Item 2.05 Costs Associated with Exit or Disposal Activities

On July 6, 2010 bebe stores, inc. issued a press release announcing the planned closure of its PH8 division. The company estimates the pre-tax cost associated with closing or conversion of its 48 PH8 stores will be approximately \$17 million. This \$17 million includes an estimated \$2 million related to the write-off of the net book value of the stores' assets and up to \$1 million to mark down inventory to the lower of cost or market; both of these non-cash charges will be recorded in the fourth quarter of fiscal 2010. The \$17 million also includes an estimated \$14 million related to future lease liabilities and potential salary expenses, both of which are cash charges that the company expects to record as the stores close or convert. The company will begin to close or convert the PH8 stores in the first fiscal quarter of 2011 and believes all will be closed or converted during fiscal 2011. The company made this decision based on the estimated fiscal 2010 after tax loss of approximately \$10 million related to PH8 stores, before taking into account costs associated with store impairment charges.

The press release relating to the planned closure of the PH8 division is attached hereto as Exhibit 99.1 and is incorporated by reference herein.
