Item 8.01. Other Events.

In August 2010, Iron Mountain Incorporated (IMI) divested the domain name management product line of its digital business (the Domain Name Product Line). On June 2, 2011, IMI completed the sale of its online backup and recovery, digital archiving and eDiscovery solutions businesses of its digital business (the Digital Business) to Autonomy Corporation plc, a corporation formed under the laws of England and Wales (Autonomy), pursuant to a purchase and sale agreement dated as of May 15, 2011 among IMI, certain subsidiaries of IMI and Autonomy. Additionally, in May 2011, IMI committed to a plan to sell its records management business in New Zealand (the New Zealand Business). The Digital Business, the Domain Name Product Line and the New Zealand Business have, for all periods presented in the accompanying Exhibit 99.1, been reported as discontinued operations for financial reporting purposes. Beginning June 2011, as a result of the disposition of the Digital Business and the decision to sell the New Zealand Business, IMI changed its reportable segments. The most significant of these changes is that the reportable segment previously referred to as the Worldwide Digital Business is no longer reported separately in IMI s management reporting as the operations associated with the Domain Name Product Line and the Digital Business are reported as discontinued operations. The intellectual property escrow services business, which IMI continues to own and operate and was previously reported in the Worldwide Digital Business segment, is now reported as a component of the North American Physical Business segment. Additionally, the International Physical Business segment no longer includes the New Zealand Business as these operations are reported as discontinued operations.

Item 9.01. Financial Statements and Exhibits.

Attached as Exhibit 99.1 to this Current Report on Form 8-K are restated versions of Items 1 and 2 of IMI s Quarterly Report on Form 10-Q for the quarter ended March 31, 2011, as filed with the Securities and Exchange Commission on May 5, 2011 (the 10-Q), which reflect the changes associated with the presentation of discontinued operations and segment reporting discussed above and the addition of a subsequent events footnote and a recent developments section within management s discussion and analysis of financial condition and results of operations to disclose a possible impairment charge. All other Items of the 10-Q remain unchanged. This Current Report on Form 8-K should be read in conjunction with the portions of the 10-Q that have not been updated herein.
