Item 2.02 Results of Operation and Financial Condition.

On October 7, 2009, Helen of Troy Limited (the Company) issued a press release announcing its results for its fiscal quarter ended August 31, 2009. Additionally, on October 7, 2009, the Company held a conference call discussing its results for the same period mentioned above. With this Form 8-K, we are furnishing copies of the press release (attached hereto as Exhibit 99.1) and the text of the conference call (attached hereto as Exhibit 99.2). The press release and copy of the text of this conference call are also provided on the Investor Relations Page of our website at: <http://www.hotus.com>.

The Company desires to avail itself of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 (the Act) and is including this cautionary statement for the express purpose of availing itself of the protection afforded by the Act. The accompanying press release and conference call transcript contain certain forward-looking statements, which are subject to change. A number of risks or uncertainties could cause actual results to differ materially from historical or anticipated results or from the results or effects contemplated by the forward-looking statements. Generally, the words anticipates, believes, expects, plans, may, will, should, seeks, estimates, potential, continue, intends, and other similar words identify forward-looking statements. The Company cautions readers not to place undue reliance on forward-looking statements. The actual results may differ materially from those described in any forward looking statements. The Company believes that these risks include, but are not limited to, the risks described in Part 1, Item 1A. Risk Factors of the Company's annual report on Form 10-K for the year ended February 28, 2009 and risks otherwise described from time to time in the Company's SEC reports as filed. Such risks, uncertainties and other important factors include, among others, the departure and recruitment of key personnel; the Company's ability to deliver products to its customers in a timely manner; requirements to accurately project product demand and orders of customers; the Company's relationship with key customers and licensors; the costs of complying with the business demands and requirements of large sophisticated customers; the Company's dependence on foreign sources of supply and manufacturing; the impact of changing costs of raw materials, energy and operations; the inability to liquidate auction rate securities; circumstances which may contribute to future impairment of goodwill, intangible or other long-lived assets; the Company's ability to develop and introduce innovative new products to meet changing consumer preferences; disruptions in U.S. and international credit markets; exchange rate risks; expectations regarding acquisitions and the integration of acquired businesses; the Company's use of debt and the constraints it may impose; the risks associated with tax audits and disputes with taxing authorities; potential changes in laws, including tax laws; the Company's ability to continue to avoid classification as a controlled foreign corporation; the Company's dependence on the strength of retail economies; the impact of a prolonged recession, and the highly subjective nature of projections of sales and earnings and the fact that future sales and earnings could vary in a material amount from the Company's projections. The Company intends its forward-looking statements to speak only as of the time of such statements, and does not undertake to update or revise them as more information becomes available. Additional information concerning potential factors that could affect the Company's financial results and the forward-looking statements is included in the Company's Form 10-K for the year ended February 28, 2009.

The press release and copy of the text of this conference call include certain information that may be considered non-GAAP Financial Information as contemplated by SEC Regulation G, Rule 100. The press release contains tables that reconcile these measures to their corresponding GAAP based measures presented under the Consolidated Condensed Statements of Operations in the press release. The material limitation associated with the use of the non-GAAP financial measures is that the non-GAAP measures do not reflect the full economic impact of the Company's activities. These non-GAAP measures are not prepared in accordance with GAAP, are not an alternative to GAAP financial information, and may be calculated differently than non-GAAP financial information disclosed by other companies. Accordingly, undue reliance should not be placed on non-GAAP information.

The information in this Item 2.02 of this Form 8-K and Exhibits 99.1 and 99.2 attached hereto shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or any proxy statement or report or other document we may file with the SEC, regardless of any general incorporation language in any such filing, except as shall be expressly set forth by specific reference in such filing.
