FORM 6-K

SECURITIES AND EXCHANGE COMMISSION

WASHINGTON, D.C. 20549

REPORT OF FOREIGN PRIVATE ISSUER PURSUANT TO RULE 13a-16 OR 15d-16 OF THE SECURITIES EXCHANGE ACT OF 1934

For the month of August 2010

Commission File Number 1-15224

Energy Company of Minas Gerais

(Translation of Registrant's Name Into English)

Avenida Barbacena, 1200

30190-131 Belo Horizonte, Minas Gerais, Brazil

(Address of Principal Executive Offices)

Indicate by check mark whether the registrant files or will file annual reports under cover of Form 20-F or Form 40-F.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

Form 20-F Form 40-F

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(1):

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(7):

Indicate by check mark whether by furnishing the information contained in this Form, the registrant is also thereby furnishing the information to the Commission pursuant to Rule 12g3-2(b) under the Securities Exchange Act of 1934.

Yes No

If Yes is marked, indicate below the file number assigned to the registrant in connection with Rule 12g3-2(b): N/A

Forward-Looking Statements

This report contains statements about expected future events and financial results that are forward-looking and subject to risks and uncertainties. Actual results could differ materially from those predicted in such forward-looking statements. Factors which may cause actual results to differ materially from those discussed herein include those risk factors set forth in our most recent Annual Report on Form 20-F filed with the Securities and Exchange Commission. CEMIG undertakes no obligation to revise these forward-looking statements to reflect events or circumstances after the date hereof, and claims the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995.

| Net income | 291 | 524 | (44.54) |

- **Consolidated electricity market**

In 2Q10 Cemig sold a total of 16,768 GWh, 12.5% more than in the same period of 2009.

As well as the growth in consumption by all the categories of final consumers, one highlight of the quarter was the high volume of electricity traded on the CCEE, which was 311% higher, at 1,853 GWh in 2Q10, than in 2Q09 (450 GWh).

This expansion arises from the higher volume of secondary energy sold than in 2Q09: sales to other concession holders were 9.52% lower, due to the ending of contracts signed by Cemig in the Adjustment Auction in 2009.

Table of Contents*Consolidated sales volume- MWh*

| | 2Q10 | MWh (*) 2Q09 | Change, % |
|--|-------------------|-------------------|--------------|

(*) The information in MWh has not been reviewed by the external auditors.

Sales to final consumers

The total volume of electricity sold to final consumers in the second quarter of 2010 was 11,718 GWh, or 7.22% more than the 10,929 GWh sold in the second quarter of 2009.

This basically reflects the resumption of economic activity, especially reflected in the industrial and residential user categories, in which consumption was up 9.06% and 3.99% respectively.

This chart shows electricity sales by category of final consumer:

Table of Contents

Sales volume, by consumer type (%), 2Q10

Sales to industrial consumers were around 52% of the total sold, followed by the residential category with 21%, and the commercial category with 14%.

In the six-month period ending in June 2010 sales to final consumers totaled 22,469 GWh, 2.60% more than in 2Q09 (21,901 GWh).

Table of Contents

- **The market of Cemig GT**

Cemig GT sold 9,088 GWh in 2Q10, 5.67% more than in 2Q09 (8600 GWh).

The lower total of wholesale supply to other concession holders is basically due to the ending of the contracts signed by Cemig GT in the 2009 Adjustment Auction, when the electricity was again placed in the free market, which expanded significantly, led by the industrial consumer category, which was 12.60% higher, at 4,510 GWh, compared to 4,006 GWh in 2Q09.

As a result of the higher volume of secondary electricity sold in the period, electricity trading transactions on the CCE were 339% higher, at 1120 GWh, compared to 255 GWh in 2Q09.

Table of Contents

| Cemig GT Sales volume | 2Q10 | MWh 2Q09 | Change, % |
|--|------------------|------------------|--------------|
| Industrial | 4,510,973 | 4,006,327 | 12.60 |
| Commercial | 14,190 | 2,145 | 561.54 |
| Uninvoiced supply , net | | | |
| | 4,525,163 | 4,008,472 | 12.89 |
| Wholesale supply to other concession holders (*) | 3,435,310 | 4,337,061 | (20.79) |
| Transactions in electricity on the CCCE | 1,120,848 | 255,298 | 339.04 |
| Sales under the PROINFA program | 7,300 | | |
| Total | 9,088,621 | 8,600,831 | 5.67 |

- **The market of Cemig D**

Cemig D sold 5,710 GWh in 2Q10, 3.47% more than in 2Q09.

This increase reflects the recovery in economic activity in the distributor's concession area, led by the residential, commercial and rural consumer categories. As a result of migration of consumers from the captive market to the free market, sales to the industrial category were 1.43% lower in 2Q10 than in 2Q09.

Table of Contents

Adjusted for this migration, consumption by the industrial category was 14% higher, representing a volume of sales to final consumers 7% higher.

| | MWh (*) | | Change, |
|--|------------------|------------------|-------------|
| Sale volume | 2Q10 | 2Q09 | % |
| Residential | 2,009,502 | 1,956,115 | 2.73 |
| Industrial | 1,160,467 | 1,177,292 | (1.43) |

| Total | 6,364,361 | 5,428,737 | |

- **The market of Light**

For more details on Light's sales in the second quarter of 2010, please see this link:

http://www.mzweb.com.br/light/web/arquivos/Light_Press_Release_2T10_en.pdf

Table of Contents

- **Consolidated operational revenue**

Revenue from supply of electricity

Revenue from supply of electricity in 2Q10 was R\$ 3,718,053, 1.29% more than in 2Q09 (R\$ 3,670,692).

The main factors affecting revenue in 2010 were:

- Tariff Adjustment with average impact on consumer tariffs of +1.67%, starting from April 8th, 2010.
- Volume of energy invoiced to final consumers (excluding Cemig's own internal consumption) 7.22% higher than in 2Q09.

The volume of electricity sold to other concession holders in 2Q10 was 9.52% lower than in 2Q09, and average price in these sales was also lower, at R\$ 105.14/MWh, compared to R\$ 129.54/MWh in 2Q09. This reduction mainly reflected the contracts made through the Adjustment Auction that took place in 2009, which power was sold for an average price of R\$ 145.00/MWh. As a result, Revenue from wholesale supply

Table of Contents

to other concession holders was 26.56% lower year-on-year, at R\$ 335,388 in 2Q10, than in 2Q09 (R\$ 456,680).

Supply to other concession holders

The volume of electricity sold to other concession holders in 2Q10 was 9.52% lower than in 2Q09, and average price in these sales was also lower, at R\$ 105.14/MWh, compared to R\$ 129.54/MWh in 2Q09. This reduction mainly reflected the contracts made through the Adjustment Auction that took place in 2009, which power was sold for an average price of R\$ 145.00/MWh. As a result, Revenue from wholesale supply to other concession holders was 26.56% lower year-on-year, at R\$ 335,388 in 2Q10, than in 2Q09 (R\$ 456,680).

Revenue from use of the network – Free Consumers

This refers to the TUSD – Tariff for use of the Distribution System – arising from the charges made to Free Consumers, on energy sold, and also from the revenue for use of Cemig GT's basic transmission grid. It was 3.44% higher in 2Q10, at that R\$ 645,671, than in 2Q09 (R\$ 624,195).

Table of Contents

As well as reflecting higher transport of electricity to free consumers, on resumption of activity by industrial clients, and migration of captive clients to the free market, the figures include revenue from the operations of the transmission company **Taes**, acquired in the fourth quarter of 2009.

At the same time, the Company recorded a reduction of revenue, of R\$ 64,586, from the tariff repositioning, by a negative percentage of 15.88%, applied to its revenue backdated to July 2009, in the 2010 Transmission Tariff Review. In 2009, by contrast, a Revenue item of R\$ 158,090 was recorded, as a result of the Transmission Tariff Review with backdated effect covering the period from July 1st , 2005 to June 30th , 2009.

Table of Contents

- **EBITDA**

Cemig's Ebitda in the second quarter of 2010 was 15.60% lower than its Ebitda for the second quarter of 2009. Adjusted for the non-recurring items, it was 8.02% higher.

The 15.60% lower figure for Ebitda in 2Q10 than in 2Q09 mainly reflects the following non-recurring adjustments in the years of 2009 and 2010:

- In 2010 the company recorded a reduction of revenue of R\$ 64,586, arising from the tariff repositioning, by a negative percentage, of 15.88%, applied to its revenue backdated to July 2009, in the 2010 Review of the Transmission Tariff.
- In 2009, on the other hand, the company recorded a positive revenue item of R\$ 158,090, arising from the tariff repositioning under its First Transmission Tariff Review, which was an increase of 5.35%, for the period backdated to 2005.

Table of Contents

- Recognition by Cemig's distribution company (Cemig Distribuição S.A. - **Cemig D**) of an expense of R\$ 177,592, for settlement of a legal action brought by **Rima Industrial S.A.**, for reimbursement of the tariff increase introduced by the DNAEE (National Water and Energy Authority) during the *Cruzado* economic plan of 1986.
- Recognition of an ICMS tax expense relating to the subsidy for the discount on tariffs for low-income consumers, in the amount of R\$ 25,702, resulting from the decision to subscribe to the Tax Amnesty program put in place by the government of the State of Minas Gerais.
- Provisions, in 2010 and 2009, of R\$ 14,246, and R\$ 192,918, respectively, for the Company's Voluntary Retirement Program.

Table of Contents

This table shows these non-recurring adjustments:

| EBITDA - R\$ 000 | 2Q10 | 2Q09 | Change % |
|---|------------------|------------------|-----------------|
| Net income | 290,516 | 523,794 | (44.54) |
| + Income tax and Social Contribution tax | 154,747 | 245,493 | (36.96) |
| + Profit shares | 43,452 | 45,645 | (4.80) |
| - Financial revenue (expenses) | 177,109 | 33,207 | 433.35 |
| + Depreciation and amortization | 207,891 | 172,487 | 20.53 |
| + Minority interests | | 14,598 | |
| EBITDA | 873,715 | 1,035,224 | (15.60) |
| Non-recurring items: | | | |
| + Settlement with Rima Industrial S.A. | 177,592 | | |
| + ICMS tax low-income consumers | 25,702 | | |
| +/- Review of Transmission Revenue Explanatory Note 8 | 64,586 | (158,090) | (140.85) |
| + PPD/PDV | 14,246 | 192,918 | (92.62) |
| = Adjusted Ebitda | 1,155,841 | 1,070,052 | 8.02 |

(Method of calculation not reviewed by our external auditors.)

• **Net income**

In the second quarter of 2010, CEMIG reported a net income of R\$ 290,516, 44.54% less than the net income of R\$ 523,794 reported for the second quarter of 2009. Basically this reflects non-recurring adjustments in 2010:

- for the court settlement, of R\$ 177,592, made by Cemig Distribuição with an industrial consumer in a legal action arising from a tariff increase made in the *Cruzado* economic plan (of 1986); and

Table of Contents

- recognition of a reduction of revenue, of R\$ 64,586, arising from the 2010 periodic Transmission Tariff Review, which applied a tariff repositioning of 15.88% backdated to July 2009.

When not considering these non-recurring adjustments, the net income of the 2Q10 is 13% lower than in 2Q09, with R\$ 477 million and R\$ 547 million, respectively.

- **Deductions from operational revenues**

Deductions from operational revenues in 2Q10 totaled R\$ 1,571,377, which was 7.86% more than in 2Q09 (R\$ 1,456,890). Main year-on-year variations in the deductions from revenue were:

Table of Contents

The Fuel Consumption Account CCC

The deduction from revenue for the CCC was R\$ 169,797 in 2Q10, 11.67% more than in 2Q09 (R\$ 152,049). This is a contribution for the costs of operation of the thermal plants in the national grid and in the isolated systems. It is shared between electricity concession holders, on a basis set by an ANEEL Resolution. This is a non-controllable cost. The amount posted for electricity distribution services is passed through in full to the tariff. For the amount posted in relation to electricity transmission services the company merely passes through the charge it is charged to Free Consumers on the invoice for the use of the basic grid, and passed on to Eletrobrás.

CDE Energy Development Account

The deduction from revenue for the CDE was R\$ 117,392 in 2Q10, compared to R\$ 101,959 in 2Q09, an increase of 15.14%. This is a non-controllable cost. The amount posted for electricity distribution services is passed through in full to the tariff. For the amount posted in relation to

Table of Contents

electricity transmission services the company merely passes through the charge this part is charged to Free Consumers on the invoice for the use of the grid, and passed onto Eletrobrás.

Global Reversion Reserve RGR

The charge for the RGR in 1Q10 was R\$ 44,907, compared to R\$ 43,730 in 2Q09. This is a non-controllable cost: the expense recognized in the income statement is the amount passed through to the tariff.

The other deductions from revenue are for taxes that are calculated as a percentage of invoiced revenue hence their variations are substantially the same in percentage terms as the changes in revenue.

Table of Contents

- **Non-controllable costs**

Differences between the sums of non-controllable costs, used as a reference in calculating the tariff adjustment, and disbursements actually made (also known as CVA), are offset in subsequent tariff adjustments. They are recorded in Assets and Liabilities. Due to a change in ANEEL 's plan of accounts, some items were transferred to Deductions from operational revenue. For more information, please see Explanatory Notes 2 and 9 to the Quarterly Information.

- **Operational costs and expenses (excluding Financial revenue/expenses)**

Operational costs and expenses (excluding Financial revenue (expenses)) in 2Q10 totaled R\$ 2,288,387, 8.48% more than in 2Q09 (R\$ 2,109,426). This was mainly due to a provision, of R\$ 177,592, recorded in *Other expenses*, arising from settlement of a legal action with a large industrial consumer in 2Q10.

Table of Contents

The main variations in operational expenses were:

Personnel expenses

Personnel expenses totaled R\$ 298,687 in 2Q10, 33.36% less than in 2Q09 (R\$ 448,231). This mainly reflects the expense on the PDV Voluntary Retirement Program, of R\$ 192.918 recorded in the second quarter of 2009, compared to R\$ 14,246 in 2Q10, and also the fact that the number of employees was reduced from 10,144 in June 2009 to 9,341 in June 2010.

Electricity bought for resale

The expense on electricity bought for resale in 2Q09 was R\$ 918,207, 9.54% more than the expense of R\$ 838,265 in 2Q09. This is in its major share a non-controllable cost: the expense recognized in the income statement is the amount passed on to the tariff. There is more information on this in Explanatory Note 28 to the Consolidated Quarterly Information.

Table of Contents

Charges for use of the transmission grid

Expenses on charges for the use of the transmission grid were R\$ 186,844 in 2Q10, 11.22% higher than in 2Q09 (R\$ 210,456).

These expenses, set by an ANEEL Resolution, are payable by electricity distribution and generation agents for use of the facilities that are components of the national grid. This is a non-controllable cost in the Distribution activity: the deduction from revenue recognized in the Income statement corresponds to the value actually passed through to the tariff.

Post-employment obligations

Expenses on post-employment obligations totaled R\$ 44,150 in 2Q10, 27.92% more than in 2Q09 (R\$ 34,515). These expenses basically represent the interest applicable to Cemig's actuarial obligations, net of the investment yield expected from the pension plans' assets, estimated by an external actuary. The higher expense in 2Q10 basically reflects lower expectation of revenue from the plan's assets in 2010.

Table of Contents

Operational provisions

Expenses on operational provisions in 2Q10 were R\$ 183,985, compared to R\$ 6,876 in 2Q09. The difference reflects an item of R\$ 177,592, provisioned in May 2010, arising from settlement to terminate a legal action brought by an industrial consumer relating to the tariff increase ordered by the National Water and Electricity Authority (DNAEE) by its Ministerial Order 045, of 1986.

- **Financial revenues (expenses)**

The main factors in the difference between financial revenues/expenses in 2Q10 and 2Q09 are:

Recording of an expense, in 2Q10, of R\$ 338, under Net monetary adjustment on regulatory assets (CVA, the General Agreement for the Electricity Sector, and the Deferred Tariff Adjustment), rather than a revenue, of R\$ 22,325, in 2Q09. The change is mainly because the value of the regulatory assets had been reduced in 2010 as they were partially paid off by receipt of amounts in the tariff through clients' electricity

Table of Contents

bills. For further information regarding this subject see our Explanatory Notes 9 and 29 to the Consolidated Quarterly Information.

- Costs of loans and financings of R\$ 263,018 in 2Q10, compared to R\$ 150,212 in 2Q09. This reflects entry of new financings, principally the R\$ 2,700,000 in debentures raised by Cemig GT (Cemig Geração e Transmissão) in March 2010.
- A higher figure for Monetary updating on loans and financings in Brazilian currency, at R\$ 38,937 in 2Q10, compared to R\$ 2,233 in 1Q09. This reflects the higher volume of funding raised, and the change in inflation indices and other indexes of contracts on the company's loans, financings and debentures principally the IGP-M inflation index, which was 1.15% over the period of 2Q09, and 1.53% over 2Q10.

Table of Contents

- **Income tax and Social Contribution tax**

Cemig's expenses on income tax and the Social Contribution tax in 2Q10 totaled R\$ 154,747, on income of R\$ 488,715 before tax effects, a percentage of 31.66%. In the second quarter of 2009 the Company's expenses on income tax and the Social Contribution were R\$ 245,493, on pre-tax profit of R\$ 829,530, a percentage of 29.59%.

EXPLANATORY NOTES TO THE QUARTERLY INFORMATION (ITR)

At June 30, 2010

(Figures are in R\$ 000, except where otherwise stated)

1) OPERATIONAL CONTEXT

Companhia Energética de Minas Gerais (Cemig or the Company) is a listed corporation registered in the Brazilian Registry of Corporate Taxpayers (CNPJ) under number 17.155.730/0001-64, with shares traded at Level 1 of Corporate Governance on the São Paulo Stock Exchange, and on exchanges of the United States and Spain. It operates exclusively as a holding company, with stockholdings in companies controlled individually or jointly, the principal objectives of which are the construction and operation of systems for generation, transformation, transmission, distribution and sale of electricity, and also activities in the various fields of energy, for the purpose of commercial operation.

On June 30, 2010 **Cemig** had stockholdings in the following company:

- **Cemig Geração e Transmissão S.A. (Cemig GT)** (subsidiary, 100.00% stake) Generation and transmission of electricity, through 48 power plants, 43 being hydroelectric, four wind power plants and one thermal plant; and transmission lines, most of which are part of the Brazilian national generation and transmission grid system. **Cemig GT** has stockholdings in the following subsidiaries:
- **Hidrelétrica Cachoeirão S.A.** (jointly controlled, stake 49.00%): Production and sale of electricity as an independent power producer, through the Cachoeirão hydroelectric power plant located at Pocrane, in the State of Minas Gerais, with installed capacity of 27MW (not reviewed by external auditors). The plant began operating in 2009.
- **Central Eólica Praias de Parajuru S.A.** (jointly controlled, 49.00% stake): The **Praias de Parajuru Wind Farm**, in the municipality of Beberibe in the state of Ceará, Northern Brazil, with installed capacity of 28.8MW (information not reviewed by external auditors), began production and sale of electricity in August 2009.
- **Baguari Energia S.A.** (jointly controlled, 69.39% stake): Construction, operation, maintenance and commercial operation of the *Baguari* Hydroelectric Plant, through its participation in the UHE Baguari Consortium (Baguari Energia 49.00%, Neoenergia 51.00%), with installed capacity of 140MW (information not reviewed by external auditors), on the Doce River in Governador Valadares, Minas Gerais State. The plant began operations of its units over the period between September 2009 and May 2010.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

• **Transmissora Aliança** de Energia Elétrica S.A. (**Taes**) (previously named **Terna Participações S.A.**) (jointly controlled, 32.27% stake): Construction, operation and maintenance of electricity transmission facilities in 11 states of Brazil through the following companies in which it has a controlling or other interest: **TSN** Transmissora Sudeste Nordeste S.A.; **Novatrans** Energia S.A.; **ETEO** Empresa de Transmissão de Energia do Oeste S.A.; **ETAU** Empresa de Transmissão do Alto Uruguai S.A.; **Brasnorte** Transmissora de Energia S.A. and **Terna Serviços** Ltda., which, jointly, control more than 3,712km (information not reviewed by external auditors) of high voltage transmission lines (230 to 500kV), components of the Brazilian National Grid.

• **Transmissora Alvorada** de Energia S.A. (**Alvorada**) (jointly controlled, 74.50% stake): Holding in Transmissora **Alterosa** de Energia S.A. (62,80% stake).

• **Transmissora Alterosa** de Energia S.A. (**Alterosa**) (jointly controlled, 36,23% stake): Holding in **Transmissora Aliança** de Energia (29,42% stake).

Table of Contents

- **Central Eólica Praias do Morgado S.A.** (jointly-controlled, 49.00% stake): Production and sale of electricity through the **Praias do Morgado Wind Farm**, in the municipality of Aracaju in the state of Ceará, Northern Brazil, with installed capacity of 28.8MW (information not reviewed by external auditors). The plant began operating in August 2010.

Subsidiaries and jointly-controlled subsidiaries of Cemig GT at pre-operational stage:

- **Guanhães Energia S.A.** (jointly controlled, 49.00% stake): Production and sale of electricity through building and commercial operation of the following **Small Hydro Plants** in Minas Gerais state: *Dores de Guanhães*, *Senhora do Porto* and *Jacaré*, in the municipality of Dores de Guanhães; and *Fortuna II*, in the municipality of Virginópolis. The plants are scheduled to start operating in 2011, and will have total installed capacity of 44MW (information not reviewed by external auditors).

- **Cemig Baguari Energia S.A.** (subsidiary, 100% stake): Production and sale of electricity as an independent power producer in future projects.

- **Madeira Energia S.A.** (jointly controlled, 10.00% stake): Implementation, construction, operation and commercial operation, through its subsidiary **Santo Antônio Energia S.A.**, of the **Santo Antônio Hydroelectric Plant** in the Madeira river basin, in the State of Rondônia, with power of 3,150 MW (information not reviewed by external auditors) and commercial startup scheduled for 2012.

- Hidrelétrica **Pipoca S.A.** (jointly controlled, 49.00% stake): Independent production of electricity, through construction and commercial operation of the **Pipoca Small Hydro Plant**, with installed capacity of 20MW (information not reviewed by external auditors), located on the Manhuaçu River, in the municipalities of Caratinga and Ipanema, in the State of Minas Gerais. Operational startup planned for August 2010.

- Empresa Brasileira de Transmissão de Energia (**EBTE**) (jointly-controlled subsidiary, 49% stake): Holder of public service electricity transmission concession for transmission lines in the state of Mato Grosso. Operational startup planned for September 2010.

- **Central Eólica Volta do Rio S.A.** (jointly controlled, 49% stake): The **Volta do Rio Wind Farm**, in the municipality of Aracaju in the state of Ceará, Northern Brazil, with installed capacity of 42MW (information not reviewed by external auditors). Scheduled to begin production and sale of electricity in August 2010.

- **Cemig Distribuição S.A.** (**Cemig D**) (wholly-owned subsidiary, 100% stake), registered with the CVM (Securities Commission): Distribution of electricity through distribution networks and lines in approximately 97.00% of the Brazilian state of Minas Gerais, serving 6,946,974 consumers on June 30, 2010 (information not reviewed by external auditors).

- **Light S.A.** (**Light**) (jointly-controlled subsidiary, 25.53% stake): Objects are to hold direct or indirect interests in other companies and, directly or indirectly, to operate electricity services, including generation, transmission, trading or distribution, and other related services.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

Light S.A. is the controlling stockholder of:

- **Light Serviços de Eletricidade S.A. (Light Sesa)** (wholly-owned subsidiary, 100% stake): A listed corporation primarily operating in electricity distribution, with 4.0 million consumers in 31 municipalities of the state of Rio de Janeiro.
- **Light Energia S.A. (Light Energia)** (wholly-owned subsidiary, 100% stake): A non-listed corporation mainly operating in the study, planning, construction, and commercial operation of systems for electricity generation, transmission and trading and related services.

Table of Contents

- Light Esco Prestação de Serviços Ltda. (**Light Esco**) (wholly-owned subsidiary, 100% stake): Provision of services of co-generation, planning, administration and solutions including electricity efficiency and structuring of energy sourcing, and trading of electricity in the free market.
- Itaocara Energia Ltda. (**Itaocara Energia**) (wholly-owned subsidiary, 100% stake): Company at pre-operational phase, primarily to operate in production and commercial operation of electricity.
- Lightger Ltda. (**Lightger**) (wholly-owned subsidiary, 100% stake) and Lighthidro Ltda. (**Lighthidro**) (wholly-owned subsidiary, 100% stake): Two companies at pre-operational stage, formed to participate in auctions of concessions, authorizations and permissions in new plants. On December 24, 2008, Lightger obtained the installation license authorizing the start of works on the **Paracambi** Small Hydro Plant.
- Instituto Light para o Desenvolvimento Urbano e Social (the **Light Institute**) (wholly-owned subsidiary, 100% stake): Participation in social and cultural projects, and interest in economic and social development of cities, reaffirming the Company's vocation for social action and Corporate Citizenship.
- Lightcom Comercializadora de Energia S.A. (**Lightcom**) (wholly-owned subsidiary, 100% stake): Purchase, sale, importation and exportation of electricity and general consultancy in the Free and Regulated Markets for electricity.
- Axxiom Soluções Tecnológicas S.A. (**Axxiom**) (jointly controlled, 51.00% stake): Formed in August 2008 to provide complete services of implementation and management of systems for electricity sector companies.
- **Sá Carvalho** S.A. (subsidiary, 100.00% stake): Production and sale of electricity, as a public electricity service concession holder, through the *Sá Carvalho* hydroelectric power plant.
- **Usina Térmica Ipatinga** S.A. (subsidiary, 100% stake): Production and sale, as an Independent Power Producer, of thermally generated electricity, through the Ipatinga thermal plant, located on the premises of **Usiminas** (Usinas Siderúrgicas de Minas Gerais S.A.).
- Companhia de Gás de Minas Gerais (**Gasmig**) (jointly controlled, 55.19% stake): Acquisition, transport and distribution of combustible gas or sub-products and derivatives, through concession for distribution of gas in the State of Minas Gerais.
- Cemig Telecomunicações S.A. (**Cemig Telecom**) previously named **Empresa de Infovias** S.A. (subsidiary, 100% stake): Provision and commercial operation of specialized telecommunications services, through an integrated system consisting of fiber optic cables, coaxial

cables, and electronic and associated equipment (multi-service network).

- **Efficientia** S.A. (subsidiary, 100.00% stake): Provides electricity efficiency and optimization services and energy solutions through studies and execution of projects, as well as providing services of operation and maintenance in energy supply facilities.
- **Horizontes Energia** S.A. (subsidiary, 100.00% stake): Production and sale of electricity, as an independent power producer, through the *Machado Mineiro* and *Salto do Paraopeba* hydroelectric power plants, in the State of Minas Gerais, and the *Salto do Voltão* and *Salto do Passo Velho* power plants in the State of Santa Catarina.
- **Central Termelétrica de Cogeração** S.A. (subsidiary, 100.00% stake): Production and sale of electricity produced by thermal generation as an independent producer, in future projects.

Table of Contents

- **Rosal Energia S.A.** (subsidiary, 100.00% stake): Production and sale of electricity, as a public electricity service concession holder, at the *Rosal* hydroelectric power plant, on the border between the States of Rio de Janeiro and Espírito Santo, Brazil.
- Central Hidrelétrica **Pai Joaquim S.A.** (subsidiary, 100.00% stake): Production and sale of electricity as an independent producer, in future projects.
- **Cemig PCH S.A.** (subsidiary, 100.00% stake): Production and sale of electricity as an independent power producer, through the *Pai Joaquim* hydroelectric power plant.
- **Cemig Capim Branco Energia S.A.** (subsidiary, 100.00% stake): Production and sale of electricity as an independent power producer, through the *Amador Aguiar I and II* hydroelectric power plants, built through a consortium with private-sector partners.
- **UTE Barreiro S.A.** (subsidiary, 100.00% stake): Production and sale of thermally generated electricity, as an independent power producer, through construction and operation of the *UTE Barreiro* thermal generation plant, located on the premises of V&M do Brasil S.A., in Minas Gerais state.
- **Cemig Trading S.A.** (subsidiary: 100.00% stake): Sale and intermediation of business transactions related to energy.
- Companhia **Transleste** de Transmissão (jointly controlled, 25.00% stake): Operation of the 345kV transmission line connecting the substation located in *Montes Claros* to the substation of the *Irapé* hydroelectric power plant.
- Companhia **Transudeste** de Transmissão (jointly controlled, 24.00% stake): Construction, operation and maintenance of national grid transmission lines and facilities the 345kV *Itutinga Juiz de Fora* transmission line.
- Companhia **Transirapé** de Transmissão (jointly controlled, 24.50% stake): Construction, operation and maintenance of the 230kV *Irapé Araçuaí* transmission line also part of the national grid.
- **EPTE** (Empresa Paraense de Transmissão de Energia S.A.) (jointly controlled, 41.05% stake): Holder of a public service electricity transmission concession, for the 500kV transmission line in the State of *Pará*. ETEP has formed the wholly-owned subsidiary **ESDE** (Empresa **Santos Dumont** de Energia S.A.).

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

- **ENTE** (Empresa Norte de Transmissão de Energia S.A.) (jointly controlled, 36.69% stake): Holder of a public service electricity transmission concession, for two 500kV transmission lines in the States of *Pará* and *Maranhão*.
- **ERTE** (Empresa Regional de Transmissão de Energia S.A.) (jointly controlled, 36.69% stake): Holder of a public service electricity transmission concession, for a 230kV transmission line in the State of *Pará*.
- **EATE** (Empresa Amazonense de Transmissão de Energia S.A.) (jointly controlled, 25.00% stake): Holder of the public service electricity transmission concession for the 500kV transmission lines between the sectionalizing Substations of *Tucuruí*, *Marabá*, *Imperatriz*, *Presidente Dutra* and *Açailândia*.
- EATE has holdings in the following transmission companies: **EBTE** (Empresa Brasileira de Transmissão de Energia), with a 51% stake; **STC** (Sistema de Transmissão Catarinense), with a stake of 80%, and **Lumitrans** Cia. Transmissora de Energia Elétrica, with a stake of 80%.

Table of Contents

- **ECTE** (Empresa Catarinense de Transmissão de Energia S.A.) (jointly controlled, 13.37% stake): Holder of a public electricity transmission service concession operating a 525kV transmission line in the State of *Santa Catarina*.
- **Axxiom Soluções Tecnológicas S.A.** (**Axxiom**) (jointly controlled, 49.00% stake): Formed in August 2008 to provide complete services of implementation and management of systems for electricity sector companies.
- **Transchile Charrúa Transmisión S.A.** (**Transchile**) (jointly controlled, 49.00% stake): Implementation, operation and maintenance of the *Charrúa Nueva Temuco 220kV transmission line* and two sections of transmission line at the Charrúa and Nueva Temuco substations, in the central region of Chile. The head office of Transchile is in Santiago, Chile. The transmission line began operating in January 2010.

Cemig also has stockholdings in the companies listed below, which were at pre-operational stage on June 30, 2010:

- **Companhia de Transmissão Centroeste de Minas** (jointly controlled, 51.00% stake): Construction, operation and maintenance of the 345kV *Furnas Pimenta* transmission line part of the national grid.
- **Cemig Serviços** (subsidiary, 100% stake): Provision of services related to planning, construction, operation and maintenance of electricity generation, transmission and distribution systems, and provision of administrative, commercial and engineering services in the various fields of energy, from any source.

Where Cemig exercises joint control it does so through stockholders' agreements with the other stockholders of the investee company.

2) PRESENTATION OF THE QUARTERLY INFORMATION

2.1) Presentation of the Quarterly Information

The Quarterly Information (ITR), both for the holding company, and the consolidated information, was prepared according to Brazilian accounting practices, comprising: the Brazilian Corporate Law; the statements, orientations and interpretations issued by the Brazilian Accounting Statements Committee; rules of the Brazilian Securities Commission (CVM - *Comissão de Valores Mobiliários*); and rules of the specific legislation applicable to holders of Brazilian electricity concessions, issued by the Brazilian National Electricity Agency, Aneel.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

This Quarterly Information (ITR) has been prepared according to principles, practices and criteria consistent with those adopted in the preparation of the annual financial statements at December 31, 2009. Hence this Quarterly Information should be read in conjunction with those annual financial statements.

Additionally, to optimize the information provided to the market, the Company is presenting, in Explanatory Note 33, income statements separated by company. All the information presented was obtained from the accounting records of the Company and its subsidiaries.

The reclassification made to the balances of June 30, 2009 for the purposes of comparability in compliance with the change in the Electricity Public Service Accounting Manual (MCSPEE) is as follows:

| Original line | Consolidated Amount, R\$ | Reclassified to | Consolidated Amount, R\$ |
|-----------------------------------|-------------------------------------|--------------------------------|-------------------------------------|
| Other operational expenses | | Deductions from revenue | |
| Emergency Acquisition Charge | 8,093 | Emergency Acquisition Charge | (8,093) |
| | 8,093 | | (8,093) |

Table of Contents

2.2) Application of the new accounting rules starting in 2010

In continuation of the process, begun in 2008, of harmonizing Brazilian accounting rules with International Financial Reporting Standards IFRS, issued by the IASB International Accounting Standards Board, in 2009 the CPC issued, and the CVM approved, several accounting statements, with obligatory application for the business years starting on or after January 1, 2010, backdated to 2009, for the purposes of comparability.

However, as allowed by CVM Decision 603, of November 10, 2009, as amended by CVM Decision 626, of March 31, 2010, the Company opted to present its quarterly information in accordance with the accounting rules adopted in Brazil up to December 31, 2009.

The Company is in the process of assessing the possible effects of application of the technical statements so far issued and has concluded, preliminarily, that the main effects will arise from the application of the following rules:

Technical Interpretation ICPC 01 *Concession Contracts* establishes the general principles for recognition and measurement of obligations and the respective rights of concession contracts. Under ICPC 01, the remuneration received or receivable by the concession holder is to be recorded at fair value, corresponding to rights held in relation to a financial asset and/or an intangible asset. At present it is not possible to estimate the effects arising from the application of this rule, since the concepts introduced are still being studied for the purposes of application, but adjustments are expected, arising from the reclassification of the fixed assets as an intangible and/or a financial asset, recognition of construction revenue, and treatment of obligations linked to the concession.

CPC Statement 17 *Construction Contracts*, which establishes the accounting treatment of revenues and expenses associated with construction contracts. The applicability of this accounting statement is directly related to the resolution of doubts arising from Technical Interpretation ICPC 01, since the recognition of this revenue is not provided for in the regulatory tariff environment. Thus, the company believes that it is not possible, in the present scenario, to securely quantify the impact of adoption of the said statement.

Statement CPC 30 *Revenues*, which sets out the accounting treatment of revenues that arise from certain types of transaction and event: sale of goods, provision of services; and the use, by third parties, of other assets of the entity that generate profits, royalties and dividends. The applicability of this accounting statement is directly related to the resolution of doubts arising from Technical Interpretation ICPC 01, since the recognition of this revenue is not provided for in the regulatory tariff environment. Thus, the company believes that it is not possible, in the present scenario, to securely quantify the impact of adoption of the said statement.

Statement CPC 24 *Subsequent event*, and ICPC 08 *Accounting of the proposal for payment of dividends*: Management has the obligation to propose distribution of the profits at the end of the business year. This distribution can be changed by the stockholders. Thus, according to CPC 24 the part of the proposed dividends that is not declared and is in excess of the obligatory minimum dividend and the interest on equity shall be maintained within Stockholders' equity and shall not be recognized as a liability at the end of the period. Dividends that are additional to the minimum shall be posted in liabilities as and when they are approved by the competent bodies of the company.

Table of Contents

Statement CPC 43 This establishes the criteria for the initial adoption of CPCs 15 to 40, and specifies that the exceptions in relation to the international rules are limited to the maintenance of equity income in the individual financial statements that have investments valued by the equity method and maintenance of the deferred asset formed up to December 31, 2008, until its entire amortization. At present, in Brazil, regulatory assets and liabilities are recorded, and when the regulator establishes criteria for allocation of revenue or expense to subsequent periods, a regulatory asset or liability is recognized. At present these regulatory assets and liabilities represent a difference in generally accepted accounting principles between the accounting principles adopted in Brazil, and IFRS. The IASB is preparing an interpretation which could change the treatment of regulatory assets and liabilities in IFRS. The management is awaiting the result of this new interpretation by the IASB, to assess its possible effects on the financial statements prepared in accordance with accounting practices adopted in Brazil.

The Company is participating in the discussions and debates in the market, especially in the professional organizations of the accounting sector and with the regulators in relation to the interpretations on the criteria for application of these Statements, among which we highlight Technical Interpretation ICPC 01, and these parties may possibly make a position statement on specific aspects for application in the electricity sector. At this moment, due to the conceptual doubts that have given rise to differing interpretations as to the correct application of these rules in the Brazilian regulatory environment, and until there is a better understanding on the practical application of the Statements, we believe it is not possible yet to quantify the possible effects on the financial statements with a reasonable degree of certainty.

2.3) Transmission revenue Criteria for recognition

On October 14, 2009 the CVM, through a decision of its Council, ordered that the electricity transmission service concession holders controlled by **Taes**a should, as from the first disclosure of ITRs of 2010, change the accounting treatment to be adopted in accounting of the revenue, with effects backdated in 2009 only for the purposes of comparability, **Taes**a being exempted from having to restate its accounting statements for the previous business years.

Considering that **Cemig GT** and the transmission companies of the **TBE** Group have electricity transmission concession contracts similar to those of **Taes**a, they too should adopt the same procedures ordered by the CVM.

On May 4, 2010, the CVM, through its Official Letter SEP/GEA 189/10, authorized non-application of this new practice for the ITRs to be published during the 2010 business year, allowing it to be adopted only after the business year ending December 31, 2010, jointly with the other accounting pronouncements that have effect in 2010.

It has not been possible to evaluate the impact on the Stockholders' equity of concession holders arising from the linearization of revenue, due to the conceptual doubts that have given rise to differing interpretations as to the correct application of Technical Interpretation ICPC 01 *Concession contracts*, and its interaction with CPC 17 *Construction contracts* and CPC 30 *Revenues*, in the regulatory environment, as described above.

2.4) Criterion for consolidation of the Quarterly Information

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

The Quarterly Information (ITR) of the subsidiaries and jointly-controlled companies mentioned in Explanatory Note 1 was consolidated as follows: The data of the jointly-controlled subsidiaries as a whole was consolidated based on the method of proportional consolidation, applicable to each component of the accounting statements of the investees. All the subsidiaries, including those that are jointly controlled, follow accounting practices that are consistent with those of the holding company.

Table of Contents

In the consolidation, the interests of the **holding company** in the Stockholders' equity of the **controlled companies**, and material balances of assets, liabilities, revenues and expenses arising from transactions effected between the companies, have been eliminated.

The portion relating to the interests of minority stockholders in the Stockholders' equity of the subsidiaries is shown separately in Liabilities.

The references made in this Quarterly Information of the **subsidiaries and of the jointly-controlled subsidiaries** are realized in proportion to the Company's stake.

The accounting statements of **Transchile**, for the purpose of consolidation, are converted from Chilean accounting principles to Brazilian accounting principles, with Chilean pesos being converted to Reais at the exchange rate of the last day of the quarter, since the functional currency of **Cemig** is the Real.

The dates of the accounting statements of the subsidiaries and jointly-controlled subsidiaries used for calculation of equity gains (losses) and consolidation coincide with those of the holding company.

In accordance with CVM Instruction 408, the Consolidated Quarterly Information includes the balances and the transactions of the exclusive investment funds, comprising public and private debt securities and debentures of companies with minimum risk rating A+(bra) (Brazilian long-term rating), ensuring high liquidity of the securities.

The exclusive fund, the financial statements of which are regularly reviewed/audited, is subject to obligations, restricted to payment for services provided for administration of the assets, attributed to operation of investments, such as custody fees, audit fees and other expenses. There are no significant financial obligations, nor assets of the unit holders to guarantee these obligations.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

Table of Contents

The Company uses the full and proportional consolidation criteria, as shown in the following table. The proportion of holding indicated is of the subsidiary's total capital:

| Subsidiaries and jointly-controlled companies | Form of consolidation | 06/30/2010 | |
|--|-----------------------|-------------------|---------------------|
| | | Direct holding, % | Indirect holding, % |

Table of Contents**3) CASH AND CASH EQUIVALENTS**

| | Consolidated | | Holding company | |
|---------------------------------|------------------|------------------|-----------------|----------------|
| | 06/30/2010 | 03/31/2010 | 06/30/2010 | 03/31/2010 |
| Bank accounts | 90,492 | 175,366 | 9,726 | 4,418 |
| Cash investments | | | | |
| Bank certificates of deposit | 3,295,962 | 4,091,548 | 418,478 | 413,166 |
| Treasury Financial Notes (LFTs) | 186,688 | 56,188 | 16 | 459 |
| National Treasury Notes (LTNs) | | 43,486 | | |
| Others | 181,374 | 128,695 | 101 | 745 |
| | 3,664,024 | 4,319,917 | 418,595 | 414,370 |
| | 3,754,516 | 4,495,283 | 428,321 | 418,788 |

Cash investments are transactions carried out with Brazilian institutions, and international financial institutions with branch offices in Brazil, at normal market conditions and rates. They are highly liquid, promptly convertible into a known amount of cash, and are subject to an insignificant risk of change in value. Bank Certificates of Deposit (CBDs), with fixed or floating rates, and Time Deposits with Special Guarantee (DPGEs) are remunerated at a percentage (varying from 100% to 110%) of the CDI rate published by Cetip (the Custody and Settlement Chamber).

4) CONSUMERS AND TRADERS

| Current and non-current assets | Consolidated | | Holding company | |
|--|------------------|------------------|-----------------|------------|
| | 06/30/2010 | 03/31/2010 | 06/30/2010 | 03/31/2010 |
| Retail supply invoiced | 1,989,175 | 2,011,619 | 46,071 | 47,287 |
| Retail supply not invoiced | 740,554 | 815,152 | | |
| Wholesale supply to other concession holders | 66,649 | 62,684 | | |
| (-) Provision for doubtful receivables | (475,799) | (472,444) | (46,071) | (47,287) |
| | 2,320,579 | 2,417,011 | | |

Under rules laid down by Aneel, the criteria for constitution of provisions for doubtful receivables are as follows: (i) for consumers with significant debts payable, an individual analysis is made of the balance, taking into account the history of default, negotiations in progress and the existence of real guarantees; (ii) for other consumers, the following are provisioned in full: debts receivable and unpaid, for more than 90 days from residential consumers; more than 180 days from commercial consumers; and more than 360 days for the other consumer categories.

The provision for doubtful receivables is considered to be sufficient to cover any losses in the realization of these assets.

Table of Contents**5) REGULATORY ASSETS AND LIABILITIES**

The General Agreement for the Electricity Sector, signed in 2001, and the new regulations governing the electricity sector, resulted in the constitution of several regulatory assets and liabilities, and also in deferral of federal taxes applicable to these assets and liabilities (which are settled as and when the assets and liabilities are received and/or paid), as follows:

| | Consolidated | |
|---|-----------------|----------------|
| | 06/30/2010 | 03/31/2010 |
| Assets | | |
| Extraordinary Tariff Recomposition, and Portion A (Note 6) | 65,512 | 148,064 |
| Traders Transactions in Free energy during the rationing program (Note 7) | 46,141 | 45,175 |
| Pre-paid expenses CVA (Note 9) | 370,976 | 420,742 |
| Review of Tariff for Use of the Distribution System (TUSD) | 3,984 | 3,360 |
| TUSD discounts Source with incentive | 11,315 | 14,706 |
| TUSD discounts Self-Producers and Independent Producers | 10,240 | 13,309 |
| Low-income subsidy | 126,548 | 128,088 |
| Transmission Tariff Review Adjustment Portion (Note 8) | 93,009 | 101,169 |
| Discounts for irrigation enterprises | 3,056 | 3,972 |
| Other regulatory assets | 14,821 | 20,908 |
| | 745,602 | 899,493 |
| Liabilities | | |
| Free energy Reimbursements to generators | (45,264) | (43,725) |
| Amounts to be restituted in the tariff CVA (Note 9) | (576,416) | (591,282) |
| Review of Tariff for Use of the Distribution System (TUSD) | | (289) |
| Financial adjustment for the 2008 Tariff Review | | (2,031) |
| Adjustment to the Reference Company | | (3,114) |
| Transmission Tariff Review Adjustment Portion (Note 8) | (75,568) | |
| Provision for overcontracting of electricity | (24,311) | |
| Other regulatory liabilities | (9,773) | (3,396) |
| | (731,332) | (643,837) |
| Taxes, charges and contributions Deferred liabilities (Note 18) | (72,372) | (78,109) |
| | (803,704) | (721,946) |
| Total | (58,102) | 177,548 |

6) THE EXTRAORDINARY TARIFF RECOMPOSITION, AND PORTION A

The Brazilian federal government, through the Electricity Emergency Chamber (GCE), signed an agreement with the electricity distributors and generators in 2001, named The General Agreement for the Electricity Sector, which set criteria for ensuring the economic and financial equilibrium of concession contracts and for recomposition of the extraordinary revenues and losses which occurred during the Rationing Program, through an Extraordinary Tariff Recomposition (RTE), given to compensate for the variation in non-manageable costs of Portion A that took place in the period from January 1 to October 25, 2001.

a) The Extraordinary Tariff Recomposition

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

The RTE came into effect on December 27, 2001, through the following tariff adjustments:

- Adjustment of 2.90% for consumers in the residential classes (excluding low-rental consumers), and consumers in the rural, public-illumination and high-voltage industrial categories for whom the cost of electricity represents 18.00% or more of the average cost of production and which meet certain requirements related to load factor and electricity demand, specified in the Resolution.
- Increase of 7.90% for other consumers.

Table of Contents

The RTE was used to compensate the following items:

- Losses of invoiced sales revenue in the period from June 1, 2001 to February 28, 2002, corresponding to the difference between Cemig's estimated revenue if the rationing program had not been put in place and the actual revenue while the program was in place, according to a formula published by Aneel. Calculation of this value did not take into account any losses from default by consumers.
- Pass-through to be made to the generators who bought energy in the MAE which was succeeded in 2004 by the Electricity Trading Chamber (the CCEE) in the period from June 1, 2001 to February 28, 2002, for more than R\$ 49.26/MWh (referred to as Free Energy).

The period of validity of the RTE of **Cemig D** and of Light Serviços de Eletricidade S.A. (**Light Sesa**), of 74 months, expired in February 2008, and **Cemig D** made a write-off as a loss, of R\$ 348,819 as a result of this period not having been sufficient for receipt of all the assets relating to the losses suffered in the rationing period. Light Sesa posted a write-off, as losses, of R\$ 72,862.

Also as a result of the termination of the period of validity of the RTE, **Cemig D** and **Light Sesa** made write-offs of amounts to be withheld for passthrough to the generators, in the amount of R\$ 360,783. This write-off did not affect the income statement for the period, since the corresponding liability was written off simultaneously.

b) Portion A

The items of Portion A are defined as being the sum of the differences, positive or negative, in the period January 1 to October 25, 2001, between the amounts of the non-manageable costs presented on the basis of the calculation for determination of the last annual tariff adjustment and the disbursements which actually took place in the period.

The recovery of Portion A began in March 2008, shortly after the end of the period of validity of the RTE, using the same recovery mechanisms, that is to say, the adjustment that was applied to tariffs for compensation of the amounts of the RTE will continue in effect for compensation of the items of Portion A.

The Portion A credits are updated by the variation in the Selic rate up to the month in which they are actually offset, and there is no time limit for their realization.

As and when amounts of Portion A are received through the tariff, Cemig transfers those amounts from Assets to the Income statement. In the case of **Cemig D**, the amounts transferred are:

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

| Amounts transferred to Expenses | Consolidated | |
|---|-------------------------|-------------------------|
| | January to June 2010 | January to June 2009 |
| Energy bought for resale | 101,297 | 93,758 |
| Fuel Consumption Account CCC | 44,854 | 41,516 |
| Global Reversion Reserve RGR | 4,188 | 4,149 |
| Tariff for transport of electricity from Itaipu | 1,729 | 1,601 |
| Tariff for use of national grid transmission facilities | 11,585 | 10,723 |
| Royalties for use of water resources | 3,978 | 3,682 |
| Connection Realization of Portion A | 244 | 226 |
| Delivery service inspection charge | 320 | 388 |
| | 168,195 | 156,043 |

Table of Contents

The amounts to be received in relation to Portion A, recorded in Assets, are:

| | Consolidated | |
|--|---------------|----------------|
| | 06/30/2010 | 03/31/2010 |
| Compensation of the items of Portion A | | |
| Principal | 245,299 | 245,299 |
| Updating by Selic rate | 582,031 | 579,398 |
| Amounts received | (761,818) | (676,633) |
| Total of RTE and Portion A | 65,512 | 148,064 |

7) TRADERS TRANSACTIONS IN FREE ENERGY

The receivables of the subsidiary **Cemig GT** for transactions in Free Energy in the Electricity Trading Chamber (CCEE) during the period of the Rationing Program are as follows:

| | Consolidated | |
|--|--------------|------------|
| | 06/30/2010 | 03/31/2010 |
| Current assets | | |
| Amounts to be received from distributors | 46,141 | 45,175 |

The amounts receivable in Assets are the difference between the prices paid by **Cemig GT** in the transactions in energy on the CCEE, during the period when the Rationing Program was in effect, and R\$ 49.26/MWh. This difference is to be reimbursed by the distributors through the amounts raised by means of the RTE, as defined in the General Agreement for the Electricity Sector.

In accordance with Aneel Resolution 36 of January 29, 2003, the electricity distributors have, since March 2003, been collecting the amounts obtained monthly by means of the RTE and passed them through to the generators and distributors that have amounts to be received, which include **Cemig GT**.

On January 12, 2010, Aneel published Normative Resolution 387, establishing that the balances of payments due for Free Energy and Loss of Revenue, after completion of the collection of the Extraordinary Tariff Recomposition (RTE) in distributors retail supply tariffs, should be recalculated by a new method.

The final passthrough of Free Energy amounts will be the sum of the monthly differences, positive or negative, between the passthroughs for Free Energy made in accordance with certain defined criteria, and the passthroughs already made, plus financial remuneration at the Selic rate, from the date of occurrence of the difference up to the date of completion of the charging of the RTE within retail supply tariffs.

The amounts receivable by **Cemig GT** are updated by the variation in the Selic rate plus 1.00% interest per year.

The conclusion of certain court proceedings in progress, brought by market agents, in relation to interpretation of the rules in force at the time of the transactions on the CCEE, could result in changes in the amounts recorded. For more details, see Explanatory Note 22.

Table of Contents

8) THE REVIEW OF THE TRANSMISSION TARIFF

1^o Tariff Review

Cemig GT's first Tariff Review was approved by the Council of Aneel on June 17, 2009. In it Aneel set the percentage for repositioning of the Company's Permitted Annual Revenue (RAP) at 5.35%, backdated to 2005.

on June 1, 2010, Aneel granted and partially approved the Administrative Appeal filed by the Company, ordering the repositioning of its first periodic Tariff Review from 5.35% to 6.96%, for the following reasons:

- (i) costs incurred in preparation of the evaluation report, in the amount of R\$ 978;
- (ii) alteration of the Net Remuneration Basis by R\$ 1,140;
- (iii) inclusion of the Sector Charges on the difference between Revenues applied for in the last four cycles and the result of Financial updating, due to the alteration of the profile of Authorized Facilities, of R\$ 8,424.

Aneel additionally established a financial component of R\$ 168,632 to be paid to the Company as the Adjustment Portion (PA) in 24 months. This is the backdated effect of the tariff repositioning over the period from July 1, 2005 to June 30, 2009, increased by the R\$ 10,542 arising from the Administrative Appeal. The first part, of R\$ 85,732, was incorporated into the adjustment for the 2009-10 cycle, and the second part, of R\$ 72,358, will be compensated in the 2010-11 adjustment.

2nd Tariff Review

On June 8, 2010, Aneel homologated the result of the Second Tariff Review of **Cemig GT**, which set the repositioning of the Permitted Annual Revenue (RAP) at 15.88%, backdated to June 2009. This resulted in a requirement for reimbursement of R\$ 75,568 to the users of the Transmission System during the July 2010 to July 2011 tariff cycle.

The Company recorded this amount as a reduction of revenue in the second quarter of 2010.

As and when amounts of the Adjustment Portion relating to the 1st and 2nd Tariff Reviews are received through the tariff, the Company transfers the corresponding amount recorded in Assets to the Income statement.

9) ANTICIPATED EXPENSES AND REGULATORY LIABILITIES CVA

The balance on the Account to Compensate for Variation of Portion A items (known as the CVA account) is made up of the positive and negative differences between the estimate of non-manageable costs used for deciding the tariff adjustment, and the payments actually made. The variations ascertained are compensated in the subsequent tariff adjustments.

The balance on the CVA account is shown below:

| | 06/30/2010 | Consolidated 03/31/2010 |
|-------------------------|-------------------|------------------------------------|
| Cemig D | (228,530) | (206,793) |
| Light | 23,090 | 36,253 |
| | (205,440) | (170,540) |
| Current assets | 282,301 | 367,774 |
| Non-current assets | 88,675 | 52,968 |
| Current liabilities | (445,589) | (520,176) |
| Non-current liabilities | (130,827) | (71,106) |
| Net amounts | (205,440) | (170,540) |

Table of Contents**10) TAXES SUBJECT TO OFFSETTING**

| | Consolidated | | Holding company | |
|-------------------------|------------------|------------------|-----------------|----------------|
| | 06/30/2010 | 03/31/2010 | 06/30/2010 | 03/31/2010 |
| Current | | | | |
| ICMS tax recoverable | 246,817 | 228,735 | 3,828 | 3,820 |
| Income tax | 568,443 | 498,226 | | |
| Social Contribution tax | 197,543 | 160,029 | | |
| Pasep tax | 22,847 | 19,182 | 2 | 3 |
| Cofins tax | 105,387 | 91,291 | 10 | 12 |
| Others | 14,187 | 20,141 | 2,566 | 2,570 |
| | 1,155,224 | 1,017,604 | 6,406 | 6,405 |
| Non-current | | | | |
| ICMS tax recoverable | 80,249 | 79,377 | 426 | 426 |
| Income tax | 92,526 | 85,488 | 90,153 | 83,862 |
| Social Contribution tax | 26,245 | 18,435 | 26,245 | 18,435 |
| Pasep and Cofins | 42,499 | 42,420 | | |
| | 241,519 | 225,720 | 116,824 | 102,723 |
| | 1,396,743 | 1,243,324 | 123,230 | 109,128 |

The credits for Pasep and Cofins taxes arise from payments made in excess by the Company as a result of adoption of the non-cumulative regime for revenues of the transmission companies whose electricity supply contracts were prior to October 31, 2003, and for which subsequent regulation by the Brazilian tax authority allowed review and inclusion in the cumulative regime. As a consequence of this review, restitution of excess tax paid in prior periods was allowed.

The balances of income tax and Social Contribution tax refer to tax credits in corporate income tax returns of previous years, and advance payments made in 2010, which will be offset against federal taxes payable to be calculated for the year, posted in Taxes and contributions.

The credits of ICMS tax recoverable, recorded in Long term assets, arise from acquisitions of fixed assets, and can be offset in 48 months. The transfer to Short term was made in accordance with the estimates of the amounts which should be realized up to June 2011.

11) TAX CREDITS**a) Deferred income tax and Social Contribution tax:**

Cemig and its subsidiaries have deferred income tax credits, constituted at the rate of 25.00%, and deferred Social Contribution tax credits, at the rate of 9.00%, as follows:

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

| | Consolidated | | Holding company | |
|---|----------------|----------------|-----------------|----------------|
| | 06/30/2010 | 03/31/2010 | 06/30/2010 | 03/31/2010 |

Table of Contents

At its meeting on March 23, 2010, the Board of Directors approved the technical study prepared by the CFO's Department on the forecasts for future profitability adjusted to present value, which show capacity for realization of the deferred tax asset in a maximum period of 10 years, as defined in CVM Instruction 371. This study includes Cemig and its subsidiaries Cemig Generation and Transmission and Cemig Distribution, and was submitted to Cemig's Audit Board for examination on March 4, 2010.

In accordance with the individual estimates by Cemig and its subsidiaries, future taxable profits enable the deferred tax asset existing on June 30, 2010 to be realized as follows:

| | Consolidated | Holding company |
|---------------|----------------|-----------------|
| 2010 | 141,164 | 265 |
| 2011 | 184,044 | 21,401 |
| 2012 | 157,081 | 23,831 |
| 2013 | 150,800 | 23,831 |
| 2014 and 2015 | 91,502 | 19,086 |
| 2016 and 2017 | 61,573 | 1,040 |
| 2018 and 2019 | 17,480 | 658 |
| | 803,644 | 90,112 |

The holding company had tax credits not recognized in its Quarterly Information (ITR), in the amount of R\$ 409,367 on March 31, 2010.

The credits not recognized refer basically to the effective loss arising from the assignment of the credits of accounts receivable from the state government to the Credit Receivables Fund in the first quarter of 2006 (as per Explanatory Note 13). As a result of this assignment the provision for losses on recovery of the amounts constituted in previous years became deductible for the purposes of income tax and Social Contribution. The portion not recognized in relation to this issue is R\$ 408,320.

b) Reconciliation of the expense on income tax and the Social Contribution tax:

This table shows the reconciliation of the nominal expense on income tax (rate 25%) and Social Contribution tax (rate 9%) with the expense shown in the Income statement:

Light subscribes to the new Refis Installment Tax Payment program (Law 11941/09)

On November 6, 2009, the Board of Directors of the indirect subsidiary Light Sesa approved agreement to the program of reduction and installment payment of taxes under Law 11941/09.

The principal benefits of this adhesion to the new Refis system, further to the actual disbursement of cash being by installments, are the reduction of interest and penalty payments, in the amount of

Table of Contents

R\$ 128,921, and the possibility of paying the remaining portion of the interest and penalty payments with the use of tax loss carryforwards.

The initial amount included in the Refis was R\$ 585,639. Since R\$ 262,428 was offset against tax losses, the actual amount divided into installments which will result in future disbursements of cash is R\$ 323,211.

Light SESA has been making the minimum payments, plus payment of the installments arising from the migration of the PAES Social Security installment system (REFIS II), in the consolidated amount of R\$ 1,752, while it awaits a notice from the Brazilian Federal Revenue Service for the due consolidation. The variation of the balance is explained by the updating of the Selic rate in the period, in the amount of R\$ 6,252, as well as the amount paid to the Social Security PAES (*PAES Previdenciário*).

12) DEPOSITS LINKED TO LEGAL ACTIONS

Deposits linked to legal actions refers principally to employment-law actions and matters related to tax obligations.

The main payments into court in relation to tax obligations refer to income tax withheld at source on Interest on Equity, and to exclusion of amounts of ICMS tax from the amount taxable by PIS and Cofins tax.

| | Consolidated | | Holding company | |
|----------------------------------|----------------|----------------|-----------------|---------------|
| | 06/30/2010 | 03/31/2010 | 06/30/2010 | 03/31/2010 |
| Employment law cases | 201,175 | 176,968 | 49,028 | 28,169 |
| Tax obligations | | | | |
| Income tax on Interest on Equity | 13,714 | 13,714 | | |
| PIS and Cofins taxes | 430,739 | 372,704 | | |
| Others | 16,789 | 8,775 | 2,935 | 3,586 |
| Others | 133,748 | 144,370 | 43,497 | 63,707 |
| | 796,165 | 716,531 | 95,460 | 95,462 |

The balances of deposits paid into court in relation to the Pasesp and Cofins taxes have provisions corresponding to the payment obligations, recorded in Taxes, charges and contributions. For more details, see Explanatory Note 18.

13) ACCOUNTS RECEIVABLE FROM THE GOVERNMENT OF THE STATE OF MINAS GERAIS IN THE FORM OF RIGHTS TO RECEIVABLES

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

The outstanding credit balance receivable on the CRC (Results Compensation) Account was transferred to the State of Minas Gerais in 1995, under an Agreement to assign that account (the CRC Agreement), in accordance with Law 8724/93, for monthly amortization over 17 years starting on June 1, 1998, with annual interest of 6% plus monetary updating by the Ufir index.

The First Amendment to the CRC Agreement, signed on January 24, 2001, replaced the monetary updating unit in the agreement, which had been the Ufir, with the IGP-DI inflation index, backdated to November 2000, due to the abolition of the Ufir in October 2000.

Second and Third Amendments to the CRC Agreement were signed in October 2002, setting new conditions for amortization of the credits receivable from the Minas Gerais state government. The main clauses were: (i) monetary updating by the IGP-DI inflation index; (ii) amortization of the two amendments by May 2015; (iii) interest rates of 6.00% and 12.00% for the Second and Third

Table of Contents

Amendments, respectively; and (iv) guarantee of retention, in full, of dividends becoming due to Minas Gerais state, for settlement of the Third Amendment.

a) Fourth Amendment to the CRC Agreement

As a result of default in receipt of the credits specified in the Second and Third Amendments, the Fourth Amendment was signed, with the aim of making possible full receipt of the CRC balance through retention of dividends becoming payable to State Government. This agreement was approved by the Extraordinary General Meeting of Stockholders completed on January 12, 2006.

The Fourth Amendment to the CRC Agreement had backdated effect on the outstanding balance existing on December 31, 2004, and consolidated the amounts receivable under the Second and Third Amendments which were a total of R\$ 4,681,956 on June 30, 2010.

The government of the state will amortize the debit in 61 consecutive half-yearly installments, becoming due by June 30 and December 31 of each year, over the period from June 2005 to June 2035. The amounts of the portions for amortization of the principal, updated by the IGP-DI index, increase over the period, from R\$ 28,828 for the 1st, and R\$ 94,925 for the 61st expressed in currency of June 30, 2010.

The debt is being amortized, as priority, by retention of 65% of the minimum obligatory dividends payable to the State Government. If the amount is not enough to amortize the portion becoming due, the retention may be of up to 65% of all and any amount of extraordinary dividends or extraordinary Interest on Equity. The dividends retained are to be used for amortization of the agreement in the following order: (i) settlement of past due installments; (ii) settlement of an installment for the current half-year; (iii) anticipated settlement of up to 2 installments; and, (iv) amortization of the debtor balance.

On June 30, 2010, the installments of the Agreement to become due on December 31, 2010, and June 30, 2011 had been amortized in advance.

The Fourth Amendment provides that, so as to ensure complete receipt of the credits, the provisions of the Bylaws must be obeyed they define certain targets to be met annually in conformity with the Strategic Plan, as follows:

| Target | Index required |
|---|-------------------------|
| Debt / Ebitda | Less than 2 (1) |
| (Debt) / (Debt plus Stockholders equity) | 40% or less (2) |
| Capital expenditure and acquisition of assets | 40%, or less, of Ebitda |

Ebitda = Earnings before interest, taxes on profit, depreciation and amortization.

(1) Less than 2.5 in certain situations specified in the Bylaws.

(2) 50% or less, in certain situations also specified in the Bylaws.

The Extraordinary General Meeting of Stockholders of May 5, 2010 authorized that the index required for the 2010 business year in relation to the restrictive clause Capital expenditure and acquisition of assets / Ebitda should be equivalent to 90%, in view of the Company's investment programs planned for the year. As a result, none of the restrictive clauses for the year 2010 was not complied with.

b) Transfer of the CRC credits to a Receivables Investment Fund (FIDC)

On January 27, 2006 Cemig transferred the CRC credits into a Receivables Investment Fund (FIDC). The amount of the FIDC was established by the administrator based on long-term financial projections for Cemig, with estimation of the dividends that will be retained for amortization of the outstanding debtor balance on the CRC Agreement. Based on these projections, the FIDC was valued at a total of R\$ 1,659,125, of which R\$ 900,000 in senior units and R\$ 759,125 in subordinated units.

The senior units were subscribed and acquired by financial institutions and will be amortized in 20 half-yearly installments, from June 2006, updated by the variation of the CDI plus interest of 1.7% of interest per year, guaranteed by Cemig.

Table of Contents

The subordinated units were subscribed by Cemig and correspond to the difference between the total value of the FIDC and the value of the senior units.

The updating of the subordinated units corresponds to the difference between the valuation of the FIDC using a rate of 10.00% per year, and the increase in value of the senior units by the variation of the CDI plus interest of 1.70% per year.

Movement in the FIDC in 2Q10 was as follows:

| | Consolidated and Holding company |
|---|---|
| Balance at March 31, 2010 | 1,787,105 |
| Monetary updating on the senior units | 23,643 |
| Monetary updating on the subordinated units | 5,643 |
| Investment in the subordinated units | 14,501 |
| Balance at June 30, 2010 | 1,830,892 |
| Composition of the FIDC on June 30, 2010 | |
| - Senior units held by third parties | 919,115 |
| - Subordinated units owned by Cemig | 905,529 |
| - Dividends retained by the Fund | 6,248 |
| | 911,777 |
| TOTAL | 1,830,892 |

Cemig paid dividends on June 29, 2010, R\$ 67,399 being used for amortization of part of the senior units. Additionally, the Company injected R\$ 14,501 into the fund to complete the amount necessary for redemption of the senior units and other operational expenses of the FIDC. The amortization of R\$ 80,167 of the senior units was effected only on July 1st, 2010.

The dividends and Interest on Equity proposed by the Executive Board to the Board of Directors, to be distributed to stockholders for the business year 2009, are posted in Current Liabilities. Of the dividends to be distributed, R\$ 103,691 is payable to the Minas Gerais State Government, of which R\$ 67,399 will be retained for repayment of part of the due receivables on the CRC.

c) Criterion of consolidation for the FIDC

Due to the guarantee offered by Cemig of settlement of the senior units, in the event that the dividends due to the state government are not sufficient for amortization of the installments, the consolidated Quarterly Information presents the balance of the FIDC registered in full in Cemig, and the senior units are presented as a debt under Loans and financings in Current and Non-current liabilities. Similarly, in the consolidation, the monetary updating of the FIDC has been recognized in full as a financial revenue, and in counterpart, the amount of the

monetary updating of the senior units is recorded as a cost of debt.

b) Stockholding in Light

A discount was ascertained on the acquisition of **Light**, corresponding to the difference between the amount paid by RME and the book value of the stake in the stockholders' equity of Light, in the amount of R\$ 364,961 (Cemig's portion is 25.00%). This discount arises from the estimate of the profits of future years from commercial operation of the electricity distribution and generation concessions, and is being amortized from October 2006 to May 2026, the date of the termination of the distribution concession, on a straight-line basis. The remaining value of the discount R\$73,843 (R\$ 75,002 in March 31, 2010) was incorporated into the Company's stockholders' equity after the split of RME, and is being presented in the consolidated quarterly information as Non-current liabilities, under Other obligations.

c) **Goodwill on acquisitions of equity interests**

The goodwill on the acquisition of the wind generation companies is the difference between the amount paid and the book value of the interest in the Stockholders' equity of the jointly-controlled subsidiaries, arising from the added value of the concession. The goodwill will be amortized over the remaining period of validity of the concessions.

Table of Contents

d) Completion of the transaction to purchase shares in LIGHT

On March 25, 2010 the payment was made for the acquisition by Cemig of 25,494,500 common shares in **Light S.A.** (Light) owned by AGC, representing 12.50% of the total and voting capital of **Light**. The price paid by Cemig in relation to the purchase of the shares was R\$ 718,518, corresponding to R\$ 29.54 per share, this value resulting from the updating of the price stipulated in the contract, by the CDI (Interbank Certificate of Deposit) rate, published by Cetip – the Financial Securities Custody and Settlement Center, from December 1, 2009 up to the date of the payment, and deduction of the dividends of R\$ 2.12 per share declared by Light at the Ordinary General Meeting completed on March 24, 2010.

As well as providing for the payment for the shares, on that date, the Contract provided for acquisition by Cemig, on or before September 21, 2010, of 1,081,649 (one million eighty one thousand six hundred forty nine) common shares issued by Light, representing, approximately, 0.53% of the voting and total capital of Light, owned by AGC. The price corresponding to the 0.53% of the capital of Light is R\$ 31,949. This amount will also be updated by the CDI rate from December 1, 2009 up to the date of payment, and from it will be deducted any dividends and Interest on Equity paid or declared by Light in this period.

The Contract also provides for assignment of the shares acquired to an affiliated company of Cemig, or to third parties.

On this transaction the Company paid a premium of R\$ 344,098, calculated from the added value of the concession.

Additional option to purchase shares in **Light**

Cemig, if the sale option is exercised, will acquire 100% of the share units of LUCE INVESTMENT FUND, which holds 75% (seventy five per cent) of the shares of LUCE BRASIL FUNDO DE INVESTIMENTO EM PARTICIPAÇÕES. The result would be that Cemig would acquire 19,932,112 common shares in **Light S.A.**, representing 9.75% of its total and voting capital for the price of US\$340,455, from which would be deducted any dividends and Interest on Equity paid or declared by Light S.A. in the period starting on December 1, 2009, up to and including the date of the exercise of the option, if any.

The option may be exercised at any time between October 1 and October 6, 2010 and its exercise will create an obligation upon Cemig to acquire or indicate a third party that will acquire the totality of the share units of the LUCE Fund for the Price of the Option. Completion of this transaction is conditional upon certain contractually established requirements being met, and also approval by the National Electricity Agency, Aneel; the Administrative Economic Defense Council, CADE; the Brazilian Development Bank (BNDES); and, where necessary, the other financing agents of and debenture holders of Light and its subsidiaries.

e) Acquisition of a complementary stake in Transmissora Aliança de Energia Elétrica Taesa

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

On May 6, 2010 Cemig GT made a public offer to acquire shares and units from minority stockholders, through Transmissora **Alterosa** de Energia Elétrica. The transaction resulted in the acquisition of 24.42% of the shares until then held by the minority stockholders, equivalent to 56.69% of the total capital of Taesa, for R\$ 1,001,851 R\$ 15.57 per share.

A premium of R\$ 523,367 was ascertained, corresponding to future profitability from commercial operation of the concessions in the period specified by the regulator. The goodwill will be amortized over the remaining period of validity of the concessions.

With this transaction the company, together with Fundo de Investimentos em Participação Coliseu, concluded the process of acquisition of Transmissora Aliança de Energia Elétrica **Taesa** (formerly **Terna Participações**)

Table of Contents

Some of the minority stockholders did not accept the public offer to acquire shares, and 4.72% of the shares of Taesa remained in circulation in the market.

f) Acquisition of stockholding

At a meeting held on June 30, 2010, the Board of Directors of Cemig Telecomunicações S.A. **Cemig Telecom**, a corporation registered for listing, which provides telecommunications services, approved signature of a Share Purchase Agreement with **Ativas Participações S. A.**, for the purchase of 9,804,900 common shares, representing 49% of the total and voting capital of **Ativas Data Center S. A.**

The objects of Ativas Data Center S.A. are provision of the services of supply of IT and communication technology infrastructure, including hosting and colocation of IT environments, database storage and site backup, professional information safety and availability security services, IT consultancy, connectivity with sale of access and Internet bandwidth. For these purposes it is building a data center classified as Tier III (Uptime Institute), to serve medium-sized and large-scale corporations. The transaction was concluded on July 8, 2010.

15) FIXED ASSETS

| | Historic cost | Consolidated | | 03/31/2010 Net value |
|--|-------------------|---|-------------------|-------------------------|
| | | 06/30/2010 Accumulated depreciation | Net value | |
| In service | 25,523,132 | (10,755,591) | 14,767,541 | 14,098,543 |
| Distribution | 12,144,293 | (5,649,422) | 6,494,871 | 6,466,712 |
| Generation | 8,667,998 | (3,457,205) | 5,210,793 | 5,243,019 |
| Transmission | 3,702,087 | (1,133,065) | 2,569,022 | 1,992,188 |
| Management | 420,775 | (275,283) | 145,492 | 120,139 |
| Telecoms | 408,060 | (203,884) | 204,176 | 196,824 |
| Gas | 179,919 | (36,732) | 143,187 | 79,661 |
| In progress | 3,303,935 | | 3,303,935 | 3,063,405 |
| Distribution | 1.481.364 | | 1.481.364 | 1.375.795 |
| Generation | 943.138 | | 943.138 | 840.082 |
| Transmission | 418.942 | | 418.942 | 385.624 |
| Management | 73.534 | | 73.534 | 64.255 |
| Telecoms | 26.342 | | 26.342 | 29.301 |
| Gas | 360.615 | | 360.615 | 368.348 |
| Total fixed assets | 28,827,067 | (10,755,591) | 18,071,476 | 17,161,948 |
| Special Obligations linked to the concession | (2,816,889) | 270,399 | (2,546,490) | (2,549,677) |
| Net fixed assets | 26,010,178 | (10,485,192) | 15,524,986 | 14,612,271 |

Special Obligations linked to the concession are basically contributions made by consumers for execution of the undertakings necessary to comply with requests for retail supply of electricity. Any settlement of these obligations depends on the will of Aneel, at the termination of the Distribution concessions, through reduction of the residual value of the Fixed Asset for the purposes of determining the value that the Concession-granting Power will pay to the concession holder.

Some land sites and buildings of the subsidiaries, registered in Fixed assets Administration, were given in guarantee for lawsuits involving tax, labor-law, civil disputes and other contingencies in the net amount of R\$ 7,412 on June 30, 2010 (R\$ 6,401 on March 31, 2010), net of depreciation.

The company has not identified any indications of recoverable loss of value of its fixed assets. The concession contracts specify that at the end of the period of each concession the Concession-granting Power will decide the amount to be indemnified to the Company. As a result Management believes that the accounting value of fixed assets that are not depreciated at the end of the concession period will be reimbursed by the Concession-granting Power.

Table of Contents

Additionally, and due to the control of the remuneration basis, which is higher than the amount recognized in the accounting, the Company believes this to be an indication that there is no indication of a need to constitute a provision.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

The Deferred obligations under Current are basically the assets and liabilities linked to the General Agreement for the Electricity Sector and other regulatory issues, and become due as and when those assets and liabilities are realized.

The non-current obligations for Pasep and Cofins taxes refer to the legal action challenging the constitutionality of the inclusion of ICMS tax in the taxable amount for these taxes, and applying for offsetting of the amounts paid in the last 10 years. The Company obtained a Court injunction enabling it not to make the payment and authorizing payment into Court starting from 2008.

The non-current deferred obligations for income tax and Social Contribution refer, substantially, to the recognition of financial instruments (FX variation, and hedge transactions) by the cash method, which are payable as and when realized (by payment or redemption), and to marking to market of

Table of Contents

financial instruments, and adjustment to present value, implemented by the change in the Corporate Law, to be reversed as and when realized.

The non-current Pasep and Cofins liabilities refer substantially to assets and liabilities linked to regulatory issues, which become payable as and when they are realized.

19) LOANS, FINANCINGS AND DEBENTURES

| | | | | UMBndes | 0.90 | 4.02 |

The movement on loans, financings and debentures is as follows:

| | Consolidated |
|----------------------------------|---------------------|
| Balance at March 31, 2010 | 11,825,160 |
| Acquisition of subsidiaries | 384,939 |
| Loans and financings obtained | 723,103 |
| Monetary and FX variation | 60,959 |
| Transaction costs | (14,083) |
| Amortization of transaction cost | 1,524 |
| Financial charges provisioned | 261,130 |
| Financial charges paid | (250,676) |
| Charges capitalized | 1,013 |
| Adjustment to present value | (3,525) |
| Amortization of financings | (336,584) |
| Balance at June 31, 2010 | 12,652,960 |

Table of Contents**a) Restrictive covenant clauses**

Cemig and its subsidiaries have loans and financings with restrictive covenants. The most important are:

| Description of the restrictive covenant | Index required |
|---|------------------------------|
| Debt / Ebitda | Less than or equal to 2.5 |
| Debt / Ebitda | Less than or equal to 3.36 |
| Net debt / Ebitda | Less than or equal to 3.25 |
| Current debt / Ebitda | Less than or equal to 90% |
| Debt / (Stockholders equity + Debt) | Less than or equal to 53% |
| Ebitda / Costs of debt | Greater than or equal to 2.8 |
| Ebitda / interest | Greater than or equal to 3.0 |
| Ebitda / Financial expenses | Greater than or equal to 2.0 |
| Capital expenditure / Ebitda | Less than or equal to 60% |

Net Debt = Total debt, less cash position, less tradable securities.

Ebitda = Earnings before interest, taxes (on profit), depreciation and amortization. Specific criteria for the calculation of Ebitda are made in some contracts, with some variations from this formula.

One of the restrictive covenants mentioned above was not complied with, as follows:

| Description of the restrictive covenant | Index required | Position on 06/30/2010 |
|---|----------------------------|------------------------|
| Cemig D | | |
| Financial debt / (Stockholders equity + Financial debt) | Less than or equal to 53% | 53.41% |
| Capital expenditure / Ebitda | Less than or equal to 60% | 100.11% |
| Debt / Ebitda | Less than or equal to 3.36 | 3.52 |
| Cemig GT | | |
| Debt / (Stockholders equity + Debt) | Less than or equal to 53% | 58,65% |

The company obtained waivers from its creditors, consenting that they would not exercise their rights to demand immediate or early payment of amounts owed up to June 30, 2011. The financings are classified in Current and Non-current liabilities, in accordance with the original terms of the contract, in view of these consents having been obtained.

| Non-current liabilities | 206,710 | 178,177 |

Table of Contents

21) POST-EMPLOYMENT OBLIGATIONS

The Forluz Pension Fund

Cemig is a sponsor of **Forluz** (*Fundação Forluminas de Seguridade Social* – the Forluminas Social Security Foundation), a non-profit legal entity whose object is to provide its associates and participants and their dependents and beneficiaries with a financial income to complement retirement and pension, in accordance with the Forluz pension plan they are subscribed in.

The actuarial obligations and assets of the plan on December 31, 2004 were segregated between **Cemig**, **Cemig GT** and **Cemig D** on the basis of the allocation of the employees to each of these companies.

Forluz makes the following supplementary pension benefit plans available to its participants:

The Mixed Benefits Plan (Plan B): A defined-contribution plan at the stage of accumulation of funds, for retirement benefits for normal time of service, and defined-benefit coverage for disability or death of participants still in active employment, and also receipt of benefits for time of contribution. The contributions of the Sponsors are equal to the basic monthly contributions of the participants, and this is the only plan open for joining by new participants.

The contribution of the Sponsors to this plan is 27.52% for the portion with defined benefit characteristics, relating to the coverage for invalidity or death for the active participant, and this is used for amortization of the defined obligation through an actuarial calculation. The remaining 72.48%, relating to the portion of the plan with defined-contribution characteristics, goes to the nominal accounts of the participants and is recognized in the income statement for the year in accordance with the payments made by the Company, under Personnel expenses.

Hence the obligations for payment of supplementary pension benefits under the Mixed Plan, with defined contribution characteristics, and their respective assets, in the same amount of R\$ 2,767,140, are not presented in this Explanatory Note.

Pension Benefits Balances Plan (Plan A): This includes all the currently employed and assisted participants who opted to migrate from the previous Defined Benefit Plan, and are entitled to a benefit proportional to those balances. For participants who are still working, this benefit has been deferred to the retirement date.

Defined Benefit Plan: This is the benefit plan adopted by Forluz up to 1998. It complements the amount of the Official Social Security benefit so as to result in the average real salary of the employee's last three working years in the Company. After the process of migration that was carried out in June 2007, approved by the Private Pension Plans Secretariat (SPC), in which more than 80% of the participants migrated to Plans A and B, 51 participants remained in the Defined Benefit plan.

Cemig, Cemig GT and Cemig D also maintain, independently of the plans made available by Forluz, payments of part of the life insurance premium for the retirees, and contribute to a health plan and a dental plan for the employees, retirees and dependents, administered by Forluz.

Separation of the Health Plan

On August 26, 2008 the Executive Council of Forluz, complying with orders issued by the Private Pension Plans Authority (SPC), decided to transfer management of the Cemig Integrated Health Plan (PSI) to a separate entity to be created for that purpose. The reason for the decision was the SPC's belief that it would be impossible to maintain those participants in the Health Plan who were not also inscribed in the pension and retirement plans. To protect the interests of its participants, and also to comply with the SPC's ruling, Forluz opted to separate the activities, keeping the present dental and pension plans within itself. The period planned for conclusion of the process of

Table of Contents

separation of the health plan is 2010 months, during which time all the existing coverage and benefits will be maintained.

Amortization of actuarial obligations

Part of the consolidated actuarial obligation on post-employment benefits, in the amount of R\$ 893,027 at June 30, 2010 (R\$ 900,145 at March 31, 2010) was recognized as an obligation payable by Cemig and its subsidiaries and is being amortized up to June 2024, through monthly installments calculated by the system of constant installments (the so-called Price table). After the Third Amendment to the Forluz Agreement, the amounts began to be adjusted only by the IPCA Inflation Index (Amplified National Consumer Price Index) published by the Brazilian Geography and Statistics Institute (IBGE), plus 6% per year.

The liabilities and expenses recognized by the Companies in connection with the Supplementary Retirement Plan, Health Plan, Dental Plan and Life insurance are adjusted in accordance with the terms of CVM Decision 371/00 and an Opinion prepared by independent actuaries. Hence the financial updating of the obligation in the debt agreed with Forluz mentioned in the previous paragraph does not produce accounting effects in Cemig's Income statement.

The amounts recognized in the balance sheet at December 31, 2009, as they appear in the opinion prepared by an external actuary in conformity with CVM Decision 371, are presented in this Explanatory Note.

The Braslight Pension Fund

Light is a sponsor of *Fundação de Seguridade Social Braslight*, a non-profit private pension plan entity whose purpose is to guarantee retirement revenue to Company employees subscribed with the Foundation, and pension revenue to their dependents.

Braslight was instituted in April 1974, and has three plans A, B and C put in place in 1975, 1984 and 1998 respectively. About 96% of the active participants of the other plans have migrated to plan C.

In plans A and B the benefits are of the defined benefit type. In Plan C, which is of the mixed type, the programmable benefits (retirement not arising from invalidity, and the respective reversal in pension), during the capitalization phase are of the defined contribution type, without any link to the INSS, and the risk benefits (illness assistance, retirement for invalidity and pension for death of a participant who is still working, becomes invalid or receives illness assistance), as well as those of continued income, once granted, are of the defined benefit type.

On October 2, 2001, the Private Pension Plans Secretariat approved a contract for solution to the technical deficit and the refinancing of the reserve to be amortized relating to the pension plans of Braslight, which were recorded in full, this is being paid in 300 monthly installments, starting from July 2001, updated by the variation of the IGP-DI inflation index and interest of 6.00% per year, totaling R\$ 971,749 at June 30,

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

2010 (R\$ 965,998 at March 31, 2010). The effect on the Company's consolidated result is of the portion corresponding to 25.53% of this amount, according to proportional consolidation.

Table of Contents

The movement in net liabilities has been as follows:

| Consolidated | Pension plans and retirement supplement plans | | Health plan | Dental plan | Life insurance | Total |
|--|---|----------------|----------------|---------------|----------------|------------------|
| | Forluz | Braslight | | | | |
| Net liabilities on March 31, 2010 | 261,334 | 246,644 | 380,295 | 20,161 | 476,165 | 1,384,599 |
| Expense recognized in the Income statement | 6,681 | 7,384 | 17,657 | 1,045 | 11,383 | 44,150 |
| Contributions paid | (33,952) | (5,916) | (10,900) | (146) | (2,537) | (53,451) |
| Net liabilities on June 30, 2010 | 234,063 | 248,112 | 387,052 | 21,060 | 485,011 | 1,375,298 |
| Current liabilities | 80,137 | 23,896 | | | | 104,033 |
| Non-current liabilities | 153,926 | 224,216 | 387,052 | 21,060 | 485,011 | 1,271,265 |

| Holding company | Pension plans and retirement supplement plans | | Health plan | Dental plan | Life insurance | Total |
|--|---|---------------|---------------|--------------|----------------|---------------|
| | Forluz | | | | | |
| Net liabilities on March 31, 2010 | | 12,487 | 18,899 | 1,013 | 20,557 | 52,956 |
| Expense recognized in the Income statement | | 505 | 1,764 | 89 | 778 | 3,136 |
| Contributions paid | | (1,683) | (550) | (10) | (127) | (2,370) |
| Net liabilities on June 30, 2010 | | 11,309 | 20,113 | 1,092 | 21,208 | 53,722 |
| Current liabilities | | 3,987 | | | | 3,987 |
| Non-current liabilities | | 7,322 | 20,113 | 1,092 | 21,208 | 49,735 |

The amounts recorded as Current refer to the contributions to be made by Cemig in the next 12 months for amortization of the actuarial liabilities.

22) CONTINGENCIES FOR LEGAL PROCEEDINGS

Cemig and its subsidiaries are parties in court and administrative proceedings before various courts and government bodies, arising from the normal course of business, involving tax, labor-law, civil and other issues.

Actions in which the company is creditor with success considered probable

Pasep and Cofins Widening of the calculation base

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

The holding company has legal proceedings challenging the enlargement of the taxable basis for calculation of the Pasep and Cofins taxes, on financial revenue and on other non-operational revenues, in the period from 1999 to January 2004, by Law 9718 of November 27, 1998; and has a judgment in its favor at first instance. In the event that this action is won in the final instance (subject to no further appeal) and we would note that the Federal Supreme Court has ruled on several proceedings in favor of the taxpayer the gain to be registered in the results of the year will be R\$ 181,668, (R\$ 179,824 on March 31, 2010), net of income tax and Social Contribution Tax.

Actions in which the company is debtor

For those contingencies where negative outcomes are considered probable, the Company and its subsidiaries have constituted provisions for losses.

Cemig's management believes that any disbursements in excess of the amounts provisioned, when the respective processes are completed, will not significantly affect the result of operations or the financial position of the holding company nor the consolidated result.

(*) Balance of contingencies without inclusion of Court deposits.

The details on the provisions constituted are as follows:

(a) Employment-law cases

The complaints under the labor laws are basically disputes on overtime, additional amounts for dangerous work, property damages and pain and suffering.

(b) Civil disputes - tariff increase

Several industrial consumers filed actions against Cemig seeking reimbursement for the amounts paid as a result of the tariff increase during the federal government's economic stabilization plan known as the Cruzado Plan in 1986, alleging that the said increase violated the control of prices instituted by that plan. Cemig estimates the amounts to be provisioned

Table of Contents

based on the disputed amounts billed and based on recent judicial decisions. The total exposure of Cemig and its subsidiaries in this matter, in the understanding of management, is R\$ 132,890. The part of this in which loss is considered probable has been provisioned in full, in the amount of R\$ 49,162 (R\$ 71,743 on March 31, 2010).

In May 2010, Cemig signed a settlement in relation to the legal action filed by a consumer, for reimbursement of the tariff increase introduced by the National Water and Energy Department (DNAEE) during the *Cruzado* economic plan. Under this agreement Cemig agreed to pay to the consumer the amount of R\$ 177,592, of which R\$ 92,592 was to be offset against unpaid invoices, and R\$ 85,000 to be paid by deduction from future payments for supply of electricity and use of the distribution systems, without any adjustment or monetary updating, and including fees of Counsel. The value of R\$177,592 has been recognized in full in the income statement for the period.

(c) ICMS tax

Since 1999, **Light** has been inspected on various occasions by the tax authority of Rio de Janeiro State in relation to the ICMS value added tax, charged by states. The infringement notices received so far and not paid are the subject of contestation in the administrative and legal spheres. Based on the opinion of its counsel and calculation of the amounts involved in the infringement notices, management believes that only a part of these amounts represents probable risk of loss, and the amount of R\$ 25,116 is provisioned.

(d) Taxes and contributions demandabilities suspended

Cemig has a provision of R\$ 86,437 relating to the deduction, from the amount subject to corporate income tax, of the expense of the Social Contribution tax since 1988. On April 17, 1998, the 8th Federal Court granted Cemig an injunction, which was overturned in April 2010. Cemig paid the amount of R\$ 91,487 on May 21, 2010. The Company has made an application for Provisional Remedy to appeal against this judgment.

(e) Social security system

In December 1999 the National Social Security Institute (INSS) issued infringement notices against **Light** for alleged joint liability to withhold payments at source on amount paid for services provided by contractors, and the applicability of the Social Security contribution to employees profit shares.

Light challenged the legality of Law 7787/89 which increased the Social Security contribution percentage applying to payrolls, believing that it also changed the basis of calculations of Social Security contributions during the period July to September 1989. As a result of the provisional remedy given by the Court, the Company has offset the amounts payable for social security contribution.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

The company assesses the chance of loss in the actions mentioned as probable, and the provisions for the actions brought by the INSS represent the amount of R\$ 15,844 (R\$ 15,679 on March 31, 2010).

(f) Aneel administrative proceedings

On January 9, 2007, Aneel notified Cemig D that it considered certain criteria adopted by the company in calculation of the revenue from the subsidy for low-income consumers to be incorrect, questioning the criteria for identification of the consumers who should receive the benefit and also the calculation of the difference to be reimbursed by Eletrobrás, in the estimated amount of R\$ 143,000. The Company has made a provision corresponding to the loss that it considers probable in this dispute, in the amount of R\$ 51,549.

Table of Contents

(g) Other

Other civil actions are primarily claims for personal damages by individuals, mainly due to accidents allegedly occurring as a result of the Company's business, and damages as a result of power outages. The provision at June 30, 2010 represents the potential loss on these claims.

Among the civil cases we highlight an action for indemnity arising from a fire on grazing land of a rural property, allegedly due to breakage of an electricity cable, in which the loss of which the chances are assessed as probable, in the amount of R\$ 36,646 has been 100% provisioned.

(h) Actions with chances of loss assessed as possible or remote

Cemig and its subsidiaries are disputing other actions in the courts for which it considers the chances of loss to be possible or remote. The following are the details of the most important of these:

(i) Income tax and Social Contribution on post-employment benefits

The federal tax authority, on October 11, 2001, issued a Notice of Infringement, in the updated amount of R\$ 334,417 as a result of the use of tax credits which resulted in the rectification, for the reduction of taxes payable, of the income tax declarations for 1997, 1998 and 1999. The income tax returns were rectified as a result of the change in the method of accounting of the post-employment benefit liabilities. The additional post-employment benefits which resulted from the changes in the method of accounting were recognized in the tax years rectified, resulting in a tax loss and a negative basis for calculation of the Social Contribution.

Cemig presented an administrative appeal in the Finance Ministry Taxpayers' Council, obtaining a favorable decision for the years of 1997 and 1998 and an adverse decision in relation to the year 1999. This adverse decision would result in a reduction of the negative basis for calculation of tax loss, registered as tax credits, in the historic amount of R\$ 26,631. The tax credits were not reduced, and a provision for contingencies for any losses as a result of this decision was not made, since Cemig believes that it has solid legal argument and grounds for the procedures adopted for recovery of the said tax credits in the Courts. Thus, it assesses the chance of loss in this action as remote.

The tax credits constituted, mentioned in the previous paragraph, were used by Cemig to offset federal taxes and contributions paid in the business years of 2002 and 2003. Due to this fact, Cemig had the offsetting proceedings refused by the federal tax authority and would be exposed to an additional penalty, updated to June 30, 2010, of R\$ 303,435 (R\$ 300,702 at March 31, 2010). With the decision of the Taxpayers Council, mentioned above, Cemig considers that the refusal of this process of offsetting becomes null. Thus, no contingency provision has been constituted to meet any losses, since Cemig believes that it has solid legal grounds for the procedures adopted and rates the chance of loss in this action as remote.

(II) Tax on Inheritance and Donations (ITCD)

The State of Minas Gerais is challenging the Company in the courts for non-payment of the Tax on Donations (ITCD) in relation to contributions of consumers, the amount of which on June 30, 2010 was R\$ 204,485 (R\$ 201,955 on March 31, 2010). No provision has been made for this dispute, since the Company believes it has arguments on the merit for defense against this claim. The Company assesses the chances of loss in this action as remote .

(iii) Acts of the regulatory agency

Aneel filed an administrative action against Cemig stating that the company owes R\$ 1,240,698 (R\$ 1,199,499 on March 31, 2010) to the federal government as a result of an alleged error in the calculation of credits under the CRC (Results Compensation) Account, which were previously utilized to reduce the amounts owed to the federal government. On October 31, 2002 Aneel issued a final administrative decision against Cemig. On January 9, 2004 the National Treasury issued an Official Collection Notice for the amount of the debit. Cemig did not make the payment because it believes that it has arguments on the merit for

Table of Contents

defense in the Courts and, thus, has not constituted a provision for this action. The Company assesses the chances of loss in this action as possible .

Table of Contents

(iv) Social Security and tax obligations indemnity for the *Anuênio* and profit shares.

In 2006 Cemig and its subsidiaries Cemig GT and Cemig D paid indemnities to their employees, totaling R\$ 177,685, in exchange for the rights to future payments known as the *Anuênio* which would otherwise be incorporated in the future, into salaries. The Company and its subsidiaries did not make payments of income tax and social security contribution in relation to this amount because they considered that these obligations are not applicable to amounts paid as indemnity. However, to avoid the risk of a future fine arising from a different interpretation by the federal tax authority and the National Social Security Institution, the Company and its subsidiaries filed for orders of *Mandamus* to allow payment into Court of the amounts of potential obligations, in the amount of R\$ 172,192. This is posted in Deposits connected to legal actions. No provision has been made for possible losses in this matter since the Company and its subsidiaries assess the chances of loss in this action as possible .

In September 2006 Cemig was notified by the INSS as a result of the non-payment of the Social Security contribution on the amounts paid as profit shares in the period 2000 to 2004, representing the amount of R\$ 125,594 (R\$ 123,594 at March 31, 2010). The Company has appealed in administrative proceedings against the decision. No provision has been constituted for possible losses and Cemig believes it has arguments on the merit for defense; the Company assesses the chances of loss in this action as possible .

(v) ICMS tax

Since 2002 the company has received a subvention from Eletrobrás in relation to the discounts given to low-income consumers. The Minas Gerais State Tax Authority served an infringement notice on Cemig, relating to the period from 2002 to 2005, on the argument that the subsidy received should be the subject of ICMS tax. The potential for loss in this action would be R\$ 105,988, not including any ICMS tax which might be claimed by the Tax Authority for the periods subsequent to the infringement notice. The company decided to join the Minas Gerais State Special Tax Installment Payment Program for ICMS, created by the State Government through Decree 45358 of May 4, 2010, recognizing, as a result of this, a provision of R\$ 25,702.

Cemig was served an infringement notice, as co-defendant, in which the Minas Gerais State Tax Authority demanded payment of R\$ 48,689 (R\$ 50,275 at March 31, 2010) in ICMS tax on sales of excess electricity by industrial consumers during the period of electricity rationing. If the Company does have to pay the ICMS on these transactions, it can charge consumers the same amount to recover the amount of the tax plus any possible penalty charge. The chances of loss in this action are assessed as possible .

(vi) The ISS tax on services

Cemig is involved in litigation with the Municipality of Belo Horizonte on the criteria for applicability of the ISS tax on services performed by the company. The amount involved in the action is R\$ 44,433 (R\$ 43,107 on March 31, 2010). No provision has been constituted for possible losses, and Cemig believes it has arguments on the merit for defense; the Company assesses the chances of loss in this action as possible .

Table of Contents

(vii) Regulatory contingency CCEE

In an action dating from August 2002, AES Sul Distribuidora has challenged in the courts the criteria for accounting of electricity sale transactions in the wholesale electricity market during the period of rationing. It obtained a judgment in its favor in February 2006, which orders Aneel and the CCEE to comply with the claim by the Distributor and recalculate the settlement of the transactions during the rationing period leaving out of account its Dispatch No. 288/2002. This was to be put into effect in the CCEE as from November 2008, resulting in an additional disbursement for Cemig, for the expense on purchase of energy in the spot market, in the CCEE, in the amount of approximately R\$ 103,718 (R\$ 99,032 on March 31, 2010). On November 9, 2008, the Company obtained an injunction in the Regional Federal Appeal Court suspending the obligatory nature of the requirement to deposit the amount owed arising from the Special Financial Settlement carried out by the CCEE. Due to the above, no provision is constituted for this dispute, since the Company believes it has arguments on the merit for defense against this claim. It rates the chances of loss in this matter as possible .

(viii) Environmental claims

An environmental association, through a public civil action, claimed indemnity for supposed collective environmental damages as a result of the construction and operation of the *Nova Ponte* Plant. The amount involved in the action is R\$ 1,173,390 (R\$ 1,126,127 on March 31, 2010). The Company believes it has arguments of merit for defense, and thus has not made a provision for these actions. The chances of loss in this action are assessed as possible .

(ix) Civil claims consumers

Several consumers and the Public Attorney of the State of Minas Gerais brought civil actions against Cemig contesting tariff increases applied in previous years, including: the tariff subsidies granted to low-income consumers, the extraordinary tariff recomposition and the inflation index used to increase the tariff for electricity in April 2003, and requesting 200% reimbursement on the amounts considered charge in error by the company. The amount involved in the action is R\$ 1,766,904 (R\$1,734,469 in March 31, 2010). The Company believes it has arguments of merit for defense, and thus has not made a provision for these actions. The chances of loss in this action are assessed as possible .

The company is defendant in legal proceedings challenging the criteria for measurement of amounts to be charged in relation to the contribution of public illumination, in the total amount of R\$ 981,776 (R\$ 963,754 on March 31, 2010). The Company believes that it has arguments on the merit for defense in this dispute and as a result has not constituted provision for this action. The chances of loss in this action are assessed as possible .

A public class action challenging the Conduct Adjustment Undertaking between Cemig and the Public Attorneys Office demands return to the public funds of the amounts paid to the contractors providing services to the Company that implemented the Light for Everyone Program. The amount involved in the action is R\$ 1,792,530 (R\$ 1,723,921 on March 31, 2010). The Company believes that it has arguments on the merit for defense in this dispute and as a result has not constituted provision for this action. The chances of loss in this action are assessed as possible .

(x) PIS and Cofins taxes

Light had two legal actions challenging the applicability of the PIS and Cofins taxes, in the manner specified by Law 9718/98, as follows:

Table of Contents

The first questioned the changes imposed by the said law in relation to: (i) expansion of the taxable base of the said taxes, and (ii) the increase in the tax rate of the Cofins tax from 2% to 3%. In the Company's Appeal to the Federal Supreme Court, final judgment was given, against which there is no further appeal, in relation to the expansion of the taxable base of calculation of the tax, granting the Appeal, and declaring Article 3, § 1º, of Law 9718/98 unconstitutional. The respective reversal of provision was made in the second quarter of 2008, in the amount of R\$ 108,090, with counterpart entry in Financial expenses.

In the second, the company alleges expiry by limitation of time of the amount demanded in the Collection Letter issued by the federal tax authority on January 31, 2007, on the grounds of the federal inspectors not having posted a tax credit within the legal period. An injunction was obtained suspending collection. This was upheld by the Regional Federal Appeal Court, and at present awaits judgment on an appeal to the Higher Courts. As to the merits, the judgment of the first instance is awaited, with the Company's legal advisers rating the chance of loss as possible. Light opted to include this case in the new procedure for payment by installments (Law 11941/09).

(xi) Action for annulment of the RME Agreement

A public class action was filed applying for annulment of the transaction for acquisition of an interest in the **Light** Group by Cemig through the company **RME**, and of the stockholdings of the other partners, and of all the subsequent transactions. The amount involved is R\$ 2,522,599. The Company believes it has arguments of merit for defense, and thus has not made a provision for these actions. The company assesses the chances of loss in this action as possible.

In addition to the issues described above, Cemig and its subsidiaries are involved, on the plaintiff or defendant side, in other cases, of lesser scale, related to the normal course of their operations. Management believes that it has adequate defense for this litigation, and does not expect significant losses relating to these issues that might have an adverse effect on the company's financial position or the consolidated result of its operations.

Table of Contents

23) STOCKHOLDERS EQUITY

Capital increase at ordinary and extraordinary General Meetings of Stockholders held in April 2010

The General Meeting of Stockholders held on April 29, 2010 approved an increase in the registered capital of Cemig from R\$ 3,101,884 to R\$ 3,412,073 with issue of new shares, through capitalization of R\$ 294,940 of the balance of the Earnings reserve and R\$ 15,248 of the Capital reserve, with consequent distribution of a stock dividend of 10% in new shares to stockholders, of the same type as those held, with nominal value of R\$ 5.00.

The Company's registered capital is represented by 298,269,668 common shares and 384,144,914 preferred shares, all with nominal value of R\$ 5.00.

Stockholders Agreement

In 1997 the Government of the State of Minas Gerais sold approximately 33% of the common shares in the Company to a group of investors led by Southern Electric Brasil Participações Ltda. (Southern). As part of this transaction the State of Minas Gerais and Southern signed a Stockholders Agreement, which among other provisions contained the requirement for a qualified quorum in decisions made on: significant corporate actions, certain changes to Cemig's bylaws, issuance of debentures and convertible securities, distribution of dividends other than those specified in the bylaws, and changes in the stockholding structure.

In September 1999 the government of the State of Minas Gerais brought an action for annulment, with a request for anticipatory remedy, against the stockholders agreement signed in 1997 with Southern Electric Brasil Participações Ltda. (Southern). The Minas Gerais State Appeal Court annulled that Stockholders Agreement in 2003. Appeals brought by Southern are before the Brazilian federal courts.

On June 16, 2010, as advised in correspondence from Southern, Southern's interest in Cemig was sold to **AGC Energia S.A.** (AGC Energia), an unlisted corporation controlled by Andrade Gutierrez Concessões S.A. (AGC). The transfer of shares took place under the Share Purchase and Sale Agreement (SPA) signed between SEB and AGC Energia, with AGC as consenting party, on November 12, 2009, as amended, and is for the sale of the entire stockholding of SEB in Cemig, that is to say 98,321,592 (ninety eight million three hundred twenty one thousand five hundred ninety two) nominal common shares issued by Cemig, representing 32.96% (thirty two point nine six per cent) of the voting stock and 14.41% (fourteen point four one per cent) of the total capital of Cemig.

We emphasize that this transaction does not change the composition of the stockholding control nor the administrative structure of Cemig.

Prior-year adjustment in a subsidiary

With the intention of harmonizing accounting practices between the companies of the Cemig Group, the Company posted directly in Stockholders' equity an adjustment of R\$ 34,861, for revenue recognized by one of its subsidiaries in 2010, arising from a contract for intermediation of electricity in previous years.

Table of Contents**24) SUPPLY OF ELECTRICITY**

(*) The table of consumers includes 100% of the consumers of Light.

This table of MWh includes the total electricity sold by Light, proportional to the company's stockholding.

(**) Includes Contracts for Sale of Energy in the Regulated Environment (CCEARs) and bilateral contracts with other agents.

(1) Revenue recognized arising from the subvention from Eletrobrás, for the discount on tariffs charged to low-income consumers. The amounts have been homologated by Aneel and are reimbursed by Eletrobrás.

(2) Amount recognized, as counterpart to a regulatory liability, due to homologation of the Final Result of the Company's Tariff Review, in March 2009. The amount of R\$ 71,302 refers to the amortization of the regulatory liability, in the period January through March 2010. See complementary explanations in Note 32.

25) REVENUE FOR USE OF THE NETWORK - FREE CONSUMERS

Consolidated

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

| | 06/30/2010 | 30/06/2009 |
|---|------------------|------------------|
| Tariff for Use of the Electricity Distribution Systems (TUSD) | 696,401 | 598,663 |
| Revenue from use of the basic network | 552,644 | 255,204 |
| System connection revenue | 50,159 | 64,330 |
| Review of the transmission tariff | (64,586) | 158,090 |
| | 1,234,618 | 1,076,287 |

The revenue from the Tariff for Use of the Distribution system TUSD refers basically to the sale of electricity to Free Consumers, with charging of a tariff for the use of the distribution network.

This is the tariff charged to agents in the electricity sector, including Free Consumers connected to the high voltage network, for use of the basic transmission grid owned by the Company, which is part of the Brazilian national grid. Supply of electricity to the Brazilian grid system is recorded when it takes place, and invoiced monthly, in accordance with the reimbursements specified in the concession contract. Under some of these contracts the revenue to be reimbursed in the last 15 years of the concession will be 50% less than in the first 15 years. The company recognizes the reimbursements of these concessions in accordance with each governing contract.

| | 593,230 | 746,252 | 19,161 | 17,917 |

The PDV Temporary Voluntary Retirement Program

In April 2009 Cemig put in place a temporary Voluntary Retirement Program named the PDV which 1,221 employees were able to join. The financial incentive for employees who subscribed to the PDV program was an indemnity varying between 3 and 16 times the employee's monthly remuneration, according to criteria set in the Program's regulations, among which the main factor is the time of contribution remaining for qualification for full retirement benefits under the National Social Security program. Another of the incentives is payment of the contribution to the pension fund and the National Social Security System up to the date when the employee would meet the requirements for retirement benefits under the National System (limited to 5 years), and deposit of the extra payment of 40% on the balance of the FGTS fund (the payment that would be obligatory if the contract were being rescinded by the employer).

Additionally, Cemig guarantees full payment of the costs of the group life insurance plan (for 6 months) and the health plan (for 12 months), from the date of the employee leaving the Company, which must be between June 2009 and September 2010.

(b) ENERGY BOUGHT FOR RESALE

| | 06/30/2010 | Consolidated 30/06/2009 |

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

Main material comments on the above transactions:

-
- (1) Refers to sale of energy to the government of the state of Minas Gerais transactions made on terms equivalent to those which prevail in the transactions with independent parties, considering that the price of the energy is that defined by Aneel through a resolution referring to the company's annual tariff adjustment.
 - (2) The transactions in ICMS tax posted in the financial statements refer to transactions for sale of electricity and are carried out in conformity with the specific legislation of the State of Minas Gerais.
 - (3) Injection of the credits of the CRC into a Receivables Fund in senior and subordinated units. For more information please see Explanatory Note 13.
 - (4) A substantial portion of the amount refers to the renegotiation of a debit originating from the sale of electricity to **Copasa**, with provision for payment up to September 2012, and financial updating (by the IGP-M inflation index + 0.5% per month).
 - (5) Private issue of non-convertible debentures for R\$ 120,000, updated by the IGP M inflation index, for completion of the *Irapé* hydroelectric plant, with redemption after 25 years from the issue date. The amount at December 31, 2009 was adjusted to present value, as per Explanatory Note 19.
 - (6) Senior units owned by third parties, in the amount of R\$ 900,000, amortized in 20 half-yearly installments, from June 2006, with monetary updating by the CDI rate plus interest of 1.7% p.a. For more information please see Explanatory Note 13.
 - (7) Financings of the subsidiaries *Transleste*, *Transudeste* and *Transirapé* with maturity in 2019 (TJLP long-term interest rate + 4.5% p.a. and UMBndes 4.54% p.a.), and of *Transleste*, in 2017 and 2025 (rates 5% p.a. and 10% p. a.).
 - (8) Part of the contracts of Forluz are adjusted by the IPCA (Amplified Consumer Price) Inflation Index of the IBGE (Brazilian Geography and Statistics Institute), and part are adjusted based on the Salary Adjustment Index of the employees of Cemig, Cemig GT and Cemig D, excluding productivity factors, plus 6% p.a., with amortization up to 2024. For more information please see Explanatory Note 21.
 - (9) Cemig's contributions to the Pension Fund related to the employees participating in the Mixed Plan (see Explanatory Note 21), calculated on the monthly remunerations in accordance with the regulations of the Fund.
 - (10) Funds for annual current administrative costs of the Pension Fund in accordance with the specific legislation of the sector. The amounts are estimated as a percentage of the Company's total payroll.
 - (11) Amount received from the Stockholder, as a result of Cemig's waiver of exercise of the option to purchase generation assets of light.

For more information on the main transactions, see Explanatory Notes 4, 10, 13, 19, 21, 24, 28 and 29.

Table of Contents

31) FINANCIAL INSTRUMENTS

The Company's financial instruments are restricted to Cash and cash equivalents, Consumers and traders, Amounts receivable from the Minas Gerais State Government, Loans and financings, Debentures, and currency swaps; the gains and losses obtained on the transactions are registered in full by the accrual method.

The Company's financial instruments were recorded at fair value and are classified as follows:

- *Financial instruments at fair value through the Income statement:* In this category are Cash investments and Derivative investments (mentioned in item b). They are valued at fair value and the gains or losses are recognized directly in the Income statement.
- *Receivables:* In this category are credits receivable from consumers and traders, and credits receivable from the Government of Minas Gerais State. They are recognized at their nominal realization value, similar to the fair values.
- *Loans and financings, and Obligations under debentures:* These are measured at the amortized cost using the effective interest rates method.
- *Derivative financial instruments:* These are valued at fair value and the gains or losses are recognized directly in the income statement.

a) Management of risks

Management of corporate risks is a management tool that is part of the Corporate Governance practices and aligned with the process of planning, which sets the strategic objectives of the Company's business.

The Company has a Financial Risks Management Committee, the purpose of which is to implement guidelines and monitor the financial risk of transactions that might negatively affect the Company's liquidity and/or profitability, recommending hedge/protection strategies in relation to foreign exchange, interest rate and inflation risks. These have effects that are in line with the Company's strategy.

A key aim of the Financial Risks Management Committee is to give predictability to the Company's Cash flow and position for a maximum of 12 months, taking into account the economic scenario published by a contracted firm of external consultants.

The principal risks to which the Company is exposed are as follows:

Exchange rate risk

Cemig and its subsidiaries are exposed to the risk of increase in exchange rates, especially of the US dollar against the real, with significant impact on indebtedness, profit and cash flow. For the purpose of reducing its exposure to increases in exchange rates, on June 30, 2010 Cemig had hedge transactions contracted, described in more detail in item b .

Table of Contents

The net exposure to exchange rates is as follows:

| EXPOSURE TO FX RATES (Note 19) | Consolidated and Holding company | |
|---------------------------------|----------------------------------|----------------|
| | 06/30/2010 | 03/31/2010 |
| US dollar | | |
| Loans and financings | 210,295 | 250,457 |
| (+/-) Contracted hedges / swaps | (50,581) | 6,642 |
| | 159,714 | 257,099 |
| Euro | | |
| Loans and financings | 14,472 | 16,635 |
| Other foreign currencies | | |
| Loans and financings | | |
| Others | 3,047 | 28,734 |
| Net liability exposure | 177,233 | 302,468 |

Sensitivity analysis

The Company, based on their financial advisors, estimates that, in a probable scenario, the appreciation of the exchange rates of foreign currencies against the Real at the end of June 30, 2011 will be 1.69%. The Company has made a sensitivity analysis of the effects on its results arising from increases of 25% and 50% in the exchange rate, in relation to the scenario that it rates as probable considering these alternative scenarios as possible and remote, respectively.

| Risk: FX exposure | Base scenario 06/30/2010 | Probable scenario | Possible scenario: FX depreciation 25% | Remote scenario: FX depreciation 50% |
|---|-----------------------------|----------------------|---|---|
| US dollar | | | | |
| Loans and financings | 210,295 | 213,855 | 267,319 | 320,783 |
| () Contracted hedges and swaps | (50,581) | (51,437) | (64,296) | (77,156) |
| | 159,714 | 162,418 | 203,022 | 243,627 |
| Other foreign currencies | | | | |
| Loans and financings | | | | |
| Euro | 14,472 | 14,717 | 18,396 | 22,076 |
| Other | 3,047 | 3,099 | 3,873 | 4,648 |
| Net liability exposure | 177,233 | 180,234 | 225,291 | 270,351 |
| Net effect of exchange rate depreciation | | (3,001) | (48,058) | (93,118) |

Interest rate risk

Cemig and its subsidiaries are exposed to the risk of increase in international interest rates, affecting loans and financings in foreign currency with floating interest rates (principally Libor), in the amount of R\$ 42,691 (R\$ 45,509 on March 31, 2010).

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

In relation to the risk of increase in domestic Brazilian interest rates, the Company's exposure arises from its net liabilities indexed to variation in the Selic and CDI rates, which are as follows:

| EXPOSURE TO BRAZILIAN INTEREST RATES | 06/30/2010 | Consolidated 03/31/2010 |
|---|--------------------|----------------------------|
| Assets | | |
| Cash investments (Note 3) | 3,664,024 | 4,319,917 |
| Regulatory assets (Note 5) | 482,629 | 613,981 |
| | 4,146,653 | 4,933,898 |
| Liabilities | | |
| Loans, financings and debentures (Note 19). | (7,193,741) | (7,271,643) |
| Regulatory assets (Note 5) | (576,415) | (591,282) |
| Contracted hedges / swaps (Note 31) | (50,581) | 6,642 |
| | (7,820,737) | (7,856,383) |
| Net liability exposure | (3,674,084) | (2,922,385) |

Table of Contents*Sensitivity analysis*

In relation to the risk of increase in the Selic interest rate, considered to be the most significant interest rate risk, the Company estimates that, in a probable scenario, the Selic rate on June 30, 2011 will be 12.75%. The Company has made a sensitivity analysis of the effects on its results arising from increases of 25% and 50% in the Selic rate, in relation to the scenario that it considers as probable considering these alternative scenarios as possible and remote, respectively. The CDI rate effectively follows the variation in the Selic rate.

Estimation of the scenarios for the paths of interest rates will be based on the company's projection of the basic, optimistic and pessimistic scenarios, as described in *Hedging policy*.

| Risk: Increase in Brazilian domestic interest rates | Base scenario: Selic 10.25% | Probable scenario: Selic 12.75% | Possible scenario: Selic 15.9375% | Remote scenario: Selic 19.125% |
|--|--|--|--|---|
| Assets | | | | |
| Cash investments | 3,664,024 | 4,131,187 | 4,247,978 | 4,364,769 |
| Regulatory assets | 482,629 | 544,164 | 559,548 | 574,932 |
| | 4,146,653 | 4,675,351 | 4,807,525 | 4,939,700 |
| Liabilities | | | | |
| Loans, financings and debentures | (7,193,741) | (8,110,943) | (8,340,243) | (8,569,544) |
| Regulatory liabilities | (576,415) | (649,908) | (668,281) | (686,654) |
| Contracted hedge / swap transactions | (50,581) | (57,030) | (58,642) | (60,255) |
| | (7,820,737) | (8,817,881) | (9,067,167) | (9,316,453) |
| Net liability exposure | (3,674,084) | (4,142,530) | (4,259,642) | (4,376,753) |
| Net effect of the variation in the Selic rate | | (468,446) | (585,558) | (702,669) |

Credit risk

The risk arising from the possibility of Cemig and its subsidiaries incurring losses as a result of difficulty in receiving amounts billed to clients is considered to be low. The Company carries out monitoring for the purpose of reducing default, on an individual basis, with its consumers. Negotiations are also entered into to make possible receipt of any receivables in arrears.

In relation to the risk of the Company incurring losses resulting from a financial institution being declared insolvent, a Cash Investment Policy has been in force since 2004 in which each institution is analyzed on criteria of current liquidity, degree of leverage, degree of default, profitability, and analysis by three financial risk rating agencies. The institutions receive maximum limits of allocation of funds, that are reviewed periodically or in the event of any change in the macroeconomic scenario of the Brazilian economy.

Energy scarcity risk

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

The electricity sold is generated, almost entirely, by hydroelectric power plants. A prolonged period of scarcity of rainfall could result in reduction of the volume of water in the reservoirs of the generation plants, and/or limitation of recovery of their volume, possibly resulting in losses as a result of increased costs of acquisition of electricity, or reduction of revenues in the event of adoption of a renewed rationing program, like the one put in place by the federal government in 2001.

Risk of early maturity of debt

The Company has contracts for loans and financings, with restrictive covenant clauses normally applicable to these types of operation, related to economic and financial indices, cash flow and other indicators meeting certain levels. Non-compliance with these covenants could result in early maturity of debt. Some of these restrictive covenants were not met on June 30, 2010, and the Company obtained formal consent (waivers) from the creditors (Note 19), that they will not demand early maturity of the obligation.

Table of Contents

Risk of non renewal of concessions

The Company has concessions for commercial operation of generation, transmission and distribution services, and its Management expects that they will be renewed by Aneel and/or the Mining and Energy Ministry. If the regulatory bodies do not grant the applications for renewals of these concessions, or if they decide to renew them upon imposition of additional costs for the Company (concessions for consideration) or setting of a price ceiling, the present levels of activity and profitability could be altered.

The company did not suffer any significant negative impact in the year as a result of events related to the risks described above.

b) Financial instruments derivatives

The derivative instruments contracted by Cemig and its subsidiaries have the purpose of protecting their operations against the risks arising from foreign exchange variation and are not used for speculative purposes.

The principal amounts of the transactions and derivatives are not posted in the balance sheet, since they refer to transactions which do not require cash payments: only the gains or losses that actually occur are recorded. On June 30, 2010 the net results of these transactions represented a loss of R\$ 3,759 (R\$ 76,648 on June 30, 2009), recorded in Financial revenue (expenses).

The Company has a Financial Risks Management Committee, created to monitor the financial risks in relation to volatility and trends of inflation indices, exchange rates and interest rates that affect its financial transactions and which could negatively affect its liquidity and profitability. Another aim of this Committee is to implement the guidelines for proactive operation in relation to the environment of financial risks when implementing Action Plans.

Method of calculation of the fair value of positions

The fair value of cash investments is calculated taking into consideration the market prices of the security, or market information that makes such calculation possible, taking into account future fixed income market and FX rates applicable to similar securities. The market value of the security corresponds to its maturity value brought to present value by the discount factor obtained from the market yield curve in Reais.

The table below shows the derivative instruments contracted by the subsidiaries **Cemig GT**, **Cemig D** and **Madeira Energia** on June 30, 2010.

Additionally, the jointly controlled subsidiary **Light** uses swap transactions to reduce risks arising from FX variations. The non-realized net value of these transactions on June 30, 2010, was R\$ 1,347 negative (R\$ 2,623 positive on June 30, 2009).

Table of Contents

The counterparties of the derivatives transactions of **Cemig D** and Madeira Energia is the bank **Santander ABN**. The contracts are exchange rate swaps.

Sensitivity analysis

The derivative instrument described above shows that the Cemig D is exposed to variation in the CDI rate. The Company, based on their financial advisors, estimates that the CDI rate on June 30, 2011 will be 12.75%. The Company has made a sensitivity analysis of the effects on its results arising from increases in the Selic rate of 25% and 50%, respectively, in relation to June 30, 2010 scenarios which it assesses as possible and remote, respectively. In these possible and remote scenarios, the CDI rate at June 30, 2011, would be: 14.6875% and 17.625%, respectively.

No sensitivity analysis was made for the derivative instrument of the affiliated company **Madeira Energia**, because in this transaction there is no increase in the exposure to Brazilian interest rates, since its payable obligation is expressed in terms of a fixed interest rate.

| | Base | Probable scenario | Possible scenario | Remote scenario |
|--|--------|-------------------|-------------------|-----------------|
| Risk: Increase in Brazilian domestic interest rates | | | | |
| Contracts updated at 100.00% of CDI rate | 50,581 | 57,030 | 58,642 | 60,254 |
| Net effect of the variation in the CDI rate | | (6,449) | (8,061) | (9,674) |

| Net effect of variation of US\$ | | (856) | (13,716) | (26,575) |
| Net effect | | (5,593) | 5,654 | 16,901 |

Value and type of margin guarantees

The Company does not make margin deposits for derivative instruments.

32) FINAL RESULT OF CEMIG D S SECOND TARIFF REVIEW, AND THE TARIFF ADJUSTMENTTariff Review of 2010

On April 6, 2010 Aneel published the result of the Tariff Adjustment of **Cemig D**.

The impact on the Company's tariffs was an average increase of 1.67%, from April 8, 2010.

On March 26, 2010, Aneel published a Technical Note with details of the Tariff Adjustment of **Cemig D**. The principal adjustments that affected the company's results on March 31, 2010, as a result of this announcement, are as follows:

| Item | Adjustments |
|---|--------------------|
| Write-off of CVA - prior years | (70,889) |
| Additional low-income consumers subsidy - Tariff adjustments of 2008 and 2009 | 106,388 |
| Write-off of regulatory asset: Pases and Cofins taxes | (46,240) |
| Prior years balance for offsetting | (30,573) |
| Total | (41,314) |

The writing off of the CVA balance relating to prior years, stated in the table above, in the amount of R\$ 70,889, is due to residual balances of CVA which, in the Company's judgment, were not fully covered in the past tariff adjustments. This difference was not included in the 2010 Tariff

Table of Contents

Adjustment Index (IRT) in spite of the administrative appeal made by the company to Aneel for this purpose.

The amount written off referring to Financial balance to be offset, of previous business years, in the amount of R\$ 30,573, refers to the revision by Aneel of the amount included in the tariff in a previous business year relating to CVA, identified as an excess amount passed through, and which was compensated for in the IRT of 2010.

The amounts transferred to the income statement relating to the adjustments mentioned above are shown in the table below:

| Item | CVA 06/30/2010 | Financial Balance 06/30/2010 |
|--|-------------------|------------------------------------|
| Deductions from Operational Revenue: | | |
| - Energy Development Account CDE | (8,556) | 224 |
| - Fuel Consumption Account CCC | (6,354) | (3,274) |
| | (14,910) | (3,050) |
| Operational Costs and Expenses: | | |
| - Electricity bought for resale | | |
| Short-term market | (22,262) | (2,013) |
| Energy bought in auctions | 143,158 | (38,330) |
| From Itaipu Binacional | (392,358) | 10,766 |
| Bilateral Contracts | (12,500) | 16,943 |
| Proinfra (Alternative Energy Sources Program) | (1,620) | (8,320) |
| Reimbursement of CVA Initial Contracts | 253,754 | |
| | (31,828) | (20,954) |
| - Charges for the use of the basic transmission grid | (21,564) | (6,569) |
| - Other expenses, net | | |
| Royalties for use of water resources | (2,587) | |
| | (55,979) | (27,523) |
| Total | (70,889) | (30,573) |

The Tariff Review final levels decided

In March 2009 Aneel homologated the final result of the Tariff Review of Cemig D, the effects of which take place from April 2008.

The final result of the Company's second Tariff Review was an average reduction of 19.62%, which compares with the average reduction of 18.09% applied on a provisional basis in April 2008.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

As a result of the homologation of the final tariff review, Aneel recalculated the amounts which, in its judgment, should have been those effectively recognized in the Company's tariff adjustment as from April 2008.

The effects on the income statement relate primarily to the reduction in the value of the Reference Company used as a basis for reimbursement of the Company's manageable costs; and also to a review by Aneel of the criterion for calculation of the reimbursements, in the tariff, of the financial regulatory assets, which resulted in discounting of amounts which, in the regulator's view, were included in excess in the **Cemig D** tariff adjustment in 2008.

These amounts, totaling R\$ 264,626, recorded in Current liabilities, under Regulatory liabilities - Tariff Review, are being transferred monthly to the income statement, on a linear basis, in the period from April 8, 2009 to April 7, 2010.

33) SUBSEQUENT EVENTS

Change in the composition of the Management of companies of the Cemig group.

The Extraordinary General Meeting of Stockholders of Cemig held on August 4, 2010 changed the composition of the Board of Directors and Audit Board of Cemig to the following:

BOARD OF DIRECTORS

Members

Sergio Alair Barroso
Djalma Bastos de Moraes
Arcângelo Eustáquio Torres Queiroz
Antônio Adriano Silva
Aécio Ferreira da Cunha
Francelino Pereira dos Santos
Maria Estela Kubitschek Lopes
João Camilo Penna
Guy Maria Villela Paschoal
Ricardo Coutinho de Sena
Paulo Roberto Reckziegel Guedes
Eduardo Borges de Andrade
Otávio Marques de Azevedo
Saulo Alves Pereira Junior

Substitute members

Paulo Sérgio Machado Ribeiro
Lauro Sérgio Vasconcelos David
Franklin Moreira Gonçalves
Marco Antonio Rodrigues da Cunha
Adriano Magalhães Chaves
Luiz Antônio Athayde Vasconcelos
Fernando Henrique Schüffner Neto
Guilherme Horta Gonçalves Júnior
Cezar Manoel de Medeiros
Paulo Márcio de Oliveira Monteiro
Newton Brandão Ferraz Ramos
Ricardo Antônio Mello Castanheira
Renato Torres de Faria
Tarcísio Augusto Carneiro

AUDIT BOARD

Members

Aristóteles Luiz Menezes Vasconcellos Drumond
Luiz Guaritá Neto
Thales de Souza Ramos Filho
Vicente de Paulo Barros Pegoraro
Helton da Silva Soares

Newton de Moura
Rafael Cardoso Cordeiro

Acquisition of stockholding

On August 6, 2010, **Transmissora Aliança de Energia Elétrica S.A. (Taesa)**, in which Cemig's wholly-owned subsidiary **Cemig GT** holds 48% of the voting stock, signed a Share Purchase Agreement with **CYMI Holding S.A. (CYMI)**, governing the acquisition by **Taesa** of:

- (i) 49.99% of the voting stock of **NTE** *Nordeste Transmissora de Energia Elétrica S.A.*;
- (i) 49.90% of the voting stock of **STE** *Sul Transmissora de Energia Elétrica S.A.*; and
- (iii) 40% of the voting stock of **IEMG** *Interligação Elétrica de Minas Gerais S.A.*;

- all of which are transmission companies holding public service electricity transmission concessions.

For the acquisition of the stakes in these transmission companies **Taesa** will pay an aggregate total amount of R\$ 275,470,000. The acquisition price will be updated by the accumulated variation of the Selic rate between the date of signature of the Share Purchase Agreement and the business day immediately preceding the date of completion of the actual acquisition of the shares by Taesa.

Conclusion of the transaction and actual acquisition of the shares by Taesa are subject to several prior conditions being met, in particular:

- (i) Non-exercise, by the other stockholders of the transmission companies, of any right of preference or first refusal on the shares to be acquired;
- (ii) approval by the General Meetings of Stockholders of the Vendor and of Taesa;
- (iv) consent of financing banks of the transmission companies; and

Table of Contents

(v) approval of the transaction by the Brazilian National Electricity Agency (Aneel). The transaction will also be submitted to the Brazilian Monopolies Council, CADE, in accordance with Law 8884/94.

Under the stockholders' agreements between the current stockholders of the transmission companies, the remaining stockholders have a tag-along right—the right of joint sale—on the same terms as those specified in the Share Purchase Agreement.

Cemig will publish additional Material Announcements relating to this transaction as it develops.

Closing of public distribution of the first issue of debentures issued by Transmissora Aliança de Energia Elétrica S.A.

On July 20, 2010 Transmissora **Aliança** de Energia Elétrica S.A. registered with the CVM the closing of the public distribution of 60,000 non-convertible, unsecured debentures, in two series, of the Issuer's first issue, the first series being of 34,500 debentures and the second series of 25,500 debentures, all nominal and of the book-entry type, with nominal unit value of R\$ 10 on the Issue Date, comprising a total of R\$ 600,000. The Offering was approved by an Extraordinary General Meeting of Stockholders held on June 1, 2010.

Table of Contents

CONSOLIDATED ECONOMIC AND FINANCIAL PERFORMANCE

Net profit for the period

In the first half of 2010 Cemig reported consolidated net profit of R\$ 709,739, which compares with consolidated net profit of R\$ 860,036 in the first half of 2009 a reduction of 17.48%.

The lower profit is principally due to non-recurring adjustments made in 2010 and 2009 as set out in more detail below.

Ebitda (Method of calculation not reviewed by external auditors)

Cemig's Ebitda in the first half of 2010 (1H2010) was not significantly different from the first half of 2009 (1H09), at R\$ 1,823,243 in 2010 compared to R\$ 1,815,908 in 2009. Adjusted for non-recurring items, Ebitda was 6.36% higher year-on-year.

The slight difference in Ebitda in 1H10 from 1H09 mainly reflects net operational revenues being 9.95% higher, the effect being partially offset by Operational costs and expenses 14.89% higher (excluding effects of depreciation and amortization). The higher Operational costs and expenses in 1H10 than in 1H09 are reflected in Ebitda margin, which was 34.06% in 1H09, and 31.09% in 1H09.

The main non-recurring effects affecting Ebitda are:

- Publication by Aneel, on April 6, 2010, of the results of the Tariff Adjustment of **Cemig D**, in which regulatory assets and liabilities were written off, with a negative effect on the income statement of R\$ 54,613.
- In 2010 the company recorded a reduction of revenue of R\$ 64,586, arising from 2nd Periodic Tariff Review of the Transmission Tariff, which repositioned the tariff level by a negative percentage, of 15.88%, which was applied to revenue backdated to July 2009.
- In 2009, on the other hand, the company recorded a positive revenue item of R\$ 158,090, arising from the tariff repositioning under its First Transmission Tariff Review, which was an increase of 5.35%, for a period backdated to 2005.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

- Recognition by Cemig D of an expense of R\$ 177,592, for settlement of a legal action brought by **Rima Industrial S.A.**, for reimbursement of the tariff increase introduced by the DNAEE (the National Water and Energy Authority) during the *Cruzado* economic plan of 1986.
- Recognition of an ICMS tax expense relating to the subsidy for the discount on tariffs for low-income consumers, in the amount of R\$ 25,702, resulting from the decision to subscribe to the Tax Amnesty program put in place by the government of the State of Minas Gerais.
- Provisions, in 2010 and 2009, of R\$ 25,379, and R\$ 190,698, respectively, for the Company's Voluntary Retirement Program.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

Revenue from supply of electricity

Gross revenue from retail electricity sales was R\$ 7,361,364 in the first half of 2010, compared to R\$ 6,807,195 in the first half of 2009 an increase of 8.14%.

Table of Contents***Final consumers***

Revenue from electricity sold to final consumers was R\$ 6,525,311 in 1H10, compared to R\$ 6,065,130 in 1H09. The main items affecting this result are:

- Increase of 2.60% in the volume of energy invoiced to final consumers (excluding internal consumption).
- Tariff increase for Cemig D with average effect on consumer tariffs of 1.67%, starting from April 8, 2010.
- Tariff adjustment in Cemig D, with average impact on consumer tariffs of 6.21%, from April 8, 2009 (full effect in 2010).
- Migration of clients from the captive market, able to buy from electricity sources supported by incentives, in both the industrial and commercial user categories.
- Increase in the average price per MWh of the electricity sold to free consumers, principally due to the annual adjustment to these contracts - most of them are indexed to the IGP-M index.
- Posting of regulatory liabilities arising from the adjustment in the Company's Tariff Review, with effect backdated to 2009, representing a reduction in gross revenue of R\$ 213,803, in that year.
- Recording by Cemig D of additional revenue of R\$ 93,089 from supply in 2010 relating to the subsidy for low-income consumers, as per a Technical Note published by Aneel, arising from the 2010 Tariff Adjustment.

Electricity sold to final consumers (MWh)

(Data not audited by external auditors)

| Consumption by consumer category | January to June 2010 | MWh January to June 2009 | Change, % |
|----------------------------------|-------------------------|--------------------------------|-------------|
| Residential | 4,868,033 | 4,867,733 | 0.01 |
| Industrial | 11,628,653 | 11,132,465 | 4.46 |
| Commercial, services and others | 3,066,015 | 3,097,434 | (1.01) |
| Rural | 1,111,073 | 976,569 | 13.77 |
| Public authorities | 519,498 | 526,023 | (1.24) |
| Public illumination | 596,534 | 615,390 | (3.06) |
| Public service | 654,505 | 659,398 | (0.74) |
| Total | 22,444,311 | 21,875,012 | 2.60 |

Revenue from wholesale electricity sales

The volume of electricity sold to other concession holders in 1H10 was 2.45% higher than in 1H09, and average price in these sales was lower, at R\$ 103.71/MWh in 2010, compared to R\$ 115.84/MWh in 2009. This reduction mainly reflected the contracts made through auctions for sales to distributors that were signed exclusively for 2009, with an average price of \$ 145.00 per MWh. As a result, revenue from wholesale supply to other concession holders was 8.29% lower year-on-year, at R\$ 666,515 in 2010, than in 2009 (R\$ 726,735). Volume of electricity sold to other concession holders in 1H10 totaled 6,426,910 MWh, compared to 6,273,509 in 1H09.

Revenue from use of the network Free Consumers

Revenue from use of the grid in 1H10 was 14.71%, or R\$ 158,331, higher than in 1H09, at R\$ 1,234,618, compared to R\$ 1,076,287 in 1H09.

Table of Contents

The revenue of **Cemig D** and **Light** from the Tariff for Use of the Distribution Systems (TUSD) was 16.33% higher, at R\$ 696,401, in 1H10, than in 1H09 (R\$ 598,663). This revenue comes from charges made to free consumers on energy sold by other agents of the electricity sector, and its increase arises from a higher volume of transport of energy for free consumers, a consequence of the recovery of industrial activity and of migration of captive clients to the free market.

Also included in the balance on this line are revenues from use of the basic grid and the connection system, which were R\$ 538,217 in 2010, compared to R\$ 477,624 in 2009.

In 2010 the Company recorded a reduction of revenue, of R\$ 64,586, in the income statement, from the application of a tariff repositioning, of a negative percentage, of 15.88%, backdated to July 2009, in the 2010 Review of the Transmission Tariff. In 2009, by contrast, a positive Revenue item of R\$ 158,090 was recorded, as a result of the Transmission Tariff Review, also with backdated effect, but covering the period from July 1, 2005 to June 30, 2009.

It should also be noted that the results for 2010 also include revenue from the operations of Taesa, the transmission company acquired in the fourth quarter of 2009.

Non-controllable costs

Differences between the sums of non-controllable costs (known as the CVA Account), used as a reference in calculating the tariff adjustment, and disbursements actually made, are offset in subsequent tariff adjustments. They are recorded in Assets and Liabilities. Complying with the Aneel Chart of Accounts, some items are allocated as Deductions from operational revenue. Further information is in Explanatory note No. 9 to the Quarterly Information.

As from March 2008 the Company began to receive, in the tariff, the amounts posted in assets under Portion A . The portion of non-controllable costs which were actually received in the tariff is transferred to Operational expenses.

Deductions from operational revenues

Deductions from operational revenues totaled R\$ 3,044,774 in 1H10, compared to R\$ 2,830,312 in 1H09, an increase of 7.58%. The main variations between the two years are as follows:

The Fuel Consumption Account - CCC

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

The deduction from revenue relating to the CCC in 1H10 was R\$ 299,537, compared to R\$ 274,669 in 1H09, an increase of 9.05%. This is a contribution for the costs of operation of the thermal plants in the national grid and in the isolated systems. It is shared between electricity concession holders, on a basis set by an Aneel Resolution.

This is a non-controllable cost. The amount passed through to the tariff is the part related to electricity distribution services. For the amount calculated as relating to transmission services, the company merely passes through the charge, since the CCC is charged to Free Consumers on the invoice for the use of the basic grid, and passed on to Eletrobrás.

Table of Contents

CDE – Energy Development Account

The deduction from revenue relating to the CDE was R\$ 227,614 in 1H10, compared to R\$ 195,421 in 1H09, representing an increase of 16.47%. These payments are specified by a Resolution issued by the regulator, Aneel. This is a non-controllable cost. The amount posted for electricity distribution services is passed through in full to the tariff. For the amount posted in relation to electricity transmission services the company merely passes through the charge – this part is charged to Free Consumers on the invoice for the use of the grid, and passed onto Eletrobrás.

The other deductions from revenue are for taxes that are calculated as a percentage of invoiced revenue – hence their variations are substantially the same in percentage terms as the changes in revenue.

Operational costs and expenses (excluding Financial revenue (expenses))

Operational costs and expenses (excluding net financial revenue/expenses) in the first half of 2010 totaled R\$ 4,439,533, compared to R\$ 3,861,318 in the first half of 2009, an increase of 14.97%. This is mainly due to increase in the non-controllable costs of Energy bought for resale, partially offset by lower Personnel expenses. Another contributing factor in higher Operational expenses was the provision of R\$ 177,592, recorded in *Other expenses*, for a settlement with a major industrial consumer. Further information is given in Explanatory Note 28 to the Consolidated Quarterly Information.

The main variations in operational expenses were:

Electricity bought for resale

The expense on this account in first half 2010 was R\$ 1,946,543, 28.90% more than the figure of R\$ 1,510,107 for this account in the first half of 2009. This is a non-controllable cost: the deduction from revenue recognized in the Income statement corresponds to the value actually passed through to the tariff. Further information is given in Explanatory Note 28 to the Consolidated Quarterly Information.

Charges for use of the transmission grid

The expense on charges for use of the transmission network in the first half of 2010 was R\$ 390,109, vs. R\$ 414,647 in the first half of 2009, a reduction of 5.92%.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

These expenses, set by an Aneel Resolution, are payable by electricity distribution and generation agents for use of the facilities that are components of the national grid. This is a non-controllable cost: the deduction from revenue recognized in the Income statement corresponds to the value actually passed through to the tariff.

Personnel

Personnel expenses in 1H 2010 were R\$ 593,230, compared to R\$ 746,252 in first half of 2009, a reduction of 20.51%. This mainly reflects the expense on the PDV Voluntary Retirement Program, of R\$ 191,184 in 1H09, compared to R\$ 25,379 in 1H10, and also the fact that the number of employees was reduced from 10,144 in June 2009 to 9,341 in June 2010.

Table of Contents

Depreciation and amortization

Depreciation and amortization expense was 15.89% higher at R\$ 398,118 in 1H10, than in 1Q09 (R\$ 343,529). This result arises substantially from the increase in fixed assets due to the ongoing investments in the *Clarear*, *CresceMinas* and *Luz para Todos* (Light for Everyone) programs; amortization of intangible assets represented by the Company's new client invoicing software; and consolidation of the companies acquired in the second half of 2009.

Post-employment obligations

Expenses on post-employment obligations totaled R\$ 85,957 in 1H10, 25.48% more than in 1H09 (R\$ 68,502). These expenses basically represent the interest applicable to Cemig's actuarial obligations, net of the investment yield expected from the pension plans' assets, estimated by an external actuary. The higher expense in 2Q10 basically reflects lower expectation of revenue from the plan's assets in 2010.

Operational provisions

Deductions from operational revenues amounted to R\$ 207,133 in 1Q10, compared to R\$ 46,611 million in 1Q09, an increase of 344.39%. The difference reflects an item of R\$ 177,592, provisioned in May 2010, arising from settlement to terminate a legal action brought by an industrial consumer relating to the tariff increase ordered by the National Water and Electricity Authority (DNAEE) by its Ministerial Order 045, of 1986.

Gas purchased for resale

The cost of gas purchased for resale was R\$ 101,082 in first half 2010, 19.10% higher than in the first half of 2009 (R\$ 84,875). This higher figure mainly reflects the higher quantity of gas bought in the first half of 2010, as a consequence of greater operation by the thermal generation plants.

Financial revenues (expenses)

In 1H10 the company reported net financial expenses of R\$ 267.751 million, compared to net financial expenses of R\$ 70.964 million in 1H09. The main factors in this financial result are:

- Higher revenue from cash investments, of R\$ 183,629 in 1H10 39.07% more than in 1H09 (R\$ 132,040) due to the higher amount of cash invested in 2010.

- Revenue from net monetary adjustment on regulatory assets (CVA, the Deferred Tariff Adjustment, and the General Agreement for the Electricity Sector) 98.84% lower in 2010 than 2009. Revenue in the first half of 2010 was R\$ 555, compared to R\$ 47,948 in the first half of 2009. The change is mainly because the value of the regulatory assets had been reduced in 2010 as they were partially paid off by receipt of amounts in the tariff through clients' electricity bills.
- Higher expenses on charges for loans and financings, of R\$ 497,709 in 1H10, vs. R\$ 350,021 in 1H09. This reflects the entry of new financings, one of the most important being the issue of R\$ 2,700,000 in Promissory Notes by Cemig GT, settled in March 2010, and the raising of funds by a debenture issue in March 2010, of the same amount, used to settle the Promissory Notes.

Table of Contents

- Higher monetary updating on loans and financings in Brazilian currency, at R\$ 70,912 in 1H10 the comparison is with R\$ 6,049 in 1H09. This reflects the higher volume of funding raised, and the change in inflation indices and other indexes of contracts on the company's loans, financings and debentures principally the IGP M inflation index, which was 1.24% negative over the period of 1H09, and 5.68% positive over 1H10.

For a breakdown of financial revenues and expenses, see Explanatory Note 29 to the Consolidated Quarterly Information.

Income tax and Social Contribution tax

Cemig's expenses on income tax and the Social Contribution in the first half of 2010 totaled R\$ 368,117, on profit of R\$ 1,115,374 before tax effects, a percentage of 33.00%. Cemig's expenses on income tax and the Social Contribution in the first half of 2009 totaled R\$ 433,492, on profit of R\$ 1,401,415 before tax effects, a percentage of 30.93%. These effective rates are compared with the nominal rates in Note 10 to the Consolidated Quarterly Information.

Profit for the quarter

In the second quarter of 2010 (2Q10), Cemig reported net profit of R\$ 290,516, 44.54% less than the net profit of R\$ 523,794 reported for the second quarter of 2009 (2Q09). Basically this reflects non-recurring adjustments in 2010: (i) for the court settlement, of R\$ 177,592, made by Cemig Distribuição with an industrial consumer in a legal action arising from a tariff increase made in the Cruzado economic plan (of 1986); and (ii) recognition of a reduction of revenue, of R\$ 64,586,

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

Table of Contents

arising from the 2010 periodic Transmission Tariff Review, which applied a negative tariff repositioning, of 15.88%, with backdating to July 2009.

In 2009, on the other hand, the company recorded a positive revenue item of R\$ 158,090, arising from the tariff repositioning under its First Transmission Tariff Review, which was an increase of 5.35%, with effect backdated to 2005.

Ebitda (Method of calculation not reviewed by external auditors)

Cemig's Ebitda in the second quarter of 2010 was 15.60% lower than its Ebitda for the second quarter of 2009. Adjusted for non-recurring items, Ebitda was 8.02% higher.

EBITDA

ADJUSTED EBITDA

The 15.60% lower figure for Ebitda in 2Q10 than in 2Q09 mainly reflects the following non-recurring adjustments in the years of 2009 and 2010:

- In 2010 the company recorded a reduction of revenue of R\$ 64,586, arising from 2nd Periodic Tariff Review of the Transmission Tariff, which repositioned the tariff level by a negative percentage, of 15.88%, which was applied to revenue backdated to July 2009.

Table of Contents

- In 2009, on the other hand, the company recorded a positive revenue item of R\$ 158,090, arising from the tariff repositioning under its First Transmission Tariff Review, which was an increase of 5.35%, for a period backdated to 2005.
- Recognition by **Cemig D** of an expense of R\$ 177,592, for settlement of a legal action brought by Rima Industrial S.A., for reimbursement of the tariff increase introduced by the DNAEE (the National Water and Energy Authority) during the Cruzado economic plan of 1986.
- Recognition of an ICMS tax expense relating to the subsidy for the discount on tariffs for low-income consumers, in the amount of R\$ 25,702, resulting from the decision to subscribe to the Tax Amnesty program put in place by the government of the State of Minas Gerais.
- Provisions, in 2010 and 2009, of R\$ 14,246, and R\$ 192,918, respectively, for the Company's Voluntary Retirement Program.

(*) Information in MWh not reviewed by external auditors.

Table of Contents

Revenue from supply of electricity in 2Q10 was R\$ 3,718,053, 1.29% more than in 2Q09 (R\$ 3,670,692).

Table of Contents

The main factors affecting revenue in 2010 were:

- Tariff adjustment with average impact on consumer tariffs of 1.67%, starting from April 8, 2010.
- Volume of energy invoiced to final consumers 7.22% higher than in 2Q09 (this excludes Cemig's own internal consumption).

The volume of electricity sold to other concession holders in 2Q10 was 9.52% lower than in 2Q09, and average price in these sales was also lower, at R\$ 105.14/MWh, compared to R\$ 129.54/MWh in 2Q09. This reduction mainly reflected the contracts made through auctions for sales to distributors that were signed exclusively for 2009, with an average price of \$ 145.00 per MWh. As a result, Revenue from wholesale supply to other concession holders was 26.56% lower year-on-year, at R\$ 335,388 in 2Q10, than in 2Q09 (R\$ 456,680).

Revenue from use of the network

This refers to the TUSD, charged to Free Consumers, on energy sold, and also from the revenue for use of Cemig GT's own basic transmission grid. It was 3.44% higher in 2Q10, at R\$ 645,671, than in 2Q09 (R\$ 624,195).

As well as reflecting higher transport of electricity to free consumers, on resumption of activity by industrial clients, and migration of captive clients to the free market, the figures include revenue from the operations of the transmission company Taesa, acquired in the fourth quarter of 2009.

In 2010 the Company recorded a reduction of revenue, of R\$ 64,586, in the income statement, from the application of a tariff repositioning, of a negative percentage, of 15.88%, backdated to July 2009, in the 2010 Review of the Transmission Tariff. In 2009, by contrast, a positive Revenue item of R\$ 158,090 was recorded, as a result of the Transmission Tariff Review, also with backdated effect, but covering the period from July 1, 2005 to June 30, 2009.

Non-controllable costs

Differences between the sums of non-controllable costs (known as the CVA Account), used as a reference in calculating the tariff adjustment, and disbursements actually made, are offset in subsequent tariff adjustments. They are recorded in Assets and Liabilities. Due to a change in Aneel's plan of accounts, some items were transferred to Deductions from operational revenue. For more information, please see Explanatory Notes 2 and 9 to the Quarterly Information.

Table of Contents**Deductions from operational revenue**

| | 2Q10 | 2Q09 Reclassified | Change, % |
|--|------------------|----------------------|-------------|
| ICMS tax | 805,440 | 743,632 | 8.31 |
| Cofins tax | 326,057 | 315,499 | 3.35 |

| ISS value added tax on services | 950 | 950 | |
| | 1,203,313 | 1,128,542 | 6.63 |
| Global Reversion Reserve RGR | 39,812 | 48,627 | (18.13) |
| Energy Efficiency Program P.E.E. | 10,902 | 9,888 | 10.25 |
| Energy Development Account CDE | 117,392 | 101,959 | 15.14 |
| Fuel Consumption Account CCC | 169,797 | 152,049 | 11.67 |
| Research and Development P&D | 8,580 | 8,158 | 5.17 |
| National Scientific and Technological Development Fund FNDCT | 7,409 | 8,353 | (11.30) |
| Energy System Expansion Research (EPE / Energy Ministry) | 3,719 | 4,102 | (9.34) |
| Emergency Capacity Charge | 4,908 | 3,305 | 58,50 |
| 0.30% additional payment (Law 12111/09) | 5,545 | | |
| | 368,064 | 336,441 | 9.40 |
| | 1,571,377 | 1,464,983 | 7.26 |

The main variations between the two years are as follows:

The Fuel Consumption Account CCC

The deduction from revenue relating to the CCC was R\$ 169,797 in 2Q10, compared to R\$ 152,049 in 2Q09, an increase of 11.67%. This is a contribution for the costs of operation of the thermal plants in the national grid and in the isolated systems. It is shared between electricity concession holders, on a basis set by an Aneel Resolution. This is a non-controllable cost. The amount posted for electricity distribution services is passed through in full to the tariff. For the amount posted in relation to electricity transmission services the company merely passes through the charge it is charged to Free Consumers on the invoice for the use of the basic grid, and passed on to Eletrobrás.

CDE Energy Development Account

The deduction from revenue for the CDE was R\$ 117,392 in 2Q10, compared to R\$ 101,959 in 2Q09, an increase of 15.14%. This is a non-controllable cost. The amount posted for electricity distribution services is passed through in full to the tariff. For the amount posted in relation to electricity transmission services the company merely passes through the charge this part is charged to Free Consumers on the invoice for the use of the grid, and passed onto Eletrobrás.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

The other deductions from revenue are of taxes calculated as a percentage of billing, so their variations are directly proportional to the changes in revenue.

Operational costs and expenses (excluding Financial revenue (expenses))

Operational costs and expenses (excluding Financial revenue (expenses)) totaled R\$ 2,288,387 in 2Q10, 8.48% more than in 2Q09 (R\$ 2,109,426). This was mainly due to a provision, of

Table of Contents

R\$ 177,592, recorded in *Other expenses*, arising from settlement of a legal action with a large industrial consumer in 2Q10.

The main variations in operational expenses were:

Personnel

Personnel expenses totaled R\$ 298,687 in 2Q10, 33.36% lower than in 2Q09 (R\$ 448,231). This mainly reflects the expense on the PDV Voluntary Retirement Program, of R\$ 192,918, recorded in the second quarter of 2009, compared to R\$ 14,246 in 2Q10, and also the fact that the number of employees was reduced from 10,144 in June 2009 to 9,341 in June 2010.

Electricity bought for resale

The expense on electricity bought for resale in 2Q10 was R\$ 918,207, 9.54% more than the expense of R\$ 838,265 in 2Q09. This is a non-controllable cost: the expense recognized in the income statement is the amount passed on to the tariff. There is more information on this in Explanatory Note 28 to the Consolidated Quarterly Information.

Charges for use of the transmission grid

Charges for use of the transmission network amounted to R\$ 186,844 in 1Q10, compared to R\$ 210,456 in 2Q09, representing a reduction of 11.22%.

These expenses, set by an Aneel Resolution, are payable by electricity distribution and generation agents for use of the facilities that are components of the national grid. This is a non-controllable cost: the deduction from revenue recognized in the Income statement corresponds to the value actually passed through to the tariff.

Post-employment obligations

Expenses on post-employment obligations totaled R\$ 44,150 in 2Q10, 27.92% higher than in 2Q09 (R\$ 34,515). These expenses basically represent the interest applicable to Cemig's actuarial obligations, net of the investment yield expected from the pension plans' assets, estimated by an external actuary. The higher expense in 2Q10 basically reflects lower expectation of revenue from the plan's assets in 2010.

Operational provisions

Expenses on operational provisions in 2Q10 totaled R\$ 183,985, (R\$ 6,876 in 2Q09). The difference is mainly due to an item of R\$ 177,592, provisioned in May 2010, arising from settlement to terminate a legal action brought by an industrial consumer relating to the tariff increase ordered by the National Water and Electricity Authority (DNAEE) by its Ministerial Order 045, of 1986.

Table of Contents*Financial revenues (expenses)*

| | 2Q10 | 2Q09 | Change, % |
|--|------------------|-----------------|---------------|
| FINANCIAL REVENUES | | | |
| Revenue from cash investments | 89,306 | 65,657 | 36.02 |
| Arrears penalty payments on electricity bills | 35,459 | 33,502 | 5.84 |
| Interest and monetary updating on accounts receivable from the Minas Gerais state government | 29,287 | 8,998 | 225.48 |
| Monetary updating of CVA | 2,145 | 9,766 | (78.04) |

| Pasep and Cofins taxes on financial revenues | (10,465) | (18,412) | (43.16) |
| Gains on financial instruments | 432 | (547) | |
| Adjustment to present value | 7,408 | 317 | 2,236.91 |
| Other | 42,766 | 25,632 | 66.85 |
| | 200,345 | 205,181 | (2.36) |
| FINANCIAL EXPENSES | | | |
| Charges on loans and financings | (263,018) | (150,212) | 75.10 |
| Monetary updating on items under the General Agreement for the Electricity Sector | (722) | (510) | 41.57 |
| Monetary updating CCEE | | (4,013) | |
| Monetary updating of CVA | (5,057) | 1,802 | |
| FX variations | (2,764) | (7,282) | (62.04) |
| Monetary updating on loans and financings | (38,937) | (2,233) | 1,643.71 |
| Adjustment to present value | (431) | (4,571) | (90.57) |
| Losses on financial instruments | (3,450) | (55,576) | (93.79) |
| Reversal of provision for PIS and Cofins taxes | | 2,107 | |
| Other | (63,075) | (17,900) | 252.37 |
| | (377,454) | (238,388) | 58.34 |
| | (177,109) | (33,207) | 433.35 |

The main factors in the difference between financial revenues/expenses in 2Q10 and 2Q09 are:

- Lower net monetary adjustment on regulatory assets (CVA, the Deferred Tariff Adjustment, and the General Agreement for the Electricity Sector). This expense in 2Q10 was R\$ 338, compared to R\$ 22,300 in 2Q09. The change is mainly because the value of the regulatory assets had been reduced in 2010 as they were partially paid off by receipt of amounts in the tariff through clients' electricity bills.
- Higher expenses on charges for loans and financings: R\$ 263,018 in 2Q10, vs. R\$ 150,212 in 2Q09. This reflects entry of new financings, principally the R\$ 2,700,000 in debentures raised by Cemig GT (Cemig Geração e Transmissão) in March 2010.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

- Higher monetary updating on loans and financings in Brazilian currency, at R\$ 38,937 in 2Q10 the comparison is with R\$ 2,233 in 2Q09. This reflects the higher volume of funding raised, and the change in inflation indices and other indexors of contracts on the company's loans, financings and debentures principally the IGP M inflation index, which was 1.15% over the period of 1H09, and 1.53% over the same period of 2010.

Table of Contents

Income tax and Social Contribution

Cemig's expenses on income tax and the Social Contribution tax in 2Q10 totaled R\$ 154,747, on profit of R\$ 488,715 before tax effects, a percentage of 31.66%. In 2Q09 the Company's expenses on income tax and the Social Contribution were R\$ 245,493, on pre-tax profit of R\$ 829,530, a percentage of 29.59%.

OTHER INFORMATION THAT THE COMPANY BELIEVES TO BE MATERIAL

Information not reviewed by our external auditors.

Investor relations

In 2009, through strategic activities aiming to enable investors and stockholders to make a correct valuation of our businesses and our prospects for growth and addition of value, we increased Cemig's exposure to the Brazilian and global capital markets as a leading company in its sector.

We keep up a constant and proactive flow of communication with Cemig's investor market, strengthening our credibility, seeking to increase interest in our securities and ensure that investors are satisfied with them.

Our results are published in presentations given by video webcasts and conference calls, with simultaneous translation into English, at which members of the Executive Board are always present – developing an increasingly transparent relationship, in line with the best corporate governance practices.

To serve our stockholders, who are spread over 40 countries, and facilitate optimum coverage of investors, Cemig was present in Brazil and worldwide at innumerable seminars, conferences, investor meetings, congresses, and roadshows; and also held video and telephone conference calls with analysts, investors and other parties interested in the capital markets.

At the end of May, for the 15th year running, we held our now traditional Cemig Meeting with the Capital Markets and Investors, together with Apimec, the Brazilian Capital Markets and Analysts' Association, in the city of Belo Horizonte, Minas Gerais, where these professionals once again had the opportunity to interact with the company's directors and principal executives.

Corporate governance

Our corporate governance model is based on principles of transparency, equity and accountability, focusing on clear definition of the roles and responsibilities of the Board of Directors and the Executive Board in the formulation, approval and execution of policies and guidelines for managing the company's business.

We seek sustainable development of the Company through balance between the economic, financial, environmental and social aspects of our enterprises, aiming to improve the relationship with our stockholders, clients, and employees, the public at large and other stakeholders.

Table of Contents

Cemig's preferred and common shares have been listed under Corporate Governance Level 1 on the São Paulo Stock Exchange since 2001 (with tickers CMIG3 and CMIG4 respectively). This classification represents a guarantee to our stockholders of optimum reporting of information, and also that stockholdings are relatively widely dispersed. Because Cemig has ADRs (American Depositary Receipts) listed on the New York Stock Exchange, representing preferred shares (with ticker CIG) and common shares (ticker CIG.C), it is also subject to the regulations of the US Securities and Exchange Commission (SEC) and the New York Stock Exchange Listed Companies Manual. Our preferred shares have also been listed on the Latibex of the Madrid stock exchange (with ticker XCMIG) since 2002.

Since the end of 2006 our material procedures related to preparation of the Consolidated Financial Statements have been compliant with the requirements of Section 404 of the Sarbanes-Oxley law of the US.

Our bylaws include the targets of the Strategic Plan, and our dividend policy, as follows :

- to keep consolidated indebtedness equal to or less than 2 times Ebitda.
- to keep the consolidated ratio (Net debt) / (Net debt + Stockholders' equity) equal to or less than 40%.
- to limit consolidated funds in Current assets to 5% of Ebitda.
- consolidated funds allocated to capital expenditure in each business year to be limited to 40% of Ebitda (exceptionally, 65% in 2006 and 55% in 2007).
- to invest only in distribution, generation and transmission projects which offer real minimum internal rates of return equal to or greater than those specified in the company's Long-Term Strategic Plan, subject to the legal obligations.
- to limit the expenses of the subsidiary Cemig Distribuição (**Cemig D**), and of any subsidiary which operates in distribution of electricity, to amounts not greater than the amounts recognized in the tariff adjustments and reviews.

The Board of Directors may authorize figures in excess of these standards, in response to temporary needs, up to the following limits:

- consolidated debt: maximum of 2.5 times Ebitda.

- consolidated ratio (Net debt) / (Net debt + Stockholders' equity): maximum of 50%.
- consolidated funds in Current assets: maximum of 10% of Ebitda.

Board of Directors

Meetings

Our Board of Directors met 25 times in 2009, to discuss strategic planning, expansion projects, acquisition of new assets, and various other investments, among other subjects.

Membership, election and period of office

The present Board of Directors was elected on April 29, 2009, by the cumulative voting method, as specified by Article 141 of Law 6404 of December 15, 1976, as amended.

The periods of office of the present members of the Board of Directors expire at the Annual General Meeting of Stockholders to be held in 2010.

Table of Contents

Principal responsibilities and attributions:

The Board of Directors has the following responsibilities and attributions, as well as those conferred on it by law:

- Decision, before signing, on any contract to be entered into between Cemig and any stockholders or their parent companies.

- Decision on any sale of assets, loans or financings, charge on the company's property, plant or equipment, guarantees to third parties, or other legal acts or transactions, with value of R\$ 5 million or more.

- Authorization for issuance of securities in the domestic or external market to raise funds.

- Approval of the Long-term Strategic Plan, and revisions of it, and of the Multi-year Strategic Implementation Plan and revisions of it, and the Annual Budget.

Since 2006 Cemig has had committees, made up of members of the Board of Directors, to carry out prior discussion and analysis on matters to be decided by the Board, as follows:

1. Board of Directors Support Committee;

2. Corporate Governance Committee;

3. Human Resources Committee;

4. Strategy Committee;

5. Finance Committee; and,

6. Audit and Risks Committee.

Qualification and remuneration

The members of the Board of Directors have training and experience in a wide range of areas (business administration, engineering, law, diplomacy, etc.), and very broad experience in business management. Their remuneration is on average 20% of that of the Chief Officers, and does not include any share purchase options.

A list with the names of the members of the Board of Directors and their résumés is on our website at: <http://ri.cemig.com.br>.

Audit Committee

As well as the Brazilian Corporate Law, in relation to the requirements of the Sarbanes-Oxley law, to which we are subject due to our shares being registered with the US Securities and Exchange Commission (SEC), the capital markets regulator of the United States, we opted for the exemption allowed by the Exchange Act, rule 10-3A, and regulated by SEC release 82-1234, which accepts the activity of the Audit Board as an alternative to the Audit Committee specified by the Sarbanes-Oxley law.

Executive Board

The Executive Board is made up of nine members whose individual functions are set by the company's Bylaws. They are elected by the Board of Directors for periods of office of three years. They may be reelected; they may also be dismissed at any time by the Board of Directors.

Table of Contents

Members are allowed also to hold simultaneous non-remunerated positions in the management of wholly-owned subsidiaries, subsidiaries or affiliates of Cemig, on decision by the Boards of Directors of those companies. They are also, obligatorily, members, with the same positions, of the Boards of Directors of **Cemig GT** (Generation and Transmission) and **Cemig D** (Distribution).

The periods of office of the present Chief Officers expire at the first meeting of the Board of Directors held after the Ordinary General Meeting of Stockholders of 2012.

The members of the Executive Board and brief résumés are on our website: <http://ri.cemig.com.br>

The Chief Officers have individual responsibilities established by the Board of Directors and the Bylaws, including:

- Current management of the company's business, complying with the bylaws, the Long-term Strategic Plan, the Multi-Year Strategic Implementation Plan, and the Annual Budget.
- Decision on any disposal of goods, loans or financings, charges of any of the company's property, plant or equipment, guarantees to third parties, or other legal acts or transactions in amounts less than R\$ 14 million.

The Executive Board normally meets weekly. It held 59 meetings in 2009.

A list of the names and summary résumés of its members is available on our website: <http://ri.cemig.com>.

It held 10 meetings in 2009.

Membership, election and period of office

We have a permanent Audit Board, made up of five sitting members and their respective substitute members. They are elected by the Annual General Meeting of Stockholders, for periods of office of one year, and may be reelected. They are:

- one elected by the holders of the preferred shares;

- one member elected by the holders of the common shares not belonging to the controlling stockholder group, representing at least 10% of the registered capital; and

- three elected by the majority stockholder.

The members of the Audit Board are listed on our website: <http://ri.cemig.com.br>.

Principal responsibilities and attributions:

As well as the attributions specified by Law 6404 of December 15, 1976, as amended, in relation to the Sarbanes-Oxley law to which we are subject due to our shares being registered with the Securities and Exchange Commission (SEC), the capital markets regulator of the United states we opted to exercise the exemption allowed by Rule 10-3A of the Exchange Act, regulated by SEC Release 82-1234, which accepts the activity of the Audit Board as an alternative to the Audit Committee as defined by the Sarbanes-Oxley law.

Qualification and remuneration

The Audit Board is a multi-disciplinary body, made up of members with various competencies (accounting, economics, business administration, and others). Their remuneration is 10% of the average earned by the Chief Officers.

Résumé information on its members is on our website: <http://ri.cemig.com.br>.

The Sarbanes-Oxley Law

Cemig has obtained certification of its internal controls for mitigation of risks involved in the preparation and disclosure of the financial statements, in accordance with an opinion by the external auditors, Deloitte Touche Tohmatsu Auditores Independentes, issued in accordance with Section 404 of the Sarbanes-Oxley Law and the rules of the Public Company Accounting Oversight Board (PCAOB), which is a part of the annual 20-F report relating to the business year ending December 31, 2006, filed with the US Securities and Exchange Commission (SEC) on July 23, 2007.

A link was established between the potentially significant controls and accounting records in the financial statements for 2008. The design of the processes and key controls for ensuring mitigation of the risks associated with the preparation and disclosure of the financial statements for the year ended December 31, 2008.

Table of Contents

Management of corporate risks

Corporate risk management is a management tool that is an integral part of our corporate governance practices. For it to have maximum efficacy, and for it to be more easily included in the organization's culture, we aim to align it with the company's process of Strategic Planning which defines the strategic objectives of the company's business. Other instances of management that relate to corporate risk management include: The Corporate Governance Committee, Compliance with the Sarbanes-Oxley Law, the Budget Prioritization Committee, Internal Auditing, the Energy Risks Management Committee, the Insurable Risks Committee, and the Control and Management Committee.

Cemig's corporate risks management structure was put in place in 2003. The risks matrix was revised for the first time in 2004, and a second time in 2005-6, aiming to identify changes in relation to the level of performance expected for each process. Effectiveness of controls has been improved, with the commitment to implement proposed mitigating action plans, reducing the impact and probability of occurrence of innumerable risks.

The method for measurement of risks that Cemig has chosen is the ORCA method, which was put in place with the assistance of external consultants, based on four dimensions: objectives; risks; internal controls; and alignment.

To ensure safety, confidentiality of information, and speed in the process of periodic revision and review of the matrix of corporate risks, we use the SGIR (Integrated Risk Management System) application, which embodies the methodology referred to above. Cemig also has a site giving employees access to information on the subject, which enables the risks identified by managers to be continuously and dynamically monitored.

Functional structure

The main determining factor for the option adopted for functional structure is decentralized management by Risk Managers. This expresses the corporative and matricial nature of the function, with monitoring centralized by the Corporate Risk Management Unit, which generates relevant information with a systemic view and meets the demands of the Corporate Risk Management Committee. The Committee analyzes and prioritizes the actions established by the Board of Directors and the Executive Board.

Challenges

The main challenges to be faced by corporate risk management in Cemig are:

- Improvement of the methodology of calculation of financial exposure risks, to provide the maximum possible objectivity for the assessment made by managers, offering senior management maximum security in the process of taking decisions. The results expected are: improvement in the quality of the information related to the matrix, and guarantee of compliance with the directive guidelines that arise from the

Corporate Risk Management Policy.

- Creation of standard reports, to meet the needs of various decision levels in the company.

Table of Contents

Statement of Ethical Principles and Code of Professional Conduct

The Board of Directors' approval, in May 2004, of the Statement of Ethical Principles and Code of Professional Conduct (<http://ri.cemig.com.br>), stating a list of 11 principles of ethical conduct and value incorporated into Cemig's company culture, was an important step in perfecting the company's internal system of corporate government and increasing our overall corporate transparency.

Cemig's Ethics Committee was created on August 12, 2004, to coordinate all actions relating to management of the Declaration of Ethical Principles and Code of Professional Conduct. This includes assessment and decision on any possible non-compliances with the document.

In December 2006 we created the Information Channel, to be used only by Cemig employees and workers. It enabled the Ethics Committee to receive anonymous reports, via an open channel on our intranet – the Anonymous Information Channel. These reports can deal with any type of irregular practice contrary to the company's interest, such as: financial fraud, changing or suppression of financial, tax or accounting documents; undue appropriation of goods or resources; receipt of undue advantage by managers or employees; irregular contracting; or other practices considered to be illegal.

The Ethics Committee

This was created on August 12, 2004, with three sitting members and three substitute members, and is responsible for management (interpretation, publicizing, application and updating) of the Code of Professional Conduct.

It can receive and investigate any reports of violations of the ethical principles and rules of conduct, provided they are presented in a written document signed by the interested party, and sent to the address: CEMIG, Av. Barbacena 1200, SA/17°/B2, accompanied by indication of the means of proof (witnesses, documents or other sufficient and appropriate means). They can also be sent by email or telephone – the address and phone number are well known to the company's employees.

In December 2006 we put in place our Anonymous Information Channel, available on the corporate intranet, the purpose of which is to receive, submit and process accusations of irregular practices, such as financial fraud, undue appropriation of assets, receipt of irregular advantages or illegal contracting. This channel is one more step for the company in the direction of improving transparency, correct behavior and the concept of corporate governance within Cemig. This new instrument of corporate governance improves the management of our employees and of our business, and reaffirms our ethical principles.

The Statement of Ethical Principles and Code of Professional Conduct of Cemig is based on 11 Principles, which express the ethical conduct and values incorporated into its culture. It is available on our Internet page: <http://ri.cemig.com.br>.

SUMMARY OF MINUTES OF THE 486TH MEETING

Date, time and place: June 15, 2010 at 11 a.m. at the Company's head office,
Av. Barbacena 1200, 21st Floor, Belo Horizonte, Minas Gerais, Brazil.

Meeting Committee: Chairman: Sergio Alair Barroso;
Secretary: Anamaria Pugedo Frade Barros.

Summary of proceedings:

I **The Chairman asked** the Board Members present whether any of them had conflict of interest in relation to the matter on the agenda of meeting, and all said there was no such conflict of interest.

II **The Board** approved the minutes of this meeting.

III **The Board authorized:**

a) Signing of three **Joint Operational Agreements** with

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

- **Codemig** (Minas Gerais Economic Development Company),
- **Imetame** Energia S.A. (formerly Comp. Exploração e Produção de Petróleo e Gás S.A.),
- **Orteng** Equipamentos e Sistemas Ltda., and
- **Sipet** Agropastoril Ltda.,

for exploration of the following blocks in the **Tenth Round of Auctions** by the National Oil, Natural Gas and Biofuels Agency (**ANP**):

- **Blocks SF-T-120 and SF-T-127 in the São Francisco Basin, in Minas Gerais, and**
- **Block POT-T-603 in the Potiguar Basin, in Rio Grande do Norte;**

and three Joint Operational Agreements with

- **Codemig and Imetame** Energia S.A.,

for the following blocks in the same Auctions:

- **Blocks SF-T-104 and SF-T-114 in the São Francisco Basin, in Minas Gerais, and**
- **Block REC-T-163 in the Recôncavo Basin, in Bahia**

all such agreements being for the purpose of establishing the rights and obligations of the Parties in relation to operations of the blocks covered by the respective Concession Contracts, including but not limited to joint exploration, evaluation, development, production and allocation of the hydrocarbon reserves in the concession area, to be in effect for as long as the respective concession contracts remain in effect.

b) Reimbursement, by Cemig, to Imetame Energia S.A., of the amounts relating to the expenditure already effected by Imetame Energia S.A. in the period from December 2008 to June 2010.

Cemig's interest in all the blocks is 24.5%.

IX **The following spoke** on general matters and business of interest to the Company:

MINUTES

OF THE

EXTRAORDINARY GENERAL MEETING OF STOCKHOLDERS

HELD ON

AUGUST 4, 2010

At 11 a.m. on August 4, 2010, stockholders representing more than two-thirds of the voting stock of the Company Companhia Energética de Minas Gerais **Cemig** met in Extraordinary General Meeting at its head office, on first convocation, at Av. Barbacena 1200, 21th Floor, Belo Horizonte, Minas Gerais, Brazil, as verified in the Stockholders Attendance Book, where all those present signed and made the required statements. The stockholder **The State of Minas Gerais** was represented by Mr. Marco Antônio Rebelo Romanelli, Deputy General Counsel of the State of Minas Gerais, in accordance with the legislation.

Initially, Ms. Anamaria Pugedo Frade Barros, Superintendent of Cemig's Corporate Executive Secretariat, informed those present that there was a **quorum** for the Extraordinary General Meeting of Stockholders.

She further stated that the stockholders present should **elect the Chairman of this Meeting**, in accordance with Clause 10 of the Company's Bylaws. Asking for the floor, the representative of the stockholder the State of Minas Gerais put forward the name of the stockholder Manoel Bernardino Soares to chair the Meeting. The proposal of the representative of the Stockholder State of Minas Gerais was put to debate, and to the vote, and unanimously approved.

The Chairman then declared the Meeting open, inviting me, Anamaria Pugedo Frade Barros, a stockholder, to be Secretary of the meeting, and asked me to read the **convocation notice**, published in the newspapers *Minas Gerais*, official publication of the Powers of the State, *O Tempo*, and *Valor Econômico* on July 14, 15 and 16 of this year, the content of which is as follows:

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

COMPANHIA ENERGÉTICA DE MINAS GERAIS CEMIG

LISTED COMPANY CNPJ 17.155.730/0001-64 NIRE 31300040127

EXTRAORDINARY GENERAL MEETING OF STOCKHOLDERS

Stockholders are hereby called to an Extraordinary General Meeting of Stockholders to be held on August 4, 2010 at 11 a.m. at the company's head office, Av. Barbacena 1200, 21st floor, in the city of Belo Horizonte, Minas Gerais, Brazil, to decide on the following matters:

1 Change in the composition of the Board of Directors and the Audit Board, as a result of resignations, as per correspondence filed at the Company;

2 Orientation of vote, for the representative of Companhia Energética de Minas Gerais (**Cemig**) at the Extraordinary General Meetings of Stockholders of Cemig Distribuição S.A. (**Cemig D**) and Cemig Geração e Transmissão S.A. (**Cemig GT**) to be held on August 4, 2010, in the event that the composition of the Board of Directors and/or of the Audit Board of **Cemig** is changed, under the previous item.

Under Article 3 of CVM Instruction 165 of December 11, 1991, adoption of the multiple voting system for election of members of the Company's Board requires the vote of stockholders representing a minimum percentage of 5% (five per cent) of the voting stock.

Any stockholder who wishes to be represented by proxy at the said General Meeting of Stockholders should obey the terms of Article 126 of Law 6406/76, as amended, and the sole paragraph of Clause 9 of the Company's Bylaws, depositing, preferably by August 2, 2010, proofs of ownership of the shares, issued by a depositary financial institution, and a power of attorney with specific powers, at Cemig's Corporate Executive Secretariat Office at Av. Barbacena, 19th floor, B1 Wing, Belo Horizonte, Minas Gerais, or showing them at the time of the meeting.

(Signed) Djalma Bastos de Morais Vice-Chairman of the Board of Directors.

The Chairman then stated that due to the existence of vacancies on the Board of Directors, due to the **resignations** of the sitting Board Members **Britaldo Pedrosa Soares, Evandro Veiga Negrão de Lima, Thomas Anthony Tribone, Roberto Pinto Ferreira Mameri Abdenur and André Araújo Filho, and**

Av. Barbacena 1200 Santo Agostinho 30190-131 Belo Horizonte, MG Brazil Tel.: +55 31 3506-5024 Fax +55 31 3506-5025

Table of Contents

the Substitute Members **Jeffery Atwood Safford, Maria Amália Delfim de Melo Coutrim, Clarissa Della Nina Sadock Accorsi, Andréa Leandro Silva** and **José Castelo Branco da Cruz**, as per letters in the Company's possession, new sitting and substitute Members should be appointed to the Board of Directors.

The Chairman then stated that, independently of the present period of office of the Board of Directors having been begun through adoption of the multiple vote, continuance of this process of election had been requested by the stockholder AGC Energia S.A., as per a letter in the Company's possession. Hence, this Meeting should elect all the sitting and substitute members of the Board of Directors to complete the period of office of 3 (three) years begun on April 29, 2009, that is to say, until the Annual General Meeting to be held in 2012, 18,292,302 shares being necessary for the election of each Member of the Board of Directors.

Finally, the Chairman explained that it will be necessary firstly and in view of Clause 12 of the Bylaws, to proceed to **election** of the sitting member and his respective substitute member put forward **by representatives of the holders of the preferred shares**, and only then to apply the instrument of Multiple Vote to fill the remaining vacancies on the Board of Directors. Asking for the floor, as owners of preferred shares, the representatives of the stockholders **Previ** (Banco do Brasil Pension Fund) and **Forluz** (Fundação Forluminas de Seguridade Social) proposed the following stockholders to be members of the Board of Directors:

as a Sitting Member:

Guy Maria Villela Paschoal Brazilian, married, engineer, resident and domiciled at Belo Horizonte, Minas Gerais, at Rua Jornalista Djalma Andrade 210, Belvedere, CEP 30320-540, bearer of Identity Card M-616, issued by the Public Safety Department of the State of Minas Gerais, and CPF 000798806-06;

and as his Substitute Member,

Cezar Manoel de Medeiros Brazilian, married, economist, resident and domiciled in Belo Horizonte, Minas Gerais at Alameda Ipê Branco 279, Pampulha, CEP 31275-080, bearer of Identity Card M-3627440, issued by the Public Safety Department of the State of Minas Gerais, and CPF n° 006688346-68.

The Chairman then submitted the above-mentioned nominations to debate, and, subsequently, to votes separately, with only holders of preferred shares participating, and they were approved by majority vote.

The Chairman explained that, to complete the Board of Directors, the representative of the stockholder AGC Energia S.A. should put forward 5 members and their respective substitute members, and the representative of the Stockholder State Minas Gerais should put forward 8 members and their respective substitute members.

Asking for the floor, the representatives of the stockholder **AGC Energia S.A.** proposed the following stockholders to be members of the Board of Directors:

As Sitting Members:

Ricardo Coutinho de Sena

Brazilian, married, civil engineer, resident and domiciled in Belo Horizonte, Minas Gerais, at Rua Rio de Janeiro, 2299/1801, Lourdes, CEP 30160-042, bearer of Identity Card M-30172, issued by the Public Safety Department of the State of Minas Gerais, and CPF 090927496-72;

The proposals for election made by the representatives of the stockholder AGC Energia S.A. and the representatives of the stockholder The State of Minas Gerais were put to debate, and, subsequently, to the vote, and were approved by majority of votes, the representatives of AGC Energia S.A. voting for the Board Members that they had put forward, and the representative of the stockholder The State of Minas

Table of Contents

Gerais voting for the Board Members that he had put forward. The Board Members elected declared in advance that they are not subject to any prohibition on exercise of commercial activity, that they do not occupy any post in a company which may be considered a competitor of the Company, and that they do not have nor represent any interest conflicting with that of Cemig, and assumed a solemn undertaking to become aware of, obey and comply with the principles, ethical values and rules established by the Code of Ethical Conduct of Government Workers and Senior Administration of the State of Minas Gerais.

Continuing with the business of the meeting, the Chairman stated that due to vacancies on the Audit Board, due to the resignation of the Sitting Member Luiz Otávio Nunes West and the Substitute Member Leonardo Guimarães Pinto, as per letters in the Company's possession, new sitting and substitute members should be elected to the said Audit Board, to complete the present period of office, that is to say until the Annual General Meeting to be held in 2011.

The Chairman said that this election would be carried out with separate voting, in the case of candidates indicated by holders of preferred shares and by minority stockholders.

Asking for the floor, the representatives of the stockholder AGC Energia S.A., for the minority of stockholders with voting rights, proposed election, as members of the Audit Board, of:

Helton da Silva Soares Brazilian, married, accountant, resident and domiciled in Belo Horizonte, Minas Gerais, at Rua Alvarenga Peixoto 832/301, Lourdes, CEP 30180-120, bearer of Identity Card MG-6392717, issued by the Civil Police of Minas Gerais State, and CPF 000185326-08; and as his substitute member,

Rafael Cardoso Cordeiro Brazilian, married, civil engineer, resident and domiciled at Belo Horizonte, Minas Gerais, at Rua Montevideu 515/600, Sion, CEP 30315-560, bearer of Identity Card M-9165153, issued by the Public Safety Department of the State of Minas Gerais, and CPF 037496966-32.

The above nominations were put to debate and then to the vote separately and were approved by majority. The elected Members of the Audit Board declared in advance that they are not subject to any prohibition on exercise of commercial activity, and assumed a solemn undertaking to become aware of, obey and comply with the principles, ethical values and rules established by the Code of Ethical Conduct of Government Workers and Senior Administration of the State of Minas Gerais.

The Chairman then stated that the Audit Board was now constituted as follows:

as Sitting Members: **Aristóteles Luiz Menezes Vasconcellos Drummond, Luiz Guaritá Neto, Thales de Souza Ramos Filho, Vicente de Paulo Pegoraro and Helton da Silva Soares;**

and Substitute Members: **Marcus Eolo de Lamounier Bicalho, Ari Barcelos da Silva, Aliomar Silva Lima, Newton de Moura and Rafael Cardoso Cordeiro,**

respectively.

The Chairman further stated that, as a result of the change in the composition of the Boards of Directors and Audit Board of Cemig and according to Clause 11, § 1º, of the Company's Bylaws, and Clauses 8, sole sub-paragraph, and 18, head paragraph and §2, of the Bylaws of Cemig D and of Cemig GT, there is a need for change of the composition of the Boards of Directors and Audit Board of the wholly-owned subsidiaries **Cemig D** and **Cemig GT**, because the structure and composition of the Boards of Directors and Audit Boards of those Companies must be identical to those of **Cemig**.

He then asked the Secretary to read the Proposal by the Board of Directors relating to the authorization for the representatives of Cemig in the Extraordinary General Meetings of Stockholders of Cemig D and Cemig GT, to be held also on today's date, to vote in favor of the alteration in the composition of the Board of Directors and Audit Board of the respective Companies, the content of which is as follows:

BY THE BOARD OF DIRECTORS
TO THE
EXTRAORDINARY GENERAL MEETING OF STOCKHOLDERS
TO BE HELD ON AUGUST 4, 2010

Dear Stockholders:

The Board of Directors of Companhia Energética de Minas Gerais **Cemig**,

whereas:

a) an **Extraordinary General Meeting of Stockholders of Cemig** will be held to change the composition of the Board of Directors and the Audit Board, due to resignations;

b) Clause 11, §1 of the Bylaws of Cemig states as follows:

Clause 11

§ 1 The structure and composition of the Board of Directors and the Executive Board of the company shall be identical in the wholly-owned subsidiaries Cemig Distribuição S.A and Cemig Geração e Transmissão S.A., with the exception that only the wholly-owned subsidiaries of Cemig Distribuição S.A. shall have a Chief Distribution and Sales Officer, and only Cemig Geração e Transmissão S.A. shall have a Chief Generation and Transmission Officer. ;

c) Clause 8 of the Bylaws of **Cemig G** and of **Cemig GT**, states as follows:

Clause 8: The Company's Board of Directors shall be made up of 14 (fourteen) members and an equal number of substitute members. One of the members shall be its Chairman and another its Vice-Chairman, all being subject to election and dismissal at any time by the General

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

Meeting of Stockholders, for a period of office of 3 (three) years, and able to be reelected.

§ 1 The members of the Board of Directors must, obligatorily, be the same members of the Board of Directors of the sole stockholder, **Cemig**. ;

d) Clause 23, §1 of the Bylaws of **Cemig** states as follows:

Clause 23: The Company's Audit Board shall function permanently and shall be made up of between 3 (three) and 5 (five) members and their respective substitute members, who shall be elected annually, on the occasion of the Annual General Meeting, and may be re-elected. ;

e) Clause 18 of the Bylaws of **Cemig G** and of **Cemig GT**, states as follows:

Clause 18: The Audit Board, the inspection body of the company, shall function permanently, and shall be chaired by the Chairman of the Audit Board of the sole stockholder, **Cemig**, and shall have a total of between 2 (two) and 4 (four) sitting members, and their respective substitute members, all members of the Audit Board of the sole stockholder, **Cemig**, elected annually by the sole stockholder, **Cemig**, and able to be re-elected.

now proposes to you:

that the representatives of Cemig in the Extraordinary General Meeting of Stockholders of Cemig Distribuição S.A. (**Cemig D**) and in the Extraordinary General Meeting of Stockholders of Cemig Geração e Transmissão S.A. (**Cemig GT**) to be held on August 4, 2010 should vote in favor of the alteration of the composition of the Board of Directors and Audit Board, if there is a change in the composition of the Board of Directors of **Cemig**.

Belo Horizonte, July 9, 2010.

Djalma Bastos de Moraes Vice-Chairman
Aécio Ferreira da Cunha Member
Antônio Adriano Silva Member
Arcângelo Eustáquio Torres Queiroz Member

Francelino Pereira dos Santos Member
Guy Maria Villela Paschoal Member
Maria Estela Kubitschek Lopes Member
Paulo Sérgio Machado Ribeiro Member.

Table of Contents

Continuing with the business of the meeting, the Chairman then put the above Proposal by the Board of Directors to debate, and, subsequently, to the vote, and it was approved by majority of votes.

The meeting being opened to the floor, the representative of the stockholder The State of Minas Gerais took the floor and emphasized the importance of closure of the unresolved legal matters in relation to the Stockholders Agreement signed by the State of Minas Gerais and Southern Electric Brasil Participações Ltda.

He then stated his satisfaction in welcoming the stockholder **AGC Energia S.A.** and its Board Members to the Company, emphasizing the importance of this new partnership for addition of value and excellence to Cemig, certain that it would result in growth of the Cemig Group. The meeting remaining open to the floor, and since no-one else wished to speak, the Chairman ordered the session suspended for the time necessary for the writing of the minutes. The session being reopened, the Chairman, after putting the said minutes to debate and to the vote and verifying that they had been approved and signed, closed the meeting.

For the record, I, Anamaria Pugedo Frade Barros, Secretary, wrote these minutes and sign them together with all those present.

MATERIAL ANNOUNCEMENT

ACQUISITION OF TRANSMISSION COMPANIES BY TAESA

Cemig (Companhia Energética de Minas Gerais), a listed company with securities traded on the stock exchanges of São Paulo, New York and Madrid, in accordance with CVM Instruction 358 of January 3, 2002, as amended, hereby publically informs the Brazilian Securities Commission (CVM), the São Paulo Stock, Commodities and Futures Exchange (BM&F Bovespa S.A.) and the market in general, that:

On August 6, 2010, **Transmissora Aliança de Energia Elétrica S.A. (Taesa)**, in which Cemig's wholly-owned subsidiary **Cemig Geração e Transmissão S.A. (Cemig GT)** holds 48% of the voting stock, signed a **Share Purchase Agreement** with **CYMI Holding S.A. (CYMI)**, or **the Vendor**, governing the **acquisition by Taesa** of:

- (i) 49.99% of the voting stock of **NTE Nordeste Transmissora de Energia Elétrica S.A.**;
- (i) 49.90% of the voting stock of **STE Sul Transmissora de Energia Elétrica S.A.**; and
- (iii) 40% of the voting stock of **IEMG Interligação Elétrica de Minas Gerais S.A.**;

all of which are holders of public service electricity transmission concessions (**the Transmission Companies**).

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

For the acquisition of the stakes in the Transmission Companies **Taesa** will pay an aggregate total amount of R\$ 275,470,000 (two hundred seventy five million, four hundred seventy thousand Reais).

The acquisition price will be updated by the accumulated variation of the Selic rate between the date of signature of the Share Purchase Agreement and the business day immediately preceding the date of completion of the actual acquisition of the shares by **Taesa**.

Conclusion of the transaction and actual acquisition of the shares by **Taesa** are subject to several suspensive conditions being met, in particular the following:

- (i) non-exercise, by the other stockholders of the **Transmission Companies**, of any right of preference or first refusal on the shares to be acquired;
- (ii) approval by the General Meetings of Stockholders of the **Vendor** and of **Taesa**;
- (iii) consent of financing banks of the **Transmission Companies**; and
- (iv) approval by the Brazilian National Electricity Agency (**Aneel**).

Table of Contents

The transaction will also be submitted to the Brazilian Monopolies Council, CADE, in accordance with Law 8884/94.

Under the stockholders' agreements between the current stockholders of the Transmission Companies, the remaining stockholders have a tag-along right, the right of joint sale, on the same terms as those specified in the Share Purchase Agreement.

Cemig will publish additional Material Announcements relating to this transaction as it develops.

Belo Horizonte, August 6, 2010.

22. Summary of Minutes of the 487th Meeting of the Board of Directors, Companhia Energética de Minas Gerais CEMIG,
June 24, 2010

COMPANHIA ENERGÉTICA DE MINAS GERAIS CEMIG

LISTED COMPANY

CNPJ 17.155.730/0001-64 NIRE 31300040127

BOARD OF DIRECTORS

SUMMARY OF MINUTES OF THE 487TH MEETING

Date, time and place: June 24, 2010 at 9.30 a.m. at the company's head office,
Av. Barbacena 1200, 21th Floor, Belo Horizonte, Minas Gerais, Brazil.

Meeting Committee: Chairman: Sergio Alair Barroso;
Secretary: Anamaria Pugedo Frade Barros

Summary of proceedings:

I The Chairman asked the Board Members present whether any of them had conflict of interest in relation to the matters on the agenda of this meeting, and all stated there was no such conflict of interest.

II The Board approved the minutes of this meeting.

III The Board authorized:

a) Signature of the First Amendment to Technical-scientific Cooperation Working Agreement 4020000263, between **Cemig, Cemig D** and **Axxiom** Soluções Tecnológicas S.A., to add the development of new functionalities, named **Priority Projects**, and consequent injection of new funds by **Cemig D**, altering the total value of the Working Agreement. After signature, this Amendment is to be submitted to Aneel for approval, and its validity and efficacy will depend on this approval.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

b) Signature of individual **operation and maintenance service contracts** between **Cemig GT** and: **Sá Carvalho S.A.**, **Cemig PCH S.A.**, **Rosal Energia S.A.**, Usina Termelétrica **Barreiro S.A.** and **Horizontes Energia S.A.**, for operation and maintenance services in the facilities and associated networks of those companies, for a period of 12 months, able to be extended, upon signature of an amendment, for a further 36 months, up to a maximum limit of 48 months.

c) Signature, as consenting party, of the First Rectification and Ratification Amendment, N° 133.924-1/10, to Financing Credit Line Onlending Contract BDMG/BF 133.924/06, between Companhia **Transirapé de Transmissão**, as Beneficiary, **BDMG** (Minas Gerais Development Bank) and **Banco Santander S.A.**, as Financial Agents, with the following as Consenting Parties – Guarupart Participações Ltda. (**Guarupart**), Transminas Holding S.A. (**Transminas**), Orteng Equipamentos e Sistemas Ltda. (**Orteng**) and **Furnas Centrais S.A.** to:

- rectify Sub-clause o of Clause 10: *Additional Obligations of the Beneficiary*, of the original instrument;
- include **Guarupart**, successor by absorption of Cia. Técnica de Engenharia Elétrica, as consenting party, and **Transminas** as guarantor consenting party;

Av. Barbacena 1200 Santo Agostinho 30190-131 Belo Horizonte, MG Brazil Tel.: +55 31 3506-5024 Fax +55 31 3506-5025

This text is a translation, provided for information only. The original text in Portuguese is the legally valid version.

- exempt the guarantors **Guarupart** and **Orteng** from the guarantees given in the original contract; and
- alter the frequency of calculation of the ICSD (Debt Servicing Coverage Index), in line with the methodology applied in the BNDES financing contract.

d) Cemig Telecomunicações S.A. (**Cemig Telecom**) to sign a Stockholders Agreement, and a Share Purchase Agreement, with **Ativas Participações S.A.**, and **Ativas Data Center S.A.** as consenting party, for the purchase of 49% of the voting and total capital of **Ativas Data Center S.A.**

IV The Board re-ratified:

a) The appointment of the Chief Officer of Cemig **Arlindo Porto Neto** simultaneously to hold the non-remunerated post of Technical Director in **Efficientia S.A.**, to serve the current period of office, that is to say until the Annual General Meeting to be held in 2011.

b) The appointment of the Chief Officer of Cemig **Luiz Henrique de Castro Carvalho** simultaneously to hold the non-remunerated post of Investor Relations Director in Rosal Energia S.A., as well as being Chief Executive Officer of that company, to serve the current period of office, that is to say until the Annual General Meeting to be held in 2011.

c) Signature, as consenting party, of the Second Amendment to Technical and Financial Working Agreement 4020000153, between **Copasa** and **Cemig GT**, for reallocation of the financial resources, and also extension of the period of validity, on an exceptional basis, from sixty to seventy-eight months, without alteration of the global value of the Working Agreement.

V The Chairman and Vice-Chairman spoke on general matters and business of interest to the Company.

The following were present:

Board members:
