NOTE A Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and six month periods ended June 30, 2008, are not necessarily indicative of the results that may be expected for the year ended December 31, 2008. For further information, refer to the consolidated financial statements and footnotes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007.

PACCAR paid a 50% common stock dividend to stockholders in October 2007. All share and per share figures presented are adjusted for the effects of the dividend.

Reclassifications: Certain prior year amounts have been reclassified to conform to the 2008 presentation.

NOTE B Inventories

	June 30 2008	December 31 2007
Inventories at cost:		
Finished products	\$ 502.5	\$ 435.2
Work in process and raw materials	541.9	342.5
	1,044.4	777.7
Less LIFO reserve	(152.3)	(149.4)
	\$ 892.1	\$ 628.3

Under the LIFO method of accounting (used for approximately 42% of June 30, 2008 inventories), an actual valuation can be made only at the end of each year based on year-end inventory levels and costs. Accordingly, interim valuations are based on management's estimates of those year-end amounts.

NOTE D Product Support Liabilities

Product support liabilities consist of amounts accrued to meet product warranty obligations and deferred revenue and accrued costs associated with optional extended warranty and repair and maintenance contracts. PACCAR periodically assesses the adequacy of its recorded liabilities and adjusts them as appropriate to reflect actual experience.

Changes in product support liabilities are summarized as follows:

	2008	2007
Beginning balance, January 1	\$ 483.3	\$ 458.3
Cost accruals and revenue deferrals	168.9	157.2

Accumulated Other Comprehensive Income

Accumulated other comprehensive income was comprised of the following:

	June 30 2008		December 31 2007
Currency translation adjustment	\$ 625.8	\$	516.2
Net unrealized loss on derivative contracts	(2.1)		(8.2)
Net unrealized investment (losses) gains	(.9)		1.9
Employee benefit plans	(100.4)		(101.8)
Total accumulated other comprehensive income	\$ 522.4	\$	408.1

The currency translation gains in 2008 and 2007 are primarily attributable to changes in the value of the U.S. dollar compared to the euro.

Stock Compensation Plans

Stock-based compensation expense was \$5.0 and \$6.7 for the first six months of 2008 and 2007, respectively. Realized tax benefits related to the excess of deductible amounts over expense recognized amounted to \$3.4 and \$12.9 for the first six months of 2008 and 2007, respectively, and have been classified as a financing cash flow.

Other Capital Stock Changes

In the six months ended June 30, 2008, PACCAR issued 616,438 additional common shares under deferred and stock compensation arrangements. PACCAR purchased 4,344,900 shares of its common stock at an average price of \$46.20 during this period.

Diluted Earnings Per Share

Explanation of Responses:

Edgar Filing: AETNA INC /PA/ - Form 4

The following table shows the additional amounts added to weighted average basic shares outstanding to calculate diluted earnings per share. These amounts primarily represent the dilutive effect of stock options. Antidilutive options are excluded from the diluted earnings per share calculation and are shown separately in the table below.

Included in All other are PACCAR's industrial winch manufacturing business and other sales, income and expense not attributable to a reportable segment, including a portion of corporate expense. For the six months ended June 30, 2007, All other income before income taxes included a \$21.7 gain on sale of property in the United Kingdom.

NOTE G Fair Value Measurements

The Company adopted Statement No.157, *Fair Value Measurements* (FAS 157) effective January 1, 2008 with no effect on the financial statements. FAS 157 defines fair value and establishes a three-level hierarchy for measuring fair value of certain financial instruments based on the source of information used to determine fair value. FAS 157 also expands disclosures about fair value measurements. The hierarchy of fair value measurements is described below.

Level 1 Valuations are based on quoted prices that the Company has the ability to obtain in actively traded markets for identical assets or liabilities. Since valuations are based on quoted prices that are readily and regularly available in an active market or exchange traded market, valuation of these instruments does not require a significant degree of judgment.

Edgar Filing: AETNA INC /PA/ - Form 4

Level 2 Valuations are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

FORM 10-Q

PACCAR Inc AND SUBSIDIARIES

Notes to Consolidated Financial Statements (Unaudited)

(Millions)

Level 3 Valuations are based on model-based techniques for which some or all of the assumptions are obtained from indirect market information that is significant to the overall fair value measurement and which require a significant degree of management judgment. The Company has no financial instruments requiring Level 3 valuation.

PACCAR's assets and liabilities subject to recurring fair value measurements are either Level 1 or Level 2 and include marketable debt securities, derivative contracts and certain term debt as follows:

At June 30, 2008	Level 1	Level 2	Total
Assets:			
Marketable debt securities	\$ 209.4	\$ 377.6	\$ 587.0
Foreign currency derivatives, net		1.4	1.4
Liabilities:			
Term debt		573.8	573.8
Interest rate derivatives, net		26.9	26.9

The Company's marketable debt securities consist of municipal bonds, foreign government obligations and investment-grade corporate bonds.

The fair value of foreign government obligations and foreign corporate bonds is based on quoted prices in active markets. These are categorized as Level 1.

The fair value of municipal bonds is estimated using recent transactions, market price quotations, and pricing models that consider, where applicable, interest rates and other observable market information. These bonds are categorized as Level 2.

A portion of the Company's fixed-rate term debt has been converted to variable rate term debt using fair value hedges. Fair value is determined using modeling techniques that include market inputs such as interest rates. This debt is categorized as Level 2.

The Company's derivative contracts consist of interest rate contracts and foreign currency exchange contracts. These derivative contracts are over the counter and their fair value is determined using modeling techniques that include market inputs such as interest rates, yield curves and currency exchange rates. These contracts are categorized as Level 2.

NOTE H Employee Benefit Plans

PACCAR has several defined benefit pension plans, which cover a majority of its employees.

The following information details the components of net pension expense for the Company's defined benefit plans:

	Three Months Ended June 30		Six Months Ended June 30	
	2008	2007	2008	2007
<i>Components of Pension Expense :</i>				
Service cost	\$ 11.9	\$ 12.3	\$ 23.9	\$ 24.8

Explanation of Responses:

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

RESULTS OF OPERATIONS:

Second quarter 2008 total net sales and revenues increased to \$4.11 billion compared to \$3.72 billion in the second quarter of 2007. Second quarter 2008 net income was \$313.5 million (\$.86 per diluted share) compared to \$298.3 million (\$.79 per diluted share) in the second quarter of 2007. First half total net sales and revenues were \$8.05 billion compared to \$7.70 billion in the first half of 2007. First half net income was \$605.8 million (\$1.65 per diluted share) compared to \$663.9 million (\$1.77 per diluted share) in the year-earlier period.

Compared to 2007, second quarter and first half 2008 total net sales and revenues and income before income taxes were favorably affected by the translation of stronger foreign currencies, primarily the euro. The translation effect increased second quarter 2008 sales and revenues by \$273.5 million and income before income taxes by \$34.9 million compared to the second quarter of 2007. For the first half, the translation effect increased sales and revenues by \$521.1 million and income before income taxes by \$67.3 million compared to 2007.

Truck segment net sales and revenues increased to \$3.78 billion in the second quarter of 2008 compared to \$3.43 billion in the second quarter of 2007. For the first half of 2008, Truck segment net sales and revenues increased to \$7.40 billion from \$7.15 billion in 2007. Both the second quarter and year-to-date periods for 2008 reflect increased truck production in Europe, partially offset by lower truck production in the U.S. and Canada.

Truck segment income before income taxes increased to \$364.7 million in the second quarter of 2008 from \$337.5 million in the second quarter of 2007 primarily due to higher truck sales and margins in Europe, somewhat offset by higher research and development (R&D) spending and lower truck sales in the U.S. and Canada. Gross margins for the second quarter of 2008 improved to 15.3% from 15.1% in the second quarter of 2007. Gross margins for the first half of 2008 were 15.1% compared to 15.4% in the same period of 2007. During the first half of 2008, Truck segment income before income taxes was \$696.3 million compared to \$787.6 million in 2007, principally due to lower truck sales and margins in the U.S. and Canada and higher R&D spending, partially offset by higher truck sales and margins in Europe.

R&D spending increased to \$90.7 million in the second quarter of 2008 from \$58.2 million in the second quarter of 2007 and to \$173.6 million for the first half of 2008 compared to \$95.6 million in the first half of 2007 due to investments in new vehicle and engine development programs.

Truck retail sales in the U.S. and Canada during the three- and six-month periods ended June 30, 2008 were dampened by a dramatic increase in diesel prices coupled with declining housing starts and lower auto production. Customers continue to adjust their freight capacity due to the declining economy and the Company expects industry Class 8 retail sales to be in the range of 150,000-165,000 trucks in 2008. Truck demand in Europe, particularly in Central Europe, and other international markets continues to be strong. 2008 industry truck sales in Europe above 15 tonnes are expected to be at a record of 350,000-360,000 units.

Selling, general and administrative expense (SG&A) increased by \$7.2 million and \$13.2 million in the second quarter and first half of 2008, respectively, primarily due to the stronger euro. As a percentage of sales, SG&A decreased to 3.4% in 2008 from 3.5% in 2007 for the second quarter and was 3.4% in the first half of 2008 and 2007.

Financial Services segment revenues for the second quarter of 2008 increased to \$330.5 million from \$286.8 million in the second quarter of 2007. Revenues were \$647.9 million in the first half of 2008, compared to \$550.8 million in the first half of 2007. Second quarter Financial Services income before income taxes was \$58.7 million compared to \$68.9 million in 2007 primarily due to a higher provision for credit losses, somewhat mitigated by higher finance margins due to portfolio growth. Credit losses rose to \$23.0 million in the second quarter of 2008 from \$4.7 million in the second quarter of 2007, primarily due to increased credit losses in the U.S. and Canada. Higher second quarter 2008 finance margin resulted from portfolio growth in Europe, Mexico and Australia. For the first half of 2008, Financial Services income before income taxes was \$126.0 million compared to \$134.5 million in the year-earlier period. Higher credit losses in the U.S. and Canada in 2008 were partially offset by higher finance margins due to portfolio growth outside the U.S. and Canada.

The slowing economy in the U.S. and Canada and higher fuel prices negatively affected truck operators and resulted in increased past due accounts and higher credit losses in the second quarter of 2008. Worldwide, Financial Services accounts 30+ days past due were 2.7% of portfolio balances as of June 30, 2008, compared to 2.2% as of March 31, 2008 and 1.3% at June 30, 2007.

The effective tax rate was 29.7% and 30.3% for the second quarter and first half of 2008 compared to 30.6% and 31.4% for the second quarter and first half of 2007. The lower effective tax rate in 2008 reflects a higher proportion of income from foreign operations.

LIQUIDITY AND CAPITAL RESOURCES:

During the first half of 2008, Truck and Other cash and marketable securities decreased by \$310.9 million to \$2.20 billion. Payments for dividends, capital investments and stock repurchases were partially offset by cash provided by operations of \$753.6 million.

Cash provided by operations was \$753.6 million in the first half of 2008 compared to \$982.6 million in the same period of 2007, due to lower net income and higher working capital investments in 2008.

As of June 30, 2008, the Company had repurchased 5.62 million shares of its common shares for \$262.5 million under its existing \$300 million repurchase authorization. In July 2008, the Board of Directors approved the repurchase of an additional \$300 million of PACCAR's outstanding common stock.

At June 30, 2008, PACCAR's European finance subsidiary, PACCAR Financial Europe (PFE), had \$105.2 million available for issuance under a \$1.2 billion medium term note program registered with the London Stock Exchange. In July 2008, PFE renewed and increased this program to \$1.5 billion. The program is renewable annually.

The Company had line of credit arrangements of \$3.39 billion, of which \$3.34 billion was unused at the end of June 2008. Included in these arrangements are \$3.0 billion of syndicated bank facilities, which were increased from \$2.7 billion in June 2008. Of the \$3.0 billion bank facilities, \$2.0 billion matures in June 2009 and \$1.0 billion matures in 2012. The Company intends to replace these credit facilities as they expire with facilities of similar amounts. These credit facilities are maintained primarily to provide backup liquidity for commercial paper borrowings and maturing medium term notes of the financial services companies.

During the first six months of 2008, PACCAR maintained its Standard & Poor's short- and long-term debt ratings of A-1+ and AA-, respectively. The Company believes its strong cash position and investment-grade credit ratings will continue to provide financial stability and access to public debt markets at competitive interest rates.

Other information on liquidity and capital resources as presented in the 2007 Annual Report to Stockholders continues to be relevant.

FORWARD-LOOKING STATEMENTS:

Certain information presented in this report contains forward-looking statements made pursuant to the Private Securities Litigation Reform Act of 1995, which are subject to risks and uncertainties that may affect actual results. Risks and uncertainties include, but are not limited to: a significant decline in industry sales; competitive pressures; reduced market share; reduced availability of or higher prices for fuel; increased safety, emissions, or other regulations resulting in higher costs and/or sales restrictions; currency or commodity price fluctuations; lower used truck prices; insufficient or under-utilization of manufacturing capacity; supplier interruptions; insufficient supplier capacity or access to raw materials; labor disruptions; shortages of commercial truck drivers; increased warranty costs or litigation; or legislative and governmental regulations.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

There have been no material changes in the Company's market risk during the six months ended June 30, 2008. For additional information, refer to the market risk disclosure in Item 7A as presented in the Company's 2007 Annual Report on Form 10-K.

ITEM 4. CONTROLS AND PROCEDURES

An evaluation was performed under the supervision and with the participation of the Company's management, including the principal executive officer and principal financial officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures (as defined in rules 13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended) as of June 30, 2008. Based on that evaluation, the principal executive officer and principal financial officer of the Company concluded that the disclosure controls and procedures in place at the Company are effective to ensure that information required to be disclosed by the Company, including its consolidated subsidiaries, in reports that the Company files or submits under the Exchange Act, is recorded, processed, summarized and reported on a timely basis in accordance with applicable rules and regulations. During the second quarter of 2008, the Company implemented a new consolidation system for financial reporting. This implementation has involved changes to internal processes and procedures over financial reporting, but the internal controls over financial reporting did not materially change. There have been no significant changes in the Company's internal controls over financial reporting that occurred during the fiscal quarter covered by this quarterly report that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

ITEM 4T. CONTROLS AND PROCEDURES
