On February 11, 2005, ADM Tronics Unlimited, Inc. (the "Company") completed a private placement financing (the "Private Placement") to institutional investors. In connection with the Private Placement, which closed on February 10, 2005 with respect to \$2,250,000 and on February 11, 2005 with respect to \$200,000, the Company and its majority-owned subsidiary, Ivivi

Technologies, Inc., a New Jersey corporation (formerly AA Northvale Medical Associates, Inc.) ("Ivivi"), realized aggregate gross proceeds of \$2,450,000 and net proceeds of approximately \$2,165,000 from the sale of an aggregate principal amount of 6% unsecured convertible promissory notes (the "Notes") issued jointly and severally by the Company and Ivivi. The Notes are due and payable five years from the date of issuance, unless earlier converted. The Notes bear interest at 6% per annum and under certain circumstances, the principal and accrued interest on the Notes will either be: (i) convertible into the Company's common stock at \$.29 per share or (ii) convertible into Ivivi's common stock at \$8.30 per share. For each Note in the principal amount of \$100,000 issued in the Private Placement, one warrant for the purchase of up to 344,828 shares of the Company's common stock at \$.41 per share (the "Company Warrant") and one warrant for the purchase of up to 12,048 shares of Ivivi's common stock at \$5.70 per share (the "Ivivi Warrant") were issued. Each of the Company Warrants and the Ivivi Warrants provides that in addition to paying the exercise price, the holder must surrender the non-exercised warrant (i.e., either the Company Warrant or the Ivivi Warrant).

Maxim Group, LLC, an NASD member firm, acted as exclusive placement agent ("Agent") with respect to the Private Placement and received cash commissions of 8%, a non-accountable expense allowance of 3%, and warrants to purchase securities of each of the Company and Ivivi and expense reimbursements for the \$2,250,000, which closed on February 10, 2005, and received no cash commission, non-accountable expense allowance or warrants with respect to the \$200,000 received in the Private Placement on February 11, 2005. In connection with the closing of the Private Placement that occurred on February 10, 2005, the Agent received an aggregate of approximately \$247,500 in commissions, fees and other expense reimbursements and received warrants for the purchase of: (i) up to 620,690 shares of the Company's common stock at an exercise price of \$0.29 per share, (ii) up to 620,690 shares of the Company's common stock at an exercise price of \$0.41 per share, (iii) up to 21,687 shares of Ivivi's common stock at an exercise price of \$8.30 per share and (iv) up to 21,687 shares of Ivivi's common stock at an exercise price of \$5.70 per share.

The Company and Ivivi have executed registration rights agreements with the investors, which require the registration under the Securities Act of 1933, as amended (the "Act") of the securities sold in the Private Placement.

These securities were issued in a private placement of securities exempt from registration under the Act, pursuant to Section 4(2) of the Act. Each of the investors represented to the Company that it was an "accredited investor." The Company will arrange for the certificates representing such securities to be legended and subject to stop transfer restrictions pending completion of the planned registration of the shares underlying the securities issued in the Private Placement for resale. The Company did not engage in any form of general solicitation or general advertising in connection with this issuance.
