### **VODAFONE STARTS 3G SERVICES IN EUROPE**

Vodafone today announces the commercial launch of its 3G services in Europe. The first service from Vodafone will be the Vodafone Mobile Connect 3G/GPRS datacard, Europe's first high speed lap top datacard.

With data rates of up to 384kbps, the Vodafone Mobile Connect 3G/GPRS datacard will enable Vodafone customers to access all their usual office applications like e-mail, calendar and internet at up to ten times the speed of GPRS. This will enable customers with a lap top to work anywhere just as if they are in the office. The greater data speed of the Vodafone Mobile Connect 3G/GPRS datacard, coupled with its reliability and ease of use, will generate greater business productivity and enhanced responsiveness from mobile workers.

Vodafone Mobile Connect 3G/GPRS datacard will be available in Germany, Italy, the Netherlands, Portugal, Spain, Sweden and the UK over the next four weeks. The commercial launch of the 3G datacard follows successful customer trials conducted across Europe with thousands of business customers.

3G coverage is currently offered in most Vodafone markets in major cities and an increasing number of transport routes. When outside of 3G network coverage, the Vodafone Mobile Connect 3G/GPRS datacard automatically switches to Vodafone's GPRS network, which offers full coverage, meaning Vodafone customers will have continuous access to their normal office applications. 3G coverage will be expanded continually by Vodafone over the next few years.

Customer trials of Vodafone's consumer 3G service, which will enhance the Vodafone live! offering, are currently being conducted with selected Vodafone customers across Europe. Initial customer feedback is positive and Vodafone will introduce a consumer service in the next few months, with an enhanced range of 3G devices and services becoming available later in the year.

Peter Bamford, Chief Marketing Officer, said:

The announcement of the launch of our 3G services is a major milestone in Vodafone's 3G journey. With significantly faster data rates and greater capacity, customers will really start to see and experience the huge benefits of 3G, by being able to do more, faster. Feedback received from our customers indicates how the card can transform the way they work.

The benefits of Vodafone's investment in 3G and the step change in customer experience it brings, will become increasingly evident this year as we introduce new 3G devices and services for both business and consumer customers. 3G will enable Vodafone to drive more mobile minutes, deliver high quality content and entertainment, and enable greater productivity by mobilising business. In introducing our 3G offerings, we will be taking further advantage of our scale and scope and thereby delivering better services to our customers and more value to our shareholders.

**VODAFONE ADDS LUXEMBOURG TO PARTNER NETWORK COMMUNITY**

## Edgar Filing: Hansen Michael E - Form 3

Vodafone today announces the signing of a new Partner Network Agreement, making LUXGSM Vodafone's exclusive Partner in Luxembourg.

The mutually beneficial partnership brings together two well-recognised brands; Vodafone is the world's largest mobile community and LUXGSM, the mobile network of P&TLuxembourg, is Luxembourg's leading mobile operator. Under the terms of the agreement, both companies will co-operate in developing and offering products and services to international travellers and domestic customers.

As a Partner Network, LUXGSM will offer Vodafone and its partners' customers seamless access to Vodafone's international mobile services while travelling in Luxembourg. LUXGSM customers will enjoy the benefits of Vodafone's roaming services across its extensive global footprint.

Peter Bamford, Chief Marketing Officer, Vodafone said: Vodafone's Partner Network strategy represents an increasingly significant development in the delivery of Vodafone's mobile services. By partnering with leading mobile operators such as LUXGSM, Vodafone is able to market its portfolio of global services in new territories, extend its brand reach into new markets and create additional revenue without equity investment. I am delighted to welcome LUXGSM to the world's largest mobile community.

Marcel Gross, Chief Executive Officer, P&T Luxembourg, said: In an increasingly mobile environment, we are pleased to partner with Vodafone to offer even more freedom to our LUXGSM customers, as well as highly competitive international roaming tariffs. Our agreement with Vodafone reinforces LUXGSM's leading position in Luxembourg.

Following today's announcement, Vodafone's portfolio of global services, supported by its global brand, will be available in a total of 12 Partner Network countries: Austria, Bahrain, Croatia, Denmark, Estonia, Finland, Iceland, Kuwait, Lithuania, Luxembourg, Slovenia and Singapore, in addition to its subsidiary and associate markets.

**VODAFONE LAUNCHES EUROPE'S FIRST MEGA-PIXEL CAMERA PHONE**

Vodafone today announces the latest addition to its range of Vodafone live! exclusive handsets and the first mega-pixel camera phone for GSM networks – the Sharp GX30. The new phone follows the Sharp GX10, GX10i and the GX20, some of the best-selling handsets in the Vodafone live! range.

The state-of-the-art Sharp GX30 comes with a built-in CCD camera capable of taking one million-pixel high-quality images, the first of its kind in Europe. For the first time on GSM networks, Vodafone customers will be able to take photographs suitable for print out and eliminate the need to carry a separate digital camera. Additional new features include a unique 262,144 colour large-sized LCD screen (four times the quality of the GX20), a removable SD memory card for greater storage and easy transfer, as well as an MP3 player, enabling customers to play their favourite music tracks on their handset.

Peter Bamford, Chief Marketing Officer, said, "The Sharp GX30 is a clear example of how Vodafone is using its global scale and scope to deliver the latest mobile technology to its European customers. By operating as a global team, Vodafone can deliver a phone like the Sharp GX30 – a phone that is packed with all the latest features, has a great design, yet is still easy to use. By expanding the customer proposition through handset innovation, Vodafone is creating a richer and broader service platform from which to drive revenue growth."

The Sharp GX30 will be available in retail stores from March 2004.

20 February 2004

**VODAFONE WELCOMES CYPRUS TO ITS GLOBAL COMMUNITY**

Vodafone today announces that it has signed a Partner Network Agreement with CYTA in Cyprus. CYTA, whose mobile division is branded Cytamobile, becomes the thirteenth Vodafone Partner Network and the latest member of Vodafone's global mobile community.

Under the agreement, Cytamobile will completely re-brand to Cytamobile-Vodafone, and will market Vodafone's international mobile services within Cyprus, using the existing Vodafone service names, enabling Vodafone to further expand its global services footprint and to leverage the Vodafone brand. The companies will also co-operate in developing services to international and domestic customers.

Cytamobile-Vodafone customers will be able to enjoy the benefits of Vodafone's international services across the Vodafone global footprint, while Vodafone and its partners' customers will have seamless access to Vodafone's international mobile services while travelling in Cyprus.

Peter Bamford, Chief Marketing Officer, Vodafone, said, "Vodafone's Partner Network strategy is going from strength to strength, bringing benefits to both the local operators and Vodafone. The relationship between Vodafone and Cytamobile will make life easier, and offer better value, for our customers in the region.

Nicos Timotheou, General Manager, CYTA said, "With this agreement, Cytamobile, which is the local operator, becomes a member of the largest mobile communications network. This is very important for a local company of a small country. The agreement with Vodafone will allow us to enrich the product offering to our customers and further support our vision to become the best competitive enterprise in Cyprus.

Following today's announcement, Vodafone's portfolio of global services, supported by its global brand, will be available in a total of 13 Partner Network countries\*.

**VODAFONE S MOBILE CONNECT CARD WINS AT CANNES**

## Edgar Filing: Hansen Michael E - Form 3

At the 2004 GSM Association Awards Ceremony in Cannes, France, yesterday evening, Vodafone was awarded one of the mobile industry's most prestigious awards, Best Mobile Application or Service: Corporate Market, for its Mobile Connect Card.

**Best Mobile Application Or Service: Corporate Market**

## Edgar Filing: Hansen Michael E - Form 3

First launched in April 2003, the Vodafone Mobile Connect Card allows you to get online via your laptop computer from almost any location without the need to plug in your mobile or find the nearest jack. Simply install the software, plug in the datacard (including your Vodafone SIM) and you're away! As a fully integrated connectivity solution for notebook users, the Vodafone Mobile Connect Card provides quick, simple and secure access to existing business information systems such as email, corporate applications, company intranets and the internet, whenever and wherever it is needed.

Peter Bamford, Chief Marketing Officer, Vodafone, said:

It is very gratifying for Vodafone's Mobile Connect Card to be recognised by the industry in this way. Earlier this month Vodafone announced the commercial launch of its 3G services with the Vodafone Mobile Connect 3G/GPRS datacard, Europe's first high speed laptop datacard. With this enhancement to the service, coupled with its reliability and ease of use, the Mobile Connect Card will continue to enhance the efficiency of businesses thereby delivering better services to our customers and more value to our shareholders.

- ends -

### **Notes for editors:**

Vodafone's Mobile Connect Card is available to Vodafone customers in Australia, Egypt, France, Germany, Greece, Hungary, Ireland, Italy, Malta, the Netherlands, New Zealand, Portugal, Spain, Sweden and the UK.

Vodafone Mobile Connect 3G/GPRS datacard will be available in Germany, Italy, the Netherlands, Portugal, Spain, Sweden and the UK over the next four weeks. The commercial launch of the 3G datacard follows successful customer trials conducted across Europe with thousands of business customers.

2004/017

30<sup>th</sup> March 2004

**THE NATIONAL AUTISTIC SOCIETY COMMUNICATES WITH  
THE VODAFONE UK FOUNDATION**

**The National Autistic Society (NAS)** has announced that **The Vodafone UK Foundation** is providing financial support for three key volunteer programmes over a period of three years. The donation of £850,000 will support the following programmes:-

**Parent to Parent** is a confidential telephone support service, provided by other volunteer parents, offered to parents of an adult or child with an autistic spectrum disorder. Part of the funding will be used to develop this helpline.

**Befriending Scheme.** NAS volunteer befrienders spend a few hours each week with a person with autism or their family. The Vodafone UK Foundation donation will ensure that the NAS can match more volunteers to more families and individuals.

**Asperger syndrome Social Groups.** This programme ensures that teenagers and young adults with Asperger syndrome meet in a safe environment to partake in leisure activities and skill learning.

Stuart Notholt, Director of Policy & Public Affairs for the NAS said, "Autism is now recognised as a much more widespread condition than was previously thought. The support of The Vodafone UK Foundation in these essential projects will make a real and positive difference to the lives of people with autism and their families."

Both Vodafone and The National Autistic Society are in the communication field commented Alan Harper, Trustee for The Vodafone UK Foundation. "Autism is a disorder that deprives people of the basic communication skills we take for granted. It makes perfect sense therefore for The Vodafone UK Foundation to support this extremely worthwhile organisation."

**NOTES TO EDITORS:**

**THE VODAFONE UK FOUNDATION**

The Vodafone UK Foundation is a registered charity, partly funded by the Vodafone Group Foundation and from donations from Vodafone UK Limited.

The Vodafone UK Foundation's mission statement is to make social investments that help the people of the UK to have fuller lives by:

Enabling access to information and opportunities primarily via mobile technology

Supporting the local communities in which Vodafone has a significant physical presence.

Supporting Vodafone employees in their engagement in community activities

Support is focused on including the excluded, particularly those in the 16-25 and over 50s age groups.

More information can be obtained by visiting [www.vodafoneukfoundation.org](http://www.vodafoneukfoundation.org) <<http://www.vodafoneukfoundation.org>> or e-mailing [thevodafoneukfoundation@vodafone.com](mailto:thevodafoneukfoundation@vodafone.com)

**THE NATIONAL AUTISTIC SOCIETY**

Autism (including Asperger syndrome) is a lifelong developmental disability. It is a spectrum disorder occurring in varying degrees of severity and affects more than an estimated 500,000 people in the UK. It is characterised by a triad of impairments that involve difficulties forming social relationships, problems with verbal and non-verbal communication and a lack of imagination.

## Edgar Filing: Hansen Michael E - Form 3

The National Autistic Society (NAS) is the UK's leading charity for people with autistic spectrum disorders and their families. In its 42nd year it continues to spearhead national and international initiatives and provide a strong voice for autism. The society provides a wide range of services to help people with autism and Asperger syndrome live their lives with as much independence as possible.

Autism Awareness Week 2004 will be held from 17-24 May. The focus will be on planning for life. Autism is a lifelong disorder and we will be looking at the position of ageing individuals with autism and their families and highlighting the issues faced during the many transition stages in life. The National Autistic Society (NAS) will be holding a number of exciting events around the UK during AAW 2004 including a conference, parliamentary reception, corporate fundraising challenge and regional awareness-raising activities. Journalists requiring further information or interviews with spokespeople or case studies should contact the NAS PR & Media team on 020 7903 3593 or out-of-hours on 07787 124 792 or email [press@nas.org.uk](mailto:press@nas.org.uk)
