant to the rules of the Securities and Exchange Commission.

We are a self-administered Maryland real estate investment trust that was organized in May 1998 and completed our initial public offering in January 1999. Our common shares are traded on the New York Stock Exchange (the “NYSE”) under the symbol “HT.” We own our hotels and our investments in joint ventures through our operating partnership, Hersha Hospitality Limited Partnership (“HHLP” or “the Partnership”), for which we serve as the sole general partner. As of March 31, 2019, we owned an approximate 90.2% partnership interest in HHLP, including a 1.0% general partnership interest.

Principles of Consolidation and Presentation

The accompanying consolidated financial statements have been prepared in accordance with US GAAP and include all of our accounts as well as accounts of the Partnership, subsidiary partnerships and our wholly owned Taxable REIT Subsidiary Lessee (“TRS Lessee”). All significant inter-company amounts have been eliminated.

Consolidated properties are either wholly owned or owned less than 100% by the Partnership and are controlled by the Company as general partner of the Partnership. Properties owned in joint ventures are also consolidated if the determination is made that we are the primary beneficiary in a variable interest entity (“VIE”) or we maintain control of the asset through our voting interest in the entity.

Variable Interest Entities

We evaluate each of our investments and contractual relationships to determine whether they meet the guidelines for consolidation. To determine if we are the primary beneficiary of a VIE, we evaluate whether we have a controlling financial interest in that VIE. An enterprise is deemed to have a controlling financial interest if it has i) the power to direct the activities of a variable interest entity that most significantly impact the entity’s economic performance, and ii) the obligation to absorb losses of the VIE that could be significant to the VIE or the rights to receive benefits from the VIE that could be significant to the VIE. Control can also be demonstrated by the ability of a member to manage day-to-day operations, refinance debt and sell the assets of the partnerships without the consent of the other member

and the inability of the members to replace the managing member. Based on our examination, the following entities were determined to be VIE's: HHLP; Cindat Hersha Lessee JV, LLC; South Bay Boston, LLC; SB Partners Three Lessee, LLC; Hersha Holding RC Owner, LLC; Hersha Statutory Trust I; and Hersha Statutory Trust II. As noted, HHLP meets the criteria as a VIE. The Company's most significant asset is its investment in HHLP, and consequently, substantially all of the Company's assets and liabilities represent those assets and liabilities of HHLP. Cindat Hersha Lessee JV, LLC is a VIE that leases hotel property. The entity is consolidated by the lessors, the primary beneficiary. Our maximum exposure to losses from our investment in Cindat Hersha Lessee JV, LLC is limited to our basis in the joint venture which is \$0 as of March 31, 2019.

Also, South Bay Boston, LLC and SB Partners Three Lessee, LLC, which lease hotel property are VIE's. The entities are consolidated by the respective lessors, the primary beneficiary. Hersha Holding RC Owner, LLC is the owner entity of the Ritz Carlton Coconut Grove and is a VIE. HHLP is considered the primary beneficiary of the VIE and consolidates the joint venture with the minority owner interest presented as part of noncontrolling interest within the Consolidated Balance Sheets as of March 31, 2019. Hersha Statutory Trust I and Hersha Statutory Trust II are VIEs but HHLP is not the primary beneficiary in these entities. Accordingly, the accounts of Hersha Statutory Trust I and Hersha Statutory Trust II are not consolidated.

Noncontrolling Interest

We classify the noncontrolling interests of our common units of limited partnership interest in HHLP ("Common Units"), and Long Term Incentive Plan Units ("LTIP Units") as equity. LTIP Units are a separate class of limited partnership interest in the Operating Partnership that are convertible into Common Units under certain circumstances. The noncontrolling interest of Common Units and LTIP Units totaled \$64,808 as of March 31, 2019 and \$62,010 as of December 31, 2018. As of March 31, 2019, there were 4,279,946 Common Units and LTIP Units outstanding with a fair market value of \$73,358, based on the price per share of our common shares on the NYSE on such date. In accordance with the partnership agreement of HHLP, holders of these Common Units may redeem them for cash unless we, in our sole and absolute discretion, elect to issue common shares on a one-for-one basis in lieu of paying cash.

Net income or loss attributed to Common Units and LTIP Units is included in net income or loss but excluded from net income or loss applicable to common shareholders in the consolidated statements of operations.

On April 2, 2018, we entered into a joint venture with the party from which we acquired the Ritz-Carlton Coconut Grove, FL. By exercising an option provided to the seller in connection with our purchase of the property in 2017, our joint venture partner has a noncontrolling equity interest of 15% in the property. Hersha Holding RC Owner, LLC, the owner entity of the Ritz-Carlton Coconut Grove joint venture ("Ritz Coconut Grove"), will distribute income based on cash available for distribution which will be distributed as follows: (1) to us until we receive a cumulative return on our contributed senior common equity interest, currently at 8%, and (2) then to the owner of the noncontrolling interest until they receive a cumulative return on their contributed junior common equity interest, currently at 8%, and (3) then 75% to us and 25% to the owner of the noncontrolling interest until we both receive a cumulative return on our contributed senior common equity interest, currently at 12%, and (4) finally, any remaining operating profit shall be distributed 70% to us and 30% to the owner of the noncontrolling interest. Additionally, the noncontrolling interest in the Ritz Coconut Grove has the right to put their ownership interest to us for cash consideration at any time during the life of the venture. The balance sheets and financial results of the Ritz Coconut Grove are included in our consolidated financial statements and book value of the noncontrolling interest in the Ritz Coconut Grove is classified as temporary equity within our Consolidated Balance Sheets. The noncontrolling interest in the Ritz Coconut Grove was initially measured at fair value upon formation of the joint venture and will be subsequently measured at the greater of historical cost or the put option redemption value. For the three months ended March 31, 2019, based on the income allocation methodology described above, the noncontrolling interest in this joint venture was allocated losses of \$300, and is recorded as part of the Loss Allocated to Noncontrolling Interests line item within the Consolidated Statements of Operations. On March 31, 2019, we reclassified \$140 from Additional Paid in Capital to

Noncontrolling Joint Venture Interest to recognize the noncontrolling interest at the put option redemption value of \$2,848.

Shareholders' Equity

Terms of the Series C, Series D, and Series E Preferred Shares outstanding at March 31, 2019 and December 31, 2018 are summarized as follows:

Series	Shares Outstanding		Aggregate Liquidation Preference	Distribution Rate		Dividend Per Share Three Months Ended March 31,	
	March 31, 2019	December 31, 2018				2019	2018
Series C	3,000,000	3,000,000	\$ 75,000	6.875	%	\$0.4297	\$0.4297
Series D	7,701,700	7,701,700	\$ 192,500	6.500	%	\$0.4063	0.4063
Series E	4,001,514	4,001,514	\$ 100,000	6.500	%	\$0.4063	0.4063
Total	14,703,214	14,703,214					

In December 2018, our Board of Trustees authorized us to repurchase from time to time up to an aggregate of \$50,000 of our outstanding common shares. For the three months ended March 31, 2019, the Company repurchased 273,538 common shares for an aggregate purchase price of \$4,625. Upon repurchase by the Company, these common shares ceased to be outstanding and became authorized but unissued common shares. There is no guarantee that the Company will repurchase the entire aggregate value of shares authorized for repurchase prior to the program's expiration. The repurchase program will expire on December 31, 2019, unless extended by our Board of Trustees, at their discretion.

Revenue Recognition

On May 28, 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers, which is codified as ASC 606 and requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU replaced most existing revenue recognition guidance in U.S. GAAP. The Company has adopted the provisions of ASC 606 effective January 1, 2018, electing to utilize the modified retrospective transition method. The modified retrospective method allows for, among other things, a cumulative adjustment to opening equity upon adoption of the standard. The adoption of the provisions of ASC 606 was applied to contracts with customers using available practical expedients only for contracts with customers. The Company evaluated only those contracts with customers that did not meet the definition of a closed contract under the guidance of ASC 606 at the time of adoption. This approach resulted in no cumulative adjustment to opening equity for the Company as it relates to contracts with customers. The new revenue recognition model did not have a material impact on our hotel operating revenue.

We recognize revenue for all consolidated hotels as hotel operating revenue when earned. Revenues are recorded net of any sales or occupancy tax collected from our guests. We participate in frequent guest programs sponsored by the brand owners of our hotels and we expense the charges associated with those programs, as incurred. Hotel operating

revenues are disaggregated on the face of the consolidated statement of operations into the categories of rooms revenue, food and beverage revenue, and other to demonstrate how economic factors affect the nature, amount, timing, and uncertainty of revenue and cash flows.

Room revenue is generated through contracts with customers whereby the customers agree to pay a daily rate for right to use a hotel room. The customer is provided the room and revenue is recognized daily at the contract rate. Payment from the customer is secured at the end of the contract upon check-out by the customer from our hotel. The Company records advanced deposits when a customer or group of customers provides a deposit for a future stay at our hotels. Advanced deposits for room revenue are included in the balance of Accounts Payable, Accrued Expenses and Other Liabilities on the consolidated balance sheet. Advanced deposits are recognized as revenue at the time of the guest's stay. The Company notes no significant judgements regarding the recognition of room revenue.

FOR THE THREE MONTHS ENDED MARCH 31, 2019 AND 2018 [UNAUDITED]
[IN THOUSANDS, EXCEPT SHARE/UNIT AND PER SHARE AMOUNTS]

NOTE 1 – BASIS OF PRESENTATION (CONTINUED)

Food and beverage revenue is generated through contracts with customers whereby the customer agrees to pay a contract rate for restaurant dining services or banquet services. The Company's contract performance obligations are fulfilled at the time that the meal is provided to the customer or when the banquet facilities and related dining amenities are provided to the customer. The Company recognizes food and beverage revenue upon the fulfillment of the contract with the customer. The Company records contract liabilities in the form of advanced deposits when a customer or group of customers provides a deposit for a future banquet event at our hotels. Advanced deposits for food and beverage revenue are included in the balance of Accounts Payable, Accrued Expenses and Other Liabilities on the consolidated balance sheet. Advanced deposits for banquet services are recognized as revenue following the completion of the banquet services. The Company notes no significant judgements regarding the recognition of food and beverage revenue.

Other revenues consist primarily of fees earned for asset management services provided to hotels we own through unconsolidated joint ventures. Fees are earned as a percentage of hotel revenue and are recorded in the period earned to the extent of the noncontrolling interest ownership.

Gains from the sales of ownership interests in real estate are accounted for in accordance with the provisions of Subtopic 610-20, Other Income - Gains and Losses from the Derecognition of Nonfinancial Assets, which the Company adopted effective January 1, 2018. Our evaluation over sales of real estate is impacted by the FASB definition of a business and in substance nonfinancial assets, which have been addressed through the issuance of ASU No. 2017-01, Business Combinations (Topic 805): Clarifying the Definition of a Business, and ASU No. 2017-05, Other Income – Gains and Losses from the Derecognition of Nonfinancial Assets (Subtopic 610-20), respectively. Based on the provisions of ASU No. 2017-01 and ASU No. 2017-05, the Company expects any future sales of interests in hotel properties to likely meet the criteria for full gain recognition on sale. This treatment is not different from our historical position when selling our entire interest in hotel properties, however, this is different than the historical treatment in certain instances where the Company sold partial interests in hotel properties.

In particular, during 2016 the Company sold partial interests in seven hotel properties to a third party (“Cindat Sale”) resulting in an approximate \$81 million deferred gain based on prevailing GAAP at the time of the transaction. The Company chose to adopt the provisions of ASC 610-20 for contracts with noncustomers for all contracts and chose not to utilize any available practical expedients as it pertains to contracts with noncustomers. Accordingly, the Company's analysis included all contracts with noncustomers related to the sales, either full or partial, of our interest in hotel properties. The Company noted no changes to the recognition of gains on sales in instances whereby the Company sold 100% of our interest. The Company noted, however, that the Cindat Sale, under the provisions of ASC 610-20, would have resulted in full gain recognition at the time of the partial sale of our interest in the seven hotel properties. The impact of our adoption of the new standard resulted in a cumulative adjustment to decrease the opening balance to distributions in excess of net income, thereby increasing total shareholders' equity by \$123,228 and increase the opening balance of noncontrolling interests of \$5,793.

The table below shows the cumulative effect our adoption of ASC 610-20 had on the opening balances of on our balance sheet on January 1, 2018.

Edgar Filing: HERSHA HOSPITALITY TRUST - Form 10-Q

	Balance as Reported at December 31, 2017	Cumulative Effect of the Adoption of ASC 610-20	Balance at January 1, 2018, as Adjusted
Investment in Unconsolidated Joint Ventures	\$ 3,569	\$ 47,738	\$ 51,307
Deferred Gain on Disposition of Hotel Assets	81,284	(81,284)	—
Distributions in Excess of Net Income	(335,373)	123,228	(212,145)
Noncontrolling Interests	54,286	5,793	60,079

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED MARCH 31, 2019 AND 2018 [UNAUDITED]
[IN THOUSANDS, EXCEPT SHARE/UNIT AND PER SHARE AMOUNTS]

NOTE 1 – BASIS OF PRESENTATION (CONTINUED)

The quantitative impact of applying the prior accounting policies would have resulted in an increase of \$129,021 in the deferred gain on disposition of hotel assets, an increase of \$123,228 in distributions in excess of net income thereby decreasing shareholders' equity, and a decrease of \$5,793 in noncontrolling interests at March 31, 2019. The adoption of ASC 610-20 did not materially impact the balances in the Company's consolidated statement of operations or its consolidated statement of cash flows.

New Accounting Pronouncements

In June 2018, the FASB issued ASU No. 2018-07, Stock Compensation (Topic 718): Improvements to Nonemployee Share-Based Payment Accounting. The update will simplify several aspects of the accounting for nonemployee share-based payment transactions for acquiring goods and services from nonemployees. The amendments in this update affects all entities that enter into share-based payment transactions for acquiring goods and services from nonemployees. The Company adopted the provisions of the update effective January 1, 2019. The adoption of this update did not have a material effect on our consolidated financial statements or the disclosures of share-based payments within Note 9 to these consolidated financial statements.

In August 2017, the FASB issued ASU No. 2017-12, Derivatives and Hedging (Topic 815): Targeted Improvements to Accounting for Hedging Activities. The update will make more financial and nonfinancial hedging strategies eligible for hedge accounting, changes how companies assess hedge effectiveness, and amends the presentation and disclosure requirements for hedging transactions. The Company adopted the provisions of the update effective January 1, 2019. The adoption of this update did not have a material effect on our consolidated financial statements or the disclosures related to fair value measurements within Note 8 of these consolidated financial statements.

In January 2017, the FASB issued ASU No. 2017-01, Business Combinations (Topic 805): Clarifying the Definition of a Business, which clarifies the definition of a business as it relates to acquisitions and business combinations. The update adds further guidance that assists preparers in evaluating whether a transaction will be accounted for as an asset or a business. We expect most of our hotel property acquisitions to qualify as asset acquisitions under the standard which requires the capitalization of acquisition costs to the underlying assets. The Company expects the standard to have an impact on our financial statements in periods during which we complete significant hotel acquisitions. The Company has adopted ASU No. 2017-01 effective, January 1, 2018.

In November 2016, the FASB issued ASU No. 2016-18, Statement of Cash Flows (Topic 230), which provides guidance on the presentation of restricted cash or restricted cash equivalents within the statement of cash flows. Accordingly, amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statements of cash flows. The Company adopted this standard effective January 1, 2018. The adoption of ASU No. 2016-18 changed the presentation of the statements of cash flows for the Company and we utilized a retrospective transition method for each period presented within financial statements for periods subsequent to the date of adoption. Additionally, the Company provides a reconciliation within Note 11 of cash, cash equivalents, and restricted cash to their relative balance sheet captions.

NOTE 1 – BASIS OF PRESENTATION (CONTINUED)

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842), which provides the principles for the recognition, measurement, presentation and disclosure of leases. The accounting for lessors will remain largely unchanged from current GAAP; however, the standard requires that certain initial direct costs be expensed rather than capitalized. Under the standard, lessees apply a dual approach, classifying leases as either finance or operating leases. A lessee is required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months, regardless of their lease classification. Based on the review of our leases, we are a lessee on ground leases in certain markets, hotel equipment leases, and office space leases. The Company adopted the provisions of the update effective January 1, 2019. As a result, the Company recorded a right of use asset and corresponding lease liability of \$55,515 at January 1, 2019 for leases where we are the lessee. The Company also reclassified \$11,050 previously included in intangible assets to the right of use asset, related to purchase accounting adjustments for below market rate leases. Additionally, the Company reclassified \$19,627 previously included in accounts payable and accrued expenses to the right of use asset. This reclassification related to amounts recorded for accrued lease expense, as a result of using the straight-line rent method, and intangible liabilities derived from land leases acquired at above market lease rates. Upon adoption, the right of use asset had a weighted average useful life of 64.2 years. We are also a lessor in certain office space and retail lease agreements related to our hotels and the adoption of this ASU did not have a material impact on our accounting for leases where we are the lessor. The adoption of this ASU did not impact revenue recognition policies for the Company. See Note 6 to these consolidated financial statements for further lease disclosures.

NOTE 2 - INVESTMENT IN HOTEL PROPERTIES

Investment in hotel properties consists of the following at March 31, 2019 and December 31, 2018:

	March 31, 2019	December 31, 2018
Land	\$518,243	\$ 518,243
Buildings and Improvements	1,692,609	1,688,459
Furniture, Fixtures and Equipment	281,663	278,098
Construction in Progress	3,881	3,804
	2,496,396	2,488,604
Less Accumulated Depreciation	(485,821)	(461,945)

Total Investment in Hotel Properties * \$2,010,575 \$2,026,659

* The net book value of investment in hotel property at Ritz Coconut Grove, which is a variable interest entity, is \$45,535 and \$44,875 at March 31, 2019 and December 31, 2018, respectively.

Acquisitions

For the three months ended March 31, 2019, we acquired no hotel properties.

Hotel Dispositions

For the three months ended March 31, 2019, we disposed of no hotel properties.

 [IN THOUSANDS, EXCEPT SHARE/UNIT AND PER SHARE AMOUNTS]

NOTE 3 - INVESTMENT IN UNCONSOLIDATED JOINT VENTURES

As of March 31, 2019 and December 31, 2018, our investment in unconsolidated joint ventures consisted of the following:

Joint Venture	Hotel Properties	Percent Owned	March 31, December 31,	
			2019	2018
SB Partners, LLC	Holiday Inn Express, South Boston, MA	50.0 %	\$ —	\$ 1,125
Hiren Boston, LLC	Courtyard by Marriott, South Boston, MA	50.0 %	1,702	1,879
Cindat Hersha Owner JV, LLC	Hilton and IHG branded hotels in NYC	31.2 %	—	—
SB Partners Three, LLC	Home2 Suites, South Boston, MA	50.0 %	983	1,000
			\$ 2,685	\$ 4,004

On September 27, 2018, we entered into a joint venture agreement with JHM SB Three Member, LLC which will own a Home2 Suites located in South Boston, MA. Each partner will have a 50% interest of this asset, which is currently under development and is expected to open in 2020. At the onset of the agreement, each partner contributed \$1,000 and any additional contributions will be made equally by each party until construction financing commences.

During the three months ended March 31, 2019, we received a distribution of \$1,500 from SB Partners, LLC. This distribution exceeded our accounting basis in this joint venture resulting in a \$0 investment balance as of March 31, 2019.

Income/Loss Allocation

Cindat Hersha Owner JV, LLC cash available for distribution will be distributed to (1) Cindat until they receive a return on their contributed \$142,000 senior common equity interest, currently at 9.5%, and (2) then to us until we receive an 8% return on our contributed \$64,357 junior common equity interest. Any cash available for distribution remaining will be split 31.2% to us and 68.8% to Cindat. Cindat's senior common equity return is reduced by 0.5% annually for 4 years following the closing until it is set at a rate of 8% for the remainder of the life of the joint venture.

As of March 31, 2019, based on the income allocation methodology described above, the Company has absorbed cumulative losses equal to our accounting basis in the joint venture resulting in a \$0 investment balance in the table above, however, we currently maintain a positive equity balance within the venture. This difference is due to difference in our basis inside the venture versus our basis outside of the venture, which is explained later in this note.

For SB Partners, LLC, Hiren Boston, LLC, and SB Partners Three, LLC, income or loss is allocated to us and our joint venture partners consistent with the allocation of cash distributions in accordance with the joint venture agreements. This results in an income allocation consistent with our percentage of ownership interests.

Any difference between the carrying amount of any of our investments noted above and the underlying equity in net assets is amortized over the expected useful lives of the properties and other intangible assets.

Income (loss) recognized during the three months ended March 31, 2019 and 2018, for our investments in unconsolidated joint ventures is as follows:

17

NOTE 3 – INVESTMENT IN UNCONSOLIDATED JOINT VENTURES (CONTINUED)

Statements of Operations

	Three Months	
	Ended March 31,	
	2019	2018
Room Revenue	\$16,350	\$16,732
Other Revenue	621	460
Operating Expenses	(10,031)	(10,157)
Lease Expense	(200)	(164)
Property Taxes and Insurance	(3,051)	(2,911)
General and Administrative	(1,207)	(1,125)
Depreciation and Amortization	(3,660)	(3,178)
Interest Expense	(7,147)	(5,737)
Loss on Debt Extinguishment	—	(7,284)
Net Loss	\$(8,325)	\$(13,364)

The following table is a reconciliation of our share in the unconsolidated joint ventures' equity to our investment in the unconsolidated joint ventures as presented on our balance sheets as of March 31, 2019 and December 31, 2018.

	March 31, December 31,	
	2019	2018
Our share of equity recorded on the joint ventures' financial statements	\$ 3,048	\$ 15,554
Adjustment to reconcile our share of equity recorded on the joint ventures' financial statements to our investment in unconsolidated joint ventures ⁽¹⁾	(363)	(11,550)
Investment in Unconsolidated Joint Ventures	\$ 2,685	\$ 4,004

(1) Adjustment to reconcile our share of equity recorded on the joint ventures' financial statements to our investment in unconsolidated joint ventures consists of the following:

- the difference between our basis in the investment in joint ventures and the equity recorded on the joint ventures' financial statements;
- accumulated amortization of our equity in joint ventures that reflects the difference in our portion of the fair value of joint ventures' assets on the date of our investment when compared to the carrying value of the assets recorded on the joint ventures' financial statements (this excess or deficit investment is amortized over the life of the properties, and the amortization is included in Income (Loss) from Unconsolidated Joint Venture Investments on our consolidated statement of operations); and
- cumulative impairment of our investment in joint ventures not reflected on the joint ventures' financial statements, if any.

 [IN THOUSANDS, EXCEPT SHARE/UNIT AND PER SHARE AMOUNTS]

NOTE 4 - OTHER ASSETS

Other Assets

Other Assets consisted of the following at March 31, 2019 and December 31, 2018:

	March 31, December 31,	
	2019	2018
Derivative Asset	\$ 3,027	\$ 5,307
Deferred Financing Costs	1,716	1,845
Prepaid Expenses	10,784	10,695
Investment in Statutory Trusts	1,548	1,548
Investment in Non-Hotel Property and Inventories	3,485	3,349
Deposits with Unaffiliated Third Parties	2,751	2,866
Deferred Tax Asset, Net of Valuation Allowance of \$497	16,337	11,078
Other	3,301	3,317
	\$ 42,949	\$ 40,005

Derivative Asset – This category represents the Company’s gross asset fair value of interest rate swaps and interest rate caps. Any swaps and caps resulting in a liability to the Company are accounted for separately within Other Liabilities on the Balance Sheet.

Deferred Financing Costs – This category represents financing costs paid by the Company to establish our Line of Credit. These costs have been capitalized and will amortize to interest expense over the life of the Line of Credit.

Prepaid Expenses – Prepaid expenses include amounts paid for property tax, insurance and other expenditures that will be expensed in the next twelve months.

Investment in Statutory Trusts – We have an investment in the common stock of Hersha Statutory Trust I and Hersha Statutory Trust II. Our investment is accounted for under the equity method.

Investment in Non-Hotel Property and Inventories – This category represents the costs paid and capitalized by the Company for items such as office leasehold improvements, furniture and equipment, and property inventories.

Deposits with Unaffiliated Third Parties – These deposits represent deposits made by the Company with unaffiliated third parties for items such as lease security deposits, utility deposits, and deposits with unaffiliated third party management companies.

Deferred Tax Asset – We have approximately \$16,337 of net deferred tax assets as of March 31, 2019. We have considered various factors, including future reversals of existing taxable temporary differences, future projected taxable income and tax planning strategies in determining a valuation allowance for our deferred tax assets, and we believe that it is more likely than not that we will be able to realize the \$16,337 of net deferred tax assets in the future.

 FOR THE THREE MONTHS ENDED MARCH 31, 2019 AND 2018 [UNAUDITED]
 [IN THOUSANDS, EXCEPT SHARE/UNIT AND PER SHARE AMOUNTS]

NOTE 5 - DEBT

Mortgages

Mortgages payable at March 31, 2019 and December 31, 2018 consisted of the following:

	March 31, 2019	December 31, 2018
Mortgage Indebtedness	\$334,430	\$ 334,897
Net Unamortized Premium	1,182	1,304
Net Unamortized Deferred Financing Costs	(1,814)	(2,056)
Mortgages Payable	\$333,798	\$ 334,145

Net Unamortized Deferred Financing Costs associated with entering into mortgage indebtedness are deferred and amortized over the life of the mortgages. Net Unamortized Premiums are also amortized over the remaining life of the loans.

Mortgage indebtedness balances are subject to fixed and variable interest rates, which ranged from 4.40% to 6.30% as of March 31, 2019. Aggregate interest expense incurred under the mortgage loans payable totaled \$3,990 and \$3,419 during the three months ended March 31, 2019 and 2018, respectively.

Our mortgage indebtedness contains various financial and non-financial covenants customarily found in secured, non-recourse financing arrangements. Our mortgage loans payable typically require that specified debt service coverage ratios be maintained with respect to the financed properties before we can exercise certain rights under the loan agreements relating to such properties. If the specified criteria are not satisfied, the lender may be able to escrow cash flow generated by the property securing the applicable mortgage loan. We have determined that all debt covenants contained in the loan agreements securing our consolidated hotel properties were met as of March 31, 2019.

As of March 31, 2019, the maturity dates for the outstanding mortgage loans ranged from June 2019 to September 2025. The Company will be refinancing loans maturing within a year of March 31, 2019 into new property-specific mortgage debt on or before the respective loan maturity dates.

Unsecured Notes Payable

We have two junior subordinated notes payable in the aggregate amount of \$51,548 to the Hersha Statutory Trusts pursuant to indenture agreements which will mature on July 30, 2035, but may be redeemed at our option, in whole or in part, prior to maturity in accordance with the provisions of the indenture agreements. The \$25,774 of notes issued to each of Hersha Statutory Trust I and Hersha Statutory Trust II bear interest at a variable rate of LIBOR plus 3% per annum. This rate resets two business days prior to each quarterly payment. The face value of the notes payable is offset by \$851 and \$864 as of March 31, 2019 and December 31, 2018, respectively, in net deferred financing costs incurred as a result of entering into these indentures. The deferred financing costs are amortized over the life of the notes payable. The weighted average interest rate on our two junior subordinated notes payable was 5.68% and 4.64%

during the three months ended March 31, 2019 and 2018, respectively. Interest expense on Unsecured Notes Payable in the amount of \$731 and \$614 was recorded for the three months ended March 31, 2019 and 2018, respectively.

NOTE 5 - DEBT (CONTINUED)

Credit Facilities

We maintain three unsecured credit agreements which aggregate to \$950,900 with Citigroup Global Markets Inc., Wells Fargo Bank, Inc. and various other lenders. Our credit facility provides for a \$457,000 senior unsecured credit facility ("Credit Facility"). The Credit Facility consists of a \$250,000 senior unsecured revolving line of credit ("Line of Credit") and a \$207,000 senior unsecured term loan ("First Term Loan"). The Credit Facility expires on August 1, 2022, and, provided no event of default has occurred, we may request that the lenders renew the credit facility for an additional one- year period. The Credit Facility is also expandable to \$857,000 at our request, subject to the satisfaction of certain conditions.

We maintain another credit agreement which provides for a \$300,000 senior unsecured term loan agreement ("Second Term Loan") and expires on August 10, 2020.

A separate credit agreement provides for a \$193,900 senior unsecured term loan agreement ("Third Term Loan") and expires on August 2, 2021.

The amount that we can borrow at any given time under our Line of Credit, and the individual term loans (each a "Term Loan" and together the "Term Loans") is governed by certain operating metrics of designated unencumbered hotel properties known as borrowing base assets. As of March 31, 2019, the following hotel properties were borrowing base assets:

- Courtyard, Brookline, MA
- Holiday Inn Express, Cambridge, MA
- Envoy Hotel, Boston, MA
- The Boxer, Boston, MA
- Hampton Inn, Seaport, NY
- The Duane Street Hotel, NY
- NU Hotel, Brooklyn, NY
- Holiday Inn Express, 29th Street, NY
- The Gate JFK Airport, New York, NY
- Hilton Garden Inn, JFK Airport, New York, NY
- Hyatt House White Plains, NY
- Sheraton, Wilmington South, DE
- Hampton Inn, Philadelphia, PA
- The Rittenhouse, Philadelphia, PA
- Mystic Marriott Hotel & Spa, Groton, CT
- Hampton Inn, Washington, DC
- Ritz Carlton, Washington, DC
- Hilton Garden Inn, M Street, Washington, DC
- Residence Inn, Coconut Grove, FL
- The Winter Haven, Miami, FL
- The Blue Moon, Miami, FL
- The Cadillac Hotel and Beach Club, Miami, FL
- The Parrot Key Hotel & Resort, Key West, FL
- TownePlace Suites, Sunnyvale, CA
- The Ambrose Hotel, Santa Monica, CA
- Courtyard, San Diego, CA
- The Pan Pacific Hotel, Seattle, WA
- The Westin, Philadelphia, PA

NOTE 5 - DEBT (CONTINUED)

The interest rate for borrowings under the Line of Credit and Term Loans are based on a pricing grid with a range of one month U.S. LIBOR plus a spread. The following table summarizes the balances outstanding and interest rate spread for each borrowing:

Borrowing	Spread	Outstanding Balance	
		March 31, 2019	December 31, 2018
Line of Credit	1.50% to 2.25%	\$37,000	\$ 10,000
Unsecured Term Loan:			
First Term Loan	1.45% to 2.20%	\$207,000	\$ 207,000
Second Term Loan	1.50% to 2.25%	300,000	300,000
Third Term Loan	1.45% to 2.20%	193,900	193,900
Deferred Loan Costs		(2,532)	(2,698)
Total Unsecured Term Loan		\$698,368	\$ 698,202

The Credit Facility and the Term Loans include certain financial covenants and require that we maintain: (1) a minimum tangible net worth (calculated as total assets, plus accumulated depreciation, less total liabilities, intangibles and other defined adjustments) of \$1,075,000, plus an amount equal to 75% of the net cash proceeds of all issuances and primary sales of equity interests of the parent guarantor or any of its subsidiaries consummated following the closing date; (2) annual distributions not to exceed 95% of adjusted funds from operations; and (3) certain financial ratios, including the following:

- a fixed charge coverage ratio of not less than 1.50 to 1.00;
- a maximum leverage ratio of not more than 60%; and
- a maximum secured debt leverage ratio of 45%.

The Company is in compliance with all of the covenants as of March 31, 2019.

The Company recorded interest expense of \$8,636 and \$7,112 related to borrowings drawn on the Credit Facility and Term Loans for the three months ended March 31, 2019 and 2018, respectively. The weighted average interest rate, inclusive of the effect of derivative instruments, on the Credit Facility and Term Loans was 4.12% and 3.66% for the three months ended March 31, 2019 and 2018, respectively.

Capitalized Interest

We utilize cash, mortgage debt and our Line of Credit to finance on-going capital improvement projects at our hotels. Interest incurred on mortgages and the Line of Credit that relates to our capital improvement projects is capitalized through the date when the assets are placed in service. For the three months ended March 31, 2019 and 2018, we capitalized \$37 and \$98 of interest expense to ongoing capital improvement projects, respectively.

Deferred Financing Costs

As noted above, costs associated with entering into mortgages, notes payable and our credit facilities are deferred and amortized over the life of the debt instruments. The deferred costs related to mortgages and term loans and unsecured notes payable are presented as reductions in the respective debt balances. Amortization of deferred costs for the three months ended March 31, 2019 and 2018 was \$574 and \$429, respectively.

NOTE 5 - DEBT (CONTINUED)

New Debt/Refinance

On January 31, 2018, we refinanced the outstanding mortgage debt with an original principal balance of \$25,000 secured by the Capitol Hill Hotel, Washington, D.C. The loan was due to mature on January 31, 2018, but will now mature on January 31, 2021.

On April 13, 2018, we entered into a mortgage debt with a principal balance of \$28,000 secured by the Annapolis Waterfront Hotel, Annapolis, MD. The loan bears interest at a variable rate of one month U.S. dollar LIBOR plus 2.65% and matures in April 2024. Concurrently, we entered into an interest rate cap which effectively caps LIBOR at 3.35%, limiting the interest rate to not exceed 6.00% per annum until May 2021.

NOTE 6 – LEASES

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842), which provides the principles for the recognition, measurement, presentation and disclosure of leases. The Company adopted the provisions of the update effective January 1, 2019. We elected the modified retrospective transition method upon adoption, which resulted in no cumulative-effect adjustment to the balance of opening retained earnings. As part of our adoption, we elected to utilize the package of practical expedients which allowed us to not reassess existing contracts for embedded leases and not reassess the classification of existing leases. As a result of our adoption, the Company recorded a lease liability and corresponding right of use asset of \$55,515 at January 1, 2019 for leases where we are the lessee. Our most significant leases are land leases. We own five hotels within our consolidated portfolio of hotels where we do not own the land on which the hotels reside, rather we lease the land from an unrelated third-party lessor. All of our land leases are classified as operating leases and have initial terms, with extension options that range from May 2062 to October 2103. Based on the nature of these leases, the Company assumed that all extension options would be fully executed. For land leases that include variable payments, those include payments that are tied to an index such as the consumer price index or include rental payments based partially on the hotel revenues. Two additional office space lease are also factored into the lease liability and are classified as operating leases with terms ranging from January 2022 to December 2027. For office space leases that include variable payments, those include payments for the Company's proportionate share of the building's property taxes, insurance, and common area maintenance.

The Company applied judgments related to the determination of the discount rates used to calculate the lease liability upon adoption at January 1, 2019. Since the discount rate implicit in the leases could not be readily determinable, we had to calculate our incremental borrowing rate as defined by ASC Topic 842. In order to calculate our incremental borrowing rate, the Company utilized judgments and estimates regarding the Company's market credit rating, comparable market bond yield curve, and adjustments to market yield curves to determine a securitized rate.

We are also a lessor in certain office space and retail lease agreements related to our hotels and the adoption of this ASU did not have a material impact on our accounting for leases where we are the lessor. The adoption of this ASU did not impact revenue recognition policies for the Company.

The components of lease costs for the three months ended March 31, 2019 were as follows:

	Three Months Ended March 31, 2019		
	Ground Lease	Office Lease	Total
Operating lease costs	\$973	\$ 121	\$ 1,094
Variable lease costs	137	71	207
Total lease costs	\$1,110	\$ 192	\$ 1,301

Other information related to leases as of and for the three months ended March 31, 2019 is as follows:

	March 31, 2019
Cash paid from operating cash flow for operating leases	\$ 1,171

Edgar Filing: HERSHA HOSPITALITY TRUST - Form 10-Q

Weighted average remaining lease term	64.2
Weighted average discount rate	7.85 %

NOTE 6 – LEASES (CONTINUED)

Payments against lease liabilities are as follows:

	Amount
April 1, 2019 to December 31, 2019	\$3,441
2020	4,638
2021	4,705
2022	4,167
2023	4,149
Thereafter	270,978
Total undiscounted lease payments	292,078
Less imputed interest	(237,066)
Total lease liabilities	\$55,012

Future minimum lease payments (without reflecting future applicable Consumer Price Index increases) under these agreements as of December 31, 2018 are as follows:

Year Ending December 31,	Amount
2019	\$4,585
2020	4,638
2021	4,705
2022	4,167
2023	4,149
Thereafter	270,978
	\$293,222

NOTE 7 – COMMITMENTS AND CONTINGENCIES AND RELATED PARTY TRANSACTIONS

Management Agreements

Our wholly-owned TRS, 44 New England Management Company, and certain of our joint venture entities engage eligible independent contractors in accordance with the requirements for qualification as a REIT under the Internal Revenue Code of 1986, as amended, including Hersha Hospitality Management Limited Partnership (“HHMLP”), as the property managers for hotels it leases from us pursuant to management agreements. HHMLP is owned, in part, by certain executives and trustees of the Company. Our management agreements with HHMLP provide for five-year terms and are subject to early termination upon the occurrence of defaults and certain other events described therein. As required under the REIT qualification rules, HHMLP must qualify as an “eligible independent contractor” during the term of the management agreements. Under the management agreements, HHMLP generally pays the operating expenses of our hotels. All operating expenses or other expenses incurred by HHMLP in performing its authorized duties are reimbursed or borne by our TRS to the extent the operating expenses or other expenses are incurred within the limits of the applicable approved hotel operating budget. HHMLP is not obligated to advance any of its own funds for operating expenses of a hotel or to incur any liability in connection with operating a hotel. Management agreements with other unaffiliated hotel management companies have similar terms.

For its services, HHMLP receives a base management fee and, if a hotel exceeds certain thresholds, an incentive management fee. The base management fee for a hotel is due monthly and is equal to 3% of gross revenues associated with each hotel managed for the related month. The incentive management fee, if any, for a hotel is due annually in arrears on the ninetieth day following the end of each fiscal year and is based upon the financial performance of the hotels. For the three months ended March 31, 2019 and 2018, base management fees incurred from HHMLP totaled \$2,993 and \$2,592, respectively, and are recorded as Hotel Operating Expenses. For the three months ended March 31, 2019 and 2018, we did not incur incentive management fees.

Franchise Agreements

Our branded hotel properties are operated under franchise agreements assumed by the hotel property lessee. The franchise agreements have 10 to 20 year terms, but may be terminated by either the franchisee or franchisor on certain anniversary dates specified in the agreements. The franchise agreements require annual payments for franchise royalties, reservation, and advertising services, and such payments are based upon percentages of gross room revenue. These payments are paid by the hotels and charged to expense as incurred. Franchise fee expenses for the three months ended March 31, 2019 and 2018 were \$4,975 and \$4,665, respectively, and are recorded in Hotel Operating Expenses. The initial fees incurred to enter into the franchise agreements are amortized over the life of the franchise agreements.

Accounting and Information Technology Fees

Each of the wholly-owned hotels and consolidated joint venture hotel properties managed by HHMLP incurs a monthly accounting and information technology fee. Monthly fees for accounting services are between \$2 and \$3 per property and monthly information technology fees range from \$1 to \$2 per property. For the three months ended March 31, 2019 and 2018, the Company incurred accounting fees of \$315 and \$296, respectively. For the three

months ended March 31, 2019 and 2018, the Company incurred information technology fees of \$102 and \$95, respectively. Accounting fees and information technology fees are included in Hotel Operating Expenses.

Capital Expenditure Fees

HHMLP charges a 5% fee on certain capital expenditures and pending renovation projects at the properties as compensation for procurement services related to capital expenditures and for project management of renovation projects. For the three months ended March 31, 2019 and 2018, we incurred fees of \$524 and \$512, respectively, which were capitalized with the cost of capital expenditures.

[IN THOUSANDS, EXCEPT SHARE/UNIT AND PER SHARE AMOUNTS]

NOTE 7 – COMMITMENTS AND CONTINGENCIES AND RELATED PARTY TRANSACTIONS (CONTINUED)

Acquisitions from Affiliates

We have entered into an option agreement with certain of our officers and trustees such that we obtain a right of first refusal to purchase any hotel owned or developed in the future by these individuals or entities controlled by them at fair market value. This right of first refusal would apply to each party until one year after such party ceases to be an officer or trustee of the Company. Our Acquisition Committee of the Board of Trustees is comprised solely of independent trustees, and the purchase prices and all material terms of the purchase of hotels from related parties are approved by the Acquisition Committee.

Hotel Supplies

For the three months ended March 31, 2019 and 2018, we incurred charges for hotel supplies of \$134 and \$67, respectively. For the three months ended March 31, 2019 and 2018, we incurred charges for capital expenditure purchases of \$535 and \$498, respectively. These purchases were made from Hersha Purchasing and Design, a hotel supply company owned, in part, by certain executives and trustees of the Company. Hotel supplies are expensed and included in Hotel Operating Expenses on our consolidated statements of operations, and capital expenditure purchases are included in investment in hotel properties on our consolidated balance sheets. Approximately \$1 and \$0 is included in accounts payable at March 31, 2019 and December 31, 2018, respectively.

Restaurant Lease Agreements with Independent Restaurant Group

The Company enters into lease agreements with a number of restaurant management companies for the lease of restaurants located within our hotels. Subsequent to December 31, 2018, the Company entered into lease agreements with Independent Restaurant Group (“IRG”) for restaurants at two of its hotel properties. Certain executive officers and/or trustees of the Company, collectively own a 70.0% interest in IRG. The Company’s restaurant lease agreements with IRG generally provide for five-year terms and the payment of base rents and percentage rents, which are based on IRG’s revenue in excess of defined thresholds. Aggregate minimum rents due under the two leases range between \$323 and \$450 per annum over the initial five-year term. Percentage rents range between 5% and 15% of IRG’s revenues in excess of defined thresholds. The base rents are due monthly and percentages rents owed, if any, are due quarterly. The restaurant leases are subject to early termination upon the occurrence of defaults and certain other events described therein. Restaurant lease agreements with other unaffiliated restaurant management companies have similar terms.

Due From Related Parties

The due from related parties balance as of March 31, 2019 and December 31, 2018 was approximately \$5,951 and \$3,294, respectively. The balances primarily consisted of working capital deposits made to HHMLP and other entities owned, in part, by certain executives and trustees of the Company.

Due to Related Parties

The balance due to related parties as of March 31, 2019 and December 31, 2018 was \$0.

NOTE 8 – FAIR VALUE MEASUREMENTS AND DERIVATIVE INSTRUMENTS

Fair Value Measurements

Our determination of fair value measurements are based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, we utilize a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access. Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset or liability (other than quoted prices), such as interest rates, foreign exchange rates and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs for the asset or liabilities, which are typically based on an entity's own assumptions, as there is little, if any, related market activity. In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

As of March 31, 2019, the Company's derivative instruments represented the only financial instruments measured at fair value. Currently, the Company uses derivative instruments, such as interest rate swaps and caps, to manage its interest rate risk. The valuation of these instruments is determined using widely accepted valuation techniques, including discounted cash flow analysis on the expected cash flows of each derivative. This analysis reflects the contractual terms of the derivatives, including the period to maturity, and uses observable market-based inputs.

We incorporate credit valuation adjustments to appropriately reflect both our own nonperformance risk and the respective counter-party's nonperformance risk in the fair value measurements. In adjusting the fair value of its derivative contracts for the effect of nonperformance risk, we have considered the impact of netting and any applicable credit enhancements, such as collateral postings, thresholds, mutual puts and guarantees.

Although we have determined that the majority of the inputs used to value our derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with our derivatives utilize Level 3 inputs, such as estimates of current credit spreads, to evaluate the likelihood of default by us and the counter-parties. However, as of March 31, 2019 we have assessed the significance of the effect of the credit valuation adjustments on the overall valuation of our derivative positions and have determined that the credit valuation adjustments are not significant to the overall valuation of our derivatives. As a result, we have determined that our derivative valuations in their entirety are classified in Level 2 of the fair value hierarchy.

NOTE 8 – FAIR VALUE MEASUREMENTS AND DERIVATIVE INSTRUMENTS (CONTINUED)

Derivative Instruments

The Company's objective in using derivatives is to add stability to interest expense and to manage its exposure to interest rate movements. To accomplish this objective, the Company primarily uses interest rate swaps and interest rate caps as part of its cash flow hedging strategy. Interest rate swaps designated as cash flow hedges involve the receipt of variable-rate amounts in exchange for fixed-rate payments over the life of the agreements without exchange of the underlying principal amount. Interest rate caps designated as cash flow hedges limit the Company's exposure to increased cash payments due to increases in variable interest rates. The table on the following page presents our derivative instruments as of March 31, 2019 and December 31, 2018.

Hedged Debt	Type	Strike Rate	Index	Effective Date	Derivative Contract Maturity Date	Notional Amount	Estimated Fair Value Asset / (Liability) Balance	
							March 31, 2019	December 31, 2018
Term Loan Instruments:								
Unsecured Credit Facility	Swap	1.011%	1-Month LIBOR + 2.20%	November 3, 2016	October 3, 2019	\$ 150,000	\$ 1,127	\$ 1,741
Unsecured Credit Facility	Swap	1.694%	1-Month LIBOR + 2.20%	April 3, 2017	October 3, 2019	50,000	198	320
Unsecured Credit Facility (1)	Swap	1.866%	1-Month LIBOR + 2.25%	August 10, 2017	August 10, 2020	300,000	1,071	2,287
Unsecured Credit Facility	Swap	2.654%	1-Month LIBOR + 2.20%	January 10, 2019	January 10, 2021	103,500	(671)	(314)
Unsecured Credit Facility	Swap	2.654%	1-Month LIBOR + 2.20%	January 10, 2019	January 10, 2021	103,500	(671)	(315)
Mortgages:								
Hyatt, Union Square, New York, NY	Cap	3.000%	1-Month LIBOR + 2.30%	June 10, 2015	June 10, 2019	55,750	—	—
Hilton Garden Inn 52nd Street, New	Swap	1.600%	1-Month LIBOR +	February 24, 2017	February 24, 2020	44,325	322	479

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED MARCH 31, 2019 AND 2018 [UNAUDITED]
[IN THOUSANDS, EXCEPT SHARE/UNIT AND PER SHARE AMOUNTS]

NOTE 8 – FAIR VALUE MEASUREMENTS AND DERIVATIVE INSTRUMENTS (CONTINUED)

The fair value of swaps and our interest rate caps with a positive balance is included in other assets at March 31, 2019 and December 31, 2018. The fair value of our interest rate swaps with a negative balance is included in accounts payable, accrued expenses and other liabilities at March 31, 2019 and December 31, 2018.

The net change in fair value of derivative instruments designated as cash flow hedges was a loss of \$2,921 and a gain of \$3,632 for the three months ended March 31, 2019 and 2018, respectively.

Amounts reported in accumulated other comprehensive income related to derivatives will be reclassified to interest expense as interest payments are made on the Company's variable-rate derivatives. The change in net unrealized gains/losses on cash flow hedges reflects a reclassification of \$1,141 and \$275, of net unrealized gains/losses from accumulated other comprehensive income as an increase/decrease to interest expense for the three months ended March 31, 2019 and 2018, respectively. For the next twelve months ending March 31, 2020, we estimate that an additional \$2,167 will be reclassified as a decrease to interest expense.

Fair Value of Debt

We estimate the fair value of our fixed rate debt and the credit spreads over variable market rates on our variable rate debt by discounting the future cash flows of each instrument at estimated market rates or credit spreads consistent with the maturity of the debt obligation with similar credit policies. Credit spreads take into consideration general market conditions and maturity. The inputs utilized in estimating the fair value of debt are classified in Level 2 of the fair value hierarchy. As of March 31, 2019, the carrying value and estimated fair value of our debt were \$1,119,863 and \$1,110,634 respectively. As of December 31, 2018, the carrying value and estimated fair value of our debt were \$1,093,031 and \$1,082,485, respectively.

NOTE 9 – SHARE BASED PAYMENTS

We measure the cost of employee service received in exchange for an award of equity instruments based on the grant-date fair value of the award. The compensation cost is amortized on a straight line basis over the period during which an employee is required to provide service in exchange for the award. The compensation cost related to performance awards that are contingent upon market-based criteria being met is recorded at the fair value of the award on the date of the grant and amortized over the performance period.

The Company established and our shareholders approved the Hersha Hospitality Trust 2012 Equity Incentive Plan, as amended, (the “2012 Plan”) for the purpose of attracting and retaining executive officers, employees, trustees and other persons and entities that provide services to the Company.

Executives

In its continuous effort to implement executive compensation strategies that further align the interests of the Company’s executives with those of shareholders, the Compensation Committee comprehensively redesigned the executive compensation programs for 2019. Prior to 2019, executives participated in the Annual Cash Incentive Program (“ACIP”), the Annual Long Term Equity Incentive Program (“Annual EIP”), and the Multi-Year Long Term Equity Incentive Program (“Multi-Year EIP”). Beginning in 2019, executives will participate in the Short Term Incentive Program (“STIP”) and the Long-Term Incentive Program (“LTIP”), eliminating the legacy compensation programs.

Short Term Incentive Program

On March 6, 2019, the Compensation Committee approved the 2019 STIP for the executive officers, pursuant to which the executive officers are eligible to earn cash and equity awards in the form of stock awards, LTIP Units, or performance share awards issuable pursuant to the 2012 Plan. Awards are earned under the 2019 STIP based on achieving a threshold, target or maximum level of defined performance objectives and any amounts earned are satisfied 50% in cash and 50% in equity awards. The Compensation Committee provided the option to the executive officers to elect shares in lieu of cash payment under the 2019 STIP. The Company accounts for grants as performance awards for which the Company assesses the probability of achievement of the performance conditions at the end of each period. As of March 31, 2019, no shares or LTIP Units have been issued in accordance with the 2012 Plan to the executive officers in settlement of 2019 STIP.

NOTE 9 – SHARE BASED PAYMENTS (CONTINUED)

The following table is a summary of all unvested LTIP Units issued to executives:

Issuance Date	Weighted Average Share Price	LTIP Units Issued	Vesting Period	Vesting Schedule	Units Vested		Unearned Compensation	
					March 31, 2019	December 31, 2018	March 31, 2019	December 31, 2018
March 21, 2019 (2018 Annual EIP) (2018 ACIP)	\$ 18.00	498,261	3 years	25%/year (1)(2)	64,583	—	\$4,695	\$ —
March 28, 2018 (2017 Annual EIP) (2017 ACIP)	17.91	564,434	3 years	25%/year (1)(3)	144,216	144,216	2,240	2,875
March 28, 2017 (2016 Annual EIP)	18.53	122,727	3 years	25%/year (1)	92,042	92,042	114	152
		1,185,422			300,841	236,258	\$7,049	\$ 3,027

25% of the issued shares or LTIP Units vested immediately upon issuance. In general, the remaining shares or (1)LTIP Units vest 25% on the first through third anniversaries of the end of the performance period, which is a calendar year-end (subject to continuous employment through the applicable vesting date).

(2)The issuance included 239,918 units issued with a 2 year cliff vesting provision.

(3)The issuance included 276,000 units issued with a 2 year cliff vesting provision.

Stock based compensation expense related to the Annual EIPs and the ACIPs of \$1,400 and \$786 was incurred during the three months ended March 31, 2019 and 2018, respectively. Unearned compensation related to the Annual EIPs and the ACIPs as of March 31, 2019 and December 31, 2018 was \$7,049 and \$3,027, respectively.

Unearned compensation related to the grants and amortization of LTIP Units is included in Noncontrolling Interests on the Company's Consolidated Balance Sheets and Consolidated Statements of Equity.

Long Term Incentive Programs

On March 6, 2019, the Compensation Committee approved the 2019 LTIP. This program has a three-year performance period which commenced on January 1, 2019 and ends December 31, 2021. As of March 31, 2019, no shares or LTIP Units have been issued to the executive officers in settlement of 2019 LTIP awards.

NOTE 9 – SHARE BASED PAYMENTS (CONTINUED)

The following table is a summary of the approved Multi-Year EIPs:

Compensation Committee Approval Date	Weighted Average Share Price	LTIP Units Issued	LTIP Issuance Date	Performance Period	Units Vested		Unearned Compensation	
					March 31, 2019	December 31, 2018	March 31, 2019	December 31, 2018
March 8, 2018								
(2018 Multi-Year EIP)	\$ 11.06	—	N/A	1/1/2018 to 12/31/2020	—	—	\$ 1,197	\$ 1,306
March 10, 2017								
(2017 Multi-Year EIP)	9.25	—	N/A	1/1/2017 to 12/31/2019	—	—	524	598
March 17, 2016								
(2016 Multi-Year EIP)	11.25	32,020	N/A	1/1/2016 to 12/31/2018	16,009	—	335	296
		32,020			16,009	—	\$ 2,056	\$ 2,200

The shares or LTIP Units issuable under the LTIP or the Multi-Year EIPs are based on the Company's achievement of a certain level of (1) absolute total shareholder return (37.50% of the award), (2) relative total shareholder return as compared to the Company's peer group (37.50% of the award), and (3) relative growth in revenue per available room (RevPar) compared to the Company's peer group (25% of the award).

The Company accounts for the total shareholder return components of these grants as market based awards where the Company estimates unearned compensation at the grant date fair value which is then amortized into compensation cost over the vesting period of each individual plan. The Company accounts for the RevPAR component of the grants as performance-based awards for which the Company assesses the probable achievement of the performance conditions at the end of the reporting period.

Stock based compensation expense of \$221 and \$552 was recorded for the three months ended March 31, 2019 and 2018, respectively, for the Multi-Year EIPs. Unearned compensation related to the Multi-Year EIPs as of March 31, 2019 and December 31, 2018, respectively, was \$2,056, and \$2,200.

Restricted Share Awards

Trustees

Board Fee Compensation

The Compensation Committee approved a program that allows the Company's trustees to make a voluntary election to receive any portion of their board fee compensation in the form of common equity valued at a 25% premium to the

Edgar Filing: HERSHA HOSPITALITY TRUST - Form 10-Q

cash that would have been received. On December 31, 2018, we issued 10,863 shares which do not fully vest until December 31, 2019. Compensation expense incurred for the three months ended March 31, 2019 and 2018 was \$48 and \$50, respectively. The following table is a summary of all unvested share awards issued to trustees in lieu of board fee compensation:

Original Issuance Date	Shares Issued	Share Price on Date of Grant	Vesting Period	Vesting Schedule	Unearned Compensation	
					March 31, 2019	December 31, 2018
December 31, 2018	10,863	\$17.54	12 months	100%	\$ 143	\$ 191

NOTE 9 – SHARE BASED PAYMENTS (CONTINUED)

Multi-Year Long-Term Equity Incentives

Compensation expense for the Multi-Year Long Term Incentive Programs for the Company's trustees incurred for the three months ended March 31, 2019 and 2018 was \$35 and \$26, respectively. Unearned compensation related to the Multi-Year Long Term Equity Incentive Programs was \$263 and \$298 as of March 31, 2019 and December 31, 2018, respectively.

The following table is a summary of all unvested share awards issued to trustees under the 2012 Plan and prior equity incentive plans:

Original Issuance Date	Weighted Average Share Price	Shares Issued	Vesting Period	Vesting Schedule	Shares Vested		Unearned Compensation	
					March 31, 2019	December 31, 2018	March 31, 2019	December 31, 2018
December 31, 2018	\$ 17.54	9,000	3 years	33% /year	—	—	\$ 145	\$ 158
December 29, 2017	17.40	9,000	3 years	33% /year	3,000	3,000	91	104
December 30, 2016	21.50	5,000	3 years	33% /year	3,335	3,335	27	36
					6,335	6,335	\$ 263	\$ 298

Employee and Non-employee Awards

In addition to share based compensation expense related to awards to executives and trustees under the programs described above, share based compensation expense related to restricted common shares issued to employees of the Company and non-employees for services provided to the Company totaled \$254 and \$192 for the three months ended March 31, 2019 and 2018, respectively. Unearned compensation related to these restricted share awards as of March 31, 2019 and December 31, 2018 was \$960 and \$829, respectively.

The following table is a summary of all unvested share awards issued to employees under the 2012 Plan :

Original Year of Issuance Date	Shares Issued	Range of Share Price on Date of Grant	Vesting Period	Vesting Schedule	Shares Vested		Unearned Compensation	
					March 31, 2019	December 31, 2018	March 31, 2019	December 31, 2018
2019	28,317	\$18.00	0-2 years	50-100% /year	—	—	\$ 510	\$ —
2018	54,776	\$17.91-\$22.65	1-4 years	25-100% /year	19,803	2,189	340	641
2017	34,033	\$18.47-\$18.53	2 years	50% /year	18,007	24,111	104	174

NOTE 10 – EARNINGS PER SHARE

The following table is a reconciliation of the income or loss (numerator) and the weighted average shares (denominator) used in the calculation of basic and diluted earnings per common share. The computation of basic and diluted earnings per share is presented below.

	Three Months Ended March 31,	
	2019	2018
NUMERATOR:		
Basic and Diluted*		
Net Loss	\$ (7,882)	\$ (9,148)
Loss allocated to Noncontrolling Interests	923	1,104
Distributions to Preferred Shareholders	(6,044)	(6,044)
Dividends Paid on Unvested Restricted Shares and LTIP Units	(282)	(202)
Net Loss applicable to Common Shareholders	\$ (13,285)	\$ (14,290)
DENOMINATOR:		
Weighted average number of common shares - basic	39,115,390	39,636,166
Effect of dilutive securities:		
Restricted Stock Awards and LTIP Units (unvested)	—	—
Contingently Issued Shares and Units	—	—
Weighted average number of common shares - diluted	39,115,390	39,636,166

Income (loss) allocated to noncontrolling interest in HHLP has been excluded from the numerator and Common Units and Vested LTIP Units have been omitted from the denominator for the purpose of computing diluted earnings *per share since including these amounts in the numerator and denominator would have no impact. In addition, potentially dilutive common shares, if any, have been excluded from the denominator if they are anti-dilutive to income (loss) applicable to common shareholders.

NOTE 11 – CASH FLOW DISCLOSURES AND NON CASH INVESTING AND FINANCING ACTIVITIES

Interest paid during the three months ended March 31, 2019 and 2018 totaled \$13,739 and \$11,045 respectively. Cash paid for income taxes during the three months ended March 31, 2019 and 2018 totaled \$24 and \$0, respectively. The following non-cash investing and financing activities occurred during the three months ended March 31, 2019 and 2018:

	2019	2018
Common Shares issued as part of the Dividend Reinvestment Plan	\$ 21	\$ 18
Acquisition of hotel properties:		
Deposit paid in prior period towards acquisition which closed in current period	—	1,000
Conversion of Common Units to Common Shares	—	367
Issuance of share based payments	10,054	—
Accrued payables for capital expenditures placed into service	1,334	3,859
Cumulative Effect on Equity from the Adoption of ASC Subtopic 610-20	—	129,021
Adjustment to Record Noncontrolling Interest at Redemption Value	140	—
Adjustment to Record Right of Use Asset & Lease Liability	55,012	—

The following table provides a reconciliation of cash, cash equivalents, and restricted cash reported within the consolidated balance sheets that sum to the total of the same such amounts shown in the consolidated statements of cash flows for the three months ended March 31, 2019 and 2018:

	2019	2018
Cash and cash equivalents	\$33,526	\$31,620
Escrowed cash	8,693	7,974
Total cash, cash equivalents, and restricted cash shown in the consolidated statements of cash flows	\$42,219	\$39,594

Amounts included in restricted cash represent those required to be set aside in escrow by contractual agreement with various lenders for the payment of specific items such as property insurance, property tax, and capital expenditures.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Cautionary Statement Regarding Forward Looking Statements

This report contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, including, without limitation, statements containing the words, "believe," "expect," "anticipate," "estimate," "plan," "continue," "intend," "should," "may" and of similar import. Such forward-looking statements relate to future events, our plans, strategies, prospects and future financial performance, and involve known and unknown risks that are difficult to predict, uncertainties and other factors which may cause our actual results, performance or achievements or industry results to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Readers should specifically consider the various factors identified in this and other reports filed by us with the SEC, including, but not limited to those discussed in the section entitled "Risk Factors" of our Annual Report on Form 10-K for the year ended December 31, 2018, that could cause actual results to differ. Statements regarding the following subjects are forward-looking by their nature:

- our business or investment strategy;
- our projected operating results;
- our distribution policy;
- our liquidity;
- completion of any pending transactions;
- our ability to obtain future financing arrangements or refinance or extend the maturity of existing financing arrangements as they come due;
- our ability to repurchase shares on attractive terms from time to time;
- our understanding of our competition;
- market trends; and
- projected capital expenditures.

Forward-looking statements are based on our beliefs, assumptions and expectations, taking into account all information currently available to us. These beliefs, assumptions and expectations are subject to risks and uncertainties and can change as a result of many possible events or factors, not all of which are known to us. If a change occurs, our business, financial condition, liquidity and results of operations may vary materially from those expressed in our forward-looking statements. Readers should not place undue reliance on forward-looking statements. The following factors could cause actual results to vary from our forward-looking statements:

- general volatility of the capital markets and the market price of our common shares;
- changes in our business or investment strategy;
- availability, terms and deployment of capital;
- availability of qualified personnel;
- changes in our industry and the market in which we operate, interest rates, or the general economy;
- decreased international travel because of geopolitical events, including terrorism and current U.S. government policies;
- the degree and nature of our competition;
- financing risks, including the risk of leverage and the corresponding risk of default on our mortgage loans and other debt and potential inability to refinance or extend the maturity of existing indebtedness;
- levels of spending in the business, travel and leisure industries, as well as consumer confidence;
- declines in occupancy, average daily rate and RevPAR and other hotel operating metrics;
- hostilities, including future terrorist attacks, or fear of hostilities that affect travel;

financial condition of, and our relationships with, our joint venture partners, third-party property managers, franchisors and hospitality joint venture partners;
increased interest rates and operating costs;
ability to complete development and redevelopment projects;
risks associated with potential acquisitions, including the ability to ramp up and stabilize newly acquired hotels with limited or no operating history, and dispositions of hotel properties;
availability of and our ability to retain qualified personnel;
decreases in tourism due to geopolitical instability or changes in foreign exchange rates;
our failure to maintain our qualification as a real estate investment trust, or REIT, under the Internal Revenue Code of 1986, as amended;
environmental uncertainties and risks related to natural disasters;
changes in real estate and zoning laws and increases in real property tax rates; and

Table of Contents

the factors discussed in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2018 under the heading “Risk Factors” and in other reports we file with the SEC from time to time.

These factors are not necessarily all of the important factors that could cause our actual results, performance or achievements to differ materially from those expressed in or implied by any of our forward-looking statements. Other unknown or unpredictable factors, many of which are beyond our control, also could harm our results, performance or achievements.

All forward-looking statements contained in this report are expressly qualified in their entirety by the cautionary statements set forth above. Forward-looking statements speak only as of the date they are made, and we do not undertake or assume any obligation to update publicly any of these statements to reflect actual results, new information or future events, changes in assumptions or changes in other factors affecting forward-looking statements, except to the extent required by applicable laws. If we update one or more forward-looking statements, no inference should be drawn that we will make additional updates with respect to those or other forward-looking statements.

BACKGROUND

As of March 31, 2019, we owned interests in 48 hotels in major urban gateway markets including New York, Washington DC, Boston, Philadelphia, San Diego, Los Angeles, Seattle, and Miami, including 38 wholly-owned hotels, 1 hotel through our interest in a consolidated joint venture, and interests in 9 hotels owned through unconsolidated joint ventures. We also entered into a joint venture during the third quarter of 2018 that will be constructing a new hotel adjacent to two existing hotels partially owned by us through separate, unconsolidated joint venture interests. We have elected to be taxed as a REIT for federal income tax purposes, beginning with the taxable year ended December 31, 1999. For purposes of the REIT qualification rules, we cannot directly operate any of our hotels. Instead, we must lease our hotels to a third party lessee or to a TRS, provided that the TRS engages an eligible independent contractor to manage the hotels. As of March 31, 2019, we have leased all of our hotels to a wholly-owned TRS, a joint venture owned TRS, or an entity owned by our wholly-owned TRS. Each of these TRS entities will pay qualifying rent, and the TRS entities have entered into management contracts with qualified independent managers, including HHMLP, with respect to our hotels. We intend to lease all newly acquired hotels to a TRS. The TRS structure enables us to participate more directly in the operating performance of our hotels. The TRS directly receives all revenue from, and funds all expenses relating to, hotel operations. The TRS is also subject to income tax on its earnings.

OVERVIEW

We believe the repositioning of our portfolio better enables us to capitalize on further improvement in lodging fundamentals. During the first quarter of 2019, we continued to see improvements in our key metrics for our consolidated hotels led by hotels in most of our key markets. Our results for the first quarter of 2019 were positively impacted by having our two hurricane impacted hotels in South Florida fully operational. Outside of this impact our portfolio operating performance was positively impacted by prior year hotel renovations and repositionings. While we continue to explore acquisition opportunities in coastal gateway urban centers and select resort destinations, we remain focused on operating efficiencies within our portfolio and asset repositioning opportunities to drive earnings and cash flow growth over the next year to de-lever our balance sheet. In addition, we will continue to look for attractive opportunities to divest certain properties at favorable prices, potentially redeploying capital in markets that offer higher growth, reducing our leverage, or opportunistically repurchasing our common shares.

The manner in which the economy will continue to grow, if at all, is not predictable. In addition, the availability of hotel-level financing for the acquisition of new hotels is not within our control. As a result, there can be no assurances that we will be able to grow hotel revenues, occupancy, ADR or RevPAR at our properties as we hope. Factors that

might contribute to less-than-anticipated performance include those described under the heading “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2018 and other documents that we may file with the SEC in the future. We will continue to cautiously monitor lodging demand and rates, our third-party hotel managers, and our performance generally.

Table of Contents

SUMMARY OF OPERATING RESULTS

The table below outlines operating results for the Company's portfolio of hotels consolidated within our financial statements for the three months ended March 31, 2019 and 2018.

We define a comparable consolidated hotel as one that is currently consolidated, that we have owned in whole or in part during the periods being presented, and is deemed fully operational. Based on this definition, for the three months ended March 31, 2019 and 2018, there are 37 comparable consolidated hotels. The comparable key hotel operating statistics presented in the table below have been computed using pro forma methodology to compute the operating results for the portion of time prior to our ownership of hotels purchased during the comparable period for the three months ended March 31, 2019 compared to the three months ended March 31, 2018 for our comparable hotels.

For the comparison of the three months ended March 31, 2019 to the three months ended March 31, 2018, comparable hotel operating results contain results from our consolidated hotels owned as of March 31, 2019, excluding: (1) the Courtyard Cadillac Hotel, Miami, FL and the Parrot Key Hotel and Resort because both hotels had not been operating during the first quarter of 2018 while the damage from Hurricane Irma was repaired; and (2) the results of all hotels sold since December 31, 2017. The comparison of the three months ended March 31, 2019 to March 31, 2018 includes results as reported by the prior owners for the following hotels acquired since December 31, 2017:

•The Annapolis Waterfront Hotel - Annapolis, MD (acquired March 28, 2018)

COMPARABLE CONSOLIDATED HOTELS:

(includes 37 hotels in both periods)

	Three Months Ended March 31,		
	2019	2018	Variance
	(\$'s in 000's except ADR and RevPAR)		
Occupancy	78.8%	76.5%	235 bps
Average Daily Rate (ADR)	\$199.54	\$201.57	(1.0)%
Revenue Per Available Room (RevPAR)	\$157.31	\$154.17	2.0%
Room Revenues	\$80,883	\$78,882	2.5%
Total Revenues	\$101,843	\$99,363	2.5%

For the three months ended March 31, 2019 we experienced growth, on a comparative basis, for occupancy resulting in RevPAR growth of 2.0%. For the three months ended March 31, 2019, our hotels in Philadelphia and Boston contributed to our overall RevPAR growth by delivering RevPAR growth of 16.3% and 3.8%, respectively. While our New York City properties experienced a decrease in RevPAR of 4.6%, the remaining markets maintained relatively stable metrics for the first quarter of 2019.

Table of Contents

The table below outlines operating results for the Company's portfolio of hotels we own through interests in unconsolidated joint ventures for the three months ended March 31, 2019 and 2018.

We define a comparable unconsolidated joint venture hotel as one that is currently owned by our unconsolidated joint ventures in whole or in part for the entirety of the periods being presented, and is deemed fully operational. Based on this definition, for the three months ended March 31, 2019 and 2018, there are 9 comparable unconsolidated joint venture hotels. The comparable key hotel operating statistics presented in the table below have been computed using pro forma methodology to compute the operating results for the portion of time prior to the joint venture's ownership of hotels purchased during the comparable period for the three months ended March 31, 2019 compared to the three months ended March 31, 2018 for our comparable hotels.

COMPARABLE UNCONSOLIDATED JOINT VENTURES:

(includes 9 hotels in both periods)

	Three Months Ended		
	March 31,		Variance
	2019	2018	
	(\$'s in 000's except ADR and RevPAR)		
Occupancy	88.7	% 88.9	% -20 bps
Average Daily Rate (ADR)	\$143.78	\$153.24	(6.2)%
Revenue Per Available Room (RevPAR)	\$127.49	\$136.20	(6.4)%
Room Revenues	\$16,350	\$16,732	(2.3)%
Total Revenues	\$16,971	\$17,191	(1.3)%

The occupancy for the properties held within our unconsolidated joint ventures decreased 20 basis points for the three months ended March 31, 2019 compared to the same period in 2018. The properties within our unconsolidated joint ventures, on a comparable basis, experienced a decrease of 6.4% in RevPAR for the three months ended March 31, 2019. The largest driver of this negative RevPAR performance is the performance of the hotel properties located in Boston which had a RevPAR decrease of 13.9% for the three months ended March 31, 2019, compared to the same period in 2018. The properties within our Cindat joint venture in New York City had a decrease in RevPAR of 3.6% for the quarter when compared to 2018.

Table of Contents

COMPARISON OF THE THREE MONTHS ENDED MARCH 31, 2019 AND 2018

(dollars in thousands, except ADR, RevPAR, and per share data)

Revenue

Our total revenues for the three months ended March 31, 2019 consisted of hotel operating revenues and other revenue. Hotel operating revenues were approximately 99% of total revenues for the three months ended March 31, 2019 and 2018. Hotel operating revenues are recorded for wholly-owned hotels that are leased to our wholly owned TRS and hotels owned through joint venture or other interests that are consolidated in our financial statements. Hotel operating revenues increased \$15,128 or 15.2%, to \$114,643 for the three months ended March 31, 2019 compared to \$99,515 for the same period in 2018. This increase in hotel operating revenues can be explained by the following table:

Hotel Operating Revenue for the three months ended March 31, 2018	\$99,515
Incremental Revenue Additions from Acquisitions (1/1/2018 - 3/31/2019):	
The Annapolis Waterfront Hotel - Annapolis, MD	1,856
Total Incremental Revenue from Acquisitions	1,856
Revenue Reductions from Dispositions (1/1/2018 - 3/31/2019):	
Residence Inn - Tysons Corner, VA	(953)
Hampton inn - Pearl Street, New York, NY	(530)
Total Revenue Reductions from Dispositions	(1,483)
Change in Hotel Operating Revenue for Remaining Hotels	14,755
Hotel Operating Revenue for the three months ended March 31, 2019	\$114,643

As noted in the table above, our properties, exclusive of recently acquired and disposed hotels, experienced a \$14,755 increase in hotel operating revenue. This increase is attributable to the Cadillac Hotel and Beach Club and Parrot Key Hotel & Villas, both of which were closed for the entire first quarter of 2018 and fully operational for the first quarter of 2019. The Cadillac Hotel and Beach Club was damaged during Hurricane Irma in 2017 while it was branded as a Courtyard by Marriott. As a result of the hurricane damage, we accelerated our plan to convert this hotel to an Autograph Collection hotel causing it to be closed until the end of the third quarter of 2018. The Parrot Key Hotel & Villas incurred significant damage during Hurricane Irma in 2017, remaining closed for repairs until it re-opened during the fourth quarter of 2018.

Collectively, these two hotels accounted for an increase in hotel operating revenue for the three months ended March 31, 2019 of \$12,471. The remaining hotels contributed a net increase in revenue for the first quarter of 2019 of approximately \$2,284 when compared to the same period in 2018.

Table of Contents

Expenses

Total hotel operating expenses increased 12.5% to approximately \$75,111 for the three months ended March 31, 2019 from \$66,782 for the three months ended March 31, 2018. The increase in hotel operating expenses can be explained by the following table:

Hotel Operating Expenses for the three months ended March 31, 2018	\$66,782
Incremental Expense Additions from Acquisitions (1/1/2018 - 3/31/2019):	
The Annapolis Waterfront Hotel - Annapolis, MD	1,167
Total Incremental Expenses from Acquisitions	1,167
Expense Reductions from Dispositions (1/1/2018 - 3/31/2019):	
Residence Inn - Tysons Corner, VA	(577)
Hyatt House - Gaithersburg, MD	(13)
Hampton inn - Pearl Street, New York, NY	(590)
Total Expense Reductions from Dispositions	(1,180)
Change in Hotel Operating Expenses for Remaining Hotels	8,341
Hotel Operating Expenses for the three months ended March 31, 2019	\$75,110

As noted in the table above, our properties, exclusive of recently acquired and disposed hotels, experienced a \$8,341 increase in hotel operating expenses. As mentioned in the revenue section above, the Cadillac Hotel and Beach Club and Parrot Key Hotel & Villas were closed for the entire first quarter of 2018 and fully operational for the first quarter of 2019 resulting in an increase in hotel operating expenses related to these two properties of \$6,695, collectively. The remaining hotels contributed a net increase in expense for the first quarter of 2019 of approximately \$1,646 when compared to the same period in 2018.

Depreciation and amortization increased by 12.0%, or \$2,589, to \$24,128 for the three months ended March 31, 2019 from \$21,539 for the three months ended March 31, 2018. The increase in depreciation and amortization was primarily attributable to the depreciation and amortization recorded on the hotels recently acquired or renovated, partially offset by properties sold. Real estate and personal property tax and property insurance increased \$1,105, or 13.3%, for the three months ended March 31, 2019 when compared to the same period in 2018. Increases from properties acquired since January 1, 2018 added \$161 in expense and properties sold since January 1, 2018 resulted in a decrease of \$231 in real estate and property insurance for the three months ended March 31, 2019. We otherwise typically experience increases in tax assessments and tax rates as the economy improves which could be offset by reductions resulting from successful real estate tax appeals.

General and administrative expense increased by 10.0%, or approximately \$509, from \$5,091 in the three months ended March 31, 2018 to \$5,600 for the same period in 2019. General and administrative expense includes expense related to non-cash share based payments issued as incentive compensation to the Company's trustees, executives, and employees. Executives elected 100% of their annual cash incentive payments, if earned, in shares or LTIP Units. As a result expenses related to share based compensation increased \$352 when comparing the three months ended March 31, 2019 to the same period in 2018. Please refer to "Note 9 – Share Based Payments" of the notes to the consolidated financial statements for more information about our share based compensation.

Prior to January 1, 2018, acquisition and terminated transaction costs typically consist of transfer taxes, legal fees and other costs associated with acquiring a hotel property and transactions that were terminated during the year. Based on

the updated accounting literature that defines purchases of businesses versus the purchase of assets, the majority of our acquisitions subsequent to 2017 will be viewed as the purchase of assets, which will result in the acquisition costs related to asset purchases being included in the purchase price of the asset. As a result, the only expenses that will be recorded in this line item going forward will generally be related to any terminated deal costs. Acquisition and terminated transaction costs for the three months ended March 31, 2019 totaled \$0.

Table of Contents

Operating Income

Operating loss for the three months ended March 31, 2019 was \$553 compared to operating loss of \$2,993 during the same period in 2018. The reduction in our operating loss of \$2,440 for the first quarter 2019 compared to the same period in 2018 was largely the result of our growth in hotel operating revenues exceeding our increases in hotel operating expenses by \$6,800. This positive impact was partially offset by increased costs in areas such as real estate taxes and property insurance, general and administrative expenses, and depreciation and amortization.

Interest Expense

Interest expense increased \$1,526 from \$11,372 for the three months ended March 31, 2018 to \$12,898 for the three months ended March 31, 2019. The balance of our borrowings, excluding discounts and deferred costs, have increased by \$27,372 in total between March 31, 2018 and March 31, 2019, as we drew \$1,000, net on our line of credit and had a net increase in mortgages payable of \$26,372. The primary driver of our increased interest expense is due to increasing interest rates. The mortgage debt on the Annapolis Waterfront Hotel, which was originated in the second quarter of 2018 added \$371 of interest expense when comparing the first quarter of 2019 with the same period in 2018.

Unconsolidated Joint Venture Investments

The income from unconsolidated joint ventures consists of our interest in the operating results of the properties we own in joint ventures. Income from our unconsolidated joint ventures increased by \$382 from a loss of \$201 for the three months ended March 31, 2018 compared to income of \$181 during the same period in 2019. The change in net income for the three months ended March 31, 2019 is directly attributable to the results of operations of our two South Boston joint ventures.

Income Tax Benefit

During the three months ended March 31, 2019, the Company recorded an income tax benefit of \$5,264 compared to an income tax benefit of \$2,655 for the three months ended March 31, 2018. The amount of income tax expense or benefit that the Company records depends mostly on the amount of taxable income or loss that is generated by our consolidated taxable REIT subsidiaries ("TRS").

Net Loss Applicable to Common Shareholders

Net loss applicable to common shareholders for the three months ended March 31, 2019 was \$13,003 compared to \$14,088 during the same period in 2018, resulting in a decreased loss of \$1,085. This decrease in loss was primarily related to the increased operating income as discussed above and an increased income tax benefit, partially offset by increased interest expense and a decrease in gains from hotel dispositions.

LIQUIDITY, CAPITAL RESOURCES, AND EQUITY OFFERINGS

(dollars in thousands, except per share data)

Potential Sources of Capital

Our organizational documents do not limit the amount of indebtedness that we may incur. Our ability to incur additional debt is dependent upon a number of factors, including the current state of the overall credit markets, our degree of leverage and borrowing restrictions imposed by existing lenders. Our ability to raise funds through the

issuance of debt and equity securities is dependent upon, among other things, capital market volatility, risk tolerance of investors, general market conditions for REITs and market perceptions related to the Company's ability to generate cash flow and positive returns on its investments.

In addition, our mortgage indebtedness contains various financial and non-financial covenants customarily found in secured, nonrecourse financing arrangements. If the specified criteria are not satisfied, the lender may be able to escrow cash flow generated by the property securing the applicable mortgage loan. We have determined that all covenants contained in the loan agreements securing our hotel properties were met as of March 31, 2019.

Table of Contents

We have unsecured debt facilities in the aggregate of \$950,900 which is comprised of a \$457,000 senior unsecured credit facility and two unsecured term loans totaling \$493,900. The unsecured credit facility (“Credit Facility”) contains a \$207,000 unsecured term loan (“First Term Loan”) and a \$250,000 unsecured revolving line of credit (“Line of Credit”). This Credit Facility expires on August 10, 2022 and, provided no event of default has occurred, we may request that the lenders renew the credit facility for an additional one-year period. The Credit Facility is also expandable by \$400,000 at our request, subject to the satisfaction of certain conditions. Our two additional unsecured term loans are \$300,000 (“Second Term Loan”) and \$193,900 (“Third Term Loan”), which mature on August 10, 2020 and August 2, 2021, respectively.

As of March 31, 2019, the outstanding balance under the First Term Loan was \$207,000, under the Second Term Loan was \$300,000, under the Third Term Loan was \$193,900 and we had \$37,000 outstanding under the Line of Credit. As of March 31, 2019, our remaining borrowing capacity under the Credit Facility, Second Term Loan and Third Term Loan was \$141,045 which is based on certain operating metrics of unencumbered hotel properties designated as borrowing base assets.

We will continue to monitor our debt maturities to manage our liquidity needs. However, no assurances can be given that we will be successful in refinancing all or a portion of our future debt obligations due to factors beyond our control or that, if refinanced, the terms of such debt will not vary from the existing terms. As of March 31, 2019, we have \$100,803 of mortgage indebtedness maturing on or before December 31, 2019. We currently expect that cash requirements for all debt that is not refinanced by our existing lenders for which the maturity date is not extended will be met through a combination of cash on hand, refinancing the existing debt with new lenders, draws on the Line of Credit and the issuance of our securities.

In addition to the incurrence of debt and the offering of equity securities, dispositions of property may serve as additional capital resources and sources of liquidity. We may recycle capital from stabilized assets, as evidenced by our transaction involving the Cindat JV properties, or from sales of non-core hotels in secondary and tertiary markets. Capital from these types of transactions is intended to be redeployed into high growth acquisitions, share buybacks, or to pay down existing debt.

Common Share Repurchase Plan

In December 2018, our Board of Trustees authorized a share repurchase program for up to \$50,000 of common shares which commenced upon the completion of the prior repurchase program. The program will expire on December 31, 2019, unless extended by our Board of Trustees. For the three months ended March 31, 2019, the Company repurchased 273,538 common shares for an average price of \$16.91.

Acquisitions

During the three months ended March 31, 2019, we acquired no hotel properties. We intend to invest in additional hotels only as suitable opportunities arise and adequate sources of financing are available. We expect that future investments in hotels will depend upon and will be financed by, in whole or in part, our existing cash, the proceeds from additional issuances of common or preferred shares, proceeds from the sale of assets, issuances of Common Units, issuances of preferred units or other securities or borrowings secured by hotel assets and under our Line of Credit.

Operating Liquidity and Capital Expenditures

We expect to meet our short-term liquidity requirements generally through net cash provided by operations, existing cash balances and, if necessary, short-term borrowings under the Line of Credit. We believe that the net cash provided

by operations in the coming year and borrowings drawn on the Line of Credit will be adequate to fund the Company's operating requirements, monthly recurring debt service and the payment of dividends in accordance with REIT requirements of the Internal Revenue Code of 1986, as amended.

Table of Contents

To qualify as a REIT, we must distribute annually at least 90% of our taxable income. This distribution requirement limits our ability to retain earnings and requires us to raise additional capital in order to grow our business and acquire additional hotel properties. However, there is no assurance that we will be able to borrow funds or raise additional equity capital on terms acceptable to us, if at all. In addition, we cannot guarantee that we will continue to make distributions to our shareholders at the current rate of \$0.28 per common share per quarter or at all. Due to the seasonality of our business, cash provided by operating activities fluctuates significantly from quarter to quarter. However, we believe that, based on our current estimates, which include the addition of cash from operations provided by the continued ramp up of the hotel acquired during 2018 and newly renovated hotels, our cash provided by operating activities will be sufficient over the next 12 months to fund the payment of our dividend at its current level. However, our Board of Trustees continues to evaluate the dividend policy in the context of our overall liquidity and market conditions and may elect to reduce or suspend these distributions. Net cash provided by operating activities for the three months ended March 31, 2019 was \$6,002 and cash used for the payment of distributions and dividends for the three months ended March 31, 2019 was \$18,239. Historically, the first quarter of each year produces weaker financial results, including cash provided by operating activities, when compared to the remaining quarters of the year. As such, we do not expect the cash paid on dividends to exceed cash provided by operating activities for the year ended December 31, 2019.

We also project that our operating cash flow and available borrowings under the Line of Credit will be sufficient to satisfy our liquidity and other capital needs over the next twelve to eighteen months.

Our long-term liquidity requirements consist primarily of the costs of acquiring additional hotel properties, renovation and other non-recurring capital expenditures that need to be made periodically with respect to hotel properties and scheduled debt repayments. We will seek to satisfy these long-term liquidity requirements through various sources of capital, including borrowings under the Line of Credit and through secured, non-recourse mortgage financings with respect to our unencumbered hotel properties. In addition, we may seek to raise capital through public or private offerings of our securities. Certain factors may have a material adverse effect on our ability to access these capital sources, including our degree of leverage, the value of our unencumbered hotel properties and borrowing restrictions imposed by lenders or franchisors. We will continue to analyze which source of capital is most advantageous to us at any particular point in time, but financing may not be consistently available to us on terms that are attractive, or at all.

Spending on capital improvements during the three months ended March 31, 2019 decreased when compared to spending on capital improvements during the three months ended March 31, 2018. During the three months ended March 31, 2019, we spent \$8,710 on capital expenditures to renovate, improve or replace assets at our hotels. This compares to \$19,218 during the same period in 2018. These capital expenditures were undertaken to comply with brand mandated improvements and to initiate projects that we believe will generate a return on investment. Construction to replace assets damaged by recent hurricanes is discussed in the paragraph below.

We may spend additional amounts, if necessary, to comply with the requirements of any franchise license under which any of our hotels operate and otherwise to the extent we deem such expenditures to be prudent. We are also obligated to fund the cost of certain capital improvements to our hotels. In addition to capital reserves required under certain loan agreements and capital expenditures to renovate, improve or replace assets at our hotels, we have opportunistically engaged in hotel development projects. During the three months ended March 31, 2019, we spent \$77 on hotel development projects compared to \$11,122 during the same period of 2018, which consisted mostly of construction on hurricane impacted hotels. We expect to use operating cash flow, borrowings under the Line of Credit, and proceeds from issuances of our securities to pay for the cost of capital improvements and any furniture, fixture and equipment requirements in excess of the set aside referenced above.

CASH FLOW ANALYSIS

(dollars in thousands, except per share data)

Comparison of the Three Months Ended March 31, 2019 and 2018

Net cash provided by operating activities decreased \$3,623 from \$9,625 for the three months ended March 31, 2018 to \$6,002 for the comparable period in 2019. Net income, adjusted for non-cash items reflected in the consolidated statements of cash flows for the three months ended March 31, 2019 and 2018, increased by \$4,557 for the three months ended March 31, 2019 when compared to 2018. Additional cash from operating activities was provided by distributions from unconsolidated joint ventures of \$853, offset by a net increase in working capital.

Table of Contents

Net cash used in investing activities for the three months ended March 31, 2019 was \$8,140 compared to net cash provided by investing activities of \$32,074 for the three months ended March 31, 2018. During the three months ended March 31, 2019, we received \$0 in proceeds from the disposition of hotel properties and \$0 in insurance proceeds related to claims for property losses as a result of Hurricane Irma. Additionally, we received \$647 in proceeds from unconsolidated joint ventures as a return of our investment. During the three months ended March 31, 2018 we received \$49,594 in proceeds from the disposition of two hotels and \$6,312 in insurance proceeds related to claims for property losses as a result of Hurricane Irma. Additionally, we received \$47,738 in proceeds from the redemption of our preferred equity investment in Cindat. Offsetting these sources of funds were \$0 for no purchases of hotel property during the three months ended March 31, 2019 compared to \$41,230 for the purchase of one hotel property during the three months ended March 31, 2018.

Net cash provided by financing activities for the three months ended March 31, 2019 was \$3,574 compared to net cash used in financing activities for the three months ended March 31, 2018 of \$27,691. We had cash outflows of \$467 in repayments of mortgage borrowings during the three months ended March 31, 2019. During the three months ended March 31, 2018, we repaid amounts on the line of credit, unsecured term loan, and mortgages payable of \$18,450. During the three months ended March 31, 2019, we borrowed \$27,000 from our line of credit. During the three months ended March 31, 2018 we borrowed \$19,900 from our line of credit. Also during the three months ended March 31, 2019, we repurchased \$4,624 of our Class A Common Shares compared with \$10,833 in the three months ended March 31, 2018. In addition, dividends and distributions paid during the three months ended March 31, 2019 increased \$39 when compared to the same period in 2018.

Table of Contents

OFF BALANCE SHEET ARRANGEMENTS

The Company does not have off balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

FUNDS FROM OPERATIONS

(in thousands, except share data)

The National Association of Real Estate Investment Trusts (“NAREIT”) developed Funds from Operations (“FFO”) as a non-GAAP financial measure of performance of an equity REIT in order to recognize that income-producing real estate historically has not depreciated on the basis determined under GAAP. We calculate FFO applicable to common shares and Common Units in accordance with the December 2018 Financial Standards White Paper of NAREIT, which we refer to as the White Paper. The White Paper defines FFO as net income (loss) (computed in accordance with GAAP) excluding depreciation and amortization related to real estate, gains and losses from the sale of certain real estate assets, gains and losses from change in control, and impairment write-downs of certain real estate assets and investments in entities when the impairment is directly attributable to decreases in the value of depreciable real estate held by an entity. Our interpretation of the NAREIT definition is that noncontrolling interest in net income (loss) should be added back to (deducted from) net income (loss) as part of reconciling net income (loss) to FFO. Our FFO computation may not be comparable to FFO reported by other REITs that do not compute FFO in accordance with the NAREIT definition, or that interpret the NAREIT definition differently than we do.

The GAAP measure that we believe to be most directly comparable to FFO, net income (loss) applicable to common shareholders, includes loss from the impairment of certain depreciable assets, our investment in unconsolidated joint ventures and land, depreciation and amortization expenses, gains or losses on property sales, noncontrolling interest and preferred dividends. In computing FFO, we eliminate these items because, in our view, they are not indicative of the results from our property operations. We determined that the loss from the impairment of certain depreciable assets including investments in unconsolidated joint ventures and land, was driven by a measurable decrease in the fair value of certain hotel properties and other assets as determined by our analysis of those assets in accordance with applicable GAAP. As such, these impairments have been eliminated from net loss to determine FFO.

FFO does not represent cash flows from operating activities in accordance with GAAP and should not be considered an alternative to net income as an indication of the Company’s performance or to cash flow as a measure of liquidity or ability to make distributions. We consider FFO to be a meaningful, additional measure of operating performance because it excludes the effects of the assumption that the value of real estate assets diminishes predictably over time, and because it is widely used by industry analysts as a performance measure. We show both FFO from consolidated hotel operations and FFO from unconsolidated joint ventures because we believe it is meaningful for the investor to understand the relative contributions from our consolidated and unconsolidated hotels. The display of both FFO from consolidated hotels and FFO from unconsolidated joint ventures allows for a detailed analysis of the operating performance of our hotel portfolio by management and investors. We present FFO applicable to common shares and Common Units because our Common Units are redeemable for common shares. We believe it is meaningful for the investor to understand FFO applicable to all common shares and Common Units.

Table of Contents

The following table reconciles FFO for the periods presented to the most directly comparable GAAP measure, net income, for the same periods (dollars in thousands):

	Three Months Ended	
	March 31,	March 31,
	2019	2018
Net loss applicable to common shareholders	\$(13,003)	\$(14,088)
Loss allocated to noncontrolling interest	(923)	(1,104)
(Loss) Income from unconsolidated joint ventures	(181)	201
Gain on disposition of hotel properties	—	(3,417)
Depreciation and amortization	24,128	21,539
Funds from consolidated hotel operations applicable to common shareholders and Partnership Units	10,021	3,131
Loss (Income) from unconsolidated joint ventures	181	(201)
Unrecognized pro rata interest in income (loss)	(2,973)	(4,060)
Depreciation and amortization of difference between purchase price and historical cost ⁽¹⁾	24	24
Interest in depreciation and amortization of unconsolidated joint ventures ⁽²⁾	1,282	1,052
Funds from unconsolidated joint ventures operations applicable to common shareholders and Common Units	(1,486)	(3,185)
Funds from Operations applicable to common shareholders and Common Units	\$8,535	\$(54)
Weighted Average Common Shares and Common Units		
Basic	39,115,390	39,636,166
Diluted	43,192,933	43,462,075

(1) Adjustment made to add depreciation of purchase price in excess of historical cost of the assets in the unconsolidated joint venture at the time of our investment.

(2) Adjustment made to add our interest in real estate related depreciation and amortization of our unconsolidated joint ventures. Allocation of depreciation and amortization is consistent with allocation of income and loss.

Based on guidance provided by NAREIT, we have eliminated loss from the impairment of certain depreciable assets, including investments in unconsolidated joint ventures and land, from net loss to arrive at FFO in each year presented.

Table of Contents

INFLATION

Operators of hotel properties, in general, possess the ability to adjust room rates daily to reflect the effects of inflation. However, competitive pressures may limit the ability of our management companies to raise room rates.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The estimates and assumptions made by management in applying critical accounting policies have not changed materially during 2019 and 2018 and none of the estimates or assumptions have proven to be materially incorrect or resulted in our recording any significant adjustments relating to prior periods. See Item 7 of our Annual Report on Form 10-K for the year ended December 31, 2018 for a summary of the accounting policies that management believes are critical to the preparation of the consolidated financial statements.

Investment in Hotel Properties

Investments in hotel properties are recorded at cost. Improvements and replacements are capitalized when they extend the useful life of the asset. Costs of repairs and maintenance are expensed as incurred. Depreciation is computed using the straight-line method over the estimated useful life of up to 40 years for buildings and improvements, two to seven years for furniture, fixtures and equipment. We are required to make subjective assessments as to the useful lives of our properties for purposes of determining the amount of depreciation to record on an annual basis with respect to our investments in hotel properties. These assessments have a direct impact on our net income because if we were to shorten the expected useful lives of our investments in hotel properties we would depreciate these investments over fewer years, resulting in more depreciation expense and lower net income on an annual basis.

Identifiable assets, liabilities, and noncontrolling interests related to hotel properties acquired in a business combination are recorded at full fair value. Estimating techniques and assumptions used in determining fair values involve significant estimates and judgments. These estimates and judgments have a direct impact on the carrying value of our assets and liabilities which can directly impact the amount of depreciation expense recorded on an annual basis and could have an impact on our assessment of potential impairment of our investment in hotel properties.

Properties intended to be sold are designated as “held for sale” on the balance sheet. In accordance with ASU Update No. 2014-08 concerning the classification and reporting of discontinued operations, we evaluate each disposition to determine whether we need to classify the disposition as discontinued operations. This amendment defines discontinued operations as a component of an entity that represents a strategic shift that has (or will have) a major effect on an entity’s operations and financial results. We anticipate that most of our hotel dispositions will not be classified as discontinued operations as most will not fit this definition.

Based on the occurrence of certain events or changes in circumstances, we review the recoverability of the property’s carrying value. Such events or changes in circumstances include the following:

- a significant decrease in the market price of a long-lived asset;
- a significant adverse change in the extent or manner in which a long-lived asset is being used or in its physical condition;
- a significant adverse change in legal factors or in the business climate that could affect the value of a long-lived asset, including an adverse action or assessment by a regulator;
- an accumulation of costs significantly in excess of the amount originally expected for the acquisition or construction of a long-lived asset;
- a current-period operating or cash flow loss combined with a history of operating or cash flow losses or a projection or forecast that demonstrates continuing losses associated with the use of a long-lived asset; and

a current expectation that, it is more likely than not that, a long-lived asset will be sold or otherwise disposed of significantly before the end of its previously estimated useful life.

Table of Contents

We review our portfolio on an on-going basis to evaluate the existence of any of the aforementioned events or changes in circumstances that would require us to test for recoverability. In general, our review of recoverability is based on an estimate of the future undiscounted cash flows, excluding interest charges, expected to result from the property's use and eventual disposition. These estimates consider factors such as expected future operating income, market and other applicable trends and residual value expected, as well as the effects of hotel demand, competition and other factors. If impairment exists due to the inability to recover the carrying value of a property, an impairment loss is recorded to the extent that the carrying value exceeds the estimated fair value of the property. We are required to make subjective assessments as to whether there are impairments in the values of our investments in hotel properties.

As of March 31, 2019, based on our analysis, we have determined that the estimated future cash flow of each of the properties in our portfolio is sufficient to recover its carrying value.

New Accounting Pronouncements

In June 2018, the FASB issued ASU No. 2018-07, Stock Compensation (Topic 718): Improvements to Nonemployee Share-Based Payment Accounting. The update will simplify several aspects of the accounting for nonemployee share-based payment transactions for acquiring goods and services from nonemployees. The amendments in this update affects all entities that enter into share-based payment transactions for acquiring goods and services from nonemployees. The Company adopted the provisions of the update effective January 1, 2019. The adoption of this update did not have a material effect on our consolidated financial statements or the disclosures of share-based payments within Note 9 to these consolidated financial statements.

In August 2017, the FASB issued ASU No. 2017-12, Derivatives and Hedging (Topic 815): Targeted Improvements to Accounting for Hedging Activities. The update will make more financial and nonfinancial hedging strategies eligible for hedge accounting, changes how companies assess hedge effectiveness, and amends the presentation and disclosure requirements for hedging transactions. The Company adopted the provisions of the update effective January 1, 2019. The adoption of this update did not have a material effect on our consolidated financial statements or the disclosures related to fair value measurements within Note 8 of these consolidated financial statements.

In January 2017, the FASB issued ASU No. 2017-01, Business Combinations (Topic 805): Clarifying the Definition of a Business, which clarifies the definition of a business as it relates to acquisitions and business combinations. The update adds further guidance that assists preparers in evaluating whether a transaction will be accounted for as an asset or a business. We expect most of our hotel property acquisitions to qualify as asset acquisitions under the standard which requires the capitalization of acquisition costs to the underlying assets. The Company expects the standard to have an impact on our financial statements in periods during which we complete significant hotel acquisitions. The Company has adopted ASU No. 2017-01 effective, January 1, 2018.

In November 2016, the FASB issued ASU No. 2016-18, Statement of Cash Flows (Topic 230), which provides guidance on the presentation of restricted cash or restricted cash equivalents within the statement of cash flows. Accordingly, amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. The Company adopted this standard effective January 1, 2018. The adoption of ASU No. 2016-18 changed the presentation of the statement of cash flows for the Company and we utilized a retrospective transition method for each period presented within financial statements for periods subsequent to the date of adoption. Additionally, the Company provides a reconciliation within Note 11 of cash, cash equivalents, and restricted cash to their relative balance sheet captions.

Table of Contents

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842), which provides the principles for the recognition, measurement, presentation and disclosure of leases. The accounting for lessors will remain largely unchanged from current GAAP; however, the standard requires that certain initial direct costs be expensed rather than capitalized. Under the standard, lessees apply a dual approach, classifying leases as either finance or operating leases. A lessee is required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months, regardless of their lease classification. Based on the review of our leases, we are a lessee on ground leases in certain markets, hotel equipment leases, and office space leases. The Company adopted the provisions of the update effective January 1, 2019. As a result, the Company recorded a right of use asset and corresponding lease liability of \$55,515 at January 1, 2019 for leases where we are the lessee. The Company also reclassified \$11,050 previously included in intangible assets to the right of use asset, related to purchase accounting adjustments for below market rate leases. Additionally, the Company reclassified \$19,627 previously included in accounts payable and accrued expenses to the right of use asset. This reclassification related to amounts recorded for accrued lease expense, as a result of using the straight-line rent method, and intangible liabilities derived from land leases acquired at above market lease rates. Upon adoption the right of use asset had a weighted average useful life of 64.2 years. We are also a lessor in certain office space and retail lease agreements related to our hotels and the adoption of this ASU did not have a material impact on our accounting for leases where we are the lessor. The adoption of this ASU did not impact revenue recognition policies for the Company. See Note 6 to these consolidated financial statements for further lease disclosures.

Item 3. Quantitative and Qualitative Disclosures About Market Risk (in thousands, except per share data)

Our primary market risk exposure is to changes in interest rates on our variable rate debt. As of March 31, 2019, we are exposed to interest rate risk with respect to variable rate borrowings under our Credit Facility, Second and Third Term Loans and certain variable rate mortgages and notes payable. As of March 31, 2019, we had total variable rate debt outstanding of \$242,351 with a weighted average interest rate of 4.45%. The effect of a 100 basis point increase or decrease in the interest rate on our variable rate debt outstanding as of March 31, 2019 would be an increase or decrease in our interest expense for the three months ended March 31, 2019 of \$590.

Our interest rate risk objectives are to limit the impact of interest rate fluctuations on earnings and cash flows and to lower our overall borrowing costs. To achieve these objectives, we manage our exposure to fluctuations in market interest rates for a portion of our borrowings through the use of fixed rate debt instruments to the extent that reasonably favorable rates are obtainable with such arrangements. We have also entered into derivative financial instruments such as interest rate swaps or caps, and in the future may enter into treasury options or locks, to mitigate our interest rate risk on a related financial instrument or to effectively lock the interest rate on a portion of our variable rate debt. As of March 31, 2019, we have interest rate caps related to debt on the Hyatt Union Square, New York, NY, and Annapolis Waterfront Hotel, MD and we have five interest rate swaps related to debt on the Courtyard LA Westside, Culver City, CA, Hilton Garden Inn, 52nd Street, New York, NY, and our Unsecured Term Loans. We do not intend to enter into derivative or interest rate transactions for speculative purposes.

As of March 31, 2019, approximately 86% of our outstanding consolidated long-term indebtedness is subject to fixed rates or effectively capped, while 14% of our outstanding long term indebtedness is subject to floating rates, including borrowings under our Credit Facility, and First Term Loan.

Changes in market interest rates on our fixed-rate debt impact the fair value of the debt, but such changes have no impact on interest expense incurred. If interest rates rise 100 basis points and our fixed rate debt balance remains constant, we expect the fair value of our debt to decrease. The sensitivity analysis related to our fixed-rate debt assumes an immediate 100 basis point move in interest rates from their March 31, 2019 levels, with all other variables held constant. A 100 basis point increase in market interest rates would cause the fair value of our fixed-rate debt outstanding at March 31, 2019 to be approximately \$1,089,157 and a 100 basis point decrease in market interest rates would cause the fair value of our fixed-rate debt outstanding at March 31, 2019 to be approximately \$1,132,819.

We regularly review interest rate exposure on our outstanding borrowings in an effort to minimize the risk of interest rate fluctuations. For debt obligations outstanding as of March 31, 2019, the following table presents expected principal repayments and related weighted average interest rates by expected maturity dates:

	Less Than 1 Year	1 - 3 years	4 - 5 Years	After 5 Years	Total	
Fixed Rate Debt	\$1,103	\$598,475	\$230,020	\$51,930	\$881,528	
Weighted Average Interest Rate	4.26	% 4.49	% 4.74	% 4.15	% 4.41	%
Floating Rate Debt	\$100,803	\$25,280	\$815	\$78,453	\$205,351	
Weighted Average Interest Rate	5.16	% 5.25	% 5.37	% 5.49	% 5.32	%
	\$101,906	\$623,755	\$230,835	\$130,383	\$1,086,879	
Line of Credit	\$—	\$37,000		\$—	\$37,000	
Weighted Average Interest Rate	—	4.74	%	—	—	%
	\$101,906	\$660,755	\$230,835	\$130,383	\$1,123,879

Item 4. Controls and Procedures

Based on the most recent evaluation, the Company's Chief Executive Officer and Chief Financial Officer believe the Company's disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) were effective as of March 31, 2019.

There were no changes to the Company's internal controls over financial reporting during the three months ended March 31, 2019, that materially affected, or are reasonably likely to materially affect, the Company's internal controls over financial reporting.
