Belo Horizonte, October 2, 2007.

Signed by: Márcio Araújo de Lacerda Chairman of the Board of Directors .

Before the items on the agenda of this meeting were put to debate and the vote, the representative of the stockholder Southern Electric Brasil Participações Ltda., stated that the changes in the Bylaws made by the EGM of October 25, 1999, and also those subsequently made, were approved only by reason of the suspension of the Stockholders' Agreement, by decision of the Judiciary, and were thus provisional and precarious. He said that, thus, the acts and transactions practiced or submitted for approval of the management bodies of Cemig under such alteration to the Bylaws made under the protection of the Court decision currently in force might, at any moment, be reviewed and withdrawn from the legal universe.

On this question, the representative of the stockholder State of Minas Gerais reminded the meeting that the decision that annulled the Stockholders Meeting entered into between the State of Minas Gerais and Southern Electric Brasil Participações Ltda. no longer has an interim or provisional character. It is, he said, a decision on the merit and, thus, is not a suspension, but an annulment. He added that there is already a decision on the merit that annuls the Stockholders Agreement confirmed by the Appeal Court of the State of Minas Gerais. He further explained that the decisions of this Meeting may take into consideration only what exists at the present moment, and it would be irresponsible not to vote on matters while awaiting decisions of the Courts, since, in reality, the said Stockholders Agreement, by force of a Court announcement, cannot produce any effect and the decisions taken are taken in strict compliance with the Court judgment. Finally, he noted that the extraordinary and special appeals brought by Southern Electric were not admitted by the Vice-Chairman of the Minas Gerais Appeal Court, and the higher Appeal Court refused the Interlocutory and Special Appeals brought by Southern Electric, strengthening the legal situation already declared by the Minas Gerais Appeal Court, that is to say, inefficacy of the Stockholders Agreement that is the subject of the action.

Again taking the floor, the representative of the stockholder Southern Electric Brasil Participações Ltda. stated that the interlocutory appeal brought against the dispatch refusing the Extraordinary Appeal, currently before the Federal Supreme Court, still awaits judgment.

Continuing the proceedings, the Chairman asked the Secretary to proceed to reading of the proposal of the Board of Directors which refers to the agenda, the content of which document is as follows:

PROPOSAL OF THE BOARD OF DIRECTORS TO THE

EXTRAORDINARY GENERAL MEETING

Dear Stockholders:

Whereas:

a) the General Attorney of the State of Minas Gerais has recommended that the Bylaws should ensure the participation of the State in the decisions of the wholly-owned subsidiaries and companies controlled by the Company, so as to preserve its position as controlling stockholder in accordance with the Constitution of the State of Minas Gerais and the current legislation;

b) there is a need for a restructuring in relation to distribution of competencies between the Company's various management bodies;

- c) **there is a need, especially, for re-adaptation of the attributions of the Audit Board, to permit that body to assume the attributions required by the Sarbanes-Oxley law;**

- d) **it is appropriate that there should be provision in the Bylaws relating to distribution of profits or economic results to the employees, and also of profits to the managers, in accordance with the limits to be set by the General Meeting of Stockholders in compliance with Article 190 of Law 6404 of December 15, 1976, and with decisions of the CVM (Securities Commission);**

- e) **it is necessary to have provision in the Bylaws for distribution of profits or economic results, also, as a means of tax planning, to enable shares of results that are distributed to be deducted directly from the profit and avoid infringement notices by the Brazilian Federal Tax Authority, such as have recently been served on the Company precisely because of the absence of this provision;**

- f) **there is a need to introduce a provision for the possibility of contracting third party liability insurance for the Company's managers, upon proposal by its Board of Directors;**

- g) **there is a need for review of various provisions of the Bylaws with a view to their better adaptation from the legal and formal point of view;**
