We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of our annual meetings.

ABOUT THE MEETING

Why am I receiving this proxy statement and proxy card?

You have received these proxy materials because our board of directors is soliciting your proxy to vote your common stock at the annual meeting of stockholders on May 23, 2013. This Proxy Statement describes matters on which we would like you to vote at our annual meeting. It also provides you with information on these matters so that you may make an informed decision.

What is the purpose of the annual meeting?

At our annual meeting, stockholders will vote on the following two items of business:

- (1) To elect seven (7) directors to hold office until the 2014 annual meeting of stockholders; and
-

Table of Contents

(2) To ratify the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013.

Stockholders will also vote on such other matters as may properly come before the meeting or any postponement or adjournment thereof.

What are the board's recommendations?

Our board of directors recommends that you vote:

- **FOR** the election of each of the seven (7) nominated directors (see Proposal No. 1)
- **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013 (see Proposal No. 2)

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the board of directors or, if no recommendation is given, in their own discretion.

What shares are entitled to vote?

As of March 28, 2013, the record date for the meeting, we had 43,268,333 shares of common stock outstanding. This amount includes 1,080,805 shares of unvested restricted common stock issued pursuant to our 2009 Equity Incentive Plan, which are not entitled to vote at the annual meeting. Therefore, as of March 28, 2013, 42,187,528 shares of common stock were outstanding and are entitled to vote at the annual meeting. You can vote all of the shares that you owned on the record date. These shares include: (1) shares held directly in your name as the stockholder of record, and (2) shares held for you as the beneficial owner through a stockbroker, bank or other nominee.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most stockholders hold their shares through a broker or other holder of record rather than directly in their own names. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Edgar Filing: Golden Minerals Co - Form DEF 14A

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered, with respect to those shares, the stockholder of record, and we have sent the Notice directly to you. As the stockholder of record, you have the right to grant your voting proxy directly to the named proxy holder or to vote in person at the meeting. You may vote by proxy via the Internet or telephone by following the instructions provided in the Notice. If you request printed copies of the proxy materials by mail, you may also vote by filling out the proxy card included with the materials or by calling the toll free number found on the proxy card.

Beneficial Owner. If your shares are held in a brokerage account, or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name, and the proxy materials are being forwarded to you by that holder together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, bank or other holder of record how to vote and are also invited to attend the annual meeting.

Who may attend the meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the meeting. If you are not a stockholder of record but hold shares through a broker, bank or other holder of record (i.e., in street name) and wish to attend the meeting, you will need to provide proof of beneficial ownership on the record date, such as your most recent account statement as of March 28, 2013, a copy of the voting instruction card provided by your broker, bank or other holder of record, or other similar evidence of ownership. Registration and seating will begin at

Table of Contents

8:30 a.m., Denver time. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

How may I vote my shares in person at the annual meeting?

Shares held in your name as the stockholder of record may be voted in person at the annual meeting. Shares held beneficially in street name may be voted by you in person only if you obtain a legal proxy from the broker, bank or other holder of record that holds your shares giving you the right to vote the shares. Even if you plan to attend the annual meeting, we recommend that you submit your proxy or voting instructions prior to the meeting as described below so that your vote will be counted if you later decide not to attend the meeting.

How may I vote my shares without attending the annual meeting?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the meeting. If you are a stockholder of record, you may vote by submitting a proxy card or via the Internet or telephone by following the instructions provided in the Notice. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, bank or other holder of record. For directions on how to vote, please refer to the instructions included in the Notice or, for shares held beneficially in street name, the voting instruction card provided by your broker, bank or other holder of record.

Proxies submitted properly by one of the methods described above will be voted in accordance with the instructions contained therein. If you submit a proxy but do not provide voting directions, the proxy will be voted FOR each of the seven director nominees, FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm, and in such manner as the proxy holders named on the proxy determine, in their discretion, upon such other business as may properly come before the annual meeting or any adjournment or postponement thereof.

If your shares are held through a broker, bank or other nominee (collectively referred to as brokers), under applicable rules of NYSE MKT LLC (NYSE MKT) (the exchange on which our common stock is traded), the broker will vote your shares according to the specific instructions it receives from you. If the broker does not receive voting instructions from you, the broker may vote only on proposals that are considered routine matters under the NYSE MKT rules. Under the NYSE MKT rules and guidance, the election of directors is no longer a routine matter on which your broker may vote without your instructions. As such, at this year's annual meeting, your broker may vote without your instructions only on the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2013. The broker's failure to vote on the election of directors because it lacks discretionary authority to do so, commonly referred to as a broker non-vote, will not affect the outcome of the vote on this matter.

May I change my vote or revoke my proxy after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change the votes you cast or revoke your proxy at any time before the votes are cast at the meeting by: (1) delivering a written notice of your revocation to our Corporate Secretary at our principal executive office located at 350 Indiana Street, Suite 800, Golden, Colorado 80401; (2) executing and delivering a later dated proxy card; or (3) by the Internet or telephone by

Edgar Filing: Golden Minerals Co - Form DEF 14A

following the voting instructions provided in the Notice. In addition, the powers of the proxy holders to vote your stock will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority (over 50%) of the shares of our common stock outstanding and entitled to vote as of the record date will constitute a quorum. There must be a quorum for any action to be taken at the meeting (other than an adjournment or postponement of the meeting). If you properly submit a proxy, even if you abstain from voting, then your shares will be counted for purposes of determining the presence of a quorum. If a broker or bank indicates on a proxy that it lacks discretionary authority as

Table of Contents

to certain shares to vote on a particular matter, commonly referred to as broker non-votes, those shares will still be counted for purposes of determining the presence of a quorum at the meeting.

What vote is required to approve each item?

Election of Directors. In the election of directors, seven (7) candidates will be elected by a plurality of affirmative votes. That is, the seven (7) candidates that receive the highest number of affirmative votes will be elected to serve on our board of directors.

Ratification of PricewaterhouseCoopers LLP. The affirmative vote of a majority of the outstanding shares of common stock present at the meeting (either in person or by proxy) will be required for ratification.

How may I vote on each of the proposals?

In the election of directors, you may vote **FOR** any one or more, or all, of the nominees, or your vote may be **WITHHELD** with respect to any one or more, or all, of the nominees. For the ratification of PricewaterhouseCoopers LLP, you may vote **FOR** or **AGAINST** the proposal, or you may indicate that you wish to **ABSTAIN** from voting on the proposal.

Who will count the proxy votes?

Votes will be tabulated by Broadridge Financial Solutions.

How will voting on any other business be conducted?

We do not expect any matters to be presented for a vote at the meeting other than the matters described in this Proxy Statement. If you grant a proxy, any of the officers named as proxy holder, Jeffrey G. Clevenger, Robert P. Vogels, Deborah J. Friedman, or their nominee(s) or substitute(s), will have the discretion to vote your shares on any additional matters that are properly presented for a vote at the meeting. If a nominee is not available as a candidate for director, the person named as the proxy holder will vote your proxy for another candidate nominated by our board of directors.

What rights of appraisal or similar rights of dissenters do I have with respect to any matter to be acted upon at the meeting?

Edgar Filing: Golden Minerals Co - Form DEF 14A

No action is proposed at this meeting for which the laws of the state of Delaware or our bylaws provide a right of our stockholders to dissent and obtain appraisal of or payment for such stockholders' common stock.

Who will bear the cost of this proxy solicitation?

The cost of this proxy solicitation will be borne by Golden Minerals. In addition to solicitation by mail, our officers, directors and employees may solicit proxies by telephone, email, or in person. We will also request banks and brokers to solicit their customers who have a beneficial interest in our common stock registered in the names of nominees, and we will reimburse banks and brokers for their reasonable out-of-pocket expenses in so doing.

PROPOSAL NO. 2 RATIFICATION OF APPOINTMENT OF AUDITORS

The board of directors, pursuant to the recommendation of the Audit Committee of the board of directors, unanimously recommends ratification of the selection of PricewaterhouseCoopers LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2013.

The affirmative vote of the holders of a majority of the common stock entitled to vote and represented in person or by proxy at the annual meeting is required to ratify the selection of our independent registered public accounting firm for the fiscal year 2013. In the event the ratification is not approved by the required number of holders, the Audit Committee may reconsider, but will not necessarily change, its selection of PricewaterhouseCoopers LLP to serve as our independent registered public accounting firm.

PricewaterhouseCoopers LLP has served as our independent registered public accounting firm since our inception. Representatives of PricewaterhouseCoopers LLP will be present at the annual meeting with the opportunity to make a statement if they desire to do so and to respond to appropriate stockholder questions.

THE BOARD AND ITS COMMITTEES

Meetings and Committees of the Board of Directors

During 2012, our board of directors held seven meetings.

Audit Committee. We have a standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The Audit Committee met four times during 2012. Our Audit Committee is currently comprised of Messrs. Palmer, Eppler and Watkins. Each of the members of the Audit Committee is independent and financially sophisticated, as defined by the NYSE MKT listing standards. Our board has determined that Mr. Palmer, the Audit Committee Chairman, qualifies as an Audit Committee Financial Expert as that term is defined in rules promulgated by the SEC. The Audit Committee is responsible for the selection, compensation, retention and oversight of the independent auditor, which reports directly to the Audit Committee. The Audit Committee also assists the board of directors in reviewing and oversight of the quality and integrity of the Company's accounting, auditing and financial reporting practices. The Audit Committee regularly reviews the Company's financial statements and reports, earnings press releases, financial reporting process, system of internal controls, and compliance with applicable law.

The board of directors has adopted a written charter for the Audit Committee. The charter may be viewed on Golden Minerals' website at www.goldenminerals.com/corp_gov.php.

Compensation Committee. The Compensation Committee held one meeting during 2012 and is currently comprised of Messrs. Masterton-Hume, Morano and Watkins. Each member of the Compensation Committee is independent as defined by the NYSE MKT listing standards. The principal responsibilities of the Compensation Committee are to establish policies and periodically determine matters involving executive compensation, recommend changes in employee benefit programs, grant or recommend the grant of stock options and stock awards under our 2009 Equity Incentive Plan, as amended from time to time, and provide counsel regarding key personnel selection. For a discussion of the Compensation Committee's role in establishing our executive compensation arrangements, see Executive Compensation Discussion and Analysis.

The board of directors has adopted a charter for the Compensation Committee, a copy of which is available on Golden Minerals' website at www.goldenminerals.com/corp_gov_compcomm.php.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee, which met three times during 2012, is currently comprised of Messrs. Eppler, Mason, Morano and Palmer. Each member of the Corporate Governance and Nominating Committee is independent as defined by the NYSE MKT listing standards. The Corporate Governance and Nominating Committee is responsible for overseeing and evaluating the board's performance, selecting and evaluating prospective director nominees and reviewing board and board committee compensation. The Corporate Governance and Nominating Committee also oversees and provides advice to the board of directors regarding our corporate governance policies, practices and procedures.

The board of directors has adopted a charter for the Corporate Governance and Nominating Committee, a copy of which is available on Golden Minerals' website at www.goldenminerals.com/corp_gov_corpnom.php.

The Role of the Corporate Governance and Nominating Committee in the Nomination Process

In identifying and recommending nominees for positions on our board of directors, our Corporate Governance and Nominating Committee places emphasis on the following criteria, among others:

- Judgment, character, expertise, skills and knowledge useful to the oversight of our business;
- Business or other relevant experience; and
- The extent to which the interplay of the nominee's expertise, skills, knowledge and experience with that of other members of our board of directors will contribute to a board that is effective, collegial and responsive to the needs of the Company.

Our Corporate Governance and Nominating Committee does not set specific, minimum qualifications that nominees must meet in order for the Corporate Governance and Nominating Committee to recommend them to our board of directors, but rather believes that each nominee should be evaluated based on his or her individual merits, taking into account the needs of the Company and the composition of our board of directors. In considering diversity, we consider diversity of viewpoints, backgrounds and experience. We do not, however, have any formal policy regarding diversity in identifying nominees for a directorship, but rather consider it among the various factors relevant to any particular nominee. Our Corporate Governance and Nominating Committee evaluates possible candidates in detail and suggests individuals to explore in more depth. In the event that we decide to fill a vacancy that exists or we decide to increase the size of the board of directors, our Corporate Governance and Nominating Committee will identify, interview and examine, and make recommendations to the board of directors regarding, appropriate candidates. We identify potential candidates principally through suggestions from the Company's directors and senior management. Our President and Chief Executive Officer and board members may also seek candidates through informal discussions with third parties. We also consider candidates recommended or suggested by stockholders.

Board Independence and Leadership Structure

Our board of directors has determined that each of our directors, other than Mr. Clevenger, our Chairman, President and Chief Executive Officer, is independent as defined by the NYSE MKT listing standards.

The positions of Chairman of our board of directors and principal executive officer are occupied by the same individual, Mr. Jeffrey Clevenger. Mr. Clevenger has served as our President, Chief Executive Officer and Chairman of the board of directors since the Company's inception in

Edgar Filing: Golden Minerals Co - Form DEF 14A

March 2009. The Company's board of directors believes that it is important to have a unified leadership vision which Mr. Clevenger is positioned to provide. The board also believes that the Company is best served by a Chairman who is actively involved with the Company and is therefore able to bring a significant depth of knowledge about the Company to the role of Chairman. While we do not have a lead independent director, the independent members of the board meet from time to time as they deem necessary. We believe that our current board leadership structure is appropriate as all members of our board of directors, other than Mr. Clevenger, are independent directors.

The Board's Role in Risk Oversight

It is management's responsibility to manage risk and bring to the board of directors' attention any material risks to the Company. The board of directors has oversight responsibility through its Audit Committee, which oversees the Company's risk policies and processes relating to the financial statements and financial reporting processes and the guidelines, policies and processes for mitigating those risks.

Stockholder Nominations

The Corporate Governance and Nominating Committee will receive, review and evaluate director candidate recommendations from stockholders. The Corporate Governance and Nominating Committee has adopted written procedures to be followed by stockholders in submitting such recommendations. Candidates proposed by stockholders will be evaluated by the Corporate Governance and Nominating Committee in the same manner as candidates that are not proposed by stockholders. While stockholders may propose director nominees at any time, we must receive the required notice (described below) on or before the date set forth in the prior year's annual proxy statement under the heading "Stockholder Proposals" in order for a proposed nominee to be considered by the Corporate Governance and Nominating Committee in connection with our next annual meeting of stockholders (typically held in May or June of each year).

Stockholders wishing to recommend a director candidate to serve on the board may do so by providing advance written notice to the Chairman of the Corporate Governance and Nominating Committee that identifies the candidate and includes certain information regarding the nominating stockholder and the candidate. A description of the required notice is available on our website at www.goldenminerals.com/corp_gov_boarddir.php.

A stockholder nominee for director should be a person of integrity committed to devoting the time and attention necessary to fulfill his or her duties to Golden Minerals. The Corporate Governance and Nominating Committee will evaluate the independence of directors and potential directors nominated by stockholders, as well as his or her business experience, specialized skills and other experience. Diversity of background and experience, including diversity of race, ethnicity, international background, gender and age, are also important factors in evaluating candidates for board membership. In considering diversity, we consider diversity of viewpoints, backgrounds and experience. The Corporate Governance and Nominating Committee will also consider issues involving possible conflicts of interest of directors or potential directors.

Director Attendance at the Annual Meeting

All members of the board of directors are encouraged, but not required, to attend the annual meeting of stockholders.

Compensation Committee Interlocks and Insider Participation

Our Compensation Committee is currently comprised of Messrs. Masterton-Hume, Morano and Watkins. Each member of the Compensation Committee is independent as defined by NYSE MKT listing standards. No member of the Compensation Committee has ever been an officer or employee of Golden Minerals or any of its subsidiaries, nor did any of these individuals have any reportable transactions with Golden Minerals or any of its

Table of Contents

subsidiaries in 2012. None of our current executive officers has served as a director or member of the compensation committee (or equivalent thereof) of another entity, any of whose executive officers served as a director of Golden Minerals or our predecessor Apex Silver.

Director Compensation

Our directors who are also our employees receive no fees for board service. Currently, Mr. Clevenger is the only director who is also an employee. The compensation for the non-employee directors of Golden Minerals includes the following: (i) a \$20,000 annual cash retainer, (ii) a \$1,000 cash fee for each board meeting that the director attends in person or by telephone, (iii) a \$1,000 cash fee for each committee meeting that the director attends in person or by telephone, and (iv) a \$5,000 annual cash retainer for the Chairman of the Audit Committee. Retainer payments are made on the date of the annual stockholders' meeting for service until the next annual meeting. We also reimburse our directors for all reasonable out-of-pocket costs incurred by them in connection with their services.

Non-employee directors may receive discretionary grants of restricted stock units under our Non-Employee Directors Deferred Compensation and Equity Award Plan (the "Deferred Compensation Plan"), an award program pursuant to our 2009 Equity Incentive Plan. Restricted stock units typically vest on the first anniversary of the grant date, and the recipient director is entitled to receive one unrestricted share of common stock for each vested restricted stock unit upon the termination of the director's service on our board of directors. Our directors are also eligible to receive other equity awards, including stock options, pursuant to our 2009 Equity Incentive Plan. During 2013, awards of restricted stock units made to non-employee directors will be increased in value from \$50,000 to \$100,000.

The table below sets forth all compensation awarded to our non-employee directors during 2012.

Name	Fees Earned or Paid in Cash (\$)	Stock Awards \$(1)	Stock Options \$(2)	Total (\$)
W. Durand Eppler	\$ 38,000(3)	\$ 50,000	\$	\$ 88,000
Michael T. Mason	\$ 27,000	\$ 50,000	\$	\$ 77,000
Ian Masterton-Hume	\$ 27,000	\$ 50,000	\$	\$ 77,000
Kevin R. Morano	\$ 34,000(3)(4)	\$ 50,000	\$	\$ 84,000
Terry M. Palmer	\$ 41,000	\$ 50,000	\$	\$ 91,000
David H. Watkins	\$ 34,000(4)	\$ 50,000	\$	\$ 84,000

(1) Stock Awards are awards of restricted stock units made to non-employee directors during the year ended December 31, 2012. Each non-employee director was granted 13,369 shares of restricted stock units on May 24, 2012, calculated by dividing the dollar amount of the grant by the NYSE MKT closing price of our common stock on the grant date. Typically restricted stock units vest on the first anniversary of the grant date.

(2) Stock Options are awards of stock options to our non-employee directors during the year ended December 31, 2012. No director compensation in the form of stock options was granted to non-employee directors in 2012.

(3) Includes compensation for two pricing committee meetings held in September 2012 for the purpose of setting pricing for the underwritten registered offering and concurrent private placement to The Sentient Group on September 19, 2013 (the "September Financing").

(4) Includes compensation for a special committee meeting held in September 2012 for the purpose of reviewing and approving certain exploration property sales for 2012.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Set forth below is a discussion of our current compensation program for our named executive officers, including our principal executive officer, our principal financial officer, and the three other officers that were our most highly compensated executive officers during 2012. Compensation arrangements for 2012 and 2013 were established by our Compensation Committee without the assistance of compensation consultants.

Objectives of Our Compensation Program

Our compensation program is designed to attract and retain top quality executive talent who can contribute to our long-term success and thereby build value for our stockholders, to tie annual and long-term cash and equity incentive compensation to the achievement of measurable company and individual performance objectives, and to align compensation incentives available to our executives with the goal of creating stockholder value.

Our Compensation Committee has responsibility for approving the compensation arrangements for our executives and acts pursuant to a charter that has been approved by our board. We employ a three-part approach to executive compensation: base salary, annual performance-based cash bonuses and long-term equity awards. In addition, we provide our executives a variety of other benefits that we also make available generally to all salaried employees. Our executive compensation program is organized around the following fundamental principles:

- *A Substantial Portion of Executive Compensation Should Be in the Form of Equity Awards.* Our Compensation Committee believes that a substantial portion of total compensation should be delivered in the form of equity. Equity compensation is important in order to align the interests of our executives with the interests of our stockholders.
- *A Substantial Portion of Executive Compensation Should Be Performance-Based.* Our compensation program is designed to reward superior performance and deliver correspondingly lower compensation for weak performance, and we believe it accomplishes this in a number of ways. In terms of cash compensation, target award opportunities provided to each executive under our Bonus Incentive Plan range from 50% to 70% of the executive's base salary. Awards for superior performance may result in a bonus of up to twice the targeted amount for all executives (other than Mr. Clevenger, who may earn up to three times the targeted amount). Whether and to what extent bonuses under the plan are paid depends on the extent to which the Company-wide and individual goals set by the Compensation Committee are attained and on the Compensation Committee's subjective evaluations of individual executive performance.
- *Our Compensation Program Should Enable Us to Compete for First-Rate Executive Talent.* We believe our stockholders are best served when we can attract and retain talented executives. Beginning in 2005 and extending through 2012, increases in metals prices resulted in numerous new mining projects worldwide, which created intense competition for the services of talented mining executives. Notwithstanding the ongoing global economic downturn, the competition for mining executives remains strong. To ensure that we are able to attract and retain

Edgar Filing: Golden Minerals Co - Form DEF 14A

talented executives, our Compensation Committee seeks to create a compensation package for executives that delivers total compensation that is competitive with exploration and mining companies with which we compete for executive talent.

Components of our Compensation Program

Base Salary. We establish base salaries for our executive officers based on the scope of their respective responsibilities. We review base salaries annually and adjust them from time to time after taking into account individual responsibilities, performance and experience. Our Compensation Committee determines the salary for our Chief Executive Officer, and, after consideration of the Chief Executive Officer's recommendations, for each officer below the Chief Executive Officer level.

Table of Contents

Base salaries for our named executive officers during 2012 were as follows:

	Salary
Jeffrey G. Clevenger	\$ 450,000
Jerry W. Danni(1)	\$ 300,000
Robert P. Vogels	\$ 250,000
Warren M. Rehn	\$ 200,000
Deborah J. Friedman(2)	\$ 160,000

(1) Effective as of November 30, 2012, Mr. Danni resigned as an officer and employee of the Company.

(2) Ms. Friedman is not an employee of the Company. All references to Ms. Friedman's 2012 salary throughout Compensation Discussion & Analysis refer to the aggregate monthly retainer payments that Golden Minerals pays to the law firm of which she is a partner for approximately one-half of her time. The law firm remits the retainer amounts directly to Ms. Friedman. For more information regarding this arrangement, see Arrangement with Ms. Friedman.

Base salaries for our named executive officers during 2013 are as follows:

	Salary
Jeffrey G. Clevenger	\$ 500,000
Robert P. Vogels	\$ 270,000
Warren M. Rehn	\$ 250,000
Deborah J. Friedman(1)	\$ 175,000

(1) See Arrangement with Ms. Friedman .

Our Compensation Committee determines the base salary for our Chief Executive Officer, and, after consideration of our Chief Executive Officer's recommendations, for each other named executive officer. In establishing salaries for 2013, our Chief Executive Officer recommended increasing salaries for our named executive officers other than the Chief Executive Officer, for whom he made no recommendation.

Mr. Clevenger also proposed the promotion of Mr. Rehn based on his performance, including significant progress in rationalizing the Company's exploration portfolio. The Compensation Committee agreed with the recommendation, noting that salaries for two of the named executive officers had not been increased for the past three years and that an increase in salaries would maintain the competitiveness of the Company's executive compensation within its industry. The Committee also considered the fact that the Chief Executive Officer's salary had not been increased for the past three years. In considering base salaries and other components of compensation, the Committee reviewed a publicly available survey of mining industry executive compensation for similarly sized mining companies that showed that the Company's base salaries, after the recommended changes for 2013, were competitive with approximately the median of other companies in the survey and that levels of short term cash bonuses were approximately at the levels of the median group of companies. As discussed below, comparison to the survey data did indicate the Company's long-term incentive compensation award levels were generally well below those of comparable companies included in the survey. Additionally, in determining the Chief Executive Officer's salary, the Committee considered that given the increased size of the Company and complexity of its activities with the addition of active mining operations since his last salary adjustment, and to maintain the competitiveness of his compensation within the industry, an increase was warranted. Based on these factors, the Compensation Committee increased 2013 salaries by \$50,000 for Mr. Clevenger, \$20,000 for Mr. Vogels, \$50,000 Mr. Rehn and \$15,000 for Ms. Friedman.

Annual Cash Bonus. Our executives participate in our Incentive Bonus Plan, which provides annual cash awards based on the performance of the executive officers and the Company as compared to performance standards established by our Compensation Committee. The table below shows the target awards for 2012 for our named executive officers and the actual amounts paid with respect to such awards in December 2012.

Table of Contents

	Annual Salary	Bonus Target (%)	Bonus Target	Bonus Minimum	Bonus Maximum	Actual Bonus Paid
Jeffrey G. Clevenger	\$ 450,000	70%	\$ 315,000	\$	\$ 945,000	\$ 220,000
Jerry W. Danni (1)	\$ 300,000	50%	\$ 150,000	\$	\$ 300,000	
Robert P. Vogels	\$ 250,000	50%	\$ 125,000	\$	\$ 250,000	\$ 85,000
Warren M. Rehn	\$ 200,000	50%	\$ 100,000	\$	\$ 200,000	\$ 100,000
Deborah J. Friedman	\$ 160,000	50%	\$ 80,000	\$	\$ 160,000	\$ 55,000

(1) Mr. Danni resigned as an officer and employee of the Company effective November 30, 2012 and did not receive a bonus for 2012.

In awarding the cash bonuses, the Compensation Committee reviewed the Company's 2012 performance and concluded that although the Company had accomplished most of its goals relative to its short-term objectives, the Company most importantly had failed to achieve its production goals and its share price had underperformed those of comparable companies. The Compensation Committee considered the Company's performance with respect to the following goals, among other things: (i) the Company's progress in rationalizing its exploration portfolio, including its success monetizing properties, entering into joint ventures on certain properties, relinquishing properties determined to be of no further interest, closing exploration offices, reducing exploration expenses and indentifying new properties of interest; (ii) the completion of a new resource estimate at the El Quevar project and the Company's identification of potential new zones of mineralization; (iii) the Company's successful completion of raising external financing and the terms of the financing; (iv) maintenance of corporate general and administrative expenses at budgeted levels; (v) the Company's achievement of only about 62% of its salable metal production goals at the Velardeña Operations with production of 778,300 silver equivalent ounces, and its failure to reach cash flow neutrality at the operation; and (vi) the decrease of the Company's stock price in excess of the prices of comparable companies. The Compensation Committee concluded that, based on this performance, 2012 bonuses for Mr. Clevenger, Mr. Vogels and Ms. Friedman should be awarded at approximately 70% of target levels. The 2012 bonus for Mr. Rehn was awarded at approximately 100% of target level based on the success of his efforts to lead the rationalization of the Company's exploration portfolio.

The target awards for our named executive officers' performance during 2013 are shown in the table below.

	Salary	Bonus Target	Bonus Target	Bonus Minimum	Bonus Maximum
Jeffrey G. Clevenger	\$ 500,000	70%	\$ 350,000	\$	\$ 1,050,000
Robert P. Vogels	\$ 270,000	50%	\$ 135,000	\$	\$ 270,000
Warren M. Rehn	\$ 250,000	50%	\$ 125,000	\$	\$ 250,000
Deborah J. Friedman	\$ 175,000	50%	\$ 87,500	\$	\$ 175,000

Equity Incentive Awards. A key component of our compensation program is the award of restricted shares and stock options under our 2009 Equity Incentive Plan. We believe that share ownership encourages long-term performance by our executive officers and aligns the interests of our officers with the interests of our stockholders. Equity awards under our 2009 Equity Incentive Plan are discretionary.

The pool of shares available under our 2009 Equity Incentive Plan is equal to 10% of our outstanding shares of common stock, plus shares issuable upon exercise of our derivative securities other than pursuant to the 2009 Equity Incentive Plan. In connection with the business combination with ECU Silver Mining Inc. (ECU) on September 2, 2011 (the ECU Transaction), we issued warrants and options (to purchase shares of our common stock) in replacement of ECU warrants and options that were cancelled upon the closing of the ECU Transaction. The replacement warrants and options were not issued under the 2009 Equity Incentive Plan and are therefore included in the calculation of shares

Edgar Filing: Golden Minerals Co - Form DEF 14A

available under the 2009 Equity Incentive Plan. Additionally, in connection with the September Financing, we issued warrants to purchase our common stock. These warrants were not issued under the 2009 Equity Incentive Plan, and are therefore also included in the calculation of shares available under the 2009 Equity Incentive Plan. As of March 28, 2013, we had 43,268,333 shares of common stock outstanding,

Table of Contents

1,831,929 shares issuable upon exercise of our outstanding replacement warrants, 268,500 shares issuable upon exercise of our outstanding replacement options and 3,431,649 shares issuable upon exercise of the outstanding warrants from the September Financing. Accordingly, as of March 28, 2013, the total number of authorized shares pursuant to our 2009 Equity Incentive Plan is 4,880,041, of which 2,657,125 currently remain available for issuance.

Our Compensation Committee determines the equity awards for our Chief Executive Officer, and, after consideration of our Chief Executive Officer's recommendations, for each other named executive officer. The awards granted, which vest in equal tranches on the first three anniversaries of the grant date, were as follows: 295,000 restricted shares for Mr. Clevenger; 80,000 restricted shares for Mr. Vogels; 65,000 restricted shares for Mr. Rehn; and 50,000 shares for Ms. Friedman. No restricted shares were granted to Mr. Danni as he had resigned from the Company effective November 30, 2012. In making these long-term incentive awards, the Compensation Committee considered equity compensation components of comparable companies based on the publicly available survey of the mining industry referenced above, the quality, capabilities and experience of the executive management team, and the equity compensation components of compensation of those companies from which the Company recruits executive and management talent and by which the Company's executives are recruited. Based on these comparisons, the Committee concluded that the Company's long-term incentive compensation levels appeared to be significantly lower than those of other comparably sized mining companies and those of the companies from which the Company often recruits executive talent. The Compensation Committee decided to increase the value of 2012 long-term incentive awards for the Chief Executive Officer from 200% to 300% of annual salary and for the other named executive officers from 100% to 150% of annual salary, with equivalent increases to 400% and 200% of annual salary, respectively, planned for 2013 annual incentive awards. These 2012 awards, valued at approximately 300% of the Chief Executive Officer's salary and 150% of the other named executive officer's salaries, are shown in the Summary Compensation Table below.

Perquisites and Other Benefits. Because we believe that the compensation described above is adequate, we do not award significant perquisites to our executive officers. In 2012, each named executive officer (other than Ms. Friedman) received a standard company match on his contributions to our 401(k) plan, totaling less than \$8,500 per executive officer. The Company match is available to all employees participating in the 401(k) plan.

Other Compensation. Our executives have a variety of other benefits that are available generally to all salaried employees.

Severance Arrangements

Each of our full-time salaried employees, including each of our named executive officers, is covered by our Severance Compensation Plan. The plan provides that an executive whose employment is terminated without cause (as defined in the plan) is entitled to receive a lump sum payment equal to one year's salary. Our Incentive Bonus Plan provides that an executive terminated without cause is entitled to receive an amount equal to the executive's target bonus percentage, multiplied by the amount of annual salary paid to the executive through the date of termination. Grants pursuant to our 2009 Equity Incentive Plan provide that all restrictions on unvested restricted shares lapse upon the termination of an executive's employment without cause.

These arrangements reflect our board's view that our employees, including our executive officers, should be provided with reasonable severance benefits to assist with their transition to comparable employment positions and to provide a competitive benefit by industry standards. The details and amount of these benefits are described in *Post-Employment Payments Termination Not in Connection with a Change of Control*.

Change of Control Arrangements

We have entered into a Change of Control Agreement with each of our named executive officers. Our Compensation Committee believes that these agreements provide an important protection to our executive officers in the event of a change of control transaction and that the interests of our stockholders will be best served if the interests of our executive officers are aligned with theirs. Our Compensation Committee believes that providing change of control benefits reduces the reluctance of executive officers to pursue potential change of control transactions that could result in the loss of their employment but may be in the best interests of stockholders.

Table of Contents

Cash payments under the Change of Control Agreements are in lieu of cash payments pursuant to the severance arrangements described above. The Change of Control Agreements are double trigger agreements which provide that payments will be made only if employment is terminated by the surviving company without cause or by the executive with good reason within two years following a change of control. In addition, upon the occurrence of a change of control, all restrictions on securities granted under our 2009 Equity Incentive Plan, including restricted common stock, restricted stock units and stock options, are lifted, and the equity awards vest immediately. The details and amounts of these benefits are described in Post-Employment Payments Termination in Connection with a Change of Control.

Payments under the Change of Control Agreements are based on a multiple of the executive's salary and target bonus. Our Chief Executive Officer is entitled to receive three times his salary and target bonus and each of the remaining named executive officers is entitled to receive two times his or her salary and target bonus. Our Compensation Committee believes these multiples are consistent with our industry peers.

In order to ensure that our executives actually receive the benefits described above, the Change of Control Agreements provide that we will reimburse our executive officers for the amount of the excise tax, if any, imposed on the change of control benefits under Internal Revenue Code Section 4999. This payment would be equal to an amount such that after the named executive officer timely pays the excise tax, his or her liability for all taxes would be the same as if this tax had not applied. This gross-up payment would not be deductible by Golden Minerals.

Summary Compensation Table

Compensation information is set forth below for the named executive officers of Golden Minerals through December 31, 2012. We have not entered into employment agreements with any of our executive officers but have certain arrangements regarding payments following termination of employment. For a description of these arrangements, see Post-Employment Payments. All executives are employed on an at-will basis.

(1) Stock-based compensation cost for restricted stock awards is measured based on the closing fair market value of the Company's common stock on the date of grant, in accordance with stock based compensation accounting rules (FASB ASC Topic 718). See footnote 16 of the Notes to the Consolidated Financial Statements for the year-ended December 31, 2012, included in our Annual Report to Stockholders, for a discussion of the assumptions used to compute grant date fair value. Amounts shown for 2010 reflect restricted stock grants made in April 2010 and December 2010. Amounts shown for 2011 reflect restricted stock grants made on September 15, 2011. Pursuant to each named executive officer's restricted stock award agreement, as a result of the ECU Transaction, completed on September 2, 2011, all restricted shares of common stock held on September 2, 2011

vested and are no longer restricted. Amounts shown for 2012 reflect restricted stock grants made on December 14, 2012. Mr. Rehn also received a restricted stock award with a fair market value of \$221,760 when he joined the Company on February 13, 2012.

(2) Amounts shown reflect grant date fair value computed in accordance with stock-based compensation accounting rules (FASB ASC Topic 718). See footnote 16 of the Notes to the Consolidated Financial Statements for the year-ended December 31, 2012, included in our Annual Report to Stockholders, for a discussion of the assumptions used to compute grant date fair value. No stock options were awarded to named executive officers during 2011 or 2012. Pursuant to each named executive officer's option award agreement, as a result of the ECU Transaction, unvested stock options outstanding as of September 2, 2011 vested on September 2, 2011.

(3) All named executive officers have participated in our Incentive Bonus Plan since our inception in March 2009. The relevant performance measure and the target value of each award for 2010, 2011 and 2012 were determined by the Compensation Committee. In 2011 and 2012, all bonus awards under our Incentive Bonus Plan were paid in cash. In 2010, approximately 70% of bonus awards were paid in cash and 30% were paid as grants of restricted common stock. This latter amount is reflected in the Stock Awards column of the table.

(4) Amounts shown as All Other Compensation are all related to contributions to the 401(k) Plan and life insurance premiums paid on behalf of each of the named executive officers. In addition, Mr. Danni received a payment of \$23,076 for accrued vacation upon his termination in November 2012.

(5) Mr. Danni resigned from the Company effective November 30, 2012 and did not receive a bonus for 2012.

(6) Mr. Rehn joined the Company in February 2012 as Vice President, Exploration and Chief Geologist and was promoted to Senior Vice President, Exploration and Chief Geologist in December 2012.

Post-Employment Payments*Termination Not in Connection with a Change of Control*

All of our full-time salaried employees, including each of our executives, are covered by our Severance Compensation Plan. If an executive's employment is terminated by us other than for cause (as defined in the plan) and such termination is not in connection with or following a change of control, death, disability or retirement, the executive is entitled to receive a lump sum payment equal to the executive's then current annual salary. We will also pay to the executive an amount equal to the difference between the monthly medical and/or dental premiums the executive was paying immediately prior to termination of employment and the total COBRA premium due in order to continue such insurance coverage. Our Incentive Bonus Plan provides that in such circumstances, the executive will be entitled to receive an amount equal to the executive's target bonus percentage, multiplied by the amount of annual salary paid to the executive through the date of termination. No executive who is terminated for cause, terminates or otherwise voluntarily leaves his or her employment, or whose employment is terminated as a result of death, disability or retirement, is entitled to receive any benefits under the Severance Compensation Plan.

If the termination of employment of one of our named executive officers had occurred as of December 31, 2012 in a manner that would have entitled him or her to payment pursuant to the Severance Compensation Plan, we estimate the following amounts would have been due:

Edgar Filing: Golden Minerals Co - Form DEF 14A

	Severance Payment (Salary)(1)	Severance Payment (Bonus)(2)	Health Insurance Premiums(3)	Total
Jeffrey G. Clevenger	\$ 450,000	\$ 315,000	\$ 18,977	\$ 783,977
Jerry W. Danni(4)				
Robert P. Vogels	\$ 250,000	\$ 125,000	\$ 25,558	\$ 400,558
Warren M. Rehn	\$ 200,000	\$ 100,000	\$ 14,697	\$ 314,697
Deborah J. Friedman(5)	\$ 160,000	\$ 80,000		\$ 240,000

(1) Reflects executive's annual salary for the year ending December 31, 2012.

Table of Contents

- (2) Reflects target bonus amounts for the year ending December 31, 2012.
- (3) We currently pay 100% of group health insurance premiums for medical and dental benefits. Amounts shown reflect 12 months of such premiums at rates in effect at December 31, 2012.
- (4) Mr. Danni voluntarily resigned from the Company effective November 30, 2012, and therefore would not have been entitled to payment pursuant to the Severance Compensation Plan as of the date of calculation.
- (5) Ms. Friedman is not employed by the Company and does not receive medical and dental benefits.

In addition, restrictions on unvested restricted shares will lapse upon termination by Golden Minerals of employment without cause, or as a result of the executive's death, disability or retirement. If an executive's employment terminates for any other reason, including for cause, prior to the scheduled vesting date of restricted shares, the shares are forfeited upon termination unless otherwise determined by the Company. The number of restricted shares held by each executive as of December 31, 2012 is shown above in the Outstanding Equity Awards at Fiscal Year-End Table.

For the purpose of our restricted share awards, retirement means an executive's retirement from Golden Minerals or its affiliates (i) on or after attaining age 55 and completing at least ten years of service, or (ii) on or after attaining age 62.

Termination in Connection with a Change of Control

We have entered into a Change of Control Agreement with each of our named executive officers. Payments under a Change of Control Agreement are in lieu of payments pursuant to our Severance Compensation Plan and are triggered only if one of the following events occurs within two years after a change of control: (1) termination of employment by us other than for cause, disability or death, or (2) termination of employment by the executive for good reason. Upon the occurrence of a change of control, all restricted stock is no longer subject to restrictions, and all unvested options vest. The amounts shown in the table below assume the occurrence of a change of control and one of the triggering termination events on December 31, 2012. These amounts are estimates of the amounts that would have been paid to the named executive officers upon the occurrence of such events. Actual future amounts can only be determined at the time of the named executive officer's termination of employment. If payments made to the executive would subject the executive to the excise tax imposed by Section 4999 of the Internal Revenue Code, the executive would be entitled to receive an additional gross-up payment to cover the excise tax. Receipt of benefits upon termination is subject to the execution of a general release of claims by the named executive officer or his or her beneficiary.

(1) Mr. Clevenger is entitled to receive three times his annual base salary in effect at the date of the change of control. Each remaining named executive is entitled to receive two times his or her annual base salary in effect at the date of the change of control. At December 31, 2012, the annual base salary for Mr. Clevenger was \$450,000; for Mr. Vogels, \$250,000; for Mr. Rehn, \$200,000; and for Ms. Friedman, \$160,000. This amount must be paid in a lump sum within 10 business days after the date of termination of employment.

(2) Mr. Clevenger is entitled to receive three times his target bonus amount pursuant to our Annual Incentive Plan and the remaining named executives are each entitled to receive two times their respective target bonus amounts pursuant to our Annual Incentive Plan. The target bonus for 2012 for each of the named executive officers is discussed above in Compensation Discussion and Analysis Components of our Compensation Program Annual Cash Bonus. This amount must be paid in a lump sum within 10 business days after the date of termination of employment.

(3) We will pay, on each executive's behalf, the portion of premiums of the Company's group health insurance, including coverage for his or her eligible dependents, that Golden Minerals paid immediately prior to the date of termination (COBRA Payments) for the period that such executive is entitled to coverage under COBRA, but not to exceed 36 months for Mr. Clevenger and 24 months for the remaining named executives. We will pay such COBRA Payments for the executive's eligible dependents only for coverage for those dependents that were enrolled immediately prior to the date of termination. The executive will continue to be required to pay that portion of the premium of his health coverage, including coverage for eligible dependents that he was required to pay as an active employee immediately prior to the date of termination. If the executive is for any reason not eligible for coverage under COBRA for the full 24 or 36 month period, as applicable, we will pay to the executive a lump sum in an amount equal to the product of (i) the amount of the COBRA payment paid on his or her behalf for the final month of the COBRA Period and (ii) the number of months by which the executive's period of COBRA coverage was less than 24 or 36 months, as applicable. Amounts shown in the table above are not discounted to present value.

(4) For the 24-month period immediately following the date of termination, we have agreed to provide to the executive, at a cost not to exceed an aggregate of \$5,000, life, disability, and accident insurance benefits substantially similar to those that the executive was receiving immediately prior to the termination of employment. For the purpose of the above table, we have assumed that a benefit in the aggregate amount of \$5,000 will be provided for the named executives.

(5) Mr. Danni voluntarily resigned from the Company effective November 30, 2012, and his Change of Control Agreement terminated on that date.

(6) Ms. Friedman is not employed by the Company and does not receive insurance benefits.

Risk Management

The board has determined that risks arising from our compensation policies and practices for our executives and employees are not reasonably likely to have a material adverse effect on the Company. The Compensation Committee and board of directors assess our compensation policies and practices from time to time to ensure that the incentives provided in our compensation arrangements do not emphasize short-term risk taking at the expense of decisions likely to enhance stockholder value over the long-term.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Review of Related Person Transactions

We do not have a formal written policy for the review and approval of transactions with related parties. However, the Audit Committee Charter and our Code of Ethics and Business Conduct each provide guidelines for reviewing any related party transaction. In particular, the Audit Committee Charter requires that the Audit Committee review any transaction involving Golden Minerals and a related party at least once a year or upon any significant change in the transaction or relationship. Additionally, our Code of Ethics and Business Conduct prohibits conflicts of interest and provides non-exclusive examples of conduct that would violate the prohibition. If any of our employees are unsure as to whether a conflict of interest exists, the employee is instructed to consult with a specified compliance officer.

Edgar Filing: Golden Minerals Co - Form DEF 14A

We annually require each of our directors and executive officers to complete a directors' or officers' questionnaire, respectively, that elicits information about related party transactions. Our board and legal counsel annually review all transactions and relationships disclosed in the directors' and officers' questionnaires, and the board makes a formal determination regarding each director's independence. If a director were determined no longer to be independent, that director, if he or she serves on any of the Audit Committee, the Corporate Governance and Nominating Committee, or the Compensation Committee, would be removed from such committee prior to (or otherwise would not participate in) any future meetings of the committee. If the transaction were to present a conflict of interest, the board would determine the appropriate response.

Arrangement with Ms. Friedman

Since May 2009, Deborah Friedman has devoted approximately half of her time to service as our Senior Vice President, General Counsel and Corporate Secretary and approximately half of her time to her legal practice at

Davis Graham & Stubbs LLP where she is a partner. We currently pay a monthly flat fee retainer of \$14,583 to the firm for approximately one-half of Ms. Friedman's time spent serving as Senior Vice President, General Counsel and Corporate Secretary, which the firm subsequently remits to Ms. Friedman, and we pay her customary hourly rate to the firm for any time spent by Ms. Friedman in excess of that threshold. Although she is a named executive officer of the Company for reporting purposes under the Securities Exchange Act of 1934, Ms. Friedman is not employed by the Company.

We paid approximately \$358,000 to Davis Graham & Stubbs LLP for legal services rendered by various attorneys in the firm during 2012, not including Ms. Friedman's monthly retainer payments. We have been advised that this amount represented a de minimis amount of the firm's total revenue for that period. Through March 28, 2013, we have awarded to Ms. Friedman pursuant to our 2009 Equity Incentive Plan a total of 102,600 shares of restricted common stock and 10,000 stock options.

REPORT OF THE AUDIT COMMITTEE

Edgar Filing: Golden Minerals Co - Form DEF 14A

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report.

The Audit Committee is currently comprised of Terry M. Palmer (Chairman), W. Durand Eppler and David H. Watkins. The Audit Committee is responsible for overseeing and evaluating the Company's financial reporting process on behalf of the board of directors, selecting and retaining the independent auditors, and overseeing and reviewing the internal audit function of the Company.

Management has the primary responsibility for the Company's financial reporting process, accounting principles, and internal controls, as well as preparation of the Company's financial statements in accordance with generally accepted accounting principles in the United States (GAAP). The independent auditors are responsible for performing an audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing reports thereon. The Audit Committee is responsible for overseeing the conduct of these activities. It is not the Audit Committee's duty or responsibility to conduct auditing or accounting reviews or procedures or to independently verify the representations made by management and the independent auditors. The Audit Committee's considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with GAAP or that an audit of the annual financial statements has been carried out in accordance with the standards of the Public Company Accounting Oversight Board (United States), or that the independent auditors are, in fact, independent.

Table of Contents

The Audit Committee has met and held discussions with management and the independent auditors on a regular basis. The Audit Committee plans and schedules its meetings with a view to ensuring that it devotes appropriate attention to all of its responsibilities. The Audit Committee's meetings include, whenever appropriate, executive sessions with the independent auditors without the presence of the Company's management. The Audit Committee has reviewed and discussed with both management and the independent auditors the Company's consolidated financial statements as of and for the year ended December 31, 2012, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements. Management advised the Audit Committee that the financial statements were prepared in accordance with GAAP. The Audit Committee has relied on this representation, without independent verification, and on the representations of the independent auditors included in their report on the consolidated financial statements.

The Audit Committee discussed with the independent auditors the matters required to be discussed pursuant to the Statement of Auditing Standards, as amended, the Public Company Accounting Oversight Board (PCAOB) Auditing Standards and the NYSE MKT Listing Standards. The independent auditors have provided to the Audit Committee the written disclosures and the letter required by PCAOB Rule 3526,

Communication with Audit Committees Concerning Independence, and the Audit Committee has discussed with the independent auditors their independence. The Audit Committee has also considered whether the independent auditors' provision of other non-audit services to the Company is compatible with maintaining auditor independence. The Audit Committee has concluded that the provision of non-audit services by the independent auditors was compatible with the maintenance of independence in the conduct of their auditing functions.

Based upon its review and discussions with management and the independent auditors and the reports of the independent auditors, and in reliance upon such information, representations, reports and opinions, the Audit Committee recommended that the board of directors approve the audited financial statements for inclusion in the Company's annual report on Form 10-K for the year ended December 31, 2012, and the board of directors accepted the Audit Committee's recommendations.
