REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Associate Benefits Committee of Big Lots, Inc.:  
Columbus, Ohio

We have audited the accompanying statements of net assets available for benefits of the Big Lots Savings Plan (the "Plan") as of December 31, 2007 and 2006 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of investments held at end of year December 31, 2007, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic 2007 financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Big Lots Savings Plan

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2007 AND 2006

---

A. PLAN DESCRIPTION

The following description of the Big Lots Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General — The Plan is a defined contribution plan covering all employees of Big Lots, Inc. and its subsidiaries (the “Company”) who have completed one year of service and have completed 1,000 service hours within the eligibility computation period and have attained 21 years of age. Eligible employees may begin participation on the first day following satisfaction of eligibility requirements.

The purpose of the Plan is to encourage employee savings and to provide benefits to participants in the Plan upon retirement, death, disability, or termination of employment. The Plan is intended to be qualified under Section 401(a) of the Internal Revenue Code of 1986, as amended (the “Code”), and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Amendments — During 2007, the Plan was restated and amended to, among other things, permit participants to make Roth contributions to the Plan as noted under “Contributions” and change the Plan’s definition of compensation to include overtime. Roth contributions are after-tax contributions.

Trustee — Wachovia Bank, N.A. (the “Trustee”) serves as the trustee of the Plan (see Note I).

Administration — The Company has established the Associate Benefits Committee that is responsible for the general operation and administration of the Plan. The Company is the Plan sponsor and a fiduciary of the Plan as defined by ERISA. The Trustee provides recordkeeping services to the Plan.

Contributions — Contributions to the Plan may consist of participant contributions, Company matching contributions, rollover contributions, and profit sharing contributions. Each year, a participant may elect to make a voluntary tax-deferred or after tax contribution up to 50% of their annual compensation (subject to certain limitations for highly compensated individuals), as defined in the Plan. Prior to 2007, the Plan did not allow for after tax contributions. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions withheld by the Company are participant directed and are limited by the Internal Revenue Service (“IRS”) to an annual maximum of \$15,500 in 2007. Additional contributions of up to \$5,000 in 2007 are allowed by the IRS for all eligible participants at least age 50 by the end of 2007. The annual Company matching contribution is 100 percent of the first two percent and 50 percent of the next four percent of participant contributions and was allocated to each participant who (a) was an active participant and employed by the Company on December 31 of the Plan year (including a participant who was on approved leave of absence or layoff) and who completed one year of Vesting Service, as defined by the Plan, or (b) who retired, became disabled, or died during the Plan year. Additional profit sharing amounts may be contributed at the option of the Company’s Board of Directors. No profit sharing contributions were made in 2007 or 2006.

## Big Lots Savings Plan

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2007 AND 2006

**Participant Accounts** — Each participant account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Administrative Expenses** — The Company pays a portion of the expenses for administration of the Plan. All other administrative expenses are paid directly by the Plan. The investment funds pay certain fees to the Plan's trustee. During 2007, \$271,169 of such fees were paid by the investment funds to the Plan, and were reported in the financial statements as fee income. The Plan then paid the \$271,169 of fees to the Trustee and, as a result, the Plan recognized this amount as fee expense. Prior to 2007, such fees were paid by the investment funds directly to the Plan's trustee.

**Investments** — Participants may direct the investment of their contributions in 1 percent increments into various investment options offered by the Plan. Effective September 1, 2006, the Plan no longer offers shares of the Company's common stock as an investment option. Participants were not required to sell existing shares, however, they can no longer purchase additional shares of the Company's common stock within the Plan.

**Vesting** — Participants are immediately vested in participant and rollover contributions, plus actual earnings thereon. Vesting in the Company matching contribution is based on years of service. A participant is 100 percent vested after five years of credited service as follows:

Years of Service	Vested Percentage
Less than 2	—
At least 2 but less than 3	25
At least 3 but less than 4	50
At least 4 but less than 5	75
5 or more	100

**Benefit Payments** — Upon termination, retirement, disability, or death, a participant may elect (1) to receive a lump-sum amount equal to the vested interest value of their account (in cash or in kind); (2) an eligible rollover distribution; or (3) to defer distribution provided the participant has not attained age 70 ½ and has a vested interest value of at least \$1,000. The portion of the Company's matching contribution that is not fully vested will be forfeited at the time employment terminates. The Company has the right to terminate or amend the Plan at any time. If the Plan is terminated, the Plan assets will be distributed to the participants, after payment of any expenses properly chargeable thereto, in proportion to their respective account balances.

**Participant Loans** — Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. One loan per participant may be outstanding at any time, and the loan term may not exceed five years. Loans are secured by the balance in the participant's account. Loans bear interest at the Prime rate plus one percent using the rate stated in The Wall Street Journal on the first business day of the month in which the loan was taken. Loan repayments, including interest and applicable loan fees, are typically through regular payroll deductions. The loan balance may be paid off at any time without penalty.

YEARS ENDED DECEMBER 31, 2007 AND 2006

---

Forfeited Accounts — Forfeited nonvested contributions are used to reduce Company matching contributions and pay certain Plan expenses. Employer contributions were reduced by \$122,000 and \$81,252 in 2007 and 2006, respectively, from forfeited nonvested accounts. There were no unused forfeitures at December 31, 2007 and 2006.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

Investments — Plan investments, other than participant loans, are stated at fair value. Fair value is determined by the respective quoted market prices in an active market for common shares and mutual funds. Investments in common/collective trusts are valued at fair value as estimated by the Trustee. Participant loans are valued at contract value plus accrued interest, which approximates fair value. The Plan holds various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits and statements of changes in net assets available for benefits.

Income Recognition — Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Payment of Benefits — Benefit payments are recorded when paid.

Recent Accounting Pronouncement — In September 2006, the Financial Accounting Standards Board issued Statement of Financial Standards No. 157, “Fair Value Measurement” (“SFAS No. 157”). SFAS No. 157 provides a single definition of fair value that is to be applied consistently for most accounting applications and also generally describes and prioritizes, according to reliability, the methods and inputs used in valuations. SFAS No. 157 is effective for the Plan beginning January 1, 2008. The Plan believes that the adoption of SFAS No. 157 will not have a material impact on the Plan’s financial statements.

C. TAX STATUS

The Plan obtained its latest determination letter on August 4, 2003, in which the IRS stated that the Plan was designed in accordance with the applicable requirements of the Code. Subsequent to this determination letter by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax exempt.

Net (depreciation) / appreciation	\$ (5,926,307)	\$ 32,619,294

## E. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Company terminates or partially terminates the Plan, affected participants would become 100 percent vested in their account.

YEARS ENDED DECEMBER 31, 2007 AND 2006

## F. PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by the Trustee, its subsidiaries and affiliates for which the Plan is charged. In addition, the Plan holds common shares of the Company and makes loans to participants. These transactions qualify as exempt party-in-interest transactions.

## G. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Upon an event of default in a participant loan, to the extent a distribution to the participant is not permissible under the Plan, the amount due to the Plan on account of the loan will be treated as a deemed distribution. A loan that is a deemed distribution is treated as a distribution on Form 5500 and removed from Plan assets on Form 5500. However, in the Plan financial statements, and in accordance with the Plan, such deemed distributions remain part of the participant's account balance until a distributable event occurs for the participant.

The following schedules reconcile participant loans and net assets available for benefits per the financial statements at December 31, 2007 and 2006, to Form 5500:

	2007	2006
Participant loans, at contract value per the financial statements	\$ 8,602,100	\$ 7,174,587
Less: Certain deemed distributions of participant loans	(150,580)	(170,306)
Participant loans per Form 5500	\$ 8,451,520	\$ 7,004,281
	2007	2006
Net assets available for benefits per the financial statements	\$ 147,489,756	\$ 154,705,510
Less: Certain deemed distributions of participant loans	(150,580)	(170,306)
