PROXY STATEMENT

May 1, 2006

This proxy statement is furnished in connection with the solicitation of proxies by our Board of Directors for use at the annual meeting of stockholders of EXACT Sciences Corporation, a Delaware corporation (the Company or EXACT) to be held at the offices of Goodwin Procter LLP, our outside legal counsel, located at Exchange Place, 53 State Street, Boston, Massachusetts 02109 on July 21, 2006, at 10:00 a.m., local time, and any adjournments or postponements thereof. Our 2005 Annual Report to Stockholders, containing financial statements for the fiscal year ended December 31, 2005, is being mailed together with this proxy statement to all stockholders entitled to vote at the annual meeting. This proxy statement and the accompanying notice and form of proxy is expected to be first sent or given to stockholders on or about May 25, 2006.

The record date for the determination of stockholders entitled to notice of and to vote at the annual meeting has been fixed by our Board of Directors as the close of business on May 23, 2006. Holders of our common stock are entitled to cast one vote for each share held of record at the close of business on May 23, 2006 on each matter submitted to a vote at the annual meeting. As of April 21, 2006, 26,397,603 shares of the Company's common stock were outstanding.

Stockholders may vote in person or by proxy. Execution of a proxy will not in any way affect a stockholder's right to attend the annual meeting and vote in person. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing with the Secretary of the Company, before the taking of the vote at the annual meeting, a written notice of revocation bearing a later date than the proxy, (ii) duly completing a later-dated proxy relating to the same shares and delivering it to the Secretary of the Company before the taking of the vote at the annual meeting, or (iii) attending the annual meeting and voting in person (although attendance at the annual meeting will not in and of itself constitute a revocation of a proxy). If a stockholder is not attending the annual meeting, any proxy or notice of revocation should be returned to the Secretary of the Company at the above address in time for receipt no later than the close of business on the day preceding the annual meeting.

A majority in interest of the outstanding shares of our common stock entitled to vote and represented at the annual meeting in person or by proxy shall constitute a quorum for the transaction of business. Votes withheld from any nominee, abstentions and broker non-votes are counted as present or represented for purposes of determining the presence or absence of a quorum for the annual meeting. A non-vote occurs when a broker or other nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the broker or other nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Directors are elected by a plurality of the votes cast by stockholders entitled to vote and voting on the matter at the annual meeting. On all other matters that may be submitted to stockholders, an affirmative vote of at least

a majority of the shares present, or represented by proxy, entitled to vote and voting at the annual meeting is required for approval. Broker non-votes on any matter shall be deemed not to have been voted on such matter. The vote on each matter submitted to stockholders is tabulated separately.

The persons named as attorneys-in-fact in the proxy, Don M. Hardison and Jeffrey R. Lubner, were selected by the Board of Directors and are officers of the Company. All properly executed proxies returned in time to be counted at the meeting will be voted by such persons at the meeting. Where a choice has been specified on the proxy with respect to the foregoing matters, the shares represented by the proxy will be voted in accordance with the specifications. With respect to the election of directors, any stockholder submitting a proxy has a right to withhold authority to vote for any individual nominee by writing that nominee's name in the space provided on the proxy. Where a proxy is properly signed and returned without indicating any voting instructions regarding the foregoing matters, the shares represented by the proxy will be voted **FOR** the proposal.

The Board of Directors knows of no other matters to be presented at the annual meeting. If any other matter should be presented at the annual meeting upon which a vote properly may be taken, shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named in the proxies.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

Board Independence

The Board of Directors has determined that each of Sally W. Crawford, Edwin M. Kania, Jr., Lance Willsey, Connie Mack, III and Patrick J. Zenner, comprising five of its seven members, is an independent director within the meaning of the director independence standards of The NASDAQ Stock Market, Inc. (NASDAQ) and the applicable rules of the SEC. Furthermore, the Board has determined that all of the members of the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee are independent within the meaning of the applicable director independence standards of NASDAQ and the SEC.

Executive Sessions of Independent Directors

Executive sessions of our independent directors are generally held following each regularly scheduled in-person meeting of the Board of Directors. Executive sessions do not include any non-independent directors of the Company and are chaired by a Lead Independent Director who is appointed annually by the Board of Directors from our independent directors. Ms. Crawford, our Chairperson, also currently serves as the Lead Independent Director. The Lead Independent Director is also responsible for coordinating the activities of the independent directors. The independent directors of the Board of Directors met in executive session five times in 2005.

Policy Governing Security Holder Communications with the Board of Directors

Any of our security holders who wishes to communicate directly with the Board of Directors or an individual member of the Board of Directors may do so by sending such communication by certified mail addressed to the Chairperson of the Board, as a representative of the entire Board of Directors, or to the individual director or directors, in each case, c/o Office of the General Counsel, EXACT Sciences Corporation, 100 Campus Drive, Marlborough, Massachusetts 01752. We will forward any such security holder communication to the Chairperson and/or to the director to whom the communication is addressed on a periodic basis.

Policies Regarding Director Nominations

Director Qualifications

The Corporate Governance and Nominating Committee is responsible for reviewing with the Board of Directors from time to time the appropriate qualities, skills and characteristics desired of members of the Board of Directors in the context of the needs of the business and current make-up of the Board of Directors. Director candidates are considered based upon a variety of criteria, including demonstrated business and professional skills and experiences relevant to EXACT's business and strategic direction, concern for long-term shareholder interests, personal integrity and sound business judgment. The Board of Directors seeks members from diverse professional backgrounds who combine a broad spectrum of relevant industry and strategic experience and expertise that, in concert, offer the Company and its shareholders diversity of opinion and insight in the areas most important to EXACT and its corporate mission. In addition, nominees for director are selected to have complementary, rather than overlapping, skill sets. All candidates for director nominee must have time available to devote to the activities of the

Board of Directors. The Corporate Governance and Nominating Committee also considers the independence of candidates for director nominee, including the appearance of any conflict in serving as a director. Candidates for director nominees who do not meet all of these criteria may still be considered for nomination to the Board of Directors, if the Corporate Governance and Nominating Committee believes that the candidate will make an exceptional contribution to the Company and its stockholders.

Process for Identifying and Evaluating Director Nominees

The Board of Directors is responsible for selecting its own members. The Board of Directors delegates the selection and nomination process to the Corporate Governance and Nominating Committee, with the expectation that other members of the Board of Directors, and of management, may be requested to take part in the process as appropriate. Generally, the Corporate Governance and Nominating Committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisers, through the recommendations submitted by other directors or stockholders or through such other methods as the Corporate Governance and Nominating Committee deems appropriate. Once candidates have been identified, the committee confirms that the candidates meet the qualifications for director nominees established by the Corporate Governance and Nominating Committee. The Committee may gather information about the candidates through interviews, detailed questionnaires, comprehensive background checks, or any other means that the Committee deems to be helpful in the evaluation process. The committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the Board of Directors. Based on the results of the evaluation process, the Corporate Governance and Nominating Committee recommends candidates for the Board of Directors' approval as director nominees for election to the Board of Directors. The committee also recommends candidates for the Board of Directors' appointment to the standing committees of the Board of Directors.

Procedures for Recommendation of Director Nominees by Stockholders

The policy of the Corporate Governance and Nominating Committee is to consider properly submitted shareholder nominations for candidates for membership on the Board of Directors. Stockholders, in submitting recommendations to the Corporate Governance and Nominating Committee for director nominee candidates, shall make such recommendation in writing and shall include:

- the name and address of the stockholder making the recommendation, as they appear on the Company's books and records, and of such record holder's beneficial owner;
- the number of shares of capital stock of the Company that are owned beneficially and held of record by such stockholder and such beneficial owner;
- the name of the individual recommended for consideration as a director nominee;
- why such recommended candidate meets the Company's criteria and would be able to fulfill the duties of a director;
- how the recommended candidate meets applicable independence requirements established by the SEC and NASDAQ;
- the recommended candidate's beneficial ownership in the Company's securities;

- any relationships between the recommended candidate and the Company which may constitute a conflict of interest; and
- all other information relating to the recommended candidate that would be required to be disclosed in solicitations of proxies for the election of directors or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act, including the recommended candidate's written consent to being named in the proxy statement as a nominee and to serving as a director if approved by the Board of Directors and elected.

Nominations must be sent to the Chairman of the Corporate Governance and Nominating Committee, c/o Secretary, EXACT Sciences Corporation, 100 Campus Drive, Marlborough, Massachusetts 01752. The Secretary must receive any such recommendation for nomination not later than the close of business on the 120th day nor earlier than the close of business on the 150th day prior to the first anniversary of the date of the proxy statement delivered to stockholders in connection with the preceding year's annual meeting; provided, however, that with respect to a special meeting of stockholders called by the Company for the purpose of electing directors to the Board of Directors, the Secretary must receive any such recommendation not earlier than the 90th day prior to such special meeting nor later than the later of (i) the close of business on the 60th day prior to such special meeting or (ii) the close of business on the 10th day following the day on which a public announcement is first made regarding such special meeting. The Company will promptly forward any such nominations to the Corporate Governance and Nominating Committee. Once the Corporate Governance and Nominating Committee receives the nomination of a candidate, such candidate will be evaluated and a recommendation with respect to such candidate will be delivered to the Board of Directors.

Policy Governing Director Attendance at Annual Meetings of Stockholders

The Company's policy is to schedule a regular meeting of the Board of Directors on the same date as the Company's annual meeting of stockholders and, accordingly, directors are encouraged to be present at such stockholder meetings. Seven board members attended the annual meeting of stockholders held in 2005.

Code of Ethics

In 2003, we adopted a code of ethics as defined by regulations promulgated under the Securities Act of 1933, as amended, (the Securities Act) and the Exchange Act, which applies to all of our directors, officers and employees. The code of ethics is designed to deter wrongdoing and promote:

COMPENSATION AND OTHER INFORMATION CONCERNING DIRECTORS AND OFFICERS**Director Compensation**

We maintain a compensation package for our non-employee directors (Director Compensation Policy) to enable the Company to attract and retain, on a long-term basis, high-caliber directors who are not employees or officers of the Company or its subsidiaries. Pursuant to the Director Compensation Policy, all non-employee directors received compensation for board service as indicated in the table below. Board members, at their discretion, may choose to receive payment of their annual retainer in either cash or such number of shares of the Company's common stock that are of equal value to the annual retainer amount on the date of grant.

	Annual Retainer(1)	In-Person Meeting(2)	Telephonic Meeting
Board of Directors			
Chairperson of the Board	\$ 20,000	\$ 3,000	\$ 500
Directors	\$ 10,000	\$ 1,500	\$ 500
Board Committees			
Committee Chairperson		\$ 3,000	\$ 500
Committee Members		\$ 1,500	\$ 500

(1) The Company pays annual retainers in a lump sum in either cash or in stock.

(2) Non-employee directors receive compensation for each chairmanship and committee membership that they hold. For example, a director who is a committee chairperson as well as a member of another board committee, will receive \$1,500 for each board meeting attended, \$3,000 for each committee meeting attended at which he/she serves as committee chair, and \$1,500 for each committee meeting attended for each additional committee on which he/she serves as a member. Additionally, non-employee directors who participate telephonically at an in-person meeting shall receive 50% of the per-meeting fee.

Any newly elected non-employee director (i.e., each director joining the Board of Directors for the first time) will be granted an option to purchase 10,000 shares of common stock (adjusted for stock splits) pursuant to our 2000 Stock Option and Incentive Plan (2000 Plan), on the date they are elected to the Board of Directors (the Election Option Grant). Election Option Grants shall vest one-third on the first year anniversary of the date of grant, and then ratably thereafter on a monthly basis over a period of twenty-four months.

In addition to the Election Option Grants, each non-employee director (including any newly-elected non-employee director who has received an Election Option Grant) is granted an option to purchase 15,000 shares of common stock (adjusted for stock splits), pursuant to the 2000 Plan, on the date of the first meeting of the Board of Directors following each annual meeting of stockholders (the Annual Option Grant). The first Annual Option Grant received by a non-employee director during his/her tenure on the Board of Directors vests 100% on the date of the annual meeting of stockholders next following the date of grant. All subsequent Annual Option Grants received by a non-employee director during his/her service on the Board of Directors with the Company vest ratably over a period of twelve months from the date of each such grant. In the event that a non-employee director is elected to the Board of the Directors

other than in connection with an annual meeting of stockholders, the number of options granted to such director under the first Annual Option Grant received by such non-employee director shall be reduced by 1,250 shares for each month since the Company's last annual meeting of stockholders to the date of such non-employee director's election to the Board of Directors.

Pursuant to the Director Compensation Policy, in 2005, each of Ms. Crawford, Messrs. Lapidus, Kania, Mack, Willsey and Zenner received Annual Option Grants to purchase 15,000 shares of common stock under the 2000 Plan. In addition, each of Ms. Crawford, Messrs. Kania, Mack and Willsey elected to receive their annual retainer in shares of common stock.

All of the foregoing options are granted at fair market value on the date of grant and, except as otherwise provided under the 2000 Plan, all vesting thereunder immediately ceases upon cessation of service as a director for any reason. In addition, the form of option agreement gives directors up to one year following cessation of service as a director to exercise all options that are vested as of the date of such cessation.

The foregoing compensation is in addition to reimbursement of all out-of-pocket expenses incurred by directors in attending meetings of the Board of Directors.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The following Report of the Compensation Committee shall not be deemed to be soliciting material or to be filed with the SEC nor shall this information be incorporated by reference into any filing under the Securities Act or the Exchange Act, except to the extent that EXACT specifically incorporates it by reference into such filing.

The Compensation Committee of the Board of Directors, which is comprised solely of independent directors within the meaning of applicable rules of The NASDAQ Stock Market, Inc., outside directors within the meaning of Section 162 of the Internal Revenue Code and non-employee directors within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, is responsible for developing executive compensation policies and advising the Board of Directors with respect to such policies and administering the Company's cash incentive, stock option and employee stock purchase plans. Edwin M. Kania Jr., Lance Willsey and Patrick J. Zenner are the current members of the Compensation Committee.

Compensation Philosophy

The Compensation Committee believes that compensation of the Company's executive officers should:

- Focus executive behavior on achievement of the Company's annual and long-term objectives and strategy;
- Provide a competitive compensation package that enables the Company to attract and retain, on a long-term basis, talented executives while maintaining prudent financial management;
- Provide a total compensation structure that is generally normative with similarly sized companies in the biotechnology industry and which consists of a mix of base salary, cash incentives and equity; and
- Align the interests of management and stockholders by providing management with longer-term incentives through equity ownership.

The Company's executive compensation program consists of three primary elements: salary, long-term equity interest, primarily in the form of stock options, and a cash incentive program based on both corporate and individual performance. All of the Company's executive officers also are eligible for certain benefits offered to employees generally, including life, health, disability and dental insurance, as well as participation in the Company's 401(k) plan and 2000 Employee Stock Purchase Plan. The Company also enters into change in control agreements with its executive officers that provide for certain severance benefits upon termination of employment following a change in control of the Company. In addition, the Committee considers and approves, from time to time, other compensatory arrangements with officers, including those discussed elsewhere in this Proxy Statement.

It is the responsibility of the Compensation Committee to administer the compensation practices of the Company, to ensure that they are competitive, financially prudent and that they include incentives that are designed to appropriately drive performance. To achieve this, the Committee reviews commercially available, industry specific survey data for companies of generally similar employee size and complexity in the biotechnology and biopharmaceutical industries as a general guide for establishing its pay and equity

practices and structures. The Committee, along with the Board of Directors, also reviews corporate and individual objectives for each of its executives quarterly, to confirm that appropriate goals have been established and to track performance against them. At the completion of each fiscal year, the Committee uses this information, along with the recommendations of the Chief Executive Officer (except for his own compensation), to determine compensation for executive officers. In making these recommendations, the Committee takes into account both the overall performance of the Company and the individual performance of officers, consulting with the Chief Executive Officer and the Board of Directors on these evaluations as appropriate.

Salary

The Compensation Committee believes that the Company's executive officers, including the Chief Executive Officer, are paid salaries in line with their qualifications, experience and responsibilities. Salaries are structured so that they are at least comparable with salaries paid by the peer companies discussed above. Salaries are reviewed generally on an annual basis.

Fiscal 2005 base salaries were determined by the Compensation Committee after considering the base salary level of the executive officers in prior years and taking into account for each executive officer the amount of base salary as a component of total compensation. Base salary levels for each of the Company's executive officers, other than the Chief Executive Officer, were also based upon evaluations and recommendations made by the Chief Executive Officer. These recommendations include an assessment of the individual's responsibilities, experience, individual performance and contribution to the Company's performance, and also generally take into account the competitive environment for attracting and retaining executives consistent with the business needs of the Company. In light of the considerations discussed above, for fiscal year 2005, the Committee increased the base salary of Mr. Luber, the Company's General Counsel and Secretary during 2005, from \$190,000 to \$210,000, and the base salary of Mr. Carelli, the Company's Controller during 2005, from \$140,000 to \$150,000. The base salaries for fiscal year 2005 of each of the Company's other executive officers, including the Chief Executive Officer, remained the same as for fiscal year 2004.

Long-Term Incentives

Executive officers (and other employees) are eligible to receive restricted stock, stock option grants and other stock awards that are intended to promote success by aligning employee financial interests with long-term shareholder value. These stock-based incentives, which in recent years have consisted solely of stock option grants, are based on various factors primarily relating to the responsibilities of the individual officer or employee, their past performance, anticipated future contributions and prior option grants. In general, the Compensation Committee bases its decisions to grant stock-based incentives on recommendations of management and the Committee's analysis of third-party compensation information, with the intention of keeping the executives' overall compensation, including the equity component of that compensation, at a competitive level with the comparator companies reviewed by the Committee in the biotechnology and biopharmaceutical industries. The Compensation Committee also considers the number of shares of common stock outstanding, the number of shares of common stock authorized for issuance under its equity compensation plans, the number of options and shares held by the executive officer for whom an award is being considered and the other elements of the officer's compensation, as well as the

Company's compensation objectives and policies described above. As with the determination of base salaries and short term incentive payments, the Committee exercises subjective judgment and discretion in view of the above criteria.

During fiscal year 2005, the Compensation Committee made stock option grants to each of the executive officers generally targeted at the market median of the comparator companies reviewed by the Committee in the biotechnology and biopharmaceutical industries, with adjustments to reflect roles within the Company, individual performance and the overall incentive opportunity provided each officer. The stock options granted to executive officers under the Company's 2000 Stock Option and Incentive Plan have an exercise price equal to the fair market value of the common stock at the time of grant. Stock options granted in 2005 vest at a rate of 25% one year following the date of grant and in equal monthly installments over the next 36 months, with potential vesting acceleration upon achievement of certain corporate goals and objectives. As a result of the achievement of certain corporate goals in 2004 established by the Committee, the vesting of certain options granted to executive officers in fiscal year 2004 were accelerated in 2005 such that 50% of the shares under the options became exercisable on the anniversary of the grant and 50% would become exercisable on the second anniversary.

The Committee believes that these equity incentives provide the executive officers with the opportunity to acquire long-term stock ownership positions, and help to align the executives' interests with stockholders' interests. The Committee believes that this directly motivates executive officers to maximize long-term stockholder value.

Cash Incentive

The Compensation Committee believes that some portion of overall cash compensation for executive officers should be at risk, i.e., contingent upon successful implementation of the Company's strategy. The granting of a cash bonus is totally discretionary and is based on an evaluation of achievement against predetermined corporate and individual performance objectives, generally on a fiscal-year basis, in accordance with the Company's Executive Incentive Plan that is approved by the Compensation Committee. Among the performance objectives considered by the Compensation Committee in awarding incentive compensation to executive officers for fiscal 2005, were performance against individual objectives, as well as the achievement by the Company of certain key corporate operational goals.

Under the Company's Executive Incentive Plan, payouts for achievement of individual objectives are generally made in cash whereas payouts for achievement of corporate objectives are made in common stock. The amount of stock granted is based on a cash value calculated as a multiple of an executive's individual cash payout, with the multiplier determined based upon the achievement of the corporate objectives described above. The plan also provides that unless a minimum number of corporate objectives are achieved, no stock or individual cash payments are made. No payments were made under the Company's Executive Incentive Plan for fiscal 2005 as the Company did not achieve the minimum number of corporate goals established for fiscal 2005. Mr. Carelli was not eligible to participate in the Company's Executive Incentive Plan in 2005. Mr. Carelli was paid a \$10,000 cash bonus for the successful achievement of individual goals related to certain financial reporting objectives.

Pursuant to the Company's Executive Incentive Plan for fiscal 2004, the Committee had approved the eligibility of Mr. Hardison, the Company's President and Chief Executive Officer, and Messrs. Shuber and

Luber to receive stock awards in 2005 equal to \$55,000, \$45,000 and \$25,000, respectively, upon achievement of a fiscal year 2005 corporate performance objective. These stock awards were not made because the Company did not achieve the specified fiscal 2005 corporate objective.

Other Compensation

The Company also permits executive officers and other employees to purchase common stock at a discount through the Company's 2000 Employee Stock Purchase Plan. Employees, including executive officers, may also participate in the Company's 401(k) Plan. In 2006, the Committee approved an amended EXACT Sciences 401(k) Plan, retroactive for the 2005 calendar plan year that provides for the investment of a portion of plan assets in shares of the Company's common stock. The Committee also approved a discretionary matching Company contribution to the plan for 2005. The 2005 contribution will be made using Company stock in an amount equal to fifty-percent (50%) of an employee's total salary deferrals into the plan, consistent with provisions of the plan documents and IRS guidelines. This matching contribution will result in stock contributions valued at \$9,000 to each of Messrs. Hardison and Wilcox and stock contributions valued at \$7,000 to each of Messrs. Shuber, Luber and Carelli. The Compensation Committee reviewed these additional benefits, together with the primary compensation elements of salary, long-term incentives and cash incentives, in determining the total compensation for the Company's executive officers. The Committee believes that these elements of compensation were reasonable in the aggregate.

Chief Executive Officer Compensation

Mr. Hardison's compensation throughout fiscal year 2005 was determined in accordance with the executive compensation program described above. Mr. Hardison's base salary for fiscal year 2005 was set at \$355,000, which represents no increase over his fiscal 2004 base salary. Mr. Hardison's base salary was established, in part, by comparing the base salaries of presidents/chief executive officers at the peer companies discussed above consistent with the business needs of the Company. Mr. Hardison is eligible for a bonus based upon the attainment of both individual and company performance goals and objectives established by the Compensation Committee at the beginning of the year. Mr. Hardison did not receive a bonus for fiscal year 2005. This was determined based upon the Compensation Committee's assessment that the Company's overall performance against the achievement of predetermined corporate objectives, in accordance with the Company's 2005 Executive Incentive Plan, did not achieve the minimum threshold necessary for payouts to be made. As discussed above, Mr. Hardison also did not receive an additional stock award in 2006 equal to \$55,000 based upon the achievement of a fiscal year 2005 corporate performance objective. As a result of the achievement of certain corporate goals in 2004 established by the Committee, the vesting of certain options granted to Mr. Hardison in fiscal year 2004 were accelerated in 2005 such that 50% of the shares under the options became exercisable on the anniversary of the grant and 50% would become exercisable on the second anniversary.

Mr. Hardison's total compensation for fiscal year 2005 is set out in detail in the Executive Compensation Table above.

Compliance with Internal Revenue Code Section 162(m)

In general, under Section 162(m) of the Internal Revenue Code of 1986, as amended, the Company cannot deduct, for federal income tax purposes, compensation in excess of \$1,000,000 paid to certain executive officers. This deduction limitation does not apply, however, to compensation that constitutes qualified performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code and the regulations promulgated thereunder. The Company has considered the limitations on deductions imposed by Section 162(m) of the Internal Revenue Code, and it is the Company's present intention that, with the exception of stock awards made to such executives pursuant to the 2000 Stock Option and Incentive Plan after the date of the Company's 2004 annual meeting of stockholders and for so long as it is consistent with the Compensation Committee's overall compensation objective, tax deductions attributable to executive compensation will generally not be subject to the deduction limitations of Section 162(m). The Company recognizes that tax deductions attributable to executive compensation under the 2000 Stock Option and Incentive Plan may after the date of the 2004 annual meeting of stockholders be subject to the deduction limitations of Section 162(m).

Conclusion

Through the plans described above, a very significant portion of the Company's compensation program is contingent on the Company's performance, and realization of benefits is closely linked to return on investment and the long term growth in shareholder value. The Company remains committed to this philosophy of pay for performance, while also recognizing the competitive market for talented executives and the need to attract and retain key talent needed to obtain its business objectives.

Severance and Change in Control Arrangements

We have entered into a severance agreement with each of Messrs. The Stock Performance Graph in the Company's Proxy Statement for its 2005 annual meeting of stockholders provided a comparison against the NASDAQ Biotech Index. We have chosen to switch to a comparison with the RDG MicroCap Biotechnology Index because the issuers in that index all have a market capitalization ranging from \$0 to \$300 million and are all involved in the same broad industry in which the Company is involved. Our market capitalization as of December 31, 2005 was approximately \$58.2 million.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee shall not be deemed to be soliciting material or to be filed with the SEC nor shall this information be incorporated by reference into any filing under the Securities Act or the Exchange Act, except to the extent that EXACT specifically incorporates it by reference into such filing.

The Audit Committee is comprised of Sally W. Crawford, Edwin M. Kania, Jr. and Lance Willsey. None of the members of the Audit Committee is an officer or employee of the Company, and the Board of Directors has determined that each member of the Audit Committee meets the independence requirements promulgated by The NASDAQ Stock Market, Inc. and the SEC, including Rule 10A-3(b)(1) under the Exchange Act. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is attached as appendix A to this proxy statement.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls and the certification of the integrity and reliability of the Company's internal controls procedures. In fulfilling its oversight responsibilities, the Audit Committee has reviewed the Company's audited balance sheets at December 31, 2005 and 2004 and the related statements of operations, stockholders' equity and cash flows for each of the three years in the period ended December 31, 2005, and has discussed them with both management and Ernst & Young LLP (Ernst & Young), the Company's independent registered public accounting firm. The Audit Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by the Statement on Auditing Standards No. 61 (*Communications with Audit Committees*), as currently in effect. The Audit Committee has reviewed permitted services under rules of the SEC as currently in effect and discussed with Ernst & Young their independence from management and the Company, including the matters in the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*), as currently in effect, and has considered and discussed the compatibility of non-audit services provided by Ernst & Young with that firm's independence. In addition, the Audit Committee discussed the rules of the SEC that pertain to the Audit Committee and the roles and responsibilities of Audit Committee members.

The Audit Committee reviewed management's report on its assessment of the effectiveness of the Company's internal control over financial reporting and the independent registered public accounting firm's report on management's assessment and the effectiveness of the Company's internal control over financial reporting. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examination; their evaluations of the Company's internal control, including internal control over financial reporting; and the overall quality of the Company's financial reporting.

Based on its review of the financial statements and the aforementioned discussions, the Audit Committee concluded that it would be reasonable to recommend, and on that basis did recommend, to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2005.

The Audit Committee also reviewed the Company's quarterly financial statements during 2005, and discussed them with both the management of the Company and the Company's independent registered public accounting firm prior to including such interim financial statements in the Company's quarterly reports on Form 10-Q.

In connection with the Company's Annual Report on Form 10-K for the year ended December 31, 2005, and quarterly reports on Form 10-Q, the Audit Committee discussed the results of the Company's certification process with the responsible executive officers relating to the certification of financial statements under Sections 302 and 906 of the Sarbanes-Oxley Act of 2002.

The Audit Committee has also evaluated the performance of Ernst & Young, including, among other things, the amount of fees paid to Ernst & Young for audit and non-audit services in 2005. Information about Ernst & Young's fees for 2005 is discussed below in this proxy statement under Independent Auditors. Based on its evaluation, the Audit Committee has recommended that the Company retain Ernst & Young to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2006.

Respectfully submitted by the Audit Committee.

THE AUDIT COMMITTEE:

Edwin M. Kania, Jr.

Pre-approval Policies and Procedures

The Audit Committee has adopted a formal policy that requires that all services to be provided by Ernst & Young, including audit services and permitted non-audit services, must be pre-approved by the Audit Committee. The Audit Committee approved all audit and permitted non-audit services provided by Ernst & Young during fiscal year 2005 pursuant to this policy. As permitted by the SEC's rules, the Audit Committee has authorized one of its members to pre-approve audit, audit-related, tax and non-audit services, provided that such approved service is reported to the full Audit Committee at its next meeting. Proposed services that have not been pre-approved pursuant to the Audit Committee's Pre-Approval Policy must be specifically pre-approved by the Audit Committee before they may be provided by Ernst & Young. Any pre-approved services exceeding the pre-approved monetary limits require specific approval by the Audit Committee.

**PROPOSAL II
RATIFICATION AND SELECTION OF AUDITORS**

The Audit Committee of the Board of Directors has selected the firm of Ernst & Young, independent auditors, to serve as auditors for the fiscal year ending December 31, 2006. It is expected that a member of the firm will be present at the annual meeting with the opportunity to make a statement if so desired and will be available to respond to appropriate questions. Stockholder ratification of the independent auditors of EXACT is not required under Delaware law or under our sixth amended and restated certificate of incorporation or our amended and restated by-laws. If you do not ratify the selection of Ernst & Young as the independent auditors for the fiscal year ending December 31, 2006, the Audit Committee of the Board of Directors will consider the results of this vote in selecting independent auditors for future fiscal years. The Board of Directors recommends a vote **FOR** the ratification of this selection.

STOCKHOLDER PROPOSALS

Proposals of stockholders intended for inclusion in the proxy statement to be furnished to all stockholders entitled to vote at the next annual meeting of our stockholders, pursuant to Rule 14a-8 promulgated under the Exchange Act by the SEC, must be received at our principal executive offices no later than January 24, 2007. Stockholders who wish to make a proposal at the next annual meeting of our stockholders other than one that will be included in the Company's proxy statement must notify the Company between December 25, 2006 and January 24, 2007. In order to avoid controversy as to the date on which we received a proposal, it is suggested that proponents submit their proposals by Certified Mail Return Receipt Requested. In addition, such proposals must satisfy the procedures set forth in Rule 14a-8 under the Exchange Act. In addition, shareholders wishing to nominate a director should comply with the procedures set forth herein under Policies Regarding Director Nominations *Procedures for Recommendation of Director Nominees by Stockholders* located on page 12.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who own more than ten percent of a registered class of our equity securities (collectively, the Reporting Persons) to file reports of ownership and changes in ownership with the SEC. Such persons are required by regulations of the SEC to furnish us with copies of all such filings. Based solely on our review of copies of such filings, we believe that all Reporting Persons complied on a timely basis with all Section 16(a) filing requirements during the year ended December 31, 2005.

EXPENSES AND SOLICITATION

The cost of solicitation of proxies will be borne by us, and in addition to soliciting stockholders by mail, our directors, officers and other employees may, without receiving additional compensation, solicit proxies personally or by telephone. Solicitation by our directors, officers and other employees may also be made of some of our stockholders in person or by mail, telephone or telegraph following the original solicitation. We may request banks, brokers and other custodians, nominees and fiduciaries to forward proxy soliciting materials to the owners of our stock held in their names and, if so, will reimburse such banks, brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket costs incurred in connection with the distribution of such proxy materials. We may also retain an independent proxy solicitation firm to assist in the solicitation of proxies.

OTHER BUSINESS

The Board of Directors knows of no business that will be presented for consideration at the annual meeting other than those items stated above. If any other business should come before the annual meeting, votes may be cast pursuant to proxies in respect to any such business in the best judgment of the person or persons acting under the proxies.

APPENDIX A

All members of the Committee shall be able to read and understand fundamental financial statements, including a balance sheet, cash flow statement and income statement. At least one member of the Committee shall have employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. 2. Review with representatives of management and representatives of the independent accounting firm the Corporation's audited annual financial statements prior to their filing as part of the Annual Report on Form 10-K. 16. Regularly review the Company s critical accounting policies and accounting estimates resulting from the application of these policies and inquire at least annually of the Corporation s independent accounting firm as to whether it has any concerns relative to the quality or aggressiveness of management s accounting policies.
17. In consultation with management, periodically review the adequacy of the Corporation s disclosure controls and procedures and approve any significant changes thereto.

19. No later than the earliest time required by any Regulatory Body, establish procedures for (a) the receipt, retention, and treatment of complaints received by the Corporation regarding accounting, internal accounting controls, or auditing matters; and (b) the confidential, anonymous submission by employees of the Corporation of concerns regarding questionable accounting or auditing matters.
20. No later than the earliest time required by any Regulatory Body, investigate any allegations that any officer or director of the Corporation, or any other person acting under the direction of any such person, took any action to fraudulently influence, coerce, manipulate, or mislead any independent public accountant engaged in the performance of an audit of the financial statements of the Corporation for the purpose of rendering such financial statements materially misleading and, if such allegations prove to be correct, take or recommend to the Board of Directors appropriate disciplinary action.
21. No later than the earliest time required by any Regulatory Body, review and approve all related-party transactions required to be disclosed pursuant to Item 404 of Regulation S-K.

Reporting

22. Prepare, in accordance with the rules of the SEC as modified or supplemented from time to time, a written report of the Committee to be included in the Corporation's annual proxy statement for each annual meeting of stockholders.
23. Instruct the Corporation's management to disclose in its annual report and/or proxy statement for each annual meeting of stockholders the Committee's pre-approval policies and procedures for any non-audit services performed by, and the aggregate audit, audit-related, tax and other fees paid to, the independent accounting firm, and review the substance of such disclosures.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Corporation's financial statements are complete and accurate and are in accordance with generally accepted accounting principles.

SOLICITED BY THE BOARD OF DIRECTORS

The undersigned hereby appoints Don M. Hardison and Jeffrey R.
