## ANNUAL MEETING OF SHAREHOLDERS TO BE HELD MAY 9, 2002

### PROXY STATEMENT

This Proxy Statement is being furnished to the shareholders of Linens 'n Things, Inc., a Delaware corporation (the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of Shareholders of the Company to be held on Thursday, May 9, 2002, at 11:00 a.m., at 6 Brighton Road, Clifton, New Jersey and at any postponement or adjournment (the "Annual Meeting"). At the Annual Meeting, shareholders of the Company are being asked to consider and vote on the election of two directors each for a three-year term.

This Proxy Statement, Notice of Meeting and accompanying proxy are first being mailed to shareholders on or about March 28, 2002.

### GENERAL

The holders of record of shares of the Company's Common Stock at the close of business on March 11, 2002 are entitled to vote such shares at the Annual Meeting. On March 11, 2002, there were outstanding 40,659,655 shares of Common Stock.

The presence in person or by proxy of the holders of a majority of the shares outstanding on the record date is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Each shareholder is entitled to one vote, in person or by proxy, for each share of Common Stock held as of the record date on each matter to be voted on. Abstentions and broker non-votes are included in determining whether a quorum is present. Broker non-votes occur when a broker returns a proxy but does not have authority to vote on a particular proposal.

Shares of Common Stock represented by a properly executed proxy received in time for the Annual Meeting will be voted as specified in the proxy, unless the proxy has previously been revoked. Unless contrary instructions are given in the proxy, it will be voted for the persons designated in the proxy as the Board of Directors' nominees for director and, with respect to any other matter properly submitted to shareholders at the Annual Meeting, as recommended by the Board of Directors or, if no recommendation is given, in its discretion.

Shareholders may vote by completing and mailing the proxy card. A proxy may be revoked prior to the exercise of the proxy either by submitting written revocation of that proxy to the Corporate Secretary or by submitting a new proxy bearing a later date via proxy card. A proxy

may also be revoked by voting in person at the Annual Meeting. Attendance at the Annual Meeting will not in itself constitute revocation of a proxy.

This proxy solicitation is being made on behalf of the Company and the expense of preparing, printing and mailing this Proxy Statement and proxy is being paid by the Company. In addition to use of the mails, proxies may be solicited personally or by telephone, facsimile or electronic mail by regular employees or directors of the Company without additional compensation. The

Company will reimburse banks, brokers and other custodians, nominees and fiduciaries for their costs in sending proxy materials to the beneficial owners of Common Stock.

### MULTIPLE COPIES OF ANNUAL REPORT AND PROXY STATEMENT

### ITEM 1

#### ELECTION OF DIRECTORS

##### GENERAL

The Board of Directors currently consists of five members and is divided into three classes of approximately equal size. Directors are generally elected for three year terms on a staggered term basis, so that each year the term of office of one class will expire and the terms of office of the other classes will extend for additional periods of one and two years respectively. This year's nominees have been nominated to serve for a three-year term expiring in 2005. The Company has inquired of the nominees and determined that they will serve if elected. If for any reason any nominee is not available for election, which is not expected, the proxy committee may vote for such substitute nominee as may be recommended by the Board of Directors.

Directors are elected by the affirmative vote of a plurality of the votes cast at the Annual Meeting and entitled to vote. Abstentions are not counted as votes cast and have no effect on the outcome.

The nominees are current directors of the Company. Set forth below is a description of the background of each nominee. Also set forth below is a description of the background of the existing directors whose terms of office

\* Due to a change in responsibilities this position is no longer deemed an "executive officer" position.

- (1) Awards under the Company's long term incentive plan ("LTIP") were made for fiscal 2001 based on each executive officer having exceeded certain preestablished performance objectives based on earnings and net return on assets over a 3-year period. The LTIP awards for fiscal 2001 vest two years from the award date. The LTIP awards for fiscal 2001 were made 50% in restricted stock and 50% in deferred cash awards. The deferred cash awards are invested in Common Stock by the plan trustee under the Company's deferred compensation plan. The restricted stock awards under the LTIP for fiscal 2001 for each of the named executives were: Mr. Axelrod, 11,587 shares; Mr. Silverstein, 5,694 shares; Mr. Giles, 3,058 shares; Mr. Silva, 2,741 shares; and Mr. Scullin, 2,478 shares. held under the deferred compensation plan would be entitled to be credited with any dividends on such shares.

- (2) For fiscal year 2001 represents amounts contributed under the Company's 401(k) profit sharing plan. In addition, for Mr. Axelrod, the fiscal 2001 amount includes the present value cost of \$344,024 of the Company's portion of fiscal 2001 premiums for split dollar insurance above the term coverage level, \$12,284 of imputed income associated with the term portion of the split dollar arrangement and \$19,062 of related tax reimbursement obligations.

OPTION GRANTS IN LAST FISCAL YEAR. The table below sets forth certain information concerning stock options granted during fiscal 2001 by the Company to the named executive officers.

(2) The hypothetical present values on the grant date are calculated under the modified Black-Scholes Model, which is a mathematical formula used to value options traded on stock exchanges. This formula considers a number of factors in hypothesizing an option's present value. Factors used to value options granted include the stock's expected volatility rate (50%), risk free rate of return (3.54%), dividend yield (0%), projected time of exercise (8 years) and projected risk of forfeiture and non-marketability for the vesting period (6.52% per annum).

EMPLOYMENT AGREEMENTS AND CHANGE IN CONTROL AGREEMENTS; OTHER EXECUTIVE AGREEMENTS.

The Company has employment agreements with each of the named executive officers as well as certain other executive officers (the "Employment Agreements"). The following briefly summarizes the principal terms of the Employment Agreements, all of which became effective in fiscal 2001.

The period of employment under the Employment Agreements extends initially for initial terms of approximately four years subject to automatic one-year extensions at the end of the initial terms unless the executive fails to seek renewal or the Company gives notice of non-renewal. A Company notice of non-renewal prior to the executive reaching age 60 would constitute a constructive termination of the executive without cause. During Mr. Axelrod's employment term he may relinquish any or all of his executive officer positions, and if he relinquishes all such executive officer positions he has agreed to remain in the Company's employment in an appropriate capacity at reduced compensation until age 60. The Employment Agreements generally provide for payment of an annual base salary that will be reviewed at the discretion of the Compensation Committee but may not be decreased from the amount in effect for the previous year. The Employment Agreements also include provisions concerning annual incentive compensation with minimum target annual incentive awards (not less than seventy percent of base salary for Mr. Axelrod, fifty percent for Mr. Silverstein and ranging from thirty-five percent up to forty-five percent for the other executives) and long-term incentive compensation with a minimum target award opportunity (not less than thirty-five percent of base

11

## Edgar Filing: LINENS N THINGS INC - Form DEF 14A

salary for Mr. Axelrod, thirty percent for Mr. Silverstein and from ten percent up to twenty-five percent for the other executives).

The Employment Agreements generally provide for (i) in the event the executive's employment is terminated other than for cause and other than by voluntary termination, continued payment of salary and annual incentive compensation at target levels for 30 months for Mr. Axelrod, 24 months for Mr. Silverstein and not less than 18 months for the other executives, continuation of certain benefits for (or service credit or a cash amount equivalent to) 30 months for Mr. Axelrod, 24 months for Mr. Silverstein and not more than 24 months for the other executives; (ii) certain restrictive covenants including non-competition, non-disclosure, non-solicitation of employees and availability for litigation support; (iii) participation in certain benefit plans and programs including retirement benefits, life insurance, medical benefits and, in the case of Mr. Axelrod and Mr. Silverstein, a supplemental executive retirement benefit and split dollar life insurance benefit; and (iv) deferred compensation arrangements. In addition, in the case of voluntary termination by the executive, the Company may elect to pay the executive over a 12-month period an amount equal to the executive's annual base salary and target annual bonus in exchange for the executive's agreement not to compete with the Company for a period of one year. Upon a termination for cause, the executives have agreed not to compete with the Company for a period of one year.

In the event of a "change in control," the Employment Agreements generally provide for lump sum severance benefits equal to 2 times (2.99 for Mr. Axelrod and 2.5 times for Mr. Silverstein) the annual base salary and target bonus, continued participation in certain benefit plans for (or service credit or a cash amount equivalent to) 36 months for Mr. Axelrod, 30 months for Mr. Silverstein and not less than 12 months for the other executives (and, in the case of health benefits for Mr. Axelrod, until age 60 at Company cost), vesting of outstanding options, restricted or deferred stock awards and long-term incentive awards and the right in certain cases to exercise vested options for the remainder of the term of the options.

A "change in control" is defined to include a variety of events, including significant changes in the stock ownership of the Company or a significant subsidiary, certain changes in the Company's Board of Directors, certain mergers and consolidations of the Company or a significant subsidiary, and the sale or disposition of all or substantially all the consolidated assets of the Company. "Cause" is defined generally as a breach of the restrictive covenants contained in the Employment Agreements, certain felony convictions, or willful acts or gross negligence that are materially damaging to the Company.

If payments under the Employment Agreements following a change in control are subject to the golden parachute excise tax, the Company will make an additional gross-up payment sufficient to ensure that the net after-tax amount retained by the executive (taking into account all taxes, including those on the gross-up payment) is the same as it would have been had such excise tax not applied. The Employment Agreements obligate the Company to indemnify the executives to the fullest extent permitted by law, including the advancement of expenses, and, in the case of Mr. Axelrod and Mr. Silverstein, generally provide

that the Company will reimburse Mr. Axelrod and Mr. Silverstein for expenses incurred in seeking enforcement of their respective Employment Agreements, unless the assertion of such rights is in bad faith or frivolous.

The Company has a supplemental executive retirement plan for Mr.

## Edgar Filing: LINENS N THINGS INC - Form DEF 14A

Axelrod and, beginning in fiscal 2002, for Mr. Silverstein which provides annual retirement benefits, commencing at or after age 55, following retirement from active service. The net annual benefit under the plan is determined based on three primary components: (i) 1.6% of final average compensation, times (ii) years of service, reduced by (iii) an "offset amount." The "offset amount" for Mr. Axelrod ranges from \$195,000 (assuming cessation of employment were to occur at or before age 49) to \$530,000 (assuming cessation of employment were to occur at or following age 55) and for Mr. Silverstein from no offset (assuming cessation of employment at or before age 46) to \$500,000 (assuming cessation of employment at or following age 55). In no event will the annual benefit amount exceed 50% of final average compensation. "Final average compensation" means the average of the participant's base salary and bonus compensation (excluding equity compensation) for the three years (which need not be consecutive) with the Company or its affiliates that yield the highest average compensation. Mr. Axelrod currently has 13 years of credited service and Mr. Silverstein currently has 10 years of credited service. Assuming a twenty percent increase in final average compensation from the highest annual covered compensation in the Summary Compensation Table above and assuming retirement from service at age 60, and taking into account the "offset amount," the estimated annual retirement benefit payable by the Company under the plan would be approximately \$90,800 for Mr. Axelrod and there would be no annual retirement benefit payable by the Company under the plan for Mr. Silverstein. There is no offset for social security benefits.

The Company also has a collateral assignment split dollar insurance arrangement with Mr. Axelrod and, beginning in fiscal 2002, Mr. Silverstein. The Company pays an annual premium under the policy until the earlier of retirement or age 55. The arrangement is designed so that the Company ultimately receives back from the policy value (the "Company Amount") the sum of all annual premium payments made by the Company, plus an interest factor of 3.4% annually. The executive's interest in the cash value and death benefit value under the policy is equal to the total policy value minus the Company Amount as calculated above.

### REPORT ON COMPENSATION OF EXECUTIVE OFFICERS

Compensation decisions for the Company's Chief Executive Officer and the other named executive officers for fiscal 2001 were reviewed and determined by the Compensation Committee.

The overall objectives of the Company's executive compensation program are to attract and retain the highest quality executives to manage and lead the Company, and to provide annual and long-term incentives to management, based on both Company performance and individual performance, in order to build and sustain value for shareholders.

The Company's executive compensation program for fiscal 2001 was reviewed and approved by the Compensation Committee. A national compensation consultant is regularly retained by the Compensation Committee to assist in reviewing competitive compensation programs for the Company in connection with the Company's senior officers, including the Chief

Executive Officer and each of the other named executive officers as well as other members of the management group. This review includes compensation levels reported for senior executives of a survey group of retailers. The survey group is not the same group of companies included in the Peer Group Index set forth in the Company's Performance Graph below because, in the view of the Compensation Committee and its compensation consultant, such survey group is not necessarily the most representative group for purposes of determining competitive compensation pay practices for the senior executives. The Compensation Committee

## Edgar Filing: LINENS N THINGS INC - Form DEF 14A

reviews the competitiveness of the Company's executive compensation practices on an annual basis.

**ANNUAL BASE SALARY.** Annual base salaries for the Chief Executive Officer and the other named executives were initially established at approximately the mean of the range of salaries considered in the survey group, with increases through fiscal 2001 made by the Compensation Committee based on its view of appropriate, competitive annual base salary levels for such executives. Actual total remuneration levels may range below or above target in any one year and over a period of years, based on performance against annual and long-term goals and return to shareholders. Under employment agreements with each of the named executive officers base salary may not be decreased from the amount in effect for the previous year.

**INCENTIVE AWARDS.** The Company's incentive program provides for cash bonuses based on performance relative to predetermined objectives established for the year. For fiscal 2001, the target award rate was 75% for the Chief Executive Officer, 60% for Mr. Silverstein, and 45% for each of the other executive officers of the Company. Larger awards may be made if performance exceeds predetermined objectives. Smaller or no awards may be made if performance falls below such objectives. Eligible members of management, including the Chief Executive Officer and the other executive officers, can defer receipt of a portion of their incentive award. Due to the fact that the Company did not meet pre-established financial targets, no annual incentive bonuses were payable to the Chief Executive Officer and the other named executives for fiscal 2001.

**STOCK BASED COMPENSATION.** The Board of Directors and the Compensation Committee are of the view that stock ownership or its equivalent by management aligns the interest of management with the Company's shareholders. Stock options are granted at fair market value and are intended to align executive compensation opportunities with shareholder returns. Stock options granted during fiscal 2001 were part of the Compensation Committee's customary annual review and these option grants were made at levels, which the Compensation Committee determined to be appropriate long-term equity-based incentives to such executives. In determining the specific levels of individual option grants for fiscal 2001 for the Chief Executive Officer and each of the other executive officers, the Compensation Committee considered and weighed a number of factors, including annual stock option grant levels of the peer group of retail companies; past levels of annual option grants to Company executives; the executive's position, responsibilities, salary and performance levels; and projected stock option grant values. These stock options vest either in one-third annual increments beginning one year from the date of grant or in 25% increments over four years from the date of grant. Stock options are intended to provide long term compensation incentives, and future grants of options or other awards will be reviewed and determined periodically by the Compensation Committee.

14

Awards under the LTIP were made for fiscal 2001 by the Compensation Committee to the named executive officers based on such executives having exceeded certain preestablished performance objectives based on earnings and net return on assets for the 3 year period ending June 30, 2001, with Mr. Axelrod receiving an award equivalent to approximately 81% of base salary, Mr. Silverstein receiving an award equivalent to approximately 70% of base salary and Messrs. Giles, Silva and Scullin receiving awards equivalent to approximately 58% of base salary. The LTIP awards for fiscal 2001 were comprised of 50% restricted stock and 50% deferred cash awards (which cash awards were invested in Company stock by the plan trustee under the Company's deferred compensation plan).

COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 162(M). Section 162(m) of the Internal Revenue Code generally allows a deduction to publicly traded companies for certain qualifying performance-based compensation. Section 162(m) disallows a deduction to the extent of certain non-performance based compensation over \$1 million paid to the Chief Executive Officer or to any of the four other most highly compensated executive officers. The Company believes that Section 162(m) deduction limits for fiscal 2002 will not be applicable or, if applicable, would not be material in terms of net financial effect. Therefore the Company does not intend to seek to restructure any fiscal 2002 compensation arrangements. The Company and the Compensation Committee will continue to monitor this matter.

### REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors is comprised entirely of independent outside directors. Its primary function is to oversee the Company's system of internal controls, financial reporting practices and audit functions to ensure their quality, integrity and objectivity. The Board of Directors has adopted and approved a written charter for the Audit Committee.

The Audit Committee has discussed with the independent auditors the matters required to be discussed by SAS 61, COMMUNICATION WITH AUDIT COMMITTEES, of the Auditing Standards Board of the American Institute of Certified Public Accountants, to the extent applicable. The Audit Committee has also received and reviewed the written disclosures and confirmation from the independent auditors required by Independence Standards Board Standard No. 1, INDEPENDENCE DISCUSSIONS WITH AUDIT COMMITTEE, of the Independence Standards Board, and has discussed with the auditors the auditors' independence.

Based on the foregoing review and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal 2001.
