CERTAIN TRANSACTIONS

(a) We entered into a lease agreement with Bull Creek Ranch LLC on December 4, 2004. Pursuant to the agreement, we agreed to lease approximately 150,000 square feet of property at 1650 W. Jackson, Ozark, Missouri through February 28, 2010 at a base rent of \$18,750 per month for the first twelve months and \$28,125 thereafter, with adjustments and additional charges set forth in the agreement. The lease agreement also provided us with an option to purchase the property for \$3,500,000, increasing by 5% for each year after the first year of the lease term. On February 3, 2005, we purchased the property for \$3,500,000, pursuant to the option to purchase. As a result, the lease agreement terminated. John Gott, our President, Chief Executive Officer and a Director, is a manager of, and a member owning a 50% interest in, Bull Creek Ranch LLC. As a result, Mr. Gott had a material interest in the lease agreement and in our purchase of the property.

On February 10, 2006, we sold the property at 1650 W. Jackson, Ozark, Missouri, to FRS, LLC, a Missouri limited liability company, for gross proceeds of \$4,000,000. On February 10, 2006, we entered into a Lease Agreement whereby we agreed to lease our headquarters at 1650 W. Jackson, Ozark, Missouri from FRS, LLC. Pursuant to the agreement, we agreed to lease the property for ten years, with a lease rate of \$37,500 per month for the first five years and \$43,750 per month thereafter, with adjustments and additional charges set forth in the agreement. Under the lease, we are responsible for expenses for taxes, insurance, maintenance and utilities at the property. For accounting and tax purposes, the lease is to be treated as an operating lease.

The sole member of FRS, LLC is Rick Gregg, who is also a Member owning a 50% interest in Bull Creek Ranch LLC. As stated above, Bull Creek Ranch, LLC is a former owner of the property at 1650 W. Jackson, Ozark Missouri, but was not a party to the purchase and sale, or the lease, described above. Nevertheless, due to the common ownership of Bull Creek Ranch LLC by Messrs. Gott and Gregg, FRS, LLC may be deemed as an affiliate of SLS International, Inc. for certain purposes. We believe that the sale of real estate and lease described above were consummated on arm's-length terms.

(b) Beginning in 2004 and through May 2005, we paid \$2,500 per month (an aggregate of \$45,000) to Mr. Maples to oversee the work by outside consultants performed in connection with our Sarbanes-Oxley Act compliance efforts.

(c) On January 4, 2005, we completed a private placement with Baystar Capital II, L.P. and three other institutional investors, at which time Mr. Lamar was a Managing Partner of Baystar Capital Management, LLC, which resulted in Mr. Lamar having an indirect financial interest in the private placement. In the private placement, we issued 15,000 shares of our Series C Convertible Preferred Stock for an aggregate purchase price of \$15 million. The investors also received five-year warrants to purchase an aggregate of six million shares of common stock at an exercise price of \$6.00 per share, subject to certain adjustments.

Audit Committee Report

The Audit Committee's primary function is to assist the Board of Directors in monitoring the integrity of the Company's financial statements, systems of internal control and the audit process. The Committee is currently comprised of three non-employee directors. The Board of Directors and the Committee believe that the Committee's current member composition satisfies the Amex rules that govern audit committee composition, including the requirements that:

-

all audit committee members are independent directors as that term is defined by Section 121(A) of the Amex listing standards;

-

all audit committee members are able to read and understand fundamental financial statements; and

-

at least one audit committee member is financially sophisticated.

The Committee operates under a written Charter adopted by the Board of Directors that reflects standards contained in the Amex rules. The Audit Committee reviews this Charter annually.

The Committee has reviewed and discussed with management and the independent auditors the Company's audited financial statements as of and for the year ended December 31, 2005.

In general, Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, issued by the Auditing Standards Board of the American Institute of Certified Public Accountants, requires the independent auditors to provide the Committee with additional information regarding the scope and results of the audit, including:

- the independent auditor's responsibilities under general accepted auditing standards;
- the independent auditor's judgments about the quality of the Company's accounting principles;
- the adoption of, or a change in, accounting policies;
- sensitive accounting estimates;
- accounting for significant unusual transactions and for controversial or emerging areas;
- significant audit adjustments;
- unadjusted audit differences considered to be immaterial;
- other information in documents containing audited financial statements;
- total fees for management consulting services and types of services rendered;
- disagreements with management on financial accounting and reporting matters;
- major issues discussed with management prior to retention;
- consultation with other accountants;

- difficulties encountered in performing the audit; and

- material errors, fraud and illegal acts.

The Committee has discussed with the independent auditors the matters required to be discussed by this Statement.

In general, Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as amended, requires the independent auditors to communicate, at least annually, with the Committee regarding all relationships between the independent auditors and the Company that, in the professional judgment of the independent auditors, may reasonably be thought to bear on their independence. The Committee has received and reviewed the written disclosures and the letter from the independent auditors required by this Standard, and the Committee has discussed with the independent auditors the independent auditors' independence. When considering the auditors' independence, the Committee considered whether their provision of services to the Company beyond those rendered in connection with their audit and review of the Company's consolidated financial statements was compatible with maintaining their independence and discussed with the auditors any relationships that may impact their objectivity and independence. The Committee also reviewed, among other things, the amount of fees paid to the auditors for audit and non-audit services in 2005. Information about the auditors' fees for 2005 is listed below in this proxy statement under Independent Auditors. Based on these discussions and considerations, the Committee is satisfied as to the auditors' independence.

Based on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005. We have also recommended to the Board of Directors that Weaver & Martin, LLC be selected as the Company's independent auditors for the fiscal year ending December 31, 2006.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee approves compensation actions with respect to our executive officers (including the Chief Executive Officer), other officers who report to the Chief Executive Officer, and other key employees. The Compensation Committee is composed of directors who are not our employees and who have no consulting arrangements or significant contractual or other relationships with us.

This Report describes our compensation philosophy and executive compensation program, as approved by the Compensation Committee. In particular, it discusses the compensation decisions and recommendations made by the Compensation Committee in 2005 regarding Mr. Gott, our Chief Executive Officer, and the other executive officers named in the Summary Compensation Table.

Executive Compensation Philosophy and Program Components. Our executive compensation program is structured for us to compete effectively with other firms in attracting, motivating and retaining executives of the caliber needed to advance the short-term and long-term interests of the company. The components of this program consist of base salary, bonus and stock options. These compensation components are intended to (1) stimulate performance that benefits our stockholders by increasing stockholder value, (2) reward such performance with competitive levels of compensation, and (3) employ and retain key executives.

The following sections of this Report describe the compensation program for executive officers in effect in 2005 and the matters considered by the Compensation Committee and the Board in reaching their compensation determinations.

Base Salary. Salaries of executive officers are based on the executive officer's responsibilities and salaries of executive officers at comparable companies. The Compensation Committee believes that executive officers' base salaries in 2005 have been established consistent with these standards or below the salaries at comparable companies.

Bonuses. We have not established a bonus program, but may grant bonuses when deemed appropriate. In 2005, we paid signing bonuses of \$100,000 to Mr. Lamar and \$50,000 to Mr. Maples. We believed these bonuses were necessary to hire Messrs. Lamar and Maples under the terms of their employment agreement, which in Mr. Lamar's case included a below-market level salary. We paid no other bonuses to our executive officers in 2005, because we believed the company's performance did not warrant bonuses.

Stock Options We periodically grant stock options to our executive officers to align their long-term financial interests with the interests of our stockholders and to focus their efforts on the long-term financial performance of our business. The number of options granted to an individual generally is based on the individual's position and ability to affect our performance. The options generally vest in equal annual installments over a three-year period, consistent with the objective of using options to provide long-term financial benefits.

Compensation of the Chief Executive Officer. Mr. Gott served as our Chief Executive Officer in 2005. On June 17, 2005, we entered into an employment agreement with Mr. Gott that provided for an annual base salary of \$180,000 and a grant of options to purchase 500,000 shares of our common stock at \$2.50 per share. We believe this base salary is less than the base salaries of CEO's of comparable companies. But we believe the grant of options and Mr. Gott's other share and option holdings provide sufficient incentive to stimulate performance that benefits our stockholders and sufficient potential compensation to retain Mr. Gott, who we believe is critical to fulfillment of our business objectives.

Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code prohibits us from deducting annual compensation in excess of \$1 million paid to the executive officers named in the Summary Compensation Table of the Proxy Statement, unless such compensation is performance-based and satisfies certain other conditions. It is the committee's view that:

1. The base salaries and bonuses that we pay do not qualify as performance-based compensation and are therefore not expected to be deductible if over \$1 million to any executive officer.

2. Amounts that are reportable as ordinary income by an executive under our stock option plans do qualify as performance-based compensation and are therefore expected to be fully deductible.

SERIES C PREFERRED STOCK AND WARRANTS

On January 4, 2005, SLS completed a private placement of 15,000 shares of Series C Convertible Preferred Stock for an aggregate purchase price of \$15 million. The investors also received five-year warrants to purchase an aggregate of six million shares of common stock at an exercise price of \$6.00 per share, subject to certain adjustments. The securities were purchased by BayStar Capital II, L.P. and three other institutional investors.

The Shemano Group acted as placement agent in connection with the private placement and received (i) a cash fee equal to 6% of the gross proceeds received by SLS and (ii) warrants exercisable into approximately 600,000 shares of SLS's common stock at \$2.50 per share.

Proceeds from the financing were used to exercise a purchase option on our production facility and headquarters for \$3.5 million, for working capital, and to help prepare for the launch of our products with certain retailers. In connection with this launch, we invested in the expansion of our production facility, inventory, marketing and introduction of new products.

On October 10, 2005, the American Stock Exchange approved the listing of our common stock on the exchange. At that time Amex requested that we seek ratification by our stockholders of the issuance of the Series C Preferred Stock and the warrants issued in connection therewith. Amex made such request because, under Amex rules, we would not have been permitted to issue greater than 20% of our outstanding shares in such a transaction without stockholder approval if we were listed on Amex on January 4, 2005, and the number of shares that could be issued upon conversion of all Series C Preferred Stock and exercise of all warrants would exceed 20% of our outstanding shares on January 4, 2005.

The Board of Directors Recommends that each Stockholder Vote for the Ratification of the January 4, 2005 Sale of Series C Preferred Stock and Warrants.

Following is a summary of the terms of the Series C Preferred Stock and the warrants issued in connection with the issuance of the Series C Preferred Stock.

Ranking. The Series C Preferred Stock ranks senior to our common stock, Convertible Preferred Stock and Series B Preferred Stock with respect to payment of dividends and amounts upon any liquidation, dissolution or winding up.

Dividends. The holders of shares of the Series C Preferred Stock shall not be entitled to receive any dividends.

Voting. The holders of shares of the Series C Preferred Stock shall not be entitled to vote on any matters submitted to a vote of shareholders, except those matters required by law to be submitted to such holders.

Participation. The Series C Preferred Stock provides that, subject to certain conditions and exceptions, if we issue any securities that are convertible into or exercisable or exchangeable for our common stock, or option or warrants or other rights to purchase or subscribe for our common stock pro rata to the record holders of any class of our common stock, then the holders of the preferred stock, upon conversion of the preferred stock shall be entitled to receive such securities, options, warrants or other purchase rights.

Conversion. Each share of the Series C Preferred Stock is initially convertible, at the holder's option, into 400 shares of common stock, at a conversion price of \$2.50 per share, subject to certain adjustments, and accrues a 6% premium to the stated value of the shares of preferred stock (which is initially \$1,000 per share), which would be convertible into additional shares of common stock. If the number of outstanding shares of our common stock is increased or decreased by a stock split, stock dividend, combination, reclassification or other similar event, the conversion price shall be proportionately reduced or increased. If we issue our common stock at a price less than the conversion price of the preferred stock, the conversion price of the preferred stock shall be adjusted downward pursuant to a weighted-average anti-dilution adjustment formula set forth in the certificate of designation for the preferred stock.

We were required to register the shares issuable upon conversion of the Series C Preferred Stock. Following one year after the registration statement was declared effective by the Securities and Exchange Commission, the Series C Preferred Stock contains a mandatory conversion provision whereby we can require the holder of each share to convert their shares provided the closing price of our stock for any 20 consecutive trading-day period is equal to or exceeds 200% of the conversion price and other conditions are met. If any holder of Series C Preferred Stock fails to convert its shares as required, then at any time during the 10 business day period following the required conversion date, we may repurchase such holder's shares of Series C Preferred Stock for a price of \$0.40 share of Series C Preferred Stock.

The certificate of designation for our Series C Preferred Stock prevents us from issuing shares of our common stock in connection with the conversion of our Series C Preferred Stock to the extent that such conversion would result in the holder or its affiliate (or any person whose beneficial ownership would be aggregated with the holder) beneficially owning in excess of 4.99% of the outstanding shares of our common stock following such conversion.

Redemption. Pursuant to the terms of the certificate of designation for our Series C Preferred Stock, we are required to redeem the Series C Preferred Stock upon the occurrence of certain events, including the following:

-

our common stock is suspended from trading on any of, or is not listed or quoted (and authorized) for trading on at least one of, the New York Stock Exchange, the American Stock Exchange, the Nasdaq National Market, the Nasdaq SmallCap Market or the Nasdaq Over-The-Counter Bulletin Board for an aggregate of ten or more trading days in any twelve-month period;

-

the registration statement, after being declared effective, cannot be used by the holders of Series C Preferred Stock for the resale of all of the common stock issuable to them for an aggregate of more than 20 days, subject to certain exceptions;

-

we make an assignment for the benefit of creditors, or apply for or consent to the appointment of a receiver or trustee for us or for a substantial part of our property or business, or such a receiver or trustee shall otherwise be appointed;

-

bankruptcy, insolvency, reorganization or liquidation proceedings or other proceedings for the relief of debtors shall be instituted by or against us or any subsidiary of ours and if instituted against us or any of our subsidiaries by a third party, shall not be dismissed within 60 days of their initiation;

-

if at least 3,750 shares of Series C Preferred Stock are outstanding and held by the original purchasers thereof and we do any of the following:

(a)

sell, convey or dispose of all or substantially all of our assets;

(b)

consummate specified mergers, consolidations or business combinations;

(c)

engage in transactions providing for sales or issuances by us or our stockholders that result in the purchaser owning or having the right to acquire greater than 35% of the outstanding shares of our common stock (calculated on a fully diluted basis); or

(d)

issue or agree to issue any equity or equity-linked securities or debt that is convertible into equity or in which there is an equity component, subject to certain exceptions;

-

we either fail to make any payment with respect to any of our indebtedness in excess of \$250,000, subject to certain exceptions, or default under any agreement binding us, subject to certain exceptions; or

-

we breach any material term under the certificate of designation for our Series C Preferred Stock, the Series C Preferred Stock securities purchase agreement, the registration rights agreement or the warrants attached to the Series C Preferred Stock, subject to certain exceptions.

Any such redemption would be made at a premium in excess of the purchase price of the shares of Series C Preferred Stock, as determined by a formula set forth in the certificate of designation for the Series C Preferred Stock. These requirements may cause us to pay a significant amount of money to redeem the Series C Preferred Stock or may cause us to avoid taking certain actions in order to prevent the occurrence of such redemption requirement.

Restricted Actions. If at least 3,750 shares of Series C Preferred Stock are held by the original purchasers thereof, we shall not take certain actions, including the following, without first obtaining the approval of the holders of a majority of the shares then outstanding:

-

alter or change the rights, preferences or privileges of the Series C Preferred Stock, or increase the authorized number of shares of Series C Preferred Stock;

•

alter or change the rights, preferences or privileges of any capital stock of the Corporation so as to affect adversely the Series C Preferred Stock;

•

create or issue any capital stock that ranks equal to or senior to the Series C Preferred Stock;

•

issue any additional shares of Series C Preferred Stock;

•

redeem, repurchase or otherwise acquire, or declare or pay any cash dividend or distribution on, any Junior Securities; or

•

issue any debt security or incur any indebtedness (including any capital lease obligation) that would have any preference over the Series C Preferred Stock upon our liquidation, or redeem, repurchase, prepay or otherwise acquire any outstanding debt security or indebtedness, subject to certain exceptions.

Warrants Issued in Connection with Series C Preferred Stock. Investors received a warrant to purchase 400 shares of common stock for each share of Series C Preferred Stock purchased in the private placement. The warrants are immediately exercisable and remain exercisable for a term of five years at an exercise price of \$6.00 per share. If the warrants are not exercised on or prior to January 4, 2010 (or such later date as extended under certain circumstances), the warrants shall be void and of no effect. Following one year after the registration statement was declared effective by the Securities and Exchange Commission, each warrant contains a call option whereby, so long as certain conditions are met, we can require the holder of each warrant to either (a) exercise their warrant or (b) tender their warrant provided the closing price of our stock for any 20 consecutive trading-day period is equal to or exceeds 200% of the exercise price. The warrants provide that if we issue any securities that are convertible into or exercisable or exchangeable for our common stock, or option or warrants or other rights to

purchase or subscribe for our common stock pro rata to the record holders of any class of our common stock, then the holders of the warrants, upon exercise of the warrants, shall be entitled to receive such securities, options, warrants or other purchase rights. If we issue our common stock at a price less than the exercise price of the warrants, the exercise price of the warrants shall be adjusted downward pursuant to a formula set forth in the warrants.

The warrants prevent us from issuing shares of our common stock in connection with the exercise of the warrants to the extent that such exercise would result in the holder or its affiliate (or any person whose beneficial ownership would be aggregated with the holder) beneficially owning in excess of 4.99% of the outstanding shares of our common stock following such exercise.

Unless and until any Class A, Class B, or Class C Warrant or any warrant issued in connection with the Series C Preferred Stock, is exercised, each warrant holder will not own any equity interest by virtue of his or its ownership of the warrant. The warrant holder may not vote as a stockholder. The warrant holder also will not have rights to any distributions to stockholders unless and until the warrant is exercised and we receive the cash consideration for the purchase of the common stock. We have reserved a number of shares of common stock equal to the number of warrants issued.

Charter

Audit Committee

SLS International, Inc.

Adopted: June 21, 2005

The Board of Directors (the **Board**) of SLS International, Inc., a Delaware corporation (the **Corporation**), has adopted this charter for its Audit Committee (the **Committee**). This charter is intended to supplement any provisions in the Corporation's By-laws pertaining to the Committee. The Corporation and its consolidated subsidiaries are referred to herein as the **Company**.

Composition

Number and Qualifications. The Committee shall have at least three members. Each Director who serves on the Committee must be affirmatively determined by the Board to satisfy the requirements established by the U.S. Securities and Exchange Commission, as well as any stock exchange or automated quotation system on which the Corporation's common stock is traded or quoted, to be considered an independent member of the Board, and requirements governing independence of audit committee members, including those issued pursuant to Rule 10A-3 of the Securities Exchange Act of 1934.

In addition to satisfying the foregoing independence requirements, each member of the Committee must be financially literate, and at least one member of the Committee must have accounting or related financial management expertise and satisfy the criteria to be a financial expert under the rules and regulations of the SEC, as those qualifications are interpreted by the Corporation's Board.

No Committee member shall serve on the audit committees of more than two other public companies at the same time as he or she serves on this Committee, unless the Board specifically determines that it would not impair the ability of an existing or prospective Committee member to serve effectively on the Committee. Further, each prospective Committee member shall evaluate carefully the existing demands on his or her time before accepting appointment to the Committee.

Appointment. Upon the recommendation of the Nominating and Governance Committee, if such committee exists at any time, the Board, shall elect the chairman and other members of the Committee on an annual basis, generally at the first meeting of the Board following the Corporation's annual stockholders meeting.

The Board may, pursuant to the By-laws, remove a member of the Committee, or replace the chairman, provided that at all times the Board shall assure that the Committee will have a chairman and sufficient members to satisfy the requirements set forth above relating to the number and qualifications of Committee members. If the Committee has insufficient members to satisfy such requirements at any time, the Board shall act as promptly as practicable to cure such deficiency.

Purpose

The Committee's purpose is to assist the Board in fulfilling its responsibilities to the stockholders, potential stockholders, and investment community, by assisting in the Board's oversight of the quality and integrity of the Corporation's financial statements and accounting practices; the Company's compliance with legal and regulatory requirements; the independent auditor's qualifications and independence; and the performance of the Company's internal auditors, internal audit function, and independent auditor. The Committee also provides assistance to the

Board by performing certain functions in connection with reports of material violations of securities laws, material breaches of fiduciary duties, and similar alleged violations by the Company (or its directors, officers or employees), and investigations related to such reports. Further, the Committee shall produce the Committee's report to be included in the Corporation's annual proxy statement or annual report.

Responsibilities

While the fundamental responsibility for the Corporation's financial statements rests with management and the Independent Auditor, and while the Independent Auditor is responsible for conducting audits, the Committee shall have the following authority and responsibilities:

A-1

The Committee shall have a clear understanding with the Independent Auditor that the firm is ultimately accountable to the Committee, as the stockholders' representative.

Firm and Partner Rotation. The Committee shall consider, at least annually, whether the Corporation should have a policy requiring a regular rotation of the Independent Auditor and report its findings to the Board. The Committee shall also establish a policy regarding the rotation of the lead partner and concurring and reviewing partners in accordance with applicable SEC regulations.

Independent Auditor Plan. The Committee shall review with the Independent Auditor and management the plan and scope of the Independent Auditor's proposed annual financial audit and quarterly reviews, including the procedures to be used and the Independent Auditor's compensation. The Committee or a subcommittee thereof shall also pre-approve audit, non-audit, and any other services to be provided by the Independent Auditor in accordance with such policies as may be adopted by the Committee from time to time.

In consultation with management and the Independent Auditor, the Committee shall review the Corporation's interim financial statements and, prior to filing each of the Company's quarterly reports on Form 10-Q (or Form 10-QSB, as applicable) with the SEC, discuss the results of the period covered by such quarterly report.

Scope of Review. In reviewing the Corporation's reports on Form 10-Q and Form 10-K, the Committee shall review with management and the Independent Auditor:

the certifications required to be made by management in relation to the filings, including regarding any significant deficiencies or weaknesses in the design or operation of the Company's internal control over financial reporting and any fraud, whether or not material, involving management or other employees who have a significant role in the Company's system of internal control;

•

major issues regarding the presentation of, and the clarity of the disclosure in, the Corporation's financial statements;

•

major issues regarding the Corporation's accounting principles, including (i) significant changes in the Company's selection or application of its accounting principles; (ii) material questions of choice with respect to the appropriate accounting principles and practices used and to be used in the preparation of the Company's financial statements, including judgments about the quality, not just acceptability, of accounting principles; and (iii) the reasonableness of those significant judgments;

•

significant regulatory and accounting initiatives, including material changes in, or adoptions of, accounting principles and disclosure practices and standards;

•

the effect of off-balance sheet structures on the Corporation's financial statements;

•

any analyses prepared by management or the Independent Auditor regarding the foregoing matters; and

•
